Pursuant to Section 1-7-514, C.R.S., Election Rule 11, and the vendor specific Conditions for Use, the attached report provides guidance for completing the post-election audit.

The following information is to be used to resolve issues that arise from the selection of devices and races by the Secretary of State's office:

If backup equipment was selected for the audit contact the Secretary of State's Office.

If any polling place scanner or DRE has votes on it, but any of the races selected for audit do not appear on the device, contact the Secretary of State's Office.

If a central count or vote center scanner has votes on it, but the races selected for audit do not appear in the ballots chosen by the canvass board, then the canvass board must continue to randomly select ballots until all races can be audited.

To Whom It May Concern:

The original eSlate listed on the Post Audit could not be completed due to the paper being inserted into the VBO incorrectly. It was discovered after 11 voters had cast their votes on the eSlate. By backing up the JBC and the eSlate, I was able to print off the actual ballots voted on the eSlate. The report showing the ballots is attached to the report. When the report is verified to the Tally report, the two are in balance.

I requested a second eSlate be audited due to the paper being incorrectly inserted into the VBO on the original eSlate. That eSlate was audited and the results are included in the post audit.

Respectfully,

Beverly A Wenger
Yuma County Clerk
