[Editor's Notes follow the text of the rules at the end of this CCR Document.]

9.100 VOCATIONAL REHABILITATION PROGRAM

9.101 LEGAL AND OPERATIONAL BASIS [Rev. eff. 3/17/17]

The Department of Labor and Employment is the sole designated State agency that administers the vocational rehabilitation services program in Colorado, and the Division of Vocational Rehabilitation (DVR) is the sole designated State unit primarily concerned with the vocational rehabilitation of individuals with disabilities. Individuals with disabilities who receive services from DVR are referred to in general as "recipients" of services and include:

- A. Students with disabilities who are potentially eligible for vocational rehabilitation (VR) services for the purposes of Pre-Employment Transition Services
- B. Individuals who have applied to DVR
- C. Individuals who have been determined to be eligible for DVR services

9.101.1 Blind and Low Vision Services (BLVS) [Rev. eff. 3/1/20]

- A. DVR shall establish and maintain a specialized unit, BLVS, focused on providing services to individuals who are blind or have low vision. The BLVS unit shall have a dedicated manager reporting directly to the DVR Director, with oversight for personal adjustment training services, vocational rehabilitation services, the Business Enterprise Program (BEP), the Older Individuals Who are Blind (OIB) program, and other programs serving individuals who are blind or have low vision as appropriate.
- B. In addition to other performance metrics for which DVR is accountable, BLVS shall demonstrate success through timely eligibility determinations, timely plan development, employment, and earnings. For purposes of evaluating performance, Program Year 2018 (July 1, 2018 – June 30, 2019) will establish a baseline of performance and ongoing performance evaluation will consider the impact of overall economic conditions.
- C. BLVS shall conduct a minimum of biannual stakeholder meetings to ensure ongoing input from the community. Invited representatives shall include, but not be limited to:
 - 1. National Federation of the Blind of Colorado;
 - 2. American Council of the Blind of Colorado;
 - 3. Colorado Optometric Association;
 - 4. Colorado Center for the Blind;

5. Colorado School for the Deaf and Blind;
6. Anchor Center for Blind Children;
7. A Shared Vision;
8. BEP Operators;
9. Older Individuals Who are Blind Program Grantees;
10. BLVS Clients; and
11. The community at large.

9.102 PERSONNEL STANDARDS [Rev. eff. 3/17/17]

- A. Federal law requires state vocational rehabilitation agencies to establish qualified personnel standards and education and experience requirements for rehabilitation personnel, including rehabilitation counselors. DVR has established minimum qualifications through the Department of Personnel and Administration that are consistent with the minimum educational requirements established by the Commission on Rehabilitation Counselor Certification. Other positions within the rehabilitation counselor series such as orientation and mobility (O&M) specialists and vision rehabilitation therapists are also required to meet the minimum educational standards of appropriate national level certifying bodies. DVR shall ensure counselors providing services to individuals who are blind or have low vision have the necessary training and experience to support successful competitive integrated employment outcomes for this population.
- B. DVR shall take reasonable steps to ensure the safety of recipients of services and safeguard individuals from abuse or exploitation while participating in the VR program. As demonstrated by other state programs serving children, youth, and adults with disabilities, such steps shall include the requirement of criminal background checks for personnel engaged in direct care and services to, or accessing the confidential information of, this population.

9.103 PROTECTION, USE, AND RELEASE OF PERSONAL INFORMATION [Eff. 4/1/13]

9.103.1 Confidential Information [Rev. eff. 3/17/17]

All potentially eligible students and applicants (or their authorized representatives) shall be informed about DVR's need to collect personal information and the principal purposes for which DVR will use that information. Any information secured by or made available to DVR and/or its employees or representatives concerning referrals or recipients of the vocational rehabilitation program is considered confidential. Use of such information, current or stored, is limited to purposes directly connected to the administration of the Vocational Rehabilitation Program as identified in Sections 9.103.2 and 9.103.3 and is not to be otherwise disclosed, directly or indirectly. Individuals shall be notified of the confidential nature of their case records and the conditions for release of such information at the time of application or program involvement for a potentially eligible student with a disability.

9.103.2 Release to Recipients [Rev. eff. 3/17/17]

Information acquired or maintained by the Division of Vocational Rehabilitation (DVR) will be available upon written request, for inspecting and copying by a recipient or, as appropriate, the individual's representative, in accordance with the Colorado Open Records Act (Section 24 72-201, et. seq., C.R.S.), unless release of such information is prohibited by state or federal statutes, case law, or rules and regulations.

Medical, psychological, or other information which the counselor determines may be harmful to the individual shall not be released directly to the individual, rather such information shall be provided through a third party chosen by the individual. Any employee of DVR shall not disclose the information listed below to the recipient and/or his or her authorized representative.

- A. Social Security Administration (SSA) information except when requested by the Client Assistance Program on behalf of the recipient;
- B. Information from the U.S. Department of Veterans Affairs;
- C. Medical or psychological information when the service provider states in writing that disclosure to the individual is prohibited. Applicants and eligible individuals requesting such information shall be referred to the originating source of the information.

9.103.3 Release to Other Programs or Authorities [Rev. eff. 3/17/17]

- A. Confidential information may be released to other agencies or organizations when necessary for their program purposes only after DVR receives informed written consent from the recipient of DVR services or, if appropriate, the individual's representative, and under assurances that the agency or organization shall manage the information in a manner to safeguard its confidentiality in accordance with the confidentiality regulations governing vocational rehabilitation programs.
- B. Information may be released to other programs or authorities without a recipient's written authorization when:
 - 1. The information is directly connected with the administration of the Vocational Rehabilitation Program used only by persons officially connected with an audit or evaluation, and the final report contains no identifying information;
 - 2. Sharing of the information, including pertinent medical and other data received from SSA, is necessary to establish an individual's eligibility for rehabilitation services and/or for the provision of such services under an Individualized Plan for Employment (IPE);
 - 3. The information is required by federal law;
 - 4. The information is necessary to respond to an investigation in connection with law enforcement, fraud, or abuse, unless expressly prohibited by Federal or State laws or regulations, and in response to a judicial order;
 - 5. The information is necessary in order to protect the individual or others when the individual poses a threat to his or her own safety or to the safety of others;
 - 6. The information is requested by the Social Security Administration (SSA); or,
 - 7. The Director of the Division of Vocational Rehabilitation approves release to an organization or individual engaged in research.

9.104 RIGHTS TO REVIEW AND APPEAL

9.104.1 Review of DVR Determinations [Rev. eff. 3/17/17]

- A. A recipient who is dissatisfied with any determination made by the Division of Vocational Rehabilitation (DVR) that affects the provision of vocational rehabilitation services may request a review of that decision through an informal or formal process. The individual may also utilize the mediation process to resolve disputes. If appropriate, any request for review or mediation may be made through the individual's authorized representative.
- B. A recipient shall be notified, in writing, of his/her appeal rights, established procedures for review of determinations, and the availability of the Client Assistance Program each time the following occur:
 - 1. At the time of program involvement for a potentially eligible student with a disability;
 - 2. At the time of application for services;
 - 3. At the time of placement into an Order of Selection (OOS) priority for services category;
 - 4. At the time of Individualized Plan for Employment (IPE) development and any time the IPE is amended;
 - 5. Any time that DVR makes a decision to reduce, suspend or terminate planned services;
 - 6. At the time a case is closed for reasons of ineligibility; and,
 - 7. At the time a case is closed from a deferred services wait list.
- C. A recipient shall be responsible for his/her personal costs (including, but not limited to, legal representation and copying fees) associated with his/her review, appeal or mediation unless otherwise ordered.
- D. An applicant's or eligible individual's appeal shall not result in suspension, reduction or termination of vocational rehabilitation services pending resolution of his/her appeal unless:
 - 1. A recipient or, if appropriate, the individual's representative requests a suspension, reduction or termination of services; or,
 - 2. There is evidence that fraud has occurred or that the vocational rehabilitation services were obtained through misrepresentation, collusion or criminal conduct.

9.104.2 Mediation of Disputes [Eff. 3/17/17]

- A. An applicant or eligible individual may seek mediation by a qualified and impartial mediator as a means to resolve a dispute with the Division of Vocational Rehabilitation (DVR). The goal of mediation is to achieve consensus between the individual and DVR. The individual may bring an authorized representative to assist him/her during the mediation process.
 - 1. The request for mediation shall be submitted, in writing, to the DVR administrative office at any time during the review process and no later than the 60th day from the date the formal hearing is requested. The request shall identify the decision or action that is being disputed, why it is being disputed and what solution is requested. A qualified and impartial mediator arranged through the state shall be provided at no cost to the individual.

2. If the recipient requests mediation, DVR shall participate unless:
 - a. It is not possible to resolve the dispute without placing the Department in clear violation of state or federal law, rules, policy or the approved State Plan;
 - b. A mediated outcome is not possible based on documented evidence from previous experience with the individual concerning the issue under dispute;
 - c. The individual has committed acts of violence, has threatened acts of violence or has engaged in other forms of harassment against Department staff or any other individuals involved in the provision of vocational rehabilitation services; or,
 - d. The individual has failed to fulfill his or her responsibilities under a previous mediation agreement with DVR concerning the issue under dispute.
- B. DVR may seek mediation by a qualified and impartial mediator as a means to resolve a dispute with a recipient before he/she requests an informal review or a formal appeal if the individual agrees to participate.
- C. Mediation shall commence within twenty-one (21) days of the request for mediation and shall not delay conduct of the formal appeal unless both parties agree additional time is necessary.

Mediation is limited to a maximum of six (6) hours of mediation session(s) unless both parties and the mediator agree that additional hours may provide a resolution. Mediation shall be completed within one (1) calendar month of the initial request unless both parties and the impartial mediator agree that additional time is necessary.
- D. If mediation is successful, the consensus reached by both parties shall be documented in writing by the mediator and provided to both parties within seven (7) calendar days. Each party shall sign the agreement, which indicates agreement with its terms and a commitment to fulfill each party's respective responsibilities. If agreement on all issues is reached, the parties shall withdraw any pending informal review or formal appeal request. DVR shall not agree to any provision that it believes is contrary to state and federal law, rules, and policy or the approved State Plan.
- E. If mediation is not successful, the individual may initiate, or proceed with, an informal review or a formal appeal of the issue under dispute.
- F. Failure of the individual to honor his /her commitment under the terms of the mediation agreement shall void the mediation agreement.

9.104.3 Informal Review [Rev. eff. 3/17/17]

The recipient may request an informal review to resolve the issue(s) under dispute without mediation or conduct of a formal appeal. The informal resolution process will result in a decision by DVR regarding the issue under dispute. An individual shall not be required to go through an informal review prior to or instead of a formal appeal. An informal review shall be conducted within thirty (30) calendar days of the initial request unless both parties agree that additional time is necessary. Informal review shall not delay a formal appeal if one has been requested. If the informal review does not resolve the issue(s), and the formal appeal process has not been requested, the individual may request a formal appeal.

- A. Informal review begins with a request for the applicable DVR Supervisor to review a decision concerning the provision of vocational rehabilitation services.

- B. If the applicant or eligible individual is not satisfied with the decision made by the Supervisor, the applicant or eligible individual may take the next step and submit a written request for review to the Deputy of Field Services (or designee) to review the decision.

9.104.4 Formal Appeal Process [Rev. eff. 3/17/17]

An applicant or eligible individual may initiate a formal appeal regarding a determination to resolve the issue(s) under dispute without mediation or conduct of an informal review.

- A. A written request for a formal appeal must be submitted to the Colorado Department of Personnel and Administration, Office of Administrative Courts (OAC), within ninety (90) calendar days of the subject determination made by the DVR counselor or other DVR staff that affects a provision of pre-employment transition services or vocational rehabilitation services.
- B. The written request must be a statement detailing the basis of appeal, including a description of the determination made by DVR staff that the individual is appealing. The statement should include a description of what the individual wants from the appeal.
- C. A recipient and DVR may voluntarily participate in mediation through the OAC. Mediation may not be used to deny or delay an individual's right to pursue resolution of the dispute through the formal appeal process unless both parties agree that additional time is necessary for mediation.

9.104.5 Formal Appeal before the Office of Administrative Courts [Rev. eff. 3/17/17]

- A. When the Office of Administrative Courts (OAC) receives a request for a formal appeal, the OAC shall notify DVR and the Attorney General's Office, Labor and Employment Unit, that the request has been docketed and send a copy of the formal appeal request to DVR and the Attorney General's Office.
- B. A representative from the Attorney General's office, on behalf of DVR, shall serve a notice to set an informal pre-hearing conference within ten (10) calendar days of receipt of the formal appeal request from the OAC. The purpose of the informal pre-hearing conference shall be to:
1. Identify the issues for appeal.
 2. Set a date for DVR to provide a written statement summarizing the background and history of services for the appeal.
 3. Set a date for a response from the appellant to respond to the summary and identify specific issues for the appeal. The appellant should identify specific remedies being sought, if known.
 4. Set the date for hearing within sixty (60) days, unless both parties agree that more time is needed and agree to extend beyond the sixty days.
 5. Set dates for an exchange of witness and exhibit list, as well as exchanging exhibits or other evidence.
- C. The Administrative Law Judge shall conduct the hearing within sixty (60) calendar days of an individual's request for formal appeal unless both parties agree additional time is necessary.
- D. The Administrative Law Judge shall conduct the hearing on formal appeal in accordance with the Administrative Procedure Act, Section 24-4-105, C.R.S. The rights of the parties include:

1. Each party shall have the right to present his or her case or defense by oral and documentary evidence, to submit rebuttal evidence, and to conduct cross-examination.
 2. Subject to these rights and requirements, where a hearing will be expedited and the interest of the parties will not be subsequently prejudiced thereby, the Administrative Law Judge may receive all or part of the evidence in written form or by oral stipulations.
 3. Hearings will be conducted at a site convenient to the appellant. A telephonic hearing may be conducted as an alternative to a face-to-face hearing if requested by either party. If either party requests a face-to-face hearing, the written request for a face-to-face hearing must be filed with the OAC and the other party at least ten (10) calendar days before the scheduled hearing.
- E. At the conclusion of the hearing, unless the Administrative Law Judge allows additional time to submit documentation, the Administrative Law Judge shall take the matter under advisement. After considering all the relevant evidence presented by the parties, the Administrative Law Judge shall render an initial decision.
- F. The initial decision shall uphold, modify or reverse DVR's determination affecting the provision of pre-employment transition services or vocational rehabilitation services to a recipient or the decision regarding eligibility for services.
- G. The initial decision shall be rendered within thirty (30) calendar days of the completion of the hearing.
- H. When an appellant fails to appear at a duly scheduled hearing, having been given proper notice, without having given timely advance notice to the Administrative Law Judge of acceptable good cause for inability to appear at the hearing at the time, date and place specified in the notice of hearing, then the appeal shall be considered abandoned and the Administrative Law Judge shall enter an initial decision dismissing appeal.

9.104.6 Further Appeal [Eff. 3/17/17]

- A. The initial decision rendered by the Administrative Law Judge shall become the final decision of the agency in absence of an exception filed by either party within thirty days after service of the initial decision, unless extended by the agency.
- B. If a timely exception to the initial decision is filed by the appellant, the agency shall issue a final decision and advise the individual of his/her right to seek judicial review in the State District Court, City and County of Denver.
- C. Any recipient who wishes to challenge the final agency decision may also bring a civil action for review of such decision (i.e. judicial review per CRS 24-4-105). The final agency decision shall be implemented pending the results of the review under a civil action. The civil action may be brought in any State court or in a district court of the United States, regardless of the amount in controversy. All records relating to the hearing shall be provided to the court in which the civil action shall be heard. Additional evidence may be provided upon request of the individual or the Director of DVR. The decision of the court and any relief granted as a result of the civil action shall be deemed final and binding.

9.104.7 Grievance of Discrimination on the Basis of Disability [Eff. 3/02/19]

An individual who believes he or she has experienced discrimination in violation of the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, as amended, or the Colorado Anti-Discrimination Act (CADA) is entitled to due process and may file a grievance.

- A. Informal Resolution: An individual who believes he or she has experienced discrimination on the basis of his or her disability may seek informal resolution by contacting the Deputy for Field Services, or his or her designee, as soon as possible to explain the concern and propose a solution. Informal review shall be conducted in a timely manner that shall not delay a formal grievance. If the informal review does not resolve the issue(s), and the formal grievance has not already been filed, the individual may seek resolution through the formal grievance procedures.
- B. Formal Grievance Procedures: An individual, or his or her authorized representative, may initiate a formal grievance in lieu of seeking an informal resolution or if the informal resolution process did not satisfactorily resolve the concern.
1. Formal Written Complaint: A written complaint shall be considered when submitted to the ADA and Section 504 Coordinator of the Colorado Department of Labor and Employment within thirty (30) calendar days of the alleged offense or incident. The complaint shall include the name, address, and telephone number of the person filing the complaint; a description of the incident or alleged offense with as much information as possible; the date and location of the incident or alleged offense; and a proposed agency response that would resolve the issue(s) to the satisfaction of the complainant.

Within thirty (30) calendar days of receipt of the complaint, the ADA and Section 504 Coordinator shall conduct an investigation of the circumstances involved. At the conclusion of the investigation, the ADA and Section 504 Coordinator shall respond in writing or, as appropriate, in a format accessible to the complainant, explaining the position of the Department.
 2. Additional Action: If the response of the written complaint by the ADA and Section 504 Coordinator does not satisfactorily resolve the concern, the complainant, or his or her authorized representative, may contact the Colorado Civil Rights Division (CCRD) or the United States Department of Education's Office of Civil Rights (OCR) within sixty (60) days of the Department's decision. An individual does not need to seek resolution through DVR's information resolution or written complaint processes prior to filing a discrimination complaint with CCRD or OCR. A complaint directly to CCRD must be filed within sixty (60) days of the alleged incident of discrimination. A complaint directly to OCR must be filed within 180 days of the alleged incident of discrimination.

9.105 APPLICATION AND ELIGIBILITY [Eff. 3/17/17]

9.105.1 Application [Eff. 3/17/17]

- A. An applicant is an individual who has applied for DVR services. Authorized representatives shall be involved in pertinent issues in the same manner as the applicant or client. DVR shall provide assistance and/or accommodations throughout the application process.

Application criteria for vocational rehabilitation services:

1. An individual or, as appropriate, the individual's authorized representative, signs and dates DVR's application for services; and
2. The individual is available to complete the assessment process; and
3. Information necessary to initiate the eligibility determination process is provided.

9.105.2 Eligibility [Rev. eff. 3/17/17]

- A. DVR will work with each applicant to obtain existing records and documents, and when necessary, conduct additional assessments needed to determine eligibility. The length of time between application and eligibility shall not exceed sixty (60) calendar days unless a period of trial work experience is required or exceptional and unforeseen circumstances beyond the agency's control preclude determining eligibility within sixty calendar days and the counselor and applicant agree to a specific extension of time.

Eligibility criteria for vocational rehabilitation services requires that:

1. The individual has a physical or mental impairment documented by qualified personnel. For purposes of this eligibility criteria, DVR considers "qualified personnel" to be individuals or practitioners that are licensed and regulated by the Colorado Department of Regulatory Agencies to determine the existence of an impairment for their specific area of medical or psychological practice, or who otherwise meet established state or national licensing and certification requirements for that area of practice. In addition, the Social Security Administration and education officials responsible for the public education of students with disabilities are considered by DVR to be qualified personnel for this eligibility criterion;
2. The impairment constitutes or results in a substantial impediment to employment that is consistent with the individual's abilities and capabilities;
3. The individual requires vocational rehabilitation services to prepare for, secure, retain, advance in, or regain employment consistent with his/her unique strengths, resources, priorities, concerns, abilities, capabilities, interests and informed choice; and,
4. The Division of Vocational Rehabilitation (DVR) presumes that an applicant who meets all other eligibility criteria can benefit in terms of an employment outcome from the provision of vocational rehabilitation services. If DVR questions whether the individual's disability is too severe for him/her to benefit from services in terms of an employment outcome, clear and convincing evidence shall be obtained through the provision of trial work experiences.

B. Presumptive Eligibility

An applicant who is determined to be eligible for Supplemental Security Income (SSI) and/or Social Security Disability Insurance (SSDI) benefits (based on his/her own disability including blindness) is presumed to meet the eligibility requirements. Verification of eligibility for SSI/SSDI benefits is sufficient to establish that DVR eligibility criteria are met unless the presumption of benefit in terms of an employment outcome is questionable due to the severity of the disability(ies), which may require trial work experiences.

9.106 SEVERITY OF DISABILITY [Rev. eff. 3/17/17]

The assessment for determining eligibility and identifying vocational rehabilitation needs shall establish an individual's priority for services, based upon whether the individual's disability is most significant, significant, or an individual with a disability.

- A. An individual with a most significant disability is defined as an eligible individual (including presumptively eligible) who has a severe physical or mental impairment that seriously limits three or more functional capacities (communication, interpersonal skills, mobility, motor skills, self-care, self-direction, work skills, or work tolerance) in terms of an employment outcome; and, whose vocational rehabilitation can be expected to require the provision of two or more vocational rehabilitation services for at least five months.
- B. An individual with a significant disability is defined as an eligible individual who has been verified to be presumptively eligible or who has a severe physical or mental impairment that seriously limits one or two functional capacity areas (communication, interpersonal skills, mobility, motor skills, self-care, self-direction, work skills, or work tolerance) in terms of an employment outcome; and, whose vocational rehabilitation can be expected to require the provision of two or more vocational rehabilitation services for at least five months.
- C. An individual with a disability is defined as an eligible individual who does not meet the criteria for most significant or significant.

9.107 PROVISION OF VOCATIONAL REHABILITATION SERVICES [Rev. eff. 3/17/17]

- A. Pre-employment transition services must be made available statewide to all students with disabilities, regardless of whether the student has applied or been determined eligible for vocational rehabilitation services.
 - 1. Pre-employment transition services are:
 - a. Job exploration counseling;
 - b. Work-based learning experiences that are provided in an integrated environment in the community to the maximum extent possible;
 - c. Counseling on opportunities for enrollment in comprehensive transition or postsecondary educational programs and institutions of higher education;
 - d. Workplace readiness training to develop social skills and independent living; and
 - e. Instruction in self-advocacy, which may include peer mentoring.
- B. All other vocational rehabilitation services shall be provided to:
 - 1. Applicants to determine eligibility and severity of disability.
 - 2. Eligible individuals to determine a vocational goal and identify the nature and scope of the services necessary to reach that vocational goal.
 - 3. Under an Individualized Plan for Employment (IPE) to assist an individual in preparing for, securing, retaining, advancing in, or regaining an employment outcome.

Services shall be necessary, appropriate, and purchased at least possible cost. A service is considered necessary only if it is essential to assess an individual's eligibility and severity of disability, to establish his/her vocational rehabilitation needs, to overcome or circumvent an identified vocational impediment(s), and to attain the individual's chosen employment outcome. A service is considered appropriate if it is of sufficient quality to fully meet the individual's particular needs and circumstances. Least possible cost is considered only after the determination of necessary and appropriate. All services shall be provided in the most integrated settings possible.

9.107.1 Engagement and Contact [Rev. eff. 3/17/17]

An effective vocational rehabilitation program requires the active participation of each eligible individual. A DVR staff member shall contact every eligible individual at least once every two months and document this in the client record.

9.108 UTILIZATION OF REHABILITATION FUNDS

9.108.1 Expenditure of Rehabilitation Funds [Rev. eff. 9/30/2019]

A. Payment for Services

Necessary and appropriate services provided to applicants and eligible individuals shall be procured at the least possible cost to the Division of Vocational Rehabilitation (DVR). All services and goods shall be authorized prior to, or at the initiation of, the delivery of the service or good unless the service record documents that prior written authorization is not possible. All goods shall be procured in compliance with state purchasing procedures.

B. Estimation of Costs

All completed Individualized Plans for Employment (IPE) shall contain estimates of anticipated agency costs and contributions for goods and services listed.

C. Regardless of the vocation chosen, DVR excludes supporting a business that does not comply with all relevant state, federal, and local laws and regulations.

D. Fee Schedule

Services must be authorized and payments approved in accordance with current agency fee schedules. Fees exceeding the established maximum may be authorized and paid only when the specific service is not available at the established rate or when the service available at the established rate is not adequate to meet the individual's rehabilitation needs.

E. Provider Standards

Vocational goods and services are purchased only from providers who meet minimum standards and possess sufficient knowledge of disability and disability-related barriers to effectively meet the needs of recipients of DVR services. Minimum standards are identified in DVR's fee schedule.

1. DVR shall take reasonable steps to ensure the safety of recipients of services and safeguard individuals from abuse or exploitation while participating in the VR program and interacting with providers of services purchased by DVR. DVR shall establish and maintain policies and procedures specifying the manner in which criminal background checks will be utilized prior to registering providers or approving contracts which will require direct contact with recipients of services or access to confidential information.
2. Additional training and certification requirements apply to Supported Employment service providers.
 - a. Supported Employment service providers shall possess either a nationally recognized Supported Employment certification (Certification) approved by the Department of Health Care Policy and Financing (HCPF) and DVR or complete a nationally recognized training certificate (Training Certificate) approved by HCPF and DVR. Approved Certifications and Training Certificates shall align with the following core competencies:

-
- i. Core values and principles of Supported Employment. These include the priority of employment for all working-age persons with disabilities, and the belief that all people are capable of full participation in employment and community life. These values and principles are essential to successfully providing Supported Employment services.
 - ii. Person-centered process. The process identifies the strengths, preferences, needs (clinical and support), and desired outcomes of the individual and individually identified goals and preferences related to relationships, community participation, employment, income and savings, healthcare and wellness, and education. The Person-centered approach includes working with a team where the individual chooses the people involved on the team and receives necessary information and support to ensure he or she is able to direct the process to the maximum extent possible; effective communication; and appropriate assessment.
 - iii. Individualized career assessment and planning. This process is used to determine the individual's strengths, needs, and interests to support career exploration and leads to effective career planning, including the consideration of necessary accommodations and benefits planning.
 - iv. Individualized job development. Identifying and creating individualized competitive integrated employment opportunities for individuals with significant disabilities, which meet the needs of both the employer and the individual. This competency includes negotiation of necessary disability accommodations.
 - v. Individualized job coaching. Providing necessary workplace supports to individuals with significant disabilities to ensure success in competitive integrated employment and resulting in a reduction in the need for paid workplace supports over time.
- b. Supported Employment service providers employed by a provider agency or registered as a vendor with DVR on or before July 1, 2019, shall obtain Certification or a Training Certificate no later than July 1, 2024.
 - c. Supported Employment service providers hired by a provider agency or registered as a vendor with DVR after July 1, 2024, shall obtain Certification or a Training Certificate within two years of employment.
 - i. Beginning July 1, 2024, Supported Employment service providers who are not fully qualified shall receive supervision from a Supported Employment service provider who is fully qualified (Supervisor) until he or she becomes fully qualified.
 - ii. Supervision shall include, at a minimum, one-on-one meetings (in person or virtually) between the Supported Employment service provider and the Supervisor at least twice each month, and onsite job shadowing at least twice each year (12 month period of time).
 - d. Supported Employment service providers obtaining Certification and/or Training Certificate shall be eligible to receive reimbursement for the training and/or Certification costs, as applicable. Reimbursement is limited to \$300 per Certification and \$1,200 per Training Certificate. Reimbursement amounts are inclusive of all associated costs, such as registration fees, travel, and wages.
-

- i. Supported Employment service providers seeking reimbursement for Training Certificate and/or Certification costs shall obtain pre-approval and request reimbursement from HCPF in accordance with 10 CCR 25.5-10 §8.500.14.H.

F. Payment for Transportation

Transportation is provided to an individual if necessary to participate in DVR services. Public transportation is encouraged unless the individual's impairment-related limitations prevent use of public transportation. If the individual chooses to use his/her own vehicle when public transportation is available and accessible, reimbursement for mileage may be provided up to the cost of public transportation.

To receive reimbursement, the individual or his/her driver shall have a valid driver's license, possess an active insurance policy to drive the automobile, and use an automobile that is appropriately licensed and registered. Appropriate documentation shall be provided to DVR to support the reimbursement is related to services necessary for eligibility determination or in connection with the provision of services.

G. State Property

Goods purchased for use by an eligible individual in a training program, trade, or business remain the property of the State of Colorado until successful closure from DVR occurs. DVR may choose to recover purchased equipment per established policy and/or procedure.

9.108.2 Applicant or Eligible Individual Financial Participation [Rev. eff. 3/17/17]

Payment for most services or goods for individuals other than SSI/SSDI recipients is based upon the economic need of the individual and the finances of the family unit. DVR shall conduct a determination of the individual's economic need prior to the preparation and approval of an Individualized Plan for Employment or a Business Exploration Agreement whenever the plan contains a vocational rehabilitation service that is not specifically exempted from financial participation. An individual who receives Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI) is exempt from the determination of economic need and from participating financially in his/her rehabilitation plan.

- A. Re-determinations of the individual's economic need shall be conducted within forty-five (45) days of a change to the individual's financial circumstances.
- B. All economic need determinations shall be documented and require an individual's proof of financial status. Documentation accepted as proof of financial status shall be defined in writing by DVR. The applicant or eligible individual shall provide proof of financial status unless the service record documents that there is no proof of financial status available and/or it cannot be obtained. If proof of financial status cannot be obtained, the statement of the applicant or eligible individual and/or member of his/her family shall establish data used to complete economic need determinations.
- C. The family unit consists of the applicant or eligible individual, the spouse of the individual, and any other persons whom the individual claims as a dependent for income tax purposes.
