COLORADO EDUCATOR LICENSING ACT OF 1991

1 CCR 301-37

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

1.00 Statement of Basis and Purpose

The statutory basis for these rules is found in section 22-60.5-101, et seq, C.R.S., the Colorado Educator Licensing Act of 1991, and section 22-2-109(1), C.R.S., State board of education – additional duties.

These rules establish the standards and criteria for the issuance of licenses and authorizations to teachers, special services providers, principals and administrators. The Act calls for the State Board of Education to adopt rules for a three-tiered system of licensure for education personnel which includes an initial license for entry-level educators, a professional license for experienced educators and a voluntary master certificate for outstanding educators.

These rules also provide for the issuance of special authorizations to educators as necessary to meet the needs of Colorado schools and students. Standards and processes for the approval of educator preparation programs through institutions of higher education and other designated agencies are provided. Criteria for the renewal of licenses and authorizations, which provide for significant involvement of practicing educators, are established. Standards for endorsement in subject areas or other areas of educational specialization are prescribed.

These rules provide a process for the recognition of educator preparation programs in other states to facilitate the movement of educators among states. The rules establish the requirements for induction programs to assist new educators through support, supervision, ongoing professional development and evaluation.

The rules establish the standards and processes by which licenses may be denied, suspended, annulled or revoked for conviction of certain criminal offenses, unethical behavior, professional incompetence and other reasons enumerated by statute. Other miscellaneous provisions are included to meet the requirements of the Act.

The Department must provide such an opportunity by sending a formal written letter of inquiry by first-class mail to the applicant or license holder, explaining the allegations, requesting a response within 20 days, and notifying them of their right to return a response within 20 days. - 10.03(3)(c) After the expiration of the 20-day response period or upon receipt of the response, whichever is sooner, the Department will review the allegations and response and determine whether to pursue the charges for denial, revocation or annulment of the license. In any case where, based on the response, the Department determines probable cause does not exist, the Department must withdraw or dismiss the complaint and notify the person complained against and the school district, charter school or BOCES of the Department's action. Any handling of the complaint must be consistent with the laws on confidentiality unless contrary to statute.

If the State Board of Education rejects the Department's recommendation, the Department must dismiss the complaint and notify the person complained against and the complainant of the Department's action. Any handling of the complaint must be consistent with the laws on confidentiality unless contrary to statute.

10.03(3)(e)(ii) If the Department recommends denial and the State Board of Education accepts that recommendation, the Department must notify by first-class mail the applicant of the denial and the applicant's right to request a hearing conducted in accordance with section 24-4-105, C.R.S. 11.0 Standards for the Approval of Educator Preparation Programs

The Department will work with the Colorado Department of Higher Education to authorize, review and approve educator preparation programs at Colorado public, private and proprietary institutions of higher education based on the identified requirements for approval under section 23-1-121(2) & (3), C.R.S.

Pursuant to 22-2-109, C.R.S and the standards set forth in sections 5.00 and 6.00 of these rules and sections 4.00 through 7.00 of 1 CCR 301-101, the State Board of Education will review the content of educator preparation programs. Such review will evaluate the program's content, delivery and outcomes, including whether the program effectively enables a candidate to meet the requirements for licensure. For educator preparation programs located at institutions of higher education, the State Board will recommend to the Colorado commission on higher education that a program will be approved, be placed on conditional approval or probation, or not be approved.

Authorization of alternative teacher programs, alternative principal programs and individualized alternative principal programs is solely the Department's responsibility as outlined in sections 22-60.5-205(3), 22-60.5-305.5(6), and 22-60.5-111(14), C.R.S. Sections 12.00 and 13.00 of these rules provide the requirements for these programs.

11.1 Design of the Educator Preparation Programs

The Department's Educator Talent Division promotes high-quality programs that meet the requirements, policies and the best practices identified by Colorado Commission of Higher Education, Department of Higher Education and Department of Education pursuant to sections 22-2-109, C.R.S. and 23-78-104, C.R.S.

11.01(1) Quality standards in sections 5.00 and 6.00 of these rules and the endorsement standards in sections 4.00 through 7.00 of 1 CCR 301-101 outline the competencies candidates need to attain during preparation. In addition, each program's instructional content must include the following components:

11.01(1)(a) for all teacher candidates in elementary, early childhood and all special education programs, concentrated focus on foundational reading skills—specifically phonemic awareness, phonics, vocabulary, fluency and comprehension, per 23-1-121(2)(c.5), C.R.S.;

The Division will assess the content of these programs based on sections 22-2-109(5) and 23-1-121, C.R.S. The purpose of the evaluation and approval process is to assure the public that educators who complete educator preparation programs in the state of Colorado are well-prepared to educate PreK-12 students according to the Colorado Revised Statutes, the rules set forth by the State Board of Education and the Colorado Academic Standards. Educator preparation programs must prepare candidates to meet or exceed the standards for licensure specified in sections 5.00 and 6.00 of these rules and the corresponding standards in sections 4.00 through 7.00 of 1 CCR 301-101, including demonstration of professional competencies and depth of content knowledge required by state board rule.

- 11.02(3) For alternative teacher programs and alternative principal programs, the State Board of Education will determine full reauthorization, conditional reauthorization, probationary reauthorization or termination of the program.
- 11.02(3)(a) An on-site evaluation for the reauthorization of alternative preparation programs will occur no more frequently than once every five years.
