BASIS, PURPOSE, AND STATUTORY AUTHORITY.

The basis and purpose of these rules is to advise the public, regulated entities, attorneys, and any other person of the Commission's rules of practice and procedure. These rules of practice and procedure are promulgated in order to properly administer and enforce the provisions of Title 40 of the Colorado Revised Statutes and in order to regulate proceedings before the Commission.

The statutory authority for these rules is found in § § 40-2-108, 40-6-101(1), 40-6-108(2), 40-6-109(5), 40-6-109.5, 40-6-114(1), and 40-6-122(4), C.R.S.

1001. Scope and Applicability.

The Rules of Practice and Procedure and Title 40 of the Colorado Revised Statutes shall apply to all Commission proceedings, to all regulated entities, to any person transacting business with the Commission, practicing as an attorney before the Commission, or participating in Commission proceedings as a party or otherwise and to any person over whom the Commission has jurisdiction, unless a specific statute or rule provides otherwise. STANDARDS OF CONDUCT

These rules apply to all persons filing information with, or seeking information from, the Commission. They also apply to the Commission, the Director, and a presiding officer to the extent they govern the Commission's responses to claims of confidentiality in proceedings, requests to restrict public inspection of information outside of a proceeding, and requests for information under the Colorado Open Records Act. Information filed with or provided to the Commission is public record and is presumed to be open for inspection by any person at any reasonable time, subject to restrictions specifically provided by law.

1100. Confidentiality.

- (a) All documents, data, information, studies, computer programs, and other matters filed with the Commission in any form in a proceeding, or produced in response to any interrogatories or requests for information, subpoenas, depositions, or other modes of discovery, or produced in response to audit conducted by the Commission or Commission staff, and all notes taken or copies made thereof, that are claimed to be a trade secret or confidential in nature (herein referred to as "confidential information") shall be furnished under the terms of these standards of conduct. All persons afforded access to confidential information shall treat such information as confidential and shall neither use nor disclose such information except in accordance with these standards of conduct.
- (b) A claim of confidentiality constitutes a representation to the Commission that the claiming party has a reasonable and good faith belief that the subject document or information is not presumed to be open for inspection, and is, in fact, confidential under applicable law, including the Colorado Open Records Act. If a claim of confidentiality is made in violation of this subparagraph (b), the Commission may impose an appropriate sanction upon the claiming party, including an order to pay to other parties the amount of reasonable expenses incurred because of the claim of confidentiality, including reasonable attorney's fees.
- (c) The Commission's acceptance of information pursuant to a claim of confidentiality is not, and shall not be construed to be, an agreement or a determination by the Commission that the subject information is, in fact, confidential.
- (d) At any time, the Commission may issue a decision on its own motion stating that a determination will be made whether information provided subject to a claim of confidentiality is confidential. In that event, the provisions of the Commission decision shall govern the procedure.
- (e) Persons shall make only general references to information claimed to be confidential or highly confidential in their public testimony, including attachments, in other public filings, and in oral presentations other than those made on a confidential or highly confidential record.

-
- (f) Until otherwise ordered by the Commission or the information subsequently becomes publicly available, a Commission determination regarding confidentiality of information shall apply in all future proceedings before the Commission as to the specific information for which confidentiality or highly confidential protection was asserted.
- (I) In the event the Commission rules that any information previously filed or provided subject to a request for highly confidential protections should no longer be protected in accordance with such request, all persons afforded access to such information shall not disclose the information or use it in any manner for seven days. During this period, any person claiming highly confidential or confidential protections may seek a stay, request that it be permitted to remove the subject information from the record, or other relief. If a motion is filed to continue protection, pending the ruling on the motion, all persons afforded access to the information shall continue to treat the information as subject to the protection requested by the provider of the information.
- (II) In the event the Commission rules that information previously filed or provided subject to a claim of confidentiality is not confidential and should be removed from the protective requirements of these standards of conduct, all persons afforded access shall not disclose such information or use it in the public record for seven days. During this period, any person claiming confidential protections may seek a stay, request that it be permitted to remove the subject information from the record, or other relief. If a motion is filed to continue protection, pending the ruling on the motion, all persons afforded access to such information shall continue to treat the information as confidential pursuant to these standards of conduct.
- (III) In the absence of new information or a change in circumstances, as determined by the Director in responding to a request for Commission records under the Colorado Open Records Act, a Commission ruling regarding confidentiality of specific material shall be a ruling on the confidentiality of such material for purposes of a request under the Colorado Open Records Act.
- (g) When filed with the Commission, or otherwise provided, confidential and highly confidential information will be sealed by the Director, designated as confidential or highly confidential, as applicable, in the E-Filings System, and withheld from inspection by any person not bound by the terms of these standards of conduct or Commission decision, as applicable. This treatment shall prevail unless the confidential or highly confidential information is released from the restrictions of these standards of conduct either through agreement of the interested persons and publication, or, after opportunity for comment, pursuant to a decision of the Commission or final order of a court having jurisdiction. Nothing in these standards of conduct shall require the Commission to provide information filed under seal to any person other than Commission staff and the OCC. Persons seeking access to information filed under seal must comply with the terms of these standards of conduct and must acquire the information filed under seal from the filer. Service of confidential or highly confidential information shall not be accomplished through the E-Filings System, except for service to the Commission's assigned trial staff and advisory staff. The OCC will provide written notification to a filer if it obtains access to the filer's confidential information from the Commission. Service of a signed non-disclosure agreement by the OCC upon the filer shall be deemed as such written notification.

-
- (h) The Commission, Commission staff, and Commission counsel shall have access to all information filed under these standards of conduct by virtue of the annual nondisclosure agreement executed in accordance with this rule. Notwithstanding anything in these standards of conduct to the contrary, each member of the Commission, Commission counsel, and Commission staff need only sign one nondisclosure agreement annually. The annual nondisclosure agreement that each Commissioner, Commission counsel, and Commission staff member executes shall include a provision that requires the individual to maintain and to treat information to which the Commission has granted highly confidential protection pursuant to paragraph 1101(b) in accordance with the decision granting highly confidential protection. Signing such an annual nondisclosure agreement shall permit a Commissioner, Commission counsel, and Commission staff members to have access to all confidential information filed with or provided to the Commission and to have access to all information to which the Commission has granted highly confidential protection pursuant to paragraph 1101(b). The Commission shall maintain in its files the annual nondisclosure agreements and shall make such agreements available for public inspection.
- (i) All persons afforded access to any information filed subject to a claim of confidentiality shall take all reasonable precautions to keep the confidential information secure in accordance with the purpose and intent of these standards of conduct. All persons, including Commission staff, who are afforded access to information to which the Commission has granted highly confidential protection shall maintain and shall treat that information in accordance with the protections for confidential information specified in these standards of conduct and the decision granting highly confidential protection.
- (j) Parties to a proceeding retain the right to question, challenge, and object to the admissibility of any and all data, information, studies, and other matters furnished under the terms of these standards of conduct on the grounds of relevancy or materiality.
- (k) Acceptance of information claimed to be confidential or highly confidential by any party shall in no way constitute a waiver of the rights of that party to contest any assertion or finding of trade secret, confidentiality, or privilege; to make a request under the Colorado Open Records Act; or to appeal any determination of the Commission.
- (l) Any person or party to the proceeding retains all remedies existing at civil or criminal law for breach of these standards of conduct, and compliance with these standards of conduct shall not be construed to be a waiver of those rights.
- (m) The OCC may submit a written request for access to Commission records containing information claimed to be confidential by the person providing the information. In such instances, the Director shall forthwith notify the person who provided the subject information of the OCC's request. The person who provided the subject information may, within seven days of the Director's notification, submit a written objection to disclosure of the information to the OCC. The Director shall disclose the requested information to the OCC if the Director determines that the request is reasonably related to the OCC's statutory purpose as set forth in § 40-6.5-101, et seq. However, if the person who provided the subject information notifies the Director, in writing submitted within the seven-day period referenced in this paragraph, that judicial action will be commenced to prevent disclosure to the OCC, the Director shall not disclose the information to the OCC for an additional seven days. During this additional seven-day period, the person objecting to disclosure may commence judicial action to prevent such disclosure or may take other appropriate action.
- (l) In the event the Director denies an OCC request for access to Commission records, the OCC may file a petition for access to such records with the Commission. The OCC shall serve such a petition on the person who provided the subject information to the Commission.

- (II) Disclosure to the OCC of information claimed to be confidential shall be conditioned upon the OCC's compliance with the provisions of these rules, including the requirement in paragraph (i) of rule 1100 that it take all reasonable precautions to keep the confidential information secure. Employees and representatives of the OCC shall sign a nondisclosure agreement in substantially the same form as required by paragraph (i) of rule 1101, and shall deliver such agreement to the Director and the provider of the information claimed to be confidential, prior to review of the information claimed to be confidential. Employees and representatives of the OCC shall not disclose information obtained under these standards of conduct absent a ruling by the Director, the Commission or a court of appropriate jurisdiction authorizing such disclosure.
- (III) The OCC shall not use the procedure specified in this paragraph (m) as a substitute for discovery in Commission proceedings.
- (IV) This paragraph (m) shall not authorize the OCC to obtain access to Commission staff work papers or work product.
- (V) All information obtained under this rule shall be returned to the Commission within sixty days after the OCC was provided access to such information. However, upon written request approved by the Director or the Commission, the OCC may retain the subject information for an additional specified period of time. The OCC shall serve a copy of the written request for additional time upon the person who provided the subject information to the Commission, and that person may submit an objection to the OCC's request.
- (VI) An OCC request for access to Commission records containing confidential information shall be considered in as expeditious a manner as possible given other duties of the Director and the Commission. The time periods set forth in the Colorado Open Records Act shall not apply to requests under this paragraph (m).
- (n) In accordance with the Colorado Open Records Act, information filed with or provided to the Commission is public record and is presumed to be open for inspection by any person at any reasonable time, subject to restrictions specifically provided by law. In particular, the following documents shall be presumed to be available for public inspection:
 - (I) annual reports required under the Commission's rules;
 - (II) rates, terms and conditions for regulated services;
 - (III) tariffs and price lists;
 - (IV) advice letters but not necessarily information filed in support of advice letters;
 - (V) aggregate data regarding informal consumer complaint information;
 - (VI) all compliance filings that the Commission has ordered to be filed as public record;
 - (VII) insurance filings of motor carriers;
 - (VIII) unless otherwise specified by the Commission, performance reports required pursuant to either Commission rule or decision to demonstrate compliance or lack of compliance with Commission rules or decisions. Individual customer names, addresses and telephone numbers shall be presumed to be confidential;

- (IX) to the extent ordered to be filed as public documents by the Commission, service quality performance reports required by the Commission from utilities regulated under an alternative form of regulation or performance based regulation, with the exception of individual customer names, addresses, and telephone numbers;
- (X) safety inspection reports or information filed with the Commission or compiled by Commission staff pursuant to Commission decision or rule; and
- (XI) any document or information that has been previously made public.

1101. Procedures Relating to Confidential Information Filed with the Commission in a Proceeding.

- (a) Procedure for filing information claimed to be confidential or highly confidential in a proceeding.
 - (I) A party submitting to the Commission information claimed to be confidential or highly confidential shall file, as part of the public record (i.e., not under seal), the required number of copies of its filing, according to these rules and without including the information claimed to be confidential or highly confidential. The first page of each of these copies shall be labeled: "NOTICE OF CONFIDENTIALITY: A PORTION OF THIS DOCUMENT HAS BEEN FILED UNDER SEAL." The first page shall list each document filed under seal, shall list each page number of each document on which confidential or highly confidential material is found, and shall indicate the nature of the documents that are filed under seal. Failure to make a public filing that excludes information claimed to be confidential or highly confidential along with the information claimed to be confidential or highly confidential will result in administrative rejection of the filing by Commission staff.
 - (II) Unless filed through the E-Filings System, in addition to the copies available for public inspection, the person filing shall file under seal an original and three copies of the pages on which the information is claimed to be confidential or highly confidential. All pages and copies of the information claimed to be confidential or highly confidential shall be clearly marked as "confidential" or "highly confidential" as applicable and shall be filed on lightly colored paper. Each page of the document containing information claimed to be confidential or highly confidential shall be clearly marked so that, should the pages of the document be separated from the envelope, it will be clear that the information on the page of the document is claimed to be confidential or highly confidential.
 - (III) Unless filed through the E-Filings System, the original and three copies of the pages containing confidential or highly confidential information shall be filed under seal in separate, sealed envelopes numbered serially. The envelopes shall be no smaller than 9" by 12" and no larger than 10" by 13". The following information shall be written on the outside of each sealed envelope:
 - (A) the caption and proceeding number of the associated proceeding and the notation "CONFIDENTIAL -- SUBMITTED IN PROCEEDING NO. _____" or "HIGHLY CONFIDENTIAL -- SUBMITTED IN PROCEEDING NO. _____", as applicable;
 - (B) the name of the filing party;
 - (C) the date of filing;
 - (D) a description of the information (e.g., testimony, including attachments of _____ (name of witness), statement of position, motion);

- (E) the filing party's statement as to whether it prefers to retrieve the information following conclusion of Commission proceedings and any related court actions or it prefers to have the Commission and/or parties served destroy the information by shredding following conclusion of Commission proceedings and any related court actions; and
 - (F) if the party chooses to retrieve the information in accordance with the statement contained in subparagraph (III)(E), the name and phone number of the person who will retrieve such information.
- (b) If a person believes that information requires extraordinary protection beyond that otherwise provided for information furnished subject to a claim of confidentiality, then the person must file a motion requesting highly confidential protection. The motion:
- (I) shall include a detailed description and/or representative sample of the information for which highly confidential protection is sought;
 - (II) shall state the specific relief requested and the grounds for seeking the relief;
 - (III) shall advise all other parties of the request and the subject matter of the information at issue;
 - (IV) shall include a showing that the information for which highly confidential protection is sought is highly confidential; that the protection afforded by the Commission's rules for furnishing confidential information provides insufficient protection for the highly confidential information; and that, if adopted, the highly confidential protections proposed by the movant will afford sufficient protection for the highly confidential information;
 - (V) shall be accompanied by a specific form of nondisclosure agreement requested;
 - (VI) shall be accompanied by an affidavit containing the names of all persons with access to the information and the period of time for which the information must remain subject to highly confidential protection, if known; and
 - (VII) shall include an exhibit, filed in accordance with the procedures established in paragraph (a), containing the information for which highly confidential protection is requested. Alternatively, the movant may show why providing the subject information would be overly burdensome, impractical, or too sensitive for disclosure.
- (c) If a person believes that information presumed to be open for public inspection as contained in paragraph (n) of rule 1100 should not be open for public inspections, then the person may file a motion requesting highly confidential protection in accordance with paragraph (b) above. The appropriate treatment for such information must be determined by the Commission. A claim of confidentiality does not overcome the presumption of public availability.

-
- (d) The person seeking highly confidential protection for information shall comply with paragraph 1204(a) in filing the motion. Prior to deciding the motion and as it deems necessary, the Commission may enter a decision requiring the filing of additional information, including the filing of a complete version of the information for which highly confidential protection is sought. The person seeking highly confidential protection for information shall bear the burden of proof to establish the need for highly confidential protection. The Commission will consider in camera the motion and, as applicable, the description of the information, the representative sample of the information, or the complete information. After considering the motion and the circumstances, the Commission may enter a decision granting the motion and ordering the highly confidential protection which the Commission, in the exercise of its discretion, deems appropriate; may enter a decision denying the motion; or may enter any other appropriate decision.
- (e) Information which is subject to highly confidential protection and that is provided in response to discovery or in response to Commission staff audit shall not be filed with the Commission. Unless the Commission orders otherwise, a complete version of the document that contains the information which is subject to highly confidential protection shall be filed with the Commission as soon as any one of the following applies:
- (I) the information is used to support a motion;
 - (II) the information is filed as an attachment included in prefiled testimony;
 - (III) the information is prefiled as an exhibit to be offered at hearing; or
 - (IV) the information is offered as an exhibit at hearing.
- (f) This rule establishes the procedure for the expeditious handling of a challenge to the claim by a person that information is confidential. Compliance with this rule shall not be construed as an agreement or ruling regarding the confidentiality of any document.
- (I) A person seeking to challenge a claim of confidentiality shall first contact counsel for the providing person and attempt to resolve any differences by stipulation.
 - (II) In the event the parties cannot agree as to the character of the information challenged, any person challenging a claim of confidentiality shall do so by advising all parties and the Commission, in writing, that it deems information non-confidential. This notice shall designate the information challenged in a manner that specifically isolates the challenged information from other information claimed as confidential.
 - (III) The person claiming confidentiality shall, within ten days of the notice required by subparagraph (II) of this paragraph, file an appropriate pleading stating grounds upon which the challenged information is claimed to be confidential. The challenging person shall have ten days to respond to the pleading. In the event the claiming person fails to file the required pleading stating grounds for treating the challenged information as confidential within ten days, the Commission may enter a decision that the challenged information may be included in the public record or subject to modified protections.

-
- (g) Where feasible, confidential information will be marked as such and delivered to counsel for the parties. Where the material is too voluminous to copy and deliver to counsel, the confidential information shall be made available for inspection and review by counsel and experts, as provided for in paragraphs (h) and (i) of this rule, at a place and time mutually agreed on by the parties, or at the premises of the providing party, or as directed by the Commission. During the inspection, unless the Commission orders otherwise, the parties may take notes about the information or may request and receive copies of the documents, or both. All notes taken and copies received of such documents shall be treated as constituting confidential information in accordance with these standards of conduct.
- (h) All confidential information made available by a party shall be given solely to the Commission, Commission staff, and counsel for the parties, and, shall not be used or disclosed for purposes of business or competition, or for any purpose other than for purposes of the proceeding in which the information is produced. The nondisclosure agreement form shall require the person to whom disclosure is to be made (the signatory) to certify in writing that the signatory has read the protective provisions contained in rules 1100 - 1103 and agrees to be bound by the terms of those provisions. The agreement shall contain (1) the caption and number of the associated proceeding; (2) the signatory's full name, title, employer or firm, and business address; (3) the name of the party with whom the signatory is associated; (4) the signatory's signature and the date of execution of the nondisclosure agreement; and (5) the signature of the associated party's counsel of record for the proceeding. Any further use of or substantive references to such information shall be placed in a separate section of the pleading and shall be submitted to the Commission under seal in accordance with these rules.
- (k) Sealed portions of a record in any proceeding may be forwarded under seal to any court of competent jurisdiction on appeal in accordance with applicable rules and regulations.
- (l) Retention of documents.

- (I) At the conclusion of the proceedings, all documents and information subject to this rule, except the original and copies retained by Commission staff shall be retrieved by the party or person producing them unless the filer states on the outside of each sealed envelope served that its preference is to have the Commission and/or parties served destroy the information following the conclusion of Commission proceedings and any related court actions. If the producing party does not retrieve the documents from the Commission within seven days of notification by the Commission, the documents will be shredded or destroyed. The original shall be maintained by the Commission as part of its archival files. Commission staff shall take all reasonable precautions to maintain the confidentiality of information subject to these standards of conduct.
- (II) Upon motion approved by the Commission, the OCC may be permitted to retain information subject to this rule for a specified time following conclusion of the proceeding in which such information was obtained. Commission staff's use of confidential or highly confidential information in a subsequent proceeding shall be in accordance with the provisions of these standards of conduct.
- (IV) Commission staff and OCC shall develop and maintain internal procedures to protect from disclosure any confidential or highly confidential information permitted to be retained pursuant to these standards of conduct or order of the Commission.

The motion shall identify why the non-party has an interest in the proceeding, shall identify the issues that the non-party will address through argument, and shall explain why the legal argument may be useful to the Commission. An amicus curiae is not a party, and may present a legal argument only, as permitted by the Commission. The arguments of amicus curiae shall not be considered as evidence in the proceeding and shall not become part of the evidentiary record. All requests for amicus curiae status may be accepted or declined at the Commission's discretion. Unless ordered otherwise, the filing deadlines governing amicus curiae shall correspond to the deadlines applicable to the parties' opening statements of position, legal briefs or responses to motions.
- (d) Persons participating in certain non-adjudicatory proceedings, e.g., rulemaking proceedings and administrative proceedings, are not parties. For ease of reference, such persons shall be referred to as "participants". Participants are generally subject to the same rules regulating confidentiality as are parties.

1201. Attorneys.

- (a) A party or an amicus curiae shall be represented by an attorney at law, currently in good standing before the Colorado Supreme Court or the highest tribunal of another state as authorized in rule 205.4, C.R.C.P.

- (b) Notwithstanding paragraph (a) of this rule, an individual who is not an attorney may represent:
- (I) his or her own interests;
 - (II) the interests of a closely held entity, subject to and in accordance with § 13-1-127, C.R.S., after demonstrating eligibility to do so in the closely held entity's initial application or petition or its motion for intervention;
 - (III) a partnership, corporation, association, or any other entity in order to complete forms that do not require any knowledge or skill beyond that possessed by the ordinarily experienced and intelligent layman;

- (c) No attorney shall appear before the Commission in any proceeding until the attorney has entered an appearance by filing an entry of appearance, signing a pleading, or stating the entry of appearance for the record. An entry of appearance shall state the identity of the party for whom the appearance is made, the attorney's office address, the attorney's telephone number, e-mail address, and the attorney's registration number. If the attorney's address, telephone number or e-mail address changes during a proceeding the attorney shall file in the proceeding a notice that includes the updated information.
- (d) An attorney of record who wishes to withdraw from a proceeding shall file a notice of withdrawal. The notice of withdrawal shall include a list of all pending hearing and procedural dates and shall be served in accordance with rule 1205, and on the party represented by the withdrawing attorney. The withdrawing attorney shall specifically advise the party represented of its right to object. Objections to withdrawal of an attorney shall be filed within ten days of the filing of the notice. If any objection is made, no substitution or withdrawal shall occur without a decision of the Commission.

1202. Form and Content.

- (a) Unless the Commission orders otherwise, every pleading shall comply with the following requirements: Pleadings other than pre-printed forms shall be printed or electronically formatted on 8 1/2" x 11" white pages, with one-inch margins at the top, bottom, and both sides of each page, excluding page numbering, and shall be bound with removable bindings. Page numbers shall be in the bottom center of each page excluding the cover page, except that for written testimony page numbers may be included in a header. The text shall be at least 12-point type and double spaced, except for indented quotations and footnotes which may be single-spaced. If filed testimony exceeds 20 pages and deals with more than one subject, the filed testimony shall contain a table of contents.

-
- (b) Titles and captions.
- (I) The caption of an application or petition proceeding shall contain the name of the applicant or petitioner, describe the authority or decision being sought from the Commission with sufficient specificity to distinguish the application or petition from other proceedings, and briefly describe the subject matter of the proceeding. If the application or petition relates to a previous proceeding, the caption of the application or petition proceeding shall identify the previous proceeding by proceeding number.
 - (II) The first page of every pleading shall contain the proceeding caption, proceeding number, a heading “Before the Public Utilities Commission of the State of Colorado,” and the title of the pleading.
 - (III) Every pleading shall include a clear and concise statement of the authority relied upon, the relief sought, and the name, including trade name, if any, of the party or the party's attorney.
- (c) No pleading shall be more than 30 pages in length, excluding attachments. Attachments shall not be used to evade the page limitation in this rule. The cover sheet, table of contents, certificate of mailing, copies of authorities cited, and copies of a decision that may be the subject matter of the pleading shall not be included for calculating the length of the pleading.
- (d) Every pleading of a party represented by an attorney shall be signed by the attorney, and shall state the attorney's address, telephone number, e-mail address, and attorney registration number. A pleading of a party not represented by an attorney shall be signed by a person with authority to bind the party, and shall state the person's title, address, telephone number, and e-mail address. The signature of an attorney or party certifies that the signatory has read the filing; that to the best of the signatory's knowledge, information, and belief there are good grounds to support it; and that it is not interposed for any improper purpose, such as to harass, delay, or increase the cost of the litigation.
- (e) Written testimony is not subject to paragraphs (c) and (d) of this rule. When written testimony is filed, it shall meet the following requirements:
- (I) Each line shall be serially numbered in the left margin, beginning with “1” on each page.
 - (II) The cover sheet for written testimony shall contain the proceeding number, the caption of the proceeding, the name of the witness and the party for whom the witness is testifying, the date on which the testimony is filed, and whether it is direct, answer, cross-answer, rebuttal, surrebuttal, or other testimony.
 - (III) Except as required by subparagraph (IV), attachments included with written testimony shall be numbered in sequence and shall be physically contained in the same document as the testimony.
 - (IV) Attachments included with written testimony and submitted through the E-Filings System shall be numbered in sequence and separately uploaded as secondary documents to the primary written testimony.
 - (V) Each witness' attachments to testimony shall be numbered sequentially beginning with the witness' initials and followed by the number of the attachment. For example, attachments to the testimony of John Q. Public would be identified as JQP-1, JQP-2, etc., regardless of whether it is direct, answer, cross-answer, rebuttal, surrebuttal or other testimony.

- (VI) The Commission may permit minor revisions to written testimony and attachments by a witness on the witness stand, and may permit more extensive revisions by allowing the filing of revised testimony and attachments using the same Arabic numeral as the original with a hyphenated designation that the testimony is revised, such as "Attachment JQP-1, 2d Rev." All revisions other than those of a minor nature shall be filed promptly with the Commission and served on all parties. Such filed revisions of testimony and/or attachments shall include a cover page that contains a list of the revisions made, as well as a complete copy, not just individual pages, of the testimony and/or attachments revised.
- (f) When the E-Filings System is used to file multiple documents as a single filing (e.g., an application with a related motion, a motion with attachments, or an advice letter with related tariff pages), the primary document and each secondary document must be separately identified and separately uploaded.
- (g) When multiple documents are filed as a single paper filing (e.g., an application with a related motion, a motion including attachments, or an advice letter with related tariff pages), the primary document and each secondary document must be separately identified and separated through the use of blank slip sheets.

1203. Time.

- (a) When the day for the performance of any act under these rules, the effective date of any decision or order, or the day upon which a document must be filed, falls on a Saturday, Sunday, legal holiday, or any other day when the Commission's office is lawfully closed, then the day for performance or the effective date shall be continued until 5:00 p.m. Mountain Time on the next business day.
- (b) Unless a decision of the Commission or a specific rule provides otherwise, the date shown in the certificate of service or the mailed date on Commission decisions or notices shall be used in calculating relevant deadlines.
- (c) Except in the calculation of notice, a calculation of a period of days shall exclude the first day and include the last day. In calculating the period of notice in days, neither the date on which the notice is filed with the Commission nor the last day is included. The entire notice period must expire prior to the proposed effective date of a tariff.²

² For example, if a tariff has a 30-day notice period requirement, a tariff filed on June 1 could, at the earliest, have an effective date of July 2. A tariff filed on July 1 could, at the earliest, have an effective date of August 1.

1204. Filing.

- (a) Unless a decision of the Commission or a specific rule provides otherwise:
 - (I) Persons making a filing may file either an electronic document through the E-Filings System or a paper document. However, paper documents shall not be filed with the Commission if the documents are filed through the E-Filings System. All documents filed through the E-Filings System shall be uploaded to the system in a text-searchable format when possible.
 - (II) Filings made in paper copy shall include an original and three copies.

- (III) Unless filing through the E-Filings System, a person filing an annual report shall file an original and one copy. The filing shall also include one executable, read-only electronic copy, unless filing an electronic copy would be infeasible. If a person files an annual report through the E-Filings System, the report shall be uploaded to the system in an executable format.
- (b) All filings must be received at the Commission's office during normal business hours, 8:00 a.m. to 5:00 p.m. Mountain Time, Monday through Friday. Any document received for filing after normal business hours shall be deemed filed as of 8:00 a.m. Mountain Time, the following business day. Although the Commission's E-Filings System is generally available 24 hours a day, seven days a week, a document transmitted to the E-Filings System shall be deemed filed with the Commission pursuant to the business hours specified in this paragraph.
- (c) A person wishing to receive a date stamped copy of any paper filing shall file one copy in addition to the requirements of paragraph (a) of this rule. If the person desires that the Commission mail the date stamped copy of the paper filing, the person shall also include a self-addressed envelope with adequate postage affixed.

1205. Service.

- (a) A person filing any pleading or other document shall serve a copy, including all supporting attachments or exhibits, on every other party and amicus curiae in the proceeding, except that the Director shall serve a complaint as provided in rule 1302(g). Such service shall include service upon the Commission's assigned trial staff and advisory staff. Except as provided in rule 1205(c) and rule 1302(g), service shall be made by hand or through mailing on the same day the document is filed, unless a party expressly agrees by a signed waiver to accept service via fax, or is registered in the Commission's E-Filings System. Service required by this paragraph (a) may alternatively be made by e-mail, unless the party or amicus curiae to be served previously files a notice in such proceeding that service will not be accepted through e-mail.
- (b) All registered filers in the E-Filings System must have expressly agreed, through attestation, to accept service in all Commission proceedings through the E-Filings System. Filing through the E-Filings System constitutes service on all assigned trial staff, advisory staff, and registered users of the system.
- (c) In accelerated complaint proceedings:
 - (I) the complainant shall serve the complaint upon the respondent; and
 - (II) all pleadings and motions shall be served on the same day they are filed either (i) by e-mail and by hand; (ii) by e-mail and overnight delivery, or (iii) through the Commission's E-Filings System. Discovery shall be accomplished pursuant to rule 1405.
- (d) Service upon a private corporation, partnership, or unincorporated association may be made by delivering a copy to one or more of the officers, partners, associates, managers, or designated agents thereof. When an attorney represents a party, service shall also be made upon the attorney. Where a party is represented by an attorney of record and is not registered in the Commission's E-Filings System, service upon the party is complete upon service to the attorney of record. If more than one attorney who is not registered in the E-Filings System represents a party, service is complete upon service to one of those attorneys. Where a party is represented by more than one attorney, some of whom are registered in the Commission's E-Filings System and some of whom are not, service is complete upon service to those registered users of the E-Filings System only.

- (e) Proof of service of a filing shall be demonstrated through one or more certificates of service identifying the document served and filed with the Commission. Certificates of service may be filed in paper, filed through the Commission's E-Filings System, or they can be systematically created and attached in the filing process through the E-Filings System. For any filing for which there is no certificate of service demonstrating service upon an amicus curiae, a pro se party, or a party's counsel of record in any of the identified forms, the Commission will presume that the document has not been served on omitted amici, parties or counsel of record. This presumption may be overcome by evidence of proper service.
- (f) All interrogatories, requests for production, and requests for admission may be served by hand, through mailing by first class mail, or by fax if a person expressly agrees by a signed waiver to accept service via fax. Service required by this paragraph (f) may alternatively be made by e-mail, unless the person to be served previously files a notice in such proceeding that service will not be accepted through e-mail.

1206. Commission Notice – Generally.

- (a) Except as provided in paragraph (c) of this rule, the Commission shall, within 15 days of the date an application or petition is filed, provide notice of the application or petition to any person who in the opinion of the Commission may be affected by the grant or denial of the application or petition.  - (A) no notice of intervention as of right or motion to permissively intervene is timely filed, or
 - (B) no notice of intervention as of right or motion to permissively intervene requests a hearing and contests or opposes the application or petition; and

- (IX) a statement that any person who files an objection, notice of intervention as of right, motion to permissively intervene, testimony, or any other document shall do so in accordance with the instructions set forth in the notice; and that the Commission may dismiss or strike any such document not filed in accordance with the instructions set forth in the notice.
- (c) Nothing in paragraph (a) of this rule shall require the Commission to provide notice of:
 - (I) an application or petition that does not reasonably specify the information required by subparagraph (b)(IV) of this rule;
 - (II) a restrictive amendment of any pleading;
 - (III) a petition for declaratory order or a petition for rulemaking, until the Commission in its discretion opens a proceeding regarding such a petition;
 - (IV) a regulated intrastate carrier application that does not include the requisite filing fee; or

- (d) Unless shortened by Commission decision or rule, the intervention period for notice mailed by the Commission shall expire 30 days after the mailing date. The Commission shall re-notice any application or petition that, through amendment or otherwise, is changed in any manner that broadens the application's or petition's purpose or scope.
- (e) In addition to complying with § 24-4-103, C.R.S., the Commission shall provide a notice of proposed rulemaking to: each regulated entity that may be affected; each person who previously notified the Commission in writing that he or she desires notice of proposed rulemaking proceedings; each person who registered to receive notification of rulemakings through the E-Filings System; and any other person who in the opinion of the Commission may be interested in or affected by the rulemaking proceedings.

- (a) A utility, other than a rail carrier or motor carrier, filing tariffs shall provide notice in accordance with the requirements of § 40-3-104(1)(c)(I), C.R.S. or, when it files tariffs on less than statutory notice, as allowed by § 40-3-104(2), C.R.S.
- (b) A utility may also file a request for an alternative form of notice pursuant to § 40-3-104(1)(c)(I)(D), C.R.S.  - (VI) a statement that written objections and interventions must be filed by the time listed in the notice separately given by the Colorado Public Utilities Commission.
- (d) All persons who are required to provide notice shall, within 15 days of providing notice, file an affidavit with the Commission stating the date notice was completed and the method used to provide it, accompanied by a copy of the notice or notices provided.
 - (e) The Commission may order an applicant or a petitioner to provide such additional notice as the Commission deems appropriate as provided pursuant to § 40-3-104, C.R.S.
 - (f) In all cases, notice shall contain adequate information to enable interested persons to be reasonably informed of the purpose of the matter noticed.
 - (g) Unless the Commission orders otherwise, a utility shall be permitted to file tariffs complying with a decision of the Commission or updating adjustment clauses previously approved by the Commission on not less than two business days' notice. No additional notice beyond the tariff filing itself shall be required.

1208. Adoptions and Adoption Notices.

When the Commission authorizes the transfer of control of one utility to another utility, or when a utility's name changes, the utility which will afterwards operate under the certificate shall file with the Commission an adoption notice, in a form available from the Commission. Pending hearing and decision, the proposed tariff shall not go into effect. 1211. E-Filings System.

- (a) Corrections or other modifications primarily affecting Commission recordkeeping and searchability of information. Upon request or observation, Commission staff will actively monitor and correct the following information input during the electronic filing process through the Commission's E-Filings System: typographical errors, document title, the document to which a filing is responsive and the document type. When making any change to a document title in the Commission's E-Filings System, staff will send an e-mail to registered filers in the E-Filings System for that proceeding notifying them of the change.

-
- (b) Other corrections or modifications. To avoid prejudice to recipients of information through the E-Filings System, the filer must effectuate any other modification to e-filing inputs, including without limitation, the name of the person on behalf of whom the filing was made, proceeding caption for new proceedings, filing date, proceeding number, claimed confidentiality, and service recipients. Such filer action may be initiated by motion or in accordance with paragraph (d) below.
- (c) Information contained within the documents submitted through the E-Filings System must be consistent with the information input in the fields required in the E-Filings System. To the extent of any conflict between information input in the e-filing process other than the document to which a filing is responsive, the document title and document type on the one hand and documents electronically attached or associated with the filing on the other hand, the information input in the e-filing process shall prevail.
- (d) Procedure for expedited relief. In addition to other relief available, the following expedited relief is available when a filer experiences technical difficulties while using or attempting to make a filing through the E-Filings System:
- (I) Within one business day after a filer experiences technical difficulty, or e-files an erroneous filing, the filer may file a statement containing, without limitation:

 - (F) if the e-filing was filed in an unintended proceeding, a statement as to whether the filing should be administratively stricken from the unintended or improper proceeding.
 - (II) Without regard to the proceeding in which difficulty was experienced or the erroneous e-filing was made, the filer's statement shall be filed in the proceeding in which the filing was originally intended or attempted to be filed.
 - (III) A copy of the correct filing shall be filed with the statement.
 - (IV) Upon filing of a statement in compliance with this rule, the corrected filing shall be accepted nunc pro tunc to the date it was first attempted to be filed electronically. The filing date will be changed administratively to reflect this acceptance.
 - (V) Unless requested otherwise and pursuant to the statement filed in compliance with this rule, Commission personnel will administratively strike any original erroneous filing giving rise to the filing of the statement described in this rule.

 - (IX) employ any combination of the above responses or techniques, or respond in any other reasonably appropriate manner.

- (c) If Commission staff refers an informal complaint to a regulated entity for a response, the regulated entity shall respond in writing within 14 days of the referral, or such lesser period as Commission staff may require. Commission staff may only require a response period less than five days if such period is reasonable under the circumstances of the informal complaint.
- (d) If the informal complainant and the regulated entity agree, Commission staff may refer an informal complaint for mediation. If Commission staff refers the informal complaint for mediation:
 - (I) nothing said or offered during mediation or settlement negotiations may be used in any formal complaint proceeding against the person making the statement or offer; and
 - (II) the mediator shall attempt to resolve the informal complaint within ten days of the mediator's receipt of the mediation request, although the informal complainant and regulated entity may consent to additional time.
- (e) A person may withdraw an informal complaint at any time.

1302. Formal Complaints and Show Cause Proceedings.

- (a) Any person may file a formal complaint at any time. A formal complaint shall set forth sufficient facts and information to adequately advise the respondent and the Commission of the relief sought and, if known, how any statute, rule, tariff, price list, time schedule, decision, or agreement memorialized, accepted, or approved by Commission decision is alleged to have been violated. In addition, a formal complaint shall meet the following requirements, as applicable:
 - (I) a complaint that seeks to modify, limit, suspend, annul, or revoke a certificate, permit, registration, license or other authority shall be signed and sworn by the complainant;
 - (II) a complaint that claims unreasonable rates or charges of any gas, electric, water, or telephone public utility shall comply with the provisions of § 40-6-108(1)(b), C.R.S.; and
 - (III) a complaint against a cooperative electric association shall comply with the provisions of § 40-9.5-106, C.R.S., if applicable.
- (b) The Commission may impose a civil penalty, when provided by law. The Commission will consider any evidence concerning some or all of the following factors:
 - (I) the nature, circumstances, and gravity of the violation;
 - (II) the degree of the respondent's culpability;
 - (III) the respondent's history of prior offenses;
 - (IV) the respondent's ability to pay;
 - (V) any good faith efforts by the respondent in attempting to achieve compliance and to prevent future similar violations;
 - (VI) the effect on the respondent's ability to continue in business;
 - (VII) the size of the respondent's business; and
 - (VIII) such other factors as equity and fairness may require.

-
- (c) The Commission may expedite a formal complaint proceeding on its own motion or upon the motion of a party if such motion shows good cause or the consent of all the parties. If the Commission expedites a formal complaint, it shall enter a procedural decision that:
- (I) establishes the expedited schedule, including hearing dates; and
 - (II) details the limits, if any, that the Commission, in its discretion, places on discovery.
- (d) Formal complaints to enforce a telecommunication provider's interconnection duties or obligations, and formal complaints regarding interconnection service quality matters, shall be treated as accelerated complaints if:
- (I) At least ten days prior to filing the complaint, the complainant has personally served upon the respondent written notice of intent to file an accelerated complaint, together with identification of the provision of any applicable law or agreement that the complainant contends is not being complied with, and a description of the facts demonstrating any alleged violation of any applicable law or agreement.
 - (II) The complainant has attached to the complaint copies of all relevant non-confidential documents, including correspondence and work papers.
 - (III) The complaint includes a certification that any and all methods of dispute resolution established in any applicable agreement, including escalation to higher levels of management within the parties' organizations, have been exhausted.
 - (IV) The complaint provides specific facts demonstrating that the complainant engaged in good faith negotiations to resolve the disagreement, and that despite those negotiations the parties failed to resolve the issue.
 - (V) The complaint includes a certification of the complainant's compliance with subparagraph (d)(I) above.
 - (VI) On the same day as the complaint is filed with the Commission, the complainant serves a copy of the complaint by hand-delivery or through the E-Filings System during normal business hours on the person designated by the respondent to receive service of process.
- (e) In accelerated formal complaint proceedings, in addition to the provisions of this rule, parties shall comply with the following rules, if applicable: 1205(c); 1308(d); 1308(e); 1400; 1405(i); and 1409(b).
- (f) In complaint proceedings where discontinuance of service becomes an issue, the Commission may issue an interim decision to a regulated entity requiring it to provide service pending a hearing:
- (I) if the customer has posted a deposit or bond with the regulated entity equal to the amount in dispute or as otherwise prescribed by the Commission, the amount of which may be increased, or the terms adjusted, by the Commission, Hearing Commissioner or Administrative Law Judge as needed at any time while the dispute is pending;
 - (II) if the customer has previously made an informal complaint to the Commission, and Commission staff investigation indicates probable success of the customer; or
 - (III) upon such other good cause as the Commission may deem appropriate.

- (g) Upon the filing of any formal complaint, except as provided in rule 1205(c), the Director shall promptly serve the respondent with the complaint, an order to satisfy the complaint or file an answer, and a notice setting the date, time, and location of the hearing. Except in the case of an accelerated complaint, the order shall require the respondent to satisfy the complaint or file its answer within 20 days of service of the order. If the complaint is an accelerated complaint the order shall require the respondent to satisfy or answer within ten days. For accelerated complaints, the Commission shall set the hearing to occur within 45 days of the filing of the complaint. Unless all parties agree otherwise or the Commission finds exceptional circumstances warrant, a hearing on an accelerated complaint may not be continued beyond 60 days after the filing of the complaint.
- (h) Show cause proceedings. The Commission may issue a decision ordering a regulated entity to show cause alleging that a regulated entity has violated a statute, rule, decision, tariff, price list, time schedule, or agreement accepted or approved by Commission decision, and to make any appropriate order or requirement. The show cause decision shall issue through the following process.
- (l) Proposed decision ordering a regulated entity to show cause.
- (A) When Commission staff intends to request an order to show cause against any regulated entity, the staff shall first prepare a proposed decision. The proposed decision shall set forth sufficient facts and information to advise the respondent of the relief sought and how any statute, rule, tariff, price list, time schedule, decision, or agreement accepted or approved by Commission decision is alleged to have been violated. The proposed decision shall contain the following information, at a minimum:
- (i) a clear statement of the facts and law which are the bases for the issuance of the decision;
- (ii) the relief, remedy, or sanction that may be ordered, including any reparations, or an order to revoke, suspend, annul, limit, or modify any authority granted by the Commission;
- (iii) a notice to the respondent that any rates collected that are found to be unlawful are subject to refund; and
- (iv) a statement that any relief sought may be granted as of the date of the notice of the issuance of an order to show cause.
- (B) Commission staff shall submit the proposed decision ordering a regulated entity to show cause to the Commission at its regular weekly meeting for approval to advise the regulated entity of the proposed proceeding. If the Commission approves the advisement, then the proposed decision presented by Commission staff shall be served on the regulated entity and shall be attached to a notice of proposed order to show cause over the Director's signature. The regulated entity shall have 20 days to cure or satisfy the allegations set forth in the notice of proposed show cause. If the Commission decides not to approved the advisement then the matter shall be deemed closed.
- (C) A notice of proposed decision shall identify those Commission staff members assigned by the Director or the Director's designee to service as trial staff and as advisory staff should the proposed show cause proceed to hearing.

- (D) After the 20 days to cure or satisfy have expired, Commission staff shall present the proposed decision ordering the regulated entity to show cause, along with any responses from the regulated entity, at a meeting of the Commission for a determination on whether to adopt the decision. If the Commission determines that the information available, including the proposed decision ordering the regulated entity to show cause and the regulated entity's response, if any, does not support issuance of the decision to show cause in accordance with the standards found in § 40-6-108 and 24-4-104(3), C.R.S., if applicable, and Commission rules, the Commission shall not adopt the decision and the matter will be closed.
- (II) Decision ordering a regulated entity to show cause.
 - (A) If the Commission determines that the information available, including the proposed decision and the regulated entity's response, if any, demonstrates good cause for further proceeding, the Commission shall, upon its own motion, open a show cause proceeding and issue a decision ordering a regulated entity to show cause and providing notice of hearing.
 - (B) The decision shall join trial staff and the regulated entity as parties to the proceeding.
 - (C) The Commission may take administrative notice of evidence in a decision ordering a regulated entity to show cause in accordance with rule 1501(c). Based thereupon, the decision may include a finding that a prima facie case has been shown and shift the burden of going forward as to how any statute, rule, tariff, price list, time schedule, decision, or agreement accepted or approved by Commission decision is alleged to have been violated.
 - (D) Upon issuance of the decision, the show cause proceeding will be processed pursuant to the procedures in these rules and the applicable provisions of § 40-6-101, et seq., C.R.S.
 - (E) A decision ordering a regulated entity to show cause shall be served in the same manner as a formal complaint, including an order requiring the respondent to satisfy the complaint or file its answer within 20 days of service of the order.
 - (F) Except as to a finding regarding a prima facie showing, if applicable, a Commission determination to open a proceeding and to issue a decision ordering a regulated entity to show cause is based on the information then available. The determination is not, and shall not be taken or assumed to be, a decision on the merits or on any factual allegation.
- (i) Notwithstanding the requirements of paragraph (h), when the Commission finds either that a regulated entity has engaged in a deliberate and willful violation or that the public health, safety, or welfare imperatively requires emergency action, the Commission may institute expedited and/or summary proceedings for suspension or revocation of authority subject to and in accordance with § 24-4-104(3) and (4), C.R.S.

1303. Applications.

- (c) Determination of the completeness of an application for purposes of § 40-6-109.5, C.R.S.:
- (I) The Commission shall determine whether an application meets the application requirements prescribed by Commission rule and decision. This determination is not, and shall not be taken or assumed to be, a decision on the merits.
 - (II) Commission staff shall evaluate the application and prepare a recommendation regarding completeness. Not more than ten days after the filing of an application, Commission staff may send the applicant and its attorney written notification concerning any specific deficiencies of the application regarding its completeness. The deficiency notification may be made by mail or e-mail and shall be filed in the E-Filings System. Upon receiving the notification, the applicant may file a response either curing all the deficiencies noted by Commission staff or explaining why it believes no further action is required. The applicant's response, if any, shall be filed no later than ten days after Commission staff's written notification was sent. If the applicant does not respond in the time allotted, the Commission may, after the application's notice period has expired, deem the application incomplete, dismiss the application without prejudice, and close the proceeding. The Commission shall not issue a decision granting an application that has been determined to be incomplete until any deficiencies are cured.
 - (III) If the Commission does not issue a determination on completeness within 15 days of the expiration of the application's notice period, and absent a determination that the application is not complete, the application shall be automatically deemed complete. At any time, the Commission may, by decision or by minute entry, deem an application complete.
 - (IV) Nothing in this paragraph (c) shall be construed to prohibit dismissal of an application on its merits, as provided by law and these rules.
- (d) At any time, an applicant may waive the time limits provided in § 40-6-109.5, C.R.S. If an application is a joint application, a waiver filed by any one of the applicants shall be effective for all applicants.

- (i) petition seeking a declaratory order.
 - (I) A person may file a petition for a declaratory order either as an original proceeding or in a pending proceeding.
 - (II) The Commission may issue a declaratory order to terminate a controversy or to remove an uncertainty affecting a petitioner with regard to any tariff, statutory provision, or Commission rule, regulation, or order.
 - (III) At its discretion, the Commission may grant, deny, or dismiss any petition seeking a declaratory order.

1305. Rejection or Suspension of Proposed Tariffs, Price Lists, or Time Schedules.

- (a) Protests.
 - (I) Any person may file a written protest against a proposed tariff, price list, or time schedule.
 - (II) If the Commission sets a proposed tariff, price list or time schedule for hearing, a person who registers a protest shall not be permitted to participate as a party unless that person has intervened as provided in rule 1401 and paragraph (d) of this rule.
- (b) The Commission may, pursuant to § 40-6-111(3), reject any proposed tariff, price list, or time schedule that is not submitted in the format required by statute or the Commission's orders or rules.
- (c) The Commission may determine that a hearing is required to investigate and determine the propriety of any proposed tariff, price list, or time schedule. Such a decision thereby suspends the effective date of the proposed tariff, price list, or time schedule pending a decision by the Commission, pursuant to § 40-6-111(1)(a) and (b). Any decision requiring a hearing shall be served upon the regulated entity proposing the tariff, price list, or time schedule.
- (d) Any person wishing to participate as a party in any hearing the Commission may hold on a suspended tariff, price list, or time schedule, must file a notice of intervention as of right or motion to permissively intervene as provided in rule 1401. The regulated entity filing the suspended tariff, price list, or time schedule is a party and does not need to file an intervention.
- (e) A suspension shall not extend more than 120 days beyond the proposed effective date of the tariff, price list, or time schedule unless the Commission, by separate decision, extends the suspension for an additional period of time not to exceed 90 days.

- (f) No change sought by a suspended tariff, price list, or time schedule, shall become effective unless the Commission fails to issue a decision on the merits within the suspension period. If the Commission orders a change to be made to the suspended tariff, price list, or time schedule and states the time when the change shall take effect, and states the manner in which it shall be filed and published, the suspended tariff shall be permanently suspended and the regulated entity shall make a compliance filing that incorporates the ordered changes.

1306. Rulemaking Proceedings.

- (a) Rulemaking proceedings generally. Either upon its own motion or upon the petition of any person, the Commission may issue a notice of proposed rulemaking, in accordance with rule 1206. A rulemaking proceeding shall be governed by § 24-4-103, C.R.S., and such specific procedures as the Commission may order.
- (b) Petition for rulemaking. Upon the filing of a petition for rulemaking, the Commission may issue a notice of petition filed in accordance with rule 1206, unless a different notice period is requested and the Commission consents in writing to a modified notice period. When the notice period has expired, the Commission will set a schedule to receive comments on the petition from interested participants. The Commission may allow for the filing of reply comments. Once all comments are received, the Commission will deliberate and determine whether good cause exists to proceed to grant the petition, in whole or in part, and proceed to issue a notice of proposed rulemaking.

1307. Administrative Proceedings.

The Commission may open an administrative proceeding on its own motion at any time. Administrative proceedings shall be governed by such specific procedures as the Commission may order.

1308. Responses: Generally – Complaints.

- (a) A response may only be filed to: an application or petition, to the extent included in a notice of intervention or motion for permissive intervention; a complaint, or counterclaim or order to show cause, as provided in this rule and paragraphs 1302(g) and (h); a motion, as provided in rule 1400; or exceptions, as provided in rule 1505.
- (b) No response may be filed to an answer, response, or notice, except upon motion. Any motion for leave to file a response must demonstrate a material misrepresentation of a fact, an incorrect statement or error of law, or accident or surprise which ordinary prudence could not have guarded against. Motions for leave to file a response to applications for RRR are addressed in rule 1506.
- (c) The Commission may shorten or waive response time to a motion upon motion of a party or on its own motion upon a finding that time is of the essence or that the requested relief is unopposed. The Commission can act immediately where response time is waived and after the expiration of the shortened response time.
- (d) Except in an accelerated complaint proceeding, a party named as a respondent shall file a response within 20 days of being served with an order to satisfy or to answer the complaint. In an accelerated complaint proceeding, the respondent shall file a response within ten days after service of the order to satisfy or answer the complaint. A response to a complaint shall admit or deny with particularity each allegation of the complaint and shall separately state and number each affirmative defense. Where a complaint is filed by a regulated entity, the respondent may assert a counterclaim in its response. A counterclaim shall be answered within 20 days and is subject to a motion to dismiss as a complaint under paragraph (e) of this rule.

- (e) A respondent may file a motion to dismiss a complaint or a counterclaim prior to filing an answer. Unless the Commission orders otherwise, a motion to dismiss tolls the time to answer the complaint or counterclaim until 14 days after a decision denying the motion to dismiss. A motion to dismiss may be made on any of the following grounds: lack of jurisdiction over the subject matter; lack of jurisdiction over the person; insufficiency of process; insufficiency of service of process; insufficiency of signatures; failure to state a claim upon which relief can be granted; or failure to join a party. No motion need be entertained regarding misjoinder of claims or misjoinder or nonjoinder of parties, and no claim need be dismissed because of the absence of direct damage to a party. No defense is waived by being joined with one or more other defenses in a motion to dismiss. Unless the Commission shortens the response time, rule 1400 governs response time to a motion to dismiss.
- (f) If a party fails to file timely a responsive pleading, to admit or deny an allegation in a complaint, or to raise an affirmative defense, the Commission may deem the party to have admitted such allegation or to have waived such affirmative defense and may grant any or all of the relief requested.

1309. Amendment or Withdrawal.

- (a) Except in complaint proceedings, a party commencing an action may amend or supplement its pleading at any time during the intervention and notice period, if any. In complaint proceedings or after the close of the intervention and notice period, if any, the commencing party shall obtain leave of the Commission to amend or supplement. Except in complaint proceedings, whenever a commencing party amends or supplements a pleading, other than through a restrictive amendment, the commencing party, or the Commission, as applicable, shall provide new notice consistent with rule 1206 or 1207. All applicable timelines run from the date of the most recent amendment or supplement, except that a restrictive amendment shall not change applicable timelines.
- (b) A respondent may amend or supplement its responsive pleading at any time within 20 days of the filing of its original responsive pleading. Thereafter, the respondent shall obtain leave of the Commission to amend or supplement.
- (c) Any motion to amend or supplement a pleading that is filed more than 20 days before the first day of a hearing shall be ruled upon before the hearing.
- (d) A party may withdraw an application or petition upon notification to the Commission and all parties prior to 45 days before the first day of hearing. Thereafter, the party shall file a motion to obtain leave of the Commission to withdraw the application or petition. In ruling on such a motion, the Commission shall consider whether good cause for withdrawal is stated and whether other parties would be prejudiced by the withdrawal.
- (e) A party may withdraw an advice letter and tariffs prior to the effective date of the tariffs if they have not yet been suspended and set for hearing. Thereafter, the party shall file a motion to obtain leave of the Commission to withdraw a tariff or an advice letter. In ruling upon such a motion, the Commission shall consider whether good cause for withdrawal is stated, and whether other parties would be prejudiced by the withdrawal.

1310. Information Regarding Regulated Entities.

- (a) A regulated entity may maintain information regarding the regulated entity in an administrative proceeding created for that purpose. A regulated entity may incorporate by reference, in any application, petition, or motion, the information maintained in such an administrative proceeding, provided that the regulated entity also attests that the most current information is on file. In the application, petition, or motion, the regulated entity shall state the date the incorporated information was last filed with the Commission. If a regulated entity chooses to maintain information in an administrative proceeding, the following information may be filed:
- (I) a copy of the regulated entity's applicable organizational documents (e.g., Articles of Incorporation, Partnership Agreements, Articles of Organization);
 - (II) if the regulated entity is not organized in Colorado, a current copy of the certificate issued by the Colorado Secretary of State authorizing the regulated entity to transact business in Colorado;
 - (III) the name, business address, and title of each officer, director, and partner;
 - (IV) the names and addresses of affiliated companies that conduct business with the regulated entity; and
 - (V) the name and address of the regulated entity's Colorado agent for service of process.
- (b) If the information regarding the regulated entity changes, the regulated entity shall make a subsequent filing within a reasonable time to update the information previously filed.

1311. – 1399. [Reserved].

PRE-HEARING PROCEDURE

1400. Motions.

- (a) Except for oral motions made during hearing, or where the Commission orders otherwise, any motion involving a contested issue of law shall be supported by a recitation of legal authority incorporated into the motion. Before filing a motion, moving counsel shall make a reasonable good faith effort to confer with all parties about the motion and report when the requested relief is unopposed. If no conference has occurred, the reason why shall be stated.
- (I) Conferral is not required for motions made in accordance with rule 56 of the Colorado Rules of Civil Procedure, motions made in accordance with Commission rule 1308(e), motions to strike, motions for an alternative form of notice, or motions for an attorney to withdraw from a proceeding.
 - (II) If a motion is unopposed, it shall be entitled "Unopposed Motion for _____."
- (b) Except in an accelerated complaint proceeding, the responding party shall have 14 days after service of the motion, or such lesser or greater time as the Commission may allow, in which to file a response.
- (c) In accelerated complaint proceedings, responses to motions shall be due within seven days of the date of service of the motion.
- (d) The Commission may deem a failure to file a response as a confession of the motion.

- (e) A movant may not file a reply to a response unless the Commission orders otherwise. Any motion for leave to file a reply must demonstrate:
 - (I) a material misrepresentation of a fact;
 - (II) accident or surprise, which ordinary prudence could not have guarded against;
 - (III) newly discovered facts or issues, material for the moving party which that party could not, with reasonable diligence, have discovered at the time the motion was filed; or
 - (IV) an incorrect statement or error of law.
- (f) A motion for summary judgment may be filed in accordance with rule 56 of the Colorado Rules of Civil Procedure.

1401. Intervention.

- (a) Except as provided by paragraph (d) of this rule, any person may file a notice of intervention as of right or a motion to intervene by permission within 30 days of notice of any administrative or adjudicatory proceeding, unless the Commission's notice or a specific rule or statute provides otherwise. The Commission shall not enter a final decision in any proceeding before the intervention period has expired. The Commission may, for good cause shown, allow late intervention, subject to reasonable procedural requirements. If a person wishes to intervene and to request a hearing, that person's intervention as of right or motion to intervene by permission must state that the application or petition is contested or opposed, must give reason why the application or petition is contested or opposed, and must explicitly request a hearing. The Commission may consider any application or petition without a hearing and without further notice if a hearing is not required by law.
- (b) A notice of intervention as of right, unless filed by Commission staff, shall state the basis for the claimed legally protected right that may be affected by the proceeding. No decision shall be entered permitting intervention in response to a notice of intervention as of right.
- (c) A motion to permissively intervene shall state the specific grounds relied upon for intervention; the claim or defense within the scope of the Commission's jurisdiction on which the requested intervention is based, including the specific interest that justifies intervention; and why the filer is positioned to represent that interest in a manner that will advance the just resolution of the proceeding. The motion must demonstrate that the subject proceeding may substantially affect the pecuniary or tangible interests of the movant (or those it may represent) and that the movant's interests would not otherwise be adequately represented. If a motion to permissively intervene is filed in a natural gas or electric proceeding by a residential consumer, agricultural consumer, or small business consumer, the motion must discuss whether the distinct interest of the consumer is either not adequately represented by the OCC or inconsistent with other classes of consumers represented by the OCC. The Commission will consider these factors in determining whether permissive intervention should be granted. Subjective, policy, or academic interest in a proceeding is not a sufficient basis to intervene. Motions to intervene by permission will not be decided prior to expiration of the notice period.
- (d) Commission staff is permitted to intervene by right in any proceeding. Commission staff shall be permitted to file its notice of intervention within seven days after the time otherwise specified by paragraph (a) of this rule.
- (e) Transportation -regulated intrastate carrier application proceedings.

- (I) A notice of intervention as of right must include a copy of the common carrier's letter of authority, must show that the common carrier's authority is in good standing, must identify the specific parts of that authority that are in conflict with the application, and must explain the consequences to the common carrier and the public interest if the application is granted.
- (II) A common carrier holding either temporary or suspended authority in conflict with the authority sought in the application shall not have standing to intervene as of right, but may file a motion to permissively intervene.
- (III) A person filing a notice of intervention as of right or motion to permissively intervene in temporary authority application proceedings shall, if applicable, include a description of the services the intervenor is ready, willing, and able to provide, or has provided, to the persons or class of persons supporting the application.
- (IV) An intervention, whether permissive or as of right, in temporary authority application proceedings shall not constitute an intervention or a request to intervene in a corresponding permanent authority application proceeding.

1402. Consolidation.

Either on its own motion or on the motion of a party, the Commission may consolidate proceedings where the issues are substantially similar and the rights of the parties will not be prejudiced.

1403. Uncontested (Modified) Proceedings.

- (a) The Commission may determine any application or petition without a hearing and without further notice, upon either its own motion or upon the motion of a party, if the application or petition is uncontested or unopposed, if a hearing is not requested or required by law, and if the application or petition is accompanied by a sworn statement verifying sufficient facts and supported by attachments and/or exhibits that adequately support the filing. A person having knowledge of the stated facts shall, under oath, sign a sworn statement attesting to the facts stated in the application or petition and any attachments and/or exhibits.
- (b) A proceeding will not be considered to be contested or opposed, unless an intervention has been filed that contains a clear statement specifying the grounds on which the proceeding is contested or opposed.
- (c) If all parties withdraw their interventions before completion of a hearing, the matter may be determined as an uncontested proceeding.

1404. Referral to Hearing Commissioner or Administrative Law Judge.

- (a) Unless the Commission orders otherwise, all matters submitted to the Commission for adjudication shall be referred to a hearing Commissioner or an Administrative Law Judge. A referral to a hearing Commissioner or Administrative Law Judge shall encompass all issues of fact and law concerning the matter unless the Commission specifies otherwise in a written order.
- (b) For matters referred to an Administrative Law Judge or hearing Commissioner, the Commission may omit the recommended decision if the Commission specifically finds and directs upon the record that due and timely execution of the Commission's functions imperatively and unavoidably requires it to make the initial decision.

1405. Discovery and Disclosure of Prefiled Testimony.

- (a) Incorporation by reference, exclusions, and discovery and disclosures generally.
 - (I) Except as provided in subparagraph (II) of this paragraph, the Commission incorporates by reference rules 26-37 of the Colorado Rules of Civil Procedure.
 - (II) The following rules of Chapter 4 of the Colorado Rules of Civil Procedure are not incorporated by reference: 26(a)(1)-(4); 26(b)(2); the first two sentences of 26(d); 30(a)(2)(A); 30(a)(2)(C); 33(b)(3); the first two sentences of the second paragraph of 34(b); 35; the time requirement of the second sentence of the second paragraph of 36(a); 37(c); and any reference to a case management order. In addition to the foregoing exclusions, any portion of Chapter 4 of the Colorado Rules of Civil Procedure that is inconsistent with any Commission rule shall also be excluded.
 - (III) Unless the Commission orders otherwise, the Colorado Rules of Civil Procedure incorporated by reference govern discovery.
- (b) In application proceedings subject to the applicable statutory period for the Commission to issue a decision, a party shall serve discovery responses regarding direct and answer testimony, and objections if any, within ten days from service of a request. A party shall serve discovery responses regarding rebuttal or cross-answer testimony, and objections if any, within seven days of a request. These response times apply regardless of the number of discovery requests or subparts to discovery requests issued by parties.
- (c) In adjudicatory proceedings where no statutory period for Commission decision exists and in proceedings where the applicant has waived the applicable statutory period for the Commission to issue a decision, a party shall serve discovery responses and objections, if any, within ten days from service of a request. These response times apply regardless of the number of discovery requests or subparts to discovery requests issued by parties.
- (d) In proceedings where prefiled testimony is filed, the last day to propound written discovery directed solely to direct testimony shall be the deadline for filing answer testimony, the last day to propound discovery solely directed to answer testimony shall be the deadline for filing rebuttal and cross-answer testimony and the last day to propound discovery solely directed to rebuttal and cross-answer testimony shall be five business days before the first day of hearing.
- (e) Deadlines established in paragraphs (b) through (d) are subject to modification by agreement of the person propounding discovery and the person upon whom the discovery is propounded.
- (f) Discovery requests that are unrestricted as to both time and scope (e.g., all e-mails and other materials) or cover a time period more than four years prior to the filing of the application are presumptively deemed to be not reasonably calculated to lead to the discovery of admissible evidence. A proponent can overcome such presumption with leave of the Commission or without (e.g., acknowledgement by respondent) by demonstrating that such requests are reasonably calculated to lead to discovery of admissible evidence under the circumstances. Without limitation, the determination of reasonableness may include consideration of whether the discovery propounded is reasonably necessary to evaluate the proposal before the Commission and whether the burden or cost of the discovery sought substantially outweighs the likely probative value of the information.

-
- (g) The Commission will entertain motions to compel or for protective orders only after the movant has made a good faith effort to resolve the discovery dispute. The Commission discourages discovery disputes, and will sanction parties and attorneys that do not cooperate in good faith. Such sanctions may include, but are not limited to, payment of an opposing party's costs, expenses, and attorney's fees attributable to a lack of good faith, dismissal of a party, disallowance of witness testimony, or such other and further relief as the Commission may deem appropriate. Resolution of discovery disputes shall take precedence over other matters.
- (h) Discovery requests, responses, and objections thereto shall not be filed with the Commission except as necessary to support a pleading relating to discovery, as an attachment to prefiled testimony, as a prefiled exhibit, as an exhibit offered at hearing, or as an impeachment exhibit. No discovery, discovery responses, or objections to discovery shall be submitted to or served through the Commission's E-Filings System. Paragraph 1205(f) addresses service with respect to discovery.
- (i) In accelerated complaint proceedings, unless the Commission orders otherwise:
- (I) Within ten days of the filing of the answer, the complainant shall file and serve on all other parties a list of witnesses, together with a brief summary of the testimony of each witness, and copies of all exhibits it intends to offer into evidence.
 - (II) Within ten days of service of the complainant's list of witnesses and copies of exhibits, the respondent shall file and serve on all other parties a list of witnesses, together with a brief summary of the testimony of each witness, and copies of all exhibits it intends to offer into evidence.
 - (III) Discovery may commence with the filing of the complaint. Unless the Commission orders otherwise, the following shall apply:
 - (A) each party shall be limited to taking not more than two depositions; and
 - (B) each party shall be limited to a total of not more than 20 interrogatories, including all discrete subparts, requests for production of documents, or requests for admission.
 - (IV) Responses to discovery requests, including any objections, shall be served within seven days of receipt of the request. Any motion to compel shall be filed and served within five days of receipt of any objection, and a response to such a motion shall be filed and served within seven days of receipt of the motion.
- (j) In complaint proceedings that are not accelerated, application proceedings, and all rate proceedings set for hearing, all parties shall file and serve their testimony, including attachments, as ordered by the Commission.
- (k) In regulated intrastate carrier application proceedings, notwithstanding anything in this rule to the contrary, and unless the Commission orders otherwise:
- (I) If an applicant does not file its testimony or a detailed summary of testimony, and copies of its exhibits with its application, the applicant shall file and serve its list of witnesses and copies of its exhibits within ten days after the conclusion of the notice period.

- (II) Each intervenor in a regulated intrastate carrier application proceeding shall file and serve its list of witnesses and copies of its exhibits. If the applicant has filed its testimony or a detailed summary of testimony, and copies of exhibits with the application, each intervenor shall file and serve its list of witnesses and copies of its exhibits not later than ten days after the conclusion of the notice period. If the applicant has not filed its testimony or a detailed summary of testimony, and copies of exhibits with the application, each intervenor shall file and serve its list of witnesses and copies of its exhibits not later than 20 days after the notice period has expired.
- (III) No depositions may be taken.
- (IV) Parties shall be limited to a single set of not more than 20 interrogatories to each party, including all discrete subparts, requests for production of documents, or requests for admission.
- (V) Data requests for documents or tangible things shall not exceed a total of six months of the 12-month period immediately preceding the commencement of the proceeding.
- (VI) Any person adversely affected by a failure of another party to provide discovery may file a motion to compel discovery, a motion to dismiss, or a motion in limine.

1406. Subpoenas.

- (a) Incorporation by reference and exceptions.
 - (I) The Commission incorporates by reference rule 45(a) – (d) of the Colorado Rules of Civil Procedure.
 - (II) Except as provided in paragraph (b) of this rule and § § 40-6-102 and 103, C.R.S., subpoena practice before the Commission shall be governed by rule 45(a) – (d) of the Colorado Rules of Civil Procedure, as incorporated herein. For purposes of Commission subpoena practice, the word “court” in rule 45(a) and the last sentence in rule 45(c) shall be deemed to mean the Commission; otherwise, the word “court” in the incorporated material shall be deemed to mean the Commission or the Director.
- (b) Upon proper request and the filing of an affidavit showing good cause, the Commission or the Director shall issue a subpoena or a subpoena duces tecum requiring the attendance of a witness or the production of documentary evidence, or both, at a deposition or hearing, consistent with § 40-6-103(1), C.R.S.

1407. Stipulations.

The Commission encourages parties to offer into evidence a written stipulation resolving any fact or matter of substance or procedure that is at issue. An oral stipulation may be made on the record, but the Commission may require that the stipulation be reduced to writing, signed by the parties or their attorneys, and filed with the Commission. The Commission may approve, recommend modification as a condition of approval of, or disapprove any stipulation offered into evidence or on the record.

1408. Settlements.

The Commission encourages settlement of contested proceedings. Any settlement agreement shall be reduced to writing and shall be filed along with a motion requesting relief with regard thereto. The Commission shall enter a decision approving or disapproving the settlement, or recommend a modification as a condition for approval. Parties are encouraged to provide comprehensive reasoning regarding the terms of a settlement. The Commission may hold a hearing on the motion prior to issuing its decision. An agreement that is disapproved shall be privileged and inadmissible as evidence in any Commission proceeding.

1409. Conferences.

- (a) After the close of the intervention period, the Commission may hold a pre-hearing conference to expedite the hearing, establish a procedural schedule, resolve procedural issues, or address any other preliminary matter. Parties and their representatives shall be prepared to discuss all procedural and substantive issues.
- (b) In accelerated complaint proceedings, the Commission shall set a pre-hearing conference for not later than five days prior to hearing. The Commission will issue a written notice establishing the date, time, and place of the pre-hearing conference. At the conference, in addition to resolving any other preliminary matters, the presiding officer shall determine whether a hearing is necessary or whether the complaint can be determined on the face of the pleadings and supporting affidavits. If no hearing is necessary, the presiding officer shall issue an appropriate order.

1410. – 1499. [Reserved].

HEARINGS, ORDERS, AND POST-HEARING PROCEDURES

1500. Burden of Proof.

The burden of proof and the initial burden of going forward shall be on the party that is the proponent of a decision, unless previously agreed to or assumed by a party. The proponent of the order is that party commencing a proceeding, except that in the case of suspension of a proposed tariff, price list, or time schedule, the regulated entity shall bear the burden of proof.

1501. Evidence.

- (a) The Commission shall not be bound by the technical rules of evidence. Nonetheless, to the extent practical, the Commission shall conform to the Colorado Rules of Evidence applicable in civil non-jury cases in the district courts. Unless the context otherwise requires, wherever the word “court”, “judge”, or “jury” appears in the rules of evidence, it shall mean the Commission. Informality in any proceeding or in the manner of taking testimony shall not invalidate any Commission order, decision, rule, or regulation. The Commission may receive and consider evidence not admissible under the rules of evidence, if the evidence possesses reliable probative value commonly accepted by reasonable and prudent persons in the conduct of their affairs.
- (b) A party sponsoring an exhibit shall furnish a copy to each Commissioner or to the Administrative Law Judge or hearing Commissioner, and to each party present at the hearing. If exhibits have been filed and served prior to the hearing, the sponsoring party need only provide one copy for the record and one copy for each Commissioner or the Administrative Law Judge. The Commission may limit the number of copies to be furnished where reproduction is burdensome.

- (c) The Commission may take administrative notice of general or undisputed technical or scientific facts; of state and federal constitutions, statutes, rules, and regulations; of tariffs, price lists, time schedules, rate schedules, and annual reports; of documents in its files; of matters of common knowledge, matters within the expertise of the Commission; and facts capable of accurate and ready determination by resort to sources whose accuracy cannot reasonably be questioned. Any person requesting administrative notice shall specify on the record every fact to be noticed. In addition, unless already filed with the Commission, the person requesting administrative notice shall provide a complete copy of the document that contains any fact to be noticed as an exhibit in the proceeding. If a complete copy of the document is unreasonably voluminous, then the party requesting administrative notice may seek leave to provide only the relevant portion of the document. Every party shall have the opportunity on the record and by evidence, to controvert evidence admitted by administrative notice.

1502. Interim Decisions.

- (a) Interim decisions are issued after the Commission sets a tariff for hearing or a proceeding is opened by Commission decision or otherwise, other than a decision that may become a final decision of the Commission.
- (b) Interim decisions shall not be subject to exceptions or applications for RRR, except that any party or rulemaking participant aggrieved may challenge the matters determined in an interim decision in exceptions to a recommended decision or in an application for RRR of a Commission decision. A party or rulemaking participant may file a motion for modification of an interim decision issued by the Commission upon good cause shown. Such good cause may include, without limitation, establishing that the deferral of Commission reconsideration of the interim decision's rulings will result in the practical denial of a person's substantive or procedural rights or will cause unreasonable delay in the completion of the proceeding.
- (c) Any person aggrieved by an interim decision may file a written motion with the presiding officer entering the decision to set aside, modify, or stay the interim decision.
- (d) The Commission, hearing Commissioner or Administrative Law Judge may certify any interim decision as immediately appealable through the filing of a motion subject to review by the Commission en banc. Such motion shall be filed pursuant to rule 1400 and shall be titled "Motion Contesting Interim Decision No. [XXX-XXXX]."
- (e) Nothing in this rule prohibits a motion for clarification of an interim decision or a motion to amend a procedural schedule set forth in an interim decision.

1503. Briefs or Statements of Position.

At any time during a proceeding, the Commission may order the filing of written briefs or statements of position.

1504. Record.

- (a) The record of a proceeding shall include all information introduced by the parties, as provided in § 24-4-105(14), C.R.S., and all information set out in § 40-6-113(6), C.R.S.
- (b) Before an appeal has been taken to district court, the record may be reopened for good cause shown by the hearing Commissioner or Administrative Law Judge, on motion of a party before a recommended decision has been entered, on motion of a party before a Commission decision has been entered, or by the Commission on its own motion.

1505. Exceptions.

- (a) A recommended decision becomes the Commission's decision unless, within 20 days or such additional time as the Commission may allow, any party files exceptions to the recommended decision or the Commission orders the recommended decision to be stayed. A stay of a recommended decision does not automatically extend the period for filing exceptions or a motion for an extension of time to file exceptions. If exceptions are timely filed, the recommended decision is stayed until the Commission rules upon them. A motion for an extension of time to file exceptions based upon the unavailability of a transcript shall show that the transcript request was filed within seven days of the mailed date of the recommended decision. In proceedings where no statutory period for Commission decision exists and in application proceedings where the applicant has waived the applicable statutory period for the Commission to issue a decision, parties may file responses to exceptions within 14 days following service of the exceptions. In application proceedings where the applicant has not waived the applicable statutory period, parties may file responses to exceptions within seven days following service of the exceptions.
- (b) A party wishing to file exceptions shall request a transcript within seven days of the mailed date of the recommended decision, unless the party's exceptions dispute only issues of law. The requesting party shall bear the cost of the preparation of the transcript, unless the party files an appropriate motion and the Commission by decision equitably apportions the cost among the parties.
- (c) The Commission may, upon its own motion or upon the motion of a party, order oral argument regarding exceptions. A motion for oral argument shall be conspicuously incorporated into the document in which exceptions are filed. The Commission shall set the time allotted for argument and may terminate argument whenever, in its judgment, further argument is unnecessary. The party filing exceptions is entitled to open and conclude the argument. If more than one party has filed exceptions, the Commission shall determine the order of argument. Arguments will be limited to issues raised in the exceptions, unless the Commission orders otherwise. If a party fails to appear to present argument, the Commission may hear the arguments of other parties. The Commission shall have oral arguments recorded for inclusion in the record.

1506. Rehearing, Reargument, or Reconsideration.

- (a) Any party may file an application for RRR of any Commission decision or of any recommended decision that becomes a Commission decision by operation of law.
- (b) No response to an application for RRR may be filed, except upon motion. Any motion for leave to file a response must demonstrate a material misrepresentation of a fact in the record; an incorrect statement or error of law; an attempt to introduce facts not in evidence; accident or surprise, which ordinary prudence could not have guarded against; or newly discovered facts or issues material for the moving party which that party could not, with reasonable diligence, have discovered prior to the time the application for RRR was filed.
- (c) The Commission may waive or shorten response time to a motion requesting leave to file a response to an application for RRR upon the motion of a party or on its own motion if it is found that time is of the essence or the requested relief is unopposed. The Commission can act immediately after the grant of the waiver or the expiration of the shortened of response time.
- (d) An application for RRR, or a motion for an extension of time in which to file such an application, shall be filed within 20 days after the date of the Commission decision, or after the date on which a recommended decision by a hearing Commissioner or an Administrative Law Judge has become the decision of the Commission. A motion for extension of time based upon the unavailability of a transcript shall show that the transcript request was filed within seven days of the date on which the Commission decision was mailed.

- (e) An application for RRR does not stay the Commission's decision unless the Commission orders a stay. If the Commission does not act upon an application for RRR within 30 days of its filing, the application is denied and the Commission's decision shall be final.

1507. Judicial Review.

Any party may seek judicial review of any Commission decision in accordance with applicable law, including § 40-6-115, C.R.S..

1508. Enforcement Actions.

Whenever it appears that a person has engaged in, is engaging in, or is about to engage in any act or practice constituting a violation of any Commission order, rule, statute or law affecting public utilities, the Commission may direct the Attorney General to bring an action in an appropriate court for such relief as is necessary or appropriate, including mandatory or prohibitive injunctive relief, interim equitable relief, and monetary penalties as provided in Article 7 of Title 40, C.R.S.

1509. Public, Academic, or Policy Comments.

- (a) The Commission may accept oral or written comments from the public concerning any proceeding; however, anonymous or vulgar comments will not be accepted. These comments may be general in nature or may specifically address consideration of academic or policy concerns. Comments shall not be considered evidence in the proceeding. Rather, comments provide a means for interested persons to encourage the Commission in the exercise of discretion.
- (b) Parties and amici curiae to a proceeding may not provide public comment in that proceeding; they are not considered part of the public for comment purposes. Parties and amici curiae must participate in the scope and manner permitted in the proceeding (e.g., testimony or argument). Further, it will be presumed that the interests of individuals associated with a party or amicus curiae are represented in the proceeding.
- (c) The Commission will not rely upon comments submitted in adjudicatory proceedings after the latter of the close of the evidentiary record or the latest due date for filing statements of position.
