Official Publication of the Abstract of Votes Cast for the Following Elections:

2021 Odd-Year

2022 Primary

2022 General

Dear Coloradans,

It is my privilege to present the biennial election abstract report, which contains the official statewide election results for the 2021 coordinated election, 2022 statewide primary, 2022 general election, and respective recounts. This report also includes voter turnout statistics and a directory of state and county elected officials. The Colorado Secretary of State's Election Division staff compiled this information from materials submitted by Colorado's 64 county clerk and recorders.

The 2022 Primary Election saw the first statewide recount in more than two decades as well as a local recount in El Paso County, each of which was paid for by candidates. Following that unprecedented election cycle, Colorado performed a mandatory recount in the 2022 General Election for Congressional District 3, which was the most competitive congressional race in the country. The result of each recount showed that the initial results were correct, with only the smallest changes in the final vote tally. When put on a national stage, Colorado showed the country why our election model is the gold standard that others should follow.

In both the Primary and General Election in 2022, Colorado voters also showed strong trust in our Vote-by-Mail for All system, casting their mail ballots in unprecedented numbers. In the 2022 General Election, 95.3% of voters cast their mail ballot via mail or drop box, including 96.3% of registered Democrats, 94.7% of registered Republicans, and 95.1% of Unaffiliated voters. In the 2022 Primary Election, 98.7% of all ballots cast were cast by mail or drop box, including 99.1% of ballots cast by Democrats, 98.4% of ballots cast by Republicans, and 98.7% of ballots cast by Unaffiliated voters. It's clear that Colorado voters trust Vote-By-Mail for All.

Colorado has the best voting model in the country. But while the past two years have shown that our elections set the standard for accessibility, security, and accuracy, my office is committed to continual improvement. We will always work to ensure that Colorado keeps its place as the nation's gold standard for election administration.

Sincerely,

A handwritten signature in blue ink that reads "Jena Griswold".

About the Format of this Abstract

Results Contained in the Abstract

This publication contains the official certified results for the 2021 Odd-Year, 2022 Primary, and 2022 General Elections for all candidates, judicial retention races, and ballot issues certified to the ballot by the Colorado Secretary of State's Office.

Results & Officer Information Reported by the Counties

The election results and county officer information in this abstract were obtained from each of Colorado's 64 counties. The results in this abstract are more accurate than the compiled and totaled returns reported on the Secretary of State's website immediately after the election because they account for any miscalculations in the totals initially reported by each county.

Judicial Officer Information

Judicial officer information, including dates of oath and terms of office, was provided by the Office of the State Court Administrator.

Registered Voters, Ballots Cast, & Turnout

In the results section of this abstract, the column titled "Registered Voters" is the number of registered voters eligible to vote in each contest. The column titled "Ballots Cast" is the number of voters who cast a ballot in each contest. The column titled "Turnout %" reflects the percentage of registered voters who cast a ballot in each contest.

The county-level turnout, located at the back of the abstract, is provided using both active voters and registered voters. Colorado statute currently requires that county-level turnout be reported by registered voters. However, prior to 2011, statute required that turnout be reported by active voters. To allow comparison of turnout data throughout the years, we have chosen to provide the turnout data for both active and registered voters.

Redistricting

2022 saw the first elections to use redrawn district lines as a result of the 2020 Census. Congressional district lines were redrawn by the Colorado Independent Congressional Redistricting Commission and state house and state senate district lines were drawn by the Colorado Independent Legislative Redistricting Commission. Both Commissions were established by Amendments Y and Z in 2018 to draw Colorado's congressional and state legislative districts after each decennial census.

In addition to new district boundaries, Colorado gained one new congressional district for the first time in 20 years after the 2020 Census and the resulting congressional reapportionment. As a result of the new 8th congressional district, this also meant the addition of a new 8th congressional district seat for the State Board of Education and Regents of the University of Colorado.

In addition to its new 8th congressional district seat, the State Board of Education also gained a statewide at large seat. To accommodate the addition of its 8th congressional district seat, one of the two at-large seats of the Regents of the University of Colorado was eliminated.
