RE: Post-Election Audit of the 2014 Boulder County Primary Election

The 2014 Primary Election Audit included the manual verification of results for six races/issues across 18 audit batches , and all eight central count Canon DR-X10C scanners. A total of 4,418 individual contests and 10,032 contest options were audited, resulting in the determination that there is no change in the outcomes for any race for the 2014 Boulder County Primary Election, and no recommended recounts.

Of the 10,032 contest options verified, a total of 1 difference was confirmed between machine results and the manual verification results, which was attributed to a difference of opinion in voter intent between the resolution team and the audit team.

Attached is the Audit Summary, Summary of Differences and the Result Comparison sheets.

The Canvass Board therby affirms that through the Post-Election Audit it is verified that there is no change in the outcome of the 2014 Boulder County Primary Election. The board further confirms that no recounts are necessary for the 2014 Boulder County Primary Election.

2014 Boulder County Primary Election Post-Election Audit
Summary of Differences

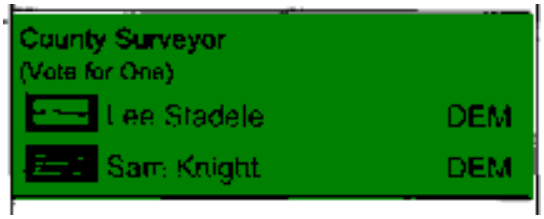
For the 2014 Primary Post-Election Audit, 6 contested races were selected for the audit and spanned 18 scan station MBB batches selected by the Canvass Board. A total of 4,418 ballot contests were manually verified in the audit. All eight election scan stations were included.

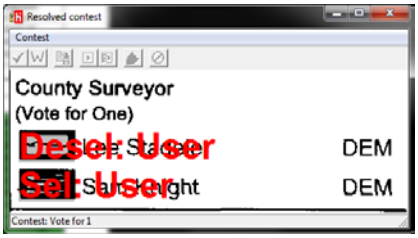
Out of the 4,418 ballot contests audited, there was 1 difference identified. This 1 difference accounts for 0.0226% of the audited contests.

The 1 difference identified was due to a difference of opinion in voter intent between the audit team and the election judges. No impact was found in any contest outcome that warrants escalation or a recommendation for recount.

Below are images and descriptions reflecting the difference identified.

System G – Batch 35 – County Surveyor





There were inconsistent markings in the target areas. The election resolution team resolved this as a vote for Sam Knight, while the audit team resolved it as an overvote.
