REGULATORY AGENDA PLAN November 1, 2013

The Colorado Department of Human Services has conducted a Rule Reduction Review project for the last two years. All Department rules were reviewed and determined to: 1) need to be repealed, 2) need to be revised, 3) continue as currently promulgated. The repeals have been 100% completed and the revisions are nearing completion, as well. Once this initial process has concluded, the Department will establish a schedule for the next 3-5 years for regular review to assure that the rules remain current and necessary.

Regulatory Agenda
Pursuant to House Bill 12-1008
Department of Human Services
November 1, 2012 - October 31, 2013
(including status of rule promulgation as of October 31, 2013)

The Colorado Department of Human Services (CDHS) respectfully submits the following document in fulfillment of the statutory requirements set forth in Sections 2-7-203(4) and 24-4-103, C.R.S. (2013), as established in House Bill 12-1008, “Concerning additional methods for providing input to executive branch agencies about proposed rules, and, in connection therewith, directing agencies to establish representative groups to evaluate and comment on proposed rules, requiring agencies to notify the general assembly of any rule-making that results in increases in fees or fines, and requiring agencies to submit departmental regulatory agendas to the general assembly”.

Overview of Department of Human Services Rule-making entities

CDHS has four Type I rule-making entities for which it was required to submit this report concerning their anticipated regulatory agendas for November 1, 2012 through October 31, 2013, pursuant to Section 2-7-203, C.R.S. This document summarizes rules that were presented on last year’s Regulatory Agency proposed for November 1, 2012 through October 31, 2013, and promulgated by the Department’s rule-making entities. These rule-making entities include the: Executive Director of the Department of Human Services; State Board of Human Services; Juvenile Parole Board; and the Adoption Intermediary Commission.

All four rule-making entities follow the requirements set forth in the Colorado Administrative Procedure Act (APA) concerning posting, noticing, and preparing regulatory analyses for each rule proposed for adoption by its respective board. Additionally, all rule-making sessions are conducted as open public meetings.

Executive Director Rules

An Executive Director rule-making session occurs on an as needed basis for rule-making purposes which are also preceded by stakeholder input and feedback on proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules.

State Board of Human Services

The State Board of Human Services meets on a regular basis, usually the first Friday of each month, to conduct business including rule making. Prior to the rule-making session, stakeholder input and feedback is sought on all proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules.

Juvenile Parole Board

The Juvenile Parole Board meets regularly to conduct its work pursuant to statutory mandates; however, they meet on an as needed basis for rule-making purposes. Prior to rule-making, stakeholder input is sought on proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules.

Adoption Intermediary Commission

Similar to the Juvenile Parole Board, the Adoption Intermediary Commission convenes to conduct work in fulfillment of its statutory mandates and meets on an ad hoc basis for rule-making. Consistent with the other three rule-making entities in the Department, stakeholder input is sought on proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules prior to rule-making.

Rule Review Project

The Department undertook a Rule Reduction Review project that included a review of all Departmental rules in an effort to repeal obsolete or redundant rules while revising remaining rules to ensure that they are clear, concise, consistent, and current. The broader goal of the project was to update, reduce, revise, clarify, and in many cases consolidate public assistance rules that serve low-income families, persons with disabilities, and older adults to allow county and partner staff to provide services more efficiently.

As a result of the rule reduction review project, the State Board of Human Services repealed approximately 20%, or 855, outdated and duplicative rules. The second phase of this project, the revision of 2,231 rules, or approximately 50% of total existing rules, is currently under way. This phase of revisions should near completion by December 31, 2013.

It is important to take note of the Department's Rule Reduction Review project when reviewing the following regulatory agenda for November 1, 2012 through October 31, 2013. Given that the project is ongoing, the Department has listed the rules and will provide additional information as the rule reviews are completed.

Please feel free to contact Dee Martinez, Deputy Executive Director for Enterprise Partnerships, at 303-866-4479, or dee.martinez@state.co.us, should you have questions or need additional information.

State Board of Human Services

The following rules are inclusive of rules that were anticipated as of November 1, 2012. Changes may have occurred pursuant to changes in state or federal law and other factors that could not be fully anticipated at the time of submittal. The status line has been added to indicate work performed since the original submission of this report on November 1, 2012.

The following list of rules is presented according to the primary office within the Department that is bringing the rule before the Board. However, it should be noted that some rules may have an affect on multiple programs.

Regulatory Agenda Department of Human Services November 1, 2013 - October 31, 2014

The Colorado Department of Human Services (CDHS) respectfully submits the following document in fulfillment of the statutory requirements set forth in Sections 2-7-202, 2-7-203(2), (4) and 24-4-103(2), (3), (11)(a), Colorado Revised Statutes (2013), as established in House Bill 12-1008 “Concerning additional methods for providing input to executive branch agencies about proposed rules, and, in connection therewith, directing agencies to establish representative groups to evaluate and comment on proposed rules, requiring agencies to notify the general assembly of any rule-making that results in increases in fees or fines, and requiring agencies to submit departmental regulatory agendas to the general assembly”; and, House Bill 13-1299 “Concerning Changes to the ‘State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act’ of 2010”.

Overview of Department of Human Services Rule-making Entities

CDHS has four Type I rule-making entities for which it was required to submit this report concerning their anticipated regulatory agendas for November 1, 2013 through October 31, 2014, pursuant to Sections 2-7-202(6) and 2-7-203, C.R.S. (2013). These rule-making entities include the: Executive Director of the Department of Human Services; State Board of Human Services; Juvenile Parole Board; and the Adoption Intermediary Commission.

All four rule-making entities follow the requirements set forth in the Colorado Administrative Procedure Act (APA) concerning posting, noticing, and preparing regulatory analyses for each rule proposed for adoption by its respective board. Additionally, all rule-making sessions are conducted as open public meetings.

Executive Director Rules

An Executive Director rule-making session occurs on an as needed basis for rule-making purposes which are also preceded by stakeholder input and feedback on proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules.

State Board of Human Services

The State Board of Human Services meets on a regular basis, usually the first Friday of each month, to conduct business including rule making. Prior to the rule-making session, stakeholder input and feedback is sought on all proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules.

Juvenile Parole Board

The Juvenile Parole Board meets regularly to conduct its work pursuant to statutory mandates; however, they meet on an as needed basis for rule-making purposes. Prior to rule-making, stakeholder input is sought on proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules.

Adoption Intermediary Commission

Similar to the Juvenile Parole Board, the Adoption Intermediary Commission convenes to conduct work in fulfillment of its statutory mandates and meets on an ad hoc basis for rule-making.

Consistent with the other three rule-making entities in the Department, stakeholder input is sought on proposed new rules, modifications to existing rules, and repeal of outdated, redundant rules prior to rule-making.

Rule Review Project

The Department undertook a Rule Reduction Review project that included a review of all Departmental rules in an effort to repeal obsolete or redundant rules while revising remaining rules to ensure that they are clear, concise, consistent, and current. The broader goal of the project was to update, reduce, revise, clarify, and in many cases consolidate public assistance rules that serve low-income families, persons with disabilities, and older adults to allow county and partner staff to provide services more efficiently.

The Department is in the second phase of this project and nearing completion of revisions of approximately 2,100 rules. There are two large rule-making packages that will contribute to these revisions: 1) rewrite of the Adult Financial Services rules, which is anticipated to be presented for the State Board's consideration in December 2013 and 2) rewrite of the Food Assistance Program rules, which is anticipated for April 2014.
