

STATEMENT OF INSUFFICIENCY

Proposed Initiative 2015-2016 #75 "Local Government Authority to Regulate Oil and Gas Development"

August 29, 2016

On August 8, 2016, the proponents and designated representatives of Proposed Initiative 2015-2016 #75 ("Local Government Authority to Regulate Oil and Gas Development") submitted 107,232 petition signatures to the Secretary of State. After reviewing a five-percent random sample of the submitted signatures, the Secretary of State projected the number of valid signatures to be lesser than 90 percent of the total number of signatures required for a line-by-line review.

Random sample verification summary:

Total number of qualified signatures submitted	107,232
5% of qualified signatures submitted (random sample)	5,362
Total number of entries accepted (valid) from the random sample	3,982
Total number of entries rejected (invalid) from the random sample	1,380
Number of projected valid signatures from the random sample	79,634
Total number of signatures required for placement on ballot	98,492
Projected percentage of required valid signatures	80.85%

Because the random sample verification established that the projected number of valid signatures totals 80.85 percent of the amount required for placement on the ballot, Proposed Initiative 2015-2016 #75 is insufficient and will not be certified to the 2016 general election ballot.

Dated August 29, 2016.

Wayne W. Williams
Colorado Secretary of State
