RE: Correction to Division of Motor Vehicles Regulations, 1 CCR 204-30, Rule 17
Tracking Number 2020-00831

Dear Ms. Maiolo:

Pursuant to C.R.S. § 24-4-103(11)(d)(II), the correction to the above-referenced rule is a result of an agency technical error that occurred in the filing process for Rule 17.

Tracking number 2020-00455 included two permanent rules, Rule 1 and Rule 17. When these rules were filed with your office, the individual filing the final versions of both rules filed the clean versions of Rules 1 and 17 as “proposed” rules, and although filing a clean version of Rule 1 as “adopted” inadvertently excluded filing a clean version of Rule 17 as “adopted” in the rule filing. The attached clean version of Rule 17 should be inserted as the adopted version of Rule 17.

Thank you for your assistance with correcting this error. Please call me at 720-508-6341 if I can provide you with further information.

Sincerely,

FOR THE ATTORNEY GENERAL

/s/ Laurie Rottersman
