#### **Basis and Purpose – R 104**

The statutory authority for this rule exists in subsections 12-43.4-(3)(a)(IX) and 24-4-105(11), and section 12-43.4-201, C.R.S. The purpose of this rule is to establish a system by which a Licensee may request the Division to issue a formal statement of position and, subsequently, petition State Licensing Authority for a declaratory order. Typically, a position statement or declaratory order would address matters that are likely to be applicable to other Licensees. The approach is similar to that utilized by other divisions within the Department of Revenue.

#### **R 104 – Declaratory Orders Concerning the Retail Code**

- A. Who May Request a Statement of Position. Any person as defined in section 24-4-102(12), C.R.S., may request the Division to issue a statement of position concerning the applicability to the petitioner of any provision of the Retail Code, or any regulation of the State Licensing Authority.
- B. Division Response. The Division will determine, in its sound discretion, whether to respond with a written statement of position. Following receipt of a proper request, the Division will respond by issuing a written statement of position or by declining to issue such a statement.
- C. Petition for Declaratory Order. Any person who has properly requested a statement of position, and who is dissatisfied with the Division’s response, may petition the State Licensing Authority for a declaratory order pursuant to section 24-4-105(11), C.R.S. The petition shall be filed within 30 days of the Division’s response, or may be filed at any time before the Division’s response if the Division has not responded within 60 days of receiving a proper request for a statement of position, and shall set forth the following:
  - 1. The name and address of the petitioner.
  - 2. Whether the petitioner is licensed pursuant to the Retail Code or Medical Code, and if so, the type of license and address of the Licensed Premises.

3. Whether the petitioner is involved in any pending administrative hearings with the State Licensing Authority or relevant local jurisdiction.
  4. The statute, rule, or order to which the petition relates.
  5. A concise statement of all of the facts necessary to show the nature of the controversy or the uncertainty as to the applicability to the petitioner of the statute, rule, or order to which the petition relates.
  6. A concise statement of the legal authorities, if any, and such other reasons upon which petitioner relies.
  7. A concise statement of the declaratory order sought by the petitioner.
- D. State Licensing Authority Retains Discretion Whether to Entertain Petition. The State Licensing Authority will determine, in its discretion without prior notice to the petitioner, whether to entertain any petition. If the State Licensing Authority decides it will not entertain a petition, it shall notify the petitioner in writing of its decision and the reasons for that decision. Any of the following grounds may be sufficient reason to refuse to entertain a petition:
1. The petitioner failed to properly request a statement of position from the Division, or the petition for declaratory order was filed with the State Licensing Authority more than 30 days after the Division's response to the request for a statement of position.
  2. A ruling on the petition will not terminate the controversy nor remove uncertainties concerning the applicability to petitioner of the statute, rule or order in question.
  3. The petition involves a subject, question or issue that is relevant to a pending hearing before the state or any local licensing authority, an on-going investigation conducted by the Division, or a written complaint previously filed with the State Licensing Authority.
  4. The petition seeks a ruling on a moot or hypothetical question.
  5. Petitioner has some other adequate legal remedy, other than an action for declaratory relief pursuant to Colo. R. Civ. Pro. 57, which will terminate the controversy or remove any uncertainty concerning applicability of the statute, rule or order.
- E. State Licensing Authority May Adopt Division Position Statement. The State Licensing Authority may adopt the Division Position Statement as a Final Agency Action subject to judicial review pursuant to section 24-4-106, C.R.S.
- F. If State Licensing Authority Entertains Petition. If the State Licensing Authority determines that it will entertain the petition for declaratory order, it shall so notify the petitioner within 30 days, and any of the following procedures may apply:
1. The State Licensing Authority may expedite the matter by ruling on the basis of the facts and legal authority presented in the petition, or by requesting the petitioner or the Division to submit additional evidence and legal argument in writing.

2. In the event the State Licensing Authority determines that an evidentiary hearing is necessary to a ruling on the petition, a hearing shall be conducted in accordance with Rules R 1304 – Administrative Hearings, R 1305 – Administrative Subpoenas, and R 1306 – Administrative Hearing Appeals. The petitioner will be identified as Respondent.
  3. The parties to any proceeding pursuant to this rule shall be the petitioner/Respondent and the Division. Any other interested person may seek leave of the State Licensing Authority to intervene in the proceeding and such leave may be granted if the State Licensing Authority determines that such intervention will make unnecessary a separate petition for declaratory order by the interested person.
  4. The declaratory order shall constitute a Final Agency Order subject to judicial review pursuant to section 24-4-106, C.R.S.
- G. Public Inspection. Files of all requests, petitions, statements of position, and declaratory orders will be maintained by the Division. Except with respect to any material required by law to be kept confidential, such files shall be available for public inspection.
- H. Posted on Website. The Division shall post a copy of all statements of position and all declaratory orders on the Division's web site.

### **Basis and Purpose – R 203**

The statutory authority for this rule is found at subsections 12-43.4-103(12.4), 12-43.4-202(2)(b) and 12-43.4-202(3)(a)(I) and (XIV.5), and section 12-43.4-310, C.R.S.   2. A Licensee may apply for the renewal of an existing license not less than 30 days prior to the license's expiration date. If a Licensee timely applies for the renewal of an existing license, the Division may administratively continue the license beyond the expiration date while it completes the renewal licensing process.

3. If the Licensee files a renewal application within 30 days prior to expiration, the Licensee must provide a written explanation detailing the circumstances surrounding the late filing. If the Division accepts the application, then the Division may elect to administratively continue the license beyond the expiration date while it completes the renewal licensing process.

  6. The Division will send a copy of the Licensee's application for renewal of an existing license to the relevant local jurisdiction within seven days of receiving the application for renewal.

- C. If License Not Renewed Before Expiration or Administratively Continued. A license is immediately invalid upon expiration if the Licensee has not filed a renewal application and remitted all of the required fees.
1. In the event the license is not renewed prior to expiration, a Retail Marijuana Establishment may not operate unless it has been administratively continued.
  2. If a former Licensee files a late application and the requisite fees with the Division within 90 days of expiration of the license, the Division may administratively continue the license from the date the late application is received until it can complete its renewal application process and investigate the extent to which the Licensee operated with an expired license.

#### **Basis and Purpose – R 204**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-312(1), C.R.S. The purpose of this rule is to clarify what elements the State Licensing Authority generally considers when determining who has a beneficial interest in a license to such an extent that one is considered an Owner. The Division will review whatever relevant information exists to determine who ultimately owns or controls, *i.e.*, is in charge of a business. This rule sets forth the general elements that will help the Division make the proper determination.

#### **R 204 – Factors Considered When Evaluating Ownership of a License: Retail Marijuana Establishments**

- A. Licenses Held By Owners. Each Retail Marijuana Establishment License must be held by the Owner or Owners of the licensed establishment. The Division may consider the following non-exhaustive list of elements when determining who is an Owner:

  2. Who is entitled to possession of the Licensed Premise or premises to be licensed;
  3. Who has final decision making authority over the operation of the licensed Retail Marijuana Establishment;
  4. Who guarantees the Retail Marijuana Establishment's debts or production levels;
  5. Who is a beneficiary of the Retail Marijuana Establishment's insurance policies;
  6. Who acknowledges liability for the Retail Marijuana Establishment's federal, state, or local taxes; or
  7. Who is an officer or director of a Retail Marijuana Establishment.

- B. Businesses Must Have 100% Ownership To Operate.
  - a. The sum of the percentages of ownership of all Owners of a Retail Marijuana Establishment must equal 100%, and a Retail Marijuana Establishment must maintain 100% ownership, held by Owners who possess current and valid Occupational Licenses. See Rule R 233 – Retail Code or Medical Code Occupational Licenses Required.
  - b. In the event of an Owner's death or Occupational License revocation, a Retail Marijuana Establishment shall have 45 days to submit a change of ownership application to the Division detailing how the Licensee intends to redistribute ownership among the remaining Owners.
- C. Loss Of Occupational License As An Owner Of Multiple Businesses. If an Owner's Occupational License is suspended or revoked as to one Retail Marijuana Establishment or Medical Marijuana Business, that Owner's Occupational License shall be suspended or revoked as to any other Retail Marijuana Establishment or Medical Marijuana Business in which that Owner possesses an ownership interest. See Rule R 233 – Retail Code or Medical Code Occupational Licenses Required.
- D. Management Companies. Any Person contracted to manage the overall operation of a Licensed Premises may be considered an Owner.
- E. Role of Managers. Owners may hire managers, and managers may be compensated on the basis of profits made, gross or net. A Retail Marijuana Establishment license may not be held in the name of the manager.
- F. Entities and Interests
  - 1. A partnership interest, limited or general, a joint venture interest, a licensing agreement, ownership of a share or shares in a corporation or a limited liability company which is licensed, or having a secured interest in inventory constitutes ownership and a direct financial interest.
  - 2. Having a secured interest in furniture, fixtures, or equipment used directly in the manufacture or cultivation of Retail Marijuana or Retail Marijuana Product may constitute ownership and a direct financial interest.
  - 3. Secured or unsecured notes or loans constitute a financial interest. It shall be unlawful to fail to completely report all financial interests in each license issued.

### **Basis and Purpose – R 205**

The statutory authority for this rule is found at subsections 12-43.4-103(12.4), 12-43.4-202(2)(b), 12-43.4-202(3)(a)(III) (XIV.5), 12-43.4-304, 12-43.4-306, 12-43.4-309(2), and sections 12-43.4-308 and 24-76.5-101 *et. seq.*, C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(I). The purpose of this rule is to establish protocol for ownership transfers. In addition, the rule clarifies that a business cannot use the transfer of ownership process in order to circumvent the administrative disciplinary process and that an ongoing investigation or disciplinary action may: (1) constitute grounds to deny a transfer of ownership request; (2) constitute grounds to delay a transfer of ownership request, or (3) mandate that the new business owner is responsible for any imposed sanction.

**R 205 – Transfer of Ownership and Changes in Business Structure: Retail Marijuana Establishments**

**A. General Requirements**

1. All applications for transfers of ownership or changes in corporate entities by licensed Retail Marijuana Establishments authorized pursuant to section 12-43.4-401, C.R.S., shall be made upon current forms prescribed by the Division. Each Applicant shall also provide all requested information concerning financial and management associations and interests of other Persons in the business, Department of Revenue tax payment information, proof of good and sufficient surety bond and the deed, lease, contract, or other document governing the terms and conditions of occupancy of the Licensed Premises. Nothing in this section is intended to limit the Division's ability to request additional information it deems necessary relevant to determining an Applicant's suitability for licensure.
5. Failure to provide such additional evidence by the deadline specified by the Division may result in denial of the application.
6. The Division will send applications for a transfer of ownership to the relevant local jurisdiction within seven days of receiving the application. See Rule R 1401 - Instructions for Local Jurisdictions and Law Enforcement Officers.
7. The Division will not approve a transfer of ownership application without first receiving written notification that the Applicant disclosed the transfer of ownership to the relevant local licensing authority. If a local jurisdiction elects not to approve or deny a transfer of ownership application, the local jurisdiction must provide written notification acknowledging receipt of the application and the State Licensing Authority shall revoke the state-issued license.
8. The Applicant(s), or proposed transferee(s), for any license shall not operate the Retail Marijuana Establishment identified in the transfer of ownership application until the transfer of ownership request is approved in writing by the State Licensing Authority or its designee. A violation of this requirement shall constitute grounds to deny the transfer of ownership request and may result in disciplinary action against the Applicant's existing license(s), if applicable.

9. The current Owner(s), or proposed transferor(s), of the license(s) at issue retain full responsibility for the Retail Marijuana Establishment identified in the transfer of ownership application until the transfer of ownership request is approved in writing by the Division. A violation of this requirement shall constitute grounds to deny the transfer of ownership request and may result in disciplinary action against the license(s) of the current Owner(s) and/or the Retail Marijuana Establishment.
10. If a Retail Marijuana Establishment or any Licensees affiliated or associated with the business are applying to transfer ownership and are involved in an administrative investigation or administrative disciplinary action, the following may apply:

11. Licensee Initiates Change of Ownership for Permitted Economic Interests. All individuals holding a suitable Permitted Economic Interest who are converting to an ownership interest are subject to this rule R 205. The Licensee that is a party to the Permitted Economic Interest must initiate the change of ownership process for an individual holding a suitable Permitted Economic Interest who is converting its interest to ownership. Unsuitable Permitted Economic Interests and holders thereof shall not be allowed to convert to an ownership interest.

B. As It Relates to Corporations and Limited Liability Companies

1. If the Applicant is a corporation or limited liability company, it shall submit with the application the names, mailing addresses, and Owner's background forms of all of its officers, directors, and Owners; a copy of its articles of incorporation or articles of organization; and evidence of its authorization to do business within this State. In addition, each Applicant shall submit the names, mailing addresses of all Persons owning any of the outstanding or issued capital stock, or of any Persons holding a membership interest.
2. Any proposed transfer of capital stock, regardless of the number of shares of capital stock transferred, shall be reported and approved by the State Licensing Authority or its designee and the relevant local jurisdiction at least 30 days prior to such transfer or change. If a local jurisdiction elects not to approve or deny this activity, the local jurisdiction must provide written notification acknowledging receipt of the application.

C. As It Relates to Partnerships. If the Applicant is a general partnership, limited partnership, limited liability partnership, or limited liability limited partnership, it shall submit with the application the names, mailing addresses, and Owner's background forms of all of its partners and a copy of its partnership agreement.

- D. As It Relates to Entity Conversions. Any Licensee that qualifies for an entity conversion pursuant to sections 7-90-201, C.R.S., *et. seq.*, shall not be required to file a transfer of ownership application pursuant to section 12-43.4-308, C.R.S., upon statutory conversion, but shall submit a report containing suitable evidence of its intent to convert at least 30 days prior to such conversion. Such evidence shall include, but not be limited to, any conversion documents or agreements for conversion at least ten days prior to the date of recognition of conversion by the Colorado Secretary of State. The Licensee shall submit to the Division the names and mailing addresses of any officers, directors, general or managing partners, and all Persons having an ownership interest.
- E. Approval Required. It may be considered a license violation affecting public safety if a Licensee engages in any transfer of ownership without prior approval from the Division and the relevant local jurisdiction.
- F. Applications for Reinstatement Deemed New Applications. The Division will not accept an application for transfer of ownership if the license to be transferred is expired for more than 90 days, is voluntarily surrendered, or is revoked. See Rule R 202 - Process for Issuing a New License: Retail Marijuana Establishments.

#### **Basis and Purpose - R 211**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(a)(I-II), 12-43.4-202(3)(b)(IX), and 12-43.4-202(4)(a) and (b) and sections 12-43.4-103, 12-43.4-104, and 12-43.4-501, C.R.S. The purpose of this rule is to clarify that, with the exception of a Medical Marijuana Testing Facility, an existing Medical Marijuana Business may apply to convert a Medical Marijuana Business License to a Retail Marijuana Establishment License or may apply to obtain one additional license to operate a Retail Marijuana Establishment. It is important to note that the State Licensing Authority considers each license issued as separate and distinct. Each license, whether it is in the same location or not, is fully responsible to maintain compliance with all statutes and rules promulgated regardless of whether or not they are located in a shared address.

A Medical Marijuana Business may only obtain one Retail Marijuana Establishment License, whether it converts the Medical Business License or obtains a Retail Marijuana Establishment License, for each Medical Marijuana Business License it holds. In order to ensure all Retail Marijuana and Retail Marijuana Product are tracked in the Inventory Tracking System and as a condition of licensure, a Medical Marijuana Business must declare in the Inventory Tracking System all Medical Marijuana and Medical Marijuana Infused-Product that are converted for sale as Retail Marijuana or Retail Marijuana Product prior to initiating or allowing any sales. This declaration may be made only once, in part, due to the excise tax issues that may be implicated if a Licensee makes multiple conversions from Medical Marijuana or Medical Marijuana-Infused Product to Retail Marijuana or Retail Marijuana Product. Beginning July 1, 2016, the only allowed transfer of marijuana between a Medical Marijuana Business and Retail Marijuana Establishment is the transfer of Medical Marijuana and Medical Marijuana Concentrate that was produced at the Optional Premises Cultivation Operation, from the Optional Premises Cultivation Operation to a Retail Marijuana Cultivation Facility. The marijuana subject to the one-time transfer is subject to the excise tax upon the first transfer from the Retail Marijuana Cultivation Facility to another Retail Marijuana Establishment.

The State Licensing Authority received several comments from stakeholders who requested lower fees for Medical Marijuana Businesses that were either converting a Medical Marijuana Business license to a Retail Marijuana Establishment license or obtaining an additional Retail Marijuana Establishment license while retaining the existing Medical Marijuana Business license. The adopted permanent regulations reflect changes to address this concern. Under the rules as adopted Medical Marijuana Businesses that apply to convert to a Retail Marijuana Establishment license will be required to pay an application fee, but no license fees will be charged until such time as the renewal fees would have been due under the Medical Marijuana Business license term. The Retail Marijuana Establishment license, if approved, would assume the balance of the license term from the Medical Marijuana Business license and have the same expiration date.

This rule also informs existing and prospective licensees of production management conditions. The State Licensing Authority intends to replace or revise this rule's production management provisions as early as January 2017 by transitioning to an output-based production management model. Existing and prospective licensees should be on notice that the new or revised regulations may impact the production limits provided for in this rule. Additionally, throughout the rulemaking process stakeholders expressed concern over ensuring an adequate amount of licensed Retail Marijuana Stores exist to sell the amount of Retail Marijuana being produced at licensed Retail Marijuana Cultivation Facilities. Scaling the number of interests a person may hold in Retail Marijuana Cultivation Facility licenses relative to the number of controlling interests the person has in Retail Marijuana Store(s) has been incorporated in the production management rules as a means to address this production management concern.

**R 211 – Conversion - Medical Marijuana Business to Retail Marijuana Establishment Pursuant to 12-43.4-104(1)(a)(I), C.R.S.**

- A. Medical Marijuana Business Applying for a Retail Marijuana Establishment License.  
Except for a Medical Marijuana Testing Facility, a Medical Marijuana Business in good standing or who had a pending application as of December 10, 2012 that has not yet been denied, and who has paid all applicable fees may apply for a Retail Marijuana Establishment license in accordance with the Retail Code and these rules on or after October 1, 2013. A Medical Marijuana Business meeting these conditions may apply to convert a Medical Marijuana Business license to a Retail Marijuana Establishment license or may apply for a single Retail Marijuana Establishment of the requisite class of license in the Medical Marijuana Code for each Medical Marijuana Business License not converted.
- B. Retail Marijuana Establishment Expiration Date.
  - 1. A Medical Marijuana Business converting its license to a Retail Marijuana Establishment license shall not be required to pay a license fee at the time of application for conversion.
  - 2. If a Medical Marijuana Business licensee is scheduled to renew its license during the processing of its conversion to a Retail Marijuana Establishment license, the Medical Marijuana Business must complete all renewal applications and pay the requisite renewal licensing fees.
  - 3. A Retail Marijuana Establishment license that was fully converted from a Medical Marijuana Business license will assume the balance of licensing term previously held by the surrendered Medical Marijuana Business license.

C. Retail Marijuana Establishment Licenses Conditioned

1. It shall be unlawful for a Retail Marijuana Establishment to operate without being issued a Retail Marijuana Establishment license by the State Licensing Authority and receiving all relevant local jurisdiction approvals. Each Retail Marijuana Establishment license issued shall be conditioned on the Licensee's receipt of all required local jurisdiction approvals and licensing, if required.
2. Each Retail Marijuana Establishment license issued shall be conditioned on the Medical Marijuana Business' declaration of the amount of Medical Marijuana or Medical Marijuana-Infused Product it intends to transfer from the requisite Medical Marijuana Business for sale as Retail Marijuana or Retail Marijuana Product. A Licensee that converts to a Retail Marijuana Establishment shall not exercise any of the rights or privileges of a Retail Marijuana Establishment until such time as all such Medical Marijuana and Medical Marijuana-Infused Product are fully transferred and declared in the Inventory Tracking System as Retail Marijuana and Retail Marijuana Product. See also, Rule R 309 –Inventory Tracking System. Beginning July 1, 2016, the only allowed transfer of marijuana between a Medical Marijuana Business and Retail Marijuana Establishment is the transfer of Medical Marijuana and Medical Marijuana Concentrate that was produced at the Optional Premises Cultivation Operation, from the Optional Premises Cultivation Operation to a Retail Marijuana Cultivation Facility.

D. One-Time Transfer

1. This rule R 211(D)(1) is repealed effective July 1, 2016. Prior to July 1, 2016, once a Retail Marijuana Establishment has declared Medical Marijuana and Medical Marijuana-Infused Product as Retail Marijuana or Retail Marijuana Product in the Inventory Tracking System and begun exercising the rights and privileges of the license, no additional Medical Marijuana or Medical Marijuana-Infused Product can be transferred from the Medical Marijuana Business to the relevant Retail Marijuana Establishment at any time.
- 1.5. Beginning July 1, 2016, the only allowed transfer of marijuana between a Medical Marijuana Business and a Retail Marijuana Establishment is the transfer of Medical Marijuana and Medical Marijuana Concentrate that was produced at the Optional Premises Cultivation Operation, from the Optional Premises Cultivation Operation to a Retail Marijuana Cultivation Facility. All other transfers are prohibited, including but not limited to transfers from a Medical Marijuana Center or Medical Marijuana-Infused Products Manufacturer to any Retail Marijuana Establishment. Once a Retail Marijuana Establishment has declared Medical Marijuana and Medical Marijuana Concentrate as Retail Marijuana or Retail Marijuana Concentrate in the Inventory Tracking System and begun exercising the rights and privileges of the license, no additional Medical Marijuana or Medical Marijuana Concentrate can be transferred from the Medical Marijuana Business to the relevant Retail Marijuana Establishment at any time.

E. Additional Application Disclosures.

2. At the time of application for a Retail Marijuana Products Manufacturing Facility license an Applicant must designate the Medical Marijuana Infused-Products Manufacturing Business license intended to be used to obtain the Retail Marijuana Products Manufacturing license, whether or not that license will be converted, by providing its business license number.

#### **Basis and Purpose – R 232**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-306(1)(k), and 12-43.4-309(5), C.R.S. The purpose of this rule is to interpret residency requirements set forth in the Retail Code.

#### **R 232 – Factors Considered When Determining Residency: Individuals**

This rule applies to individual Applicants who are trying to obtain licenses issued pursuant to the Retail Code. This rule does not apply to patrons of Retail Marijuana Stores. When the State Licensing Authority determines whether an Applicant is a resident, the following factors will be considered:

- A. Primary Home Defined. The location of an Applicant's principal or primary home or place of abode ("primary home") may establish Colorado residency. An Applicant's primary home is that home or place in which a person's habitation is fixed and to which the person, whenever absent, has the present intention of returning after a departure or absence therefrom, regardless of the duration of such absence. A primary home is a permanent building or part of a building and may include, by way of example, a house, condominium, apartment, room in a house, or manufactured housing. No rental property, vacant lot, vacant house or cabin, or other premises used solely for business purposes shall be considered a primary home.
- B. Reliable Indicators That an Applicant's Primary Home is in Colorado. The State Licensing Authority considers the following types of evidence to be generally reliable indicators that a person's primary home is in Colorado.
  1. Evidence of business pursuits, place of employment, income sources, residence for income or other tax purposes, age, residence of parents, spouse, and children, if any, leaseholds, situs of personal and real property, existence of any other residences outside of Colorado and the amount of time spent at each such residence, and any motor vehicle or vessel registration;

2. Duly authenticated copies of the following documents may be taken into account: A current driver's license with address, recent property tax receipts, copies of recent income tax returns where a Colorado mailing address is listed as the primary address, current voter registration cards, current motor vehicle or vessel registrations, and other public records evidencing place of abode or employment; and
  3. Other types of reliable evidence.
- C. Totality of the Evidence. The State Licensing Authority will review the totality of the evidence, and any single piece of evidence regarding the location of a person's primary home will not necessarily be determinative.
- D. Other Considerations for Residency. The State Licensing Authority may consider the following circumstances:
1. Members of the armed services of the United States or any nation allied with the United States who are on active duty in this state under permanent orders and their spouses;
  2. Personnel in the diplomatic service of any nation recognized by the United States who are assigned to duty in Colorado and their spouses; and
  3. Full-time students who are enrolled in any accredited trade school, college, or university in Colorado. The temporary absence of such student from Colorado, while the student is still enrolled at any such trade school, college, or university, shall not be deemed to terminate their residency. A student shall be deemed "full-time" if considered full-time pursuant to the rules or policy of the educational institution he or she is attending.
- E. Entering Armed Forces Does Not Terminate Residency. An individual who is a Colorado resident pursuant to this rule does not terminate Colorado residency upon entering the armed services of the United States. A member of the armed services on active duty who resided in Colorado at the time the person entered military service and the person's spouse are presumed to retain their status as residents of Colorado throughout the member's active duty in the service, regardless of where stationed or for how long.

### **Basis and Purpose – R 233**

The rule also sets forth the process for obtaining a license or registration and explains what information may be required before obtaining such license or registration.

### **R 233 – Retail Code or Medical Code Occupational Licenses Required**

- A. Retail Code or Medical Code Occupational Licenses and Identification Badges
1. Any person who possesses, cultivates, manufactures, tests, dispenses, sells, serves, transports or delivers Retail Marijuana or Retail Marijuana Product as permitted by privileges granted under a Retail Marijuana Establishment license must have a valid Occupational License.

2. Any person who has the authority to access or input data into the Inventory Tracking System or a Retail Marijuana Establishment point of sale system must have a valid Occupational License.
  3. Any person within a Restricted Access Area or Limited Access Area that does not have a valid Occupational License shall be considered a visitor and must be escorted at all times by a person who holds a valid Owner or Occupational License. Failure by a Retail Marijuana Establishment to continuously escort a person who does not have a valid Occupational License within a Limited Access Area may be considered a license violation affecting the public safety. See Rule R 1307 – Penalties; see *also* Rule R 301 – Limited Access Areas. Nothing in this provision alters or eliminates a Retail Marijuana Establishment's obligation to comply with the Occupational License requirements of paragraph (A) of this rule R 233.
- B. Occupational License Required to Commence or Continue Employment. Any person required to be licensed pursuant to these rules shall obtain all required approvals and obtain a Division-issued identification badge before commencing activities permitted by his or her Retail Code or Medical Code Occupational License. See Rules R 231 – Qualifications for Licensure: Individuals; Rule R 204 – Factors Considered When Evaluating Ownership of a License: Retail Marijuana Establishments; and R 301 – Limited Access Areas.
- C. Identification Badges Are Property of State Licensing Authority. All identification badges shall remain the property of the State Licensing Authority, and all identification badges shall be returned to the Division upon demand of the State Licensing Authority or the Division. The Licensee shall not alter, obscure, damage, or deface the badge in any manner.

**R 250 – Licensee Required to Keep Mailing Address Current with the Division: All Licensees**

- B. Division Communications. Division communications are sent to the last mailing address furnished by an Applicant or Licensee to the Division.
- C. Failure to Change Address Does Not Relieve Licensee's or Applicant's Obligation. Failure to notify the Division of a change of mailing address does not relieve a Licensee or Applicant of the obligation to respond to a Division communication.
- D. Disciplinary Communications. The State Licensing Authority will send any disciplinary or sanction communication, as well as any notice of hearing, to the mailing address contained in the license and, if different, to the last mailing address furnished to the Division by the Licensee.

For example, if the Division requests additional evidence of suitability and the Applicant does not furnish such evidence by the date requested, the Applicant's application may be denied.

1. An Applicant must provide accurate information to the Division during the entire Application process.
2. If an Applicant provides inaccurate information to the Division, the Applicant's application may be denied.

The State Licensing Authority will deny an application from an Applicant that forms a business including but not limited to a sole proprietorship, corporation, or other business enterprise, with the purpose or intent, in whole or in part, of transporting, cultivating, processing, transferring, or distributing Retail Marijuana or Retail Marijuana Product without receiving prior approval from all relevant local jurisdictions.
2. The State Licensing Authority will deny an application for Good Cause, as defined in subsection 12-43.4-305(1), C.R.S., of the Retail Code.
3. The State Licensing Authority will deny an Applicant's application that is statutorily disqualified from holding a license.

**D. Voluntary Withdrawal of Application**

1. The Division and Applicant may mutually agree to allow the voluntary withdrawal of an application for licensing in lieu of a denial proceeding.
2. Applicants must first submit a notice to the Division requesting the voluntary withdrawal of the application. In such instances, an Applicant waives his or her right to a hearing in the matter once the voluntary withdrawal is approved.
3. The Division will consider the request along with any circumstances at issue with the application in making a decision to accept the voluntary withdrawal. The Division may at its discretion grant the request with or without prejudice or deny the request.
4. The Division will notify the Applicant and relevant local jurisdiction of its acceptance of the voluntary withdrawal and the terms thereof.
5. If the Applicant agrees to a voluntary withdrawal granted with prejudice, then the Applicant is not eligible to apply again for licensing or approval until after expiration of one year from the date of such voluntary withdrawal.

The purpose of this rule is to establish guidelines for the manner in which a Medical Marijuana Licensee may share its existing Licensed Premises with a Licensed Retail Marijuana Establishment, and to ensure the proper separation of a medical marijuana operation from Retail Marijuana Establishment operation.

#### **R 304 – Medical Marijuana Business and Retail Marijuana Establishment – Shared Licensed Premises and Operational Separation**

- A. Licensed Premises – General Requirements
1. A Medical Marijuana Center that prohibits patients under the age of 21 years to be on the Licensed Premises may also hold a Retail Marijuana Store license and operate a dual retail business operation on the same Licensed Premises if the relevant local jurisdiction permits a dual operation at the same location and the two are commonly owned.
  2. 6. Testing Facilities. A co-located Medical Marijuana Testing Facility and Retail Marijuana Testing Facility shall maintain either physical or virtual separation of the facilities and marijuana and products being tested. 7. Clear Separation of Inventory. A Licensee that operates both a Medical Marijuana Business and Retail Marijuana Establishment within one location is required to maintain separate and distinct inventory tracking processes for Medical Marijuana and Retail Marijuana inventories. #### **Basis and Purpose – R 308**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-301(2) C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(f). The purpose of this rule is to establish hours of operation requirements for Retail Marijuana Establishments. The State Licensing Authority modeled this rule after the Colorado Department of Revenue's liquor rules. Based upon written comments and testimony during working groups and public hearings, this rule was amended to permit the transport of Retail Marijuana and Retail Marijuana Product between the hours 12:01 am and 7:59 am, provided the delivery began prior to 12:01 am. This change was made to accommodate the impact inclement weather can have on driving conditions and other unpredictable events that could delay a delivery.

#### **R 308 – Selling, Serving, Distributing and Transporting Retail Marijuana and Retail Marijuana Product - Hours of Operation**

- A. Hours of Operation. Retail Marijuana Establishments shall not sell, serve, distribute, or initiate the transport of Retail Marijuana or Retail Marijuana Product at any time other than between the hours of 8:00 am and 12:00 am, Mountain Time, Monday through Sunday.
- B. Local Jurisdictions May Further Restrict Hours. Nothing in this rule shall prohibit a local jurisdiction from further restricting hours of operation within its jurisdiction.

#### **Basis and Purpose – R 309**

The statutory authority for this rule is found at subsections 12-43.4-104(1)(a)(III)12-43.4-201(1), 12-43.4-202(2)(b), 12-43.4-402(1)(e), 12-43.4-402(4), 12-43.4-403(2)(d), and 12-43.4-404(1)(b), C.R.S. The purpose of this rule is to establish a system that will allow the State Licensing Authority and the industry to jointly track Retail Marijuana and Retail Marijuana Product from either seed or immature plant stage until the Retail Marijuana or Retail Marijuana Product is sold to the customer or destroyed.

The Inventory Tracking System is a web-based tool coupled with RFID technology that allows both the Inventory Tracking System user and the State Licensing Authority the ability to identify and account for all Retail Marijuana or Retail Marijuana Product. Through the use of RFID technology, a Retail Marijuana Cultivation Facility will tag either the seed or immature plant with an individualized number, which will follow the Retail Marijuana through all phases of production and final sale to a consumer. This will allow the State Licensing Authority and the Inventory Tracking System user the ability to monitor and track Retail Marijuana and Retail Marijuana Product inventory. The Inventory Tracking System will also provide a platform for the State Licensing Authority to exchange information and provide compliance notifications to the industry.

The State Licensing Authority finds it essential to regulate, monitor, and track all Retail Marijuana to eliminate diversion, inside and outside of the state, and to ensure that all marijuana grown, processed, sold and disposed of in the Retail Marijuana market is transparently accounted for.

The State Licensing Authority will engage the industry and provide training opportunities and continue to evaluate the Inventory Tracking System to promote an effective means for this industry to account for and monitor its Retail Marijuana inventory.

## **Basis and Purpose – R 402**

The statutory authority for this rule is found at subsections 12-43.4-105, 12-43.4-202(2)(b), 12-43.4-202(3)(a)(VIII), 12-43.4-202(3)(a)(X), 12-43.4-202(3)(a)(IX), 12-43.4-202(3)(a.5)(I), 12-43.4-402(1)(d), 12-43.4-402(3)(a), 12-43.4-402(3)(b), 12-43.4-402(7)(a), 12-43.4-402(7)(b), 12-43.4-402(7)(c), 12-43.4-402(9); 12-43.4-901(1), and 12-43.4-901(4), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsections 16(3)(a), 16(5)(a)(V) and 16(5)(a)(VIII). The purpose of this rule is to clarify those acts that are limited in some fashion, or prohibited, by a licensed Retail Marijuana Store.

Regarding quantity limitations on sales, equivalencies for Retail Marijuana Concentrate and Retail Marijuana Product to Retail Marijuana flower have been included in this rule pursuant to the mandate of House Bill 14-1361. The equivalencies have been determined through utilizing findings of a study that the House Bill authorized. The study, “Marijuana Equivalency in Portion and Dosage,” was authored by the Marijuana Policy Group and is available on the Division’s website. The study was presented to a group of stakeholders during a public meeting as part of the rulemaking process. Although there was disagreement among stakeholders regarding what the equivalencies should be, the general consensus was that the equivalencies must be simple and straightforward, which would facilitate regulatory compliance and serve public safety.

The establishment of equivalencies also provides information to stakeholders including Licensees, the general public, and law enforcement to aid in the enforcement of and compliance with the lawful personal possession limit of one ounce or less of marijuana. Setting these equivalencies provides Retail Marijuana Stores and their employees with necessary information to avoid being complicit in a patron acquiring more marijuana than is lawful to possess under the Colorado Constitution pursuant to Article XVIII, Subsection 16(3)(a).

- B. Sanitary Conditions. A Retail Marijuana Store shall take all reasonable measures and precautions to ensure the following:

2. When Independent Health and Sanitary Audit Is Necessary. The State Licensing Authority has discretion to determine when an audit by an independent consultant is necessary. The following is a non-exhaustive list of examples that may justify an independent audit:
  - a. The Division has reasonable grounds to believe that the Retail Marijuana Store is in violation of one or more of the requirements set forth in this rule or other applicable public health or sanitary laws, rules or regulations; or

- b. The Division has reasonable grounds to believe that the Retail Marijuana Store was the cause or source of contamination of Retail Marijuana, Retail Marijuana Concentrate or Retail Marijuana Product.

  - 4. Suspension of Operations
    - a. If the State Licensing Authority has objective and reasonable grounds to believe and finds upon reasonable ascertainment of the underlying facts that the public health, safety or welfare imperatively requires emergency action and incorporates such findings into its order, it may order summary suspension of the Retail Marijuana Store's license. See Rule R 1302 – Disciplinary Process: Summary Suspensions.
    - b. Prior to or following the issuance of such an order, the Retail Marijuana Store may attempt to come to a mutual agreement with the Division to suspend its operations until the completion of the independent audit and the implementation of any required remedial measures.
      - i. If an agreement cannot be reached or the State Licensing Authority, in its sole discretion, determines that such an agreement is not in the best interests of the public health, safety or welfare, then the State Licensing Authority will promptly institute license suspension or revocation procedures. See Rule R 1302 – Disciplinary Process: Summary Suspensions.
      - ii. If an agreement to suspend operations is reached, then the Retail Marijuana Store may continue to care for its inventory and conduct any necessary internal business operations but it may not sell any Retail Marijuana, Retail Marijuana Concentrate or Retail Marijuana Product to a consumer or to any other Retail Marijuana Establishment during the period of time specified in the agreement.
- D. Violation Affecting Public Safety. Failure to comply with this rule may constitute a license violation affecting public safety.

- G. DMSO. The use of Dimethylsulfoxide ("DMSO") in the production of Retail Marijuana shall be prohibited and possession of DMSO upon the Licensed Premises is prohibited.
- H. Adulterants. A Retail Marijuana Cultivation Facility may not treat or otherwise adulterate Retail Marijuana with any chemical or other compound whatsoever to alter its color, appearance, weight or smell.

- I. Independent Health and Sanitary Audit
  1. State Licensing Authority May Require A Health and Sanitary Audit
    - a. When the State Licensing Authority determines a health and sanitary audit by an independent consultant is necessary, it may require a Retail Marijuana Cultivation Facility to undergo such an audit. The scope of the audit may include, but need not be limited to, whether the Retail Marijuana Cultivation Facility is in compliance with the requirements set forth in this rule and other applicable public health or sanitary laws and regulations.
    - b. In such instances, the Division may attempt to mutually agree upon the selection of the independent consultant with a Retail Marijuana Cultivation Facility. However, the Division always retains the authority to select the independent consultant regardless of whether mutual agreement can be reached.
    - c. The Retail Marijuana Cultivation Facility will be responsible for all costs associated with the independent health and sanitary audit.
  2. When Independent Health and Sanitary Audit Is Necessary. The State Licensing Authority has discretion to determine when an audit by an independent consultant is necessary. The following is a non-exhaustive list of examples that may justify an independent audit:
    - a. A Retail Marijuana Cultivation Facility does not provide requested records related to the use of Pesticide or other agricultural chemicals during in the cultivation process;
    - b. The Division has reasonable grounds to believe that the Retail Marijuana Cultivation Facility is in violation of one or more of the requirements set forth in this rule or other applicable public health or sanitary laws, rules or regulations;
    - c. The Division has reasonable grounds to believe that the Retail Marijuana Cultivation Facility was the cause or source of contamination of Retail Marijuana or Retail Marijuana Concentrate; or
    - d. Multiple Harvest Batches or Production Batches produced by the Retail Marijuana Cultivation Facility failed contaminant testing.
  3. Compliance Required. A Retail Marijuana Cultivation Facility must pay for and timely cooperate with the State Licensing Authority's requirement that it undergo an independent health and sanitary audit in accordance with this rule.
  4. Suspension of Operations
    - a. If the State Licensing Authority has objective and reasonable grounds to believe and finds upon reasonable ascertainment of the underlying facts that the public health, safety or welfare imperatively requires emergency action and incorporates such findings into its order, it may order summary suspension of the Retail Marijuana Cultivation Facility's license. See Rule R 1302 – Disciplinary Process: Summary Suspensions.

- b. Prior to or following the issuance of such an order, the Retail Marijuana Cultivation Facility may attempt to come to a mutual agreement with the Division to suspend its operations until the completion of the independent audit and the implementation of any required remedial measures.
          - i. If an agreement cannot be reached or the State Licensing Authority, in its sole discretion, determines that such an agreement is not in the best interests of the public health, safety or welfare, then the State Licensing Authority will promptly institute license suspension or revocation procedures. See Rule R 1302 – Disciplinary Process: Summary Suspensions.
          - ii. If an agreement to suspend operations is reached, then the Retail Marijuana Cultivation Facility may continue to care for its inventory and conduct any necessary internal business operations but it may not sell, transfer or wholesale Retail Marijuana or Retail Marijuana Concentrate to any other Retail Marijuana Establishment during the period of time specified in the agreement.
- J. Violation Affecting Public Safety. Failure to comply with this rule may constitute a license violation affecting public safety.

#### **Basis and Purpose – R 505**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(a)(VIII), 12-43.4-202(3)(a)(XI), and 12-43.4-2-2(3)(b)(IX), C.R.S. The purpose of this rule is to establish the categories of Retail Marijuana Concentrate that may be produced at a Retail Marijuana Cultivation Facility and standards for the production of Retail Marijuana Concentrate.

#### **R 505 – Retail Marijuana Cultivation Facilities: Retail Marijuana Concentrate Production**

- A. Permitted Production of Certain Categories of Retail Marijuana Concentrate. A Retail Marijuana Cultivation Facility may only produce Water-Based Retail Marijuana Concentrate on its Licensed Premises and only in an area clearly designated for concentrate production on the current diagram of the Licensed Premises. See Rule R 901- Business Records Required. No other method of production or extraction for Retail Marijuana Concentrate may be conducted within the Licensed Premises of a Retail Marijuana Cultivation Facility unless the Owner(s) of the Retail Marijuana Cultivation Facility also has a valid Retail Marijuana Products Manufacturing Facility license and the room in which Retail Marijuana Concentrate is to be produced is physically separated from all cultivation areas and has clear signage identifying the room.
- B. Safety and Sanitary Requirements for Concentrate Production. If a Retail Marijuana Cultivation Facility produces Retail Marijuana Concentrate, then all areas in which the Retail Marijuana Concentrate are produced and all Owners and Occupational Licensees engaged in the production of the Retail Marijuana Concentrate shall be subject to all of the requirements imposed upon a Retail Marijuana Products Manufacturing Facility that produces Retail Marijuana Concentrate, including all general requirements. See Rule R 604– Health and Safety Regulations: Retail Marijuana Products Manufacturing Facility and Rule R 605 – Retail Marijuana Products Manufacturing Facility: Retail Marijuana Concentrate Production.

- C. Possession of Other Categories of Retail Marijuana Concentrate. It shall be considered a violation of this rule if a Retail Marijuana Cultivation Facility possesses a Retail Marijuana Concentrate other than a Water-Based Retail Marijuana Concentrate on its Licensed Premises unless the Owner(s) of the Retail Marijuana Cultivation Facility also has a valid Retail Marijuana Products Manufacturing Facility license.

### **Basis and Purpose – R 506**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(a)(I-II), 12-43.4-202(3)(b)(IX), and 12-43.4-202(4)(a) and (b) and sections 12-43.4-103, 12-43.4-104, and 12-43.4-501, C.R.S.

The rule establishes a means by which to manage the overall production of retail marijuana. The intent of this rule is to encourage responsible production to meet demand for retail marijuana, while also avoiding overproduction or underproduction. The establishment of production management is necessary to ensure there is not significant under or over production, either of which will increase incentives to engage in diversion and facilitate the continuation of the sale of illegal marijuana.

The State Licensing Authority intends to replace or revise this rule's production management provisions as early as January 2017 by transitioning to an output-based production management model. Existing and prospective licensees should be on notice that the new or revised regulations may impact the production limits provided for in this rule. Additionally, throughout the rulemaking process stakeholders expressed concern over ensuring an adequate amount of licensed Retail Marijuana Stores exist to sell the amount of Retail Marijuana being produced at licensed Retail Marijuana Cultivation Facilities. Scaling the number of interests a person may hold in Retail Marijuana Cultivation Facility licenses relative to the number of controlling interests the person has in Retail Marijuana Store(s) has been incorporated in the production management rules as a means to address this production management concern.

### **R 506 – Retail Marijuana Cultivation Facility: Production Management**

- A. Applicability. This rule is effective beginning November 30, 2015 and shall apply to all Retail Marijuana Cultivation Facility Licensees.
- B. One Retail Cultivation License per Licensed Premises.
1. Only one Retail Marijuana Cultivation Facility License shall be permitted at each licensed premises. Each licensed premises must be located at a distinct address recognized by the local jurisdiction.
  2. Existing Retail Marijuana Cultivation Facilities that have Multiple Cultivation Licenses at the Licensed Premises. Upon the first renewal at the Retail Marijuana Cultivation Facility, all of the Retail Marijuana Cultivation Facility's licenses will be collapsed into one surviving license, and fees shall be prorated for the non-expiring licenses. The maximum authorized plant count shall also collapse into the surviving license.
- C. Production Management.
1. Production Management Tiers.
    - a. Tier 1: 1 - 1,800 plants
    - b. Tier 2: 1,801 – 3,600 plants
    - c. Tier 3: 3,601 – 6,000 plants

- d. Tier 4: 6,001 – 10,200 plants
  - e. Tier 5: 10,201 – 13,800+ plants

- 3. As of November 30, 2015, a Retail Marijuana Cultivation Facility license that was associated with a Retail Marijuana Products Manufacturing Facility shall be authorized to cultivate no more than 1,800 plants at any given time. If such a Retail Marijuana Cultivation Facility Licensee submitted a plant count waiver application prior to August 31, 2015 and it was subsequently approved, the license shall be authorized to cultivate the maximum number of plants at any given time in the corresponding production management tier pursuant to subparagraph (C)(1) of this rule R 506.
- 4. Each Retail Marijuana Cultivation Facility with a license(s) granted before November 30, 2015 shall be authorized to cultivate the same number of plants that it was authorized to cultivate prior to November 30, 2015. - 5. In connection with the license renewal process for Retail Marijuana Cultivation Facilities that are authorized to cultivate more than 1,800 plants, the Division will review the purchases, sales, and cultivated plant count of the Retail Marijuana Cultivation Facility Licensee during the preceding licensing term. The Division may reduce the Licensee's maximum allowed plant count to a lower production management tier pursuant to subparagraph (C)(1) of this rule if the Licensee sold less than 70% of what it produced during the six months prior to the application for renewal. When determining whether to reduce the maximum authorized plant count, the Division may consider the following factors including but not limited to:
  - a. Cultivation and production history including whether the plants/inventory suffered a catastrophic event during the licensing period;
  - b. Transfer, sales, and excise tax payment history;
  - c. Existing inventory and inventory history;
  - d. Sales contracts; and
  - e. Any other factors relevant to ensuring responsible cultivation, production, and inventory management.

Beginning February 1, 2015, a Retail Marijuana Cultivation Facility that harvests more than twice a year may not accumulate Harvested Marijuana in excess of the total amount of inventory the Licensee produced that was transferred to another Retail Marijuana Establishment in the previous six months.

E. Application for Additional Plants.

1. After accruing at least two quarters of sales, a Retail Marijuana Cultivation Facility Licensee may apply to the Division for a production management tier increase to be authorized to cultivate the number of plants in the next highest production management tier. The Licensee shall provide documentation demonstrating that for at least six consecutive months prior to the tier increase application, it has consistently cultivated an amount of plants that is at or near its maximum authorized plant count, and has transferred at least 85% of the inventory it produced during that time period to another Retail Marijuana Establishment, and any other information requested to aid the Division in its evaluation of the tier increase application.
2. If the Division approves the production management tier increase application, the Licensee shall pay the applicable expanded production management tier fee prior to cultivating the additional authorized plants. See rule R 208 – Schedule of Business License Fees: Retail Marijuana Establishments.
3. For a Licensee with an authorized plant count in Tier 2-5 to continue producing at its expanded authorized plant count, the Licensee shall pay the requisite Retail Marijuana Cultivation Facility license fee and the applicable expanded production management tier fee at license renewal. See rule R 209 – Schedule of Business License Renewal Fees: Retail Marijuana Establishments.

F. Maximum Allowed Retail Marijuana Cultivation Facility Licenses.

1. A Person with an Interest in Three or More Retail Marijuana Cultivation Facility Licenses. A Retail Marijuana Establishment must maintain accurate and comprehensive inventory tracking records that account for, reconcile and evidence all inventory activity for Retail Marijuana from either seed or immature plant stage until the Retail Marijuana or Retail Marijuana Product is destroyed or sold to another Retail Marijuana Establishment or a consumer.
- E. Records Related to Transport. A Retail Marijuana Establishment must maintain adequate records for the transport of all Retail Marijuana and Retail Marijuana Product. See Rule R 801 – Transport of Retail Marijuana and Retail Marijuana Product.
- F. Provision of Any Requested Record to the Division. A Licensee must provide on-demand access to on-premises records following a request from the Division during normal business hours or hours of apparent operation, and must provide access to off-premises records within three business days following a request from the Division.

### **Basis and Purpose – R 902**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-202(3)(a)(XIII), C.R.S. A Retail Marijuana Establishment must collect and remit sales tax on all retail sales made pursuant to the licensing activities. The purpose of this rule is to clarify when such taxes must be remitted to the Colorado Department of Revenue.

### **R 902 – Reporting and Transmittal of Taxes**

- A. Sales and Use Tax Returns Required. All state and state-collected sales and use tax returns must be filed, and all taxes must be remitted to the Department of Revenue, on or before the 20<sup>th</sup> day of the month following the reporting month. For example, a January return and remittance will be due to the Department of Revenue by February 20<sup>th</sup>. If the due date (20<sup>th</sup> of the month) falls on a weekend or holiday, the next business day is considered the due date for the return and remittance.
- B. Excise and Retail Marijuana Sales Tax Returns Required. A Retail Marijuana Establishment shall submit any applicable tax returns and remit any payments due pursuant to Article 28.8 of Title 39, C.R.S.
- C. Proof of Tax Remittance Required. All state tax payments shall require proof of remittance with the State Licensing Authority. A Retail Marijuana Cultivation Facility must maintain records evidencing the payment of all required excise taxes. Proof of retail sales taxes shall be identified in required tax records, tracking systems, and sales receipts provided to consumers.

### **Basis and Purpose – R 903**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(a)(XII), and 12-43.4-701(1), C.R.S. The Retail Code mandates that a Retail Marijuana Establishment must pay for an audit when the State Licensing Authority deems an audit necessary. This rule explains when an audit may be deemed necessary and sets forth possible consequences of a Retail Marijuana Establishment's refusal to cooperate or pay for the audit.

### **R 903 – Independent Audit May Be Required**

- A. State Licensing Authority May Require Independent Audit
  - 1. When the State Licensing Authority deems it necessary, it may require a Retail Marijuana Establishment to undergo an audit by an independent accountant. The scope of the audit may include, but need not be limited, to financial transactions and inventory control measures.
  - 2. In such instances, the Division may attempt to mutually agree upon the selection of the independent accountant with a Retail Marijuana Establishment. However, the Division always retains the right to select the independent accountant regardless of whether mutual agreement can be reached. The independent accountant shall be a certified public accountant licensed by, and in good standing with, the Colorado State Board of Accountancy.
  - 3. The Retail Marijuana Establishment will be responsible for all direct costs associated with the independent audit.

- B. When Independent Audit Is Necessary. The State Licensing Authority has discretion to determine when an audit by an independent accountant is necessary. The following is a non-exhaustive list of examples that may justify an independent audit:
1. A Retail Marijuana Establishment does not provide requested records to the Division;
  2. The Division has reason to believe that the Retail Marijuana Establishment does not properly maintain its business records;
  3. A Retail Marijuana Establishment has a prior violation related to recordkeeping or inventory control;
  4. A Retail Marijuana Establishment has a prior violation related to diversion.
  5. As determined by the Division, the scope of an audit conducted by the Division would be so extensive as to jeopardize the regular duties and responsibilities of the Division's audit or enforcement staff.
- C. Compliance Required. A Retail Marijuana Establishment must pay for and timely cooperate with the State Licensing Authority's requirement that it undergo an audit in accordance with this rule.
- D. Violation Affecting Public Safety. Failure to comply with this rule may constitute a license violation affecting public safety.

#### **Basis and Purpose – R 904**

The statutory authority for this rule is found at subsections 12-43.3-201(5), 12-43.3-202(1)(d), 12-43.4-202(2)(b), 12-43.4-202(1), 12-43.4-202(2)(d), 12-43.4-202(3)(b)(IX), 12-43.4-309(11), and 12-43.4-901(2)(a), C.R.S. The State Licensing Authority must be able to immediately access information regarding a Retail Marijuana Establishment's managing individual. Accordingly, this rule reiterates the statutory mandate that Licensees provide any management change to the Division within seven days of any change, and also clarifies that a Licensee must save a copy of any management change report to the Division, and clarifies that failure to follow this rule can result in discipline.

The State Licensing Authority finds it essential to the stringent and comprehensive enforcement of the Retail Code to regulate, monitor, and track all Retail Marijuana in order to prevent diversion and to ensure that all Retail Marijuana grown, processed, sold, and disposed of in the Retail Marijuana market is accounted for transparently in accordance with the Retail Code.

Requiring Licensees to report instances when the Retail Marijuana they cultivate, manufacture, distribute, sell, or dispose of is stolen, unlawfully transferred, or otherwise diverted from the regulated market, or when Licensees discover plans to divert the Retail Marijuana, emphasizes that Licensees are accountable for their Retail Marijuana at all times and contributes to the transparency of the regulated market.

In addition to maintaining transparency in the regulated marijuana industry, the State Licensing Authority also must ensure the confidentiality of certain Licensee information and records, including information in the Inventory Tracking System. Requiring Licensees to report instances where the Inventory Tracking System was compromised or planned to be compromised through unlawful access, use for unlawful purposes, the deliberate alteration or deletion of data, or deliberately entering false data, contributes to ensuring the accuracy and transparency of the system and therefore the regulated market, and aids in maintaining the confidentiality of Licensee data.

**R 904 – Retail Marijuana Establishment Reporting Requirements**

- A. Manager Change Must Be Reported.
1. When Required. A Retail Marijuana Establishment shall provide the Division a written report within seven days after any change in manager occurs.
  2. Licensee Must Maintain Record of Reported Change. A Retail Marijuana Establishment must also maintain a copy of this written report with its business records.
  3. Consequence of Failure to Report. Failure to report a change in a timely manner may result in discipline.
- B. Reporting of Crime on the Licensed Premises or Otherwise Related to a Retail Marijuana Establishment. A Retail Marijuana Establishment and all Licensees employed by the Retail Marijuana Establishment shall report to the Division any discovered plan or other action of any Person to (1) commit theft, burglary, underage sales, diversion of marijuana or marijuana product, or other crime related to the operation of the subject Retail Marijuana Establishment; or (2) compromise the integrity of the Inventory Tracking System. A report shall be made as soon as possible after the discovery of the action, but not later than 14 days. Nothing in this paragraph (B) alters or eliminates any obligation a Retail Marijuana Establishment or Licensee may have to report criminal activity to a local law enforcement agency.

**R 1000 Series – Labeling, Packaging, and Product Safety**

**Basis and Purpose – R 1001**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(a)(VI), 12-43.4-202(3)(a)(VII), 12-43.4-202(3)(b)(IV), 12-43.4-202(3)(b)(IX), and 12-43.4-202(3)(c)(III), C.R.S. The State Licensing Authority finds it essential to regulate and establish labeling and secure packaging requirements for Retail Marijuana, Retail Marijuana Concentrate, and Retail Marijuana Product. The purpose of this rule, and the rules in this series, is to ensure that all Retail Marijuana and Retail Marijuana Product are sold and delivered to lawful consumers in packaging that is not easily opened by children. Further, the State Licensing Authority believes based on written and oral comments it received through the rulemaking process that prohibiting labels that appeal to or are intended to target individuals under the age of 21 and requiring child-resistant packaging is of a state wide concern and would assist in limiting exposure and diversion to minors. One of the State Licensing Authority's primary goals is to prevent underage marijuana use. The State Licensing Authority has a compelling state interest in the reduction and prevention of accidental marijuana consumption by children. This can be achieved through avoidance of packaging designed to appeal to children and avoidance of use of the word "candy" on packaging, labeling and product. Children generally have a strong attraction to and interest in candy. "Candy" is one of the first words children learn to speak. Children rely upon packaging to deduce a product's contents. This rule is in the interest of the health of the people of Colorado and is necessary for the stringent and comprehensive administration of the Retail Code. The State Licensing Authority is adopting this rule as a narrowly-tailored way to reduce or prevent accidental ingestion of Retail Marijuana or Retail Marijuana Products by children and others.

A Retail Marijuana Cultivation Facility or Retail Marijuana Products Manufacturing Facility may package smaller quantities of Retail Marijuana, Retail Marijuana Concentrate, and Retail Marijuana Product in a Container prior to transport, provided the Containers are placed within a Shipping Container. The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(a)(IV), 12-43.4-202(3)(a)(VII), 12-43.4-202(3)(c)(III), 12-43.4-202(3)(c)(V), 12-43.4-402(2), 12-43.4-402(4), 12-43.4-402(5), 12-43.4-901(2)(a), and 25-4-1614(3)(a), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(VI). The purpose of this rule is to ensure that the labeling on each Container holding a Retail Marijuana Product includes necessary and relevant information for consumers, does not include health and physical benefit claims, is easily accessible to consumers, and is clear and noticeable. In addition, this rule clarifies basic packaging requirements. Further, the State Licensing Authority believes based on written and oral comments it has received through the rulemaking process that prohibiting labels that are intended to target individuals under the age of 21 and requiring child-resistant packaging is of a state wide concern and would assist in limiting exposure and diversion to minors. The State Licensing Authority wants to ensure the regulated community employs proper packaging and labeling techniques for each Retail Marijuana Product as this is a public health and safety concern. The allowable plus or minus 15% potency variance has been included in the rule pursuant to the mandate of House Bill 15-1283, which modified 12-43.4-202(3)(a)(IV)(E), C.R.S. The bill established that the acceptable potency variance, which the Division must determine for correct labeling, must be at least plus or minus 15 percent.

## **R 1100 Series – Signage and Advertising**

### **Basis and Purpose – R 1102**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(c)(I), and 12-43.4-901(4)(b), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(VIII). The purpose of this rule is to clearly delineate that a Retail Marijuana Establishment is not permitted to make deceptive, false, or misleading statements in Advertising materials or on any product or document provided to a consumer.

### **R 1102 – Advertising General Requirement: No Deceptive, False or Misleading Statements**

A Retail Marijuana Establishment shall not engage in Advertising that is deceptive, false, or misleading. A Retail Marijuana Establishment shall not make any deceptive, false, or misleading assertions or statements on any product, any sign, or any document provided to a consumer.

### **Basis and Purpose R 1103**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(c)(I), and 12-43.4-901(4)(b), C.R.S. Authority also exists throughout Article XVIII, Section 16 of the Colorado Constitution. The purpose of this rule is to clarify the definition of the term "minor" as used in the Retail Code and these rules.

### **R 1103 – The Term "Minor" as Used in the Retail Code and These Rules**

The term "minor" as used in the Retail Code and these rules means an individual under the age of 21.

### **Basis and Purpose – R 1104**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-202(3)(c)(I), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsections 16(5)(a)(V) and (5)(a)(VIII). The purpose of this rule is to clarify the restrictions applicable to television Advertising.

The operation of Retail Marijuana Establishments in Colorado is authorized solely within the narrow confines of the Colorado Constitution, Article XVIII, Section 16. Article XVIII, Section 16 of the Colorado Constitution prohibits the purchase, possession and consumption of Retail Marijuana by those under the age of 21. See for example Colo. Const. art XVIII, §16(1)(a), (1)(b)(I), (1)(b)(II), 2)(b), (3), (4), (5)(a)(V), (5)(c), and 6(c). The Colorado Constitution calls for the regulation of marijuana “in a manner similar to alcohol” in certain key respects. Colo. Const. Art. XVIII, §16(1)(b). The constitutionally mandated regulatory scheme governing Retail Marijuana Establishments must include rules establishing restrictions on the advertising and display of marijuana and marijuana product, and must include requirements to prevent the sale or diversion of marijuana and marijuana product to persons under the age of 21. Colo. Const. Art. XVIII, §16(5)(a)(V) and (VIII). Through the Retail Code adopted in 2013, the Colorado General Assembly provided further direction regarding mandated advertising restrictions. See §12-43.4-202(3)(c), C.R.S. The Retail Code requires the State Licensing Authority to promulgate rules on the subject of signage, marketing and advertising restrictions that include but are not limited to a prohibition on mass-market campaigns that have a high likelihood of reaching minors. See §12-43.4-202(3)(c)(I), C.R.S. Through the rulemaking process, the State Licensing Authority received extensive comments reflecting the strong influence advertising has on minors’ decision-making with regard to substance use and abuse. Nearly all live testimony at the rulemaking hearing requested less restrictive advertising rules, but written commentary included multiple perspectives. The written and oral testimony and commentary included a variety of recommended standards for determining when advertising has a high likelihood of reaching minors. Voluntary standards adopted by the alcohol industry direct the industry to refrain from advertising where more than approximately 30 percent of the audience is reasonably expected to be under the age of 21. After reviewing the rulemaking record, the State Licensing Authority has determined that in order to prevent advertising that has a high likelihood of reaching minors, it is appropriate to model the Retail Marijuana Advertising restrictions on this voluntary standard used by the alcohol industry. This standard is consistent with the directive in the state constitution to regulate marijuana in a manner that is similar to alcohol, while also recognizing that the legal status of the marijuana industry and the legal status of the liquor industry are not the same. These rules apply to Advertising as defined in Rule R 103. Advertising includes marketing but not labeling. Advertising includes only those promotions, positive statements or endorsements that are obtained in exchange for consideration. The State Licensing Authority will continue to evaluate the best way to implement the state constitutional directive to establish appropriate advertising restrictions for this emerging industry, and will in particular continue to monitor and evaluate advertising, marketing and signage to protect the interests of those under the age of 21 and to prevent underage use of marijuana.

#### **R 1104 –Advertising: Television**

- A. Television Defined. As used in this rule, the term “television” means a system for transmitting visual images and sound that are reproduced on screens, and includes broadcast, cable, on-demand, satellite, or internet programming. Television includes any video programming downloaded or streamed via the internet.
- B. Television Advertising. A Retail Marijuana Establishment shall not utilize television Advertising unless the Retail Marijuana Establishment has reliable evidence that no more than 30 percent of the audience for the program on which the Advertising is to air is reasonably expected to be under the age of 21.

#### **Basis and Purpose – R 1105**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-202(3)(c)(I), C.R.S. - B. Radio Advertising. A Retail Marijuana Establishment shall not engage in radio Advertising unless the Retail Marijuana Establishment has reliable evidence that no more than 30 percent of the audience for the program on which the Advertising is to air is reasonably expected to be under the age of 21.

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-202(3)(c)(I), C.R.S. The Colorado Constitution calls for the regulation of marijuana “in a manner similar to alcohol” in certain key respects. Colo. Const. Art. XVIII, §16(I)(b). The constitutionally mandated regulatory scheme governing Retail Marijuana Establishments must include rules establishing restrictions on the advertising and display of marijuana and marijuana product, and must include requirements to prevent the sale or diversion of marijuana and marijuana product to persons under the age of 21. Colo. Const. Art. XVIII, §16(5)(a)(V) and (VIII). Through the Retail Code adopted in 2013, the Colorado General Assembly provided further direction regarding mandated advertising restrictions. See §12-43.4-202(3)(c), C.R.S. The Retail Code requires the State Licensing Authority to promulgate rules on the subject of signage, marketing and advertising restrictions that include but are not limited to a prohibition on mass-market campaigns that have a high likelihood of reaching minors. See §12-43.4-202(3)(c)(I), C.R.S. Through the rulemaking process, the State Licensing Authority received extensive comments reflecting the strong influence advertising has on minors’ decision-making with regard to substance use and abuse. Nearly all live testimony at the rulemaking hearing requested less restrictive advertising rules, but written commentary included multiple perspectives. The written and oral testimony and commentary included a variety of recommended standards for determining when advertising has a high likelihood of reaching minors. Voluntary standards adopted by the alcohol industry direct the industry to refrain from advertising where more than approximately 30 percent of the audience is reasonably expected to be under the age of 21. After reviewing the rulemaking record, the State Licensing Authority has determined that in order to prevent advertising that has a high likelihood of reaching minors, it is appropriate to model the Retail Marijuana Advertising restrictions on this voluntary standard used by the alcohol industry. This standard is consistent with the directive in the state constitution to regulate marijuana in a manner that is similar to alcohol, while also recognizing that the legal status of the marijuana industry and the legal status of the liquor industry are not the same. These rules apply to Advertising as defined in Rule R 103. Advertising includes marketing but not labeling. Advertising includes only those promotions, positive statements or endorsements that are obtained in exchange for consideration. The State Licensing Authority will continue to evaluate the best way to implement the state constitutional directive to establish appropriate advertising restrictions for this emerging industry, and will in particular continue to monitor and evaluate advertising, marketing and signage to protect the interests of those under the age of 21 and to prevent underage use of marijuana.

#### **R 1106 –Advertising: Print Media**

Authority also exists in the Colorado Constitution at Article XVIII, Subsections 16(5)(a)(V) and (5)(a)(VIII). #### **R 1107 –Advertising: Internet**

A Retail Marijuana Establishment shall not engage in Advertising via the internet unless the Retail Marijuana Establishment has reliable evidence that no more than 30 percent of the audience for the internet web site is reasonably expected to be under the age of 21. See *also* Rule R 1114 – Pop-Up Advertising.

#### **Basis and Purpose – R 1108**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-202(3)(c)(I), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(VIII). The purpose of this rule is to clarify the restrictions applicable to Advertising in a medium designed to target out-of-state residents.

The operation of Retail Marijuana Establishments in Colorado is permitted solely within the narrow confines of the Colorado Constitution, Article XVIII, Section 16. Colorado is one of the first two states to have authorized the regulated growth and sale of Retail Marijuana, and it has done so in the context of a longstanding federal ban on such activities. The State Licensing Authority finds that it is essential to regulate Retail Marijuana in the state of Colorado in a manner that does not negatively impact the ability of other states or the federal government to enforce their drug laws. The State Licensing Authority finds that the below restrictions on Advertising as defined in these Retail Marijuana rules are critical to prevent the diversion of Retail Marijuana outside of the state. The State Licensing Authority will continue to monitor and evaluate the best way to implement the state constitutional directive to establish appropriate Advertising restrictions for this emerging industry.

**R 1108 – Advertising: Targeting Out-of-State Persons Prohibited.**

Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(VIII). The purpose of this rule is to clarify the Advertising restrictions applicable to safety claims that are by nature misleading, deceptive, or false.

**R 1109 – Signage and Advertising: No Safety Claims Because Regulated by State Licensing Authority**

**R 1110– Signage and Advertising: No Safety Claims Because Tested by a Retail Marijuana Testing Facility**

A Retail Marijuana Establishment may advertise that its products have been tested by a Retail Marijuana Testing Facility, but shall not engage in Advertising or utilize signage that asserts its products are safe because they are tested by a Retail Marijuana Testing Facility.

**Basis and Purpose – R 1111**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-202(3)(c)(I), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsections 16(5)(a)(V) and (5)(a)(VIII). #### **R 1114 – Pop-Up Advertising**

A Retail Marijuana Establishment shall not utilize unsolicited pop-up Advertising on the internet.

#### **Basis and Purpose – R 1115**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b) and 12-43.4-202(3)(c)(I), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(VIII). The purpose of this rule is to clarify the Advertising restrictions applicable to event sponsorship.

The operation of Retail Marijuana Establishments in Colorado is authorized solely within the narrow confines of the Colorado Constitution, Article XVIII, Section 16. Article XVIII, Section 16 of the Colorado Constitution prohibits the purchase, possession and consumption of Retail Marijuana by those under the age of 21. See for example Colo. Const. art XVIII, §16(1)(a), (1)(b)(I), (1)(b)(II), 2)(b), (3), (4), (5)(a)(V), (5)(c), and 6(c). The Retail Code requires the State Licensing Authority to promulgate rules on the subject of signage, marketing and advertising restrictions that include but are not limited to a prohibition on mass-market campaigns that have a high likelihood of reaching minors. Through the rulemaking process, the State Licensing Authority received extensive comments reflecting the strong influence advertising has on minors’ decision-making with regard to substance use and abuse. Nearly all live testimony at the rulemaking hearing requested less restrictive advertising rules, but written commentary included multiple perspectives. This rule in particular received extensive commentary from the industry. It has been modified and clarified in response to that commentary. The written and oral testimony and commentary included a variety of recommended standards for determining when Advertising has a high likelihood of reaching minors. After reviewing the rulemaking record, the State Licensing Authority has determined that it is appropriate to utilize the current voluntary standard in the alcohol industry that Advertising that is likely to reach an audience comprise of more than 30 percent individuals under the age of 21 should be prohibited, as such advertising has a high likelihood of reaching minors. This standard is consistent with the directive in the state constitution to regulate marijuana in a manner that is similar to alcohol, while also recognizing that the legal status of the marijuana industry and the legal status of the liquor industry are not the same. These rules apply only to Advertising as defined in Rule R 103. Advertising includes marketing but not labeling. Advertising includes only those promotions, positive statements or endorsements that are obtained in exchange for consideration. The State Licensing Authority will continue to evaluate the appropriate way to implement the state constitutional directive to establish appropriate advertising restrictions for this emerging industry, and will in particular continue to monitor and evaluate Advertising and signage to protect the interests of those under the age of 21 and to prevent underage use of marijuana.

- B. General Requirements Applicable To All Licensees Following Final Agency Order To Destroy Unauthorized Retail Marijuana and Unauthorized Retail Marijuana Product. The following requirements apply regardless of whether the Licensee voluntarily surrenders its unauthorized Retail Marijuana or unauthorized Retail Marijuana Product seeks a stay of agency action, or takes no action:
  - 1. The 15 day period set forth in section 12-43.3-602(5), C.R.S., and this rule shall include holidays and weekends.
  - 2. During the period of time between the issuance of the Final Agency Order and the destruction of the unauthorized Retail Marijuana or unauthorized Retail Marijuana Product the Licensee shall not sell, destroy, or otherwise let any unauthorized Retail Marijuana or unauthorized Retail Marijuana Product that are subject to the Final Agency Order leave the Licensed Premises, unless specifically authorized by the State Licensing Authority or Court order.

#### **Basis and Purpose - R 1204**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(b)(I), and 12-43.4-202(3)(b)(III), 12-43.4-202(3)(b)(VIII), and 12-43.4-202(3)(b)(IX), C.R.S. This rule explains that the Director of the Division may exercise discretion to accept an assurance of voluntary compliance. It also explains the evidentiary value of an assurance of voluntary compliance should a licensee not comply with the agreement.

#### **R 1204 - Assurance of Voluntary Compliance**

- A. The Director of the Division may accept an assurance of voluntary compliance regarding any act or practice alleged to violate the Retail Code, or the rules and regulations thereunder, from a person who has engaged in, is engaging in, or is about to engage in such acts or practices.
- B. The assurance must be in writing and may include a stipulation for the voluntary payment of the cost commensurate with the acts or practices and an amount necessary to restore money or property which may have been acquired by the alleged violator because of the acts or practices.
- C. An assurance of voluntary compliance may not be considered an admission of a violation for any purpose; however, proof of failure to comply with the assurance of voluntary compliance is prima facie evidence of a violation of the Retail Code, or the rules and regulation thereunder.
- D. The State Licensing Authority may approve or review an assurance of voluntary compliance.

## **R 1300 Series – Discipline**

### **Basis and Purpose – R 1301**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(2)(c), 12-43.4-202(3)(a)(I), 12-43.4-202(3)(a)(XVI) and 12-43.4-202(3)(b)(IX) and sections 12-43.4-601 and 24-4-105 C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(I). The purpose of this rule is to clarify how the disciplinary process for non- summary license suspensions and license revocations is initiated.

### **R 1301 – Disciplinary Process: Non-Summary Suspensions**

- A. How a Disciplinary Action is Initiated
  - 1. If the State Licensing Authority, on its own initiative or based on a complaint, has reasonable cause to believe that a Licensee has violated the Retail Code, any rule promulgated pursuant to it, or any of its orders, the State Licensing Authority shall issue and serve upon the Licensee an Order to Show Cause (administrative citation) as to why its license should not be suspended, revoked, restricted, fined, or subject to other disciplinary sanction.
  - 2. The Order to Show Cause shall identify the statute, rule, regulation, or order allegedly violated, and the facts alleged to constitute the violation. The order shall also provide an advisement that the license could be suspended, revoked, restricted, fined, or subject to other disciplinary sanction should the charges contained in the notice be sustained upon final hearing.
- B. Disciplinary Hearings. Disciplinary hearings will be conducted in accordance with Rule R 1304 – Administrative Hearings.
- C. Renewal. The issuance of an Order to Show Cause does not relieve the Licensee of the obligation to timely comply with all license renewal requirements.

### **Basis and Purpose – R 1302**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(2)(c), 12-43.4-202(3)(a)(I), 12-43.4-202(3)(a)(XVI) 12-43.4-202(3)(b)(IX) and 24-4-104(4)(a), C.R.S., and sections 12-43.3-601 and 24-4-105, C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(I). The purpose of this rule is to set forth the process for summary suspensions when the State Licensing Authority has cause to immediately suspend a license prior to and pending a hearing and final agency order. Summary suspensions will be imposed when the State Licensing Authority has reason to believe and finds that a Licensee has been guilty of a deliberate and willful violation of any applicable law or regulation, or that the public health, safety, and welfare imperatively require emergency action. The rule ensures proper due process for Licensees when their licenses are temporarily or summarily suspended by requiring prompt initiation of disciplinary proceedings after such suspensions.

### **R 1302 – Disciplinary Process: Summary Suspensions**

- A. How a Summary Suspension Action is Initiated
  - 1. When the State Licensing Authority has reasonable grounds to believe and finds that a Licensee has been guilty of a deliberate and willful violation of any applicable law or regulation or that the public health, safety, or welfare imperatively requires emergency action it shall serve upon the Licensee a Summary Suspension Order that temporarily or summarily suspends the license.

2. The Summary Suspension Order shall identify the nature of the State Licensing Authority's basis for the summary suspension. The Summary Suspension Order shall also provide an advisement that the License may be subject to further discipline or revocation should the charges contained in the notice be sustained following a hearing.
  3. Proceedings for suspension or revocation shall be promptly instituted and determined after the Summary Suspension Order is issued.
  4. After the Summary Suspension Order is issued, the State Licensing Authority shall issue and serve upon the Licensee an Order to Show Cause (administrative citation) as to why the Licensee's license should not be suspended, revoked, restricted, fined, or subject to other disciplinary sanction.
  5. The Order to Show Cause shall identify the statute, rule, regulation, or order allegedly violated, and the facts alleged to constitute the violation. The Order to Show Cause shall also provide an advisement that the license could be suspended, revoked, restricted, fined or subject to other disciplinary sanction should the charges contained in the notice be sustained upon final hearing.
  6. Unless lifted by the State Licensing Authority, the Summary Suspension Order shall remain in effect until issuance of a Final Agency Order.
- B. Summary Suspension Hearings. Summary suspension hearings will be expedited to the extent practicable and will be conducted in accordance with Rule R 1304 – Administrative Hearings.

### **Basis and Purpose – R 1303**

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(2)(c), 12-43.4-202(3)(a)(I), 12-43.4-202(3)(a)(XVI) 12-43.4-202(3)(b)(IX) and 24-4-104(4)(a), C.R.S., and sections 12-43.3-601 and 24-4-105, C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(I). The State Licensing Authority recognizes that if Licensees are not able to care for their products during a period of active suspension, then their plants could die, their edible products could deteriorate, and their on-hand inventory may not be properly maintained. Accordingly, this rule was written to clarify that Licensees whose licenses are summarily suspended may care for on-hand inventory, manufactured products, and plants during the suspension (unless the State Licensing Authority does not allow such activity), provided the Licensed Premises and all Retail Marijuana and Retail Marijuana Product are adequately secured. In addition, the rule clarifies what activity is always prohibited during such suspension.

### **R 1303 – Suspension Process: Regular and Summary Suspensions**

- A. Signs Required During Suspension. Every Licensee whose license has been suspended, whether summarily or after an administrative hearing, shall post two notices in conspicuous places, one on the exterior and one on the interior of its premises, for the duration of the suspension. The notices shall be at least 17 inches in length and 11 inches in width containing lettering not less 1/2" in height.
1. For suspension following issuance of a Final Agency Order, the sign shall be in the following form:

NOTICE OF SUSPENSION

RETAIL MARIJUANA LICENSES ISSUED

FOR THESE PREMISES HAVE BEEN  
SUSPENDED BY ORDER OF THE STATE LICENSING AUTHORITY  
FOR VIOLATION OF THE COLORADO RETAIL MARIJUANA CODE

2. For a summary suspension pending issuance of a Final Agency Order, the sign shall be in the following form:

NOTICE OF SUSPENSION

RETAIL MARIJUANA LICENSES ISSUED

FOR THESE PREMISES HAVE BEEN

SUSPENDED BY ORDER OF THE STATE LICENSING AUTHORITY

FOR ALLEGED VIOLATION OF THE COLORADO RETAIL MARIJUANA CODE

Any advertisement or posted signs that indicate that the premises have been closed or business suspended for any reason other than by the manner described in this rule shall be deemed a violation of these rules.

B. Prohibited Activity During Active Suspension

1. Unless otherwise ordered by the State Licensing Authority, during any period of active license suspension the Licensee shall not permit the selling, serving, giving away, distribution, manufacture, sampling, acquisition, purchase, transfer, or transport of Retail Marijuana or Retail Marijuana Product on the Licensed Premises, nor allow customers to enter the Licensed Premises.
2. Unless otherwise ordered by the State Licensing Authority, during any period of suspension the Licensee may continue to possess, maintain, cultivate or harvest Retail Marijuana or Retail Marijuana Product on the Licensed Premises. The Licensee must fully account for all such Retail Marijuana and Retail Marijuana Product in the Inventory Tracking System. The Licensee must safeguard any Retail Marijuana or Retail Marijuana Product in its possession or control. The Licensee must fully comply with all security requirements including but not limited to surveillance, lock and alarm requirements set forth in the Retail Code and the rules of the State Licensing Authority.

C. Removal and Destruction of Marijuana and Marijuana Product. Retail Marijuana and Retail Marijuana Product shall not be removed from the Licensed Premises or destroyed unless and until:

1. The provisions described in section 12-43.4-602, C.R.S., related to the proper destruction of unauthorized marijuana are met, and the State Licensing Authority orders forfeiture and destruction. See also Rule R1203 – Disposition of Unauthorized Retail Marijuana;
2. The Licensee has voluntarily surrendered the Retail Marijuana or Retail Marijuana Product in accordance with Rule R 1202(C) – voluntary surrender;

3. The State Licensing Authority has seized the Retail Marijuana or Retail Marijuana Product pursuant to an Administrative Warrant. See Rule R 1309 – Administrative Warrant.
- D. Renewal. The issuance of a suspension or an Order of Summary Suspension does not relieve the Licensee of the obligation to timely comply with all license renewal requirements.

  - a. Summary suspension hearings will be scheduled and held promptly.
  - b. Continuances may be granted for good cause, as described in this rule, shown. A motion for a continuance must be timely.

- c. For purposes of this rule, good cause may include but is not limited to: death or incapacitation of a party or an attorney for a party; a court order staying proceedings or otherwise necessitating a continuance; entry or substitution of an attorney for a party a reasonable time prior to the hearing, if the entry or substitution reasonably requires a postponement of the hearing; a change in the parties or pleadings sufficiently significant to require a postponement; a showing that more time is clearly necessary to complete authorized discovery or other mandatory preparation for the hearing; or agreement of the parties to a settlement of the case which has been or will likely be approved by the final decision maker. Good cause normally will not include the following: unavailability of counsel because of engagement in another judicial or administrative proceeding, unless the other proceeding was involuntarily set subsequent to the setting in the present case; unavailability of a necessary witness, if the witness' testimony can be taken by telephone or by deposition; or failure of an attorney or a party timely to prepare for the hearing.

E. Prehearing Matters Generally

- 4. Prehearing Statements Binding. The information provided in a party's prehearing statement shall be binding on that party throughout the course of the hearing unless modified to prevent manifest injustice. New witnesses or exhibits may be added only if: (1) the need to do so was not reasonably foreseeable at the time of filing of the prehearing statement; (2) it would not prejudice other parties; and (3) it would not necessitate a delay of the hearing.
- 5. Consequence of Not Filing a Prehearing Statement Once a Hearing is Set. If a party does not timely file a prehearing statement, the hearing officer may impose appropriate sanctions including, but not limited to, striking proposed witnesses and exhibits.

F. Conduct of Hearings

5. Court Rules.

- a. To the extent practicable, the Colorado Rules of Evidence apply. Unless the context requires otherwise, whenever the word “court,” “judge,” or “jury” appears in the Colorado Rules of Evidence, such word shall be construed to mean a Hearing Officer. A hearing officer has discretion to consider evidence not admissible under such rules, including but not limited to hearsay evidence, pursuant to section 24-4-105(7), C.R.S.
- b. To the extent practicable, the Colorado Rules of Civil Procedure apply. However, Colorado Rules of Civil Procedure 16 and 26-37 do not apply, although parties are encouraged to voluntarily work together to resolve the case, simplify issues, and exchange information relevant to the case prior to a hearing. Unless the context otherwise requires, whenever the word “court” appears in a rule of civil procedure, that word shall be construed to mean a Hearing Officer.

6. Exhibits.

- a. All documentary exhibits must be paginated by the party offering the exhibit into evidence.

These written findings shall constitute an Initial Decision subject to review by the State Licensing Authority pursuant to the Colorado Administrative Procedure Act and as set forth in Rule R 1306 – Administrative Hearing Appeals/Exceptions to Initial Decision.
- H. No Ex Parte Communication. Ex parte communication shall not be allowed at any point following the formal initiation of the hearing process. A party or counsel for a party shall not initiate any communication with a hearing officer or the State Licensing Authority, or with conflicts counsel representing the hearing officer or State Licensing Authority, pertaining to any pending matter unless all other parties participate in the communication or unless prior consent of all other parties (and any pro se parties) has been obtained. Parties shall provide all other parties with copies of any pleading or other paper submitted to the hearing officer or the State Licensing Authority in connection with a hearing or with the exceptions process.
- I. Marijuana Enforcement Division representation. The Division shall be represented by the Colorado Department of Law.

## Basis and Purpose – R 1307

The statutory authority for this rule is found at subsections 12-43.4-202(2)(b), 12-43.4-202(3)(a)(XV), 12-43.4-104(6)(f), and 12-43.4-601(3)(b), C.R.S. Authority also exists in the Colorado Constitution at Article XVIII, Subsection 16(5)(a)(IX). The purpose of this rule is to establish guidelines for enforcement and penalties that will be imposed by the State Licensing Authority for non-compliance with Retail Code, section 18-18-406.3(7), or any other applicable rule. The State Licensing Authority considered the type of violation and the threat of harm to the public versus purely administrative harm when setting the penalty structure. Based upon public testimony and a written commentary, Rule R 1307.A was amended to include additional license violations affecting public safety and Rule R 1307.C.1 was added.

## R 1307 – Penalties

- A. Penalty Schedule. The State Licensing Authority will make determinations regarding the type of penalty to impose based on the severity of the violation in the following categories:
1. License Violations Affecting Public Safety. This category of violation is the most severe and may include, but is not limited to, Retail Marijuana sales to persons under the age of 21 years, consuming marijuana on the Licensed Premises, Retail Marijuana sales in excess of the relevant transaction limit, permitting the diversion of Retail Marijuana outside the regulated distribution system, possessing Retail Marijuana or Retail Marijuana Product obtained from outside the regulated distribution system or from an unauthorized source, making misstatements or omissions in the Inventory Tracking System, failing to continuously escort a visitor in a Limited Access Area, violations related to co-located Medical Marijuana Centers and Retail Marijuana Businesses, failure to maintain books and records to fully account for all transactions of the business, Advertising violations directly targeting minors, or packaging or labeling violations that directly impact consumer safety. Violations of this nature generally have an immediate impact on the health, safety, and welfare of the public at large. The range of penalties for this category of violation may include license suspension, a fine per individual violation, a fine in lieu of suspension of up to \$100,000, and/or license revocation depending on the mitigating and aggravating circumstances. Sanctions may also include restrictions on the license.
  2. License Violations. This category of violation is more severe than a license infraction but generally does not have an immediate impact on the health, safety and welfare of the public at large. License violations may include but are not limited to, Advertising and/or marketing violations, packaging or labeling violations that do not directly impact consumer safety, failure to maintain minimum security requirements, failure to keep and maintain adequate business books and records, or minor or clerical errors in the inventory tracking procedures. The range of penalties for this category of violation may include a written warning, license suspension, a fine per individual violation, a fine in lieu of suspension of up to \$50,000, and/or license revocation depending on the mitigating and aggravating circumstances. Sanctions may also include restrictions on the license.

3. License Infractions. This category of violation is the least severe and may include, but is not limited to, failure to display required badges, unauthorized modifications of the Licensed Premises of a minor nature, or failure to notify the State Licensing Authority of a minor change in ownership. The range of penalties for this category of violation may include a verbal or written warning, license suspension, a fine per individual violation, and/or a fine in lieu of suspension of up to \$10,000 depending on the mitigating and aggravating circumstances. Sanctions may also include restrictions on the license.

B. Other Factors

1. The State Licensing Authority may take into consideration any aggravating and mitigating factors surrounding the violation which could impact the type or severity of penalty imposed.
2. The penalty structure is a framework providing guidance as to the range of violations, suspension description, fines, and mitigating and aggravating factors. The circumstances surrounding any penalty imposed will be determined on a case-by-case basis.
3. For all administrative offenses involving a proposed suspension, a Licensee may petition the State Licensing Authority for permission to pay a monetary fine, within the provisions of section 12-43.4-601, C.R.S., in lieu of having its license suspended for all or part of the suspension.

C. Mitigating and Aggravating Factors. The State Licensing Authority may consider mitigating and aggravating factors when considering the imposition of a penalty. These factors may include, but are not limited to:

1. Any prior violations that the Licensee has admitted to or was found to have engaged in.
2. Action taken by the Licensee to prevent the violation (e.g., training provided to employees).
3. Licensee's past history of success or failure with compliance checks.
4. Corrective action(s) taken by the Licensee related to the current violation or prior violations.
5. Willfulness and deliberateness of the violation.
6. Likelihood of reoccurrence of the violation.
7. Circumstances surrounding the violation, which may include, but are not limited to:
  - a. Prior notification letter to the Licensee that an underage compliance check would be forthcoming.
  - b. The dress or appearance of an underage operative used during an underage compliance check (e.g., the operative was wearing a high school letter jacket).

8. Owner or manager is the violator or has directed an employee or other individual to violate the law.
9. Participation in state-approved educational programs related to the operation of a Retail Marijuana Establishment.

The purpose of this rule is to assure Licensees do not use unauthorized confidential information at any time and do not engage the services of former State Licensing Authority or Division employees with regulatory oversight responsibilities for licensed marijuana businesses for the first 6 months following State Licensing Authority or Division employment.

**R 1308 – Confidential Information and Former State Licensing Authority Employees**

- A. Misdemeanor if Disclosed. Disclosure of confidential records or information in violation of the Medical Code constitutes a class 1 misdemeanor pursuant to subsection 12-43.3-201(5), C.R.S.
  1. Licensees, and employees or agents Licensees, shall not obtain or utilize confidential information the Licensee, employee or agent is not lawfully entitled to possess and acquire through use or misuse of Division processes or Division-approved systems. For confidentiality requirements of State Licensing Authority and Division employees, see rule R 1201 – Duties of Employees of the State Licensing Authority.

The purpose of this rule is to establish the circumstances under which the Division may seek from a district court an administrative warrant to search and/or seize marijuana and marijuana products. The Division has encountered circumstances that would have justified such a warrant. Establishing the criteria under which the Division may seek an administrative warrant will give fair notice to the regulated community regarding the types of violations that would lead to a request for an administrative warrant.

### **R 1309 – Administrative Warrants**

- A. Criteria. The Division may seek from a district court an administrative search warrant authorizing search and seizure in circumstances in which the Division makes a proper showing that:
  - 1. A Licensee has refused entry of Division investigators during business hours or times of apparent activity;

- F. Required Re-Validation - Contaminants.
1. Material Change Re-validation. If a Retail Marijuana Cultivation Facility or a Retail Marijuana Product Manufacturing Facility makes a Material Change to its cultivation or production process, then it must have the first five Harvest Batches or Production Batches produced using the new standard operating procedures tested for all of the contaminants required by paragraph C of this rule regardless of whether its process has been previously validated regarding contaminants. If any of those tests fail, then the Retail Marijuana Establishment's process must be re-validated.

    1. A Retail Marijuana Products Manufacturing Facility may process validate potency and homogeneity for each type of Edible Retail Marijuana Product it manufactures.
    2. A Retail Marijuana Products Manufacturing Facility's production process for a particular type of Edible Retail Marijuana Product shall be deemed valid regarding potency and homogeneity if every Production Batch that it produces for that particular type of Edible Retail Marijuana Product during at least a four week period but no longer than an eight week period passes all potency tests required by rule R 1503(D)(2). This must include at least four Test Batches that contain Samples from entirely different Production Batches.

3. Process Validation is Effective for One Year. Once a Retail Marijuana Products Manufacturing Facility has successfully obtained process validation for potency and homogeneity for a particular type of Edible Retail Marijuana Product that it produces, the process validation shall be effective for one year from the date of the last passing test required to satisfy the process validation requirements.

F. Required Re-Validation - Potency and Homogeneity - Edible Retail Marijuana Product.

1. Material Change Re-Validation. If a Retail Marijuana Products Manufacturing Facility elects to process validate any Edible Retail Marijuana Product for potency and homogeneity and it makes a Material Change to its production process for that particular type of Edible Retail Marijuana Product, then the Retail Marijuana Products Manufacturing Facility must re-validate the production process.
  - a. New Equipment. It shall be considered a Material Change if the Retail Marijuana Products Manufacturing Facility begins using new or different equipment for any material part of the production process.
  - b. Notification. A Retail Marijuana Product Manufacturing Facility that makes a Material Change to the production process of a validated Edible Retail Marijuana Product must notify the Retail Marijuana Testing Facility that conducts potency and homogeneity testing on the first four Production Batches produced using the new standard operating procedures.
  - c. Testing Required Prior to Wholesale or Transfer. When a Production Batch is required to be submitted for testing pursuant to this rule, the Marijuana Product Manufacturing Facility that produced it may not wholesale or transfer Retail Marijuana Product from that Production Batch unless or until it obtains a passing test.
2. Failed Potency Testing Re-Validation. If a Sample the Division requires to be tested fails potency testing, the Retail Marijuana Products Manufacturing Facility shall follow the procedures in paragraph C of rule R 1507 for any package or Production Batch associated with the failed Sample. The Retail Marijuana Products Manufacturing Facility shall also submit three additional Test Batches of the Retail Marijuana Product for potency testing by a Retail Marijuana Testing Facility within no more than 30 days. If any one of the three submitted Test Batches fails potency testing, the Retail Marijuana Products Manufacturing Facility shall re-validate its process for potency.
3. Expiration of Process Validation. A Retail Marijuana Products Manufacturing Facility shall be required to re-validate its process for each particular type of Edible Retail Marijuana Product it produces once the one year of process validation expires, or the Licensee shall comply with the requirements of the potency testing requirements found in rule R 1503(D)(1.5).

- G. Violation Affecting Public Safety. Failure to comply with this rule may constitute a license violation affecting public safety.

**R 1507 – Retail Marijuana Testing Program – Contaminated Product and Failed Test Results**

**This rule shall be effective on May 1, 2014.**

**A. Quarantining of Product**

1. If the Division has reasonable grounds to believe that a particular Harvest Batch, Production Batch, package or quantity of Retail Marijuana, Retail Marijuana Concentrate or Retail Marijuana Product is contaminated or presents a risk to public safety, then the Division may require a Retail Marijuana Establishment to quarantine it until the completion of the Division's investigation, which may include the receipt of any test results.
2. Retail Marijuana, Retail Marijuana Concentrate or Retail Marijuana Product that has been quarantined pursuant to this rule must be physically separated from all other inventory and may not be sold, wholesaled, transferred or processed into a Retail Marijuana Concentrate or Retail Marijuana Product.

**B. Failed Contaminant Testing.** If a Retail Marijuana Establishment is notified by the Division or a Retail Marijuana Testing Facility that a Test Batch failed contaminant testing, then for each package, Harvest Batch or Production Batch combined into that Test Batch the Retail Marijuana Establishment must either:

1. Destroy and document the destruction of the entire portion of the package, Harvest Batch or Production Batch that it possesses, See Rule R 307 – Waste Disposal; or
2. Decontaminate the portion of the package, Harvest Batch or Production Batch that it possesses, if possible, and create two new Test Batches, each containing the requisite number of Samples, and have those Test Batches tested for the identified contaminant by a different Retail Marijuana Testing Facility.
  - a. If both new Test Batches pass the required contaminant testing, then any Retail Marijuana, Retail Marijuana Concentrate or Retail Marijuana Product from any package, Harvest Batch or Production Batch included in that Test Batch may be sold, wholesaled, transferred or processed into a Retail Marijuana Concentrate or Retail Marijuana Product.

- b. If one or both of the Test Batches do not pass contaminant testing, then the Retail Marijuana Establishment must destroy and document the destruction of the entire portion of the package, Harvest Batch or Production Batch included in that Test Batch that it possesses. See Rule R 307 – Waste Disposal.
- C. Failed Potency Testing. If a Retail Marijuana Establishment is notified by the Division or a Retail Marijuana Testing Facility that a Test Batch of Retail Marijuana Product failed potency testing, then for the package or Production Batch from which that Test Batch was produced the Retail Marijuana Establishment must either:
  - 1. Destroy and document the destruction of the entire portion of the package or Production Batch that it possesses, See Rule R 307 – Waste Disposal; or
  - 2. Attempt corrective measures, if possible, and create two new Test Batches and have those Test Batches tested for potency by a different Retail Marijuana Testing Facility.
    - a. If both new Test Batches pass potency testing, then any Retail Marijuana Product from the Production Batch included in the Test Batch may be sold, wholesaled or transferred.
    - b. If one or both of the Test Batches fail potency testing, then the Retail Marijuana Products Manufacturing Facility must destroy and document the destruction of the entire portion of the package or Production Batch that it possesses. See Rule R 307 – Waste Disposal.
