Dear Rulemaking Committee;  
Thank you for accepting comments re the upcoming hearing. As a new non-profit, I find the whole process of becoming a non-profit complicated, cumbersome, and very, very, very long. Anything that speeds up that process, or, makes it easier for us non-profits to apply, and anything that allows us some time to realize we didn't or forgot to apply for yet another "number or ID" is something I would desire! In summary, anything that eliminates some of the "red tape" our Governor keeps saying we need to eliminate, I'm think we should look at!

Sincerely,
