

ARTICLE I - GENERAL PROVISIONS

#900 - REGULATIONS APPLICABLE TO ALL DIVISION PROPERTIES, EXCEPT STATE TRUST LANDS

A. Prohibited Activities

Except as specifically authorized by contractual agreement, official document, public notice, permit or by posted sign, the following activities are prohibited on all lands, waters, the frozen surface of waters, rights-of-way, buildings, and other structures or devices owned, operated, or under the administrative control of the Division of Wildlife:

1. To enter, use, or occupy any area or portion thereof for any purpose when posted against such entry, use, or occupancy.
2. To enter, use, or occupy any area for any commercial purpose or to conduct land, water, oil, gas, or mineral investigations, surveys, or explorations of any kind.
3. To operate any form of vehicle (motorized or non-motorized) except on established roads or within designated camping or parking areas. All motor vehicles and the operators thereof must be in compliance with all Colorado statutes and regulations pertaining to motor vehicle operation.
4. To operate a motor vehicle in excess of posted speed limits or in excess of twenty-five (25) miles per hour where not posted.
5. To leave a camp, pitched tent, shelter, motor vehicle, or trailer unattended for more than forty-eight (48) hours, or to camp or to park a travel trailer or camper on any one state wildlife area for more than fourteen (14) days in any forty-five (45) day period.
6. To build, erect or establish any permanent structure or to plant any vegetation. Only portable blinds or tree stands and steps may be erected by the public on state wildlife areas. No nails may be driven into trees. All man-made materials used for blinds or tree stands must be removed within ten (10) days after the end of the season in which they are used.
7. To remove, modify, adjust, deface, destroy, or mutilate any building, structure, water control device, fence, gate, poster, notice, sign, survey or section marker, tree, shrub or other vegetation or any object of archaeological, geological, or historical value or interest.
8. To litter in any form, to leave fish, fish entrails, human excrement, waste water, containers or cartons, boxes or other trash, garbage or toxic substance on any area or to bring any household or commercial trash, garbage or toxic substance to Division-controlled area for disposal, or to dump trailer waste into any toilet or sanitary facility.
9. To set or build a fire without provision to prevent the spreading thereof or to leave a fire unattended.
10. To release or allow livestock to graze or range on any area, except that horses, mules, llamas, and burros may be used when in direct association with wildlife recreational activities.
11. To possess, use or apply explosives (other than lawful firearm ammunition), poisons, herbicides, insecticides or other pesticides

12. To release or permit dogs cats, or other domestic pets to run at large (not on a leash) on any area except dogs lawfully used while actively hunting, or while training dogs for hunting, or during Division licensed field trials.
13. To excavate or dig trenches, holes, or pits.
14. To leave boats, rafts, or other floating craft beached, at anchor, moored or docked unattended overnight except in areas designated for that purpose.
15. To fish from Division-controlled boat ramps or boat docks when in conflict with boaters or as posted.
16. To snorkel, scuba dive, or spearfish with the aid of diving mask, swim fins, snorkel, and/or air tanks except in waters where swimming is permitted, when location is properly identified by a "divers down flag," and when the scuba diver has a valid S.C.U.B.A. diver's certificate issued by a recognized S.C.U.B.A. training organization.
17. To engage in any unlawful conduct or act as defined in Title 18.CRS.
18. To utilize any air or gas inflated floating device as a means of transportation upon or across the surface of the water unless such device is of multi-compartment construction and has a rigid motor mount for those devices propelled by gasoline or electric motors. Single compartment air or gas filled flotation devices are restricted to designated swimming areas.
19. To promote, sponsor, or conduct boat regattas, paintball wars, questing, or other non-wildlife oriented group activities.
20. To land any aircraft.
21. To leave any decoys or anything used as decoys set up in the field or on the water overnight.
22. To swim except in designated waters or in association with specifically authorized water contact activities.
23. To discharge a firearm or bow within designated parking, camping, or picnic areas
24. To fish in any waters within the any Division fish hatchery, rearing, or distribution unit, including but not limited to, streams, rearing ponds, holding areas, and raceways, except in designated areas of these properties which are managed for public fishing: and to fish in fish rearing ponds on any other Division property, as posted.
25. To possess, store, or use hay, straw, or mulch which has not been certified as noxious weed free in accordance with the Weed Free Forage Crop Certification Act, Sections 35-27.5-101 to 108, C.R.S., or any other state or province participating in the Regional Certified Weed Free Forage Program. See Appendix A of this chapter. All materials so certified shall be clearly marked as such by the certifying state or province. Exempted from this prohibition are persons transporting such materials on Federal, State, or County roads that cross CDOW property; and, except on state trust lands listed in #902.G., hay produced on the property where it is being used. Except for state trust lands listed in #902.G., this restriction becomes effective August 15, 1998.
26. Upon notification by authorized Division of Wildlife personnel of a violation of any of the above (or any other law of the State of Colorado) and where the unlawful activity is not immediately and permanently discontinued or if it is of a continuing nature, the violator(s)

may be required to leave the Division of Wildlife property for a minimum of seventy-two hours.

27. To trap, unless such trapping is done in accordance with the provisions of 33-6-204 (General Exemptions), 33-6-205 (Exemptions for Departments of Health), 33-6-206 (Nonlethal Methods Exemptions), or #901; and Chapter 3 of these regulations. Persons wishing to use the above-mentioned exemptions must have prior authorization from the Division of Wildlife.
28. To conduct field trials or group dog training without first obtaining a field trial license, in accordance with the provisions of Chapter 8 of these regulations.

B. Limitation of People and Vehicle Usage

1. The Director of the Division of Wildlife may establish and enforce a limitation not to exceed sixty (60) days, on public occupancy of the land and water areas owned or leased by the Division.

The Director shall use only the following criteria when establishing such limitation:

- a. The location and size of the area.
 - b. The location, type and condition of roads, vehicle parking areas and the number and type of sanitary facilities available.
 - c. The number of users and vehicles the area will tolerate without significant degradation to wildlife resources, and public or private property.
 - d. Opportunity to assure public safety, health and welfare.
2. Whenever such limitation is exercised, the area(s) involved shall be posted indicating the specific number of persons or vehicles permitted within the area at all times when such area is posted. It shall be unlawful for any person or vehicle to enter any such area posted as being fully occupied or after being advised by an officer of the Division that the area is full.
 3. The Division may waive these restrictions for daytime use during a specified period of time for organized supervised groups whose numbers exceed the limitations set forth. Written approval must first be obtained from the appropriate Regional Manager.

B.5 Closure of Properties to Public Use

1. The Director of the Division of Wildlife may establish and enforce a closure not to exceed 9 months, on public access to the land and water areas owned or leased by the Division, or portions thereof, when any one of the following criteria apply:
 - a. The property has sustained a natural or man-made disaster such as drought, wildfire, or flooding which makes public access unsafe, or where access by the public could result in additional and significant environmental damage.
 - b. The facilities on the property are unsafe.
2. Whenever such closure is instituted, the area(s) involved shall be posted indicating the nature and purpose of the closure. It shall be unlawful for any person or vehicle to enter any such area posted as closed.

C. Experimental Use Fee Permit For Designated State Wildlife Areas (Lon Hagler State Wildlife Area, Jumbo Reservoir State Wildlife Area and Prewitt Reservoir State Wildlife Area).

1. No motor vehicle shall be brought into any designated use fee state wildlife areas, unless a valid permit issued by the Division of Wildlife is displayed in the lower right-hand corner of the windshield.
2. Any such vehicle without a windshield shall be treated as a special case, but evidence of a permit will be required. Permits shall not be required for vehicles on official business.
3. An annual use fee permit shall be issued to authorize entrance by motor vehicle to the designated wildlife areas during the calendar year in which issued to the user and all passengers in the motor vehicle for which the permit was originally issued. For holders of a valid annual Colorado fishing, small game hunting, combination fishing and small game hunting, lifetime fishing and small game hunting license or a free fishing license, the vehicle owner may purchase a fee permit for five dollars (\$5.00). For all others using these areas the annual use fee permit shall be twenty dollars (\$20.00). One permit shall cover all designated areas.
4. A one-day use fee permit, valid for one day only, shall be issued for a fee of three dollars (\$3.00), authorizing entrance by motor vehicle to the designated state wildlife area by the user and all passengers in the motor vehicle on which the permit was originally displayed during the day used and until 12:00 o'clock noon the following day.
5. If the motor vehicle for which an annual permit was issued is sold or traded, or the permit is lost or destroyed during the calendar year in which it is issued, the person to whom the permit was issued may obtain a duplicate thereof, upon signing an affidavit reciting where and by whom it was issued and the circumstances under which it was lost or traded. Upon payment of a fee of five dollars (\$5.00), a new permit effective for the remainder of the calendar year may be issued by the Division to the original owner of such permit.

D. CRITERIA FOR ACTIVITIES REQUIRING EXPRESS AUTHORIZATION - Whenever an activity requires expressed authorization (e.g. target practice) the Division shall grant or deny permission based on consideration of public safety and wildlife resource protection.

E. Commercial Use of State Wildlife Areas

1. Except as provided herein, commercial use of state wildlife areas, including, but not limited to, the provision of any goods or services to members of the general public using the state wildlife area, is prohibited. However, commercial uses of state wildlife areas may be allowed by the Division when:
 - a. such commercial use will not adversely impact wildlife resources or habitat;
 - b. there is a demonstrated need for the goods or services to be provided as part of such commercial use;
 - c. such commercial use will not unreasonably interfere with the primary wildlife related recreational uses of the state wildlife area by members of the general public;
 - d. the state wildlife area, and its existing facilities, can safely accommodate such commercial use, and;

Such commercial uses may be exclusive or nonexclusive, as determined by the Division to be necessary for the proper management of the state wildlife area in light of the criteria

set forth above and the compensation provided to the Division.

2. Prior to making any commercial use of a state wildlife area, a person must enter into a commercial use contract with the Division providing for such use. Such contract shall, at a minimum, include provisions regarding:
 - a. the specific goods or services to be provided;
 - b. user number restrictions;
 - c. seasonal or time restrictions;
 - d. record keeping requirements, including, but not limited to, a requirement that the contractor maintain records regarding the goods and services provided, the date(s) and time(s) the person provided these good and services on the property, and the number of goods or services provided, by user day, for a period of at least three years. Such records shall be available for inspection by the Division.
 - e. compensation to the Division: a minimum fee equal to 5% of the gross income generated by the activity shall be paid to the Division, but in no event shall any fee for a commercial use contract be less than \$100. The \$100 minimum shall be paid at the time the contract is signed.
 - f. the term or length of the agreement, and a provision providing for cancellation or termination of the agreement for any failure to comply with the terms and conditions of the agreement and any applicable laws,
 - g. any other provision necessary to protect wildlife resources, habitat or public safety, to prevent conflict with primary wildlife related recreational uses of the state wildlife area by the general public or to properly administer the commercial use and the commercial use contract, including bonding requirements.
3. Incidental commercial services such as the renting of pack animals or their services to remove harvested animals; emergency vehicle repairs or tow services; or other similar incidental services may be provided to wildlife recreational users without a commercial use agreement when the service is relatively infrequent, the provider does not advertise for or solicit business specifically for a state wildlife area and maintains a separate place of business, and the service is not one for which the provider is required by law to obtain a guide or outfitter license.

F. Special (Non-Wildlife Related) Use of State Wildlife Areas

1. Except for uses or activities otherwise specifically prohibited by these regulations, the Division may allow special (non-wildlife related) uses of state wildlife areas. Special uses may only be allowed if:
 - a. such use will not adversely impact wildlife resources or habitat;
 - b. such use will not interfere with wildlife-related recreational uses of the state wildlife area by members of the general public;
 - c. such use is non-commercial in nature, and
 - d. the state wildlife areas, and its existing facilities, can safely accommodate such use.

2. Prior to making any special use of a state wildlife area, a person must enter into a special use agreement with the Division. Such agreement shall, at a minimum, include provisions regarding:
 - a. the nature of the special use
 - b. user number restrictions
 - c. time and date restrictions
 - d. compensation to the Division: A minimum fee of \$100 shall apply to all special use agreements, but in no event shall the compensation received by the Division be less than the costs of administering such use, including, but not limited to, staff time;
 - f. cancellation or termination of the agreement for any failure to comply with the terms and conditions of the agreement and any applicable laws, and;
 - g. any other provision necessary to protect wildlife resources, habitat or public safety, to prevent conflict with primary wildlife-related recreational uses of the state wildlife area by the general public or to properly administer the special use and the special use agreement, including bonding requirements.
