2. The actions ultimately found to be substantiated as mistreatment do not meet the statutory or regulatory definition of mistreatment.
- C. The substantiated perpetrator(s) of mistreatment shall have ninety (90) calendar days from the date of notice of substantiation of mistreatment to appeal the finding in writing to the State Department. The written appeal shall be submitted via the State approved online form or using the hard copy appeal form provided to the substantiated perpetrator by the county department and shall include:
1. The contact information for the appellant;
 2. A statement detailing the basis for the appeal; and,
 3. Notice of finding of responsibility for mistreatment of an at-risk adult sent to the appellant by the county department.

If the substantiated perpetrator(s) is a minor child, the appeal may be initiated by his/her parents, legal custodian, or attorney.
- E. The appeal must be submitted to the State Department within ninety (90) calendar days of the date of the notice of the substantiated finding. If the appeal is filed more than ninety (90) calendar days from the date of notice of the substantiated finding, the appellant must show good cause for not appealing within the prescribed time period as set forth in Section 30.920.C. A failure to request State review within the ninety-day (90) period without good cause shall be grounds for the State Department to not accept the appeal.
- F. The substantiated finding shall continue to be used for safety and risk assessment, employment and background screening by the State Department while the administrative appeal process is pending.
- G. The appellant shall have the right to appeal, even if a court action or criminal prosecution is pending as a result of the mistreatment. The State Department shall hold in abeyance the administrative appeal process pending the outcome of the court action or criminal prosecution if requested by the appellant, or if the State Department determines that awaiting the outcome of the court case is in the best interest of the parties. If the appellant objects to the continuance, the continuance shall remain in place, but the continuance of the appeal shall not exceed one hundred eighty (180) calendar days without the appellant having the opportunity to seek a review of the continuance by an administrative law judge. The pendency of other court proceedings shall be considered good cause to extend the continuance of the appeal past the one hundred eighty (180) day timeframe.
- H. The following circumstances shall be considered to be admissions to the factual basis of the substantiated finding(s) of the responsibility for the mistreatment of an at-risk adult in CAPS and shall be considered conclusive evidence of the factual basis of the individual's responsibility for the mistreatment to support a motion for summary judgment submitted to the Office of Administrative Courts:
1. The appellant has been found guilty of a crime against an at-risk adult pursuant to Section 18-6.5-103, C.R.S. arising out of the same factual basis as the substantiated finding in CAPS.

The appellant has been found guilty or has pled guilty or nolo contendere as part of any plea agreement including, but not limited to, a deferred judgement agreement to a crime against an at-risk adult pursuant to Section 18-6.5-103, C.R.S. arising out of the same factual basis as the substantiated finding in CAPS.
 3. The appellant has been found guilty or has pled guilty or nolo contendere as part of any plea agreement including, but not limited to, a deferred judgment agreement, in a case in which a crime against an at-risk adult was charged pursuant to Section 18-6.5-103, C.R.S., arising out of the same factual basis as the substantiated finding in CAPS. The offense to which the appellant pled guilty must be related to the same factual basis as the substantiated finding in CAPS.
- I. After the appellant requests an appeal, the State Department shall inform the appellant of the details regarding the appeal process, including timeframes for the appeals process and contact information for the State Department.
1. The appellant, as the party in interest, shall have access to the investigative record relied upon by the county department to make the finding in order to proceed with the appeal. The appellant's use of the investigative record for any other purpose is prohibited unless otherwise authorized by law.
 2. - J. The State Department is authorized to enter into settlement negotiations with the appellant as part of the litigation process. The State Department is authorized to enter into settlement agreements that modify, overturn or expunge the reports and/or findings as reflected in the State portion of CAPS. The State Department is not authorized to make any changes in the county portion of CAPS. In exercising its discretion, the State Department shall take into consideration the best interests of the at-risk adults, the weight of the evidence, the severity of the mistreatment, any patterns of mistreatment reflected in the record, the results of any court processes, the rehabilitation of the appellant and any other pertinent information.
- K. The county department's findings shall not be changed to reflect the State Department's response to the appeal. The State Department shall document all decisions and the outcome of the appeal in CAPS.
- L. The State Department and the appellant shall have one hundred twenty (120) calendar days from the date the State Department receives the appeal to resolve the issue(s) on the appeal. The one hundred twenty (120) day time frame may be extended by agreement of both the appellant and the State Department if it is likely that the additional time will result in a fully executed settlement agreement or resolution of the appeal.
- M. As soon as it is evident within the one hundred twenty (120) days that the appellant and State Department will not resolve the issue(s) on appeal, the State Department shall forward a copy of the appellants original appeal document(s) to the Office of Administrative Courts to initiate the Office of Administrative Courts fair hearing process.

- N. If, by the end of the one hundred twenty (120) day period, the State Department has been unable to contact the appellant using the information submitted by the appellant, including by first class mail, and the appellant has not contacted the State Department, the appeal shall be deemed abandoned. The substantiated finding entered into CAPS by the county department shall be upheld in CAPS without further right of appeal. The State Department shall notify the appellant of this result by first class mail to the address provided by the appellant.

¹Section 26-3.1-111(5)(h), C.R.S., refers to a health oversight agency defined in federal regulation at 42 CFR 164.501. This appears to be a typographical error as no such regulation exists. The definition for health oversight agency can be found at 45 CFR 164.501.

2. During the telephone scheduling conference, the Office of Administrative Courts shall determine the date for the hearing. Following the scheduling conference, the Office of Administrative Courts will issue a further procedural order and notice of hearing. The order/notice will contain the hearing date, the fourteen (14) day deadline for the notice of issues, the fourteen (14) day deadline for the appellant's response and deadline for filing pre-hearing statements. Any party requiring an extension or modification of any of the deadlines in the order may file a request with the Administrative Law Judge. The office of administrative courts shall also issue a protective order which will protect and govern the handling of all pleadings, discovery, and evidence. The order must be signed by an administrative law judge and must state that:
 - a. Any documents exchanged by the parties containing confidential information, including, but not limited to pleadings, APS reports and investigative records, medical records, law enforcement investigation records, and documents regarding at-risk adults will be used for the sole purpose of proceeding with this appeal.
 - b. The parties may disclose confidential information to their attorneys or any expert witness only as necessary for the prosecution or defense of the appeal. The appellant is not authorized to disclose or use confidential information for any other purpose.

 - e. The exchange and use of the confidential information or records does not waive the right of either party to object to the admission of the documents into evidence on any grounds.
 - f. If the parties use or offer confidential information or records as evidence during the course of the hearing, counsel and the parties shall take reasonable measures to protect such information or records from public disclosure including but not limited to filing records under seal.
 - g. The appellant must return to the department all protected health information (including all copies made) at the end of the appeal or, should the appellant choose to pursue any further administrative remedies, when those remedies have been exhausted.
 - h. The hearing regarding the factual basis for the adult mistreatment finding shall be closed to the public.
 - i. This order does not prohibit the department from using documents or information as authorized, required, or permitted by law.
3. The notice of issues shall include the following:

To the extent that the State Department determines that the facts contained in CAPS support a modification of the type and/or severity level of mistreatment determined by the county department, the State Department shall so notify the county department and the appellant of that modification and the process shall proceed on the modified type of mistreatment.
 - 4. The appellant shall respond to the State Department's notice of issues by providing the factual and legal basis supporting the appeal to the State Department and to the Office of Administrative Courts.
 - 5. If the appellant fails to participate in the scheduling conference referenced above, or fails to submit a response to the State Department's notice of issues within 14 days, the Office of Administrative Courts shall deem the appeal to have been abandoned by the appellant and render an initial decision dismissing the appeal. In accordance with the procedures set forth below, the Office of Appeals may reinstate the appeal for good cause shown by the appellant.
 - 6. In the event that either party fails to respond to a motion to dismiss filed in the appeal, the Administrative Law Judge shall not consider the motion to be confessed and shall render a decision based on the merits of the motion.
- B. The Administrative Law Judge shall conduct the appeal in accordance with the Administrative Procedure Act, Section 24-4-105, C.R.S. the rights of the parties include:

The Administrative Law Judge can consider evidence other than the case record in CAPS in concluding that the finding is supported by a preponderance of evidence;
 - 2. Each party shall have the right to present his or her case or defense by oral and documentary evidence, to submit rebuttal evidence and to conduct cross-examination;
 - 3. Subject to these rights and requirements, where a hearing will be expedited and the interests of the parties will not be subsequently prejudiced thereby, the Administrative Law Judge may receive all or part of the evidence in written form, or by oral stipulations;

A request for a face-to-face hearing may necessitate the re-setting of the hearing; and,
 - 5. Where facilities exist that have videoconferencing technology local to the county department that made the finding, either party may request that the hearing be conducted via that technology. The requesting party shall investigate the feasibility of this approach and shall submit a written request outlining the arrangements that could be made for video conference. The Office of Administrative Courts shall hold the hearing via videoconferencing for the convenience of the parties whenever requested and feasible. A request for a hearing via videoconferencing may necessitate the re-setting of the hearing.

- C. At the conclusion of the hearing, unless the Administrative Law Judge allows additional time to submit documentation, the Administrative Law Judge shall take the matter under advisement. After considering all the relevant evidence presented by the parties, the Administrative Law Judge shall render an initial decision for review by the Colorado Department of Human Services, Office of Appeals.
- D. The initial decision shall uphold, modify or overturn/reverse the county finding. The Administrative Law Judge shall have the authority to modify the type and/or severity level of mistreatment to meet the evidence provided at the hearing. The Administrative Law Judge shall not order the county to modify its record; rather, the State Department shall indicate the outcome of the appeal in its portion of CAPS.
- E. When an appellant fails to appear at a duly scheduled hearing having been given proper notice, without having given timely advance notice to the Office of Administrative Courts of acceptable good cause for inability to appear at the hearing at the time, date and place specified in the notice of hearing, then the appeal shall be considered abandoned and the Administrative Law Judge shall enter an initial decision dismissing the appeal.
