The Commissioner shall select up to 33% of the registrants to be inspected, except that no registrant may be selected more than two years in row without cause. The Commissioner shall notify each registrant of their selection by certified mail. The notification shall inform the registrant of the scope and process by which the inspection will be conducted and require the registrant to contact the Department within 30 days to set a date and time for the inspection to occur.

 - 4.3.4 A composite sample test result greater than 0.3% THC will be considered conclusive evidence that at least one cannabis plant or part of a plant in the growing area contains a THC concentration over the limit allowed for industrial hemp and that the registrant of that growing area is therefore not in compliance with the Act. Upon receipt of such a test result, the Commissioner may summarily suspend and revoke the registration of a commercial industrial hemp registrant in accordance with § 24-4-104 (4), C.R.S.

These rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), § § 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

The purposes of these proposed rules are to:

1. Adopt a Part 1 setting forth definitions of specific terms used in these Rules.
2. Adopt Rules in Part 2 establishing a process for registering growers of industrial hemp and setting forth the information and fees required.
3. Adopt Rules in Part 3 establishing the information reporting requirements with which registrants must comply.
4. Adopt Rules in Part 4 establishing an inspection program to ensure compliance with the provisions of the Act and these Rules.
5. Adopt Rules in Part 5 creating conditional penalty waiver provisions for registrants whose industrial hemp crop THC content tests between 0.3% and 1.0% by dry weight.
6. Adopt Rules in Part 6 specifying violations of these Rules for which penalties may be imposed.

Factual and Policy Basis

The factual and policy issues encountered when developing these rules include:

1. Senate Bill 13-241 authorized the creation of a program within the Department of Agriculture to regulate industrial hemp cultivation.
2. The bill created a nine-member advisory committee to work with the Department to develop rules establishing an Industrial Hemp Regulatory Program. This committee was appointed by Senator Gail Schwartz and Representative Randy Fischer.
3. The committee held three public meetings to determine what rules were necessary to implement this program and draft the appropriate language. The committee will continue to work with the Department to refine and update these Rules over the coming years, as well as review the testing protocols that Department staff is currently developing.

9.2 Adopted June 11, 2014 – Effective June 11, 2014

Statutory Authority

These emergency rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), Sections 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

The purposes of these proposed rules are to:

1. Adopt a registration time period of 30 days prior to planting with the elimination of the May 1 registration deadline.
2. Allow the Department to collect crop intended harvest date and disposition information 30 days prior to harvest, rather than 7 days prior to harvest.

Factual and Policy Basis

The factual and policy issues encountered when developing these rules include:

1. Senate Bill 14-184 eliminated the May 1 deadline for program registration. The Department needs 30 days to process hemp applications.
 2. The Department needs 3 - 4 weeks to plan sampling.
