9.00(2)(e) The induction program must define a process for determining when an inductee has successfully completed the program. In no case must an induction program exceed three years.

9.00(2)(f) The district, districts, charter school, nonpublic school, or institute, or BOCES delivering the induction program must recommend an inductee for a professional license based on performance evaluations and ongoing evaluation of the candidate's capability for meeting the Principal or Administrator Quality Standards. Criteria for recommendation must include, but are not limited to, mentor and supervisor recommendation, summative evaluations, and growth documented by formative evaluations.

9.00(2)(g) Each induction program must conduct a self-evaluation every five years. The Department may conduct visits to induction sites and survey participants regarding the effectiveness of the program.

10.00 Denial, Suspension, Revocation, or Annulment of Licenses and School District Reporting Requirements

This section establishes a procedure for processing adverse information, which may result in the State Board seeking denial, suspension, revocation, or annulment of licenses, including lifetime certificates, endorsements and authorizations. It establishes standards against which said adverse information may be judged. This section also provides due process protections for license-holders and applicants and specifies requirements for school districts' reports to the Department on employee misconduct. For the purpose of this section, "license" means any license, certificate, authorization, or endorsement issued by the Department on or after July 1, 1994, pursuant to section 22-60.5-101, C.R.S., and any certificate, letter of authorization, or endorsement issued by the Department on or before June 30, 1994, pursuant to section 22-60-101, C.R.S.

10.00(1) A license may be denied, annulled, suspended, or revoked by the State Board of Education in accordance with the State Administrative Procedures Act, sections 24-4-101 through 107, C.R.S., in the following circumstances:

10.00(1)(a) If the applicant obtained or attempts to obtain the license through misrepresentation, fraud, misleading information, or an untruthful statement submitted with the intent to misrepresent, mislead, or conceal the truth;

10.00(1)(b) If the Department mistakenly issued the license and it is subsequently determined that the holder is not entitled to the license due to a failure to meet educational or non-educational requirements in effect when the license was issued;

10.00(1)(c) When the applicant or holder is or has ever been convicted of, pleads or has ever pled nolo contendere to, or receives or has ever received a deferred sentence for a violation of any one of the following offenses:

10.00(1)(c)(i) contributing to the delinquency of a minor, as described in section 18-6-701, C.R.S.;

10.00(1)(c)(ii) a misdemeanor, the underlying factual basis of which has been found by the court on the record to involve domestic violence, as defined in section 18-6-800.3 (1), C.R.S., and the conviction is a second or subsequent conviction for the same offense;

10.00(1)(c)(iii) misdemeanor sexual assault, as described in section 18-3-402, C.R.S.;

10.00(1)(c)(iv) misdemeanor unlawful sexual conduct, as described in section 18-3-404, C.R.S.;

10.00(1)(c)(v) misdemeanor sexual assault on a client by a psychotherapist, as described in section 18-3-405.5, C.R.S.;

10.00(1)(c)(vi) misdemeanor child abuse, as described in section 18-6-401, C.R.S.;

10.00(1)(c)(vii) a crime under the laws of the United States, another state, a municipality of this state or another state, or any territory subject to the jurisdiction of the United States, the elements of which are substantially similar to one of the offenses described in this paragraph (d); or

10.00(1)(c)(viii) a misdemeanor committed under the laws of the United States, another state, a municipality of another state, or any territory subject to the jurisdiction of the United States, the elements of which are substantially similar to sexual exploitation of children as described in section 18-6-403(3)(b.5), C.R.S.;

10.00(1)(d) When the applicant or holder is or has ever been found guilty of, or pleads or has ever pled guilty or nolo contendere to, a misdemeanor violation of any law of this state or another state, any municipality of this state or another state, or the United States or any territory subject to the jurisdiction of the United States involving the illegal sale of controlled substances, as defined in section 18-18-102(5), C.R.S.;

10.00(1)(e) When the applicant or holder is or has ever been found guilty of a felony, other than a felony described in section 10.00(2) of these rules, or upon the court's acceptance of a guilty plea or a plea of nolo contendere to a felony, other than a felony described in section 10.00(2) of these rules, in this state or under the laws of any other state, the United States or any territory subject to the jurisdiction of the United States, of a crime which, if committed within this state, would be a felony, other than a felony described in section 10.00(2) of these rules, when the commission of said felony, in the judgment of the State Board of Education, renders the applicant or holder unfit to perform the services authorized by his or her license;

10.00(1)(f) When the applicant or holder has ever received a disposition or an adjudication for an offense involving what would constitute a physical assault, a battery, or a drug-

related offense if committed by an adult and if the offense was committed within the 10 years preceding the date of the license application;

10.00(1)(g) When the applicant or holder is or was charged with having committed a felony or misdemeanor and forfeits or has ever forfeited any bail, bond, or other security deposited to secure his or her appearance; pays or has ever paid a fine; enters or has ever entered a plea of nolo contendere; or receives or has ever received a deferred or suspended sentence imposed by the court for any offense described in sections 10.00(2)(a), (b), or (d) of these rules;

10.00(1)(h) Notwithstanding any provision of section 10.00(2) of these rules to the contrary, when the State Board of Education determines an applicant or holder who held a license prior to June 6, 1991, has ever been convicted of an offense described in sections 10.00(2)(a)-(c) of these rules, unless the applicant or holder was previously afforded the rights set forth in section 22-60.5-108, C.R.S., with respect to the offense and the applicant or holder received or retained his or her license as a result;

10.00(1)(i) When the holder, without good cause, resigns or abandons his or her contracted position with a school district without giving written notice to the employing local board of education of his or her intent to terminate his or her employment contract for the succeeding academic year at least 30 days prior to the commencement of the succeeding academic year or the commencement of services under his or her employment contract or without giving written notice to the employing local board of education of his or her intent to terminate his or her employment contract for the current academic year at least 30 days prior to the date he or she intends to stop performing the services required by the employment contract. In this case, the license may be suspended;

10.00(1)(j) When the State Board of Education finds and determines that the applicant or holder is or has ever been professionally incompetent as described in section 10.01 of these rules;

10.00(1)(k) When the State Board of Education finds and determines that the applicant or holder is or has ever been guilty of unethical behavior as described in section 10.02 of these rules; or

10.00(1)(l) When the State Board of Education finds and determines that the license-holder knowingly and intentionally failed to protect student data pursuant to section 22-1-123, C.R.S. In this case, the license may be suspended or revoked for a period not less than 90 days.

10.00(2) A license must be denied, annulled, suspended, or revoked by the State Board of Education in accordance with the State Administrative Procedures Act, sections 24-4-101 through 107, C.R.S., in the following circumstances:

10.00(2)(a) A license must be denied, suspended, or revoked when the applicant or holder is or has ever been convicted by a jury verdict, by entry of a verdict, by acceptance of a guilty plea or a plea of nolo contendere by a court of:

10.00(2)(a)(i) felony child abuse, as specified in section 18-6-401, C.R.S.;

10.00(2)(a)(ii) a crime of violence, as defined in section 18-1.3-406, C.R.S.;

10.00(2)(a)(iii) a felony offense involving unlawful sexual behavior, as defined in section 16-22-102(9), C.R.S.;

10.00(2)(a)(iv) a felony, the underlying factual basis of which has been found by the court on the record to include an act of domestic violence, as defined in section 18-6-800.3, C.R.S.;

10.00(2)(a)(iv)(A) This ground for mandatory denial, suspension, or revocation of a license only applies for a period of five years following the date the offense was committed, provided the applicant or holder has successfully completed any domestic violence treatment required by the court; or

10.00(2)(a)(v) a felony offense in another state, the United States, or territory subject to the jurisdiction of the United States, the elements of which are substantially similar to the elements of one of the offenses described in this section 10.00(2)(a).

10.00(2)(b) A license must be denied, suspended, or revoked when the applicant or holder is or has ever been convicted by a jury verdict, by entry of a verdict, or by acceptance of a guilty plea or a plea of nolo contendere by a court of indecent exposure, as described in section 18-7-302, C.R.S., or of a crime under the laws of another state, a municipality of this or another state, the United States, or a territory subject to the jurisdiction of the United States, the elements of which are substantially similar to the offense of indecent exposure described in this section 10.00(2)(b).

10.00(2)(c) A license must be denied, suspended, or revoked when the applicant or holder receives or has ever received a disposition or an adjudication for an offense that would constitute felony unlawful sexual behavior, as defined in section 16-22-102(9), C.R.S., if committed by an adult.

10.00(2)(d) A license must be denied, suspended, or revoked if the applicant or holder is or has ever been convicted by a jury verdict, by entry of a verdict, or by acceptance of a guilty plea or a plea of nolo contendere by a court of a felony drug offense described in section 18-18-401, et seq., C.R.S., and committed on or after August 25, 2012, or is convicted of an offense under the laws of another state, the United States, or any territory subject to the jurisdiction of the United States, committed on or after June 11, 2021, the elements of which are substantially similar to a felony drug offense described in part 4 of article 18 of title 18, C.R.S.

10.00(2)(d)(i) This requirement for denial, suspension or revocation of a license only applies for a period of five years following the date the offense was committed.10.00(2)(e) A license must be denied, suspended, or revoked when the applicant or holder fails to submit his or her fingerprints taken by a qualified law enforcement agency, an authorized employee of a school district or Board of Cooperative Services using fingerprinting equipment that meets the Federal Bureau of Investigation image quality standards, or any third party approved by the Colorado Bureau of Investigation to the Department within 30 days after receipt of the Department's written request for fingerprints, which fingerprint submission the Department required upon finding probable cause to believe that the applicant or holder had been convicted of a felony or misdemeanor, other than a misdemeanor traffic offense or traffic infraction, subsequent to his or her licensure.

10.00(2)(f) A license must be denied, suspended, or revoked when the applicant or holder is determined to be mentally incompetent by a court of competent jurisdiction and a court enters, pursuant to section 15-14-301, et seq.; 15-14-401, et seq.; 27-65-109(4); or 27-65-127, C.R.S., an order specifically finding that the mental incompetency is of such a degree that the applicant or holder is incapable of continuing to perform his or her job. In this circumstance, no hearing is required to deny, annul, suspend, or revoke the license, notwithstanding section 22-60.5-108, C.R.S.; denial, annulment, suspension, or

revocation happens by operation of law after the Department gives reasonable notice to the applicant or license-holder.

10.00(3) The State Board of Education may take immediate action to deny, annul, or suspend a license without a hearing, notwithstanding the provisions of section 22-60.5-108, C.R.S., upon receipt of a certified copy of the judgment of conviction, a deferred sentence, or the acceptance of a guilty plea or a plea of nolo contendere for any violation of sections 10.00(1)(c)-(e) of these rules or upon receipt of a certified copy of the judgment of conviction or the acceptance of a guilty plea or a plea of nolo contendere for any violation of sections 10.00(2)(a)-(d) of these rules. The State Board of Education may revoke a suspended license based on a violation of sections 10.00(1)(c)-(e) of these rules and must revoke a suspended license based on a violation of sections 10.00(2)(a)-(d) of these rules without a hearing and without any further action after the exhaustion of all appeals, if any, or after the time for seeking an appeal has elapsed and upon the entry of a final judgment. A certified copy of the judgment of a court of competent jurisdiction of a conviction, a deferred sentence, or the acceptance of a guilty plea or a plea of nolo contendere is conclusive evidence of such conviction or plea for the purposes of sections 10.00(1)(c)-(e) of these rules. A certified copy of the judgment of a court of competent jurisdiction of a conviction or the acceptance of a guilty plea or a plea of nolo contendere is conclusive evidence of such conviction or plea for the purposes of sections 10.00(2)(a)-(d) of these rules.

10.00(4) In cases where the State Board of Education deems summary suspension is appropriate, pursuant to section 24-4-104(4), C.R.S., proceedings for suspension or revocation may be instituted upon the Board's own motion without a proceeding pursuant to these regulations. The holder is entitled to a post-deprivation hearing consistent with section 24-4-105, C.R.S. At such hearing, the burden of proof rests with the license-holder.

10.01 Standards of Professional Incompetence

The following serve as standards against which charges of professional incompetence will be judged. To warrant denial, annulment, suspension, or revocation of the license, violations must be found to be substantial or continued, as well as related to services rendered within the scope of the license. It is considered professional incompetence for a license-holder or applicant to:

10.01(1) willfully depart or to have ever willfully departed from the quality standards described in sections 5.00 or 6.00 of these rules;

10.01(2) willfully fail or to have ever willfully failed to practice with reasonable skill and safety;

10.01(3) act or to have ever acted in a manner evidencing a clear and substantial lack of knowledge, ability, or fitness to perform the services rendered within the scope of the license;

10.01(4) refuse or to have ever refused to perform duties required by federal and state law and regulation;

10.01(5) recklessly disregard or to have ever recklessly disregarded duties required by federal and state law and regulation;

10.01(6) have or to have ever had a mental of physical condition, as diagnosed by a professional competent to make such a diagnosis, that results in the license-holder’s or applicant’s inability to satisfactorily perform required duties, subject to the American with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, and other nondiscrimination law; or

10.01(7) habitually abuse or to have ever habitually abused alcoholic, narcotic, hypnotic, or other substances, the abuse of which results in the license-holder's or applicant's inability to satisfactorily perform required duties, subject to the American with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, and other nondiscrimination law.

10.02 Standards of Unethical Behavior

The following serve as standards against which charges of unethical behavior will be judged. To warrant denial, annulment, suspension, or revocation of the license, violations must be found to be substantial or continued. It is considered unethical behavior for a license-holder or applicant to:

10.02(1) fail or to have ever failed to make reasonable effort to protect a minor from conditions harmful to health and safety;

10.02(2) provide or to have ever provided professional services in a discriminatory manner regarding age, gender, gender identity, sexual orientation, national origin, race, ethnicity, color, creed, religion, language, disability, socio-economic status, or marriage status;

10.02(3) fail or to have ever failed to keep in confidence information obtained in the course of professional services, unless disclosure serves to protect the child, other children, or school personnel or is required by law;

10.02(4) direct or to have ever directed a person to carry out professional responsibilities knowing that such person is not qualified for the responsibility given, except for assignments of short duration in emergency situations;

10.02(5) deliberately distort or suppress or to have ever deliberately distorted or suppressed curricular materials or educational information in order to promote their own personal view, interest, or goal;

10.02(6) falsify or misrepresent or to have ever falsified or misrepresented records or facts relating to the license-holder or applicant's qualifications, another educator's qualifications, or a student's records;

10.02(7) make or to have ever made false or malicious statements about students or school personnel;

10.02(8) using one's position for personal gain

10.02(9) fail or to have ever failed to conduct financial transactions relating to the school program in a manner consistent with applicable law, rule, or regulation;

10.02(10) engage or to have ever engaged in immoral conduct that affects the health, safety, or welfare of children; conduct that offends the morals of the community; or conduct that sets an inappropriate example for children or youth whose ideals the educator is expected to foster and elevate;

10.02(11) engage or to have ever engaged in unlawful distribution or sale of dangerous or unauthorized prescription drugs or other dangerous nonprescription substances, alcohol, or tobacco.; or

10.02.(12) engage or to have ever engaged in a sexual act, meaning sexual contact, sexual intrusion, or sexual penetration as defined in section 18-3-401, C.R.S., with a student enrolled at the school where the license-holder or applicant is or was employed at the

time of the sexual act, including a student who is eighteen years of age or older, regardless of whether the student consented to the sexual act.

10.03 Filing of Adverse Information Regarding an Educator License

10.03(1) Filing of external complaints:

10.03(1)(a) A complaint regarding an educator is a formal statement, filed by an aggrieved party or a party in interest against an individual who holds or has applied for an educator license, of an alleged violation of conditions that, if found to be substantial or continued, and if found to be true, becomes grounds for denying, annulling, revoking, or suspending the license. The Department must supply necessary complaint forms and information for the filing of adverse information.

10.03(1)(b) The complainant must personally deliver, send by mail, or send in a secured electronic environment the complaint to the Department. The complainant must sign and swear to the complaint, regardless of delivery method. The complaint must allege actions serving as the basis of the complaint, and the alleged actions must be substantial or continued. The complaint must specify the statutory and regulatory violations.

10.03(2) Filing of notification by public district/school:

10.03(2)(a) The local board of education, charter school, BOCES, or its designee must notify the Department pursuant to the requirements of section 10.05 of these rules.

10.03(3) Conducting investigations and pursuing formal action by the State Board of Education:

10.03(3)(a) The Department conducts background investigations upon receipt of any adverse information. The purpose of this inquiry is to determine if there is probable cause to seek annulment, revocation, or suspension of the license or denial of the application. If the Department determines probable cause exists, the Department may ask the State Board of Education to direct the initiation of formal proceedings against the license-holder pursuant to section 22-60.5-108, C.R.S., or to deny the application pursuant to section 24-4-104(8), C.R.S.

10.03(3)(b) Except in cases of summary suspension, the Department must provide the license-holder or applicant notice of the allegations against him or her and an opportunity to respond prior to asking the State Board of Education to deny an application or initiate formal proceedings. The Department must provide such opportunity by sending a formal written letter of inquiry by first-class mail to the applicant or license holder, explaining the allegations, requesting a response within 20 days, and notifying them of their right to return a response within 20 days. If the Department knows that the person is an employee of a Colorado charter school, BOCES, or school district, the Department must notify the charter school, BOCES, or school district of the inquiry.

10.03(3)(c) After the expiration of the 20-day response period or upon receipt of the response, whichever is sooner, the Department will review the allegations and response and determine whether to pursue the charges for denial, revocation, or annulment of the license. In any case where, based on the response, the Department determines probable cause does not exist, the Department must withdraw or dismiss the complaint and notify the person complained against and the school district, charter school, or BOCES of the Department's action. Any handling of the complaint must be consistent with the laws on confidentiality unless contrary to statute.

10.03(3)(d) The Department is authorized to grant extensions to any of the processing deadline dates in sections 10.03(3)-(4) of these rules, based upon sufficient cause shown.

10.03(3)(e) The Department will present its findings and recommendations to the State Board of Education for action.

10.03(3)(e)(i) If the Department recommends revocation or annulment and the State Board of Education accepts that recommendation, the Board must refer the matter for a hearing in accordance with section 24-4-105, C.R.S. The Department must notify by first-class mail the person charged of the State Board of Education's decision to refer the matter for a hearing. If the State Board of Education rejects the Department's recommendation, the Department must dismiss the complaint and notify the person complained against and the complainant of the Department's action. Any handling of the complaint must be consistent with the laws on confidentiality unless contrary to statute.

10.03(3)(e)(ii) if the Department recommends denial and the State Board of Education accepts that recommendation, the Department must notify by first-class mail the applicant of the denial and the applicant's right to request a hearing conducted in accordance with section 24-4-105, C.R.S. If the State Board of Education rejects the Department's recommendation, the Department must clear the application and issue the credential to the applicant.

10.03(3)(f) If the State Board of Education refers the matter for a hearing and if the Department knows that the person charged is a current employee of a Colorado charter school, BOCES, or school district, the Department must notify such school, BOCES, or school district of the State Board of Education's decision.

10.03(3)(g) If the State Board of Education refers the matter for a hearing, or if the applicant timely requests a hearing concerning the Board's denial of his or her application, the hearing and subsequent proceedings must be conducted by an administrative law judge appointed by the Colorado Division of Administrative Hearings in accordance with section 24-4-105(3), C.R.S..

10.03(3)(h) Pursuant to section 24-4-105(14), C.R.S., the decision of the administrative law judge must include a statement of findings and conclusions and the appropriate order, sanction, relief, or denial thereof. If the administrative law judge sustains the charge, the decision must result in revocation or denial of the license.

10.04 Application for License Following Suspension, Revocation, Annulment, or Denial

10.04(1) A license-holder whose license has been suspended or revoked may submit an application for a new license, the renewal of the expired license, or the reinstatement of the license to the Department and for review by the State Board of Education. The application must include justification for license issuance, renewal, or reinstatement, with evidence as to rehabilitation appropriate to the basis for the prior suspension or revocation. The application must demonstrate the current fitness of the applicant to resume educational duties, in accordance with all laws and rules. The burden of proof rests with the applicant.

10.04(1)(a) The reinstated license will bear the same expiration date as had been originally issued.

10.04(1)(b) In the event the original license expired during the period of suspension or revocation, the applicant will be required to meet all requirements for the renewal of the license.

10.04(2) An applicant whose license application has been denied or annulled by the State Board of Education may apply for a license to the Department and for review by the State Board. The application will include justification for issuance, with appropriate supporting documentation as to the current fitness of the applicant to resume educational duties, in accordance with all laws and rules. The burden of proof must rest with the applicant.

10.05 Mandatory Reporting of Misconduct

10.05(1) The local board of education, charter school, BOCES, or designee must notify the Department within 10 business days of any employee's dismissal or resignation if the dismissal or resignation is based on an allegation of unlawful behavior involving a child, including unlawful sexual behavior or allegation of a sexual act (meaning sexual contact, sexual intrusion, or sexual penetration as those terms are defined in section 18-3-401, C.R.S.) involving a student who is eighteen years of age or older, regardless of whether the student consented to the sexual act, that is supported by a preponderance of the evidence. The local board, charter school, BOCES, or designee must provide any information requested by the Department concerning the circumstances of the dismissal or resignation.

10.05(2) The local board of education, charter school, BOCES, or designee must immediately notify the Department when any employee's resignation or dismissal is based upon a conviction, guilty plea, plea of nolo contendere, or deferred sentence as set forth in sections 10.00(1)(d)-(g) and 10.00(2)(a)-(c) of these rules. The local board, charter school, BOCES, or designee must provide any information requested by the Department concerning the circumstances of the employee's dismissal or resignation.

10.05(3) The local board of education, charter school, BOCES, or designee must notify the Department when the county department of social services or local law enforcement agency reasonably believes that an incident of abuse or neglect has occurred and an employee of the district, charter school, or BOCES is the suspected perpetrator and was acting in his or her official capacity as an employee. The local board, charter school, BOCES, or its designee must provide any information requested by the Department concerning the employee's alleged abuse or neglect.

10.05(4) The local board of education, charter school, BOCES, or designee must notify the Department when it reasonably believes that one of its employees is guilty of unethical behavior or professional incompetence as set forth in sections 10.01 and 10.02 of these rules. The local board, charter school, BOCES or its designee must provide any information requested by the Department concerning the employee's behavior or competence.

10.05(5) The local board of education, charter school, BOCES, or designee must notify the Department when it learns from a source other than the Department that a current or past employee has been convicted of, has pled nolo contendere to, or has received a deferred sentence or deferred prosecution for a felony or a misdemeanor crime involving unlawful sexual behavior or unlawful behavior involving children.

10.06 Mandatory Disclosure of Attempts to Seal Criminal Records

10.06(1) An applicant or license-holder who files a petition to seal a criminal record under § 24-72-701, et seq., C.R.S., must notify the Department of the pending petition to seal. The Department may inquire into the facts of the criminal offense(s) for which the petition to seal is pending under § 24-72-703(2)(d)(III), C.R.S. The applicant or license-holder does not have any right to privilege

or privilege that justifies refusal to answer the Department's questions about the criminal offense(s) at issue in the petition to seal.

11.00 Standards for the Approval of Educator Preparation Programs

The Department will work with the Colorado Department of Higher Education to review and approve educator preparation programs at Colorado public, private, and proprietary institutions of higher education based on the identified requirements for approval under section 23-1-121(2) & (3), C.R.S.

Pursuant to 22-2-109, C.R.S and the standards set forth in sections 5.00 and 6.00 of these rules and sections 4.00 through 7.00 of 1 CCR 301-101,the State Board of Education will review the content of educator preparation programs. Such review will evaluate the program's content, delivery, and outcomes, including whether the program effectively enables a candidate to meet the requirements for licensure. For educator preparation programs located at institutions of higher education, the State Board will recommend to the Colorado commission on higher education that a program will be approved, be placed on conditional approval, probation, or not be approved.

Authorization of alternative teacher programs, alternative principal programs, and individualized alternative principal programs is solely the Department's responsibility as outlined in sections 22-60.5-205(3), 22-60.5-305.5(6), and 22-60.5-111(14), C.R.S. Section 12.00 of these rules provides the requirements for these programs.

11.01 Design of the Educator Preparation Programs

The Department's Educator Talent Division promotes high-quality programs that meet the requirements, policies, and the best practices identified by Colorado Commission of Higher Education, Department of Higher Education, and Department of Education pursuant to sections 22-2-109, C.R.S. and 23-78-104, C.R.S.

11.01(1) Endorsement standards in sections 5.00 and 6.00 of these rules and sections 4.00 through 7.00 of 1 CCR 301-101 outline the competencies candidates need to attain during preparation. In addition, each program's instructional content must include the following components:

11.01(1)(a) for all teacher candidates in elementary, early childhood and all special education programs, concentrated focus on foundational reading skills—specifically phonemic awareness, phonics, vocabulary, fluency, and comprehension, per 23-1-121(2)(c.5), C.R.S.;

11.01(1)(b) for all teacher candidates in an initial licensure program, behavioral health training including culturally responsive and trauma-informed practices.

11.01(1)(c) for all educator candidates, education and training on federal and state regulations and policies related to students with exceptional needs, including, but not limited to, Americans With Disabilities Act of 1990, Rehabilitation Act of 1973, and Individuals With Disabilities Education Act; and

11.01(1)(d) for all educator candidates, pedagogical instruction in high-quality practices for face-to-face, blended and online learning.

11.02 Program Review by the Department's Educator Talent Division

The Department's Educator Talent Division will evaluate all new and established educator preparation programs for consistency with these rules and with the State Board of Education-approved rules 1 CCR 301-101. The Division will assess the content of these programs based on sections 22-2-109(5) and 23-1-121, C.R.S. The purpose of the evaluation and approval process is to assure the public that educators who complete educator preparation programs in the state of Colorado are well-prepared to educate PreK-

12 students according to the Colorado Revised Statutes, the rules set forth by the State Board of Education, and the Colorado Academic Standards. Educator preparation programs must prepare candidates to meet or exceed the standards for licensure specified in sections 5.00 and 6.00 of these rules and the corresponding standards in sections 4.00 through 7.00 of 1 CCR 301-101, including any approved content tests required by state board rule.

11.02(1) The Educator Talent Division's review of program content must ensure that each program is designed and implemented in a manner that will enable a candidate to meet licensure and endorsement requirements.

11.02(2) For the reauthorization of educator preparation programs at public, private, or proprietary postsecondary institutions of higher education recognized by the Colorado Department of Higher Education, the Educator Talent Division will provide the State Board of Education information for its consideration as to whether the Board should recommend to CCHE approval, conditional approval, probation or termination..11.02(3) For alternative teacher programs and alternative principal programs, the State Board of Education will determine full reauthorization, conditional reauthorization, probationary reauthorization, or termination of the program.

11.02(3)(a) An on-site evaluation for the reauthorization of alternative preparation programs will occur no more frequently than once every five years.

11.02(3)(b) An initial site visit and review will be conducted 12 to 24 months after approval for all newly authorized alternative preparation programs.

12.00 Alternative Teacher Programs

The following must serve as standards for the initial and continuing approval of alternative teacher preparation programs. School districts, BOCES, accepted institutions of higher education, non-profit organizations, nonpublic schools, charter schools, the institute or any combination thereof may apply to the State Board of Education for approval as a designated agency of an alternative teacher program under section 22-60.5-205, C.R.S.

12.00(1) An alternative teacher program must:

12.00(1)(a) be a one-year or two-year teacher preparation program for persons of demonstrated knowledge and ability who hold an alternative teacher license:

12.00(1)(a)(i) a one-year program shall be designed to be completed in one year. The program may be extended for one additional year based on documentation of unforeseen circumstances, as demonstrated by the applicant and the designated agency and approved by the Department;

12.00(1)(a)(ii) a two-year program shall be designed to be completed in two years;

12.00(1)(a)(iii) for the purpose of preparing a special education generalist, an alternative preparation program may be designed to be completed in a maximum of three years.

12.00(1)(b) be the responsibility of a designated agency. The agency's duties include the organization, management, and operation of the program as follows:

12.00(1)(b)(i) the designated agency must establish an advisory council, which must include, at a minimum, representatives from participating school districts, charter schools, nonpublic schools, the institute, or BOCES; at least one qualified mentor teacher; and a representative from any accepted institution of higher education

cooperating with the designated agency, if applicable. Representatives on the advisory council must reflect the geographic make-up of the designated agency if the agency is composed on more than one entity.

12.00(1)(c) require alternative teachers to be employed by or have a clinical agreement in place with a school district, a licensed nonpublic childcare or other preschool facility, charter school, the Charter School Institute, nonpublic school, or BOCES to teach, receive training, and be supervised by a qualified mentor teacher and an appropriate support team as follows:

12.00(1)(c)(i) alternative teachers must demonstrate competency in their subject area endorsement and/or assignment pursuant to section 3.00 of these rules including:

12.00(1)(c)(i)(A) if the alternative teacher is asked to teach in any content area(s) outside of his/her assessed content area, the school or school district is required to keep on file documented evidence that the alternatively licensed teacher has completed 24 semester hours of applicable coursework in the additional content area(s) or the equivalent thereof, or has passed the related approved content area test(s);

12.00(1)(c)(ii) training of alternative teachers must include 225 clock-hours of planned instruction, and activities must include, but not be limited to, teacher preparation courses that meet the Teacher Quality Standards and English Language Learner Quality Standards.

12.00(1)(c)(ii)(A) The 225-clock-hours must, at a minimum, include professional development that addresses dropout prevention and the standards as outlined in section 5.00 of these rules;

12.00(1)(c)(ii)(B) The hours of required instruction and activities may be modified by the alternative teacher's support team, but only after a documented and performance-based evaluation of the candidate's proficiency determines that one or more of the program's requirements has already been met by the alternative teacher's proven knowledge or past experience;

12.00(1)(c)(ii)(C) Evaluations of alternative teachers must be conducted and documented in accordance with section 22-9-106, C.R.S.;

12.00(1)(c)(ii)(D) Early childhood education programs must align to the standards outlined in section 4.01 of 1 CCR 301-101, and elementary and special education programs must align to the standards outlined in section 4.02 of 1 CCR 301-101; and

12.00(1)(c)(ii)(E) The training must address special education regulations as outlined in 22-60.5-205, C.R.S.

12.00(2) Proposals submitted by entities for authorization as designated agencies of alternative teacher preparation must include, but not be limited to:

12.00(2)(a) demonstrated evidence of a need for the proposed program;

12.00(2)(b) evidence of the establishment of an advisory council by the designated agency;

12.00(2)(c) a listing of the advisory council's duties, which must include but need not be limited to: providing the designated agency with information regarding the organization and management and operation of the approved alternative teacher program;

12.00(2)(d) criteria for the selection of mentor teachers which must include but need not be limited to: evidence of exemplary teaching and school leadership; the ability to model and counsel the alternative teacher; relevant coursework; and a valid license and endorsement in the alternatively-licensed teacher's content area if available. A mentor teacher endorsement is not required.

12.00(2)(d)(i) Mentor teachers may evaluate alternative teachers if trained in accordance with 22-9-106(4), C.R.S., except that mentor teachers are not required to hold a principal or administrator license.

12.00(2)(d)(ii) If a mentor teacher is not available, the designated agency may submit a plan for mentor support that provides that same level of mentorship to the alternative teacher.

12.00(2)(e) an articulated, mandatory, and intensive supervision training program for mentors that provides direction with regard to structured guidance, the provision of regular ongoing support to new teachers, and teacher performance evaluation;

12.00(2)(f) identification of the duties of the mentor teacher including: serving as a member of the support team; providing ongoing observation, counseling and supervision of the alternative teacher; and representing the support team for purposes of making recommendations about the alternative teacher's licensing;

12.00(2)(g) a checklist of the duties of the mentor teacher and the time required of that teacher to mentor the alternative teacher. The designated agency must keep this checklist on file.

12.00(2)(h) provisions made by the designated agency to assist the mentor teacher in properly discharging his/her regular duties. Such provisions may include:

12.00(2)(h)(i) providing a substitute teacher for the mentor teacher, as necessary and appropriate; and

12.00(2)(h)(ii) allowing for adequate compensatory time and/or other compensation for the mentor teacher's required planning and observation schedule and ongoing regular conferences with the alternative teacher.

12.00(2)(i) the composition of an alternative teacher's support team. The team must include, at a minimum, the alternative teacher's mentor, the building principal, and a representative of the approved designated agency;

12.00(2)(j) identification of the duties of the support team including:

12.00(2)(j)(i) meeting on a regular schedule with an agenda. Documentation of such regularly scheduled meetings must include evidence of the alternative teacher's progress toward meeting the program's objectives;

12.00(2)(j)(ii) evaluating the related prior education and experience of the alternative teacher to determine the appropriate program elements which will prepare the candidate for full licensure;

12.00(2)(j)(iii) developing the instruction plans and activities for the alternative teacher's preparation. The programming must meet the State Board of Education-approved standards, as prescribed in section 5.00 of these rules; and

12.00(2)(j)(iv) prior to the beginning of the program, providing the alternative teacher with an orientation to the school, its student population, the policies and procedures which affect teaching, classroom management strategies, and the teacher's responsibilities, as prescribed by section 12.00(1)(c) of these rules.

12.00(2)(k) an assurance that the major portion of the alternative teacher's assignment will be in the content area in which the alternative teacher has been approved by the state under section 3.12(1)(c);

12.00(2)(l) explanation of how the entity employing the alternative teacher meets the requirements in section 12.00(1)(c)(i)(A) of these rules if it asks the alternative teacher to teach outside of his/her approved content area;

12.00(2)(m) the method of evaluation of the alternative teacher's proficiencies using performance evaluations, as based on the Teacher Quality Standards and as prescribed by section 5.00 of these rules;12.00(2)(n) an inventory of Teacher Quality Standards for each alternative teacher in its program that documents how the alternative teacher demonstrates proficient knowledge and understanding of the standards and the English Language Leader Quality Standards;

12.00(2)(o) a schedule of mentor and principal observations, including a minimum of four alternative teacher observations by program leaders;

12.00(2)(p) the process by which performance evaluations of alternative teachers will be conducted, which must be consistent with the provisions of section 22-9-106, C.R.S.; and

12.00(2)(q) measurable objectives for the alternative teacher's preparation program.

12.00(3) When an entity is approved and offers a new educator preparation program, the Department may review the new educator preparation program no sooner than twelve months but not more than twenty-four months after the new preparation program is initially approved. The alternative teacher program may be approved for up to five years. An onsite evaluation will be conducted no more than once every five years for purposes of reauthorization.

13.00 Individualized Alternative Principal Programs and Alternative Principal Programs

The following will serve as standards for the initial and continuing approval of individualized alternative principal programs and alternative principal programs.

13.01 In designing an individualized alternative principal program, the school district, charter school, or nonpublic school shall, at a minimum, submit to the State Board:

13.01(1) documentation of the coursework, practicum and other educational requirements identified by the school district, charter school, or nonpublic school that will comprise the individualized alternative principal program plan and that will be completed while the applicant is employed under the principal authorization; and

13.01(2) a letter from the district, charter school, or nonpublic school stating its intention to employ the applicant as a principal or assistant principal upon issuance of the principal authorization;

13.01(3) At a minimum, an individualized alternative principal program must ensure that:

13.01(3)(a) the applicant will attain the information, experience, training, and skills comparable to those possessed by a person who qualifies for an initial principal license as provided in section 22-60.5-301(1)(a), C.R.S.;

13.01(3)(b) upon completion, the candidate will be able to provide documented evidence of having met or surpassed the Principal Quality Standards cited in section 6.00 of these rules;

13.01(3)(c) the candidate will receive coaching and mentoring from one or more licensed principals and administrators, as well as continuing performance-based assessment of the candidate's skills development;

13.01(3)(d) except that, if the candidate participates in a nonpublic school's individualized alternative principal program approved by the State Board of Education, the candidate must receive coaching and mentoring from one or more principals and administrators who have three or more years of experience in a nonpublic school;

13.01(3)(e) the candidate demonstrates professional competencies using the assessment of quality standard measures in subject matter areas as specified by rule of the State Board pursuant to section 22-60.5-303, C.R.S.; and

13.01(3)(f) the candidate receives information and training on special education laws and regulations, as outlined in section 22-60.5-111(14)(c)(IV), C.R.S.

13.02 A school district or districts, BOCES, accepted institution of higher education, nonprofit organization, charter school, the institute, nonpublic school, or any combination thereof may apply to the State Board for approval as a designated agency of alternative principal programs under section 22-60.5-305.5, C.R.S.

13.02(2) In designing an alternative principal program, the designated agency must, at a minimum, demonstrate that:

13.02(2)(a) the applicant will attain the information, experience, training, and skills comparable to those possessed by a person who qualifies for an initial principal license as provided in section 22-60.5-301(1)(a), C.R.S.;

13.02(2)(b) the program content meets or exceeds the Principal Quality Standards cited in section 6.00 of these rules;

13.02(2)(c) training of alternative principals will include a minimum of 225 clock-hours of planned instruction, and activities must include, but not be limited to, principal preparation courses that meet the Principal Quality Standards and English Language Learner Quality Standards.

13.02(2)(d) the candidate will receive coaching and mentoring from one or more licensed principals and administrators, as well as continuing performance-based assessment of the candidate's skills development;

13.02(2)(e) the candidate will be required to demonstrate professional competencies using the assessment of quality standard measures in subject matter areas as specified by rule of the State Board pursuant to section 22-60.5-303, C.R.S.;

13.02(2)(f) the candidate will receive information and training on special education laws and regulations, as outlined in section 22-60.5-111(14)(c)(IV), C.R.S.;

13.02(2)(g) the alternative principal program will be designed to be completed in three years or less..

13.02(2)(f)(i) School districts may only employ a person under a principal authorization for three years, after which time, the person must obtain an initial or professional license in order to continue working as a principal.

13.02(3) Proposals submitted by entities for authorization as designated agencies of alternative principal programs must include, but not be limited to:

13.02(3)(a) demonstrated evidence of a need for the proposed program;

13.02(3)(b) evidence of the establishment of an advisory council by the designated agency;

13.02(3)(c) a listing of the advisory council's duties, which must include but need not be limited to: providing the designated agency with information regarding the organization, management, and operation of the approved alternative principal program;

13.02(3)(d) criteria for the selection of mentor principals which must include but need not be limited to: evidence of exemplary school leadership; the ability to model and counsel the alternative principal; relevant coursework; and a valid license and endorsement as a professional principal.

13.02(4) When a new designated agency is approved to offer a new alternative principal program, the department may review the new program no sooner than twelve months but not more than twenty-four months after the new program is initially approved. The designated agency that operates an alternative principal program will be reauthorized not more than once every five years.

14.00 Colorado Teacher of the Year Program

14.01 Administration

14.01(1) The Colorado Teacher of the Year is selected in accordance with the National Teacher of the Year selection criteria as articulated by the Council of Chief State School Officers.

14.01(2) The Department may reward the educator with gifts, services, and opportunities that may include:

14.01(2)(a) a sabbatical from teaching responsibilities that includes moneys awarded to the recipient's employer for the purpose of hiring a substitute teacher during the award recipient's sabbatical;

14.01(2)(b) a cash gift;

14.01(2)(c) travel and lodging expenses;

14.01(2)(d) a computer;

14.01(2)(e) supplies and equipment for the award recipient's classroom or school; and

14.01(2)(f) the opportunity to receive additional training or education.

14.01(3) During tenure as Colorado Teacher of the Year, the award recipient may participate in activities such as:

14.01(3)(a) attending local, regional, and national events related to the award recipient's designation as Colorado Teacher of the Year;

14.01(3)(b) promoting the teaching profession;

14.01(3)(c) teaching best practices to other teachers;

14.01(3)(d) teaching temporarily in other public schools or school districts;

14.01(3)(e) mentoring students in teacher preparation programs and supporting newer teachers in Colorado;

14.01(3)(f) collaborating with institutions of higher education in scholarly research and teaching; and

14.01(3)(g) participating in special projects relating to education that are important to the award recipient.

15.00 Inactive Status of Licenses

15.00(1) Holders of professional licenses may choose to place their licenses in inactive status by:

15.00(1)(a) notifying the Department, via an online application, of their intent to place a professional license on inactive status.

15.00(2) While on inactive status, the expiration date of a professional license is suspended and the individual is deemed as not holding the credential.

15.00(3) A person may return a professional license to active status at any time upon application.
15.00(4) Upon application to return to active status, the Department must reissue the professional license with a new expiration date reflecting the period remaining on the professional license as of the date the license-holder placed the license in inactive status.

15.00(4)(a) The Department may, upon request of a license-holder, and with evidence of the license-holder's active military service, reissue the license with a new expiration date reflecting the amount of time which remained on the license prior to the license-holder's active military service, plus the amount of time during which the license-holder served in active military service.

15.00(5) Renewal of licenses previously inactive:

15.00(5)(a) Any person who placed a license on inactive status may, but is not required, to complete professional development activities which meet the requirements of section 7.02 of these rules. Such activities completed while on inactive status must apply to renewal of the person's professional license after the person returns to active status.

15.00(5)(b) At the time of renewal, the license-holder must provide to the Department evidence of completion of the professional development activities which meet the requirements for license renewal as provided in section 7.02 of these rules and which

were completed within the seven years preceding the date on which the professional license will expire after its return to active status.

16.00 Waivers

16.01 A written request for a waiver must be received by the State Board of Education at least 120 days prior to proposed implementation. The State Board is authorized to waive any requirement regarding alternative teacher programs or approved induction programs. Waiver applications must include:

16.01(1) the specific portion of these rules to be waived;

16.01(2) the rationale for the request;

16.01(3) detailed information on the innovative programs or plans to be instituted;

16.01(4) financial impact of the proposed waiver, if applicable;

16.01(5) reasons why these innovative programs or plans cannot be implemented under the applicable rule; and

16.01(6) a detailed plan for the evaluation of the innovative programs or plans to show their effectiveness in improving the quality of the affected educators.

RULES FOR THE ADMINISTRATION OF THE HIGH SCHOOL INNOVATIVE LEARNING PILOT PROGRAM

1.00 STATEMENT AND BASIS OF PURPOSE

The statutory basis for these rules is found in section 22-35.6-101, et. seq. C.R.S. The High School Innovative Learning Pilot Program is intended to allow selected Local Education Providers (LEP) to offer learning experiences for their students that usually occur outside of the classroom.

The statute also allows selected LEPs to count their students that are enrolled in grades nine through twelve and are participating in innovative learning opportunities as full-time pupils, regardless of the actual number of teacher-pupil instruction hours and teacher-pupil contact hours for each pupil.

2.0 DEFINITIONS

2.1 "Department" means the Department of Education created and operating pursuant to Section 24-1-115, C.R.S.

2.2 "Education Leadership Council" means the council convened by Executive Order B 2017-001 in 2017 to identify the vision and strategic plan for education in Colorado.

2.3 "Innovative Learning Opportunities" means learning experiences that usually occur outside of the classroom. Innovative learning opportunities may include work-based learning, such as registered or unregistered apprenticeships, internships, technical training or skills programs through an industry provider, teacher training opportunities, concurrent enrollment, and programs leading to industry-recognized certificates, competency-based learning projects, capstone projects, and other learning experiences that are designed to support students in developing and demonstrating essential skills as described by the Department.

2.4 "Innovative Learning Plan" or "Plan" means a Local Education Provider's plan to provide a variety of innovative learning opportunities to students enrolled in grades nine through twelve.

2.5 "Local Education Provider" (LEP) means a school district organized pursuant to Article 30 of Title 22, a school that is part of a school district, a Board of Cooperative Services created pursuant to Article 5 of Title 22, a charter school authorized by a school district pursuant to Part 1 of Article 30.5 of Title 22, or an institute charter school authorized by the state Charter School Institute pursuant to Part 5 of Article 30.5 of Title 22.

2.6 "Pilot Program" means the High School Innovative Learning Pilot Program created in Section 22-35.6-103.

2.7 "Rural Local Education Provider" means: a school district in Colorado that is determined to be rural based on the size of the district, the distance from the nearest large urban/urbanized area, and having a student enrollment of approximately 6,500 students or fewer. Small rural districts are those districts meeting these same criteria and having a student population of fewer than 1,000 students.

2.07(1) A rural local education provider also includes a district charter school authorized by a school district described in Rule 2.08 or an institute charter school that is located within the geographic boundaries of a school district described in Rule 2.07.

2.8 "Small Suburban School District" means a school district that is located in a suburban area, as identified by the Department, and that enrolls fewer than two thousand students.

2.9 "State Board" means the State Board of Education created pursuant to Section 1 Article IX of the State Constitution

3.0 APPLICATION INFORMATION

3.1 Application Timeline

3.01(1) The Department will make the program application available on the Department's webpage by November 1st of the preceding budget year for each budget year for which program funding is available

3.01(2) An LEP or a group of LEPs must submit a completed program application to the Department by January 15th for each program year.

3.01(3) The State Board will select the participating LEP applicants no later than March 1st of each program year.

3.2 Application

The department will implement the program and develop an application form. Each application must specify:

3.02(1) The number of students enrolled in grades nine through twelve who were counted as full-time pupils and part-time pupils in the preceding three budget years, expressed as numerals and percentages;

3.02(2) The number of students enrolled in grades nine through twelve who participated in innovative learning opportunities the in preceding four budget years, expressed as numerals and percentages;

3.02(3) The number of students who are expected to participate in the innovative learning opportunities and the participation capacity of the innovative learning opportunities proposed in the innovative learning plan;

3.02(4) A description of the innovative learning plan that the applicant expects to implement, including an explanation of how it aligns with at least two principles for student learning and transition specified under section 22-35.6-104 (2), C.R.S and Rule 3.02(4)(a) of these rules and why those principles were selected; or an explanation of how it meets the research-based design principles under section 22-35.6-104 (3), C.R.S and Rule 3.02(4)(b) of these rules; and how the plan disproportionally benefits underserved students.

3.02(4)(a) Education Leadership Council principles

i. Intentionally inclusive and culturally responsive educational opportunities that prepare learners of all backgrounds to thrive at every critical transition from early childhood and through careers;

ii. Multiple viable postsecondary pathways that are explored and valued by all;

iii. The opportunity, supported by adults, to direct their own learning experiences to develop essential skills; and

iv. Robust career and workforce readiness opportunities, in and out of school, including during the summer break, that are informed by industry and community to ensure alignment for transitional beyond high school

3.02(4)(b) Research-based design principles

i. Impacts a large percentage of the students enrolled by the LEP in grades nine through twelve and significantly improves student outcomes;

ii. Builds public trust through transparency, local partnerships, and shared learning as evidenced by:

1. The number and variety of community partnerships that exist at the time of application and the demonstrated expectation and capacity to create additional partnerships;

2. The continuing role that community partners, including institutions of higher education, business, industry, and agricultural enterprises, will play in developing the innovative learning opportunity;

3. The mechanisms that the LEP uses and will use to solicit and share input from teachers, students, parents, and other community members; and

4. The mechanisms that the LEP uses and will use to share learning with community members;

iii. Identifies a strong theory of change that justifies why and explains how the proposed innovative learning plan is likely to result in a greater number of students participating in effective, meaningful innovative learning opportunities;

iv. Describes thoroughly and clearly the plan for collecting the evidence that the LEP will use to evaluate the effectiveness of the theory of change; and

v. Creates a schedule and mechanism for evaluating the collected evidence and committing to adapt in response to trends in the evidence to improve the innovative learning plan.

3.02(5) Information that demonstrates that the applicant has capacity and willingness to implement the innovative learning plan with integrity;

3.02(6) An explanation of the goals of the innovative learning plan and how the applicant intends to measure attainment of the goals, the data the applicant will collect to measure attainment of the goals, and the schedule and method for collecting data and assessing attainment of the goals; and

3.02(7) If applicable to the innovative learning plan, the partnerships between community, business, or other organizations and the applicant that relate to the innovative learning opportunities included in the plan that are in place at the time of application, or that the applicant expects to enter into in implementing the plan.

3.3 Simplified Application for Small Districts

The State Board shall ensure that, for school districts, schools of a district or BOCES, or a charter schools that enroll fewer than 2,000 students, the Department will simplify the application using existing Department data for as many elements as possible. Department staff cannot waive statutoryrequirements.

4.0 Application Review Criteria

4.1 The Department and the State Board shall consider the following in recommending and selecting the LEPs to participate in the pilot program:

4.01(1) The percentage of students enrolled by the LEP in grades nine through twelve who are reasonably expected to participate in innovative learning opportunities;

4.01(2) The quality of the innovative learning plan and the likelihood that it will result in meaningful innovative learning opportunities that will significantlysupport students in their transition from high school to postsecondary education or the workforce; and

4.01(3) The degree to which the innovative learning plan aligns with at least two principles for student learning and transition specified in section 22-35.6-104 (2), C.R.S. or meets the research-based design principles described in section 22-35.6-104 (3), C.R.S.

4.01(4) The degree to which the innovative learning plan includes opportunities for students to participate in registered or unregistered apprenticeships, internships, technical training or skills programs through an industry provider, teacher training opportunities, concurrent enrollment, and programs leading to industry-recognized certificates.

4.01(5) How the applicant's innovative learning plan disproportionately benefits underserved students.

5.0 Applicant Selection and Funding

5.1 The State Board shall select applicants to participate in the pilot program as follows:

5.01(1) Of those applicants in which all of the students enrolled in grades nine throughtwelve in the preceding budget year were enrolled as full-time students, the State Board shall select each applicant that adopts an innovative learning plan that the State Board determines:

5.01(1)(a) Is likely to result in meaningful innovative learning opportunities that will significantly support students in their transition from high school to postsecondary education or the workforce; and

5.01(1)(b) Aligns with at least two of the principles for student learning and transition specified by the Education Leadership Council, or meets the research-based design principles.

5.01(2) For the 2021-22 budget year and each subsequent budget year until budget year 2025-26, the State Board will endeavor to select up to twenty applicants per year based on funding provided by the General Assembly.

6.0 Reports

The Department will prepare and submit the following reports in compliance with Section 22 35.6-106:

6.1 , Participating LEPs must submit a report to the Department by May 15th of each school year which includes the following information:

6.01(1) The types of innovative learning opportunities provided through implementation of the Plan;

6.01(2) The number and percentage of students enrolled in grades nine through twelve who participate in innovative learning opportunities, in total and disaggregated by student group, as defined in Section 22-11-103, where possible;

6.01(3) The number and percentage of students enrolled in grades nine through twelve who participate in innovative learning opportunities as compared to the number and percentage who participated before the LEP implemented the Plan, and as compared to the number and percentage who participated in the preceding reporting period if applicable;

6.01(4) A summary description of the outcomes achieved by students who participate in the innovative learning opportunity, that does not contain student personally identifiable Information, as defined in section 22-16-103(13), C.R.S.; and

6.01(5) A summary description of the challenges encountered in implementing the innovative learning opportunities and the manner in which the LEP addressed the challenges, including explanation of the strategies and programs that were successful and those that were not.

6.2 The Department, with assistance from the contract entity described in C.R.S. 22-35.6-105(5), shall submit to the State Board no later than July 1, 2022, and no later than July 1 each year thereafter, an annual summary report of the LEP information in Rule 6.01, and an evaluation of the effectiveness and success of the pilot program in increasing the number of students enrolled in grades nine through twelve who participated in meaningful innovative learning opportunities.

DEPARTMENT OF EDUCATION

Colorado State Board of Education

RULES FOR THE ADMINISTRATION OF THE EDUCATOR RECRUITMENT AND RETENTION PROGRAM

1 CCR 301-113

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

1.0 STATEMENT AND BASIS OF PURPOSE

Section 22-60.3-202, et seq. C.R.S., creates the Educator Recruitment and Retention Program. The purpose of the program is to provide support to members of the armed forces, nonmilitary-affiliated educator candidates, and local education providers to recruit, select, train, and retain highly qualified educators across the state.

The statutory authority for these rules is found in section 22-60.3-202(5), C.R.S., which permits the State Board to adopt rules as necessary to implement the program.

2.0 DEFINITIONS

2.1 "Alternative teacher" means a teacher who has been issued an alternative teacher license as defined in 22-605.5-201(a).

2.2 "CTE credential" means Career and Technical Education authorization as defined in 22-60.5-111(9) C.R.S.

2.3 "Department" means the Department of Education created and existing pursuant to section 24-1-115, C.R.S.

2.4 "Educator preparation program" means an approved program of preparation, as defined in section 22-60.5-102(8), or an alternative teacher program, as defined in section 22-60.5-102(5), or other organization that provides educator preparation for a qualified program participant and is approved by the Department.

2.5 "Program" means the Educator Recruitment and Retention Program created in section 22-60.3-202, C.R.S.

2.6 "Local Education Provider" means a school district, a charter school authorized by a school district pursuant to part 1 of article 30.5 of title 22, a charter school authorized by the State Charter School Institute pursuant to part 5 of article 30.5 of title 22, or a Board of Cooperative Services created and operating pursuant to article 5 of title 22 that operates one or more public schools.

2.7 "Member of the armed forces" means a member of the Army, Air Force, Navy, Marine Corps, Coast Guard, Space Force, or any of the armed forces' active reserve components, or of the National Guard.

2.8 "Qualified program participant" means an individual who meets the program criteria and is either a member of the armed forces or a nonmilitary-affiliated educator candidate.

2.9 "Rural School District" means a school district in Colorado that the Department determines is rural, based on the geographic size of the school district and the distance of the school district from the nearest large, urbanized area, and the total student enrollment is six thousand five hundred or fewer students.

2.10 "Separation" means honorable discharge, release from active duty, release from custody and control of the armed forces, or a similar change in active or reserve status.

2.11 "Small rural school district" means a school district in Colorado that the Department determines is rural, based on the geographic size of the school district and the distance of the school district from the nearest large, urbanized area, and that enrolls fewer than one thousand students in pre-kindergarten through twelfth grade.

2.12 "State Board" means the State Board of Education created and existing pursuant to section 1 of article IX of the state constitution.

2.13 "Temporary educator eligibility (TEE) educator" means an educator who has been issued a temporary educator eligibility authorization as defined in 22-60.5-11(5).

3.0 FINANCIAL ASSISTANCE

3.01 A member of the armed forces with honorable discharge status or currently serving, or a nonmilitary-affiliated educator candidate may apply to the program to receive financial assistance of up to $10,000 for the tuition cost of an educator preparation program in which the applicant is enrolled.

3.02 The department shall review each application and determine whether the applicant meets the following criteria for participation in the program:

3.02(1) Is enrolled in a Colorado-approved traditional or alternative educator preparation program or institute of higher education for applicants pursuing a CTE credential;

3.02(2) Meets one of the following:

3.02(2)(a) Has earned bachelor's or higher degree from a regionally accredited college or university and has secured employment as an alternative teacher or temporary educator eligibility (TEE) educator in a rural or small rural district; or

3.02(2)(b) Is currently employed as a paraprofessional in a school district, charter school or BOCES and is working toward a baccalaureate degree as required to pursue a professional teaching license; or

3.02(2)(c) Has secured a position as a CTE instructor in a rural or small rural district and meets state CTE requirements:

3.02(3)(c)(i) as outlined in 23-60-304(3)(a) and section 4.04 of 1 CCR 301-37; or

3.02(3)(c)(ii) has the equivalent of eighteen (18) semester hours of postsecondary enrollment and six (6) years of military experience that are applicable to a CTE credential.

3.03 Subject to available appropriations, upon determination of qualification, the Department shall provide to the educator preparation program in which the qualified program participant is enrolled one-time financial assistance of up to $10,000 for the tuition cost of the educator preparation program.

3.03(1) As a condition of receiving financial assistance, applicants must agree to serve for a minimum of three years in a rural or small rural district. Residency year(s) in an approved alternative preparation program can count towards the years of teaching in a rural school district.

3.03(1)(c) For programs that are more than one year in length, payments may be made to the Educator Preparation Program in multiple installments throughout the duration of the program.

3.03(1)(c)(i) The Department will enter into a memorandum of understanding (MOU) with any educator preparation program that is not part of an institute of higher education and an inter-agency agreement with any institute of higher education that is not an approved Educator Preparation Program, such as those community colleges who may provide required courses for applicants seeking a CTE credential and teaching position.

3.04 If the qualified program participant does not fulfill the service condition outlined in Rule 3.03(1), and without documentation of good cause (such as illness, death, spouse military transfer, etc.), the participant shall repay the awarded financial assistance to the Department within 90 days of leaving their employment in a rural or small rural school district.

3.04(1) Program participants must sign an agreement acknowledging the commitment to teach in a rural or small rural district for three years as a condition of funding and agreeing to pay back the funds if they do not complete the service obligation.

3.04(2) Program participants must also annually certify their continued employment in a rural or small rural district for the entire three-year service period.

4.0 APPLICATIONS

Qualified program participants who wish to receive financial assistance must submit an application to the Department.

4.1 Application timeline

4.01(1) The Department will make the application form available to applicants by February 1, 2022, and annually every year after that.

4.01(2) Applications will be accepted on a rolling basis.

4.01(3) The Department will notify applicants of the decision on their application within 30 days of receipt of the application.

4.2 Application contents

4.02(1) The Department will develop a program application form. Each application, at a minimum, must specify:

4.02(1)(a) Applicant name

4.02(1)(b) Race

4.02(1)(c) Gender

4.02(1)(d) Educator preparation program in which the applicant is currently enrolled

4.02(1)(e) Military status

4.02(1)(f) Highest level of education attained

4.02(1)(g) Applicable employment as a paraprofessional

4.02(1)(h) Documentation of relevant coursework, military experience, or other professional experience which meets the eligibility criteria for a CTE credential

4.02(1)(i) Relevant employment documentation:

4.02(1)(i)(i) Current verification of employment as a CTE instructor, alternative teacher, or paraprofessional; or

4.02(1)(i)(ii) Executed intent to hire form

4.02(1)(k) Agreement to teach for three years in a rural or small rural school district and agreement to provide the Department with annual certification of such employment on a form provided by the Department.

FILING - 11/30/2021

FINAL REGULATIONS - CHAPTER P-7 - PASSES, PERMITS AND REGISTRATIONS

ARTICLE I - GENERAL PROVISIONS AND FEES RELATING TO PASSES, PERMITS AND REGISTRATIONS

VEHICLE PASSES

 # 700 - VEHICLE PASS

1. Except as otherwise provided in these regulations or by Colorado Revised Statutes, no motor vehicle shall be brought onto any state recreation area or state park unless a valid parks pass issued by the Division is properly attached or displayed in the vehicle. Passes that are designed to be affixed to the windshield shall be attached to the extreme lower right-hand corner of the vehicle's windshield in a position so that the pass may be observed and identified. For an annual affixed vehicle pass, including an aspen leaf annual pass to be properly attached to a windshield, it must be permanently affixed. A state parks annual transferable pass must be hung from the rear-view mirror so that the pass may be observed and identified. Any vehicle whereby a pass cannot be secured inside the passenger compartment or hung from a rear-view mirror shall be treated as a special case, but evidence of a pass shall be required on the person or in the vehicle.

    (A) As referenced in this chapter, "veteran" means a person who served in the active military, naval, or air service and who was discharged or released under conditions other than dishonorable.

2. No vehicle pass shall be required for:

    a. Any snowmobile as defined in section 33-14-101, C.R.S.;

    b. Any off-highway vehicle as defined in section 33-14.5-101(3), C.R.S.;

    c. Any government-owned vehicle, emergency vehicle, or law enforcement vehicle on official business;

    d. Any commercial delivery vehicle delivering goods to the park or a park concessionaire when the goods are directly related to the operation of the park or concession;

    e. Any resident's vehicle displaying a Colorado disabled veteran's license plate pursuant to section 42-3-213(5)(a), C.R.S. or a purple heart special license plate pursuant to section 42-3-213(2), and as provided for in section 33-12-106(1), C.R.S.;

    f. Any vehicle bringing a holder of a Columbine, Centennial, Blue Spruce, Independence, Volunteer or Military Pass issued pursuant to # 701 into a state recreation area or state park;

    g. Any vehicle that is not required to have a vehicle pass pursuant to the special activity regulation # 703;

    h. Any vehicle entering a state recreation area or state park pursuant to # 712-4;

    i. Any vehicle that is exclusively towed;

j. Any vehicle occupied by a veteran or current or reserve member of any branch of the armed forces of the United States, on the State observance of Veteran's Day. At least one form of past or present military identification shall be presented at the Park entrance. Acceptable forms of military identification include:

(1) DD214;

(2) DD Form 2;

(3) DD Form 2765;

(4) Active, retired or veteran military identification cards;

(5) A current Colorado Driver's License or state issued identification card with the word 'Veteran' printed on it as specified in 42-2-303 (5)(a), C.R.S.;

(6) VA medical card;

(7) The display of military license plates.

k. Any Division employee, volunteer or hired contractor vehicle when such vehicle is used for the purposes of accomplishing work duties;

l. Any vehicle owned by a concession owner or employee or any contractor working for a concession when such vehicle is used for the purposes of accomplishing work duties;

m. Any vehicle entering the Cameo Shooting and Education Complex.

3. The types of annual vehicle passes available from the Division are as follows:

a. An Aspen Leaf annual vehicle pass as provided for in section 33-12-103, C.R.S.; and

b. An annual affixed vehicle pass, which is available for any vehicle except passenger vans and buses operated by a commercial business, and

c. A state parks annual transferable pass, which can be used for any vehicle except passenger vans and buses operated by a commercial business. State parks annual transferable passes are issued to individuals, not vehicles. Only one vehicle at a time can use an annual transferable pass.

(1) Commercial passenger vans and buses are eligible to purchase daily, but not annual, vehicle passes.

(2) School buses on official school outings, passenger vans and buses operated by a nonprofit corporation or organization as defined in 13-21-115.5 (3), C.R.S., and passenger vans and buses operated by any government agency are eligible for either daily or annual affixed vehicle passes.

(3) An annual transferable pass may be shared with the original pass holder's household. For the purpose of this regulation, "household" is defined as persons living at the same address.

4. Daily vehicle passes are as follows:

a. A fee of $9.00 per vehicle for any vehicle except for:

(1) Passenger vans and buses operated by a commercial business;

(2) A $1.00 per vehicle high-use fee will be added to the cost of daily vehicle passes at Cherry Creek, Chatfield, and Boyd Lake State Recreation Areas, and Castlewood Canyon, Eldorado Canyon, Golden Gate Canyon, Highline Lake, Lake Pueblo, Roxborough and Staunton State Parks.

b. School buses on official school outings, passenger vans and buses operated by a nonprofit corporation or organization as defined in 13-21-115.5 (3), C.R.S., and passenger vans and buses operated by any government agency are eligible to purchase a daily vehicle pass.

c. For passenger vans and buses operated by a commercial business, the daily vehicle pass fee will be based upon the number of passengers on-board. The fee shall be $10.00 for up to fifteen passengers on-board, $40.00 for sixteen to thirty passengers on-board, and $50.00 for more than thirty passengers on-board.

5. An annual affixed vehicle pass or state parks annual transferable pass shall be issued and, by appropriate language, authorize entrance by motor vehicle to all state recreation areas and state parks during the period beginning on the date of purchase through the last day of the same month in the following year. Such authorization shall apply to the user and all passengers in the motor vehicle to which the pass is affixed or displayed. One pass shall cover all state recreation areas and state parks.

6. Additional affixed annual vehicle passes may be issued to an owner or to the owner's household. Additional annual affixed vehicle passes authorize entrance by motor vehicle to all state recreation areas and state parks during the period beginning on the date of purchase of the additional pass through the expiration date of the associated original full-priced annual affixed pass or state parks annual transferable pass. Owners of school buses, passenger vans and buses owned by a nonprofit corporation or organization as defined in 13-21-115.5 (3), C.R.S., and passenger vans and buses owned by any government agency are limited to purchasing no more than two additional annual affixed vehicle passes at a reduced fee per each annual affixed vehicle pass purchased at the full fee. For the purpose of this regulation, "household" is defined as persons living at the same address. "Owner" is defined as the person whose name appears on the registration of both the original vehicle for which an annual affixed pass was purchased and the additional vehicle, or a person who can provide proof of ownership of the original and the additional vehicle at a designated Division office.

7. If the motor vehicle for which an annual affixed vehicle pass, additional affixed vehicle pass, Aspen Leaf annual pass, or additional Aspen Leaf annual pass was issued is sold or traded, or if the pass is lost or destroyed during the period in which it is valid, the person to whom the pass was issued may obtain a duplicate thereof, upon signing an affidavit reciting where and by whom it was issued and the circumstances under which it was lost or traded. Customers who provide proof of necessary replacement shall be issued a replacement annual affixed vehicle pass, additional affixed vehicle pass, Aspen Leaf annual pass, or additional Aspen Leaf annual pass for the remainder of the period that the lost or destroyed pass would have been valid at no cost. Customers without proof of necessary replacement shall be provided a replacement annual affixed vehicle pass, additional affixed vehicle pass, Aspen Leaf annual pass, or additional Aspen Leaf annual pass effective for the remainder of the period that the lost or destroyed pass would have been valid upon payment of a fee pursuant to regulation #708.1.e..

8. If a state parks annual transferable pass is lost or destroyed during the period for which it is valid, the person whom the pass was issued may obtain a duplicate thereof, upon signing an affidavit

where and by whom it was issued and the circumstances under which it was lost or destroyed. Upon payment of a fee of $60.00, a new pass effective for the remainder of the period the lost or destroyed pass would have been valid may be issued only by the Division to the original owner of such pass. Only one duplicate state parks annual transferable pass will be issued per period for which the original pass was valid.

9. A daily park pass, valid for one day only, shall authorize entrance by motor vehicle to the state recreation areas and state parks by the user and all passengers in the motor vehicle to which the pass is affixed during the day used and until 12:00 P.M. (noon) the following day.

10. A no fee pass shall be issued to any vehicle towed or carried in by a motor home if a camping permit or proof of a campsite reservation is presented at an attended visitor center, office or entrance station. The no fee pass, valid for the same time period as the camping permit or camping reservation, shall authorize entrance by motor vehicle to the state recreation areas and state parks by the user and all passengers in the motor vehicle to which the pass is affixed. For the purpose of this regulation, motor home means a vehicle designed to provide temporary living quarters and which is built into, as an integral part of or a permanent attachment to, a motor vehicle chassis or van.

CAMPGROUND USE PERMITS

 # 704 - CAMPGROUND USE PERMITS AND GROUP CAMPGROUND USE PERMITS

1 No person shall camp in designated campgrounds or use any campground facilities of any park or recreation area unless such use is by authority of a valid campground-use permit issued by the Colorado Parks and Wildlife.

2. In order to obtain a campground-use permit, a member of the camping party must be present with the camping unit, ready to make immediate occupancy of the campsite, or a reservation must be made through the approved campsite reservation system. Except as follows, no person may reserve or hold a campsite for another party by purchasing a campground-use permit for an additional site:

    a. A primary occupant must be identified for each campsite reserved. The primary occupant identified at the time of making the reservation is responsible for any fees, damages or law enforcement issues that arise from the occupants of the site.

    b. If an individual or organization wishes to reserve a campsite or group of campsites without identifying a primary occupant, the individual making the reservation is the responsible party for any damages or law enforcement issues that arise from the occupants of the site or sites.

3. Possession of a valid campground-use permit visibly displayed at a place provided at each campsite shall authorize a single camping unit (tent, camper, etc.) occupied by a single family unit, or a maximum of six (6) persons to camp in a campsite for a single night until 12:00 P.M. (noon) the following day, unless the camping permit was purchased before 5:00 A.M., in which case it expires at noon the day of purchase. No person shall remove a valid campground-use permit or reservation card from the place provided for display prior to the expiration of such permit or card and/or occupy any campsite displaying such a permit or card or otherwise posted as already occupied by another party in accordance with these regulations.

4. A valid vehicle or individual pass, as required by regulations # 700 and # 701 respectively, shall be required for each motor vehicle for each night of camping.

5. Definitions as used in these regulations, unless the context requires otherwise:

a. “Full-Hookup Campground” means those with highly developed facilities. Individual campsites will be designated and include a high-use pad with table, grill and/or fire ring and individual pressurized water, sewer and/or electrical connections. Flush toilets, lavatory and shower facilities, and trash receptacles will be available. Grocery store, food-service facilities, sanitary dump station, laundry facilities, or other developed amenities may be available.

b. “Electrical Campground” means those with fairly developed facilities. Individual campsites will be designated and include a high-use pad, picnic table, grill and/or fire ring and individual electrical connections.

c. “Tent-Only Campground” means those allowing only tents as the camping equipment. Individual campsites may have amenities similar to “Electrical Campgrounds” or “Basic Campgrounds” depending on the facility.

d. “Basic Campground” includes those campgrounds providing basic facilities and improvements. Individual campsites shall be designated and include a table, grill and/or fire ring.

e. “Primitive Campground” includes those campgrounds where only limited facilities or improvements are provided. Individual campsites may not be designated and may not include individual tables, grills or fire rings. Centrally located vault toilets and trash receptacles may be provided; however, drinking water generally will not be available.

f. “Camping/To Camp” means either:

(1) To occupy a campsite; or

(2) To erect or use a tent or shelter of natural or man-made material, the placing or use of a sleeping bag or other bedding material, the parking of a motor vehicle, motor home, travel trailer, or any combination for the apparent purpose of occupancy overnight or use outside regular park use hours (5:00 A.M. to 10:00 P.M.) or as posted.

g. “Camping Unit” is defined as one of the following:

(1) Two tents and a passenger vehicle; or

(2) One tent plus one motor home (Class A, B, C), motor vehicle, vehicle, trailer, slide-in truck camper, pop-up camper/trailer, boat, or other equipment of any description manufactured and/or used for the purposes of overnight occupancy.

(3) A camping unit may include additional tents only in a campsite with a tent pad; provided the tents are contained on the pad and other camping unit and camping group limits are observed.

(4) One passenger vehicle in addition to the above descriptions is authorized only if available parking space exists.

h. “Passenger Vehicle” means a motor vehicle not designed or used for overnight occupancy.

 # 708 - PASS AND PERMIT FEE SCHEDULE

1. The fees for the types of vehicle passes issued by the Division are as follows.

   a. Aspen leaf annual pass.....$70.00

   b. Annual affixed vehicle pass.....$80.00

ARTICLE II - DIVISION AGENTS

#720 – AGENT COMMISSION RATES

See also §33-4-101 C.R.S. relative to CPW agents and §33-4-102(1.6)(b) C.R.S. for price indexing information for nonresident big game licenses.

A. Commission Rates for Retail Agents:

1. Division agents shall be paid a 4.75% commission for each license sold electronically, except for those licenses with commissions as shown below in Table A.4.

2. Division agents shall be paid a 5% commission for each pass sold electronically.

3. Division agents who sell registrations shall be paid a flat rate of $1.00 per registration issued.

4. Other Commission Rates:

Table A.4: Division Product Type	**2021 Commission**	**% of license price in 2021**	**2022 Commission**	**% of license price in 2022**
Second Rod Stamp	$0.63	6.7%	$0.64	6.7%
Resident Fishing - 1 day	$0.84	6.7%	$0.85	6.7%
Nonresident Fishing – 1 day	$1.05	6.7%	$1.06	6.7%
Fishing - 5 day	$2.09	6.7%	$2.13	6.7%
Resident Small Game - 1 day	$0.84	6.7%	$0.85	6.7%
Nonresident Small Game – 1 day	$1.05	6.7%	$1.06	6.7%
Nonresident Deer	$14.79	3.6%	$15.07	3.6%
Nonresident Pronghorn	$14.79	3.6%	$15.07	3.6%
Nonresident Bear	$3.60	3.6%	$3.67	3.6%
Nonresident Mountain Lion	$12.60	3.6%	$12.83	3.6%
Nonresident Antlerless Elk	$18.54	3.6%	$18.88	3.6%
Nonresident Either-sex Elk	$24.71	3.6%	$25.17	3.6%
Nonresident Antlered Elk	$24.71	3.6%	$25.17	3.6%
Nonresident Rocky Mtn Bighorn Sheep	$82.76	3.6%	$84.29	3.6%
Nonresident Desert Bighorn Sheep	$82.76	3.6%	$84.29	3.6%
Nonresident Goat	$82.76	3.6%	$84.29	3.6%
Nonresident Moose	$82.76	3.6%	$84.29	3.6%

All 2021 licenses sold through March 2022 shall be sold at the 2021 license fee and commission rates.

B. Commission Rates for the System Agent: The system agent shall be paid the commissions shown in the Table B.1 below for each license sold through the system:

1. Commission pricing for any CPW Commissionable Product sold through IPAWS

Table B.1: Commission Rates	**IPAWS Products**
a. Contractor Commission Fee percent commission rate to cover AWO System operation and maintenance cost for those products less than $100 and not listed below in c.	3.7%
b. Contractor Commission Fee flat fee commission rate to cover AWO System operation and maintenance cost for those products $100 or greater and not listed below in c.	$4.25
c.1. All Wildlife Applications, regardless of Product Cost.	$4.25
c.2. Parks variable cost products, regardless of actual Product Cost.	3.7%
Breakout Costs	
Contractor credit card fee	2.2%
Contractor fulfillment fee	$1.45

*Plus a surcharge of $1.50 for the wildlife management public education fund.
**Plus a surcharge of $1.50 for the wildlife management public education fund and a fee of $10.40 for a Colorado wildlife habitat stamp.

In order to qualify for an annual low-income Colorado State Wildlife Area Pass, an individual must show photo identification and provide written proof, in the form of a federal or state income tax return from the immediately preceding calendar year, that the federal taxable income of such individual is at or below one hundred percent of the official poverty line for an individual or a family, as appropriate to the applicant, defined by the federal office of management and budget based on federal bureau of the census data. If said tax return is not available, a return for the year immediately preceding such year shall suffice. If a person's income is at a level where such person is not required to file an income tax return, such individual shall sign a statement under penalty of perjury in the second degree to such effect. No such affidavit shall be required to be notarized.

The federal taxable income of such individual cannot be greater than the applicable guideline set forth in the Annual Update of the HHS Poverty Guidelines, 86 Fed. Reg. 7732-01 (February 1, 2021) issued by the U.S. Department of Health and Human Services, Office of the Assistant Secretary for Planning and Evaluation, Room 422F.5, Humphrey Building, Department of Health and Human Services, Washington, DC 20201. This federal guideline, but not later amendments to or editions thereof, has been incorporated by reference. FINAL REGULATIONS - CHAPTER W-1 FISHING

ARTICLE I - GENERAL PROVISIONS

#100 – DEFINITIONS
See also 33-1-102, C.R.S and Chapter 0 of these regulations for other applicable definitions.

A. **"Artificial flies and lures"** means devices made entirely of, or a combination of, natural or synthetic non-edible, non-scented (regardless if the scent is added in the manufacturing process or applied afterward), materials such as wood, plastic, silicone, rubber, epoxy, glass, hair, metal, feathers, or fiber, designed to attract fish. This definition does not include anything defined as bait in #100.B below.

B. **"Bait"** means any hand-moldable material designed to attract fish by the sense of taste or smell; those devices to which scents or smell attractants have been added or externally applied (regardless if the scent is added in the manufacturing process or applied afterward); scented manufactured fish eggs and traditional organic baits, including but not limited to worms, grubs, crickets, leeches, dough baits or stink baits, insects, crayfish, human food, fish, fish parts or fish eggs.

C. **"Chumming"** means placing fish, parts of fish, or other material upon which fish might feed in the waters of this state for the purpose of attracting fish to a particular area in order that they might be taken, but such term shall not include fishing with baited hooks or live traps.

D. **"Game fish**" means all species of fish except unregulated species, prohibited nongame, endangered and threatened species, which currently exist or may be introduced into the state and which are classified as game fish by the Commission. This includes, but is not limited to brown, brook, cutthroat, golden, lake (mackinaw), and rainbow trout; cutbow (rainbow trout x cutthroat trout hybrids), splake (lake trout x brook trout hybrids), and tiger trout (brown trout x brook trout hybrids); arctic char; grayling; kokanee salmon; whitefish; sculpin; smallmouth, largemouth, spotted, striped, and white bass; wipers (striped bass x white bass hybrids); carp; bullhead, blue, channel, and flathead catfish; black and white crappie; drum; northern pike; tiger muskie; sacramento and yellow perch; sauger; saugeye (walleye x sauger hybrids); speckled dace; rainbow smelt; tench; walleye; bluegill; bluegill hybrids (bluegill x green sunfish); green, redear and pumpkin-seed sunfish; gizzard shad; longnose and white suckers; and minnows.

E. **"Float tube"** means a floating device which suspends a single occupant in the water from the seat down and is not propelled by oars, paddles or motors.

F. **"Gig"** means a barbed fork with one or more tines which is attached to a handle.

G. **"Jugs"** means floats to which are attached a line and common hook.

H. **"Minnow"** means all members of the families of fish classified Cyprinidae (which includes but is not limited to Carp, Chub, Dace, Fathead Minnow, Shiner, Stoneroller, and Tench) Cyprinodontidae (including but not limited to Killifish) and Clupeidae (Gizzard Shad), except those designated as nongame, threatened, or endangered in Chapter 10 of these regulations, or those designated as Unregulated Wildlife in Chapter 11 of these regulations.

I. **"Natural stream"** means an existing stream course where water naturally flows regularly or intermittently for at least part of the year. Ditches or other water conveyance channels which are man-made are not considered natural streams.

J. **"Net"** means seine, dip net, gill net, cast net, trap net, hoop net or similar devices used to take or as an aid in taking fish, amphibians or crustaceans.

K. **"Personally attended line"** means a rod and line, hand line, or tip up that is used for fishing and which is under the personal control of a person who is in proximity to it.

L. **"Common hook"** means any hook or multiple hooks having a common shank. All hooks attached to a manufactured artificial lure shall be considered a common hook.

M. **"Size" or "Length"** means the total length of a fish with head and tail attached measured from the tip of the snout to the tip of the tail.

N. **"Seining"** means the capture of live fish with the use of a net that hangs vertically in the water and is used to enclose fish when its ends are pulled together, or are drawn ashore.

O. **"Snagging"** means the taking of fish by snatching with hooks, gang hooks, artificial flies or lures, or similar devices where the fish is hooked in a part of the body other than the mouth.

P. **"Trotline"** means a single, anchored line with a float at each end from which droplines are attached.

#101 - SEASON DATES AND HOURS

A. Except as otherwise provided in these regulations, all waters of the state shall be open to fishing using all manners of take day and night, year around.

#102 - LICENSE AND STAMP REQUIREMENTS
See also 33-6-107 C.R.S. for general fishing license requirements

A. A valid commercial fishing license is required to take or possess bait fish, amphibians, or crustaceans for commercial purposes.

1. Commercial fishing licenses shall be available from the Division at a cost of forty dollars ($40.00). Applications for licenses are available from the Division. Licenses issued by the Division can be restricted to specific waters, specific bag limits and times designated by the Division on the basis of the following criteria:

    a. Negative impacts on sport fishing opportunity.
    b. Effects of commercial harvest on populations of target species.
    c. Detrimental effects of transplanting a species outside its current range.
    d. Presence of threatened or endangered species and species of special concern.

2. All commercial fishing license holders shall submit an annual report as specified on the commercial fishing license application to the Division within thirty (30) days of the expiration date of the license.

3. All commercial fishing license holders shall be required to provide each purchaser of live fish with a written receipt stating the seller’s name, the date of sale, the species, and the number sold.

4. The taking of mollusks listed in Chapter 10 is prohibited.

B. Free fishing dates - The following dates are open to fishing without a license or Habitat Stamp in all waters of the state: The first full weekend of the month of June.

C. Second rod stamp – Any person may use one additional (second) personally attended line statewide when a second rod stamp is purchased, as identified on the user's fishing license.

1. Any person under 16 years of age who is not required to have a fishing license must have a second rod stamp with their signature in possession in order to use a second personally attended line.

2 Second rod stamps are not transferable to any other person, nor do they confer fishing privileges to any person other than the license-holder.

3. A second rod stamp is not required when fishing with a trotline or jugs only.

#103 - MANNER OF TAKE

A. The following are legal methods of take for species listed in this chapter. Any method of take not listed herein shall be prohibited, except as otherwise provided by statute or these regulations:

1. One personally attended line, except as otherwise authorized in these regulations.
   a. Each line shall have no more than 3 common hooks attached.

2. Trotlines

   a. Trotlines may only be used on waters specified in regulation #108.
   b. No one may use more than one trotline.
   c. Trotlines shall be anchored, marked at each end by floats, be no more than 150 feet in length, have no more than 25 droplines, and shall be weighted to place the line a minimum of 3 feet beneath the surface of the water.
   d. There shall be no more than 3 barbed hooks on a common hook on each dropline.
   e. Trotlines shall be tagged with the user's customer identification number and date set. If the user does not have a customer identification number, trotlines must be tagged with the user's name.
   f. All trotlines shall be personally checked at least once in each 24-hour period.

3. Jugs

   a. Jugs shall only be used only on waters specified in regulation #108.
   b. No one may use more than 10 jugs, each of which shall not have more than a single line with one common hook attached.
   c. Jugs shall be tagged with the user's customer identification number. If the user does not have a customer identification number, jugs must be tagged with the user's name.
   d. Jugs shall be personally checked at least once every hour.

4. Underwater spearfishing, archery, slingbows and gigs

a. Underwater spearfishing, archery, slingbows and gigs may be used statewide for the taking of carp and northern pike, except as otherwise prohibited by these regulations or land management agencies. East of the Continental Divide, gizzard shad, and white or long-nose suckers may also be taken, unless otherwise prohibited in regulation #108. Other game fish species may only be taken when authorized in regulation #108 for a specific water.
b. The following additional restrictions apply to underwater spearfishing:
    1. CO_2 guns or cartridge-powered spears are prohibited.
    2. Guns must be loaded and unloaded while the gun is submerged.
    3. Divers must stay within a radius of 100 feet of a float bearing the National Divers' Symbol.
    4. Spears must be attached by a safety line.
c. Archery and slingbows may be used for the taking of kokanee salmon during times and in locations otherwise open to snagging of salmon, as established in #108 of these regulations.
d. Archery, slingbows and gigs may be used for the taking of bullfrogs.
e. The following additional restrictions apply to fishing with archery hand-held bows and slingbows:
    1. All archery hand-held bows and slingbows must have a reel, fishing line and arrow attached to the bow.
    2. All archery hand-held bows must have an arrow safety slide mechanism, which maintains the fishing line in front of the arrow rest at all times.

5. Snagging
    a. Snagging shall be used for the taking of kokanee salmon only, and only where specifically authorized in regulation #108.
    b. Snagged fish species other than kokanee salmon must be returned to the water immediately upon catch.

6. Seines and cast-nets
    a. Seines shall be used only for fish taken in accordance with regulation #104(H), the gilled form aquatic tiger salamander larvae, and crayfish; or when authorized for emergency salvage.
    b. Seines shall be made of one-fourth (1/4) inch or less non-metallic square mesh.
    c. Seines shall not exceed 20 feet in length by 4 feet in depth

7. By hand or with the aid of dip nets
    a. Bullfrogs, crayfish, and the gilled form aquatic tiger salamander larvae may be taken by hand or with the aid of dip nets.
    b. Fish may be taken by hand or with the aid of dip nets or any other method approved by the Director, when emergency public salvage of fish has been approved in accordance with regulation #104(G).
    c. Hand held dip nets may be used for fish taken in accordance with regulation #104(H).

8. Livetraps
    a. Cage or box traps, including set pots, shall be used only for the taking of crayfish, snapping turtles, and fish taken in accordance with regulation #104(H). All cage or box traps, including set pots, shall be tagged with the user's customer identification number. If the user does not have a customer identification number, traps must be tagged with the user's name.

9. Artificial light
    a. Artificial light may be used as an aid in taking.

10. Bait
    a. Bait may be used as an aid in taking, except by chumming, in accordance with regulation #104(H).

#104 - SPECIAL CONDITIONS AND RESTRICTIONS

A. Any fish released upon catch must be released alive and into the same body of water from which it was taken. Transfer or transport of live fish is prohibited, except as otherwise permitted in the provisions of Article VII, #010 and Article I #104(H).

B. When fishing through the ice, the following additional restrictions apply:

1. Ice fishing holes shall not exceed 10 inches in diameter, or 10 inches on any side.
2. All fires on the ice must be enclosed in a container.
3. No litter may be left on the ice.
4. On waters where only portable shelters are permitted, all ice fishing shelters must be removed from the ice at the end of the day.
5. On waters where permanent ice fishing shelters are permitted; the name and customer identification number of the owner or user must be displayed on the outside, shore side, of the shelter, in legible, contrasting color letters at least 2 inches high.

C. Only those persons designated by the United States Fish and Wildlife Service may take fish, amphibians, mollusks or crustaceans within the boundaries of any Federal fish hatchery or rearing unit.

D. Molesting, disturbing, or damaging gill nets, traps, seines or trot-lines set by the Division is prohibited.

E. Fishing may be prohibited as posted pending the adoption of water-specific regulations when necessary to:

1. Protect threatened or endangered species.
2. Protect spawning areas.
3. Protect waters being used in Division research projects.
4. Protect newly acquired access to fishing waters.
5. Protect the integrity of sport fish, native fish or other aquatic wildlife populations.

F. Emergency Closure of Fishing Waters

1. The Director may authorize emergency closure of fishing waters in the state for a period of up to 9 months when it is determined that environmental conditions in these waters are such that fishing could result in unacceptable levels of fish mortality. Such closures **may** be enacted when any one of the following criteria are met:

    a. Daily maximum water temperature exceeds 71 º F;
    b. Measured stream flows are 50% or less of the daily average flow;
    c. Fish condition is deteriorating such that fungus and other visible signs of deterioration and/or stress may be present;
    d. Daily minimum dissolved oxygen levels are below six (6) parts per million (ppm).
    e. When a natural or man-caused environmental event such as wildfire, mudslides, oil spills or other similar event has occurred, resulting in the need for recovery time or remedial action for a fish population

When such determination has been made, public notice will be given, including posting at the site.

G. Emergency Public Salvage of fish

1. The Director may authorize emergency public salvage when substantial numbers of fish in waters of the state are found to be in imminent danger of being lost. Such loss is deemed to be imminent when the volume and depth of water, water temperature and/or oxygen content are such that fish cannot survive. Measurements shall be made of these criteria as a basis for making a judgment on the total loss of fish and when such loss will occur, and will include:

    a. Water storage levels in lakes, reservoirs, or ponds of less than twenty-five (25) percent of total capacity or,
    b. River or stream flow essentially eliminated with only pools left standing or,
    c. Visual evidence of substantial numbers of sick or dying fish, or
    d. Reclamation projects.

2. When such determination has been made; public notice will be given, including posting at the site, that fish may be taken by hand or by dip net, or any other method authorized by the Director. When practical the Director shall exercise this authority within fourteen (14) days of receipt of the information or at such earlier time as the emergency necessitates.

3. Numbers of fish to be salvaged and possessed by an individual shall be determined by Division personnel at the site.

4. Emergency salvage shall be permitted only during daylight hours.

H. Take, Possession and Use of Fish, Amphibians, and Crustaceans for bait, personal or commercial use

1. The seining, netting, trapping, and dipping of fish is prohibited statewide in all natural streams, springs, all waters in Adams, Arapahoe, Boulder, Broomfield, Clear Creek, Denver, Douglas, Gilpin, Elbert, Jefferson, and Park counties, and all public standing waters in Rio Grande, Saguache, Conejos, Costilla, Alamosa, Mineral and Hinsdale counties in the Rio Grande drainage.

    a. Fish handled or produced on commercially licensed aquaculture facilities are exempt from this regulation.

2. The only fish species allowed to be taken and used for personal use as bait (either alive or dead) by fishing, seining, netting, trapping, or dipping are minnows, bluegill, hybrid bluegill, carp, sunfish, gizzard shad, sculpin, white and longnose suckers, yellow perch and rainbow smelt. Statewide bag limits apply to sunfish, bluegill, hybrid bluegills and yellow perch.

    a. Restrictions on Live Fish Used as Bait.

        1. The collection, use, or possession of live fish for use as bait is prohibited in the following waters:
            a. All waters east of the Continental Divide above 7,000 feet elevation
            b. The Arkansas River above Parkdale – Fremont and Chaffee counties
            c. Watson Lake - Larimer County
            d. All waters west of the Continental Divide, except in Navajo Reservoir.

2. Except as otherwise provided by these regulations, live fish collected for use as bait may only be used in the same body of water from which they were collected. In addition, collection and use is allowed in any man-made ditches and canals within one-half mile of the adjoining lake or reservoir. Use of any baitfish collected in those ditches and canals is restricted to only the water from which it was collected and the adjoining lake or reservoir. Baitfish collected under this provision may not be otherwise transported or stored for later use.

3. In Baca, Bent, Crowley, Kiowa, Otero and Prowers Counties, live fish collected for personal use as bait may be transported, stored or used anywhere within the listed counties. Transportation to or use of any such baitfish in any other county is prohibited,

4. All live baitfish acquired from a commercial source and transported by anglers must at all times be accompanied by a receipt from the source.

3. The only fish species allowed to be taken for commercial use are minnows, gizzard shad, white and longnose suckers and carp.

4. Bullfrogs and Salamanders. The taking, possession and use of bullfrogs and the aquatic gilled form of the tiger salamander for private and commercial use is permitted. Statewide bag limits apply.

5. Crustaceans.

   a. The taking, possession and use of any crustacean under the authority of a commercial fishing license is subject to the following restrictions:
      1. The minimum size for crayfish taken for commercial food purposes shall be three (3) inches. (Measured from the tip of the acumen (bony spike between the eye) to the telson (last bony plate in the tail)).
      2. All crayfish taken with eggs attached must be returned to the water immediately.
      3. All set pots and traps shall be labeled with the user's customer identification number. If the user does not have a customer identification number, all set pots and traps must be labeled with the user's name.

   b. In all waters west of the Continental Divide - All crayfish must be returned to the water of origin immediately or killed and taken into possession immediately upon catch with kill being effected by separating the abdomen from the cephalothorax (tail from body).

6. Mollusks. The taking of mollusks is prohibited.

#105 – VACANT

#106 - FISHING CONTESTS AND RELEASE OF TAGGED FISH

A. Fishing Contests using tagged or marked released fish

1. No person shall advertise, promote, conduct or offer to conduct any fishing contest where the object of such contest is to take marked or tagged fish released in any waters open to public fishing, except licensed commercial and private lakes, or release marked or tagged fish for this purpose, unless such contest is first approved by the Director.

a. Application shall be made on a form provided by the Division at least sixty (60) days prior to the proposed contest date. Such application shall be accompanied by a nonrefundable fee of forty dollars ($40.00).

b. Approval shall be granted to any person meeting the requirements of this regulation unless the Director determines the proposed contest would be significantly detrimental to the wildlife resource. In such cases, approval may be granted if conditions can be placed on the conduct of the contest which will avoid such detrimental effects. When an application for a contest is denied the applicant shall be promptly notified with a written notice stating the reason(s) for such denial.

2. Contests involving tagged or marked trout will be permitted only on lakes and reservoirs greater than 200 surface acres and managed primarily as a catchable fishery by Colorado Parks and Wildlife. "Catchable fishery" means any lake or reservoir which is annually stocked with hatchery reared trout averaging eight (8) to ten (10) inches in length.

3. No tagged or marked fish contest shall be permitted on any stream, river or other flowing water or any water designated as a Gold Medal or Wild Trout water.

4 Written approval shall be obtained from the person(s) or agency(s) who owns or controls the land and water area involved prior to making application to the Division

5. All statutes and regulations including license provisions, manner of taking, size restrictions and daily bag and possession limits for fish shall remain in effect during any contest.

6 Any public fishing area shall remain open to public fishing without charge, regardless of any special contest fee or changes, during a fishing contest.

7. All fish obtained for use in any contest shall be certified disease free in accordance with #009, prior to release.

8. Contest sponsor(s) shall provide a written report to the appropriate Parks and Wildlife office within twenty (20) days of the close of such contest. Said report shall include an estimate of the number of participants, the average time spent by participants in fishing and the estimated total fish catch by species.

#107 - STATEWIDE DAILY BAG AND POSSESSION LIMITS AND SPECIAL SEASONS

A. Daily Bag, Possession Limits and size limits:

1. Daily bag and possession limits **– except as otherwise provided in these regulations for certain waters,** the daily bag and possession limits will be as follows:

Species	Daily Bag and Possession Limit (except as otherwise noted)	Special Conditions
a. Trout (Brook, Brown, Cutbow, Cutthroat, Golden, Lake, Rainbow, Splake, and Tiger); Arctic Char; Salmon (except kokanee); Grayling; and Mountain Whitefish:	Daily Bag: 4 fish in the aggregate Possession Limit: 8 fish in the aggregate	Brook Trout - additional daily bag and possession limit: 10 fish, 8 inches or less in length
b. Kokanee salmon:	10 fish	
c. Walleye, Saugeye, Sauger:	5 fish in the aggregate	Arkansas and South Fork of the Republican River drainages - bag and possession limit: 10 fish in the aggregate
d. Largemouth Bass, Spotted Bass, and Smallmouth Bass:	5 fish in the aggregate	West of the Continental Divide- for Smallmouth Bass only: Unlimited bag and possession limit.
e. White Bass, Striped Bass, Wiper:	10 fish in the aggregate	Arkansas and South Fork of the Republican River drainages - bag and possession limit: 20 fish in the aggregate
f. Channel Catfish, Blue Catfish, Flathead Catfish:	10 fish in the aggregate	
g. White Crappie, Black Crappie:	20 fish in the aggregate	
h. Bluegill, Hybrid Bluegill, Green Sunfish, Redear Sunfish, Pumpkinseed Sunfish:	20 fish in the aggregate	
i. Yellow Perch:	20 fish	West of the Continental Divide: Unlimited
j. Tiger Muskie:	1 fish, at least 36 inches in length	
k. Northern Pike and Bullhead:	Unlimited	
l. Speckled Dace, and Sculpin:	Unlimited	West of the Continental Divide - bag and possession limit: 20 fish in the aggregate
m. Bullfrogs	Unlimited	
n. Crayfish (crawdads)	Unlimited	
o. Aquatic Tiger Salamander larvae (gilled form)	50, less than 5 inches in length	

2. Any fish caught and placed on a stringer, in a container or in a live well, or not returned to the water immediately, will be counted as part of the established daily bag or possession limit. Any fish taken and subsequently smoked, canned, frozen or otherwise preserved for consumption is considered part of the established possession limit until it is consumed.

3. There are no daily bag or possession limits for game species not specifically listed.

ARTICLE II - SPECIAL REGULATION WATERS

#108 – Special Daily Bag and Possession Limits, Size Restrictions, and Other Water-Specific Provisions

A. Various cutthroat waters, specifically those considered Cutthroat Conservation and Recreation waters, are protected throughout the state as listed below. In those waters:

1. Fishing is by artificial flies and lures only. All cutthroat trout must be returned to the water immediately upon catch.

Note: This is to accommodate the growing number of cutthroat trout streams and lakes that are being included in conservation and recovery actions according to management plans.

B. In place of or in addition to regulations # 101, 103, 104, 105, 106, 107 (bag and possession limits, manner of take, fishing dates, fishing hours, special conditions and restrictions, or other fishing activities), and 108 A, the following regulations apply to the named waters:

Note: Additional conditions and restrictions for state wildlife areas are found in Chapter 9

1. **Abrams Creek - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

2. **Adams County Fairgrounds Lakes (Public Works and Mann-Nyholt Lakes) - Adams County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

3. **Adobe Creek Reservoir (Blue Lake) - Bent and Kiowa Counties**

a. Trotlines and jugs are permitted.

4. **Agnes Lakes (Upper and Lower Lakes) - Jackson County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

5. **Akron City Lake - Washington County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

6. **Alberta Park Reservoir - Mineral County**

a. Fishing is by artificial flies and lures only.

b. The bag and possession limit for trout is two fish.

7. **American Lakes (Snow and Michigan Lakes) - Jackson County.**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

8. **Animas River - La Plata County**

a. From the confluence with Lightner Creek to the Rivera Crossing Bridge:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.
b. From the confluence with Hermosa Creek downstream to the state line:
   1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

9. **Antelope Creek, West - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

10. **Antero Reservoir - Park County**

a. Ice fishing shelters must be portable.
b. The bag and possession limit for trout is two fish.

11. **Anthracite Creek, North Fork - Gunnison County**

a. From the headwaters downstream to the confluence with Hell Creek:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

12. **Apache Creek, North and South Forks - Huerfano County**

a. From the headwaters downstream to the US Forest Service boundary:
   1. Fishing is prohibited.

13. **Arapahoe Bend Natural Area (Bass, Beaver, Cormorant, and Snapper Ponds) - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

14. **Arapaho Creek - Grand County**

a. From Monarch Lake downstream to USFS 125:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.

15. **Archuleta Creek - Saguache County**

a. On that portion within the Cochetopa State Wildlife Area (Snyder Ranch) downstream from Dome Lakes State Wildlife Area:

1. Fishing is by artificial flies and lures only.
2. All trout must be returned to the water immediately upon catch.

16. **Arkansas River - Chaffee, Fremont, Lake and Pueblo Counties**

a. From the US 24 river overpass downstream to the lower boundary of the Hayden Ranch, as posted:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit and maximum size for trout is one fish, 12 inches in length.
b. From the Stockyard Bridge (Chaffee Co Rd 102) below Salida downstream 7 ½ miles to the confluence with Badger Creek:
   1. Fishing is by artificial flies and lures only.
   2. All rainbow trout and cutbows must be returned to the water immediately upon catch.
c. Within the Pueblo Reservoir State Wildlife Area:
   1. The bag and possession limit and minimum size for walleye and saugeye is five fish in the aggregate, 18 inches in length.
   2. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.
d. From the bridge at Valco Ponds downstream to Pueblo Boulevard (except at the Pueblo Nature Center as posted):
   1. Fishing is by artificial flies and lures only.
   2. All trout 16 inches in length or greater must be returned to the water immediately upon catch.

17. **Arkansas River, Middle Fork of the South Arkansas - Chaffee County**

a. From the headwaters downstream to Boss Lake:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

18. **Augustora Creek - Archuleta County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

19. **Aurora (Senac) Reservoir - Arapahoe County**

a. The bag and possession limit for trout is two fish.
b. The minimum size for largemouth and smallmouth bass is 15 inches in length.
c. The minimum size for walleye is 18 inches in length.
d. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

20. **Bard Creek - Clear Creek County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

21. **Barker Reservoir - Boulder County**

a. Ice fishing is prohibited.

b. Snagging of kokanee salmon is permitted from October 1 through December 1.

22. **Barr Lake - Adams County**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

23. **Basin Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

24. **Bear Creek - Conejos County**

a. From the headwaters downstream to the confluence with the Conejos River:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.

25. **Bear Creek - El Paso County**

a. From the headwaters downstream to Gold Camp Road:
   1. Fishing is prohibited

26. **Bear Creek - Jefferson County**

a. From the base of Evergreen Lake dam downstream to Bear Creek Reservoir:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout (except rainbow trout and cutbows) is two fish.
   3. All rainbow trout and cutbows must be returned to the water immediately upon catch.

27. **Bear Creek - Montezuma County**

a. From the headwaters downstream to the confluence with the Dolores River:
   1 Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.

28. **Bear Creek Reservoir - Jefferson County**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

29. **Beaver Creek - Garfield County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

30. **Beaver Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

31. **Beaver Creek - Mineral County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

32. **Beaver Creek Reservoir - Rio Grande County**

a. Snagging of kokanee salmon is permitted from October 1 through December 31.

33. **Beaver Creek, West - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

34. **Beaver Dams Creek - Ouray County**

a. From the headwaters and unnamed tributary stream downstream to the US Forest Service boundary:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

35. **Berthoud Reservoir - Larimer County**

a. All largemouth and smallmouth bass must be returned to the water immediately upon catch.
b. The bag and possession limit and minimum size for crappie and redear sunfish is 10 fish in the aggregate, 10 inches in length.

36. **Beswick Pond - Mesa County**

a. Fishing is prohibited.

37. **Big Bend Creek - La Plata County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

38. **Big Creek Lake (Lower) - Jackson County**

a. The bag and possession limit for lake trout and/or splake is three fish, only one of which may be greater than 26 inches in length.

39. **Big Hole Creek - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

40. **Big Lake - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

41. **Big Thompson Ponds - Larimer County**

a. The bag and possession limit and minimum size for largemouth and smallmouth bass is one fish in the aggregate, 15 inches in length.

42. **Big Thompson River - Larimer County**

a. From the base of Olympus Dam at Lake Estes downstream to the bridge at Waltonia:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

43. **Black Canyon - San Juan County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

44. **Black Hollow Creek - Larimer County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

45. **Blanca Wildlife Habitat Area (BLM Ponds) - Alamosa County**

a. The minimum size for largemouth bass is 15 inches in length.
b. Fishing is prohibited from February 15 through July 15.

46. **Blue Mesa Reservoir - Gunnison County**

a. Ice fishing shelters must be portable.
b. There is no bag or possession limit for lake trout.
c. No more than one lake trout greater than 32 inches in length may be taken per day.
d. Snagging of kokanee salmon is permitted from November 1 through December 31.
e. The bag limit for kokanee salmon is 5 fish.
f. The possession limit for kokanee salmon is 10 fish.

47. **Blue River - Grand and Summit Counties**

a. From the north inlet at Summit Co Rd 3 (Coyne Valley Rd. 3 miles north of Breckenridge) downstream to Dillon Reservoir:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.
b. From Dillon Dam downstream to the north city limits of the town of Silverthorne:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
c. From the north city limits of the town of Silverthorne downstream to the Colo 9 bridge over the Blue River at Blue River State Wildlife Area:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

d. From the Colo 9 bridge over the Blue River at Blue River State Wildlife Area downstream to the Green Mountain Reservoir inlet:
    1. Snagging of kokanee salmon is permitted from September 1 through December 31.
e. From Green Mountain Reservoir dam downstream to the Colorado River:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

48. **Bobtail Creek - Grand County**

a. From the headwaters downstream to the Denver Water Board Diversion:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

49. **Boedecker Reservoir - Larimer County**

a. The minimum size for crappie is 10 inches in length.

50. **Bonny Reservoir - Yuma County**

a. There is no bag or possession limit for any game fish species.
b. Trotlines and jugs are allowed.

51. **Boss Lake - Chaffee County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

52. **Boulder Creek - Boulder County**

a. From the upper end of Eben Fine Park (within the City Limits of Boulder) downstream to 55th St:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

53. **Boyd Lake - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.
b. The minimum size for walleye and saugeye is 15 inches in length.
c. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

54. **Brush Creek - Eagle County**

a. From the confluence with the Eagle River upstream for 2.5 miles:
    1. The bag and possession limit for trout is two fish.

55. **Brush Creek, West - Eagle County**

a. In the Sylvan Lake inlet and upstream for ½ mile:
    1. Fishing is prohibited from September 1 through November 30.

56. **Brush Hollow Reservoir - Fremont County**

a. The minimum size for largemouth, smallmouth, and spotted bass is 15 inches in length.

57. **Bull Basin Reservoir #1 - Mesa County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

58. **Bull Creek Reservoirs #1 and #2 and Connecting Channels - Mesa County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

59. **Button Rock (Ralph Price) Reservoir - Boulder County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.
c. Fishing is prohibited from November 1 through April 30.

60. **Cabin Creek - Garfield County**

a. From Trappers Lake upstream for ½ mile:
    1. Fishing is prohibited.

61. **Canyon Creek - Garfield County**

a. From the north side of the I-70 Bridge downstream to the confluence with the Colorado River:
    1. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

62. **Carnero Creek, Middle - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

63. **Carnero Creek, North - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

64. **Carnero Creek, South - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

65. **Carter Creek - Grand County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

66. **Carter Lake - Larimer County**

a. The bag limit and maximum size for walleye is three fish 21 inches in length.
b. The possession limit for walleye is five fish.
c. It is unlawful to possess filleted or cleaned fish in a boat on the lake.

67. **Cascade Creek - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

68. **Cascade Creek - Huerfano County**

a. From the headwaters downstream to the US Forest Service boundary:
   1. Fishing is prohibited.

69. **Castle Creek - La Plata County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

70. **Cat Creek - Rio Grande and Conejos Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

71. **Cat Creek, North Fork - Rio Grande County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

72. **Cat Creek, South Fork - Rio Grande County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

73. **Cataract Creek - Summit County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

74. **Cerro Summit (Montrose) Reservoir - Montrose County**

a. Fishing is prohibited from December 1 to February 28.
b. Fishing access is restricted to the parking lot, the trail and up to 50 feet from the water line from March 1 through August 15.
c. Fishing is by artificial flies and lures only.
d. All fish must be returned to the water immediately upon catch.
e. Ice fishing is prohibited.

75. **Chair Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

76. **Chalk Creek - Chaffee County**

a. Within Wright's Lake State Wildlife Area:
    1. Fishing is by artificial flies and lures only.

77. **Chartier Pond - Morgan County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

78. **Chatfield Reservoir and Chatfield State Park - Jefferson and Douglas Counties**

a. Within Chatfield State Park, including the South Platte River and all ponds within the park boundary:
    1. The bag limit and minimum size for walleye is three fish, 18 inches in length.
    2. No more than one walleye greater than 21 inches in length may be taken per day.
    3. The minimum size for largemouth and smallmouth bass is 15 inches in length.
    4. Fishing is prohibited from the dam and within 100 feet of the dam or walleye spawning operation nets, from March 1 through April 15, or until walleye spawning operations are completed.
    5. Fishing is prohibited on the ponds within the dog off leash area.

79. **Cheesman Reservoir - Douglas and Jefferson Counties**

a. Fishing is prohibited from October 1 through April 30.
b. Fishing is prohibited from ½ hour after sunset until ½ hour before sunrise.
c. Fishing is prohibited on the dam and around the reservoir as posted.
d. Snagging of kokanee salmon is permitted from September 1 through September 30.
e. Ice fishing is prohibited.

80. **Cherry Creek Reservoir - Arapahoe County**

a. The bag limit and minimum size for walleye is three fish, 18 inches in length.
b. No more than one walleye greater than 21 inches in length may be taken per day.
c. The minimum size for largemouth and smallmouth bass is 15 inches in length.
d. Fishing is prohibited from the dam and within 100 feet of the dam or walleye spawning operation nets, from March 1 through April 15, or until walleye spawning operations are completed.

81. **Cheyenne Creek, North - El Paso and Teller Counties**

a. From the headwaters downstream to Gold Camp Rd:
    1. Fishing is prohibited.

82. **Cimarron River - Montrose County**

a. Snagging of kokanee salmon is permitted from November 1 through December 31.

83. **Clear Creek - Chaffee County**

a. From the gauging station (approximately ½ mile above Clear Creek Reservoir) downstream to Clear Creek Reservoir:
   1. Snagging of kokanee salmon is permitted from October 1 through December 31.

84. **Clear Creek - La Plata County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

85. **Clear Creek Holding Ponds - Adams County**

a. Fishing is prohibited, except for youth participating in Division angler education activities.

86. **Clear Creek Reservoir - Chaffee County**

a. Snagging of kokanee salmon is permitted from October 1 through December 31.

87. **Clear Fork of Muddy Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

88. **Clear Lake - Jackson County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

89. **Cliff Creek - Gunnison County**

a. From the headwaters downstream to the confluence with South Prong Cliff Creek:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

90. **Clinton Reservoir - Summit County**

a. The bag and possession limit for trout is two fish.

91. **Cochetopa Creek - Saguache County**

a. On that portion within the Cochetopa State Wildlife Area (Snyder Ranch):
   1. Fishing is by artificial flies and lures only.
   2. All trout must be returned to the water immediately upon catch.

92. **Colorado River - Garfield, Eagle, Grand, and Mesa Counties**

a. From Lake Granby Dam downstream to the US 40 bridge approximately 3 miles west of Hot Sulphur Springs:
   1. The bag and possession limit for trout is two fish.

b. From the US 40 bridge, approximately three miles west of Hot Sulphur Springs downstream to the confluence with Troublesome Creek (approximately 5 miles east of Kremmling):
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
c. From the confluence of Williams Fork River downstream to the state line:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.
d. From the confluence with Troublesome Creek downstream to the I-70 Exit 90 bridge at Rifle (excluding 50 yards upstream and downstream of the confluences with Canyon, Elk, Grizzly and No Name Creeks):
    1. The bag and possession limit for trout is two fish.
e. 50 yards upstream and downstream of the confluences with Canyon, Elk, Grizzly and No Name Creeks:
    1. The bag and possession limit for trout is two fish.
    2. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

93. **Colorado River, (North Fork) including Shadow Mountain Spillway - Grand County**

a. From Shadow Mountain Dam spillway to Lake Granby, including Columbine Bay to the Twin Creek inlet:
    1. Fishing is prohibited from October 15 through November 30.

94. **Como Creek - Boulder County**

a. From the headwaters downstream to the confluence with North Boulder Creek:
    1. Fishing is prohibited.

95. **Conejos River - Conejos County**

a. From the lower bridge at the town of Platoro downstream to the confluence with the South Fork of the Conejos River:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.
b. From Menkhaven Resort downstream to the upper boundary of Aspen Glade Campground:
    1. Fishing is by artificial flies only.
    2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

96. **Conejos River, Lake Fork - Conejos County**

a. From the headwaters including Big Lake, downstream to and including Rock Lake and its outlet:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

97. **Connected Lake - Mesa County**

a. The bag and possession limit and minimum size for largemouth bass is two fish, 18 inches in length.

98. **Cooper Lake - Hinsdale County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

99. **Cornelius Creek - Larimer County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

100. **Corral Creek - San Juan County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

101. **Corral Creek - Summit County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

102. **Cottonwood Creek, Little - Moffat County**

a. From Freeman Reservoir upstream for ¼ mile:
   1. Fishing is prohibited from January 1 through July 31.

103. **Crawford Reservoir - Delta County**

a. The bag and possession limit and minimum size for largemouth bass is one fish, 18 inches in length.
b. There is no bag or possession limit on yellow perch.
c. From the fence on top of the Crawford Reservoir dam downstream to the north boundary fence:
   1. Fishing in the spillway, the stilling basin and the outlet canal is prohibited.

104. **Crosho Reservoir - Rio Blanco County**

a. The bag and possession limit and minimum size for grayling is two fish, 16 inches in length.

105. **Crystal Lake - Lake County**

a. Fishing is by artificial flies and lures only.

106. **Crystal Reservoir - Montrose County**

a. Snagging of kokanee salmon is permitted from September 1 through December 31.

107. **Culebra Creek - Costilla County**

a. From the Colo 159 bridge downstream approximately 3 miles to the Jaquez Bridge:

1. Fishing is by artificial flies and lures only.
2. All trout must be returned to the water immediately upon catch.

108. **Cunningham Creek - Delta County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

109. **Cunningham Creek - Pitkin County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

110. **Daigre Lake - Huerfano County**

a. Fishing is by artificial flies and lures only.
b. Ice fishing is prohibited.

111. **Deadman Gulch - Routt County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

112. **Deep Creek - Gunnison County**

a. From the headwaters downstream to Paonia Reservoir:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

113. **Deep Creek - La Plata County**

a. From the headwaters downstream to the USFS boundary:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

114. **Deep Creek - San Miguel County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

115. **Deer Beaver Creek - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

116. **Delaney Butte Lakes (North, South, and East) - Jackson County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. The bag and possession limit for trout is two fish.
c. All brown trout between 14 and 20 inches in length must be returned to the water immediately upon catch.
d. All rainbow trout, cutthroat trout and cutbows between 18 and 22 inches in length must be returned to the water immediately upon catch.

e. North Delaney Butte Lake:
    1. Fishing is prohibited from the dam and within 100 feet of the dam from September 15 through November 15.
    2. Fishing is prohibited in the inlet, upstream of the standing water line.
f. South Delaney Butte Lake:
    1. Fishing is prohibited in the inlet, upstream of the standing water line.

117. **DePoorter Lake - Sedgwick County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

118. **Dillon Reservoir - Summit County**

a. All Arctic char under 20 inches in length must be returned to the water immediately upon catch.
b. The bag and possession limit and minimum size for Arctic char is one fish, 20 inches in length.

119. **Disappointment Creek - Dolores County**

a. From the headwaters downstream to the US Forest Service boundary:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

120. **Disappointment Creek, South Fork - Dolores County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

121. **Divide Creek, West - Garfield County**

a. From the headwaters downstream to the confluence with Brook Creek:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

122. **Dixon Lake - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

123. **Dolores River - Dolores, Montezuma, Montrose, Mesa and San Miguel Counties**

a. From the confluence with the West Fork of the Dolores River downstream to the standing water line of McPhee Reservoir:
    1. The taking of kokanee salmon is prohibited, except from November 15 through December 31, when snagging is permitted.
b. From McPhee Dam downstream approximately 11 miles to the Bradfield Bridge:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
c. From the McPhee Dam downstream to the state line:

1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

d. From the Bradfield Bridge downstream to the Utah state line:
   1. There is no bag or possession limit for brown trout.

124. **Doty Park Lake - Morgan County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

125. **Doug Creek - Montrose County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

126. **Dry Gulch - Clear Creek County**

a. From the headwaters downstream to the confluence with Clear Creek:
   1. Fishing is by artificial flies and lures only.
   2. All trout must be returned to the water immediately upon catch.

127. **Duke Lake - Mesa County**

a. The bag and possession limit and minimum size for largemouth bass is two fish, 18 inches in length.

128. **Eagle River - Eagle County**

a. From the confluence of the East Fork and the South Fork downstream to the confluence with the Colorado River:
   1. The bag and possession limit for trout is two fish.
b. From the I-70 Exit 147 bridge in the Town of Eagle downstream to the confluence with the Colorado River:
   1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

129. **East Pass Creek - Saguache**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

130. **East River - Gunnison County**

a. From the upstream property boundary at the Roaring Judy Fish Hatchery downstream to the confluence with the Taylor River:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit and maximum size for trout is two fish, 12 inches in length.
   3. The taking of kokanee salmon is prohibited.
b. From the Roaring Judy Fish Hatchery outlet downstream to the Roaring Judy property boundary:
   1. Fishing is prohibited from August 1 through October 31.

131. **Echo Canyon Reservoir - Archuleta County**

a. All largemouth bass between 12 and 15 inches in length must be returned to the water immediately upon catch.

132. **Elaine T. Valente Open Space Lakes, North Lake - Adams County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. All fish must be returned to the water immediately upon catch.

133. **Eleven Mile Reservoir - Park County**

a. Ice fishing shelters must be portable.
b. The bag and possession limit for trout is four fish, only two of which may be greater than 16 inches in length.
c. There is no bag or possession limit on yellow perch.

134. **Elk Creek - Garfield County**

a. From the confluence with the Colorado River upstream to the US 6 Bridge in New Castle:
    1. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

135. **Elk Creek - San Miguel County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

136. **Elkhead Reservoir - Moffat and Routt Counties**

a. The bag and possession limit and minimum size for largemouth bass is two fish, 15 inches in length.
b. The bag and possession limit for crappie is ten fish.

137. **Emerald Lakes (Big and Little) - Hinsdale County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and maximum size for trout is two fish, 14 inches in length.
c. In the Lake Creek inlet for ½ mile above Big Emerald Lake:
    1. Fishing is prohibited from January 1 through July 15.

138. **Erie Lake - Boulder County**

a. All largemouth and smallmouth bass must be returned to the water immediately upon catch.

139. **Escalante Creek, North Fork - Mesa County**

a. From the headwaters downstream to the US Forest Service boundary:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

140. **Evans City Lake (Riverside Park) - Weld County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

141. **Fall Creek - Mineral County**

a. From the headwaters downstream to Wolf Creek:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

142. **Fall Creek - San Miguel County**

a. From the headwaters downstream to Woods Lake:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

143. **Fawn Creek - Rio Blanco County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

144. **Florida River - La Plata County**

a. From the headwaters downstream to Lemon Reservoir:
   1. Snagging of kokanee salmon is permitted from September 1 through December 31.
b. From the US 160 bridge east of Durango downstream to the confluence with the Animas River:
   1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

145. **Forbes Park Lake - Costilla County**

a. Fishing is by artificial flies and lures only.
b. All trout must be returned to the water immediately upon catch.

146. **Fort Morgan Ponds - Morgan County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

147. **Fourmile Creek - Garfield County**

a. From the confluence with the Roaring Fork River upstream for ½ mile:
   1. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

148. **Frank Easement Ponds - Weld County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

149. **Fraser Creek - Garfield County**

a. From Trappers Lake upstream for ½ mile:
    1. Fishing is prohibited.

150. **Fraser River - Grand County**

a. From the headwaters downstream to the confluence with St. Louis Creek:
    1. Fishing is by artificial flies and lures only.
    2. All rainbow trout must be returned to the water immediately upon catch.
b. From the confluence with St. Louis Creek downstream to the Colorado River:
    1. The bag and possession limit for trout is two fish.

151. **Freeman Reservoir - Moffat County**

a. Within 50 yards on either side of the inlet and upstream for ¼ mile:
    1. Fishing is prohibited from January 1 through July 31.

152. **French Gulch - Summit County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

153. **Frey Gulch - Summit County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

154. **Fryingpan Lakes #2 and #3 - Pitkin County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

155. **Fryingpan River - Eagle and Pitkin Counties**

a. From Ruedi Dam downstream to the confluence with the Roaring Fork River, approximately 14 miles:
    1. Fishing is by artificial flies and lures only.
    2. All trout (except brown trout) must be returned to the water immediately upon catch.
    3. The bag and possession limit and maximum size for brown trout is two fish, 14 inches in length.

156. **George Creek - Larimer County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

157. **Goat Creek - San Miguel County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

158. **Golden Park Ponds - Boulder County**

a. On Golden Park Ponds #3:
    1. The bag and possession limit and minimum size for largemouth and smallmouth bass is one fish in the aggregate, 15 inches in length.
b. On Golden Park Ponds #1 and #2:
    1. Fishing is by artificial flies and lures only.
    2. Scented flies or lures must be 1.5 inches or longer.
    3. All largemouth and smallmouth bass must be returned to the water immediately upon catch.
    4. Possession of largemouth or smallmouth bass while fishing Golden Park Ponds #1 or #2 is prohibited.

159. **Gore Creek - Eagle County**

a. From the confluence with Red Sandstone Creek downstream to the confluence with the Eagle River:
    1. Fishing by artificial flies and lures only.
    2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

160. **Grand Lake - Grand County**

a. The bag and possession limit for lake trout is four fish, only one of which may be greater than 36 inches in length. All lake trout between 26 and 36 inches in length must be released immediately upon catch.
b. Ice fishing shelters must be portable.
c. Gaffs and tail snares are prohibited.

161. **Grandview Ponds - Adams County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

162. **Graneros Creek - Pueblo County**

a. From the headwaters downstream to the US Forest Service Boundary:
    1. Fishing is prohibited.

163. **Grassy Creek - San Juan County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

164. **Green Creek, Little - Grand and Routt County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

165. **Green Mountain Reservoir - Summit County**

a. Snagging of kokanee salmon is permitted from September 1 through December 31.
b. The bag and possession limit for lake trout is eight fish.

166. **Green River - Moffat County**

a. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

167. **Griffith Reservoir - Mesa County**

a. Fishing by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

168. **Grimes Creek - La Plata County**

a. From the Bureau of Reclamation property boundary downstream to the standing water line of Vallecito Reservoir:
   1. Fishing is prohibited from September 1 through November 14.
   2. Snagging of kokanee salmon is permitted from November 15 through December 31.

169. **Grizzly Creek - Garfield County**

a. From the confluence with the Colorado River upstream for ½ mile:
   1. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

170. **Gross Reservoir - Boulder County**

a. Fishing is prohibited from sunset to sunrise.
b. Snagging of kokanee salmon is permitted from October 1 through December 1.

171. **Groundhog Creek - Dolores County**

a. From Groundhog Reservoir upstream for ½ mile:
   1. Fishing is prohibited from April 15 through July 15.

172. **Groundhog Reservoir - Dolores County**

a. In the Nash Creek and Groundhog Creek inlets upstream for ½ mile:
   1. Fishing is prohibited from April 15 through July 15.

173. **Gunnison River - Delta, Gunnison and Montrose Counties**

a. From the confluence of the East and Taylor rivers downstream to the US 50 bridge:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit and minimum size for brown trout is two fish, 16 inches in length.
   3. All rainbow trout must be returned to the water immediately upon catch.
b. From the confluence of the East and Taylor Rivers downstream to the standing water line of Blue Mesa Reservoir, including all tributary canals and diversions:
   1. The taking of kokanee salmon is prohibited from August 1 through October 31.
   2. Snagging of kokanee salmon is permitted November 1 through December 31.

c. From Blue Mesa Dam downstream for 225 yards:
    1. Fishing is prohibited, as posted.
d. From the closure signs below Blue Mesa Dam downstream to Morrow Point Reservoir Dam:
    1. Snagging of kokanee salmon is permitted from September 1 through December 31.
e. From Morrow Point Reservoir dam downstream for 130 yards:
    1. Fishing is prohibited, as posted.
f. From the closure sign below Morrow Point Reservoir dam downstream to Crystal Reservoir Dam:
    1. Snagging of kokanee salmon is permitted from September 1 through December 31.
g. From Crystal Reservoir dam downstream for 200 yards:
    1. Fishing is prohibited, as posted.
h. From 200 yards downstream of the Crystal Reservoir dam downstream to the Relief Ditch diversion (five miles above Austin Bridge):
    1. Fishing is by artificial flies and lures only.
    2. All rainbow trout must be returned to the water immediately upon catch.
i. From the confluence with the Smith Fork downstream to the confluence with the Colorado River:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

174. **Gunnison River, North Fork - Gunnison and Delta Counties**

a. From the confluence with Anthracite Creek downstream to the confluence with the Gunnison River:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

175. **Gunnison River, Lake Fork - Gunnison and Hinsdale Counties**

a. From the headwaters downstream to the waterfall at Sherman:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.
b. From first bridge crossing above Lake San Cristobal downstream to Lake San Cristobal:
    1. Fishing is by artificial flies only.
c. From the confluence with High Bridge Gulch downstream to the BLM boundary below The Gate campground:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for brown trout is two fish, 16 inches in length.
    3. All rainbow trout must be returned to the water immediately upon catch.
d. From the BLM boundary below The Gate campground to the confluence with Cherry Creek:
    1. The bag and possession limit for trout is two fish.
e. From the confluence with Cherry Creek downstream to the upper Red Bridge campground boundary:
    1. Fishing is by artificial flies and lures only.

2. The bag and possession limit and minimum size for brown trout is 2 fish, 16 inches in length.
3. All rainbow trout must be returned to the water immediately upon catch.

f. From the upper Red Bridge campground boundary downstream to Blue Mesa Reservoir:
1. Snagging of kokanee salmon is permitted from September 1 through December 31.

176. **Gypsum Ponds SWA - Eagle County**

a. The bag and possession limit for trout is two fish.

177. **Hahn Creek - Rio Blanco County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

178. **Hallenbeck (Purdy Mesa) Reservoir - Mesa County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. All largemouth bass between 12 and 15 inches in length must be returned to the water immediately upon catch. No more than two largemouth bass in any bag and possession limit may be greater than 15 inches in length.

179. **Hamilton Creek - Grand County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

180. **Hanging Lake - Garfield County**

a. Fishing is prohibited.

181. **Harvey Gap Reservoir - Garfield County**

a. The minimum size for largemouth bass is 15 inches in length.
b. The bag and possession limit for channel catfish is two fish.
c. Use of spearfishing, archery, slingbows and gigs for the take of northern pike is prohibited.

182. **Hat Creek - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

183. **Haxtun City Lake (Gun Club Lake) - Phillips County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

184. **Headache Creek - Archuleta County**

a. Fishing is by artificial flies and lures only.

b. All cutthroat trout must be returned to the water immediately upon catch.

185. **Heberton Creek - Garfield County**

a. From Trappers Lake upstream for ½ mile:
   1. Fishing is prohibited.

186. **Henry Reservoir - Crowley County**

a. Trotlines and jugs are permitted.

187. **Herman Gulch - Clear Creek County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

188. **Hermosa Creek - La Plata and San Juan Counties**

a. From the headwaters downstream to the confluence with East Cross Creek:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

189. **Hermosa Creek, East Fork - La Plata County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

190. **Hidden Lakes - Lake County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

191. **Highline Reservoir - Mesa County**

a. The bag and possession limit and minimum size for largemouth bass is two fish, 15 inches in length.

192. **Himes Creek - Mineral County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

193. **Hine Lake - Jefferson County**

a. The minimum size for largemouth bass is 18 inches in length.

194. **Hohnholz Lake #3 - Larimer County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is four fish.

195. **Holyoke City Lake (Lions Club Fishing Hole) - Phillips County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

196. **Homestake Conveyance Channel (Spinney Mountain Reservoir inlet ditch) - Park County**

a. Fishing is prohibited.

197. **Horse Creek Reservoir (Timber Lake) - Bent and Otero Counties**

a. Trotlines and jugs are permitted.

198. **Horseshoe Reservoir - Huerfano County**

a. The minimum size for largemouth, smallmouth, and spotted bass is 15 inches in length.

199. **Horseshoe Reservoir - Larimer County**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

200. **Horsetooth Reservoir - Larimer County**

a. Fishing is prohibited in the inlet area as posted from March 15 through May 31.
b. The minimum size for smallmouth bass is 12 inches in length.

201. **Hotel Draw - San Juan County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

202. **Hubbard Creek, Main - Delta County**

a. From the headwaters downstream to the Overland Ditch:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

203. **Hubbard Creek, Middle - Delta County**

a. From the headwaters downstream to the Overland Ditch:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

204. **Hudson Town Pond - Weld County**

a. The bag and possession limit and minimum size for largemouth and smallmouth bass is one fish in the aggregate, 15 inches in length.

205. **Huerfano River - Huerfano County**

a. From the headwaters downstream to the US Forest Service boundary:

1. Fishing is by artificial flies or artificial lures only.
2. The bag and possession limit for trout is two fish.

206. **Hunt Lake - Chaffee County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

207. **Illinois River - Jackson County**

a. Within the Diamond J and Yarmony Ranch State Wildlife Areas:
   1. Fishing is by artificial flies or artificial lures only.
   2. The bag and possession limit for trout is two fish.

208. **Jackson Lake (Reservoir) - Morgan County**

a. Ice fishing shelters must be portable.
b. The minimum size for walleye and saugeye is 15 inches in length.
c. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.
d. The minimum size for wipers is 15 inches in length.
e. The minimum size for crappie is 10 inches in length.
f. Fishing in the outlet ditch immediately below the dam around the rotary screen structure is prohibited.

209. **Jayhawker Ponds - Larimer County**

a. All largemouth and smallmouth bass must be returned to the water immediately upon catch.
b. The bag and possession limit for yellow perch is 5 fish.

210. **Jerry Creek Reservoirs #1 and #2 - Mesa County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. All fish must be returned to the water immediately upon catch.
c. Use of float tubes with chest-high waders is allowed.

211. **Jim Creek - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

212. **Joe Wright Creek - Larimer County**

a. From the confluence with Joe Wright Reservoir upstream to Colo 14:
   1. Fishing is prohibited from January 1 through July 31.
   2. Fishing is by artificial flies and lures only.

213. **Joe Wright Reservoir - Larimer County**

a. Fishing is by artificial flies and lures only.

214. **John Martin Reservoir - Bent County**

a. Trotlines and jugs are permitted.

215. **Johnstown Reservoir - Weld County**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.
c. The minimum size for largemouth and smallmouth bass is 15 inches in length.
d. The minimum size for crappie is 10 inches in length.

216. **Jumbo (Julesburg) Reservoir - Logan and Sedgwick Counties**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.
c. The minimum size for wipers is 15 inches in length.
d. The minimum size for crappie is 10 inches in length.

217. **Juniata Reservoir - Mesa County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. All largemouth bass between 12 and 15 inches in length must be returned to the water immediately upon catch. No more than two largemouth bass in any bag and possession limit may be greater than 15 inches in length.

218. **Kaufman Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

219. **Kelly Lake - Jackson County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

220. **Kelso Creek - Mesa County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

221. **Kenney Reservoir - Rio Blanco County**

a. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

222. **Kerr Lake - Conejos County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

223. **Ketner Lake - Jefferson County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

224. **Kingfisher Pond (Fort Collins Environmental Learning Center) - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

225. **Kinney Creek (3 miles east of Hot Sulphur Springs) - Grand County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

226. **KOA Lake - Boulder County**

a. All largemouth and smallmouth bass must be returned to the water immediately upon catch.

227. **La Plata River - La Plata County**

a. From the US 160 bridge downstream to the state line:
   1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

228. **Lake Arbor - Jefferson County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.
b. The minimum size for walleye and saugeye is 15 inches in length.
c. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

229. **Lake Creek - Hinsdale County**

a. From Big Emerald Lake inlet upstream for ½ mile:
   1. Fishing prohibited from January 1 through July 15.

230. **Lake Dorothey - Las Animas County**

a. Within the Lake Dorothey State Wildlife Area, including Schwachheim Creek and all other drainages into the lake:
   1. Fishing is by artificial flies and lures only.

231. **Lake Fork Creek - Lake County**

a. From the headwaters downstream to the confluence with Glacier Creek:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

232. **Lake Granby - Grand County**

a. The bag and possession limit for lake trout is four fish.

b. From January 1 through August 31, the bag and possession limit for trout (except lake trout) and kokanee salmon is four fish, singly or in aggregate.
c. From September 1 through December 31, the bag and possession limit for trout (except lake trout) is four fish, singly or in aggregate.
d. From September 1 through December 31, the bag and possession limit for kokanee salmon is 10 fish.
e. Snagging of kokanee salmon is permitted in Lake Granby only from September 1 through December 31 except snagging is prohibited in Columbine Bay from the inlet of Twin Creek upstream.
f. Gaffs and tail snares are prohibited.
g. Ice fishing shelters must be portable.
h. In Columbine Bay from the inlet of Twin Creek upstream:
    1. Fishing is prohibited from October 15 through November 30.

233. **Lake John - Jackson County**

a. The bag and possession limit for trout is four fish.

234. **Lake Loveland - Larimer County**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

235. **Laramie River - Larimer County**

a. Within the Hohnholz State Wildlife Area:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit for trout is two fish.

236. **Laskey Gulch - Summit County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

237. **Lester Creek - Routt County**

a. For ¼ mile upstream and ¼ mile downstream from Pearl Lake:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for trout is two fish, 18 inches in length.

238. **Lon Hagler Reservoir - Larimer County**

a. All largemouth and smallmouth bass must be returned to the water immediately upon catch.
b. Only one channel catfish in bag or possession may be greater than 20 inches.

239. **Lone Pine Creek - Larimer County**

a. From Parvin Lake upstream to Larimer Co Rd 74E (Red Feather Lakes Rd):
    1. Fishing is prohibited, as posted.

240. **Long Draw Reservoir - Larimer County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

241. **Los Pinos Creek - Saguache County**

a. On that portion within the Cochetopa State Wildlife Area (Snyder Ranch):
    1. Fishing is by artificial flies and lures only.
    2. All fish must be returned to the water immediately upon catch.

242. **Los Pinos River - Hinsdale and La Plata Counties**

a. From the headwaters downstream to the Weminuche Wilderness boundary:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit for trout is two fish.
b. From the US 160 bridge in Bayfield downstream to Navajo Reservoir:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

243. **Lost Trail Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

244. **Lowell Ponds - Adams County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

245. **Mack Mesa Reservoir - Mesa County**

a. The bag and possession limit and minimum size for largemouth bass is two fish, 15 inches in length.

246. **Mancos River - Montezuma County**

a. From the US 160 bridge in Mancos downstream to the state line:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

247. **Martin Lake - Huerfano County**

a. The minimum size for largemouth, smallmouth, and spotted bass is 15 inches in length.

248. **May Creek - Larimer County**

a. From the headwaters downstream to the confluence with the Poudre River:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

249. **Mead Ponds - Weld County**

a. All largemouth and smallmouth bass must be returned to the water immediately upon catch.

250. **McElmo Creek - Montezuma County**

a. From the US 160 bridge east of Cortez downstream to the state line:
   1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

251. **McKay Lake - Adams County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. All largemouth bass must be returned to the water immediately upon catch.

252. **McMurry Ponds - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

253. **McPhee Reservoir - Montezuma County**

a. All largemouth and smallmouth bass between 10 and 15 inches in length must be returned to the water immediately upon catch.
b. Snagging of kokanee salmon is permitted from September 1 through December 31.
c. There is no bag or possession limit for walleye.

254. **Meadow Creek - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

255. **Meadow Creek, East - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

256. **Meadow Creek Reservoir - Grand County**

a. The bag and possession limit and minimum size for tiger trout is one fish, 18 inches in length.

257. **Meadow Creek Reservoir - Jackson County**

a. The bag and possession limit for trout is two fish.

258. **Medano Creek - Saguache and Alamosa Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

259. **Medano Creek, Hudson Branch - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

260. **Medano Creek, Little - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

261. **Meredith Reservoir - Crowley County**

a. Trotlines and jugs are permitted.

262. **Michigan River - Jackson County**

a. Within the Brownlee, Murphy, and Diamond J State Wildlife Areas:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit for trout is two fish.

263. **Middle Creek, East - Saguache County**

a. From the headwaters downstream to the waterfall approximately 2.5 miles upstream from the confluence with Middle Creek:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

264. **Miners Creek - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

265. **Minnesota Creek, South Fork - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

266. **Mitchell Creek - Garfield County**

a. From the headwaters downstream to the upper boundary of the Glenwood Springs Fish Hatchery:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

267. **Montgomery Reservoir - Park County**

a. Ice fishing is prohibited.
b. Fishing is prohibited from December 1 through May 31.
c. On the south side of the reservoir and from the west face of the dam:
    1. Fishing is prohibited, as posted.

268. **Monument Reservoir - Las Animas County**

a. Snagging of kokanee salmon is permitted from October 1 through December 31.

269. **Morrow Point Reservoir - Gunnison and Montrose Counties**

a. Snagging of kokanee salmon is permitted September 1 through December 31.

270. **Mount Elbert Forebay Reservoir - Lake County**

a. The bag and possession limit for lake trout is one fish. All lake trout between 22 and 34 inches in length must be returned to the water immediately upon catch.

271. **Muddy Creek - San Miguel County**

a. From the headwaters downstream to Woods Lake:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

272. **Muddy Creek, Little - Grand County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

273. **Nash Creek - Dolores County**

a. From Groundhog Reservoir upstream for ½ mile:
   1. Fishing is prohibited from April 15 through July 15.

274. **Nate Creek - Ouray County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

275. **Native Lake - Lake County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

276. **Navajo Lake - Dolores County**

a. Fishing is by artificial flies and lures only.

277. **Navajo Reservoir - Archuleta County**

a. Trotlines are permitted.

278. **Navajo River - Archuleta and Conejos Counties**

a. From the headwaters downstream to Bridal Veil Falls:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.
b. From the Oso Diversion Dam downstream to the state line:

1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

279. **Nee Gronda Reservoir - Kiowa County**

a. Trotlines and jugs are permitted.

280. **Nee Noshe Reservoir - Kiowa County**

a. Trotlines and jugs are permitted.

281. **Nee So Pah Reservoir (Sweetwater and Jet) - Kiowa County**

a. Trotlines and jugs are permitted.

282. **Newlin Creek - Custer and Fremont Counties**

a. From the headwaters downstream to the US Forest Service boundary:
   1. Fishing is prohibited.

283. **Nickelson Creek - Pitkin County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

284. **No Name Creek - Garfield County**

a. From the confluence with the Colorado River upstream for ½ mile:
   1. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

285. **Nolan Creek - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

286. **North Lake State Wildlife Area - Las Animas County**

a. Fishing is by artificial flies and lures only.

287. **North Platte River - Jackson County**

a. Within the Brownlee II or Verner State Wildlife Areas:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.
b. From the southern boundary of the Routt National Forest downstream to the Wyoming state line (Northgate Canyon):
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.

288. **North Platte River, North Fork - Jackson County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

289. **North Shields Ponds - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

290. **North Sterling Reservoir - Logan County**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.
c. The minimum size for wipers is 15 inches in length; only one wiper may be greater than 25 inches in length.
d. The minimum size for smallmouth bass is 12 inches in length.
e. The minimum size for largemouth bass is 15 inches in length.
f. The minimum size for crappie is 10 inches in length.

291. **North Taylor Creek - Custer County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

292. **Northwater Creek - Garfield County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

293. **Old Dillon Reservoir - Summit County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for golden trout is one fish, 16 inches in length.

294. **Osier Creek - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

295. **Overland Trail Pond - Logan County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

296. **Paonia Reservoir (Muddy Creek) - Gunnison County**

a. From the top of Paonia Dam downstream to the boundary fence below the stilling basin:
    1. Fishing is prohibited, as posted.

297. **Parachute Creek, East Fork - Garfield County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

298. **Parachute Creek, East Middle Fork - Garfield County**

a. Fishing is by artificial flies and lures only.

b. All cutthroat trout must be returned to the water immediately upon catch.

299. **Parvin Lake - Larimer County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.
c. In the inlet stream (Lone Pine Creek) upstream to Larimer Co Rd 74E (Red Feather Lakes Rd):
    1. Fishing is prohibited, as posted.

300. **Pass Creek - Mineral County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

301. **Pasture Creek - La Plata and San Juan Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

302. **Pearl Lake - Routt County - Including the inlet stream for ¼ mile above the inlet and the outlet stream for ¼ mile below the outlet:**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is two fish, 18 inches in length.

303. **Pella Crossing Recreation Area Ponds (All Ponds) - Boulder County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.

311. **Points Creek - Mesa County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

312. **Poose Creek - Rio Blanco County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

313. **Porcupine Lake - Routt County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

314. **Poudre Ponds #1 - Weld County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

315. **Poudre River - Larimer County**

a. From the Rocky Mountain National Park boundary downstream to the confluence with Joe Wright Creek:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit for trout is two fish.
b. From the upper boundary of the Big Bend campground downstream to the confluence with Black Hollow Creek:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
c. From the west boundary of the Hombre Ranch (below Rustic) downstream to the Pingree Park Road/bridge:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
d. From the upper boundary of Gateway Park (water diversion for Ft. Collins) downstream to the confluence with the North Fork of the Poudre River:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

316. **Poudre River, North Fork - Larimer County**

a. From the confluence with Divide Creek downstream to Bull Creek (above Halligan Reservoir):
    1. Fishing is by artificial flies or artificial lures only.
    2. All trout must be returned to the water immediately upon catch.
b. From Milton Seaman Reservoir downstream to the confluence with the Poudre River:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

317. **Poudre River, South Fork - Larimer County**

a. From the Rocky Mountain National Park boundary downstream for one mile:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

318. **Prewitt Reservoir - Logan and Washington counties**

a. The minimum size limit for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.
c. The minimum size for wipers is 15 inches in length.
d. The minimum size for crappie is 10 inches in length.

319. **Priest Gulch - Dolores and Montezuma Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

320. **Pronger Pond - Logan County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

321. **Prospect Park Lakes - Jefferson County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.
b. Bass Lake and West Prospect Lakes only:
    1. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.

322. **Prospect Ponds #2 and #3 - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

323. **Pryor Creek - Ouray County**

a. From the headwaters downstream to the US Forest Service boundary:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

324. **Pueblo Reservoir - Pueblo County**

a. The minimum size for largemouth, smallmouth, and spotted bass is 15 inches in length.
b. The bag and possession limit and minimum size for walleye and saugeye is five fish in the aggregate, 18 inches in length.
c. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.
d. The bag and possession limit for crappie is ten fish.
e. The minimum size for crappie is 10 inches in length.
f. The bag and possession limit for wiper is five fish.
g. No more than one wiper greater than 21 inches in length may be taken per day.
h. Underwater spearfishing is allowed for the take of channel, blue and flathead catfish with an aggregate bag and possession limit of five fish; and for wiper with a bag and possession limit of five fish.
i. Fishing is prohibited from the dam and within 100 feet of the dam or walleys spawning operation nets, from March 1 through April 15, or until walleye spawning operations are completed.
j. It is unlawful to possess filleted or cleaned fish in a boat on the lake.

325. **Purgatoire River, Middle Fork - Las Animas County**

a. Within the Bosque del Oso State Wildlife Area:
    1. Fishing is by artificial flies and lures only.
    2. All fish must be returned to the water immediately upon catch.

326. **Purgatoire River, South Fork - Las Animas County**

a. Within the Bosque del Oso State Wildlife Area:
    1. Fishing by artificial flies and lures only.
    2. All fish must be returned to the water immediately upon catch.

327. **Queens Reservoir, North and South - Kiowa County**

a. Trotlines and jugs are permitted.

328. **Quincy Reservoir - Arapahoe County**

a. Fishing by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. The bag and possession limit for trout is two fish.
c. The minimum size for largemouth and smallmouth bass is 18 inches in length.
d. Fishing access is controlled by Aurora Parks and Recreation as posted.

329. **Rampart Reservoir - El Paso County**

a. Ice fishing is prohibited.
b. The bag and possession limit for lake trout is two fish.

330. **Ranch Creek, North Fork - Grand County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

331. **Red Lion State Wildlife Area - Logan County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.
b. The minimum size for crappie is 10 inches in length.

332. **Relay Creek - La Plata and San Juan Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

333. **Rhodes Gulch - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

334. **Ridgway Reservoir - Ouray County**

a. Snagging of kokanee salmon is permitted from September 1 through December 31.
b. There is no bag or possession limit for smallmouth bass.

335. **Rifle Gap Reservoir - Garfield County**

a. The bag and possession limit and minimum size for walleye is one fish, 18 inches in length.
b. The bag and possession limit for yellow perch is twenty fish.

336. **Rio Blanco Lake - Rio Blanco County**

a. The minimum size for largemouth bass is 15 inches in length.

337. **Rio Blanco River - Archuleta and Conejos Counties**

a. From the headwaters downstream to the San Juan Wilderness boundary:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

b. From the Blanco Diversion Dam downstream to the confluence with the San Juan River:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie

338. **Rio de Los Pinos - Conejos County**

a. From the headwaters downstream to the waterfall at the South San Juan Wilderness boundary:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

339. **Rio Grande River - Hinsdale, Mineral and Rio Grande Counties**

a. From the lower boundary of River Hill Campground downstream to the the Colo 149 bridge:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and maximum size for brown trout is two fish, 12 inches in length.
    3. All rainbow trout must be returned to the water immediately upon catch.
b. From the Colo 149 bridge at South Fork downstream to the Rio Grande Canal diversion structure:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for brown trout is two fish, 16 inches in length.
    3. All rainbow trout must be returned to the water immediately upon catch.

340. **Rio Lado Creek - Montezuma County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

341. **Riverbend Ponds #1, #2, #3, #4 and #5 - Larimer County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

342. **River's Edge Natural Area Ponds (Bass, Dragonfly, Sandpiper) - Larimer County**

a. All largemouth and smallmouth bass must be returned to the water immediately upon catch.
b. The bag and possession limit for yellow perch is 5 fish.

343. **Road Beaver Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

344. **Roaring Creek and tributaries - Larimer County**

a. Fishing is by artificial flies and lures only.

b. All cutthroat trout must be returned to the water immediately upon catch.

345. **Roaring Fork Creek - Grand County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

346. **Roaring Fork of the North Platte - Jackson County**

a. Within the Manville State Wildlife Area:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit for trout is two fish.

347. **Roaring Fork River - Pitkin and Garfield Counties**

a. From the confluence with McFarlane Creek downstream to the upper Woody Creek bridge:
    1. Fishing is by artificial flies only.
    2. All trout must be returned to the water immediately upon catch.
b. From the upper Woody Creek bridge downstream to the confluence with the Colorado River (excluding 50 yards upstream and downstream from the confluences with Fourmile Creek and Threemile Creek):
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.
c. 50 yards upstream and downstream from the confluences with Fourmile Creek and Threemile Creek:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.
    3. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

348. **Roaring Fork - Mineral County**

a. From the headwaters downstream to the confluence with Goose Creek, including unnamed tributary streams:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

349. **Roaring Forks Creek - Montezuma County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

350. **Robinson Creek - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

351. **Rock Creek - Gunnison County**

a. From the headwaters downstream to the confluence with Clear Fork of Muddy Creek:
    1. Fishing is by artificial flies and lures only.

2. All cutthroat trout must be returned to the water immediately upon catch.

352. **Rock Creek - Lake County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

353. **Rock Creek, Little - Mesa County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

354. **Rock Creek - Park County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

355. **Rock Lake - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

356. **Rocky Fork Creek - Pitkin County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

357. **Rocky Mountain Lake - Denver County**

a. The minimum size for largemouth bass is 15 inches in length.

358. **Rosemont Reservoir - Teller County**

a. Fishing is by artificial flies and lures only.
b. Ice fishing is prohibited.

359. **Rough Canyon - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

360. **Ruby Jewel Lake - Jackson County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

361. **Runyon/Fountain Lakes State Wildlife Area - Pueblo County**

a. Ice fishing is prohibited.

362. **Saguache Creek - Saguache County**

a. From the confluence of the Middle and South Forks downstream to the confluence with California Gulch:
   1. Fishing is by artificial flies and lures only.

363. **Saguache Creek, Middle Fork - Saguache County**

a. From the headwaters downstream to the confluence with the South Fork of Saguache Creek:
   1. Fishing is by artificial flies and lures only.

364. **Saguache Creek, South Fork - Saguache County**

a. From the headwaters downstream to the confluence with the Middle Fork of Saguache Creek:
   1. Fishing is by artificial flies and lures only.

365. **Saint Vrain Creek (North and South) - Boulder County**

a. Within the town limits of Lyons as posted:
   1. Fishing is by artificial flies and lures only.
   2. All trout must be returned to the water immediately upon catch.

366. **Saint Vrain State Park - Weld County**

a. Bald Eagle Lake:
   1. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
   2. All largemouth and smallmouth bass must be returned to the water immediately upon catch.
b. Blue Heron Lake:
   1. All largemouth and smallmouth bass must be returned to the water immediately upon catch.
   2. Only one channel catfish in bag or possession may be greater than 20 inches.

a. That portion on US Forest Service lands including West San Francisco Lake:
   1. Fishing is by artificial flies and lures only.
   2. All trout must be returned to the water immediately upon catch.

368. **San Juan River - Archuleta County**

a. From the intersection of US 160 and US 84 downstream through Pagosa Springs to the intersection of Apache Street with the river, including River Center Ponds:
   1. The bag and possession limit for trout is two fish.
b. From the US 160 bridge in Pagosa Springs downstream to Navajo Reservoir:
   1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

369. **San Miguel River - Montrose and San Miguel Counties**

a. From the Colo 90 bridge at Pinon downstream to the confluence with the Dolores River:

1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

370. **Scenery Pond (Colorow Mountain State Wildlife Area) - Rio Blanco County**

a. The bag and possession limit for trout is two fish.

371. **Schaeffer Creek - Gunnison County**

a. From the headwaters downstream to Gunnison Co Rd 12C:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

372. **Schwachheim Creek - Las Animas County**

a. Within the Lake Dorothey State Wildlife Area:
   1. Fishing is by artificial flies and lures only.

373. **Second Creek - Delta County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

374. **Second Creek - Gunnison County**

a. From the headwaters downstream to the confluence with Clear Fork of Muddy Creek:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

375. **Severy Creek - El Paso County**

a. From the headwaters downstream to the US Forest Service boundary:
   1. Fishing is prohibited.

376. **Shadow Mountain Reservoir - Grand County**

a. Ice fishing shelters must be portable.

377. **Shadow Mountain Spillway - Grand County**

a. From Shadow Mountain Reservoir downstream to Lake Granby including Columbine Bay to the Twin Creek inlet:
   1. Fishing is prohibited from October 15 through November 30.
   2. Snagging is prohibited.

378. **Sheep Creek - Conejos County**

a. From the headwaters downstream to the Conejos River:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.

379. **Sheep Creek - Larimer County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

380. **Sheep Creek, East and West Forks - Larimer County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

381. **Sig Creek - La Plata and San Juan Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

382. **Sig Creek, East Fork - San Juan County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

383. **Silver Lake - Mesa County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

384. **Slate Creek - Dolores County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

385. **Slater Creek, South Fork and West Prong of the South Fork - Routt County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

386. **Sloan Lake - Hinsdale County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

387. **Snell Creek - Rio Blanco County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

388. **South Platte Park (Littleton) - Arapahoe County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

389. **South Platte River - Douglas, Jefferson, Park and Teller Counties**

a. From the confluence of the Middle and South Forks downstream to Spinney Mountain Reservoir:

1. Fishing is by artificial flies and lures only.
2. All trout between 12 and 20 inches in length must be returned to the water immediately upon catch.
3. The bag and possession limit for trout is two fish, only one of which may be greater than 20 inches in length.

b. From the outlet of Spinney Mountain Reservoir downstream to the inlet of Eleven Mile Reservoir:
1. Fishing is by artificial flies and lures only.
2. All fish caught must be returned to the water immediately upon catch.
3. Some portions may be closed to fishing as posted from September 15 to December 31 for kokanee salmon spawning operations.

c. From immediately below Eleven Mile Dam downstream to the Wagon Tongue Gulch Road bridge at Springer Gulch (Eleven Mile Canyon):
1. Fishing is by artificial flies and lures only.
2. All trout must be returned to the water immediately upon catch.

d. From Cheesman Dam downstream to the upper Wigwam Club property line:
1. Fishing by artificial flies and lures only.
2. All trout must be returned to the water immediately upon catch.

e. From the lower boundary of the Wigwam Club downstream to Scraggy View Picnic Ground:
1. Fishing is by artificial flies and lures only.
2. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

f. From Strontia Springs Dam downstream to 300 yards upstream from the Denver Water Board's Marston Diversion structure:
1. Fishing is by artificial flies and lures only.
2. The bag and possession limit for trout is two fish.

g. Within Chatfield State Park:
1. The bag limit and minimum size for walleye is three fish, 18 inches in length.
2. No more than one walleye greater than 21 inches in length may be taken per day.
3. The minimum size for largemouth and smallmouth bass is 15 inches in length.

390. **South Platte River, Middle Fork - Park County**

a. From the Colo 9 bridge (4.9 miles north of Garo) downstream to the confluence with the South Fork of the South Platte:
1. Fishing is by artificial flies and lures only.
2. All trout between 12 and 20 inches in length must be returned to the water immediately upon catch.
3. The bag and possession limit for trout is two fish, only one of which may be greater than 20 inches in length.

391. **South Platte River, South Fork - Park County**

a. From US 285 downstream to Antero Reservoir:
1. Fishing is by artificial flies and lures only.
2. All trout between 12 and 20 inches in length must be returned to the water immediately upon catch.
3. The bag and possession limit for trout is two fish, only one of which may be greater than 20 inches in length.

b. From Antero Reservoir downstream in the newly constructed channel to the confluence with the existing channel:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
c. From the lower boundary fence of the Badger Basin State Wildlife Area downstream to the confluence with the Middle Fork of the South Platte:
    1. Fishing is by artificial flies and lures only.
    2. All trout between 12 and 20 inches in length must be returned to the water immediately upon catch.
    3. The bag and possession limit for trout is two fish, only one of which may be greater than 20 inches in length.

392. **Spinney Mountain Reservoir - Park County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is one fish, 20 inches in length.
c. Fishing is prohibited from ½ hour after sunset until ½ hour before sunrise.
d. Ice fishing is prohibited.
e. There is no bag or possession limit for yellow perch.

393. **Sprat-Platte Lake - Adams County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. The minimum size for largemouth bass is 18 inches in length.

394. **Spring Creek - Dolores County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

395. **Spring Gulch Pond - Douglas County**

a. Fishing is by artificial flies and lures only.
b. All fish must be returned to the water immediately upon catch.

396. **Spruce Creek (confluence with Blue River approximately 5 miles north of Green Mtn. Res.) - Grand and Summit Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

397. **Spruce Creek (confluence with Blue River approximately 2.5 miles south of Breckenridge) - Summit County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

398. **Stagecoach Reservoir - Routt County**

a. There is no bag or possession limit for walleye.

399. **Stalker Lake - Yuma County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

400. **Standley Lake - Jefferson County**

a. The minimum size for walleye and saugeye is 15 inches in length.
b. No more than one walleye or saugeye in the aggregate greater than 21 inches in length may be taken per day.

401. **Stearns Lake - Boulder County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

402. **Steelman Creek - Grand County**

a. From the headwaters downstream to the Denver Water Board Diversion:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

403. **Stueben Creek, West Fork - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

404. **Summit Reservoir - Montezuma County**

a. The minimum size for largemouth bass is 15 inches in length.

405. **Swamp Lakes - Lake County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

406. **Swan River - Summit County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is 2 fish, 16 inches in length.

407. **Swan River, North Fork - Summit County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

408. **Sweitzer Lake - Delta County**

a. All fish, except carp, must be returned to the water immediately upon catch.

409. **Sylvan Lake - Eagle County**

a. In the inlet and upstream for ½ mile:
   1. Fishing is prohibited from September 1 through November 30.

410. **Tamarack Ranch Pond - Logan County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

411. **Tarryall Creek - Park County**

a. For that portion of Tarryall Creek located on the Cline Ranch State Wildlife Area:
    1. Fishing is by artificial flies and lures only.
    2. The bag and possession limit for trout is two fish.
    3. Fishing is prohibited from October 1 through the end of February.
    4. Fishing access is restricted to designated fishing areas (beats) only. Access to each fishing beat is restricted to occupants of the vehicle parked in the parking stall assigned to that beat (determined by corresponding number). No more than four anglers are allowed per vehicle, and only one vehicle is allowed per stall.

412. **Taylor Creek, Little - Montezuma County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

413. **Taylor Park Reservoir - Gunnison County**

a. The bag and possession limit for lake trout is three fish, only one of which may be greater than 26 inches in length.
b. Gaffs and tail snares are prohibited.
c. Snagging of kokanee salmon is permitted from September 1 through December 31.

414. **Taylor River - Gunnison County**

a. From the top of Taylor Dam and then from the dam downstream for 325 yards:
    1. Fishing is prohibited as posted.
b. From a point 325 yards below Taylor Dam downstream to the lower boundary of the Taylor State Wildlife Area (approximately 0.4 miles):
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

415. **Terror Creek, East Fork - Delta County**

a. From the headwaters downstream to the confluence with Terror Creek (including unnamed tributary below Terror Creek Reservoir);
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

416. **Terror Creek, West Fork - Delta County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

417. **Thomas Reservoir - Boulder County**

a. The bag and possession limit and minimum size for largemouth and smallmouth bass is one fish in the aggregate, 15 inches in length.

418. **Three Lakes - Lowest and Middle Lakes - Lake County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

419. **Three Licks Creek - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

420. **Threemile Creek - Garfield County**

a. From the confluence with the Roaring Fork River upstream for ½ mile:
   1. Fishing is prohibited from March 15 through May 31 and from October 1 through November 30.

421. **Thurston Reservoir - Prowers County**

a. Trotlines and jugs are permitted.

422. **Timberline Lake - Lake County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

423. **Torsido Creek - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

424. **Totten Reservoir - Montezuma County**

a. The minimum size for largemouth bass is 15 inches in length.

425. **Trapper Creek - Garfield County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

426. **Trappers Lake - Garfield County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for cutthroat trout is two fish. All cutthroat trout greater than 11 inches in length must be returned to the water immediately upon catch.
c. Fishing is prohibited in all inlets and upstream for ½ mile.
d. Fishing is prohibited within 100 feet of either side of all inlet streams.
e. Fishing is prohibited within 100 feet of either side of the outlet and downstream to the first falls.
f. There is no bag or possession limit on brook trout.

427. **Trinidad Reservoir - Las Animas County**

a. The minimum size for largemouth, smallmouth, and spotted bass is 15 inches in length.
b. The bag and possession limit for walleye and saugeye is five fish in the aggregate.
c. No more than one walleye or saugeye in the aggregate greater than 18 inches in length may be taken per day.

428. **Trout Creek - Rio Blanco and Routt Counties**

a. From the headwaters downstream to, but not including Sheriff Reservoir:
    1. Fishing is by artificial flies and lures only.
    2. All cutthroat trout must be returned to the water immediately upon catch.

429. **Turquoise Reservoir - Lake County**

a. The bag and possession limit for lake trout is two fish.

430. **Tuttle Creek - Saguache County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

431. **Twin Creek, North & South - Gunnison County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

432. **Twin Lakes - Lake County**

a. The bag and possession limit for lake trout is one fish. All lake trout between 22 and 34 inches in length must be returned to the water immediately upon catch.

433. **Two Buttes Reservoir - Baca County**

a. Trotlines and jugs are permitted.

434. **Two Ledge Reservoir - Jackson County**

a. Fishing is by artificial flies and lures only.

435. **Uncompahgre River - Ouray, Montrose and Delta Counties**

a. From the Ouray Co Rd 23 bridge downstream to Ridgway Reservoir:
    1. Snagging of kokanee salmon is permitted from September 1 through December 31.
b. From Ridgway dam downstream to the fence just below the USGS Gauge Station:
    1. Fishing is prohibited, except as posted.
c. From the fence just below the USGS Gauge Station below Ridgway Dam downstream to the confluence with Cow Creek:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
d. From the Ridgway Dam downstream to the confluence with the Gunnison River:

1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

e. From the Colo 90 Bridge downstream to the LaSalle Rd. Bridge:
   1. Fishing is by artificial flies and lures only.
   2. All trout must be returned to the water immediately upon catch.

436. **Union Reservoir (Calkins Lake) - Weld County**

a. The minimum size for wipers is 15 inches in length.

437. **Upper Seepage Lake - Mineral County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit and minimum size for trout is two fish, 16 inches in length.

438. **Valco Ponds #4-7 - Pueblo County**

a. All largemouth bass, smallmouth bass, and spotted bass must be returned to the water immediately upon catch.
b. The bag and possession limit for channel catfish is one fish.

439. **Vallecito Creek - La Plata and San Juan Counties**

a. From the headwaters downstream to the southern boundary of the Weminuche Wilderness:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.
b. From the southern boundary of the Weminuche Wilderness downstream to the La Plata Co Rd 501 bridge:
   1. All kokanee salmon must be returned to the water immediately upon catch from September 1 through November 14.
   2. Snagging of kokanee salmon is permitted from November 15 through December 31.
c. From the La Plata Co Rd 501 bridge downstream to the standing water line of Vallecito Reservoir:
   1. Fishing is prohibited from September 1 through November 14.
   2. Snagging of kokanee salmon is permitted from November 15 through December 31.

440. **Vasquez Creek, Little - Grand County:**

a. From the headwaters downstream to the Denver Water Board Diversion:
   1. Fishing is by artificial flies and lures only.
   2. All cutthroat trout must be returned to the water immediately upon catch.

441. **Vasquez Creek, South Fork - Grand County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

442. **Vaughn Reservoir - Rio Blanco County**

a. The bag and possession limit for cutthroat trout is two fish.

443. **Virginia Gulch Creek, West - La Plata County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

444. **Virginia Lake - Lake County**

a. Fishing is by artificial flies and lures only.
b. The bag and possession limit for trout is two fish.

445. **Wacker Ponds (formerly known as Hanson Bros. Ponds) - Morgan County**

a. The minimum size for largemouth and smallmouth bass 15 inches in length.

446. **Wahatoya State Wildlife Area - Huerfano County**

a. Fishing is by artificial flies and lures only.
b. Ice fishing is prohibited.

447. **Walden Ponds (except Wally Toevs Pond) - Boulder County**

a. Fishing is by artificial flies and lures only. Scented flies or scented lures may be used on this water if they are 1.5 inches or longer.
b. All largemouth and smallmouth bass must be returned to the water immediately upon catch.

448. **Walker Lake State Wildlife Area - Mesa County**

a. Fishing is prohibited from October 1 through the last day of February.

449. **Waneka Lake (Lafayette) - Boulder County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

450. **Washington Park (Lily Pond) - Denver County**

a. Fishing is restricted to youth 15 years of age or younger.

451. **Watson Lake - Larimer County**

a. The minimum size for smallmouth bass is 12 inches in length.

452. **West Creek - Mesa County**

a. From the Colo 141 Bridge downstream 5 miles to the confluence of Ute Creek:
   1. The bag and possession limit for trout is two fish.

453. **West Cross Creek - Eagle County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

454. **White River - Rio Blanco County**

a. From the confluence of the North and South Forks of the White River downstream to the Colo 13 Bridge below Meeker (excluding the Sleepy Cat easement, and the Meeker Pasture State Wildlife Area):
    1. The bag and possession limit for trout is two fish.
b. On the Sleepy Cat easement, and the Meeker Pasture State Wildlife Area east of Meeker:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
c. From the confluence of the North and South Forks of the White River downstream to Kenney Reservoir:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.
d. From Taylor Draw Dam downstream 400 yards:
    1. Fishing is prohibited, as posted, to protect native fish spawning.
e. From Taylor Draw Dam downstream to the state line:
    1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

455. **White River, North Fork - Rio Blanco County**

a. From the headwaters downstream to confluence with the South Fork of the White River:
    1. The bag and possession limit for trout is two fish.

456. **White River, South Fork - Rio Blanco County**

a. From the headwaters downstream to confluence with the North Fork of the White River:
    1. The bag and possession limit for trout is two fish.

457. **Wildcat Creek - Dolores and Montezuma Counties**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

458. **Williams Fork Reservoir - Grand County**

a. Snagging of kokanee salmon is permitted from September 1 through December 31.
b. All northern pike between 26 and 34 inches in length must be returned to the water immediately upon catch.
c. From the buoy line at the Williams Fork River inlet upstream to the first Grand Co Rd bridge:
    1. Fishing and snagging are prohibited from September 15 through November 30.
d. Use of spearfishing, archery, slingbows and gigs for the take of northern pike is prohibited.
e. The bag and possession limit for lake trout is eight fish, only one of which may be greater than 30 inches in length.

459. **Williams Fork River - Grand County**

a. From Williams Fork Dam downstream to the confluence with the Colorado River:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.

460. **Williams Gulch - Larimer County**

a. From the headwaters downstream to the confluence with the Poudre River:
    1. Fishing is prohibited.

461. **Willow Creek (Little Snake drainage) - Moffat County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

462. **Willow Creek Reservoir - Grand County**

a. Ice fishing shelters must be portable.

463. **Windsor Reservoir - Weld County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.

464. **Wolf Creek - Conejos County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

465. **Wolf Creek, South Fork - Mineral County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

466. **Wolford Mountain Reservoir - Grand County**

a. Public access, including fishing, is prohibited within 150 feet of any kokanee spawning trap or wing net from October 1- December 1.

467. **Woods Lake State Wildlife Area - San Miguel County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

468. **Wrights Lake - Chaffee County**

a. Fishing is by artificial flies and lures only.

469. **Yampa River - Routt County**

a. From Stagecoach Dam downstream for 0.6 mile:
    1. Fishing is by artificial flies and lures only.
    2. All trout must be returned to the water immediately upon catch.
b. From Stagecoach Dam downstream to Catamount Lake:

1. Spawning areas (redds) are closed to fishing as posted to protect spawning fish.

c. From 0.6 miles below Stagecoach Dam downstream to the confluence with Walton Creek, excluding Catamount Lake:
   1. Fishing is by artificial flies and lures only.
   2. The bag and possession limit for trout is two fish.
d. From the confluence with Walton Creek downstream for 4.8 miles to the James Brown (Soul Center of the Universe) bridge, in Steamboat Springs:
   1. Fishing is by artificial flies and lures only.
   2. All trout must be returned to the water immediately upon catch.
e. From the James Brown (Soul Center of the Universe Bridge) downstream to the Colo 394 bridge near Craig:
   1. The bag and possession limit for trout is two fish.
f. From the headwaters of the Yampa River downstream to the confluence with the Green River:
   1. There is no bag or possession limit for channel catfish, largemouth bass, smallmouth bass, northern pike, walleye, green sunfish, bluegill, bullhead, yellow perch or crappie.

470. **Youngs Creek Reservoirs #1, #2, and #3 - Delta County**

a. Fishing is by artificial flies and lures only.
b. All cutthroat trout must be returned to the water immediately upon catch.

471. **Yuma City Lake - Yuma County**

a. The minimum size for largemouth and smallmouth bass is 15 inches in length.
b. The bag and possession limit for channel catfish is five fish.

472. **Zimmerman Lake - Larimer County**

a. Fishing is by artificial flies and lures only.
b. All trout must be returned to the water immediately upon catch.
c. Fishing is prohibited in the inlet area as posted from January 1 through July 31.

*Valid only for resident senior Lifetime Disability and Low Income Fishing license holders.

ARTICLE II - SMALL GAME SEASON DATES, UNITS (AS DESCRIBED IN CHAPTER 0 OF THESE REGULATIONS), BAG AND POSSESSION LIMITS, LIMITED LICENSES AND PERMITS

#322 - Wild Turkey

A. Season Bag and Possession Limits

1. The bag and possession limit for each season annually shall be as provided below.
   a. Spring Season - The limit shall be two bearded turkeys in the spring for those persons who possess a limited spring license. One turkey must be harvested on the limited license and in the limited area. The additional bearded turkey must be harvested with an over-the-counter license.
   b. Fall Season - The limit shall be one turkey of either sex.
   c. Late Season - The limit shall be two beardless turkeys.
2. In addition to the above bag and possession limits, a hunter may obtain any number of nuisance turkey licenses as provided in #322(F).

3. In addition to the above bag and possession limits, a hunter may take one additional turkey with a Turn In Poachers (TIPS) license as provided in #002(H)(11)(b).

B. Applications for Limited Licenses

1. Application requirements
   a. No person shall submit more than one (1) application per season.
   b. Incomplete applications will not be accepted.
   c. Applications not submitted by the deadline date and time are void.
2. Drawing applications submittal
   a. Applications will be accepted by phone or internet only through the Division's electronic licensing system.
   b. Each drawing application shall include payment of a $7.00 non-refundable application fee for residents and a $9.00 non-refundable application fee for nonresidents. Individuals successful in the draw with be charged for the limited license as well as a $.25 fee designated for search and rescue operations and a $1.50 Wildlife Council surcharge.
   c. Spring season
      1. Applications for limited licenses must be received by phone or online no later than 8:00 PM Mountain Time, on the first Tuesday in February annually.
   d. Fall season
      1. Applications for limited licenses must be received by phone or online no later than 8:00 PM Mountain Time, on the last business day in May annually.
3. Preference systems
   a. Preference Points: Preference will be given for correct applications for first choice hunt codes only and shall be subject to the following provisions:
      1. One preference point will be awarded to each person who qualifies for and fails to draw a limited license as a first choice in the drawing or who applies using a first choice hunt code established for the purpose of accumulating a preference point only. However, no applicant may accumulate more than two turkey preference points per calendar year.
      2. Preference points will be used in future drawings for the same species and will continue to accumulate until the applicant draws a license as a first choice. If an applicant both fails to apply for a turkey license and has not purchased a turkey license during any given 10-year period, all accumulated preference points for turkey become void.
      3. Applications receiving preference will be given priority over all applications with fewer points.
      4. Group applications will receive preference at the level of the group member with the fewest accumulated points.
      5. Unsuccessful and successful applicants in the drawing can check their current accumulated preference point totals online.
   b. Hunting Licenses for Hunters with Mobility Impairments - The Director may make licenses valid in certain GMU's available to qualified hunters with mobility impairments.
      1. Applicants for hunting licenses for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheel chair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment.
      2. Applications for hunting licenses for hunters with mobility impairments shall be made on the form, available from and submitted with the applicable license fee to, Colorado Parks and Wildlife, Limited License Office, 6060 Broadway, Denver,

Colorado 80216. Hunters may apply from the Monday after the November Commission meeting through the last day of the spring season.

3. Applications for hunting licenses for hunters with mobility impairments shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required, if necessary to establish the applicant's eligibility for a hunting license for hunters with mobility impairments. Once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.
4. Ten (10) hunting licenses for hunters with mobility impairments will be available for the spring season, valid only on private lands in units 91, 92, and 96. The licenses will be valid for the season dates established for the authorized hunt code. Licenses for hunters with mobility impairments may not be issued for Ranching for Wildlife properties unless otherwise provided in the ranch contract.

c. Youth Outreach Hunting Licenses – The Director may make additional youth outreach program turkey licenses available to qualified organizations sponsoring youth hunting activities.
   1. There will be no more than 200 licenses issued annually under this subsection.
   2. Licenses will be approved by the applicable Regional Manager on a case-by-case basis.
   3. Licenses are issued on a first come, first served basis to qualified organizations.
   4. Organizations who wish to request a Youth Outreach license must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.
   5. Licenses are limited to youth hunters under 18 years of age.

d. Novice Outreach Hunting Licenses- The Director may make additional outreach program turkey licenses available to qualified organizations sponsoring novice adult hunting activities.
   1. There will be no more than 200 licenses issued annually under this subsection.
   2. Licenses will be approved by the applicable Regional Manager on a case-by-case basis.
   3. Licenses are issued on a first-come, first-served basis to qualified organizations.
   4. Organizations who wish to request an Outreach License must submit the request in writing to Colorado Parks and Wildlife, State Hunter Outreach Coordinator, 6060 Broadway, Denver, Colorado 80216 no later than 60 days prior to the planned hunting event.
   5. Licenses are limited to novice hunters. For the purpose of these regulations a novice adult hunter is defined as a Colorado resident 18 years of age or older, who has either: no turkey license purchase history, only held a turkey license(s) in the previous year, or has no turkey license purchase history in the previous five years.

C. Special Restrictions

1. Tagging Requirements
   a. When any person kills a turkey, that person must immediately detach, sign, and date the carcass tag. Such tags must be attached to the carcass of the bird while it is transported in any vehicle, while in camp, at a residence, or other place of storage.
   b. Such tags, when dated, signed and attached to the turkey lawfully taken or killed and lawfully in possession, authorizes the possession, use, storage, and transportation of the carcass, or any part thereof, within the state.
   c. If the carcass tag is inadvertently or accidentally detached from the license or is lost or destroyed, the licensee must obtain a duplicate carcass tag before he can lawfully

hunt with such license. The duplicate carcass tag may be obtained upon furnishing satisfactory proof as to the inadvertent or accidental nature of the detachment, loss, or destruction to Colorado Parks and Wildlife.

2. Spanish Peaks SWA
   a. Hunting during the spring turkey season shall be permitted only on Saturdays, Sundays, Mondays and Tuesdays on the Spanish Peaks State Wildlife Area, except as provided in subparagraph b of this subsection.
   b. For hunters with mobility impairments, hunting during the spring turkey season shall be permitted after the second weekend of the season on Wednesdays, Thursdays and Fridays, by special access permit only. For the purposes of this subparagraph, the following restrictions shall apply:
      1. Applicants for access permits for hunters with mobility impairments must have a mobility impairment resulting from permanent medical conditions, which makes it physically impossible for them to hunt without the assistance of an attendant. Evidence of an impossibility to participate in the hunt without the assistance of an attendant may include, but is not limited to, prescribed use of a wheelchair; shoulder or arm crutches; walker; two canes; or other prescribed medical devices or equipment. Applications will be accepted until the last day of the spring turkey season. Permits will be issued on a first-come, first-served basis, and will be limited to two (2) individuals during each Wednesday through Friday time period during the spring season.
      2. Applications for access permits for hunters with mobility impairments shall be made on the form available from, and submitted to, Colorado Parks and Wildlife, Limited License Office, 6060 Broadway, Denver, Colorado 80216.
      3. Applications for access permits for mobility-impaired hunters shall contain a statement from a licensed medical doctor or a certified physical, occupational, or recreational therapist describing the applicant's mobility impairment and the permanent medical condition which makes it impossible for the applicant to hunt without the assistance of an attendant. Additional documentation may be required if necessary to establish the applicant's eligibility for an access permit for hunters with mobility impairments. Once certified by the Division as mobility-impaired according to these regulations, applicants will not be required to submit the medical statement.
3. Higel and Rio Grande SWAs
   a. Turkey hunting access during the spring turkey season requires an access permit. Access permits will be issued for each property, from the Division Office in Monte Vista through a hand drawing. Permit applications may be obtained from CPW, 0722 S. Road 1E, Monte Vista, CO 81144. Group applications will be accepted. No more than two (2) applicants per group. Application deadline is January 31 of each year. Successful applicants will be notified by mail. The date, time and location of the drawing will be included on the application.
4. Horsethief Canyon State Wildlife Area
   a. Turkey hunting access is limited to the spring turkey season and is restricted to youth mentor turkey hunting only, by access permit only. Mentors are not allowed to hunt. Permit applications are available from Colorado Parks and Wildlife Northwest Region Service Center at 711 Independent Ave., Grand Junction, CO 81505, 970-255-6100. The application deadline is March 31. Successful applicants will be notified by mail.
5. Southwest Youth Turkey Extended Season

   Youths under 18 years of age may hunt turkey in GMUs 52, 54, 55, 60, 61, 62, 64, 65, 66, 67, 68, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 82, 83, 411, 521, 551, 681, 682, 711, 741, 751 and 771 from the Saturday before Thanksgiving through the Sunday after Thanksgiving, provided they possess an unfilled youth fall turkey license (including, but not limited to, hunt code TE000U3R), comply with applicable regulations for the hunt in which they participate, and are accompanied by a mentor. A mentor must be at least 18 years of age and comply with hunter education requirements. The mentor may not hunt.

D. Season Dates and Units - Unlimited Licenses.

F. Special Licenses for Nuisance Turkeys

1. The Director shall have the authority to establish special hunting seasons for turkeys, between December 1 and March 31 on an annual basis, when necessary to control nuisance turkeys. The Area Wildlife Manager will determine the type of license(s) (either-sex or hen only) most appropriate to control the conflict.

    a. Nuisance turkey hunts are limited to a maximum of 50 licenses per landowner, per year.

        1. The Area Wildlife Manager shall provide the landowner with special application forms for distribution to individuals of their choice. Participants shall submit the completed application form with payment to the Division office indicated on the application. Nuisance turkey licenses shall be sold at the fall season license price.

    b. Prior to approving the hunt, the Division shall:

        1. Verify that conflicts are occurring.

        2. Designate what area shall be open to hunting.

        3. Determine the manner of hunting that will be permitted.

        4. Determine the number of hunters allowed to hunt in each designated area.

    c. Hunting will be done under the direction of a District Wildlife Manager, following approval by the owner of land where such conflict is occurring.

    d. Hunters shall hunt in designated areas and on the dates indicated on the license.

1. A map or a written description of the designated area open to hunting (which would include, but would not be limited to landowner(s) name, game management unit, township, range and section(s) and/or identification of landmarks such as roads, rivers, or fence lines which coincide with boundaries), will be provided to each licensed hunter by the Division.

e. Any person who purchases a license for a nuisance turkey season shall be required to complete a Division harvest survey form and return it to the Area office that is nearest the location of the hunt no later than 5 days after the season ends.

Rule title

2 CCR 406-9 CHAPTER W-9 - WILDLIFE PROPERTIES 1 - eff 01/01/2022

Effective date

01/01/2022

FILING - 11/30/2021

FINAL REGULATIONS - CHAPTER W-9 - WILDLIFE PROPERTIES

ARTICLE I - GENERAL PROVISIONS

#900 - REGULATIONS APPLICABLE TO ALL WILDLIFE PROPERTIES, EXCEPT STATE TRUST LANDS

A. DEFINITIONS

1. “Aircraft” means any machine or device capable of atmospheric flight, including, but not limited to, airplanes, helicopters, gliders, dirigibles, balloons, rockets, hang gliders and parachutes, and any models thereof.

2. "Water contact activities" means swimming, wading (except for the purpose of fishing), waterskiing, sail surfboarding, scuba diving, and other water-related activities which put a person in contact with the water (without regard to the clothing or equipment worn).

3. “Youth mentor hunting” means hunting by youths under 18 years of age. Youth hunters under 16 years of age shall at all times be accompanied by a mentor when hunting on youth mentor properties. A mentor must be 18 years of age or older and hold a valid hunter education certificate or be born before January 1, 1949.

B. Public Access to State Wildlife Areas

1. Only properties listed in this chapter are open for public access. The Director may open newly acquired properties for public access for a period not to exceed nine (9) months pending adoption of permanent regulations. In addition, the Director may establish and post restrictions based upon consideration of the following criteria:
   a. The location and size of the area.
   b. The location, type and condition of roads, vehicle parking areas and the number and type of sanitary facilities available.
   c. The number of users and vehicles the area will tolerate without significant degradation to wildlife resources, and public or private property.
   d. Opportunity to assure public safety, health and welfare.

2. If a property is opened for public access pursuant to this provision, the property shall be posted with a list of applicable access restrictions. It shall be unlawful for any person or vehicle to enter any such property, except in accordance with its posting and the applicable restrictions.

C. Prohibited Activities

Except as otherwise provided in these regulations or specifically authorized by contractual agreement, official document, public notice, permit, or posted sign, the following activities are prohibited on all lands, waters, the frozen surface of waters, rights-of-way, buildings, and other structures or devices owned, operated, or under the administrative control of Colorado Parks and Wildlife:

1. To enter, use or occupy any State Wildlife Area or portion thereof for all persons 16 years of age and older without:
   a. a hunting license valid for the current license year,
   b. a valid fishing license, or
   c. a valid Colorado State Wildlife Area pass.

Annual hunting licenses, including all big game hunting licenses, small game hunting licenses, turkey hunting licenses, annual fishing licenses, and annual Colorado State Wildlife Area passes are only valid for the individual specified on the license or pass, and authorize such individual to enter, use or occupy any State Wildlife Area or portion thereof from March 1 through March 31 of the following year, also known as the current license year. Daily Colorado State Wildlife Area passes and daily or multi-day fishing and small game licenses are only valid for the individual specified on the license or pass, and authorize such individual to enter, use or occupy any State Wildlife Area or portion thereof only on the date(s) indicated on the license or pass.

2. To enter, use, or occupy any area or portion thereof for any purpose when posted against such entry, use, or occupancy.

3. To enter, use, or occupy any area for any commercial purpose or to conduct land, water, oil, gas, or mineral investigations, surveys, or explorations of any kind.

4. To operate any form of vehicle (motorized or non-motorized) except on established roads or within designated camping or parking areas. All motor vehicles and the operators thereof must be in compliance with all Colorado statutes and regulations pertaining to motor vehicle operation.

5. To operate a motor vehicle in excess of posted speed limits or in excess of 25 miles per hour where not posted.

6. To leave a camp, pitched tent, shelter, motor vehicle, or trailer unattended for more than 48 hours, or to camp or to park a travel trailer or camper on any one state wildlife area for more than 14 days in any 45-day period.

7. To build, erect, or establish any permanent structure or to plant any vegetation. Only portable blinds or treestands and steps may be erected by the public on state wildlife areas. No nails may be driven into trees. Portable blinds or tree stands intended for use to hunt any big game or waterfowl during an established season may be erected on state wildlife areas no earlier than 30 days prior to the season in which they are used. All man-made materials used for blinds or tree stands during big game or waterfowl seasons must be removed within 10 days after the end of the season in which they are used. Any other portable blind or tree stand used for any other purpose must be removed at the end of the day in which they are used. The Customer Identification Number of the owner and the date(s) to be used must be displayed on the outside of all portable blinds and on the underside of all tree stands in a readily visible area. However, the erection or placement of any blind or tree stand by any person does not reserve the blind or tree stand for personal use. All such blinds and tree stands remain available for use to the general public on a first come, first-served basis.

8. To remove, modify, adjust, deface, destroy, or mutilate any building, structure, water control device, fence, gate, poster, notice, sign, survey or section marker, tree, shrub or other vegetation or any object of archaeological, geological, or historical value or interest.

9. To litter in any form, to leave fish, fish entrails, human excrement, waste water, containers or cartons, boxes or other trash, garbage or toxic substance on any area or to bring any household or commercial trash, garbage or toxic substance to a Division-controlled area for disposal, or to dump trailer waste into any toilet or sanitary facility.

10. To set or build a fire without provision to prevent the spreading thereof, or to leave a fire unattended.

11. To release or allow livestock to graze or range on any area, except that horses, mules, llamas, and burros may be used when in direct association with wildlife recreational activities.

12. To possess, use or apply explosives (other than lawful firearm ammunition), fireworks, poisons, herbicides, insecticides or other pesticides.

13. To release wildlife or privately-owned game birds, except privately-owned game birds released for field trials, including group dog training, or on those state wildlife areas where release for dog training is specifically authorized in #901.B of these regulations; or to permit dogs, cats, or other domestic pets to run at large (not on a leash) on any area, except dogs lawfully used while actively hunting, or while training dogs for hunting, or during Division licensed field trials.

14. To excavate or dig trenches, holes, or pits.

15. To leave vessels beached, at anchor, moored or docked unattended overnight, except in areas designated for that purpose.

16. To fish from, block or impede any Division-controlled boat ramps or boat docks when in conflict with boaters or as posted.

17. To snorkel, scuba dive, or spearfish with the aid of diving mask, swim fins, snorkel, and/or air tanks, except in waters where swimming is permitted, when location is properly identified by a "divers down flag," and when the scuba diver has a valid S.C.U.B.A. diver's certificate issued by a recognized S.C.U.B.A. training organization.

18. To engage in any unlawful conduct or act as defined in Title 18, C.R.S.

19. To utilize any air or gas inflated floating device as a means of transportation upon or across the surface of the water unless such device is of multi-compartment construction and has a rigid motor mount for those devices propelled by gasoline or electric motors. Single compartment air or gas filled flotation devices are restricted to designated swimming areas.

20. To promote, sponsor, or conduct or participate in boat regattas, paintball shooting, questing, or other non-wildlife oriented activities.

21. To launch or land any aircraft.

22. To leave any decoys or anything used as decoys set up in the field or on the water overnight.

23. To swim, except in designated waters or in association with specifically authorized water contact activities.

24. To discharge a firearm or bow within designated parking, camping, or picnic areas.

25. To possess the following types of ammunition and/or firearms: tracer rounds, armor-piercing rounds, military hardened rounds with explosive or radioactive substances, .50 caliber BMG rounds, or fully automatic firearms.

26. To possess, store, or use hay, straw, or mulch which has not been certified as noxious weed free in accordance with the Weed Free Forage Crop Certification Act, Sections 35-27.5-101 to 108, C.R.S., or any other state or province participating in the Regional Certified Weed Free Forage Program. See Appendix A of this chapter. All materials so

certified shall be clearly marked as such by the certifying state or province. Exempted from this prohibition are persons transporting such materials on Federal, State, or County roads that cross Division property; and hay produced on the property where it is being used.

27. Upon notification by authorized Colorado Parks and Wildlife personnel of a violation of any of the above (or any other law of the State of Colorado) and where the unlawful activity is not immediately and permanently discontinued or if it is of a continuing nature, the violator(s) may be required to leave Colorado Parks and Wildlife property for a minimum of 72 hours.

28. To trap, unless such trapping is done in accordance with the provisions of 33-6-204 (General Exemptions), 33-6-205 (Exemptions for Departments of Health), 33-6-206 (Nonlethal Methods Exemptions), #901 and Chapter W-3 of these regulations. Persons wishing to use the above-mentioned exemptions must have prior authorization from Colorado Parks and Wildlife.

29. To conduct field trials or group dog training without first obtaining a field trial license, in accordance with the provisions of Chapter W-8 of these regulations.

30. Consumption of alcoholic beverages on lands and waters under the supervision, administration, and/or jurisdiction of the Division is permitted with the following exceptions:
    a. It shall be prohibited to consume alcoholic beverages on any archery or firearm range unless specifically authorized by a concession contract, cooperative agreement or special activities permit, and then only allowed in areas specifically designated by the contract, agreement, or permit.
    b. It shall be prohibited to sell and/or dispense alcoholic beverages on any lands and waters under the supervision, administration, and/or jurisdiction of the Division unless specifically authorized by a concession contract, cooperative agreement, or special activities permit, and then only allowed in areas specifically designated by the contract, agreement, or permit and the applicant party has obtained all appropriate licenses and permits to sell and/or dispense alcoholic beverages.
    c. It shall be prohibited to be present on any lands and waters under the supervision, administration, and/or jurisdiction of the Division when under the influence of alcohol or any controlled substance to the degree that may endanger oneself or another person, damage property or resources, or may cause unreasonable interference with another person's enjoyment of any lands or waters under the supervision, administration, and/or jurisdiction of the Division.

D. Limitation of People and Vehicle Usage

1. The Director of Colorado Parks and Wildlife may establish and enforce a limitation not to exceed sixty (60) days, on public occupancy of the land and water areas owned or leased by the Division.

   The Director shall use only the following criteria when establishing such limitation:
   a. The location and size of the area.
   b. The location, type and condition of roads, vehicle parking areas and the number and type of sanitary facilities available.
   c. The number of users and vehicles the area will tolerate without significant degradation to wildlife resources, and public or private property.
   d. Opportunity to assure public safety, health and welfare.

2. Whenever such limitation is exercised, the area(s) involved shall be posted indicating the specific number of persons or vehicles permitted within the area at all times when such area is posted. It shall be unlawful for any person or vehicle to enter any such area(s) posted as being fully occupied or after being advised by an officer of the Division that the area is full.

3. The Division may waive these restrictions for daytime use during a specified period of time for organized supervised groups whose numbers exceed the limitations set forth. Written approval must first be obtained from the appropriate Regional Manager.

E. Closure of Properties to Public Use

1. The Director of Colorado Parks and Wildlife may establish and enforce temporary closures of, or restrictions on, lands or waters owned or leased by the Division, or portions thereof, for a period not to exceed nine months, when any one of the following criteria apply:

   a. The property has sustained a natural or man-made disaster such as drought, wildfire, flooding, or disease outbreak which makes public access unsafe, or where access by the public could result in additional and significant environmental damage.
   b. The facilities on the property are unsafe.
   c. To protect threatened or endangered wildlife species, protect wildlife resources from significant natural or manmade threats, such as the introduction or spread of disease or nuisance species, changing environmental conditions or other similar threats, protect time-sensitive wildlife use of lands or waters, or facilitate Division-sponsored wildlife research projects or management activities.

2. Whenever such closure is instituted, the area(s) involved shall be posted indicating the nature and purpose of the closure. It shall be unlawful for any person or vehicle to enter any such area(s) posted as closed.

F. Criteria for Activities Requiring Express Authorization - Whenever an activity requires expressed authorization (e.g. target practice) the Division shall grant or deny permission based on consideration of public safety and wildlife resource protection.

G. Commercial Use of State Wildlife Areas

1. Except as provided herein, commercial use of state wildlife areas, including, but not limited to, the provision of any goods or services to members of the general public using the state wildlife area, is prohibited. However, commercial uses of state wildlife areas may be allowed by the Division when:
   a. such commercial use will not adversely impact wildlife resources or habitat;
   b. there is a demonstrated need for the goods or services to be provided as part of such commercial use;
   c. such commercial use will not unreasonably interfere with the primary wildlife related recreational uses of the state wildlife area by members of the general public;
   d. the state wildlife area, and its existing facilities, can safely accommodate such commercial use; and
   e. Such commercial uses may be exclusive or nonexclusive, as determined by the Division to be necessary for the proper management of the state wildlife area in light of the criteria set forth above and the compensation provided to the Division.

2. Prior to making any commercial use of a state wildlife area, a person must receive a permit from the Division or enter into a commercial use agreement with the Division providing for such use. Any person accessing a State Wildlife Area under such authority

is not required to have a valid hunting or fishing license, or Colorado State Wildlife Area pass. Such permit or agreement shall, at a minimum, include provisions regarding:

a. the specific goods or services to be provided;
b. user number restrictions;
c. seasonal or time restrictions;
d. record-keeping requirements, including, but not limited to, a requirement that the authorized user maintain records regarding the goods and services provided, the date(s) and time(s) the person provided these goods and services on the property, and the number of goods or services provided, by user day, for a period of at least three years. Such records shall be available for inspection by the Division;
e. compensation to the Division: a minimum fee equal to 5% of the gross income generated by the activity shall be paid to the Division, but in no event shall any fee for a commercial use permit or agreement be less than $100. The $100 minimum shall be paid at the time the permit is issued or the agreement is signed. The Division may impose additional items, conditions and charges in connection with the permit or agreement as reasonably necessary to offset the administrative burden, costs or risks associated with the proposed activities;
f. the Division may retain third party consultants to evaluate the potential adverse impacts of the proposed activity and develop appropriate strategies to offset or mitigate such risks. The applicant shall be notified if the Division decides to retain a consultant and shall be given the opportunity to provide input concerning consultant selection and scope of work. The applicant shall be responsible for the actual costs associated with this consultant review.
g. the term or length of the permit or agreement, and a provision providing for cancellation or termination of such permit or agreement for any failure to comply with its terms and conditions and any applicable laws;
h. any other provision necessary to protect wildlife resources, habitat or public safety, to prevent conflict with primary wildlife related recreational uses of the state wildlife area by the general public or to properly administer the commercial use and the commercial use permit or agreement, including bonding requirements.

3. Incidental commercial services such as the renting of pack animals or their services to remove harvested animals; emergency vehicle repairs or tow services; or other similar incidental services may be provided to wildlife recreational users without a commercial use permit or agreement when the service is relatively infrequent, the provider does not advertise for or solicit business specifically for a state wildlife area and maintains a separate place of business, and the service is not one for which the provider is required by law to obtain a guide or outfitter license.

H. Special (Non-Wildlife Related) Use of State Wildlife Areas

1. Except for uses or activities otherwise specifically prohibited by these regulations, the Division may allow special (non-wildlife related) uses of state wildlife areas. Special uses may only be allowed if:
   a. such use will not adversely impact wildlife resources or habitat;
   b. such use will not interfere with wildlife-related recreational uses of the state wildlife area by members of the general public;
   c. such use is non-commercial in nature; and
   d. the state wildlife areas, and its existing facilities, can safely accommodate such use.

2. Prior to making any special use of a state wildlife area, a person must receive a permit from the Division or enter into a special use agreement with the Division. Any person accessing a State Wildlife Area under such authority is not required to have a valid hunting or fishing license, or Colorado State Wildlife Area pass. Such permit or agreement shall, at a minimum, include provisions regarding:
   a. the nature of the special use;

b. user number restrictions;
c. time and date restrictions;
d. compensation to the Division: A minimum fee of $100 shall apply to all special use permits and agreements, but in no event shall the compensation received by the Division be less than the costs of administering such use, including, but not limited to, staff time;
e. cancellation or termination of the permit or agreement for any failure to comply with the terms and conditions of the permit or agreement and any applicable laws; and
f. any other provision necessary to protect wildlife resources, habitat or public safety, to prevent conflict with primary wildlife related recreational uses of the state wildlife area by the general public or to properly administer the special use and the special use permit or agreement, including bonding requirements.

I. Utility and Road Easements

1. The Director may grant easements, for a term not to exceed twenty-five (25) years, on properties owned in fee title by the Division after consideration of the following:

   a. financial consideration for the easement represents fair market value and is no more than $100,000;
   b. the easement is customary or minor in nature, or is a replacement, modification or confirmation of an existing easement;
   c. the easement is not detrimental to wildlife habitat, water resources, or the operation of a hatchery, fish rearing facility or administrative facility and is in the public interest; and
   d. the businesses or persons involved in or maintaining the utility or road easements are not required to have a valid hunting or fishing license, or Colorado State Wildlife Area pass.

J. Leases

1. The Director may execute documents related to existing leases wherein the Division is either the lessor or lessee, after consideration of the following:

   a. the document is a renewal, extension or amendment of an existing lease;
   b. the renewal or extension is for a term not to exceed twenty-five (25) years;
   c. total consideration for the entire potential term of the renewal, extension or amendment represents fair market value and is no more than $100,000;
   d. the renewal, extension or amendment supports, protects, enhances or is not detrimental to wildlife habitat, water resources or the operation of a hatchery, fish rearing facility or administrative facility and is in the public interest; and
   e. the businesses or persons involved in or maintaining the lease are not required to have a valid hunting or fishing license, or Colorado State Wildlife Area pass.

2. The Director may execute a new lease for staff housing for a term not to exceed twelve (12) months.

ARTICLE II - PROPERTY-SPECIFIC PROVISIONS

#901 - PROPERTY-SPECIFIC REGULATIONS

See Appendix B for a list of properties without property-specific regulations, to which only restrictions in #900 apply)

A. On all Division properties which have reservations available or required, those reservations may be made by phone or online (cpw.state.co.us). Reservations for small game and waterfowl hunting may not be made more than 14 days in advance of the hunt date, nor after 12:00 noon on the day before the hunt date. Reservations for big game hunting may not be made more than 45 days in advance of the start of the season for which the reservation is being made. Unless otherwise specified, reservations for big game hunting are valid throughout the season designated by the license. Hunters who wish to cancel a reservation must do so no later than 12:00 noon on the day before the hunt date. Failure to hunt a reserved area without prior cancellation, or follow check station procedures, may cause forfeiture of the privilege to make reservations for the remainder of the hunting season. Hunters are limited to a maximum of one reservation per hunt date. Hunters must possess a valid license for the species to be hunted in order to make a reservation. Reservations are not transferable. The individual named on the reservation must be at the property on the day of the hunt. Hunters with reservations may only hunt the hunt area specified on the reservation. Any exceptions to the above restrictions will be listed under property specific regulations.

B. In addition to or in place of those restrictions listed in regulation #900, the following provisions or restrictions apply:

1. **Adams State Wildlife Area - Routt County**

a. Public access is prohibited from December 1 through June 30.
b. Camping is prohibited.
c. Fires are prohibited.
d. Dogs are prohibited, except as an aid in hunting grouse.
e. Vehicle access is prohibited beyond the parking area.

2. **Adobe Creek Reservoir State Wildlife Area - Bent and Kiowa Counties**

a. Public access is prohibited from one hour after sunset to one hour before sunrise daily, except for fishing.
b. All terrain vehicles, dirt bikes, and snowmobiles are prohibited.
c. Public access to the frozen surface of the lake is prohibited.
d. Public access to the dams, inlets, and outlet structures is prohibited, except for fishing.

3. **Almont Triangle State Wildlife Area - Gunnison County**

a. Public access is prohibited from December 1 through April 30.

4. **Andrick Ponds State Wildlife Area - Morgan County**

a. Public access is prohibited from 9:00 pm – 4:00 am.
b. Public access is limited to Saturdays, Sundays, Wednesdays, and state and federal holidays.
c. Camping is prohibited.
d. Fires are prohibited.
e. Fishing is prohibited.
f. Dog training is prohibited.
g. Target practice is prohibited.

h. Hunting with centerfire rifles is prohibited.
i. Hunting on Clark Lake is prohibited.
j. From September 1 through the dark goose season, only migratory bird hunting within designated areas is permitted. Reservations are required and valid until sunrise, and are limited to three (3) per hunter annually. Reservations must be made in accordance with #901.A of these regulations.
k. Hunters must check-in and out at check stations. Hunters may not check in until 4:00 am and can only hunt the area reserved. Hunters may check-in on a first-come, first-serve basis after a hunter checks out or after sunrise if a hunter has not checked-in. Maximum of four (4) hunters allowed per hunting area.
l. From the end of the dark goose season through the spring turkey season, only turkey hunting is permitted. During spring turkey season, reservations are required and valid until sunrise. Hunters must check-in and out at the check station on CR AA, but may hunt the entire property.
m. During waterfowl and turkey seasons, scouting is prohibited, except on Thursdays from 10:00 am – 2:00 pm. All persons must check-in and out at check stations. All firearms and dogs are prohibited while scouting.

5. <u>Arikaree State Wildlife Area - Yuma County</u>

a. Public access is prohibited from June 1 – August 31.
b. Public access is prohibited from 9:00 pm – 4:00 am.
c. Camping is prohibited.
d. Fires are prohibited.
e. Dog training is prohibited.
f. Target practice is prohibited except when authorized by the Area Wildlife Manager.

6. <u>Atwood State Wildlife Area - Logan County</u>

a. Public access is prohibited from 9:00 pm – 4:00 am.
b. Camping is prohibited.
c. Fires are prohibited.
d. Dog training is prohibited.
e. Horses are prohibited.
f. Target practice is prohibited except when authorized by the Area Wildlife Manager.
g. All recreational activities, except deer hunting, are prohibited on opening weekend of the regular plains rifle deer season and on the opening day and first weekend of the late plains rifle deer season.
h. The launching or takeout of vessels is prohibited during waterfowl seasons.

7. <u>Badger Basin State Wildlife Area - Park County</u>

a. Camping is prohibited.
b. Fires are prohibited.
c. Hunting is prohibited.
d. Parking is prohibited, except in designated areas.
e. Public access is allowed only from designated parking areas and is prohibited beyond the fenced and posted easement.

8. <u>Banner Lakes State Wildlife Area - Weld County</u>

a. Boating is prohibited, except for float tubes or craft propelled by hand.
b. Camping is prohibited.
c. Fires are prohibited.
d. Discharge of firearms or bows is prohibited, except when hunting or training hunting dogs.
e. Discharge of bows is allowed for bowfishing.
f. Horseback riding is prohibited.

g. Bicycling is prohibited.
h. Fishing is prohibited from October 1 through the end of February.
i. Public access is prohibited from the first day of the regular waterfowl season to the day before the first day of pheasant season, except for waterfowl hunting on Saturdays, Sundays, Mondays and state and federal holidays. During this period reservations are available for waterfowl, but not required. Reservations are valid throughout the reserved day until the hunter with the reservation checks out. Hunters may check in on a first come, first served basis after a hunter with a reservation checks out, or if no reservation exists for a hunt area after 12:00 midnight immediately preceding the hunt, or if a reserved area is not claimed by legal sunrise. Reservations may be made in accordance with #901.A of these regulations. No more than four hunters are allowed per reservation. Hunters with reservations may only hunt the hunt area specified on the reservation.
j. From the Thursday before September 1 through the end of the dark goose season, scouting is permitted only on Thursdays that are not open to hunting within and immediately prior to established waterfowl seasons. Scouting will be permitted from 10:00 am until 2:00 pm with a reservation confirmation number or letter issued by the Division, and all persons scouting must check in and check out at the check station. During scouting dates, firearms and dogs are prohibited.
k. Waterfowl hunters must check in and check out at the designated check station.
l. Public access is allowed only through designated parking areas.
m. Public access is prohibited north of Colo 52 from April 1 through July 15.
n. Public access is restricted to foot traffic only.
o. Dog training is permitted north of Colo 52 during February, March and July 16 to August 31 only. Dog training is permitted south of Colo 52 from February 1 through August 31 only.
p. Field trials may be authorized during February, March, and August only. No more than four (4) field trials will be allowed per year, except that the number of group training events will not be limited.
q. Domestic birds, feral birds, or privately-owned game birds may be released for field trials and for dog training south of Colo 52 by permit only, in accordance with the provisions of this chapter and other applicable regulations, including, but not limited to, #007, #008, #009, #801 and #804 of these regulations. All such birds taken during training activities shall be removed from the State Wildlife Area by the dog training permittee and all privately-owned game birds shall be prepared for human consumption.
r. The Division is authorized to implement a dog training reservation system should overcrowding become an issue on the State Wildlife Area.

9. <u>Basalt State Wildlife Area (Basalt Unit, Christine Unit, Toner Unit, Peachblow Unit, 7 Castles Unit, Schuck Unit) - Eagle and Pitkin Counties</u>

a. Except for muzzle-loaders, firearms on the shooting range are restricted to those lower than .50 caliber. Discharge of shotguns is allowed.
b. Fully automatic firearms are prohibited.
c. From March 15 – October 14, firearms may only be discharged on the shooting range on Monday, Tuesday, Thursday and Friday from 7:00 a.m. until 7:00 p.m., and on Saturday and Sunday from 9:00 a.m. until 5:00 p.m. From October 15 – March 14, firearms may only be discharged on the shooting range on Monday, Tuesday, Thursday and Friday from 9:00 a.m. until 4:00 p.m., and on Saturday and Sunday from 9:00 a.m. until 4:00 p.m.
d. Boating is prohibited on Christine Lake.
e. Camping is prohibited, except by licensed hunters during an established big game or turkey season plus three (3) days before and three (3) days after such season. With the exception of the Christine Lake and rifle range areas, all human activity is prohibited from December 1 to April 15 of the following year.

f. Camping is prohibited at all times within one-quarter (1/4) mile of the Frying Pan River.
g. Fires are prohibited.
h. Water contact activities are prohibited on Christine Lake.
i. Field trials may be authorized during August and September only.
j. Dogs are prohibited, except as provided in 'i'
k. Mountain bikes are prohibited.

10. Bayfield Lions Club Shooting Range - La Plata County

a. Public access is allowed April 1 through November 30.
b. Public access is allowed from 9:00 am to 8:00 pm from April 1 - October 31.
c. Public access is allowed from 10:00 am to 5:00 pm from November 1 - November 30.
d. Pistol or rifle shooting is prohibited on the shotgun trap range.
e. Shotguns, shooting slugs only, are allowed on the pistol- rifle range.
f. Except for muzzleloaders, rifles are restricted to those smaller than .50 caliber.
g. Except for clay targets, glass or other breakable targets are prohibited.
h. Public access to Bayfield Lions Club Shooting Range is exempt from requirements set forth in section #900(C)1 of these regulations.

11. Beaver Creek Reservoir State Wildlife Area - Rio Grande County

a. Discharge of firearms is prohibited.
b. Bowfishing is prohibited.
c. Open fires are prohibited on the ice.
d. Boating is prohibited in a manner that creates a white water wake.

12. Beaver Lake State Wildlife Area (Marble) - Gunnison County

a. Boating is prohibited, except for float tubes or craft propelled by hand.
b. Camping is prohibited.
c. Discharge of firearms or bows is prohibited.
d. Fires are prohibited.
e. Vehicles are prohibited on dam.

13. Bellaire Lake State Wildlife Area - Larimer County

a. Boating is prohibited, except for float tubes or craft propelled by hand, wind or electric motor.
b. Public access to Bellaire Lake State Wildlife Area is exempt from requirements set forth in section #900(C)1 of these regulations.

14. Bergen Peak State Wildlife Area - Clear Creek and Jefferson Counties

a. Public access is prohibited, except by foot and horse only.
b. Camping is prohibited.
c. Fires are prohibited.
d. Dogs must be on a leash, except when used to hunt small game.
e. The discharge of firearms or bows is prohibited, except when hunting.

15. Big Thompson Ponds State Wildlife Area - Larimer County

a. Boating is prohibited, except for float tubes used for fishing.
b. Camping is prohibited.
c. Dog training is prohibited.
d. Fires are prohibited.
e. Discharge of firearms or bows is prohibited, except when hunting.
f. Discharge of bows is allowed for bowfishing.
g. Public access is prohibited from one hour after sunset to one hour before sunrise daily, except when fishing or when authorized by a night hunting permit.
h. Horseback riding is prohibited.

i. Bicycle riding is prohibited.

16. Bighorn Springs State Wildlife Area (Fishing Easement) - Chaffee County

a. Public access is for fishing only.
b. Access is allowed only within the high water line.
c. Parking is allowed in designated parking lots only.
d. Camping is prohibited.
e. Fires are prohibited.

17. Bill Paterson State Wildlife Area – Garfield County

a. Camping is prohibited.
b. Fires are prohibited.
c. Waterfowl hunting from designated blinds only.
d. Hunting allowed with shotguns only.

18. Billy Creek State Wildlife Area - Ouray and Montrose Counties

a. Snowmobile use is prohibited on the Colona Tract.
b. Except for hunting, fishing and trapping along the Uncompahgre River corridor from US Hwy 550 to 100 feet on the eastern bank of the Uncompahgre River as posted, public access is prohibited from January 1 through April 30.

19. Bitterbrush State Wildlife Area - Moffat County

a. Public access is prohibited from January 15 through April 30.
b. Camping is prohibited.
c. Fires are prohibited.
d. Vehicle access is restricted to Moffat Co Rds 59 and 143.
e. The placing of any portable blind, marker, stand or related structure is prohibited prior to August 1 annually.
f. Any person who places any such portable blind, marker, stand or related structure shall be responsible for the removal of such materials, which removal must take place within 24 hours after that person harvests an animal or within seven days after the end of the archery pronghorn season, whichever comes first.

20. Blacktail Conservation Easement - Routt County

a. Public access is prohibited from December 1 through June 30.
b. Camping is prohibited.
c. Fires are prohibited.
d. Dogs are prohibited, except as an aid in hunting grouse.
e. Vehicle access is prohibited beyond designated parking areas.

21. Bliss State Wildlife Area - Larimer County

a. Vessel launching and takeouts are prohibited.

22. Blue River State Wildlife Area (Blue River Unit, Eagles Nest Unit, Sutton Unit) - Summit County

a. Camping is prohibited.
b. Discharge of firearms or bows is prohibited.
c. Fires are prohibited.
d. Firewood cutting is prohibited.
e. Vehicle parking overnight is prohibited.

23. Bodo State Wildlife Area - La Plata County

a. Public access is prohibited from December 1 through April 15, except that:
    1. Small game hunting is allowed south of CR 210.

2. The Smelter Mountain Trail is open for foot access only from 10:00 am - 2:00 pm. Dogs are prohibited from access under this provision.

b. Camping is prohibited.
c. Discharge of firearms is prohibited, except when hunting.
d. Snowmobile use is prohibited.
e. Fires are prohibited.
f. The launching of paragliders is allowed from the Smelter Mountain Trail, subject to the restrictions listed in a.2 above.

24. <u>Boedecker Reservoir State Wildlife Area - Larimer County</u>

a. Boating is prohibited in a manner that creates a white water wake.
b. Fishing is prohibited from vessels from November 1 through the last day of the migratory waterfowl season.
c. Horseback riding is prohibited.
d. Sail surfboards are prohibited.
e. Discharge of firearms or bows is prohibited, except when hunting.
f. Discharge of bows is allowed for bowfishing.
g. Fires are prohibited.
h. Camping is prohibited.
i. Public access is prohibited from one hour after sunset to one hour before sunrise daily, except for fishing or when authorized by a night hunting permit.

25. <u>Bosque del Oso State Wildlife Area - Las Animas County</u>

a. Fires are prohibited, except in designated areas and in the fire containment structures provided by the Division.
b. The discharge of firearms or bows is prohibited, except while hunting.
c. Discharge of bows is allowed for bowfishing.
d. Camping is prohibited outside designated areas, except by hunters during an established hunting season.
e. Parking is prohibited, except in designated areas.
f. Leaving unattended any food or refuse is prohibited unless it is being stored in a bear resistant manner or container.
g. Snowmobile, motorized and all-terrain vehicles and bicycle use of established roads and trails may be prohibited when necessary to protect wildlife and prevent resource damage. Closures will be posted.
h. Public access is prohibited from December 1 through April 30, except for properly licensed big game and spring turkey hunters and one non-hunting companion.
i. Fishing is prohibited on the South Fork of the Purgatoire River within the boundaries of the Bosque del Oso State Wildlife Area from the first day after the Labor Day holiday weekend to the first day of the Memorial Day holiday.

26. <u>Bravo State Wildlife Area - Logan County</u>

a. Public access is prohibited from 9:00 pm – 4:00 am.
b. Camping is prohibited.
c. Fires are prohibited.
d. Horses are prohibited.
e. Field trials are prohibited.
f. Target practice is prohibited except when authorized by the Area Wildlife Manager.
g. All recreational activities, except deer hunting, are prohibited on the opening weekend of the regular plains rifle deer season and on the opening day and first weekend of the late plains rifle deer season.
h. The launching or takeout of vessels is prohibited during waterfowl seasons.

27. <u>Brower State Wildlife Area - Weld County</u>

a. Camping is prohibited.

b. Discharge of firearms or bows is prohibited, except shotguns or bows may be used while hunting.
c. Public access is prohibited from the day after the spring turkey season through August 31. Additionally, public access is prohibited from the day after the close of the regular goose season through the day before the opening of the spring turkey season.
d. Public access is prohibited unless hunting with a valid hunting license.
e. Fishing is prohibited.
f. Public access is prohibited one hour after sunset to 4:00 am.
g. Parking is only allowed in the designated parking area.
h. Horse use is prohibited.
i. Fires are prohibited.
j. Target practice is prohibited.
k. Dogs are prohibited, except as an aid in hunting.
l. Dog training is prohibited, except when training dogs for the purpose of hunting.
m. The launching or takeout of vessels is prohibited.
n. Hunting with center-fire rifles or muzzleloaders is prohibited.

28. Brown Lakes State Wildlife Area - Hinsdale County

a. Camping is prohibited.

29. Brownlee State Wildlife Area (Fishing Lease) - (Michigan River) Jackson County

a. Public access is for fishing only.

30. Brownlee II State Wildlife Area (Fishing Lease) - (North Platte River) Jackson County

a. Public access is for fishing only.

31. Browns Park State Wildlife Area (Beaver Creek Unit, Calloway Unit, Cold Springs Mountain Unit, Wiggins Unit) - Moffat County

a. Public use is prohibited within the posted administrative area of the Calloway Unit.
b. Camping is prohibited in posted areas within the Cold Springs Mountain Unit.
c. Camping allowed only west of Beaver Creek in the Beaver Creek Unit.

32. Brush State Wildlife Area - Morgan County

132. Jumping Cow State Wildlife Area - Elbert County

a. Hunting is restricted to dove, turkey, doe pronghorn, antlerless elk, antlerless white-tailed deer, and antlerless mule deer. Hunting on the Woodard Unit is restricted to waterfowl, small game (excluding dove, turkey, and coyote), doe pronghorn, antlerless mule deer, and antlerless white-tailed deer.
b. Hunting and fishing access is allowed by permit only. Hunters and anglers must have a valid license for their activity prior to applying for a permit. Permit holders shall have their permit on their person at all times while on the property. Permits may designate specific geographic hunting zones; in this case permits are restricted to the listed zone and are not valid property-wide. Access permits for hunters and anglers will be issued free of charge. Permits may be obtained via a drawing process. Permits on the Woodard Unit will be issued with priority given to mobility-impaired hunters and youth (accompanied by one hunting mentor). Applications are available from the CPW in Denver (303)291-7227. Application due dates are as follows:
    1. Applications for fall hunting access are due the 3rd Monday in August.
    2. Spring turkey applications due 3rd Monday in March.
    3. Fishing applications due 14 days prior to intended access date.
c. Permitted hunters and anglers may take one other person (an observer) who is not hunting or fishing with them onto the property; however that person must

remain with the permit holder at all times. On the Woodard Unit, a mobility-impaired person may bring two non-hunting companions.

d. Permitted hunters may not enter the property prior to the first Monday after the opening day of their individual season. Permits valid for hunting dove, wild turkey, or that are valid for the Woodard Unit only, may access the property on opening day of their season.
e. Vehicular access to the property is restricted. Motor vehicle use is only allowed on marked existing roadways that lead to marked parking areas. All other access is restricted to foot and horseback only. On the Woodard Unit, mobility-impaired hunters are allowed to use an Off-highway vehicle (OHV) for hunting and game retrieval as specified on their permit.
f. All gates on the property shall be left in the condition in which they are found after passing through the gateway.
g. Access is permitted from two hours prior to sunrise to one hour after sunset. In the event that an animal has been harvested by a hunter, the hunter may remain as long as is reasonable to recover and remove the animal from the property.
h. Camping is prohibited.
i. Fires are prohibited.
j. Dogs are prohibited on the Woodard Unit.

133. Junction Butte State Wildlife Area - Grand County

a. Camping is prohibited.
b. Hang gliding is prohibited.
c. Vehicles are prohibited, except from the day after Labor Day through the day after any late big game season.

k. Hunting is prohibited in the inflow or outflow canals.

261. Wellington State Wildlife Area - Larimer and Weld Counties

a. Boating is prohibited, except for craft propelled by hand may be used in hunting waterfowl.
b. Camping is prohibited.
c. Field trials may be authorized on the Wellington and Schware units during February, March 1 through 14, and August only. Field trials may be authorized on the Cobb Lake Unit year-round.
d. Game birds listed in #009(B) of these regulations may be released on the Cobb Lake Unit by the Division or its agent for educational or training purposes without seasonal or numerical restrictions.
e. Fires are prohibited.
f. Public access is prohibited on the Wellington and Schware Units from March 15 through July 15.
g. Target practice is prohibited, except when authorized by the area wildlife manager.
h. Public access is prohibited on the Wellington Unit from the first day of the regular waterfowl season to the first day of the pheasant season, except on Saturday, Sundays, Mondays and state and federal holidays.
i. Horseback riding is prohibited, except at the Cobb Lake Unit, where horses may be used during field trials.
j. Domestic birds, feral birds, or privately-owned game birds may be released year-round for dog training on the Cobb Lake Unit by permit only, in accordance with the provisions of this chapter and other applicable regulations, including, but not limited to, #007, #008, #009, #801 and #804 of these regulations. All such birds taken during training activities shall be removed from the State Wildlife Area by the dog training permitee and all privately-owned game birds shall be prepared for human consumption.
k. Big game hunting on all units is restricted to the use of archery, shotguns with slugs, and muzzle-loading only.
l. The Division is authorized to implement a dog training reservation system should overcrowding become an issue on the State Wildlife Area.

262. West Lake State Wildlife Area - Larimer County

a. Boating is prohibited, except for float tubes or craft propelled by hand, wind or electric motor.
b. Public access to West Lake State Wildlife Area is exempt from requirements set forth in section #900(C)1 of these regulations.

263. West Rifle Creek State Wildlife Area - Garfield County

a. Camping is prohibited, except from the day after Labor Day through December 31.
b. Public access is prohibited on the West Rifle Creek Shooting Range, except between sunrise and sunset daily when in compliance with all posted range rules.

264. Whitehorse State Wildlife Area - Adams County

a. Public access is prohibited, except for youth mentor waterfowl hunting only, when authorized by the Area Wildlife Manager as participants in the Division's youth hunting program.
b. A reservation is required for all waterfowl hunting. Reservations may be made in accordance with #901.A of these regulations. Hunters with reservations may only hunt the hunt area specified on the reservation, except when hunting areas where reservations are not required or on hunt areas which are unreserved and unoccupied. Hunters must follow check in and check out procedures as posted.
c. Waterfowl hunters must check in and check out at the designated check station.

265. Williams Creek Reservoir State Wildlife Area - Hinsdale County

a. Camping is prohibited.
b. Fires are prohibited.
c. Boating in a manner that creates a white water wake is prohibited.
d. Snowmobiles are allowed only as an aid in ice fishing.
e. Sail surfboards are prohibited.

266. Willow Creek State Wildlife Area - Yuma County

a. Public access is prohibited from June 1 through August 31.
b. Public access is prohibited from 9:00 pm – 4:00 am.
c. Camping is prohibited.
d. Fires are prohibited.
e. Dog training is prohibited.
f. Horses are prohibited.
g. Target practice is prohibited except when authorized by the area wildlife manager.

267. Willow Creek Reservoir State Wildlife Area - Grand County

a. Access permitted for fishing, small game, and waterfowl hunting only.
b. Access permitted only through designated access points as posted.
c. Hunting with centerfire rifles prohibited.
d. Camping is prohibited.
e. Fires are prohibited.

268. Wind in the Willows State Wildlife Area - Hinsdale County

a. Public access to the Easement Area is limited to a single point located at the southerly end of the property, just north of the bridge on Hinsdale Co Rd 33, near the intersection of Hinsdale Co Rd 33 and Hinsdale Co Rd 30. Public access to the Easement Area from any other portion of the property is prohibited.
b. Fishing access is allowed only on the Lake Fork of the Gunnison River, including twenty (20) feet on either side of the riverbank.

a. Dogs are prohibited beyond the parking area.
b. Fishing is prohibited.
c. Discharge of firearms is prohibited.
d. Camping is prohibited.
e. Fires are prohibited.

f. No human activity allowed outside viewing area.
g. Public access is prohibited from sunset to sunrise.
h. Hunting is prohibited.
i. Trapping is prohibited.
h. Public access to Windy Gap Watchable Wildlife Area is exempt from requirements set forth in section #900(C)1 of these regulations.

270. Woods Lake State Wildlife Area - San Miguel County

a. Boating is prohibited, except for float tubes or craft propelled by hand, wind or electric motor.
b. Camping is prohibited.

271. Yampa River State Wildlife Area - Routt County

a. Camping is prohibited.
b. Fires are prohibited.

272. Yarmony Ranch State Wildlife Area - Jackson County

a. Hunting is restricted to antelope, moose and elk.
b. Fishing is by artificial flies and lures only. The possession limit is two fish.
c. Limited access permits for big game hunting may be obtained by contacting the CPW Steamboat Springs Service Center at 970-870-2197.
d. Hunters may only access the property during the dates specified on their limited access permit.
e. To obtain a limited access permit, hunters must already possess a big game license for one of the specific hunt codes permitted on the property.
f. Limited access permits will be valid starting the 1st day of the season of the license.
g. Access by hunters with a limited access permit is prohibited prior to two hours before sunrise and after one hour following sunset, except that when an animal has been harvested, the successful hunter and his/her non-hunter companion shall be allowed to remain as long as necessary to remove it. The person who is not hunting must possess a valid hunting or fishing license or Colorado State Wildlife Area pass if 16 years or age and older.
h. Hunting is not allowed in the safety zone.
i. Access is only permitted from designated parking areas.
j. Access is permitted by foot and horseback only.
k. Hunters with a limited access permit may be accompanied by up to two (2) people who are not hunting.
l. The following are not permitted on the property: overnight camping, dogs, fires, target shooting, and building blinds.

ARTICLE III - STATE TRUST LANDS

I. #902 REGULATIONS APPLICABLE TO ALL STATE TRUST LANDS LEASED BY COLORADO PARKS AND WILDLIFE

A. DEFINITIONS

1. “Youth mentor hunting” means hunting by youths under 18 years of age. Youth hunters under 16 years of age shall at all times be accompanied by a mentor when hunting on youth mentor properties. A mentor must be 18 years of age or older and hold a valid hunter education certificate or be born before January 1, 1949.

B. Public Access to State Trust Lands Leased by Colorado Parks and Wildlife

1. Public access is prohibited from March 1 through August 31, unless otherwise posted.

2. All newly enrolled properties are closed to public access until September 1 of the year of enrollment, unless otherwise posted.
3. Public access is prohibited from one-half (1/2) hour after sunset to one-half (1/2) hour before sunrise, except as posted, in accordance with the lease agreement with the State Land Board.
4. Public access is restricted to hunting and fishing, and where specifically authorized in #903, watchable wildlife activity.
5. Public access is prohibited for all persons 16 years of age and older who do not hold:
   a. a hunting license valid for the current license year, or
   b. a valid fishing license.

   Annual hunting licenses, including all big game hunting licenses, small game hunting licenses, turkey hunting licenses, and annual fishing licenses are only valid for the individual specified on the license, and, subject to #902.B.1. and #903, authorize such individual to enter, use or occupy any State Trust Lands leased by the Division or portion thereof from March 1 through March 31 of the following year, also known as the current license year. Daily or multi-day fishing and small game licenses are only valid for the individual specified on the license, and authorize such individual to enter, use or occupy any State Trust Lands leased by the Division or portion thereof only on the date(s) indicated on the license.

C. Prohibited Activities

Except as otherwise provided in these regulations, the following provisions apply to all State Trust Lands leased by Colorado Parks and Wildlife:

1. It is unlawful for any person to enter, use or occupy any area or portion thereof for any purpose when posted against such entry, use or occupancy.
2. Motorized vehicle use is restricted to designated roads.
3. Littering is prohibited. All trash must be packed out by State Trust land users.
4. Camping and fires are prohibited, unless otherwise posted.
5. Where camping is permitted as posted, it is unlawful to leave a camp, pitched tent, shelter, motor vehicle, or trailer unattended for more than 48 hours, or to camp or to park a travel trailer or camper on any one State Trust Land Public Access Program property for more than 14 days in any 45-day period.
6. Access is by foot or horseback only, unless otherwise posted.
7. No outfitting or non-wildlife related public access is permitted.
8. Target practice or non-hunting-related shooting is prohibited.
9. It is unlawful to possess the following types of ammunition and/or firearms: tracer rounds, armor-piercing rounds, military hardened rounds with explosive or radioactive substances, .50 caliber BMG rounds, or fully automatic firearms.
10. It is unlawful to possess, store, or use hay, straw, or mulch which has not been certified as noxious weed free in accordance with the Weed Free Forage Crop Certification Act, Sections 35-27.5-101 to 108, C.R.S., or any other state or province participating in the Regional Certified Weed Free Forage Program. See Appendix A of this chapter. All materials so certified shall be clearly marked as such by the certifying state or province. Exempted from this prohibition are persons transporting such materials on Federal, State, or County roads that cross State Trust Lands leased by the Division, and hay produced on the property where it is being used.
11. Consumption of alcoholic beverages on lands and waters under the supervision, administration, and/or jurisdiction of the Division is permitted with the following exceptions:
    a. It shall be prohibited to consume alcoholic beverages on any archery or firearm range unless specifically authorized by a concession contract, cooperative agreement or special activities permit, and then only allowed in areas specifically designated by the contract, agreement, or permit.

b. It shall be prohibited to sell and/or dispense alcoholic beverages on any lands and waters under the supervision, administration, and/or jurisdiction of the Division unless specifically authorized by a concession contract, cooperative agreement, or special activities permit, and then only allowed in areas specifically designated by the contract, agreement, or permit and the applicant party has obtained all appropriate licenses and permits to sell and/or dispense alcoholic beverages.
c. It shall be prohibited to be present on any lands and waters under the supervision, administration, and/or jurisdiction of the Division when under the influence of alcohol or any controlled substance to the degree that may endanger oneself or another person, damage property or resources, or may cause unreasonable interference with another person's enjoyment of any lands or waters under the supervision, administration, and/or jurisdiction of the Division.

D. Criteria for Posting Prohibited Activities

When these regulations provide that an activity is prohibited, except as posted or permitted as posted, Colorado Parks and Wildlife may control these activities by posting signs. Colorado Parks and Wildlife shall apply the following criteria in determining if an activity shall be restricted or authorized pursuant to posting:

1. Public safety.
2. Proximity to a calving or lambing area.
3. Proximity to a corral, loading chute or similar structure maintained for the purpose of handling domestic livestock.
4. Proximity to private structures such as outbuildings, houses, barns, storage sheds or similar structures.
5. Proximity to agriculture equipment.
6. Whether protection of roads or trails is necessary to prevent excessive damage causes by human use
7. Negative impacts on wildlife resources or domestic livestock, or agricultural products.
8. Whether the area can provide additional public benefits and remain consistent with all applicable agreements.

E. Closure of Properties to Public Use

1. The Director of Colorado Parks and Wildlife may establish and enforce temporary closures of, or restrictions on, lands or waters leased by the Division from the State Land Board, or portions thereof, for a period not to exceed nine months, when any one of the following criteria apply:

   a. The property has sustained a natural or man-made disaster such as drought, wildfire, flooding, or disease outbreak which makes public access unsafe, or where access by the public could result in additional and significant environmental damage.
   b. The facilities on the property are unsafe.
   c. To protect threatened or endangered wildlife species, protect wildlife resources from significant natural or manmade threats, such as the introduction or spread of disease or nuisance species, changing environmental conditions or other similar threats, protect time-sensitive wildlife use of lands or waters, or facilitate Division-sponsored wildlife research projects or management activities.

2. Whenever such closure is instituted, the area(s) involved shall be posted indicating the nature and purpose of the closure. It shall be unlawful for any person or vehicle to enter any such area(s) posted as closed.

#903 – Property Specific Regulations

A. In addition to or in place of those restrictions listed in regulation #902, the following provisions or restrictions apply:

1. Aguilar TV Hill – Las Animas County

a. Access is restricted as posted on the east side of the property.

2. Alamaditas Mesa – Conejos County

a. Public access is prohibited from March 1 through August 14.

3. Antelope Creek – Grand County

a. ATV and snowmobile access allowed on designated route as posted at East Carter Creek gate entrance during hunting season only.

4. Antero – Park County

a. Open for hunting from August 15 through the end of February only.
b. Open for fishing year-round.

5. Apishapa North – Las Animas County

a. Motorized vehicles are prohibited past parking lot.

6. Atwood – Logan County

a. Public access is prohibited from June 1 – August 31.
b. Public access is prohibited from 9:00 pm – 4:00 am.

d. The launching or takeout of vessels is prohibited during waterfowl seasons.
e. All recreational activities, except deer hunting, are prohibited on the opening weekend of the regular plains rifle deer season and on the opening day and first weekend of the late plains rifle deer season.

7. Badger Creek (Lower Badger Creek Unit, Upper Badger Creek Unit) Fremont/Park County

a. Lower Badger Creek Unit is open for public access for fishing year-round. For all other wildlife recreation, Lower Badger Creek Unit is open for public access from September 1 through the end of February.
b. Upper Badger Creek Unit is open for public access from October 1 through the end of February.
c. Fishing is prohibited on the Upper Badger Creek Unit.

8. Bakers Peak - Moffat County

a. Open for public access from August 1 through the end of February.
b. Motorized vehicles are prohibited off of state or county roads.
c. Only portable hunting blinds are allowed.

9. Bakerville – Clear Creek County

a. Open for fishing year-round.
b. Access to the property is off of I-70 right-of-way only.
c. Access is by foot only.

10. Bald Mountain – Moffat County

a. Public access is prohibited March 1 through August 15.

11. Bear Gulch – Custer County

a. Open for public access from the first day of archery deer and elk season through May 31.

12. Beddows Mountain – Custer County

a. Open for public access from the first day of archery deer and elk season through May 31.
b. Rifle hunting is restricted to youth mentor hunting only. Mentors are not allowed to use rifles.
c. All hunting other than youth mentor hunting is restricted to bows, muzzle-loaders or shotguns.
d. Parking is prohibited on Hwy 69.
e. Shooting is prohibited within 500 feet of Hwy 69 and manmade structures.

13. Big Hole Gulch – Moffat County

a. Open for hunting from August 15 through the end of February.
b. Open year-round for fishing.
c. Only portable hunting blinds are allowed.

14. Black Hawk – Huerfano County

a. Public access is prohibited from June 1 through August 31.
b. Motorized vehicles are prohibited off of county roads.

15. Black Mountain – Huerfano County

a. Public access is prohibited from June 1 through August 31.

16. Black Sage Pass – Gunnison County

a. Open for fishing year-round.
b. Open for other public access from August 15 through the end of February.

17. Blue Lake – Bent County

a. Open for public access year-round.
b. Public access is prohibited on the islands from May 15 through August 31.
c. Camping is allowed as posted.

18. Blue Spring – Huerfano County

a. Public access is prohibited from June 1 through August 14.
b. Hunting is prohibited in the safety zone along the east boundary, as posted.

19. Boston Flats – Moffat County

a. Open for fishing and wildlife watching access year-round.
b. Open for hunting from September 1 through the end of February
c. Access is by foot only.

20. Box Creek – Lake County

a. Access is by foot only.
b. Public access is prohibited from March 1 – August 14.

21. Bravo – Logan County

a. Public access is prohibited from March 1 – August 31.
b. Public access is prohibited from 9:00 pm – 4:00 am.
c. Public access is from Bravo SWA parking areas only.
d. On the opening weekend of the regular plains rifle deer season and the first day and weekend of the late plains rifle deer season, only deer hunting is permitted.
e. The launching or takeout of vessels is prohibited during waterfowl seasons.

22. Brett Gray Ranch – Lincoln County

a. Access is prohibited except by foot and from designated parking areas only.
b. Parking is prohibited except in designated areas.
c. Camping is prohibited.
d. Overnight parking is prohibited.

23. Browns Park – Moffat County

a. Open for public fishing access on the Green River year-round.
b. Open for big game and small game hunting year-round, during open hunting seasons only.

24. Bull Mountain – Larimer County

a. Motorized vehicles are prohibited off of county roads.

25. Burchfield – Baca County

a. Access is by foot only.

26. Burro Springs – Saguache County

a. Public access is prohibited from March 1 – April 30.
b. Collection of shed antlers, shed horns, or antlers or horns naturally attached to skull plates is prohibited from January 1 – April 30.
c. During big game hunting season only, public access is prohibited from one and one-half (1 ½) hours after sunset to one and one-half (1 ½) hours before sunrise. Public access is prohibited from one-half (1/2) hour after sunset to one-half (1/2) hour before sunrise during all other times.

4. Public access prohibited from December 1 – May 15 on that portion of the property east of Hwy 135.

ARTICLE V – BOATING RESTRICTIONS APPLICABLE TO ALL DIVISION CONTROLLED PROPERTIES, INCLUDING STATE TRUST LANDS LEASED BY COLORADO PARKS AND WILDLIFE

#906 - AQUATIC NUISANCE SPECIES (ANS)

A. All vessels and other floating devices of any kind, including their contents, motors, trailers and other associated equipment, are subject to inspection in accordance with inspection procedures established by the Division prior to launch onto, operation on or departure from any Division-controlled waters or vessel staging areas.

B. Any aquatic nuisance species found during an inspection shall be removed and properly disposed of in accordance with removal and disposal procedures established by the Division before said vessel or other floating device will be allowed to launch onto, operate on or depart from any Division-controlled waters or vessel staging areas.

C. Compliance with the above aquatic nuisance species inspection and removal and disposal requirements is an express condition of operation of any vessel or other floating device on Division-controlled waters. Any person who refuses to permit inspection of their vessel or other floating device, including their contents, motor, trailer, and other associated equipment or to complete any required removal and disposal of aquatic nuisance species shall be prohibited from launching onto or operating the vessel or other floating device on any Division-controlled water. Further, the vessel or other floating device of any person that refuses to allow inspection or to complete any required removal and disposal of aquatic nuisance species prior to departure from any Division-controlled water or vessel staging area is subject to quarantine until compliance with said aquatic nuisance species inspection and removal and disposal requirements is completed.

D. Any person operating a vessel or other floating device may be ordered to remove the vessel or device from any Division-controlled water by any authorized agent of the Division if the agent reasonably believes the vessel or other floating device was not properly inspected prior to launch or may otherwise contain aquatic nuisance species. Once removed from the water, the vessel or other floating device, including its contents, motor, trailer and associated equipment shall be subject to inspection for, and the removal and disposal of aquatic nuisance species.

E. It is unlawful for any person to, or to attempt to, launch onto, operate on or remove from any Division-controlled water or vessel staging area any vessel or other floating device without first submitting the same, including their contents, motors, trailers and other associated equipment, to an inspection for aquatic nuisance species, and completing said inspection, if such an inspection is requested by any authorized agent of the Division or required by any sign posted by the Division. Further, it is unlawful for any person to fail to complete the removal and disposal of aquatic nuisance species if such removal and disposal is requested by an authorized agent of the Division or required by any sign posted by the Division.

F. It is unlawful for any person to, or to attempt to, launch onto, operate on or remove from any Division-controlled water or vessel staging area any vessel or other floating device if they know the vessel or other floating device, including their contents, motors, trailers, or other associated equipment, contain any aquatic nuisance species.

APPENDIX A

I. States and Provinces Participating in the North American Weed Free Forage Program

A. The states and provinces participating in the North American Weed Free Forage Program are: Alabama, Alaska, Arizona, California, Colorado, Montana, North Dakota, South Dakota, Minnesota, Michigan, Missouri, Nebraska, North Carolina, New Mexico, Ohio, Oregon, Kansas, Kentucky, Wyoming, Iowa, Idaho, Indiana, Illinois, Utah, Nevada, Wisconsin, Washington and Alberta (Canada).

II. Noxious Weeds Inspected for by the North American Weed Free Forage Program

A. The following plants are considered to be noxious weeds subject to certification under the North American Weed Free Forage Program.

Absinth Wormwood (Artemisia absinthium) Bermudagrass (Cynodon dactylon) Buffalobur (Solanum rostratum) Canada thistle (Cirsium arvense) Common burdock (Arctium minus) Common crupina (Crupina vulgaris) Dalmation toadflax (Linaria dalmatica) Diffuse knapweed (Centaurea diffusa) Dyers woad (Isatis tinctoria) Field bindweed (Convolvus arvensis) Hemp (marijuana) (Cannabis sativa) Henbane, Black (Hyoscyanmus niger) Hoary cress (Cardaria spp.) Horsenettle (Solanum carolinense) Houndstongue (Cynoglossum officinale L.) Johnsongrass (Sorghum halapense) Jointed goatgrass (Aegilops cylindrica) Leafy spurge (Euphorbia esula) Loosestrife (Lythrum salicaria L.) Matgrass (Nardus stricta) Meadow knapweed (Centaurea pratensis) Medusahead (Taeniatherum caput-dusae) Milium (Milium vernale) Musk thistle (Carduus nutans) Orange hawkweed (Hieracium auranthiacum) Oxeye daisy (Chrysanthemum leucanthemum) Perennial pepperweed (Lepidium latifolium)	Perennial sorghum (Sorghum almum) Perennial sowthistle (Sonchus arvensis) Plumeless thistle (Carduus acanthoides) Poison hemlock (Conium maculatum) Puncturevine (Tribulus terrestris) Purple loosestrife (Lythrum salicaria) Quackgrass (Agropyron repens) Rush skeletonweed (Chondrilla juncea) Russian knapweed (Centaurea repens) Scentless chamomile (Anthemis arvensis) Scotch broom (Cytisus scoparius) Scotch thistle (Onopordum acanthium) Silverleaf nightshade (Solanum elaeagnifolium) Skeletonleaf bursage (Ambrosia tomentosa) Spotted knapweed (Centaurea maculosa) Squarrose knapweed (Centaurea virgata) St. Johnswort (Hypericum perforatum) Sulfur cinquefoil (Potentilla recta) Syrian beancaper (Zygophyllum fabago L.) Tansy ragwort (Senecio jacobaea) Toothed spurge (Euphorbia dentata) Yellow hawkweed (Hieracium pratense) Yellow starthistle (Centaurea solstitialis) Yellow toadflax (Linaria vulgaris) Common tansy (Tanecetum vulgare) Wild proso millet (Panicum miliaceum) Wild Oats (Avena fatua)

APPENDIX B

1. State Wildlife Areas governed by regulation #900

Wildlife properties governed by general provisions contained in regulation #900 include those listed in the following table and any new properties acquired during the year for which property specific regulations have not been adopted:

Property Name	**County**
Alberta Park Reservoir SWA	Mineral
Alma SWA	Park
Andrews Lake SWA	San Juan
Apishapa SWA	Las Animas
Arkansas River/Big Bend SWA	Chaffee
Beaver Creek SWA	Fremont
Big Meadows Reservoir SWA	Mineral
Blanca SWA	Alamosa
Bob Terrell SWA	Garfield
Brackenbury SWA	Larimer
Brush Creek SWA	Eagle
Burchfield SWA	Baca
Cabin Creek SWA	Gunnison
Coke Oven SWA	Pitkin
Creede SWA	Mineral
Deadman SWA	Prowers
Droney Gulch SWA	Chaffee
Frying Pan River SWA	Eagle

Huerfano SWA	Huerfano
Jackson SWA	Garfield
Johnson Village SWA (Fishing Easement)	Chaffee
La Jara Reservoir SWA	Conejos
Lake Fork Gunnison SWA (Fishing Easement)	Hinsdale
Leaps Gulch SWA	Gunnison
Mason Family SWA	Hinsdale
Masonic Park Fishing Easement	Rio Grande
Middle Taylor Creek SWA	Custer
Mt. Werner SWA (Fishing Easement)	Routt
Purgatoire River SWA	Bent
Oxbow SWA	Otero
Owl Mountain SWA	Jackson
Piceance SWA	Garfield/Rio Blanco
Pioneer Park SWA	Grand
Red Dog SWA	Prowers
Rock Creek SWA	Grand
Saguache Park	Saguache
San Luis Hills SWA	Costilla
San Miguel SWA	San Miguel

Sapinero SWA	Gunnison
Seaman Reservoir SWA	Larimer
Steamboat Springs SWA (Fishing Easement)	Routt
Twenty Mile Pond SWA (Fishing Easement)	Routt
Terrace Reservoir SWA	Conejos
Twin Sisters SWA	Larimer
Van Tuyl SWA (Cabin Creek and Lost Canyon Units)	Gunnison
Wheeler SWA	Garfield
Williams Hill SWA	Pitkin
Wright's Lake SWA (Fishing Easement)	Chaffee

2. State Trust Lands governed by regulation #902

Properties leased from the State Land Board (state trust lands) governed by general provisions contained in regulation #902 include those listed in the following table and any new properties acquired during the year for which property specific regulations have not been adopted:

Property Name	**County**
Adelaide	Fremont
Agate Mountain	Park
Agua Ramon	Rio Grande
Alamosa Canyon	Conejos
Alkali Arroyo	Otero
Alta	Conejos
American Gulch	Rio Grande
Antelope Flats	Morgan

FINAL REGULATIONS - CHAPTER W-11 - WILDLIFE PARKS AND UNREGULATED WILDLIFE

ARTICLE II - LICENSE REQUIREMENTS, LICENSE EXEMPTIONS, LICENSE TYPES, APPLICATION AND RECORD REQUIREMENTS, AND LICENSE RENEWAL.

#1104 - LICENSE TYPES

A. Commercial Wildlife Park License

Commercial Wildlife Park Licenses are issued to a person or persons for the operation of privately owned wildlife parks and for the related commercial use of such wildlife including: buying, selling, propagating, brokering or trading of lawfully acquired captive wildlife; charging customers to hunt on such a park; or, exhibiting wildlife for educational or promotional purposes.

1. Big Game Hunting Park - Issued for hunting privately owned big game animals on private property. No new big game hunting park licenses shall be issued after July 1, 1996, except when a change of ownership occurs on an existing Big Game Hunting Park. The new applicant(s) must comply with all regulations in place at the time of the change of ownership when applying for the new license.

    a. Big Game Hunting Park Carcass tags will be provided by the Division at no cost. No hunting license is required for hunting captive wildlife within the park. Hunting can occur year-round. All wildlife removed from the park must be accompanied by a carcass tag, properly attached, showing number, sex, age, species, date taken, park number, hunter's name and address and, if available, eartag and/or tattoo number of each animal taken.
    b. All wildlife released into the park must be marked with USDA official metal eartags and/or eartags provided or approved by the Division. All alternative livestock (fallow deer and elk) released into the park must be tattooed as provided by State Board of Livestock Inspection Commission regulations.
    c. No live wildlife may be removed from the park.
    d. All big game killed on Big Game Hunting Parks will be subject to the "Slaughter Surveillance Program" for bovine tuberculosis testing as provided for in regulation #008, and to CWD testing requirements in #1110.

2. Wildlife Exhibitors Park - Issued for the exhibition of live wildlife (except birds) for educational or promotional activities.

    a. Exhibition of animals in the families *Canidae Felidae*, or *Ursidae* outside the licensed Wildlife Exhibitors Park premises is prohibited except under the following conditions:

        1. Animals must be caged at all times, except as provided in 1104(A)(2)(a)(2). Cages must be made from a minimum of 9 gauge wire, completely enclosed, including a top and a bottom; and shall be large enough to allow the animal being caged to stand up and turn around.

        2. Animals may be exhibited out of cage only when the exhibitor is covered by a current and in-force insurance policy in the face amount of no less than $500,000 coverage for general liability. Copies of the liability insurance policy shall be forwarded to the Special License Unit of the Division prior to the scheduled event.

        3. Animals must remain caged during any exhibition in any educational institution.

4. All incidents involving exhibited wildlife where injury to wildlife or people occurs must be reported to the Special Licensing Unit within 24 hours.

b. Exhibition of any wildlife for educational purposes is permitted under the following conditions:

1. A copy of the authorization from the educational institution, if exhibited at an educational institution, must be submitted to the Special Licensing Unit prior to presentation.

2. A copy of the lesson plan must be submitted on an annual basis to the Division Education Unit.

c. Wildlife Exhibitors Parks must be AZA accredited prior to and maintain such accreditation as a condition of the issuance of a license. Facilities previously licensed by the Division prior to January 1, 2006 may continue to operate under wildlife parks requirements without obtaining AZA certification.

3. Non-Resident Temporary Exhibitors License - Issued for the importation and exhibition of live regulated wildlife for educational, training or entertainment purposes from a facility outside Colorado that is properly licensed by the state of origin.

a. Each Non-Resident Temporary Exhibitors license shall be valid for no more than 30 days within a calendar year.

b. All animals must be housed, transported, and displayed in a safe and humane manner. Any applicant who has been convicted of animal cruelty shall not be issued a license.

4. Wildlife Producers Park - Issued for trading, selling, propagating, bartering, shooting, brokering, and transporting, live wildlife (except birds) and wildlife parts.

5. Upland Bird and Waterfowl Hunting and Producers Park -Issued for the propagation and release of commercially raised upland game birds and waterfowl for preserve shooting.

a. Boundaries of licensed areas shall be clearly identified with fencing or other distinguishing features and shall be signed at intervals of not more than 400 yards. All hunting shall be limited to the area identified on the license.

b. Total harvest of any bird species released on a commercial wildlife park shall be limited to no more than the number of flight capable birds released in a calendar year.

c. Only the following wildlife species may be released and hunted under the authority of this license: Ring-necked pheasant, Gambel's, scaled, and bobwhite quail, chukar, gray partridge, and mallard ducks. Exceptions to this list may occur with the approval of the Director of the Division.

d. Wildlife taken under an Upland and Waterfowl Hunting and Producers Park may be taken within the licensed park without a hunting license, unless otherwise restricted by Federal law and may be taken from January 1 through December 31. A receipt must be issued to any hunter leaving the park with wildlife stating numbers of wildlife taken, sex, species, park number and date.

6. Zoological Park License - Issued for the operation of facilities, other than AZA-accredited zoos, open to the public for wildlife exhibition. Zoological Park License costs $158.92 as provided in 33-4-102 C.R.S.

    a. Zoological Parks must meet all criteria of 33-4-102(13)(a) C.R.S. as amended.

B. Non-commercial Wildlife Park License

Non-commercial Wildlife Park licenses are issued to a person or persons for the purpose of keeping birds other than raptors, or for species acquired in accordance with section 2 below.

1. A licensee may only buy, propagate, give, trade, exchange, release, import or export any lawfully acquired birds or eggs in accordance with Parks and Wildlife Commission regulations. Such license activity may not be engaged in for the purpose of generating a profit.

2. Persons in possession of a private non-commercial wildlife park license or in lawful non-commercial possession of exotic mammals prior to January 1, 1983 may continue to possess only those individual mammals and their progeny born after January 1, 1982, under a non-commercial wildlife park license.

3. Non-commercial Wildlife Park licenses are nontransferable and shall be valid for the life of the licensee. Any change in the location of the facilities for a noncommercial park must be approved as a license amendment, in advance, by the Division.

C. Wildlife Sanctuary Licenses

As provided in § 33-1-106, C.R.S., Wildlife Sanctuary licenses are issued to wildlife sanctuaries as defined in § 33-1-102, C.R.S.

1. Types of Licenses

    a. Provisional Wildlife Sanctuary

        1. Issued to nonprofit entities for the conditional operation of a wildlife sanctuary as defined in 33-1-102, C.R.S. Provisional wildlife sanctuary licenses expire December 31st of the year issued and may be renewed for up to one additional year after which time the facility must meet the requirements to obtain and be issued a wildlife sanctuary license. In the event that a facility fails to meet this requirement, all wildlife in possession must be transferred from the facility according to the approved contingency plan and the facility must wait a minimum of 5 years before re-applying for a new provisional wildlife sanctuary license.

        2. Except for the provisions of Reg # 1105.A.8, the Division shall determine that the applicant has met the following requirements prior to the issuance of a provisional wildlife sanctuary license:

            aa. Documentation demonstrating experience in the care and handling of the type of wildlife for which the applicant is seeking authorization to possess on their license.
            bb. Letter of recommendation from a currently licensed Colorado wildlife sanctuary acknowledging the applicant's qualifications in the care and handling of captive wildlife.

    b. Wildlife Sanctuary

1. Prior to the annual issuance or renewal of a wildlife sanctuary license, the Division shall determine that the applicant possesses a current provisional wildlife sanctuary license or a current wildlife sanctuary license issued by the Division.

2. All Wildlife Sanctuary licenses may be issued only to nonprofit entities.

3. Wildlife sanctuaries must comply with all requirements of § 33-1-102(52) and § 33-4-102(14), C.R.S.

4. Except as provided herein, wildlife sanctuaries must be an accredited or certified "related facility" by the AZA or accredited or verified by the GFAS prior to and maintain such certification as a condition of the issuance of a wildlife sanctuary license. Facilities previously licensed by the Division as a commercial wildlife park prior to January 1, 2001, and incorporated as a 501(c)(3) non-profit which functioned as wildlife sanctuaries may continue to operate as wildlife sanctuaries under the wildlife parks facility requirements set forth in Regulation No. 1108. In addition, these existing facilities may expand operation onto contiguous property owned by them under those same facilities requirements and without AZA certification. Provided further that, when one of these existing facilities is impacted by an act of nature (e.g. fire or flood) that prevents it from reasonably continuing its operation at the present location, the facility may, with the approval of the Director, move to a new location and continue its operation without being subject to the generally applicable AZA certification requirement, provided the relocated facility complies with the wildlife parks facility requirements set forth in #1108 of these regulations, and all wildlife sanctuary operations at the present locations cease.

5. Wildlife possessed by a wildlife sanctuary shall be surgically sterilized within thirty days of arrival, except that pregnant animals shall be surgically sterilized immediately following weaning and animals eligible for participation in the AZA's Species Survival Plan ("SSP") need not be sterilized. However, documents supporting such SSP eligibility must be provided to the Division within 30 days of arrival at the wildlife sanctuary.

   Any nonprofit sanctuary facility previously licensed by the Division as a commercial wildlife park prior to January 1, 2001, shall submit a sterilization plan for wildlife possessed by such facility for approval by the Division. Such plan shall be submitted to the Division by January 1, 2006 and shall provide for surgical sterilization of all wildlife possessed at such facility as of November 1, 2005, in an expeditious manner, but in no event later than May 1, 2007. Wildlife brought onto such a facility after November 1, 2005, shall be surgically sterilized within thirty days of arrival, except that pregnant animals shall be surgically sterilized immediately following weaning.

   In lieu of surgical sterilization, wildlife sanctuaries may submit a birth control plan for animals located on the facility for approval by the Division. Such plans may be approved if they provide sufficient assurances against propagation of animals at the facility.

D. Except as provided herein, no wildlife taken from the wild shall be possessed by any commercial wildlife park, noncommercial wildlife park or wildlife sanctuary in Colorado. Wildlife taken from the wild outside of Colorado may be possessed by a wildlife sanctuary provided:

1. The wildlife has been determined by the wildlife management agency of the source state or country to be habituated and non-releasable and has otherwise authorized the export of the wildlife, and

2. The wildlife has been held in captivity in the source state or country for no less than 24 months. However, the Director may authorize the importation of wildlife that does not

meet the captivity period requirement if he/she determines it is proper for management of the Division and otherwise beneficial to the management, preservation or conservation of wildlife resources. In making such determination, the Director shall consider:

a. other placement or wildlife management options available to the exporting state or country,
b. capacity and resources of the importing wildlife sanctuary,
c. impact to state wildlife management programs, and
d. any other wildlife management criteria.

Provided however, that no more than one such importation per calendar year (based on a three-year rolling average) may be approved for any wildlife sanctuary.

For the purposes of this regulation, wildlife born in captivity, even if born to wildlife taken from the wild, are not considered “taken from the wild.”

ARTICLE VI - AGENT COMMISSION RATES

#1510 - Agent Commission Rates

See also §33-4-101 C.R.S. relative to Division agents and §33-4-102(1.6)(b) C.R.S. for price indexing information for nonresident big game licenses.

A. Commission Rates for Retail Agents:

1. Division agents shall be paid a 4.75% commission for each license sold electronically, except for those licenses with commissions as shown below in Table A.4.
2. Division agents shall be paid a 5% commission for each pass sold electronically.
3. Division agents who sell registrations shall be paid a flat rate of $1.00 per registration issued.
4. Other Commission Rates:

Table A.4: Division Product Type	**2021 Commission**	**% of license price in 2021**	**2022 Commission**	**% of license price in 2022**
Second Rod Stamp	$0.63	6.7%	$0.64	6.7%
Resident Fishing - 1 day	$0.84	6.7%	$0.85	6.7%
Nonresident Fishing – 1 day	$1.05	6.7%	$1.06	6.7%
Fishing - 5 day	$2.09	6.7%	$2.13	6.7%
Resident Small Game - 1 day	$0.84	6.7%	$0.85	6.7%
Nonresident Small Game – 1 day	$1.05	6.7%	$1.06	6.7%
Nonresident Deer	$14.79	3.6%	$15.07	3.6%
Nonresident Pronghorn	$14.79	3.6%	$15.07	3.6%
Nonresident Bear	$3.60	3.6%	$3.67	3.6%
Nonresident Mountain Lion	$12.60	3.6%	$12.83	3.6%
Nonresident Antlerless Elk	$18.54	3.6%	$18.88	3.6%
Nonresident Either-sex Elk	$24.71	3.6%	$25.17	3.6%

FINAL REGULATIONS - CHAPTER W-16 – PARKS AND WILDLIFE PROCEDURAL RULES

ARTICLE I - MEETINGS

#1601 - Conduct of Meetings

See Article 4 of Title 24, CRS, for rule making and other applicable meeting and hearing requirements

A. Regular Meetings

1. Public Presentation - In addition to normally scheduled opportunities to testify on matters before the Commission, persons or groups wishing to participate in a regular Commission meeting may request to be placed on the agenda by submitting a written request to the Director at least 30 days before the meeting. The public may participate during the meeting at the discretion of the Chairman or presiding officer.

B. Adjudicatory Hearings

1. Review of Game Damage Settlements and Claim Denials

See §§ 33-3-101 to 204, CRS, for additional detail and requirements

a. Game Damage Claims Settled by Agreement Between Claimants and the Division
   1) Only settlements of game damage claims equaling or exceeding $5,000 in total value must be reviewed by the Commission, and then only where the damage is something other than forage loss to wild ruminants on privately owned or leased private land. All other settlements may be paid by the Division without Commission review.
   2) Review will be based on the written materials and documentary evidence provided to the Commission by the Division and, unless the Commission directs otherwise, there will be no oral presentations or further submittals to the Commission on the settlement.
   3) Except as may otherwise be directed by the Commission, game damage settlements will be reviewed at the next regular meeting of the Commission following their receipt, provided the settlement, together with its supporting materials and documentation, is received by the Commission at least thirty days prior to the meeting. The settlement will be placed on the consent agenda unless the claimant makes an oral presentation to the Commission pursuant to #1601.A.1.

b. Game Damage Claims Recommended for Denial by the Division
   1) Any claimant seeking or otherwise requiring Commission review of a game damage claim recommended for denial by the Division, or a game damage claim where the claimant and the Division have otherwise failed to reach a settlement, shall file a written request for review with the Commission. The requirement for a written request for review applies to all claimants, including claimants that have waived arbitration of a forage loss to wild ruminants on privately owned or leased private land. Such request for review shall be mailed to the Commission within ten (10) days of claimant's receipt of the Division's written notice of denial or offer of settlement unacceptable to the claimant.
   2) The request for review shall include:
      a. the claimant's name, address and telephone number;

b. a narrative statement of the claim, including the amount at issue and a complete statement of the factual and statutory basis supporting payment of the claim as requested;
c. copies of the ten (10) day notification(s) and proof of loss filed with the Division;
d. copies of the written documentation submitted with, and in support of, the proof of loss;
e. any other documentary evidence supporting the claim or disputing the grounds stated as the basis for the Division's action in its notice of denial or offer of settlement, including photographs, and;
f. any other written materials supporting the claim or disputing the grounds stated as the basis for the Division's notice of denial or offer of settlement, including signed statements by third party witnesses.

3) Commission review will be based on the request for review and any written materials or documentary evidence provided to the Commission by the Division in response to the request for review submitted by the claimant, and unless the Commission directs otherwise, there will be no oral presentations or further submittals to the Commission.
4) Except as may otherwise directed by the Commission, such claims will be reviewed at the next regular meeting of the Commission following their receipt, provided the request for review is received by the Commission at least thirty days prior to the meeting. The denial will be placed on the consent agenda unless the claimant makes an oral presentation to the Commission pursuant to #1601.A.1.

2. License Suspension Appeals

See § 33-6-106, CRS for additional detail and requirements

a. All license suspensions will be heard initially and decided by a Commission hearing examiner. A copy of the hearing examiner's initial decision shall be sent to the licensee by certified mail, return receipt requested, to the last known address of such person. The hearing examiner's initial decision shall advise the licensee of their right to appeal the initial decision to the Commission. Any person seeking or otherwise requiring Commission review of the hearing examiner's initial decision shall file a written notice of appeal with the Commission within thirty (30) days of the licensee's receipt of the hearing examiner's initial decision, but no later than 45 days from the date contained in the certificate of service accompanying the initial decision. The notice of appeal must be sent to "CPW License Appeals" 6060 Broadway, Denver, CO 80216. If a timely appeal is not made to the Commission, the hearing examiner's initial decision shall become final, effective 45 days from the date contained in the certificate of service accompanying the initial decision. If a timely appeal is made to the Commission, the hearing examiner shall send notice to the licensee of the date of their scheduled hearing before the Commission and advise that the hearing examiner's initial decision to suspend is automatically stayed pending Commission review and final action.
b. The notice of appeal shall include:
   1) the person's name, address, telephone number and case file number;
   2) a narrative statement of the person's position, including a complete statement of the factual and statutory basis supporting relief from the decision of the hearing examiner and the relief requested;
   3) copies of any written documentation or documentary evidence submitted to the hearing examiner;
   4) copy of the hearing examiner's decision, including the findings of fact and conclusions of law, and;

5) a copy of the transcript of the hearing on the suspension of license privileges conducted by the hearing examiner. The person requesting review shall be responsible for the production of the transcript.

c. Commission review will be based on the notice of appeal and any additional written materials and documentary evidence provided to the Commission by the hearing examiner in response to the notice of appeal, and unless the Commission directs otherwise, there will be no oral presentations or further submittals to the Commission.

d. Except as may otherwise be directed by the Commission, license suspensions will be reviewed at the next regular meeting of the Commission following their receipt, provided the notice of appeal is received by the Commission at least thirty days prior to the meeting. The appeal will be placed on the consent agenda unless the licensee makes an oral presentation to the Commission pursuant to #1601.A.1. The final decision of the Commission is effective upon mailing to the licensee and must contain a certificate of mailing.

e. Written notice of the final decision of the commission shall be sent to the licensee by certified mail to the last known address of such person. The notice shall advise the licensee that he or she may appeal the Commission's suspension decision to the state district court as provided in § 24-4-106, C.R.S., by bringing an action for judicial review within 35 days after such action becomes effective.

f. When deciding upon the duration of any license privileges suspension term, the hearing examiner will consider the facts of the underlying violation(s) giving rise to the criminal conviction(s) and the administrative license suspension hearing, along with all relevant written materials and documentary evidence contained in the Division's records, all written materials and documentary evidence provided by the party prior to the administrative license suspension hearing, and all evidence provided during the hearing, and will give specific consideration to the absence or presence of the following factors:
   1) Whether the violation(s) caused or resulted in the take of wildlife, injury or death of a person, or damage to or destruction of public or private property;
   2) The number of violations arising from the same transaction or occurrence;
   3) Whether the violation(s) involved the take of species listed as endangered, threatened or of special concern;
   4) Whether the violation(s) involved the take of trophy wildlife;
   5) Whether the violation(s) showed an intentional, knowing, or negligent disregard for wildlife or public safety;
   6) Whether the violation(s) involved intentional, knowing or negligent action on behalf of the party;
   7) Whether the party has any prior violations of wildlife statutes or regulations, or violations of state or federal law committed while hunting, fishing, or engaging in a related activity;
   8) Whether the party has any prior license suspensions;
   9) Whether the violation(s) occurred while the party was subject to a prior suspension or otherwise unlicensed;
   10) Whether the violation(s) involved any assault or threat to or resisting a peace officer;
   11) Whether the party self-reported the violation(s) or otherwise attempted to remedy or ameliorate the harm caused by the violation(s);
   12) The experience and age of the party and other social factors or circumstances associated with the violation(s);
   13) Whether the party interfered with or hindered the investigation of the violation(s);
   14) The criminal penalties imposed as part of the violation(s);
   15) Whether the party acted alone or in concert with other parties;
   16) The species and the number of wildlife taken, and;
   17) Whether the violation(s) involved any specified illegal manner of take (use of bait, traps, snares, poison, etc.).

Based on all the evidence presented, the hearing examiner will determine the weight to be given to any factor and that factor's effect on the duration of the suspension term.

3. Mid-Suspension Review

a. Except as specified in subsection b. of this regulation, any person who has had their privilege of applying for, purchasing, or exercising the benefits conferred by any or all licenses issued by the division pursuant to articles 1 to 6 of title 33 ("license privileges") may file a petition for mid-suspension review seeking to modify the expiration date of their suspension. Such petitions may be filed once every five years either:
   1) After half of a suspension of at least 20 years, but less than a lifetime, has elapsed; or
   2) After fifteen years of a lifetime suspension have elapsed.

b. Applicability
   1) Any person who has had their license privileges suspended by the commission for less than 20 years may not file a petition for mid-suspension review.
   2) Any person who has had their license privileges suspended by the commission on two or more occasions may not file a petition for mid-suspension review.
   3) Any person who has been convicted of wildlife violations of another state, or any Canadian province, United States territory, or federal agency which is a member of the "Wildlife Violator Compact," §§ 24-60-2601 – 2604, CRS, since the date of the hearing examiner's initial decision entered pursuant to § 33-6-106(7), CRS, may not file a petition for mid-suspension review.
   4) Any person who has been charged with wildlife violations of another state, or any Canadian province, United States territory, or federal agency which is a member of the "Wildlife Violator Compact," §§ 24-60-2601 – 2604, CRS, since the date of the hearing examiner's initial decision entered pursuant to § 33-6-106(7), CRS, may not file a petition for mid-suspension review until such charges are finally resolved.

c. Contents of petition for mid-suspension review and course of proceedings
   1) The petition for mid-suspension review must include an affidavit signed by the petitioner under penalty of perjury stating:
      a. The petitioner has not had their license privileges suspended by the commission on two or more occasions;
      b. The petitioner has not been convicted of wildlife violations of another state, or any Canadian province, United States territory, or federal agency which is a member of the "Wildlife Violator Compact," §§ 24-60-2601 – 2604, CRS, since the date of the hearing examiner's initial decision entered pursuant to 33-6-106(7), CRS; and,
      c. There are no pending charges against the petitioner for wildlife violations of another state, or any Canadian province, United States territory, or federal agency which is a member of the "Wildlife Violator Compact," §§ 24-60-2601 – 2604, CRS.
   2) The petition for mid-suspension review must include a detailed justification for the request. Time served on the suspension, and/or financial penalties incurred do not constitute good cause for modifying the expiration date of any suspension.
   3) The petition for mid-suspension review must demonstrate the petitioner's ongoing and concerted efforts to ameliorate the harm caused by their violation(s) in the form of education, mentoring, volunteering, wildlife conservation efforts, or other means.
   4) The division may file a response to the petition. Unless the commission directs otherwise, there will be no oral presentations or further submittals to the commission and the petition will be placed on the consent agenda with an appropriate recommendation by the Director.

d. Standard of review: The commission, in its discretion, may modify the duration of a previously-imposed license suspension if the petitioner proves the duration of their original suspension no longer serves the remedial purpose of protecting the state's wildlife. The commission shall consider the totality of the circumstances, which include, but need not be limited to, the following factors:
   1) The credibility of the petitioner's written statements or testimony, if any;
   2) The credibility of written statements by third parties;
   3) The adequacy of petitioner's ameliorative efforts;
   4) The risk of future wildlife offenses; and,
   5) Aggravating or mitigating factors leading to the original suspension.

4. Review of Petitions for Declaratory Orders

   See §§ 24-4-105(11), CRS for additional detail and requirements

   a. Any person may petition the Commission for a declaratory order to terminate a controversy or to remove uncertainty as to the applicability to the petitioner of any statutory provision or any rule or order of the Commission.
   b. The petition must be in writing and shall include:
      1) the petitioner's name, address and telephone number;
      2) the statutory provision, rule or order at issue;
      3) a narrative statement of all facts necessary to show the nature of the controversy or uncertainty and the manner in which the statutory provision, rule or order applies or potentially applies to the petitioner;
      4) whether the petitioner holds any permits, passes, or registrations issued pursuant to Articles 10 through 15 of Title 33, C.R.S., as amended.
   c. The Commission will determine, in its discretion and without notice to the petitioner, whether to rule upon the petition. In determining whether to rule upon a petition filed pursuant to this regulation, the Commission will consider the following matters, among others:

      1) Whether a ruling on the petition will terminate a controversy or remove uncertainties as to the applicability to the petitioner of any statutory provision or of any regulation of the Commission.

      2) Whether the petition involves any subject, question or issue which is the subject of a formal or informal matter or investigation currently pending before the Commission or a court involving one or more of the petitioners.

      3) Whether the petition involves any subject, question or issue which is the subject of a formal or informal matter or investigation currently pending before the Commission or a court but not involving the petitioner.

      4) Whether the petition seeks a ruling on a moot or hypothetical question or will result in an advisory ruling or opinion.

      5) Whether the petitioner has some other adequate legal remedy, other than an action for declaratory relief pursuant to Rule 57, Colorado R. Civ. P., which will terminate the controversy or remove any uncertainty as to the applicability to the petitioner of the statute, regulation, or order in question.

d. Commission review, if any, will be based on the petition and any additional written materials and documentary evidence provided to the Commission by the Division in response to the petition, and unless the Commission directs otherwise, there will be no oral presentations or further submittals to the Commission.
e. Except as may otherwise be directed by the Commission, petitions for declaratory orders will be reviewed at the next regular meeting of the Commission following their receipt, provided the petition is received by the Commission at least thirty days prior to the meeting.
f. If the Commission determines that it will rule on the petition, the following procedure will apply:
    1) The Commission may rule upon the petition based solely upon the facts presented in the petition. In such a case:
        i. Any ruling of the Commission will apply only to the extent of the facts presented in the petition and any amendment to the petition.
        ii. The Commission may order the petitioner to file a written brief, memorandum or statement of position.
        iii. The Commission may set the petition, upon due notice to petitioner, for a non-evidentiary hearing.
        iv. The Commission may dispose of the petition on the sole basis of the matters set forth in the petition.
        v. The Commission may request the petitioner to submit additional facts in writing. In such event, such additional facts will be considered as an amendment to the petition.
        vi. The Commission may take administrative notice of the facts pursuant to the State Administrative Procedure Act and may utilize available experience, technical competence and specialized knowledge in the disposition of the petition.
        vii. If the Commission rules upon the petition without a hearing, it shall promptly notify the petitioner of its decision and the reasons for such action.
    2) The Commission may, in its discretion, set the petition for hearing, upon due notice to the petitioner, for the purpose of obtaining additional facts or information or to determine the truth of any facts set forth in the petition or to hear oral argument on the petition. The notice to the petitioner setting such hearing shall set forth, to the extent known, the factual or other matters into which the Commission intends to inquire. For the purpose of such a hearing, to the extent necessary, the petitioner shall have the burden of proving all of the facts stated in the petition, all of the facts necessary to show the nature of the controversy or uncertainty and the manner in which the statutory provision, rule or order in question applies or potentially applies to the petitioner and any other facts the petitioner desires the Commission to consider.
g. The parties to any proceeding pursuant to this regulation shall be the division and the petitioner. Any other person may seek leave of the Commission to intervene in such a proceeding, and leave to intervene will be granted at the sole discretion of the Commission. A petition to intervene shall set the same matters as required by # 600-4. Any reference to “petitioner” in this regulation also refers to any person who has been granted leave to intervene by the Commission.
h. Any declaratory order or other order disposing of a petition pursuant to this regulation shall constitute final agency action subject to judicial review pursuant to section 24-4-106, C.R.S.

5. All Other Adjudicatory Hearings

See §§ 24-4-105 and 33-1-111, CRS for additional detail and requirements

a. Unless the Commission directs otherwise, all other adjudicatory matters within the jurisdiction of the Commission will be heard initially and decided by an administrative law judge within the Division of Administrative Hearings.
b. Any person requesting an adjudicatory hearing on a matter within the jurisdiction of the Commission shall file a written request for a hearing with the Commission.
c. The request for an adjudicatory hearing shall include:
    1) the person's name, address and telephone number;
    2) a narrative statement of the person's position, including a complete statement of the factual basis and legal justification for any relief requested;
    3) copies of any written documentation or documentary evidence supporting the person's position;
d. Except as may otherwise be directed by the Commission, requests for adjudicatory hearings will be reviewed at the next regular meeting of the Commission following their receipt, provided the request is received by the Commission at least thirty days prior to the meeting.
e. The person will be notified of the assignment of the matter to the Division of Administrative Hearings or whether the Commission will hear the matter itself.
f. All further proceedings will be conducted in accordance with §§ 24-4-105, CRS

ARTICLE IV – REFUNDS, REIMBURSEMENT AND RESTORATION OF PREFERENCE POINTS

#1670 Refunds and Restoration of Preference Points

See also §§ 33-4-102 (6) for statutory provisions related to refunds

A. General Refund Procedures – Except as provided herein, anyone may request and be given a refund for a license no later than fourteen (14) days prior to the opening day of the applicable turkey season for turkey licenses or thirty (30) days prior to the opening day of the season for which the license was issued for all other licenses, minus a $15.00 processing fee. The $15.00 processing fee will not be charged for refunds requested on youth licenses, in the case of Division error, or if any of the following circumstances prevent the license holder from exercising the intended benefits of the license: extreme medical circumstances involving the license holder or a license holder's immediate family member, death of the license holder, death of the license holder's immediate family member, military orders, or jury duty. Requests must have a valid U.S. postmark, or be submitted at a Division office at least fourteen (14) days prior to the opening day of the applicable turkey season or thirty (30) days prior to the opening day of any other season for which the license was issued. Youth are exempt from the (14) days prior requirement for turkey licenses and the (30) days prior requirement for big game licenses and may submit a request up to the day before the start of the season.

1. All refunds shall be requested on a form provided by or in the format requested by the Division.

2. All requests for license refunds must be accompanied by the entire license and carcass tag when applicable.

3. Refunds may be requested by mail or in person at any Division office.

4. Refunds shall only be issued to the person whose credit card was used or name appears on the license.

5. Licenses purchased through non-Division license agents will be refunded at cost less license agent fee.

6. No refunds shall be made in any circumstance where the license holder was hunting in the field during an active season for the license and designated species as specified in Commission rules and regulations.

7. No refunds shall be made on any special licenses listed in 33-4-102(2), C.R.S., or any auction or raffle licenses as provided for in 33-4-116 or 33-4-116.5, C.R.S., or on any exchanged license, or on any license that costs less than $15.00 with the exceptions of resident youth turkey and resident youth big game licenses, or to any person whose license privileges have been suspended by the Commission.

8. When the $15.00 processing fee exceeds the original refund amount, no refund shall be issued and the remainder of the processing fee shall be waived.

9. All limited licenses returned to the Division for a refund or preference point restoration will be available for reissue after the request has been processed using the current leftover list and following all other license purchase regulations, except for the following limited licenses:

    a. Turkey, deer, elk, pronghorn and bear hunt codes which required five (5) or more resident preference points to draw as determined by the current year's limited license draw;

    b. Bighorn sheep, mountain goat, and moose licenses;

    c. All public Ranching for Wildlife licenses.

10. The following limited licenses returned for refund or preference point restoration will be reissued by the Division manually:

    a. Turkey, deer, elk, pronghorn and bear hunt codes which required five (5) or more resident preference points to draw as determined by the current year's limited license draw;

    b. Bighorn sheep, mountain goat, and moose licenses;

    c. All public Ranching for Wildlife licenses.

    If the next in line regular draw list applicant accepts one of the aforementioned first choice licenses that has been returned and reissued, all accumulated preference points for that species become void. If a license cannot be manually reissued to one of the first five people on the regular draw list, the license will become available for reissue using the current leftover license list. Public Ranching for Wildlife licenses will not be reissued within fourteen (14) days of the start date for the respective hunt code or be available for sale off the leftover license list.

11. Requests for refunds after the opening of the season will be accompanied by a signed affidavit that the license has not been used and circumstances precluded the licensee from being able to use the license. In addition, to be eligible for a refund the failure to apply for a refund less than thirty (30) days prior to the opening day of the season for which the license was issued cannot be due to a lack of diligence on the part of the licensee. The Division's License Administration Manager will render a decision on the refund request on behalf of the Division and the Commission and such decision shall constitute final agency action. Circumstances for which reimbursement will be considered shall be limited to:

    a. Extreme medical circumstances involving the license holder or a license holder's immediate family member;

b. Death of the license holder or death of a license holder's immediate family member;

c. Active and reserve members of the United States armed forces whose military orders overlap with the season dates of the returned license; or

d. Individuals on jury duty whose jury duty service overlaps with the season dates of the returned license.

B. Other Refunds

1. Refunds or antlerless licenses may be issued in any unit approved by the Division for the same species in the same year to hunters who harvest a deer, elk or moose in which Chronic Wasting Disease (CWD) is detected through the Division's CWD monitoring or testing programs. Where there is no open season or insufficient time remains to reasonably exercise the benefits of a license granted in the same year, the Division may issue the licensee an antlerless license for the same species in the following year in the same Game Management Unit where the CWD detected animal was harvested, or if antlerless hunting is not permitted in the applicable GMU, the Division may designate a substitute GMU. If the season closes prior to October 31 in the unit, the license will be valid through October 31. The provisions of this regulation shall apply to any hunter who harvests a moose after January 1, 2006 in which CWD is detected. Licenses issued pursuant to this provision shall not be considered part of the quota otherwise established by the Commission for that GMU.

2. Except for cases of Division error, no refunds shall be issued for any annual license, one-day, or five-day license, mountain lion license or preference point fee.

C. Restoration of Preference Points

1. License preference points used to obtain the license will not be restored except as follows:

   a. No later than fourteen (14) days prior to the opening day of the applicable turkey season for turkey licenses or thirty (30) days prior to the opening day of the season for all other licenses, preference points may be restored to the pre-drawing level in lieu of a refund at the licensee's request.

   b. Less than fourteen (14) days prior to the opening day of the applicable turkey season for turkey licenses or thirty (30) days prior to the opening of the season for all other licenses, the License Administration Manager may restore license preference points to the pre-drawing level and/or issue a monetary refund if any of the following circumstances prevent the license holder from exercising the intended benefits of the license::

      1. Extreme medical circumstances involving the license holder or a license holder's immediate family member;

      2. Death of a license holder's immediate family member;

      3. Active and reserve members of the United States armed forces whose military orders overlap with the season dates of the returned license; or

4. Individuals on jury duty whose jury duty service overlaps with the season dates of the returned license.

D. Requests for refunds and/or restoration of license preference points due to extreme medical circumstances involving the license holder or a license holder's immediate family member, the death of a license holder's immediate family member, military orders that prevents the service member from exercising the intended benefits of the license or jury duty will be accompanied by sufficient evidence demonstrating that the license has not been used and circumstances precluded the licensee from being able to use the license. In addition, sufficient documentation is required to prove extreme medical circumstances, death, military orders or jury duty service.

E. Time Restriction

1. A refund or preference point restoration will be denied when the request is submitted more than thirty (30) days after the opening of the season for which the license was issued. Provided further that all time limits will be extended for active and reserve members of the United States armed forces whose military service requirements precluded their application for a refund or preference point restoration within said periods.

2. When additional documentation is requested and required by the Division to approve a refund and/or restoration of preference points request, the requestor will have thirty (30) days from the mailing date indicated on the notification letter to submit all the required documentation. If required documentation is not submitted prior to the 30-day deadline, the request will be considered closed and denied. No requests from the previous year will be considered after January 31, annually.

F. Director Disaster Relief Authority

1. When, in the determination of the Director, existing Parks and Wildlife regulations will have a significant negative impact following a natural disaster that displaces persons from their homes, or closes areas to public access and results in a time-critical demand for use of park resources or a complete (or near complete) loss of hunting opportunity, the Director is authorized to take emergency administrative actions, including, but not limited to:

   a. Issuance of license fee refunds.

   b. Restoration of preference points.

   c. Exchange of big game hunting licenses for leftover or over-the-counter licenses.

   d. Issue similar guaranteed licenses for another license year.

   e. Suspension of length of stay camping limits on Division-owned or controlled properties.

   f. Imposition of administrative requirements associated with the application for relief granted under this section.

CREDIT FOR REINSURANCE

Section 1 Authority

This regulation is promulgated pursuant to the authority granted by Sections 10-1-109(1), 10-3-529(4), 10-3-705, 10-6-129, 10-14-505 and 10-16-109, and provides standards regarding reinsurance agreements under Sections 10-3-701 et. seq., 10-6-122, 10-11-113, 10-14-304, 8-44-204, 8-44-205, 8-45-117, 24-10-115.5, and 29-13-102, C.R.S.

Section 2 Scope and Purpose

The purpose of this regulation is to set forth rules and procedural requirements that the Commissioner deems necessary to carry out the provisions of the Section 10-3-701 et. seq., C.R.S., regarding the conditions and circumstances under which a domestic insurer may reduce their liabilities, or establish an asset associated with risks reinsured. The actions and information required by this regulation are declared to be necessary and appropriate in the public interest and for the protection of the ceding insurers in this state. This regulation addresses credit for reinsurance associated with a valid reinsurance

contract. The criteria as to what constitutes a valid reinsurance agreement, limitations on the amount of credit that can be claimed and other requirements as regards financial reporting are addressed in Colorado Insurance Regulations 3-3-4 and 3-3-5.

Section 3 Applicability

This regulation shall apply to all licensed insurers, as well as to each domestic group captive insurer, fraternal benefit society, health maintenance organization, licensed self-insurance pool, prepaid dental care plan organization, non-profit hospital, medical-surgical and health service corporation, Pinnacol Assurance, interinsurance exchange/reciprocal exchange and title insurance company.

Section 4 Credit for Reinsurance—Reinsurer Licensed in this State

Pursuant to Section 10-3-702(2), C.R.S., the Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that was licensed in this state as of any date on which statutory financial statement credit for reinsurance is claimed.

Section 5 Credit for Reinsurance—Accredited Reinsurers

A. Pursuant to Section 10-3-702(3), C.R.S., the Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that is accredited as a reinsurer in this state as of the date on which statutory financial statement credit for reinsurance is claimed. An accredited reinsurer must:

1. File a properly executed Form AR-1 (attached as an exhibit to this regulation) as evidence of its submission to this state's jurisdiction and to this state's authority to examine its books and records;

2. File with the Commissioner a certified copy of a certificate of authority or other acceptable evidence that it is licensed to transact insurance or reinsurance in at least one state, or, in the case of a U.S. branch of an alien assuming insurer, is entered through and licensed to transact insurance or reinsurance in at least one state;

3. File annually with the Commissioner a copy of its annual statement filed with the insurance department of its state of domicile or, in the case of an alien assuming insurer, with the state through which it is entered and in which it is licensed to transact insurance or reinsurance, and a copy of its most recent audited financial statement; and

4. Maintain a surplus as regards policyholders in an amount not less than $20,000,000, or obtain the affirmative approval of the Commissioner upon a finding that it has adequate financial capacity to meet its reinsurance obligations and is otherwise qualified to assume reinsurance from domestic insurers.

B. If the Commissioner determines that the assuming insurer has failed to meet or maintain any of these qualifications, the Commissioner may upon written notice and opportunity for hearing, suspend or revoke the accreditation. Credit shall not be allowed a domestic ceding insurer under this section if the assuming insurer's accreditation has been revoked by the Commissioner, or if the reinsurance was ceded while the assuming insurer's accreditation was under suspension by the Commissioner.

Section 6 Credit for Reinsurance—Reinsurer Domiciled in Another State

A. Pursuant to Section 10-3-702(4), C.R.S., the Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that as of any date on which statutory financial statement credit for reinsurance is claimed:

1. Is domiciled in (or, in the case of a U.S. branch of an alien assuming insurer, is entered through) a state that employs standards regarding credit for reinsurance substantially similar to those applicable under Section 10-3-701, et, seq., and this regulation;

2. Maintains a surplus as regards policyholders in an amount not less than $20,000,000; and

3. Files a properly executed Form AR-1 with the Commissioner as evidence of its submission to this state's authority to examine its books and records.

B. The provisions of this section relating to surplus as regards policyholders shall not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system. As used in this section, "substantially similar" standards means credit for reinsurance standards that the Commissioner determines equal or exceed the standards of Section 10-3-701, et. seq., and this regulation.

Section 7 Credit for Reinsurance—Reinsurers Maintaining Trust Funds

A. Pursuant to Section 10-3-702(5), C.R.S., the Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer which, as of any date on which statutory financial statement credit for reinsurance is claimed, and thereafter for so long as credit for reinsurance is claimed, maintains a trust fund in an amount prescribed below in a qualified U.S. financial institution as defined in Section 10-3-704(2), C.R.S., for the payment of the valid claims of its U.S. domiciled ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the Commissioner substantially the same information as that required to be reported on the National Association of Insurance Commissioners (NAIC) annual statement form by licensed insurers, to enable the Commissioner to determine the sufficiency of the trust fund.

B. The following requirements apply to the following categories of assuming insurer:

1. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by U.S. domiciled insurers, and in addition, the assuming insurer shall maintain a trusteed surplus of not less than $20,000,000, except as provided in Paragraph (2) of this subsection.

2. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trusteed surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of U.S. ceding insurers, policyholders and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including when applicable the lines of business involved, the stability of the incurred loss estimates and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trusteed surplus may not be reduced to an amount less than thirty percent (30%) of the assuming insurer's liabilities attributable to reinsurance ceded by U.S. ceding insurers covered by the trust.

3. The trust fund for a group including incorporated and individual unincorporated underwriters shall consist of:

a. For reinsurance ceded under reinsurance agreements with an inception, amendment or renewal date on or after January 1, 1993, funds in trust in an amount not less than the respective underwriters' several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any underwriter of the group;

b. For reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992, and not amended or renewed after that date, notwithstanding the other provisions of this regulation, funds in trust in an amount not less than the respective underwriters' several insurance and reinsurance liabilities attributable to business written in the United States; and

c. In addition to these trusts, the group shall maintain a trusteed surplus of which $100,000,000 shall be held jointly for the benefit of the U.S. domiciled ceding insurers of any member of the group for all the years of account.

4. The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members. The group shall, within ninety (90) days after its financial statements are due to be filed with the group's domiciliary regulator, provide to the Commissioner:

a. An annual certification by the group's domiciliary regulator of the solvency of each underwriter member of the group; or

b. If a certification is unavailable, a financial statement, prepared by independent public accountants, of each underwriter member of the group.

5. The trust fund for a group of incorporated insurers under common administration, whose members possess aggregate policyholders surplus of $10,000,000,000 (calculated and reported in substantially the same manner as prescribed by the annual statement instructions and *Accounting Practices and Procedures Manual* of the NAIC) and which has continuously transacted an insurance business outside the United States for at least three (3) years immediately prior to making application for accreditation, shall:

a. Consist of funds in trust in an amount not less than the assuming insurers' several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any members of the group pursuant to reinsurance contracts issued in the name of such group;

b. Maintain a joint trusteed surplus of which $100,000,000 shall be held jointly for the benefit of U.S. domiciled ceding insurers of any member of the group; and

c, File a properly executed Form AR-1 as evidence of the submission to this state's authority to examine the books and records of any of its members and shall certify that any member examined will bear the expense of any such examination.

6. Within ninety (90) days after the statements are due to be filed with the group's domiciliary regulator, the group shall file with the Commissioner an annual certification of each underwriter member's solvency by the member's domiciliary regulators, and financial statements, prepared by independent public accountants, of each underwriter member of the group.

C. Credit for reinsurance shall not be granted unless the form of the trust and any amendments to the trust have been approved by either the Commissioner of the state where the trust is domiciled or the commissioner of another state who, pursuant to the terms of the trust instrument, has accepted responsibility for regulatory oversight of the trust. The form of the trust and any trust amendments also shall be filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled.

1. The trust instrument shall provide that:

a. Contested claims shall be valid and enforceable out of funds in trust to the extent remaining unsatisfied thirty (30) days after entry of the final order of any court of competent jurisdiction in the United States;

b. Legal title to the assets of the trust shall be vested in the trustee for the benefit of the grantor's U.S. ceding insurers, their assigns and successors in interest;

c. The trust shall be subject to examination as determined by the Commissioner;

d. The trust shall remain in effect for as long as the assuming insurer, or any member or former member of a group of insurers, shall have outstanding obligations under reinsurance agreements subject to the trust; and

e. No later than February 28 of each year the trustee of the trust shall report to the Commissioner in writing setting forth the balance in the trust and listing the trust's investments at the preceding year-end, and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the following December 31.

2. Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by this subsection or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight over the trust or other designated receiver all of the assets of the trust fund.

a. The assets shall be distributed by and claims shall be filed with and valued by the commissioner with regulatory oversight over the trust in accordance with the laws of the state in which the trust is domiciled applicable to the liquidation of domestic insurance companies.

b. If the commissioner with regulatory oversight over the trust determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the U.S. beneficiaries of the trust, the commissioner with regulatory oversight over the trust shall return the assets, or any part thereof, to the trustee for distribution in accordance with the trust agreement.

c. The grantor shall waive any right otherwise available to it under U.S. law that is inconsistent with this provision.

D. For purposes of this section, the term "liabilities" shall mean the assuming insurer's gross liabilities attributable to reinsurance ceded by U.S. domiciled insurers excluding liabilities that are otherwise secured by acceptable means, and, shall include:

1. For business ceded by domestic insurers authorized to write accident and health, and property and casualty insurance:

    a. Losses and allocated loss expenses paid by the ceding insurer, recoverable from the assuming insurer;

    b. Reserves for losses reported and outstanding;

    c. Reserves for losses incurred but not reported;

    d. Reserves for allocated loss expenses; and

    e. Unearned premiums.

2. For business ceded by domestic insurers authorized to write life, health and annuity insurance:

    a. Aggregate reserves for life policies and contracts net of policy loans and net due and deferred premiums;

    b. Aggregate reserves for accident and health policies;

    c. Deposit funds and other liabilities without life or disability contingencies; and

    d. Liabilities for policy and contract claims.

E. Assets deposited in trusts established pursuant to Section 10-3-702, C.R.S., and this section shall be valued according to their current fair market value and shall consist only of cash in U.S. dollars, certificates of deposit issued by a U.S. financial institution as defined in Section 10-3-704(1), C.R.S., clean, irrevocable, unconditional and "evergreen" letters of credit issued or confirmed by a qualified U.S. financial institution, as defined in Section 10-3-704(1), C.R.S., and investments of the type specified in this subsection, but investments in or issued by an entity controlling, controlled by or under common control with either the grantor or beneficiary of the trust shall not exceed five percent (5%) of total investments. No more than twenty percent (20%) of the total of the investments in the trust may be foreign investments authorized under Paragraphs (1)(e), (3), (6)(b) or (7) of this subsection, and no more than ten percent (10%) of the total of the investments in the trust may be securities denominated in foreign currencies. For purposes of applying the preceding sentence, a depository receipt denominated in U.S. dollars and representing rights conferred by a foreign security shall be classified as a foreign investment denominated in a foreign currency. The assets of a trust established to satisfy the requirements of Section 10-3-702, C.R.S. shall be invested only as follows:

1. Government obligations that are not in default as to principal or interest, that are valid and legally authorized and that are issued, assumed or guaranteed by:

    a. The United States or by any agency or instrumentality of the United States;

    b. A state of the United States;

    c. A territory, possession or other governmental unit of the United States;

    d. An agency or instrumentality of a governmental unit referred to in Subparagraphs (b) and (c) of this paragraph if the obligations shall be by law (statutory or otherwise) payable, as to both principal and interest, from taxes levied or by law required to be levied or from adequate special revenues pledged or otherwise

appropriated or by law required to be provided for making these payments, but shall not be obligations eligible for investment under this paragraph if payable solely out of special assessments on properties benefited by local improvements; or

e. The government of any other country that is a member of the Organization for Economic Cooperation and Development and whose government obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC;

2. Obligations that are issued in the United States, or that are dollar denominated and issued in a non-U.S. market, by a solvent U.S. institution (other than an insurance company) or that are assumed or guaranteed by a solvent U.S. institution (other than an insurance company) and that are not in default as to principal or interest if the obligations:

a. Are rated A or higher (or the equivalent) by a securities rating agency recognized by the Securities Valuation Office of the NAIC, or if not so rated, are similar in structure and other material respects to other obligations of the same institution that are so rated;

b. Are insured by at least one authorized insurer (other than the investing insurer or a parent, subsidiary or affiliate of the investing insurer) licensed to insure obligations in this state and, after considering the insurance, are rated AAA (or the equivalent) by a securities rating agency recognized by the Securities Valuation Office of the NAIC; or

c. Have been designated as Class One or Class Two by the Securities Valuation Office of the NAIC;

3. Obligations issued, assumed or guaranteed by a solvent non-U.S. institution chartered in a country that is a member of the Organization for Economic Cooperation and Development or obligations of U.S. corporations issued in a non-U.S. currency, provided that in either case the obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC;

4. An investment made pursuant to the provisions of Paragraph (1), (2) or (3) of this subsection shall be subject to the following additional limitations:

a. An investment in or loan upon the obligations of an institution other than an institution that issues mortgage-related securities shall not exceed five percent (5%) of the assets of the trust;

b. An investment in any one mortgage-related security shall not exceed five percent (5%) of the assets of the trust;

c. The aggregate total investment in mortgage-related securities shall not exceed twenty- five percent (25%) of the assets of the trust; and

d. Preferred or guaranteed shares issued or guaranteed by a solvent U.S. institution are permissible investments if all of the institution’s obligations are eligible as investments under Paragraphs (2)(a) and (2)(c) of this subsection, but shall not exceed two percent (2%) of the assets of the trust.

5. As used in this regulation:

a. “Mortgage-related security” means an obligation that is rated AA or higher (or the equivalent) by a securities rating agency recognized by the Securities Valuation Office of the NAIC and that either:

(1) Represents ownership of one or more promissory notes or certificates of interest or participation in the notes (including any rights designed to assure servicing of, or the receipt or timeliness of receipt by the holders of the notes, certificates, or participation of amounts payable under, the notes, certificates or participation), that:

(a) Are directly secured by a first lien on a single parcel of real estate, including stock allocated to a dwelling unit in a residential cooperative housing corporation, upon which is located a dwelling or mixed residential and commercial structure, or on a residential manufactured home as defined in 42 U.S.C. Section 5402(6), whether the manufactured home is considered real or personal property under the laws of the state in which it is located; and

(b) Were originated by a savings and loan association, savings bank, commercial bank, credit union, insurance company, or similar institution that is supervised and examined by a federal or state housing authority, or by a mortgagee approved by the Secretary of Housing and Urban Development pursuant to 12 U.S.C. Sections 1709 and 1715b, or, where the notes involve a lien on the manufactured home, by an institution or by a financial institution approved for insurance by the Secretary of Housing and Urban Development pursuant to 12 U.S.C. Section 1703; or

(2) Is secured by one or more promissory notes or certificates of deposit or participations in the notes (with or without recourse to the insurer of the notes) and, by its terms, provides for payments of principal in relation to payments, or reasonable projections of payments, or notes meeting the requirements of Items (1)(a) and (1)(b) of this subsection;

b. “Promissory note,” when used in connection with a manufactured home, shall also include a loan, advance or credit sale as evidenced by a retail installment sales contract or other instrument.

6. Equity interests

a. Investments in common shares or partnership interests of a solvent U.S. institution are permissible if:

(1) Its obligations and preferred shares, if any, are eligible as investments under this subsection; and

(2) The equity interests of the institution (except an insurance company) are registered on a national securities exchange as provided in the Securities Exchange Act of 1934, 15 U.S.C. §§ 78a to 78kk or otherwise registered pursuant to that Act, and if otherwise registered, price quotations for them are furnished through a nationwide automated quotations system approved by the Financial Industry Regulatory Authority, or successor organization. A trust shall not invest in equity interests under this paragraph an amount exceeding one percent (1%) of

the assets of the trust even though the equity interests are not so registered and are not issued by an insurance company;

b. Investments in common shares of a solvent institution organized under the laws of a country that is a member of the Organization for Economic Cooperation and Development, if:

(1) All its obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC; and

(2) The equity interests of the institution are registered on a securities exchange regulated by the government of a country that is a member of the Organization for Economic Cooperation and Development;

c. An investment in or loan upon any one institution's outstanding equity interests shall not exceed one percent (1%) of the assets of the trust. The cost of an investment in equity interests made pursuant to this paragraph, when added to the aggregate cost of other investments in equity interests then held pursuant to this paragraph, shall not exceed ten percent (10%) of the assets in the trust;

7. Obligations issued, assumed or guaranteed by a multinational development bank, provided the obligations are rated A or higher, or the equivalent, by a rating agency recognized by the Securities Valuation Office of the NAIC.

8. Investment companies

a. Securities of an investment company registered pursuant to the Investment Company Act of 1940, 15 U.S.C. § 80a, are permissible investments if the investment company:

(1) Invests at least ninety percent (90%) of its assets in the types of securities that qualify as an investment under Paragraph (1), (2) or (3) of this subsection or invests in securities that are determined by the Commissioner to be substantively similar to the types of securities set forth in Paragraph (1), (2) or (3) of this subsection; or

(2) Invests at least ninety percent (90%) of its assets in the types of equity interests that qualify as an investment under Paragraph (6)(a) of this subsection;

b. Investments made by a trust in investment companies under this paragraph shall not exceed the following limitations:

(1) An investment in an investment company qualifying under Subparagraph (a)(1) of this paragraph shall not exceed ten percent (10%) of the assets in the trust and the aggregate amount of investment in qualifying investment companies shall not exceed twenty-five percent (25%) of the assets in the trust; and

(2) Investments in an investment company qualifying under Subparagraph (a)(2) of this paragraph shall not exceed five percent (5%) of the assets in the trust and the aggregate amount of investment in qualifying investment companies shall be included when calculating the permissible aggregate value of equity interests pursuant to Paragraph (6)(a) of this subsection.

9. Letters of Credit

a. In order for a letter of credit to qualify as an asset of the trust, the trustee shall have the right and the obligation pursuant to the deed of trust or some other binding agreement (as duly approved by the Commissioner), to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced.

b. The trust agreement shall provide that the trustee shall be liable for its negligence, willful misconduct or lack of good faith. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall be deemed to be negligence and/or willful misconduct.

F. A specific security provided to a ceding insurer by an assuming insurer pursuant to Section 11 of this regulation shall be applied, until exhausted, to the payment of liabilities of the assuming insurer to the ceding insurer holding the specific security prior to, and as a condition precedent for, presentation of a claim by the ceding insurer for payment by a trustee of a trust established by the assuming insurer pursuant to this section.

Section 8 Credit for Reinsurance—Certified Reinsurers

A. Pursuant to Section 10-3-702(6), C.R.S., the Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that has been certified as a reinsurer in this state at all times for which statutory financial statement credit for reinsurance is claimed under this section. The credit allowed shall be based upon the security held by or on behalf of the ceding insurer in accordance with a rating assigned to the certified reinsurer by the Commissioner. The security shall be in a form consistent with the provisions of Section 10-3-702(6), C.R.S., and Section 10-3-703, et. seq., and Sections 12, 13, or 14 of this regulation. The amount of security required in order for full credit to be allowed shall correspond with the following requirements:

1.

Ratings	Security Required
Secure – 1	0%
Secure – 2	10%
Secure – 3	20%
Secure – 4	50%
Secure – 5	75%
Vulnerable – 6	100%

2. Affiliated reinsurance transactions shall receive the same opportunity for reduced security requirements as all other reinsurance transactions.

3. The Commissioner shall require the certified reinsurer to post one hundred percent (100%), for the benefit of the ceding insurer or its estate, security upon the entry of an order of rehabilitation, liquidation or conservation against the ceding insurer.

4. In order to facilitate the prompt payment of claims, a certified reinsurer shall not be required to post security for catastrophe recoverables for a period of one year from the date of the first instance of a liability reserve entry by the ceding company as a result of a loss from a catastrophic occurrence as recognized by the Commissioner. The one year deferral period is contingent upon the certified reinsurer continuing to pay claims in a timely manner. Reinsurance recoverables for only the following lines of business as

reported on the NAIC annual financial statement related specifically to the catastrophic occurrence will be included in the deferral:

a. Line 1: Fire

b. Line 2: Allied Lines

c. Line 3: Farmowners multiple peril

d. Line 4: Homeowners multiple peril

e. Line 5: Commercial multiple peril

f. Line 9: Inland Marine

g. Line 12: Earthquake

h. Line 21: Auto physical damage

5. Credit for reinsurance under this section shall apply only to reinsurance contracts entered into or renewed on or after the effective date of the certification of the assuming insurer. Any reinsurance contract entered into prior to the effective date of the certification of the assuming insurer that is subsequently amended after the effective date of the certification of the assuming insurer, or a new reinsurance contract, covering any risk for which collateral was provided previously, shall only be subject to this section with respect to losses incurred and reserves reported from and after the effective date of the amendment or new contract.

6. Nothing in this section shall prohibit the parties to a reinsurance agreement from agreeing to provisions establishing security requirements that exceed the minimum security requirements established for certified reinsurers under this section.

B. Certification Procedure.

1. The Commissioner shall post notice on the insurance department's website promptly upon receipt of any application for certification, including instructions on how members of the public may respond to the application. The Commissioner may not take final action on the application until at least thirty (30) days after posting the notice required by this paragraph.

2. The Commissioner shall issue written notice to an assuming insurer that has made application and been approved as a certified reinsurer. Included in such notice shall be the rating assigned the certified reinsurer in accordance with Subsection A of this section. The Commissioner shall publish a list of all certified reinsurers and their ratings.

3. In order to be eligible for certification, the assuming insurer shall meet the following requirements:

a. The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a Qualified Jurisdiction, as determined by the Commissioner pursuant to Subsection C of this section.

b. The assuming insurer must maintain capital and surplus, or its equivalent, of no less than $250,000,000 calculated in accordance with Subparagraph (4)(h) of this subsection. This requirement may also be satisfied by an association

including incorporated and individual unincorporated underwriters having minimum capital and surplus equivalents (net of liabilities) of at least $250,000,000 and a central fund containing a balance of at least $250,000,000.

c. The assuming insurer must maintain financial strength ratings from two or more rating agencies deemed acceptable by the Commissioner. These ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available information. These financial strength ratings will be one factor used by the Commissioner in determining the rating that is assigned to the assuming insurer. Acceptable rating agencies include the following:

(1) Standard & Poor's;

(2) Moody's Investors Service;

(3) Fitch Ratings;

(4) A.M. Best Company; or

(5) Any other Nationally Recognized Statistical Rating Organization.

d. The certified reinsurer must comply with any other requirements reasonably imposed by the Commissioner.

4. Each certified reinsurer shall be rated on a legal entity basis, with due consideration being given to the group rating where appropriate, except that an association including incorporated and individual unincorporated underwriters that has been approved to do business as a single certified reinsurer may be evaluated on the basis of its group rating. Factors that may be considered as part of the evaluation process include, but are not limited to, the following:

a. The certified reinsurer's financial strength rating from an acceptable rating agency. The maximum rating that a certified reinsurer may be assigned will correspond to its financial strength rating as outlined in the table below. The Commissioner shall use the lowest financial strength rating received from an approved rating agency in establishing the maximum rating of a certified reinsurer. A failure to obtain or maintain at least two financial strength ratings from acceptable rating agencies will result in loss of eligibility for certification:

Ratings	Best	S&P	Moody's	Fitch
Secure – 1	A++	AAA	Aaa	AAA
Secure – 2	A+	AA+, AA, AA-	Aa1, Aa2, Aa3	AA+, AA, AA-
Secure – 3	A	A+, A	A1, A2	A+, A

Secure – 4	A-	A-	A3	A-
Secure – 5	B++, B+	BBB+, BBB, BBB-	Baa1, Baa2, Baa3	BBB+, BBB, BBB-
Vulnerable – 6	B, B- C++, C+, C, C-, D, E, F	BB+, BB, BB-, B+, B, B-, CCC, CC, C, D, R	Ba1, Ba2, Ba3, B1, B2, B3, Caa, Ca, C	BB+, BB, BB-, B+, B, B-, CCC+, CC, CCC-, DD

b. The business practices of the certified reinsurer in dealing with its ceding insurers, including its record of compliance with reinsurance contractual terms and obligations;

c. For certified reinsurers domiciled in the U.S., a review of the most recent applicable NAIC Annual Statement Blank, either Schedule F (for property/casualty reinsurers) or Schedule S (for life and health reinsurers);

d. For certified reinsurers not domiciled in the U.S., a review annually of Form CR-F (for property/casualty reinsurers) or Form CR-S (for life and health reinsurers) (attached as exhibits to this regulation);

e. The reputation of the certified reinsurer for prompt payment of claims under reinsurance agreements, based on an analysis of ceding insurers' Schedule F reporting of overdue reinsurance recoverables, including the proportion of obligations that are more than ninety (90) days past due or are in dispute, with specific attention given to obligations payable to companies that are in administrative supervision or receivership;

f. Regulatory actions against the certified reinsurer;

g. The report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in Subparagraph (h) below;

h. For certified reinsurers not domiciled in the U.S., audited financial statements, regulatory filings, and actuarial opinion (as filed with the non-U.S. jurisdiction supervisor, with a translation into English). Upon the initial application for certification, the Commissioner will consider audited financial statements for the last two (2) years filed with its non-U.S. jurisdiction supervisor;

i. The liquidation priority of obligations to a ceding insurer in the certified reinsurer's domiciliary jurisdiction in the context of an insolvency proceeding;

j. A certified reinsurer's participation in any solvent scheme of arrangement, or similar procedure, which involves U.S. ceding insurers. The Commissioner shall receive prior notice from a certified reinsurer that proposes participation by the certified reinsurer in a solvent scheme of arrangement; and

k. Any other information deemed relevant by the Commissioner.

5. Based on the analysis conducted under Subparagraph (4)(e) of a certified reinsurer's reputation for prompt payment of claims, the Commissioner may make appropriate adjustments in the security the certified reinsurer is required to post to protect its liabilities to U.S. ceding insurers, provided that the Commissioner shall, at a minimum, increase

the security the certified reinsurer is required to post by one rating level under Subparagraph (4)(a) if the Commissioner finds that:

a. More than fifteen percent (15%) of the certified reinsurer's ceding insurance clients have overdue reinsurance recoverables on paid losses of ninety (90) days or more which are not in dispute and which exceed $100,000 for each cedent; or

b. The aggregate amount of reinsurance recoverables on paid losses which are not in dispute that are overdue by ninety (90) days or more exceeds $50,000,000.

6. The assuming insurer must submit a properly executed Form CR-1 (attached as an exhibit to this regulation) as evidence of its submission to the jurisdiction of this state, appointment of the Commissioner as an agent for service of process in this state, and agreement to provide security for one hundred percent (100%) of the assuming insurer's liabilities attributable to reinsurance ceded by U.S. ceding insurers if it resists enforcement of a final U.S. judgment. The Commissioner shall not certify any assuming insurer that is domiciled in a jurisdiction that the Commissioner has determined does not adequately and promptly enforce final U.S. judgments or arbitration awards.

7. The certified reinsurer must agree to meet applicable information filing requirements as determined by the Commissioner, both with respect to an initial application for certification and on an ongoing basis. All information submitted by certified reinsurers which are not otherwise public information subject to disclosure shall be exempted from disclosure under Section 24-72-204(3)(a)(IV), C.R.S. and shall be withheld from public disclosure. The applicable information filing requirements are, as follows:

a. Notification within ten (10) days of any regulatory actions taken against the certified reinsurer, any change in the provisions of its domiciliary license or any change in rating by an approved rating agency, including a statement describing such changes and the reasons therefore;

b. Annually, Form CR-F or CR-S, as applicable;

c. Annually, the report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in Subsection (d) below;

d. Annually, the most recent audited financial statements, regulatory filings, and actuarial opinion (as filed with the certified reinsurer's supervisor, with a translation into English). Upon the initial certification, audited financial statements for the two (2) years filed with the certified reinsurer's supervisor;

e. At least annually, an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from U.S. domestic ceding insurers;

f. A certification from the certified reinsurer's domestic regulator that the certified reinsurer is in good standing and maintains capital in excess of the jurisdiction's highest regulatory action level; and

g. Any other information that the Commissioner may reasonably require.

8. Change in Rating or Revocation of Certification.

a. In the case of a downgrade by a rating agency or other disqualifying circumstance, the Commissioner shall upon written notice assign a new rating to

the certified reinsurer in accordance with the requirements of Subparagraph (4)(a).

b. The Commissioner shall have the authority to suspend, revoke, or otherwise modify a certified reinsurer's certification at any time if the certified reinsurer fails to meet its obligations or security requirements under this section, or if other financial or operating results of the certified reinsurer, or documented significant delays in payment by the certified reinsurer, lead the Commissioner to reconsider the certified reinsurer's ability or willingness to meet its contractual obligations.

c. If the rating of a certified reinsurer is upgraded by the Commissioner, the certified reinsurer may meet the security requirements applicable to its new rating on a prospective basis, but the Commissioner shall require the certified reinsurer to post security under the previously applicable security requirements as to all contracts in force on or before the effective date of the upgraded rating. If the rating of a certified reinsurer is downgraded by the Commissioner, the Commissioner shall require the certified reinsurer to meet the security requirements applicable to its new rating for all business it has assumed as a certified reinsurer.

d. Upon revocation of the certification of a certified reinsurer by the Commissioner, the assuming insurer shall be required to post security in accordance with Section 11 in order for the ceding insurer to continue to take credit for reinsurance ceded to the assuming insurer. If funds continue to be held in trust in accordance with Section 7, the Commissioner may allow additional credit equal to the ceding insurer's *pro rata* share of such funds, discounted to reflect the risk of uncollectibility and anticipated expenses of trust administration. Notwithstanding the change of a certified reinsurer's rating or revocation of its certification, a domestic insurer that has ceded reinsurance to that certified reinsurer may not be denied credit for reinsurance for a period of three (3) months for all reinsurance ceded to that certified reinsurer, unless the reinsurance is found by the Commissioner to be at high risk of uncollectibility.

C. Qualified Jurisdictions.

1. If, upon conducting an evaluation under this section with respect to the reinsurance supervisory system of any non-U.S. assuming insurer, the Commissioner determines that the jurisdiction qualifies to be recognized as a qualified jurisdiction, the Commissioner shall publish notice and evidence of such recognition in an appropriate manner. The Commissioner may establish a procedure to withdraw recognition of those jurisdictions that are no longer qualified.

2. In order to determine whether the domiciliary jurisdiction of a non-U.S. assuming insurer is eligible to be recognized as a qualified jurisdiction, the Commissioner shall evaluate the reinsurance supervisory system of the non-U.S. jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits and the extent of reciprocal recognition afforded by the non-U.S. jurisdiction to reinsurers licensed and domiciled in the U.S. The Commissioner shall determine the appropriate approach for evaluating the qualifications of such jurisdictions, and create and publish a list of jurisdictions whose reinsurers may be approved by the Commissioner as eligible for certification. A qualified jurisdiction must agree to share information and cooperate with the Commissioner with respect to all certified reinsurers domiciled within that jurisdiction. Additional factors to be considered in determining whether to recognize a qualified jurisdiction, in the discretion of the Commissioner, include but are not limited to the following:

a. The framework under which the assuming insurer is regulated.

b. The structure and authority of the domiciliary regulator with regard to solvency regulation requirements and financial surveillance.

c. The substance of financial and operating standards for assuming insurers in the domiciliary jurisdiction.

d. The form and substance of financial reports required to be filed or made publicly available by reinsurers in the domiciliary jurisdiction and the accounting principles used.

e. The domiciliary regulator's willingness to cooperate with U.S. regulators in general and the Commissioner in particular.

f. The history of performance by assuming insurers in the domiciliary jurisdiction.

g. Any documented evidence of substantial problems with the enforcement of final U.S. judgments in the domiciliary jurisdiction. A jurisdiction will not be considered to be a qualified jurisdiction if the Commissioner has determined that it does not adequately and promptly enforce final U.S. judgments or arbitration awards.

h. Any relevant international standards or guidance with respect to mutual recognition of reinsurance supervision adopted by the International Association of Insurance Supervisors or successor organization.

i. Any other matters deemed relevant by the Commissioner.

3. A list of qualified jurisdictions shall be published through the NAIC Committee Process. The Commissioner shall consider this list in determining qualified jurisdictions. If the Commissioner approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the Commissioner shall provide thoroughly documented justification with respect to the criteria provided under Subsection 8C(2)(a) to (i).

4. U.S. jurisdictions that meet the requirements for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.

D. Recognition of Certification Issued by an NAIC Accredited Jurisdiction.

1. If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, the Commissioner has the discretion to defer to that jurisdiction's certification, and to defer to the rating assigned by that jurisdiction, if the assuming insurer submits a properly executed Form CR- 1 and such additional information as the Commissioner requires. The assuming insurer shall be considered to be a certified reinsurer in this state.

2. Any change in the certified reinsurer's status or rating in the other jurisdiction shall apply automatically in this state as of the date it takes effect in the other jurisdiction. The certified reinsurer shall notify the Commissioner of any change in its status or rating within 10 days after receiving notice of the change.

3. The Commissioner may withdraw recognition of the other jurisdiction's rating at any time and assign a new rating in accordance with Subsection B(8) of this section.

4. The Commissioner may withdraw recognition of the other jurisdiction's certification at any time, with written notice to the certified reinsurer. Unless the Commissioner suspends or revokes the certified reinsurer's certification in accordance with Subsection B(8) of this

section, the certified reinsurer's certification shall remain in good standing in this state for a period of three (3) months, which shall be extended if additional time is necessary to consider the assuming insurer's application for certification in this state.

E. Mandatory Funding Clause. In addition to the clauses required under Section 15, reinsurance contracts entered into or renewed under this section shall include a proper funding clause, which requires the certified reinsurer to provide and maintain security in an amount sufficient to avoid the imposition of any financial statement penalty on the ceding insurer under this section for reinsurance ceded to the certified reinsurer.

F. The Commissioner shall comply with all reporting and notification requirements that may be established by the NAIC with respect to certified reinsurers and qualified jurisdictions.

Section 9 Credit for Reinsurance—Reciprocal Jurisdictions

A. Pursuant to Section 10-3-702(6.5), C.R.S., the Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that is licensed to write reinsurance by, and has its head office or is domiciled in, a Reciprocal Jurisdiction, and which meets the other requirements of this regulation.

B. A "Reciprocal Jurisdiction" is a jurisdiction, as designated by the Commissioner pursuant to Subsection D, that meets one of the following:

1. A non-U.S. jurisdiction that is subject to an in-force covered agreement with the United States, each within its legal authority, or, in the case of a covered agreement between the United States and the European Union, is a member state of the European Union. For purposes of this subsection, a "covered agreement" is an agreement entered into pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, 31 U.S.C. §§ 313 and 314, that is currently in effect or in a period of provisional application and addresses the elimination, under specified conditions, of collateral requirements as a condition for entering into any reinsurance agreement with a ceding insurer domiciled in this state or for allowing the ceding insurer to recognize credit for reinsurance;

2. A U.S. jurisdiction that meets the requirements for accreditation under the NAIC financial standards and accreditation program; or

3. A qualified jurisdiction, as determined by the Commissioner pursuant to Section 10-3-702(6), C.R.S. and Section 8C, which is not otherwise described in Paragraph (1) or (2) above and which the Commissioner determines meets all of the following additional requirements:

a. Provides that an insurer which has its head office or is domiciled in such qualified jurisdiction shall receive credit for reinsurance ceded to a U.S.-domiciled assuming insurer in the same manner as credit for reinsurance is received for reinsurance assumed by insurers domiciled in such qualified jurisdiction;

b. Does not require a U.S.-domiciled assuming insurer to establish or maintain a local presence as a condition for entering into a reinsurance agreement with any ceding insurer subject to regulation by the non-U.S. jurisdiction or as a condition to allow the ceding insurer to recognize credit for such reinsurance;

c. Recognizes the U.S. state regulatory approach to group supervision and group capital, by providing written confirmation by a competent regulatory authority, in such qualified jurisdiction, that insurers and insurance groups that are domiciled or maintain their headquarters in this state or another jurisdiction accredited by

the NAIC shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the Commissioner or the Commissioner of the domiciliary state and will not be subject to group supervision at the level of the worldwide parent undertaking of the insurance or reinsurance group by the qualified jurisdiction; and

d. Provides written confirmation by a competent regulatory authority in such qualified jurisdiction that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the Commissioner in accordance with a memorandum of understanding or similar document between the Commissioner and such qualified jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC.

C. Credit shall be allowed when the reinsurance is ceded from an insurer domiciled in this state to an assuming insurer meeting each of the conditions set forth below.

1. The assuming insurer must be licensed to transact reinsurance by, and have its head office or be domiciled in, a Reciprocal Jurisdiction.

2. The assuming insurer must have and maintain on an ongoing basis minimum capital and surplus, or its equivalent, calculated on at least an annual basis as of the preceding December 31 or at the annual date otherwise statutorily reported to the Reciprocal Jurisdiction, and confirmed as set forth in Subsection C(7) according to the methodology of its domiciliary jurisdiction, in the following amounts:

a. No less than $250,000,000; or

b. If the assuming insurer is an association, including incorporated and individual unincorporated underwriters:

(1) Minimum capital and surplus equivalents (net of liabilities) or own funds of the equivalent of at least $250,000,000; and

(2) A central fund containing a balance of the equivalent of at least $250,000,000.

3. The assuming insurer must have and maintain on an ongoing basis a minimum solvency or capital ratio, as applicable, as follows:

a. If the assuming insurer has its head office or is domiciled in a Reciprocal Jurisdiction as defined in Section 9B(1), the ratio specified in the applicable covered agreement;

b. If the assuming insurer is domiciled in a Reciprocal Jurisdiction as defined in Section 9B(2), a risk-based capital (RBC) ratio of three hundred percent (300%) of the authorized control level, calculated in accordance with the formula developed by the NAIC; or

c. If the assuming insurer is domiciled in a Reciprocal Jurisdiction as defined in Section 9B(3), after consultation with the Reciprocal Jurisdiction and considering any recommendations published through the NAIC Committee Process, such

solvency or capital ratio as the Commissioner determines to be an effective measure of solvency.

4. The assuming insurer must agree to and provide adequate assurance, in the form of a properly executed Form RJ-1 (attached as an exhibit to this regulation), of its agreement to the following:

   a. The assuming insurer must agree to provide prompt written notice and explanation to the Commissioner if it falls below the minimum requirements set forth in Paragraphs (2) or (3) of this subsection, or if any regulatory action is taken against it for serious noncompliance with applicable law.

   b. The assuming insurer must consent in writing to the jurisdiction of the courts of this state and to the appointment of the Commissioner as agent for service of process.

      (1) The Commissioner may also require that such consent be provided and included in each reinsurance agreement under the Commissioner's jurisdiction.

      (2) Nothing in this provision shall limit or in any way alter the capacity of parties to a reinsurance agreement to agree to alternative dispute resolution mechanisms, except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws.

   c. The assuming insurer must consent in writing to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer, that have been declared enforceable in the territory where the judgment was obtained.

   d. Each reinsurance agreement must include a provision requiring the assuming insurer to provide security in an amount equal to one hundred percent (100%) of the assuming insurer's liabilities attributable to reinsurance ceded pursuant to that agreement if the assuming insurer resists enforcement of a final judgment that is enforceable under the law of the jurisdiction in which it was obtained or a properly enforceable arbitration award, whether obtained by the ceding insurer or by its legal successor on behalf of its estate, if applicable.

   e. The assuming insurer must confirm that it is not presently participating in any solvent scheme of arrangement, which involves this state's ceding insurers, and agrees to notify the ceding insurer and the Commissioner and to provide one hundred percent (100%) security to the ceding insurer consistent with the terms of the scheme, should the assuming insurer enter into such a solvent scheme of arrangement. Such security shall be in a form consistent with the provisions of Section 10-3-702(6), C.R.S., Section 10-3-703, C.R.S. and Section 12, 13 or 14 of this regulation. For purposes of this regulation, the term "solvent scheme of arrangement" means a foreign or alien statutory or regulatory compromise procedure subject to requisite majority creditor approval and judicial sanction in the assuming insurer's home jurisdiction either to finally commute liabilities of duly noticed classed members or creditors of a solvent debtor, or to reorganize or restructure the debts and obligations of a solvent debtor on a final basis, and which may be subject to judicial recognition and enforcement of the arrangement by a governing authority outside the ceding insurer's home jurisdiction.

   f. The assuming insurer must agree in writing to meet the applicable information filing requirements as set forth in Paragraph (5) of this subsection.

5. The assuming insurer or its legal successor must provide, if requested by the Commissioner, on behalf of itself and any legal predecessors, the following documentation to the Commissioner:

   a. For the two years preceding entry into the reinsurance agreement and on an annual basis thereafter, the assuming insurer's annual audited financial statements, in accordance with the applicable law of the jurisdiction of its head office or domiciliary jurisdiction, as applicable, including the external audit report;

   b. For the two years preceding entry into the reinsurance agreement, the solvency and financial condition report or actuarial opinion, if filed with the assuming insurer's supervisor;

   c. Prior to entry into the reinsurance agreement and not more than semi-annually thereafter, an updated list of all disputed and overdue reinsurance claims outstanding for 90 days or more, regarding reinsurance assumed from ceding insurers domiciled in the United States; and

   d. Prior to entry into the reinsurance agreement and not more than semi-annually thereafter, information regarding the assuming insurer's assumed reinsurance by ceding insurer, ceded reinsurance by the assuming insurer, and reinsurance recoverable on paid and unpaid losses by the assuming insurer to allow for the evaluation of the criteria set forth in Paragraph (6) of this subsection.

6. The assuming insurer must maintain a practice of prompt payment of claims under reinsurance agreements. The lack of prompt payment will be evidenced if any of the following criteria is met:

   a. More than fifteen percent (15%) of the reinsurance recoverables from the assuming insurer are overdue and in dispute as reported to the Commissioner;

   b. More than fifteen percent (15%) of the assuming insurer's ceding insurers or reinsurers have overdue reinsurance recoverable on paid losses of 90 days or more which are not in dispute and which exceed for each ceding insurer $100,000, or as otherwise specified in a covered agreement; or

   c. The aggregate amount of reinsurance recoverable on paid losses which are not in dispute, but are overdue by 90 days or more, exceeds $50,000,000, or as otherwise specified in a covered agreement.

7. The assuming insurer's supervisory authority must confirm to the Commissioner on an annual basis that the assuming insurer complies with the requirements set forth in Paragraphs (2) and (3) of this subsection.

8. Nothing in this provision precludes an assuming insurer from providing the Commissioner with information on a voluntary basis.

D. The Commissioner shall timely create and publish a list of Reciprocal Jurisdictions.

1. A list of Reciprocal Jurisdictions is published through the NAIC Committee Process. The Commissioner's list shall include any Reciprocal Jurisdiction as defined under Section 9B(1) and (2), and shall consider any other Reciprocal Jurisdiction included on the NAIC list. The Commissioner may approve a jurisdiction that does not appear on the NAIC list of Reciprocal Jurisdictions as provided by applicable law, regulation, or in accordance with criteria published through the NAIC Committee Process.

2. The Commissioner may remove a jurisdiction from the list of Reciprocal Jurisdictions upon a determination that the jurisdiction no longer meets one or more of the requirements of a Reciprocal Jurisdiction, as provided by applicable law, regulation, or in accordance with a process published through the NAIC Committee Process, except that the Commissioner shall not remove from the list a Reciprocal Jurisdiction as defined under Section 9B(1) and (2). Upon removal of a Reciprocal Jurisdiction from this list credit for reinsurance ceded to an assuming insurer domiciled in that jurisdiction shall be allowed, if otherwise allowed pursuant to Section 10-3-701 et. seq., C.R.S. or this regulation.

E. The Commissioner shall timely create and publish a list of assuming insurers that have satisfied the conditions set forth in this section and to which cessions shall be granted credit in accordance with this section.

1. If an NAIC accredited jurisdiction has determined that the conditions set forth in Subsection C have been met, the Commissioner has the discretion to defer to that jurisdiction's determination, and add such assuming insurer to the list of assuming insurers to which cessions shall be granted credit in accordance with this subsection. The Commissioner may accept financial documentation filed with another NAIC accredited jurisdiction or with the NAIC in satisfaction of the requirements of Subsection C.

2. When requesting that the Commissioner defer to another NAIC accredited jurisdiction's determination, an assuming insurer must submit a properly executed Form RJ-1 and additional information as the Commissioner may require. A state that has received such a request will notify other states through the NAIC Committee Process and provide relevant information with respect to the determination of eligibility.

F. If the Commissioner determines that an assuming insurer no longer meets one or more of the requirements under this section, the Commissioner may revoke or suspend the eligibility of the assuming insurer for recognition under this section.

1. While an assuming insurer's eligibility is suspended, no reinsurance agreement issued, amended or renewed after the effective date of the suspension qualifies for credit except to the extent that the assuming insurer's obligations under the contract are secured in accordance with Section 11.

2. If an assuming insurer's eligibility is revoked, no credit for reinsurance may be granted after the effective date of the revocation with respect to any reinsurance agreements entered into by the assuming insurer, including reinsurance agreements entered into prior to the date of revocation, except to the extent that the assuming insurer's obligations under the contract are secured in a form acceptable to the Commissioner and consistent with the provisions of Section 11.

G. Before denying statement credit or imposing a requirement to post security with respect to Section 9F of this regulation or adopting any similar requirement that will have substantially the same regulatory impact as security, the Commissioner shall:

1. Communicate with the ceding insurer, the assuming insurer, and the assuming insurer's supervisory authority that the assuming insurer no longer satisfies one of the conditions listed in Subsection C of this section;

2. Provide the assuming insurer with 30 days from the initial communication to submit a plan to remedy the defect, and 90 days from the initial communication to remedy the defect, except in exceptional circumstances in which a shorter period is necessary for policyholder and other consumer protection;

3. After the expiration of 90 days or less, as set out in Paragraph (2), if the Commissioner determines that no or insufficient action was taken by the assuming insurer, the Commissioner may impose any of the requirements as set out in this subsection; and

4. Provide a written explanation to the assuming insurer of any of the requirements set out in this subsection.

H. If subject to a legal process of rehabilitation, liquidation or conservation, as applicable, the ceding insurer, or its representative, may seek and, if determined appropriate by the court in which the proceedings are pending, may obtain an order requiring that the assuming insurer post security for all outstanding liabilities.

Section 10 Credit for Reinsurance Required by Law

Pursuant to Section 10-3-702(7), C.R.S., the Commissioner shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of Section 10-3-702(2,3,4,5,6, or 6.5), C.R.S., but only as to the insurance of risks located in jurisdictions where the reinsurance is required by the applicable law or regulation of that jurisdiction. As used in this section, "jurisdiction" means state, district or territory of the United States and any lawful national government.

Section 11 Asset or Reduction from Liability for Reinsurance Ceded to an Unauthorized Assuming Insurer not Meeting the Requirements of Sections 4 through 10

A. Pursuant to Section 10-3-703, C.R.S., the Commissioner shall allow a reduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of Section 10-3-702, et. seq., C.R.S. in an amount not exceeding the liabilities carried by the ceding insurer. The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the exclusive benefit of the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations under the reinsurance contract. The security shall be held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer or, in the case of a trust, held in a qualified United States financial institution as defined in Section 10-3-704(2), C.R.S. This security may be in the form of any of the following:

1. Cash;

2. Securities listed by the Securities Valuation Office of the NAIC, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office, and qualifying as admitted assets;

3. Clean, irrevocable, unconditional and "evergreen" letters of credit issued or confirmed by a qualified United States institution, as defined in Section 10-3-704(1), C.R.S., effective no later than December 31 of the year for which filing is being made, and in the possession of, or in trust for, the ceding insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs; or

4. Any other form of security acceptable to the Commissioner.

B. An admitted asset or a reduction from liability for reinsurance ceded to an unauthorized assuming insurer pursuant to this section shall be allowed only when the requirements of Section -15 and the applicable portions of Sections 12, 13 or 14 of this regulation have been satisfied.

Section 12 Trust Agreements Qualified under Section 11

A. As used in this section:

1. “Beneficiary” means the entity for whose sole benefit the trust has been established and any successor of the beneficiary by operation of law. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes and is limited to the court appointed domiciliary receiver (including conservator, rehabilitator or liquidator).

2. “Grantor” means the entity that has established a trust for the sole benefit of the beneficiary. When established in conjunction with a reinsurance agreement, the grantor is the unlicensed, unaccredited assuming insurer.

3. “Obligations,” as used in Subsection B(11) of this section means:

a. Reinsured losses and allocated loss expenses paid by the ceding company, but not recovered from the assuming insurer;

b. Reserves for reinsured losses reported and outstanding;

c. Reserves for reinsured losses incurred but not reported; and

d. Reserves for allocated reinsured loss expenses and unearned premiums.

B. Required conditions.

1. The trust agreement shall be entered into between the beneficiary, the grantor and a trustee, which shall be a qualified United States financial institution as defined in Section 10-3-704(2), C.R.S.

2. The trust agreement shall create a trust account into which assets shall be deposited.

3. All assets in the trust account shall be held by the trustee at the trustee’s office in the United States.

4. The trust agreement shall provide that:

a. The beneficiary shall have the right to withdraw assets from the trust account at any time, without notice to the grantor, subject only to written notice from the beneficiary to the trustee;

b. No other statement or document is required to be presented to withdraw assets, except that the beneficiary may be required to acknowledge receipt of withdrawn assets;

c. It is not subject to any conditions or qualifications outside of the trust agreement; and

d. It shall not contain references to any other agreements or documents except as provided for in Paragraphs (11) and (12) of this subsection.

5. The trust agreement shall be established for the sole benefit of the beneficiary.

6. The trust agreement shall require the trustee to:

a. Receive assets and hold all assets in a safe place;

b. Determine that all assets are in such form that the beneficiary, or the trustee upon direction by the beneficiary, may whenever necessary negotiate any such assets, without consent or signature from the grantor or any other person or entity;

c. Furnish to the grantor and the beneficiary a statement of all assets in the trust account upon its inception and at intervals no less frequent than the end of each calendar quarter;

d. Notify the grantor and the beneficiary within ten (10) days, of any deposits to or withdrawals from the trust account;

e. Upon written demand of the beneficiary, immediately take any and all steps necessary to transfer absolutely and unequivocally all right, title and interest in the assets held in the trust account to the beneficiary and deliver physical custody of the assets to the beneficiary; and

f. Allow no substitutions or withdrawals of assets from the trust account, except on written instructions from the beneficiary, except that the trustee may, without the consent of but with notice to the beneficiary, upon call or maturity of any trust asset, withdraw such asset upon condition that the proceeds are paid into the trust account.

7. The trust agreement shall provide that at least thirty (30) days, but not more than forty-five (45) days, prior to termination of the trust account, written notification of termination shall be delivered by the trustee to the beneficiary.

8. The trust agreement shall be made subject to and governed by the laws of the state in which the trust is domiciled.

9. The trust agreement shall prohibit invasion of the trust corpus for the purpose of paying commission to, or reimbursing the expenses of, the trustee. In order for a letter of credit to qualify as an asset of the trust, the trustee shall have the right and the obligation pursuant to the deed of trust or some other binding agreement (as duly approved by the Commissioner), to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced.

10. The trust agreement shall provide that the trustee shall be liable for its negligence, willful misconduct or lack of good faith. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall be deemed to be negligence and/or willful misconduct.

11. Notwithstanding other provisions of this regulation, when a trust agreement is established in conjunction with a reinsurance agreement covering risks other than life, annuities and accident and health, where it is customary practice to provide a trust agreement for a specific purpose, the trust agreement may provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes:

a. To pay or reimburse the ceding insurer for the assuming insurer’s share under the specific reinsurance agreement regarding any losses and allocated loss

expenses paid by the ceding insurer, but not recovered from the assuming insurer, or for unearned premiums due to the ceding insurer if not otherwise paid by the assuming insurer;

b. To make payment to the assuming insurer of any amounts held in the trust account that exceed 102 percent of the actual amount required to fund the assuming insurer's obligations under the specific reinsurance agreement; or

c. Where the ceding insurer has received notification of termination of the trust account and where the assuming insurer's entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the obligations and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified U.S. financial institution as defined in Section 10-3-704(2), C.R.S. apart from its general assets, in trust for such uses and purposes specified in Subparagraphs (a) and (b) above as may remain executory after such withdrawal and for any period after the termination date.

12. Notwithstanding other provisions of this regulation, when a trust agreement is established to meet the requirements of Section 11 in conjunction with a reinsurance agreement covering life, annuities or accident and health risks, where it is customary to provide a trust agreement for a specific purpose, the trust agreement may provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes:

a. To pay or reimburse the ceding insurer for:

(1) The assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of the policies; and

(2) The assuming insurer's share under the specific reinsurance agreement of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurer, under the terms and provisions of the policies reinsured under the reinsurance agreement;

b. To pay to the assuming insurer amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer; or

c. Where the ceding insurer has received notification of termination of the trust and where the assuming insurer's entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the assuming insurer's share of liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer, and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified U.S. financial institution apart from its general assets, in trust for the uses and purposes specified in Subparagraphs (a) and (b) of this paragraph as may remain executory after withdrawal and for any period after the termination date.

13. Either the reinsurance agreement or the trust agreement must stipulate that assets deposited in the trust account shall be valued according to their current fair market value

and shall consist only of cash in United States dollars, certificates of deposit issued by a United States bank and payable in United States dollars, and investments permitted by the Insurance Code or any combination of the above, provided investments in or issued by an entity controlling, controlled by or under common control with either the grantor or the beneficiary of the trust shall not exceed five percent (5%) of total investments. The agreement may further specify the types of investments to be deposited. If the reinsurance agreement covers life, annuities or accident and health risks, then the provisions required by this paragraph must be included in the reinsurance agreement.

C. Permitted conditions.

1. The trust agreement may provide that the trustee may resign upon delivery of a written notice of resignation, effective not less than ninety (90) days after the beneficiary and grantor receive the notice and that the trustee may be removed by the grantor by delivery to the trustee and the beneficiary of a written notice of removal, effective not less than ninety (90) days after the trustee and the beneficiary receive the notice, provided that no such resignation or removal shall be effective until a successor trustee has been duly appointed and approved by the beneficiary and the grantor and all assets in the trust have been duly transferred to the new trustee.

2. The grantor may have the full and unqualified right to vote any shares of stock in the trust account and to receive from time to time payments of any dividends or interest upon any shares of stock or obligations included in the trust account. Any interest or dividends shall be either forwarded promptly upon receipt to the grantor or deposited in a separate account established in the grantor's name.

3. The trustee may be given authority to invest, and accept substitutions of, any funds in the account, provided that no investment or substitution shall be made without prior approval of the beneficiary, unless the trust agreement specifies categories of investments acceptable to the beneficiary and authorizes the trustee to invest funds and to accept substitutions that the trustee determines are at least equal in current fair market value to the assets withdrawn and that are consistent with the restrictions in Subsection D(1)(b) of this section.

4. The trust agreement may provide that the beneficiary may at any time designate a party to which all or part of the trust assets are to be transferred. Transfer may be conditioned upon the trustee receiving, prior to or simultaneously, other specified assets.

5. The trust agreement may provide that, upon termination of the trust account, all assets not previously withdrawn by the beneficiary shall, with written approval by the beneficiary, be delivered over to the grantor.

D. Additional conditions applicable to reinsurance agreements:

1. A reinsurance agreement may contain provisions that:

a. Require the assuming insurer to enter into a trust agreement and to establish a trust account for the benefit of the ceding insurer, and specifying what the agreement is to cover;

b. Require the assuming insurer, prior to depositing assets with the trustee, to execute assignments or endorsements in blank, or to transfer legal title to the trustee of all shares, obligations or any other assets requiring assignments, in order that the ceding insurer, or the trustee upon the direction of the ceding

insurer, may whenever necessary negotiate these assets without consent or signature from the assuming insurer or any other entity;

c. Require that all settlements of account between the ceding insurer and the assuming insurer be made in cash or its equivalent; and

d. Stipulate that the assuming insurer and the ceding insurer agree that the assets in the trust account, established pursuant to the provisions of the reinsurance agreement, may be withdrawn by the ceding insurer at any time, notwithstanding any other provisions in the reinsurance agreement, and shall be utilized and applied by the ceding insurer or its successors in interest by operation of law, including without limitation any liquidator, rehabilitator, receiver or conservator of such company, without diminution because of insolvency on the part of the ceding insurer or the assuming insurer, only for the following purposes:

(1) To pay or reimburse the ceding insurer for:

(a) The assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement because of cancellations of such policies;

(b) The assuming insurer's share of surrenders and benefits or losses paid by the ceding insurer pursuant to the provisions of the policies reinsured under the reinsurance agreement; and

(c) Any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer;

(2) To make payment to the assuming insurer of amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer.

2. The reinsurance agreement also may contain provisions that:

a. Give the assuming insurer the right to seek approval from the ceding insurer, which shall not be unreasonably or arbitrarily withheld, to withdraw from the trust account all or any part of the trust assets and transfer those assets to the assuming insurer, provided:

(1) The assuming insurer shall, at the time of withdrawal, replace the withdrawn assets with other qualified assets having a current fair market value equal to the market value of the assets withdrawn so as to maintain at all times the deposit in the required amount; or

(2) After withdrawal and transfer, the current fair market value of the trust account is no less than 102 percent of the required amount.

b. Provide for the return of any amount withdrawn in excess of the actual amounts required for Paragraph (1)(d) of this subsection, and for interest payments at a rate not in excess of the prime rate of interest on such amounts;

c. Permit the award by any arbitration panel or court of competent jurisdiction of:

(1) Interest at a rate different from that provided in Subparagraph (b) of this paragraph;

(2) Court or arbitration costs;

(3) Attorney's fees; and

(4) Any other reasonable expenses.

E. Financial reporting. A trust agreement may be used to reduce any liability for reinsurance ceded to an unauthorized assuming insurer in financial statements required to be filed with this department in compliance with the provisions of this regulation when established on or before the date of filing of the financial statement of the ceding insurer. Further, the reduction for the existence of an acceptable trust account may be up to the current fair market value of acceptable assets available to be withdrawn from the trust account at that time, but such reduction shall be no greater than the specific obligations under the reinsurance agreement that the trust account was established to secure.

F. Existing agreements. Notwithstanding the effective date of this regulation, any trust agreement or underlying reinsurance agreement in existence prior to January 1, 2015 will continue to be acceptable until January 1, 2016, at which time the agreements will have to fully comply with this regulation for the trust agreement to be acceptable.

G. The failure of any trust agreement to specifically identify the beneficiary as defined in Subsection A of this section shall not be construed to affect any actions or rights that the Commissioner may take or possess pursuant to the provisions of the laws of this state.

Section 13 Letters of Credit Qualified under Section 11

A. The letter of credit must be clean, irrevocable, unconditional and issued or confirmed by a qualified United States financial institution as defined in Section 10-3-704(1), C.R.S. The letter of credit shall contain an issue date and expiration date and shall stipulate that the beneficiary need only draw a sight draft under the letter of credit and present it to obtain funds and that no other document need be presented. The letter of credit also shall indicate that it is not subject to any condition or qualifications outside of the letter of credit. In addition, the letter of credit itself shall not contain reference to any other agreements, documents or entities, except as provided in Subsection H(1) of this section. As used in this section, "beneficiary" means the domestic insurer for whose benefit the letter of credit has been established and any successor of the beneficiary by operation of law. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes and is limited to the court appointed domiciliary receiver (including conservator, rehabilitator or liquidator).

B. The heading of the letter of credit may include a boxed section containing the name of the applicant and other appropriate notations to provide a reference for the letter of credit. The boxed section shall be clearly marked to indicate that such information is for internal identification purposes only.

C. The letter of credit shall contain a statement to the effect that the obligation of the qualified United States financial institution under the letter of credit is in no way contingent upon reimbursement with respect thereto.

D. The term of the letter of credit shall be for at least one year and shall contain an "evergreen clause" that prevents the expiration of the letter of credit without due notice from the issuer. The "evergreen clause" shall provide for a period of no less than thirty (30) days notice prior to expiration date or nonrenewal.

E. The letter of credit shall state whether it is subject to and governed by the laws of this state or the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), or any successor publication, and all drafts drawn thereunder shall be presentable at an office in the United States of a qualified United States financial institution.

F. If the letter of credit is made subject to the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), or any successor publication, then the letter of credit shall specifically address and provide for an extension of time to draw against the letter of credit in the event that one or more of the occurrences specified in Article 36 of Publication 600 or any other successor publication, occur.

G. If the letter of credit is issued by a financial institution authorized to issue letters of credit, other than a qualified United States financial institution as described in Subsection A of this section, then the following additional requirements shall be met:

1. The issuing financial institution shall formally designate the confirming qualified United States financial institution as its agent for the receipt and payment of the drafts; and

2. The “evergreen clause” shall provide for thirty (30) days notice prior to expiration date for nonrenewal.

H. Reinsurance agreement provisions.

1. The reinsurance agreement in conjunction with which the letter of credit is obtained may contain provisions that:

a. Require the assuming insurer to provide letters of credit to the ceding insurer and specify what they are to cover;

b. Stipulate that the assuming insurer and ceding insurer agree that the letter of credit provided by the assuming insurer pursuant to the provisions of the reinsurance agreement may be drawn upon at any time, notwithstanding any other provisions in the agreement, and shall be utilized by the ceding insurer or its successors in interest only for one or more of the following reasons:

(1) To pay or reimburse the ceding insurer for:

(a) The assuming insurer’s share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurers, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of such policies;

(b) The assuming insurer’s share, under the specific reinsurance agreement, of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurers, under the terms and provisions of the policies reinsured under the reinsurance agreement; and

(c) Any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer;

(2) Where the letter of credit will expire without renewal or be reduced or replaced by a letter of credit for a reduced amount and where the assuming insurer's entire obligations under the reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the assuming insurer's share of the liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer and exceed the amount of any reduced or replacement letter of credit, and deposit those amounts in a separate account in the name of the ceding insurer in a qualified U.S. financial institution apart from its general assets, in trust for such uses and purposes specified in Subsection H(1)(b)(1) of this section as may remain after withdrawal and for any period after the termination date.

c. All of the provisions of Paragraph (1) of this subsection shall be applied without diminution because of insolvency on the part of the ceding insurer or assuming insurer.

2. Nothing contained in Paragraph (1) of this subsection shall preclude the ceding insurer and assuming insurer from providing for:

a. An interest payment, at a rate not in excess of the prime rate of interest, on the amounts held pursuant to Subparagraph (1)(b) of this subsection; or

b. The return of any amounts drawn down on the letters of credit in excess of the actual amounts required for the above or any amounts that are subsequently determined not to be due.

Section 14 Other Security

A ceding insurer may take credit for unencumbered funds withheld by the ceding insurer in the United States subject to withdrawal solely by the ceding insurer and under its exclusive control.

Section 15 Reinsurance Contract

Credit will not be granted, nor an asset or reduction from liability allowed, to a ceding insurer for reinsurance effected with assuming insurers meeting the requirements of Sections 4, 5, 6, 7, 8, 9 or 11 of this regulation or otherwise in compliance with Section 10-3-702, et. seq. after the adoption of this regulation unless the reinsurance agreement:

A. Includes a proper insolvency clause, which stipulates that reinsurance is payable directly to the liquidator or successor without diminution regardless of the status of the ceding company, pursuant to Section 10-3-531, C.R.S.;

B. Includes a provision pursuant to Section 10-3-702, et. seq., whereby the assuming insurer, if an unauthorized assuming insurer, has submitted to the jurisdiction of an alternative dispute resolution panel or court of competent jurisdiction within the United States, has agreed to comply with all requirements necessary to give the court or panel jurisdiction, has designated an agent upon whom service of process may be effected, and has agreed to abide by the final decision of the court or panel; and

C. Includes a proper reinsurance intermediary clause, if applicable, which stipulates that the credit risk for the intermediary is carried by the assuming insurer.

Section 16 Contracts Affected

All new and renewal reinsurance transactions entered into after January 1, 2015, shall conform to the requirements of Sections 10-3-701 through 10-3-706, C.R.S., and this regulation if credit is to be given to the ceding insurer for such reinsurance.

Section 17 Severability

If any provision of this regulation or the application of it to any person or circumstance is for any reason held to be invalid, the remainder of this regulation shall not be affected.

Section 18 Enforcement

Noncompliance with this regulation may result in the imposition of any of the sanctions made available in the Colorado statutes pertaining to the business of insurance, or other laws, which include the imposition of civil penalties, issuance of cease and desist orders, and/or suspensions or revocation of license, subject to the requirements of due process.

Section 19 Effective Date

This regulation shall become effective on January 1, 2022.

Section 20 History

Regulation effective January 1, 2007.
Repealed and repromulgated regulation effective January 1, 2015.
Amended regulation effective January 1, 2022.

(name of officer) (title of officer)

of _____, the assuming insurer (name of assuming insurer)

under a reinsurance agreement with one or more insurers domiciled in _____, in order to be considered for approval in this state, hereby certify that (name of state)

_____ ("Assuming Insurer"): (name of assuming insurer)

1. Submits to the jurisdiction of any court of competent jurisdiction in _____ (ceding insurer's state of domicile) for the adjudication of any issues arising out of the reinsurance agreement, agrees to comply with all requirements necessary to give such court jurisdiction, and will abide by the final decision of such court or any appellate court in the event of an appeal. Nothing in this paragraph constitutes or should be understood to constitute a waiver of Assuming Insurer's rights to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States or of any state in the United States. This paragraph is not intended to conflict with or override the obligation of the parties to the reinsurance agreement to arbitrate their disputes if such an obligation is created in the agreement.

2. Designates the Insurance Commissioner of _____ (ceding insurer's state of domicile) as its lawful attorney upon whom may be served any lawful process in any action, suit or proceeding arising out of the reinsurance agreement instituted by or on behalf of the ceding insurer.

3. Agrees to provide security in an amount equal to 100% of liabilities attributable to U.S. ceding insurers if it resists enforcement of a final U.S. judgment or properly enforceable arbitration award.

4. Agrees to provide notification within 10 days of any regulatory actions taken against it, any change in the provisions of its domiciliary license or any change in its rating by an approved rating agency, including a statement describing such changes and the reasons therefore.

5. Agrees to annually file information comparable to relevant provisions of the NAIC financial statement for use by insurance markets in accordance with Section 10-3-701, et. seq.

6. Agrees to annually file the report of the independent auditor on the financial statements of the insurance enterprise.

7. Agrees to annually file audited financial statements, regulatory filings, and actuarial opinion in accordance with Colorado Insurance Regulation 3-3-3(Section 8(B)(7)(d)).

8. Agrees to annually file an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from U.S. domestic ceding insurers.

9. Is in good standing as an insurer or reinsurer with the supervisor of its domiciliary jurisdiction.

FORM RJ-1

CERTIFICATE OF REINSURER DOMICILED IN RECIPROCAL JURISDICTION

I, _____, _____
(name of officer) (title of officer)

of _____, the assuming
insurer (name of assuming insurer)

under a reinsurance agreement with one or more insurers domiciled in _____, in order to
(name of state)

be considered for approval in this state, hereby certify that _____ ("Assuming Insurer"):
(name of assuming insurer)

1. Submits to the jurisdiction of any court of competent jurisdiction in Colorado for the adjudication of any issues arising out of the reinsurance agreement, agrees to comply with all requirements necessary to give such court jurisdiction, and will abide by the final decision of such court or any appellate court in the event of an appeal. The assuming insurer agrees that it will include such consent in each reinsurance agreement, if requested by the Commissioner. Nothing in this paragraph constitutes or should be understood to constitute a waiver of assuming insurer's rights to commence an action in any court of competent jurisdiction in the United States, to remove an action to a United States District Court, or to seek a transfer of a case to another court as permitted by the laws of the United States or of any state in the United States. This paragraph is not intended to conflict with or override the obligation of the parties to the reinsurance agreement to arbitrate their disputes if such an obligation is created in the agreement, except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws.

2. Designates the Insurance Commissioner of Colorado as its lawful attorney in and for the Colorado upon whom may be served any lawful process in any action, suit or proceeding in this state arising out of the reinsurance agreement instituted by or on behalf of the ceding insurer.

3. Agrees to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer, that have been declared enforceable in the territory where the judgment was obtained.

4. Agrees to provide prompt written notice and explanation if it falls below the minimum capital and surplus or capital or surplus ratio, or if any regulatory action is taken against it for serious noncompliance with applicable law.

5. Confirms that it is not presently participating in any solvent scheme of arrangement, which involves insurers domiciled in Colorado. If the assuming insurer enters into such an arrangement, the assuming insurer agrees to notify the ceding insurer and the Commissioner, and to provide 100% security to the ceding insurer consistent with the terms of the scheme.

6. Agrees that in each reinsurance agreement it will provide security in an amount equal to 100% of the assuming insurer's liabilities attributable to reinsurance ceded pursuant to that agreement if the assuming insurer resists enforcement of a final U.S. judgment, that is enforceable under the law of the territory in which it was obtained, or a properly enforceable arbitration award whether obtained by the ceding insurer or by its resolution estate, if applicable.

7. Agrees to provide the documentation in accordance with Colorado Insurance Regulation 3-3-3(Section 9(C)(5)), if requested by the Commissioner.

3 CCR 702-4

LIFE ACCIDENT AND HEALTH

Amended Regulation 4-2-74

CONCERNING DATA REPORTING REQUIREMENTS FOR CARRIERS' OUT-OF-NETWORK REIMBURSEMENTS

Section 1 Authority

This regulation is promulgated and adopted by the Commissioner of Insurance under the authority of §§ 10-1-109(1), 10-16-109, and 10-16-704(14), and 10-16-708, C.R.S.

Section 2 Scope and Purpose

The purpose of this regulation is to establish data reporting requirements for carriers concerning the use of out-of-network providers and facilities and the impact on premium affordability as required by HB 19-1174, 10-16-704(14), C.R.S.

Section 3 Applicability

This regulation applies to carriers offering individual, small group and large group health benefit plans, including student health plans and managed care plans, that receive bills from out-of-network providers and facilities on or after January 1, 2020, and that are subject to the requirements of 10-16-704(3)(d) and (5.5), C.R.S.

Section 4 Definitions

A. "Ambulance services" shall have the same meaning as found at § 25-3.5-103(3), C.R.S., and for the purposes of this regulation, does not include publicly funded fire agencies.

B. "Carrier" shall have the same meaning as found at § 10-16-102(8), C.R.S.

C. "Facility type" means, for the purposes of this regulation and reporting purposes, the following facility categories:

1. Hospitals licensed pursuant to part 1 of article 3 of title 25; and,

2. Freestanding Emergency Departments, as defined at § 25-1.5-114(5)(a), C.R.S.

D. “Geographic area” means, for the purposes of this regulation, the geographic area established by the Division for out-of-network reimbursements pursuant to § 10-16-704, C.R.S. and found in Colorado Insurance Regulation 4-2-66.

E. “Health benefit plan” shall have the same meaning as found at § 10-16-102(32), C.R.S.\

F. “Managed care plan” shall have the same meaning as found at § 10-16-102(43), C.R.S.

G. “Publicly funded fire agency” means, for the purposes of this regulation, an ambulance service provider that has been established as part of a fire protection district, health services district, municipality, special tax district, or other government entity.

H. “Provider” shall have the same meaning as found at § 10-16-102(56), C.R.S.

Section 5 Data Reporting Requirements for Out-of-network Reimbursements

A. On or before March 1 of each year, carriers shall report the data in Sections 5.B through 5.F for January 1 through December 31 of the preceding year.

B. Provider data

Carriers shall provide the Division with the following aggregated out-of-network claims data, by geographic area, concerning claims processed for non-emergency services received at an in-network facility by an out-of-network provider, and concerning claims processed for emergency services received at an out-of-network facility, that include:

1. The total amount charged by and paid to the following out-of-network provider types:

   a. Anesthesiologists;

   b. Radiologists;

   c. Surgical Assistants;

   d. Emergency Room Physicians; and

   e. Pathologists.

2. The total amount charged by and paid to the top five out-of-network provider types, by total spend, exclusive of the provider types identified in Section 5.B.1., that with Section 5.B.2. results in reporting on a total of ten out-of-network provider types;

3. The number of claims denied or resolved by the out-of-network provider types identified in Section 5.B.1. and 2., including a list of reasons for claims denial and the number of claims denied for each reason based on the below classifications;

   a. Duplicate charge; claims denied because of a duplicate charge from the provider.

   b. Enrollment and eligibility: claims denied because the member was no longer eligible, member had coverage with another carrier, or member failed to make a premium payment.

c. Missing or incorrect claim: claims denied because of an invalid diagnosis code, incomplete information, claim was filed outside of a specified time limit, incorrectly billed, or because the provider was unresponsive.

d. Prior authorization: claims denied because the service was not authorized by the carrier or authorization was denied;

e. Benefit issue: claims denied because the service was determined not medically necessary, or the claim was incorrectly submitted without being bundled with another service; the service or procedure was not covered, or the service was outside the providers' scope of practice.

4. The total number of out-of-network claims processed;

5. The total number and amount allowed prior to the application of the covered person's cost-sharing requirements for each of the payment methodologies contained in § 10-16-704(3)(d), C.R.S., including the number and amount of any negotiated alternative reimbursements;

6. The ratio of total out-of-network claims to in-network claims processed by number and dollar amount;

7. The ratio of total out-of-network claims to in-network claims processed by number. The ratio of total out-of-network claims to in-network claims processed by dollar amount as a percentage of Medicare reimbursement; and,

8. The ratio of total out-of-network claims to in-network claims for the provider types identified in Section 5.B.1. and 2.

C. Facility Data

Carriers shall provide the Division with the following data elements, by geographic area, concerning claims for covered emergency services at out-of-network facilities:

1. For services, by facility type:

a. Aggregated claims data that includes:

(1) The total amount charged;

(2) The total amount paid;

(3) The total number of claims denied or resolved; and,

(4) A list of reasons for claims denial and the number of claims denied for each reason based on the below classifications:

(a) Duplicate charge; claims denied because of a duplicate charge from the provider;

(b) Enrollment and eligibility: claims denied because the member was no longer eligible, member had coverage with another carrier, or member failed to make a premium payment;

(c) Missing or incorrect claim: claims denied because of an invalid diagnosis code, incomplete information, claim was filed outside of a specified time limit, incorrectly billed, or because the provider was unresponsive;

(d) Prior authorization: claims denied because the service was not authorized by the carrier or authorization was denied;

(e) Benefit issue: claims denied because the service was determined not medically necessary, or the claim was incorrectly submitted without being bundled with another service; the service or procedure was not covered, or the service was outside the providers' scope of practice.

b. The total number of out-of-network claims processed;

c. The total number and amount allowed prior to the application of the covered person's cost-sharing requirements for each of the payment methodologies contained in § 10-16-704(5.5)(b) C.R.S., including the number and amount of any negotiated alternative reimbursements;

d. The ratio of total out-of-network claims to in-network claims processed by number and dollar amount; and,

e. The ratio of total out-of-network claims to in-network claims processed by number. The ratio of total out-of-network claims to in-network claims processed by dollar amount as a percentage of Medicare reimbursement.

2. The financial data elements specified in this Section 5.C. for Denver Health and Hospital Authority shall be submitted in a separate report.

D. Ambulance Service Provider Data

Carriers shall provide the Division with the following data elements, by geographic area, concerning claims from out-of-network ambulance service providers processed in the previous calendar year, excluding those ambulance services provided by publicly funded fire agencies, for covered emergency services as defined in § 10-16-704(5.5)(e)(II), C.R.S.:

1. De-identified aggregated claims data that includes:

a. The total amount charged;

b. The total amount paid; and

c. The total number of claims denied or resolved.

2. The total number of out-of-network claims processed;

3. The total number and amount allowed prior to the application of the covered person's cost-sharing requirements for each of the methodologies contained in Colorado Insurance Regulation 4-2-66, Concerning the Payment Methodology for Non-Contracted Service Agencies that Provide Emergency Ambulance Services, including the number and amount of any negotiated alternative reimbursements; and,

4. The ratio of total out-of-network claims to in-network claims processed by number. The ratio of total out-of-network claims to in-network claims processed by dollar amount as a percentage of Medicare reimbursement.

5. Total number of unique contracted ambulance service providers and unique non-contracted ambulance service providers who submitted out-of-network claims to the carrier for payment.

E. Network Data

Each carrier shall submit the following data elements, by geographic area, regarding its health benefit plan networks marketed during the immediately prior plan year:

1. A narrative description of how the carrier's networks have changed due to the passage of HB 19-1174 and the factors that contributed to those changes, including a description of the changes in carrier's networks for providers listed in Section 5.B.1. and ambulance service providers.

2. Total number of unique non-contracted providers who submitted out-of-network claims to the carrier for payment by provider type, including ambulance service providers;

3. Total number of contracted providers for each unique provider type reported in sections 5.B.1 and 2.; and

4. Beginning with the report due by December 31, 2020, an explanation of the changes in the previous year's report for the numbers currently being reported for sections 5.E.2. and 3.

F. Premium Impact Comparison and Analysis

Carriers shall provide a detailed analysis of the impact of using out-of-network providers and facilities on premium affordability for consumers based on the data reported in Section 5., presented by market (individual, small group, large group), and by geographic area. The premium analysis shall compare premiums to determine the premium impact resulting from the passage of HB 19- 1174, and what the premium impact would be if that bill had not been passed, and must include, at a minimum:

1. Estimated total dollar amount of savings for out-of-network claims due to HB 19-1174;

2. An explanation of how total out-of-network paid claims savings due to the passage of HB19-1174 impacted premiums for consumers.

Section 6 Severability

If any provision of this regulation or the application of it to any person or circumstances is for any reason held to be invalid, the remainder of this regulation shall not be affected.

Section 7 Enforcement

Noncompliance with this regulation may result in the imposition of any of the sanctions made available in the Colorado statutes pertaining to the business of insurance, or other laws, which include the imposition of civil penalties, issuance of cease and desist orders, and/or suspensions or revocation of license, subject to the requirements of due process.

Section 8 Effective Date

This amended regulation shall be effective December 30, 2021

Section 9 History

New regulation effective December 15, 2020.
Amended regulation effective December 30, 2021

Amended Regulation 4-2-43

ENROLLMENT PERIODS RELATING TO INDIVIDUAL AND GROUP HEALTH BENEFIT PLANS

Section 1 Authority

This regulation is promulgated and adopted by the Commissioner of Insurance under the authority of §§ 10-1-109, 10-16-105(2)(b), 10-16-105.7(1)(e), 10-16-105.7(3)(a)(II)(G), 10-16-105.7(3)(b)(II)(F), 10-16-105.7(3)(c), 10-16-108.5(8), and 10-16-109, C.R.S.

Section 2 Scope and Purpose

The purpose of this regulation is to establish rules governing enrollment periods for individual and group health benefit plans in accordance with Article 16 of Title 10 of Colorado Revised Statutes and the Patient Protection and Affordable Care Act of 2010, Pub. L. No. 111-148, 124 Stat. 119 (2010), and the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152, 124 Stat. 1029 (2010), together referred to as the “Affordable Care Act” (ACA).

Section 3 Applicability

This regulation shall apply to all carriers offering individual and/or group health benefit plans subject to the individual and/or group laws of Colorado and the requirements of the ACA.

Section 4 Definitions

A. “Calendar year” means, for the purpose of this regulation, a year beginning on January 1 and ending on December 31.

B. "Carrier" shall have the same meaning as found at § 10-16-102(8), C.R.S.

C. “Creditable coverage” shall have the same meaning as found at § 10-16-102(16), C.R.S.

D. “Days” mean, for the purpose of this regulation, calendar days, not business days.

E. “Designated beneficiary agreement” shall have the same meaning as found at § 15-22-103(2), C.R.S.

F. “Exchange” shall have the same meaning as found at § 10-16-102(26), C.R.S.

G. “Health benefit plan” shall have the same meaning as found at § 10-16-102(32), C.R.S.

H. “Qualified health plan” or “QHP” means, for the purposes of this regulation, a health benefit plan that has been reviewed and approved by the Division of Insurance as meeting the standards necessary to be considered an ACA-compliant health benefit plan.

I. “Qualified individual” means, for the purpose of this regulation, an individual who has been determined eligible to enroll through the Exchange in a QHP in the individual market.

J. “Short-term limited duration health insurance policy” or “short-term policy” shall have the same meaning as found at § 10-16-102(60), C.R.S.

Section 5 Individual Enrollment Periods

A. Carriers offering individual health benefit plans must accept every eligible individual who applies for coverage, agrees to make the required premium payments, and to abide by the reasonable provisions of the plan, although carriers may choose to restrict enrollment to open or special enrollment periods.

B. Carriers offering individual health benefit plans must display continuously and prominently on their website:

1. Notice of open enrollment dates;

2. Notice of special enrollment for qualifying and triggering events;

3. Notice of the enrollment periods for each qualifying and triggering event; and

4. Instructions on how to enroll.

C. Open enrollment periods.

1. The open enrollment period for plans effective on or after January 1 shall begin on November 1 of the prior year and extend through January 15 of the immediately following year.

2 Carriers must ensure that coverage is effective on January 1 for health benefit plans purchased on or before December 15 of the open enrollment period.

3. Individual health benefit plans purchased beginning December 16 through January 15 shall be effective no later than February 1 of the plan year.

4. The benefit year for individual health benefit plans purchased during the annual open enrollment period is a calendar year.

5. During open enrollment periods, carriers must offer guarantee-issue child-only health benefit plans to all applicants under the age of 21.

D. Special enrollment periods.

Carriers must establish special enrollment periods for individuals who experience triggering events, pursuant to § 10-16-105.7, C.R.S.

1. Following a triggering event, a carrier must provide a special enrollment period of sixty (60) days.

2. When an individual is notified or becomes aware of a triggering event that will occur in the future, they may apply for enrollment in a new health benefit plan during the thirty (30) calendar days prior to the date of the triggering event, unless otherwise noted in Section 5.D.4., with coverage beginning no earlier than the day the triggering event occurs, to avoid a gap in coverage. The individual may be required to provide written documentation to support the date of the triggering event. The effective date of this enrollment must comply with the coverage effective dates found in Section 5.D.6. of this regulation.

3. When a qualified individual is notified or becomes aware of a triggering event that will occur in the future, they may apply for enrollment in a new health benefit plan during the sixty (60) calendar days prior to the date of the triggering event, with coverage beginning no earlier than the day the triggering event occurs, to avoid a gap in coverage. The individual may be required to provide written documentation to support the date of the triggering event. The effective date of this enrollment must comply with the coverage effective dates found in Section 5.D.6. of this regulation.

4. Triggering events are:

    a. An individual or their dependent involuntarily losing existing creditable coverage for any reason other than fraud, misrepresentation, or failure to pay a premium. Such individual or dependent may apply for enrollment in a new health benefit plan during the sixty (60) calendar days before the effective date of the loss of coverage;

    b. An individual or their dependent loses pregnancy-related Medicaid coverage. The date of the loss of coverage is the last day the consumer would have pregnancy-related Medicaid coverage;

    c. When an Exchange enrollee loses a dependent or is no longer considered a dependent through divorce or legal separation as defined by state law in the state in which the divorce or legal separation occurs, or if the Exchange enrollee, or their dependent, dies;

    d. An individual or their dependent losing other coverage as described under Section 1902(a)(10)(C) of the Social Security Act (42 U.S.C. § 301 et seq.). Such individual or dependent may apply once during a calendar year for enrollment in a new health benefit plan during the sixty (60) calendar days before and after the effective date of the loss of coverage;

    e. An individual gaining a dependent or becoming a dependent through marriage, civil union, birth, adoption, or placement for adoption, placement in foster care, through a child support order or other court order, or by entering into a designated beneficiary agreement if the carrier offers coverage to designated beneficiaries;

    f. An individual’s or their dependent’s enrollment or non-enrollment in a health benefit plan that is unintentional, inadvertent or erroneous and is the result of an error, misrepresentation, or inaction of the carrier, producer, or the Exchange;

g. An individual or their dependent demonstrating to the Commissioner that the health benefit plan in which the individual is enrolled has substantially violated a material provision of its contract in relation to the individual or their dependent;

h. A qualified individual who:

(1) Becomes newly eligible, or an Exchange enrollee who is newly eligible or ineligible, for the federal advance premium tax credit or has a change in eligibility for cost-sharing reductions available through the Exchange;

(2) Has a dependent enrolled in the same qualified health plan who is determined to be newly eligible or ineligible for the federal advance premium tax credit or has a change in eligibility for cost-sharing reductions available through the Exchange;

(3) Becomes newly eligible, or their dependent becomes newly eligible, for enrollment in a QHP through the Exchange because they have been released from incarceration;

(4) Was previously ineligible for federal premium tax credit solely because of a household income below one hundred percent (100%) of the Federal Poverty Level and who, during the same timeframe, was ineligible for Medicaid because they were living in a non-Medicaid expansion state, who either experiences a change in household income or moves to a different state resulting in the qualified individual becoming newly eligible for advance payments of the federal premium tax credit;

(5) Is enrolled, or has a dependent enrolled, in an eligible employer-sponsored plan and is determined to be newly eligible for the federal advance premium tax credit based in part on a finding that such individual is ineligible for coverage in an eligible employer-sponsored plan that provides minimum creditable coverage, including as a result of their employer discontinuing or changing coverage within the next sixty (60) days, provided the enrollee is able to terminate their existing coverage. This enrollee may apply for enrollment in a new health benefit plan during the sixty (60) calendar days before and after the effective date of the loss of coverage;

(6) Is found eligible for financial assistance for health coverage by Connect for Health Colorado, having indicated by the tax deadline on a Colorado Individual Income Tax Form that they are interested in learning more about free or reduced health coverage.

(7) Did not receive timely notice of an event that triggers eligibility for a special enrollment period, and otherwise was reasonably unaware that a triggering event described in Section 5.D.4 occurred, the Exchange must allow the individual, their dependent to select a new plan within sixty (60) days of the date that they knew, or reasonably should have known, of the occurrence of the triggering event; or

(8) Becomes eligible, or their dependent becomes eligible for advance payments of the premium tax credit and whose household income is expected to be no greater than 150 percent of the federal poverty level, may enroll in a QHP or change from one QHP to another one time per month during periods of time when the applicable individual's applicable

percentage for purposes of calculating the premium assistance amount is set at zero.

i. An individual or their dependent gaining access to other creditable coverage as a result of a permanent change in residence;

j. A parent or legal guardian dis-enrolling a dependent, or a dependent becoming ineligible for the Child Health Plan Plus (CHP+);

k. An individual becoming ineligible under the Colorado Medical Assistance Act (C.R.S. § 25.5-4-101 et seq.);

l. An individual, who was not previously a citizen, a national, or a lawfully present individual, gaining such status;

m An Indian, as defined by Section 4 of the Indian Health Care Improvement Act (25 U.S.C. § 1601 et seq.), or their dependent on the same application, may enroll in a qualified health plan or change from one qualified health plan to another one (1) time per month;

n. An individual or their dependent currently enrolled in an individual or group non-calendar year health benefit plan may apply for enrollment in a new health benefit plan during the sixty (60) calendar days prior to the effective date of the involuntary loss of coverage, which is the last day of the plan or policy year;

o. An individual who is a victim of domestic abuse or spousal abandonment, as defined by 26 C.F.R. § 1.36B-2T, including a dependent or unmarried victim within a household, who is enrolled in creditable coverage and seeks to enroll in coverage separate from the perpetrator of the abuse or abandonment;

p. An individual who is a dependent of a victim of domestic abuse or spousal abandonment, on the same application as the victim, may enroll in coverage at the same time as the victim;

q. An individual or their dependent who applies for coverage during the annual open enrollment period or due to a triggering event, and is assessed as potentially eligible for Medicaid or the Child Health Plan Plus (CHP+), and is determined ineligible for Medicaid or CHP+ either after open enrollment has ended or more than sixty (60) days after the triggering or qualifying event, or applies for coverage through a State Medicaid or CHP+ agency during the annual open enrollment period, and is determined ineligible for Medicaid or CHP+ after open enrollment has ended;

r. An individual, or their dependent, who has purchased an off-Exchange plan, adequately demonstrates to the Commissioner that a material error related to plan benefits, service area, or premium influenced the qualified individual's or enrollee's decision to purchase a QHP;

s. An individual, or their dependent, who has purchased an on-Exchange plan, adequately demonstrates to the Exchange that a material error related to plan benefits, service area, or premium influenced the qualified individual's or enrollee's decision to purchase a QHP;

t. An individual, or their dependent, adequately demonstrates to the Exchange, in accordance with 45 C.F.R. § 155.420(d)(9), that the individual meets other exceptional circumstances as the Exchange may provide;

u. An individual who has purchased a short-term limited duration health insurance policy in the past twelve (12) months and is unable, at the end of their policy term, to purchase another short-term policy from the same carrier due to that short-term policy carrier ceasing its sales of all short-term policies in Colorado on or after April 1, 2019. Such individuals may apply for enrollment in a new individual health benefit plan in accordance with Section 5.D. 1. and 2. of this regulation , or during the sixty (60) calendar days after the effective date of this regulation; or

v. In the event, an individual, or their dependent, is enrolled in COBRA (Consolidated Omnibus Budget Reconciliation Act) continuation coverage for which an employer is paying all or part of the premiums, or for which a government entity is providing subsidies, and the employer completely ceases its contributions to the qualified individual's or dependent's COBRA continuation coverage or government subsidies completely cease. The triggering event is the last day of the period for which COBRA continuation coverage is paid for or subsidized, in whole or in part, by an employer or government entity.

5. Special Enrollment Period Eligibility Verification and Prior Coverage Requirements

a. Carriers may establish a special enrollment period eligibility verification process to confirm that an individual applying for coverage through a special enrollment period is eligible for the requested special enrollment period. Carriers may delay the processing of an application or any enrollment documents or premium payments until after completion of verification of eligibility for the requested special enrollment period.

(1) For special enrollment period eligibility verification, carriers shall make the list of required documentation, relevant premium payment information, and the verification process and deadlines available on their website in a conspicuous manner, and encourage individuals to provide the required documentation with their request for a special enrollment.

(2) A carrier shall notify the applicant within fourteen (14) days of receipt of the application if the applicant did not provide sufficient documentation necessary to verify eligibility for the special enrollment period requested. The notice shall include information that a failure to provide the documentation will result in a denial of enrollment, and that coverage will not be issued until the required documentation confirming eligibility for the special enrollment period has been received.

(3) Individuals shall have no less than thirty (30) days from the date of the insufficient documentation notice to provide a carrier with sufficient documentation to establish eligibility for the requested special enrollment period.

(4) Carriers must make a verification determination within fourteen (14) days of receiving sufficient documentation in order to make an eligibility determination. If the verification determination is not made within the fourteen (14) day period, the individual shall be deemed verified and coverage shall be issued.

(5) A carrier must provide written notice to the individual of the outcome of the verification determination.

(6) The carrier may retroactively terminate or cancel an individual's enrollment if the carrier determines that the individual committed fraud or intentionally misrepresented their eligibility for a special enrollment period.

(7) A carrier is not required to provide thirty (30) days notice prior to denying, terminating, or cancelling an individual determined not to be eligible for a special enrollment period.

(8) A carrier shall notify an individual determined ineligible for a special enrollment period for an on-Exchange plan that they may appeal that decision with the Exchange, and the carrier shall respond to documentation requests from the Exchange concerning an appeal within seven (7) days of receiving that request.

(9) A carrier shall notify an individual determined ineligible for a special enrollment period for an off-Exchange plan that they may appeal that decision with the carrier and that they may appeal a carrier's final determination to the Division once the carrier's internal appeal process has been completed.

b. A carrier shall provide written confirmation of an individual's loss of creditable coverage to that individual within ten (10) business days of receiving such a request. The written confirmation must include the date of the loss of coverage and the reason for the loss of coverage.

c. The following documents shall constitute proof of a triggering event and sufficient documentation of eligibility for a special enrollment period:

(1) Evidence of gaining or becoming a dependent shall be considered sufficient if the individual produces one of the following documents:

(a) A marriage license, civil union certificate or common law documentation, if the gaining or becoming a dependent occurs due to marriage or civil union;

(b) A birth certificate, adoption documents, or foster care documents, if the gaining or becoming a dependent occurs due to birth, adoption, placement for adoption, or placement in foster care; or

(c) A court order or designated beneficiary documents, if the gaining or becoming a dependent occurs due to a court order.

(2) Evidence of losing a dependent or no longer being considered a dependent shall be considered sufficient if the individual produces:

(a) A copy of the death certificate or the obituary.

(b) Copies of the final divorce or separation documents.

(c) Proof of age and evidence of loss of creditable coverage when an individual turns 26 and is no longer eligible to be covered under a parent's health benefit plan.

(3) Evidence of a change in citizenship or immigration status shall be considered sufficient if the individual produces official documentation of the change.

(4) The following triggering events shall be confirmed by self-attestation:

(a) Evidence of an involuntary loss of credible coverage;

(b) Evidence of a permanent change in residence;

(c) Evidence of a material violation of a carrier's contract confirming eligibility for a special enrollment from the Division;

(d) Evidence of a status as American Indian/Native American; or

(e) Evidence of the termination of a short-term policy with an expiration date on or after April 1, 2019, that indicates that the carrier has exited the market, which includes, but is not limited to, written communication from the carrier or from a broker; or

(f) Evidence of the cessation of subsidies for COBRA or state continuation coverage.

(5) Any other documentation reasonably sufficient to verify eligibility for the special enrollment period requested.

d. Prior coverage requirements.

(1) For special enrollment period requests due to marriage or civil union, carriers may require that at least one individual demonstrate that they possessed minimum essential coverage for at least one (1) or more days during the sixty (60) days immediately preceding the date of the special enrollment period triggering event.

(2) For special enrollment period requests due to a permanent move, the requesting individual must demonstrate that they possessed minimum essential coverage for at least one (1) or more days during the sixty (60) days immediately preceding the date of the permanent move.

(3) If the requesting individual is unable to demonstrate that they possessed minimum essential coverage, carriers may require the requesting individual to demonstrate:

(a) They lived outside of the United States or in a United States territory for one (1) or more days during the sixty (60) days immediately preceding the date of the special enrollment period triggering event;

(b) They are an Indian, as defined by Section 4 of the Indian Health Care Improvement Act; or

(c) They lived for one (1) or more days during the sixty (60) days preceding the qualifying event or during his or her most recent preceding enrollment period in a service area where no qualified health plan was available through the Exchange.

e. The special enrollment period eligibility verification requirements do not apply to the special enrollment period found in Section 5.D.4.h.6.

6. Coverage effective dates will be:

a. In the case of marriage, civil union, or in the case where an individual loses creditable coverage, coverage must be effective no later than the first day of the month following plan selection.

b. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage must be effective on either:

(1) The date of the event; or

(2) The first day of the month following the birth, adoption, placement for adoption, or placement in foster care, if requested by the primary individual policyholder.

c. In the case of an involuntary loss of existing creditable coverage in accordance with Section 5.D.4.a. of this regulation, coverage shall become effective either:

(1) On the first day of the month following the triggering event if plan selection is made on or before the effective date of the triggering event;

(2) In accordance with the effective dates specified in Section 5.D.6.f. and g. of this regulation if a plan selection is made after the effective date of the triggering event; or

(3) At the option of the Exchange, on the first day of the month following plan selection when plan selection is made after a triggering event.

d. In the case of gaining a dependent or becoming a dependent through a court order, coverage shall become effective either:

(1) On the date the court order is effective; or

(2) In accordance with the effective dates specified in Section 5.D.6.f. and g. of this regulation at the election of the primary individual policyholder.

e. The effective date of coverage for triggering events found in Section 5.D.4.f. and g. of this regulation must be an appropriate date based upon the circumstances of the special enrollment period.

f. In the case of eligibility for financial assistance for health coverage by Connect for Health Colorado after having indicated interest in learning more about free or reduced health coverage on a Colorado Individual Income Tax Form, coverage must be effective no later than the first day of the month following plan selection.

g. In the case of eligibility for advance payments of the premium tax credit and a household income no greater than 150 percent of the federal poverty level,

coverage must be effective no later than the first day of the month following plan selection.

h In the case of all other triggering events where individual coverage is purchased between the first and fifteenth day of the month, coverage shall become effective no later than the first day of the following month.

i. In the case of all other triggering events where individual coverage is purchased between the sixteenth and last day of the month, coverage shall become effective no later than the first day of the second following month.

Section 6 Group Enrollment Periods

A. Carriers that offer small group health benefit plans must guarantee-issue small group health benefit plans throughout the year to any eligible small group that applies for a plan, agrees to make the required premium payments, and abide by the reasonable provisions of the plan, except as noted below.

B. Special enrollment periods for small employers.

1. For small employers that are unable to comply with employer contribution or group participation rules at the time of initial application, carriers may limit the availability of coverage for a group it has declined to an enrollment period that begins on November 15 and ends on December 15 of each year.

2. Coverage must be effective consistent with the dates listed below, unless the initial premium payment is not received by the carrier's cut-off date.

a. Carriers cannot establish a waiting period of more than ninety (90) days.

b. If a fully completed application that includes plan selection is received by the carrier between the first and the fifteenth day of the month, the first effective day of the health benefit plan will be no later than the first day of the following month.

c. If a fully completed application that includes plan selection is received between the sixteenth and last day of the month, the first effective day of the health benefit plan will be no later than the first day of the second following month.

C. Special enrollment periods for employees of small and large employer group plans.

1. Carriers must establish special enrollment periods in the group health benefit plan for individuals who experience any of the following qualifying events pursuant to § 10-16-105.7(3)(b)(II), C.R.S.:

a. Loss of coverage due to:

(1) The death of a covered employee;

(2) The termination or reduction in the number of hours of the employee's employment;

(3) The covered employee becoming eligible for benefits under Title XVIII of the Federal Social Security Act (42 U.S.C. § 301 et seq.); or

(4) The divorce or legal separation from the covered employee's spouse or partner in a civil union.

b. Becoming a dependent through marriage, civil union, birth, adoption, or placement for adoption, or placement in foster care;

c. Becoming a dependent of a covered person by entering into a designated beneficiary agreement, or pursuant to a court or administrative order mandating that the individual be covered;

d. Losing other creditable coverage due to:

(1) Termination of employment or eligibility for coverage, regardless of eligibility for COBRA or state continuation;

(2) A reduction in the number of hours of employment;

(3) Involuntary termination of coverage; or

(4) Reduction or elimination of his or her employer's contributions toward the coverage.

e. Losing coverage under the Colorado Medical Assistance Act (C.R.S. § 25.5-4-101 et seq.) and then requesting coverage under an employer's group health benefit plan within sixty (60) days of the loss of coverage;

f. An employee or dependent becoming eligible for premium assistance under the Colorado Medical Assistance Act (C.R.S. § 25.5-4-101 et seq.) or the Child Health Plan Plus (CHP+); or

g. A parent or legal guardian dis-enrolling a dependent, or a dependent becoming ineligible for the Child Health Plan Plus (CHP+), and the parent or legal guardian requests enrollment of the dependent in a health benefit plan within sixty (60) days of the disenrollment or determination of ineligibility.

2. Individuals in the group market shall have a thirty (30) day special enrollment period that begins on the date the qualifying event occurs, except as provided in Section 6.C.1.e, and g. of this regulation, which provide a sixty (60) day special enrollment period.

3. When an individual in the group market is notified or becomes aware of a qualifying event that will occur in the future, they may apply for coverage during the thirty (30) calendar days prior to the effective date of the qualifying event, with coverage beginning no earlier than the day the qualifying event occurs to avoid a gap in coverage. The individual must be able to provide written documentation to support the effective date of the qualifying event at the time of enrollment. The effective date of this enrollment must comply with the coverage effective dates found in Section 6.C.4. of this regulation.

4. Coverage effective dates.

a. In the case of birth, adoption, placement for adoption, or placement in foster care, coverage must be effective on the date of the event.

b. In the case of marriage, civil union, or other qualifying events, coverage must be effective no later than the first day of the following month after the date the Exchange or the carrier receives a completed enrollment form.

Section 7 Severability

If any provision of this regulation or the application of it to any person or circumstance is for any reason held to be invalid, the remainder of this regulation shall not be affected.

Section 8 Incorporated materials

26 C.F.R. §1.36B-2(b)(2), published by Government Printing Office shall mean shall mean 26 C.F.R. § 1.36B-2(b)(2) as published on the effective date of this regulation and does not include later amendments to or editions of 26 C.F.R. § 1.36B-2(b)(2). A copy of 26 C.F.R. § 1.36B-2(b)(2) may be examined during regular business hours at the Colorado Division of Insurance, 1560 Broadway, Suite 850, Denver, Colorado 80202. A certified copy of 26 C.F.R. § 1.36B-2(b)(2) may be requested from the Colorado Division of Insurance for a fee. A copy may also be obtained online at www.ecfr.gov.

45 C.F.R. § 155.420(d)(9), published by Government Printing Office shall mean shall mean 45 C.F.R. § 155.420(d)(9) as published on the effective date of this regulation and does not include later amendments to or editions of 45 C.F.R. § 155.420(d)(9). A copy of 45 C.F.R. § 155.420(d)(9) may be examined during regular business hours at the Colorado Division of Insurance, 1560 Broadway, Suite 850, Denver, Colorado 80202. A certified copy of 45 C.F.R. § 155.420(d)(9) may be requested from the Colorado Division of Insurance for a fee. A copy may also be obtained online at www.ecfr.gov.

Section 9 Enforcement

Noncompliance with this regulation may result in the imposition of any of the sanctions made available in the Colorado statutes pertaining to the business of insurance, or other laws, which include the imposition of civil penalties, issuance of cease and desist orders, and/or suspensions or revocation of license, subject to the requirements of due process.

Section 10 Effective Date

This regulation shall become effective on January 15, 2022

Section 11 History

Colorado Dental Board

DENTISTS & DENTAL HYGIENISTS RULES AND REGULATIONS

3 CCR 709-1

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

…

1.6 Licensure of Dentists and Dental Hygienists

This Rule is promulgated pursuant to sections 12-20-202(3), 12-20-204, 12-220-105(3), and 12-220-106, C.R.S.

A. General Requirements for Licensees and Applicants

…

5. Change of name and address

…

b. The Board requires one of the following forms of documentation to change a licensee's name or correct a social security number or individual taxpayer identification number:

(1) Marriage license;

(2) Divorce decree;

(3) Court order;

(4) Documentation from the Internal Revenue Service verifying the licensee's valid individual taxpayer identification number, or

(5) A driver's license or social security card with a second form of identification may be acceptable at the discretion of the Division of Professions and Occupations.

…

11. Under section 12-20-404(3)(a)(I), C.R.S., any person whose license to practice is revoked is ineligible to apply for any license under the Dental Practice Act for at least two years after the date of revocation of the license. Any subsequent application for licensure is an application for an original license.

…

B. Original Licensure for Dentists

…

2. Each applicant must verify that the applicant:

a. Obtained or will obtain prior to practicing as a licensed dentist in this state commercial professional liability insurance coverage with an insurance company authorized to do business in Colorado pursuant to Article 5 of Title 10, C.R.S., in a minimum indemnity amount of $500,000 per incident and $1,500,000 annual aggregate per year, or is covered under a financial responsibility exemption listed in Rule 1.2.

…

E. Original Licensure for Dental Hygienists

…

2. Each applicant will also be required to verify that the applicant:

a. Obtained or will obtain prior to practicing as a licensed dental hygienist in this state professional liability insurance in the amount of not less than $50,000 per claim and an aggregate liability for all claims during a calendar year of not less than $300,000, or is covered under a financial responsibility exemption listed in Rule 1.5. Coverage may be maintained by the dental hygienist or through a supervising licensed dentist;

…

F. Dental Hygienists Licensure by Endorsement through the Occupational Credential Portability Program

1. In order to be qualified for licensure by endorsement through the Occupational Credential Portability Program pursuant to section 12-20-202(3), C.R.S., an applicant shall submit a completed Board approved application along with the required fee and verify that the applicant holds an active license to practice dental hygiene in good standing in another state or United States territory.

…

H. Reinstatement/Reactivation Requirements for Dentists and Dental Hygienists with Expired, Inactive, or Retired Licenses

1. In order to reinstate or reactivate a license back into active status, each applicant shall submit a completed Board approved application along with the required fee in order to be considered for licensure approval and must also verify that the applicant:

a. Obtained or will obtain prior to active practice in this state professional liability insurance as required pursuant to section 12-220-307, C.R.S., or is covered under a financial responsibility exemption listed in Rule 1.5.

…

I. Temporary Licenses

1. By invitation only:

   a. A dentist or dental hygienist who lawfully practices dentistry or dental hygiene in another state or United States territory may be granted a temporary license to practice dentistry or dental hygiene in this state pursuant to section 12-220-106(1)(d), C.R.S., if:

   …

   (2) The governmental entity or nonprofit private foundation as defined in section (I)(1)(a)(1) of this Rule certifies the name of the applicant and the dates within which the applicant has been invited to provide dental or dental hygiene services in this state, the applicant's full dental or dental hygiene license history with verification of licensure in each state, and an active license in at least one state on a form provided by the Board; and

   (3) Such applicant's practice in this state, if granted by the Board, is limited to that required by the entities specified in section (I)(1)(a)(1) and (2) of this Rule and shall not exceed 120 consecutive days in a twelve-month period, renewable once in a one year period for a maximum of 240 consecutive days in a one year period.

…

(Amended and Re-numbered November 5, 2020; Effective December 30, 2020; Amended November 4, 2021; Effective December 30, 2021)

…

1.9 Record Keeping Requirements

…

H. Use of Lasers – refer to Rule 1.22(F) for these documentation requirements.

(Promulgated as Emergency Rule XXVIII on July 7, 2004; Amended January 21, 2010, Effective March 30, 2010; Re-numbered December 30, 2011; Amended April 28, 2016, Effective June 30, 2016; Amended and Re-numbered November 5, 2020; Effective December 30, 2020; Amended November 4, 2021; Effective December 30, 2021)

…

1.13 Limited Prescriptive Authority for Dental Hygienists

This Rule is promulgated pursuant to sections 12-20-204, 12-220-105(3), 12-220-106, and 12-220-503(1)(g), C.R.S.

…

(Effective June 30, 1996 as Rule XXIV; Amended December 2, 2002; Amended January 21, 2010, Effective March 30, 2010; Re-numbered December 30, 2011; Amended January 22, 2015, Effective March 30, 2015; Amended April 30, 2015, Effective June 30, 2015; Amended January 17, 2018, Effective March 17, 2018; Amended an Re-numbered November 5, 2020; Effective December 30, 2020)

…

1.17 Advertising

This Rule is promulgated pursuant to sections 12-20-204, 12-220-105(3), and 12-220-106, C.R.S.

This Rule applies to advertising in all types of media that is directed to the public. No dentist or dental hygienist shall advertise in any form of communication in a manner that is misleading, deceptive, or false.

…

C. Specialty Practice and Advertising.

…

2. Pursuant to section 12-220-201(1)(ii), C.R.S., the Board may discipline a dentist for advertising or otherwise holding oneself out to the public as practicing a dental specialty in which he or she has not successfully completed the education specified for the dental specialty as defined by the American Dental Association (ADA).

   a. Dental specialties currently defined by the ADA and recognized by the Board include the following:

      (1) Dental public health;

      (2) Endodontics;

      (3) Oral and maxillofacial pathology;

      (4) Oral and maxillofacial radiology;

      (5) Oral and maxillofacial surgery;

      (6) Orthodontics and dentofacial orthopedics;

      (7) Pediatric dentistry;

      (8) Periodontics;

      (9) Prosthodontics;

      (10) Oral Medicine;

      (11) Oro Facial Pain; and

      (12) Dentist Anesthesiologist.

   b. Dentists advertising a specialty that is defined by the ADA must clearly state in all such advertising and/or public promotions that their specialty has been defined by the American Dental Association, provide the full name of the CODA approved school where their residency was completed, and upon request, promptly provide additional information to the public.

3. The Board may also recognize dental specialties not defined by the ADA. Dentists advertising a specialty that is not defined by the ADA must clearly state in all such advertising and/or public promotions that their specialty has not been defined by the American Dental Association. Advertising dentists must also provide the full name of the

entity that has defined their specialty and upon request, promptly provide additional information to the public.

4. ADA defined dental specialists are those dentists who have successfully completed a Commission on Dental Accreditation (CODA) approved specialty program. The Board recognizes that dentists advertising a non-ADA defined specialty may or may not have successfully completed a CODA approved specialty program. Therefore:

   a. Dentists who have successfully completed a CODA approved specialty program, whether defined or not defined by the ADA, may advertise the practice of that specialty subject to the provisions of paragraphs (2) or (3) of this Rule, including providing the full name of the CODA approved school where their residency was completed.

   b. In addition to the requirements of paragraphs (2) and (3) of this Rule, dentists who have not completed a CODA approved specialty program and are advertising a non-ADA defined specialty, must clearly state in all advertising and/or public promotions that their specialty program is not approved by the Commission on Dental Accreditation. Such dentists must also identify their specific training completed (credential awarded) in order to receive their specialty designation and upon request, promptly provide additional information to the public.

…

(Effective August 1, 2000; Temporarily Expired December 2, 2002; Effective July 1, 2003; Amended October 27, 2004; Amended October 26, 2006, Effective December 30, 2006; Amended April 25, 2007, Effective July 1, 2007; Amended October 24, 2007, Effective December 31, 2007; Amended October 22, 2008, Effective November 30, 2008; Amended January 21, 2010, Effective March 30, 2010; Re-numbered December 30, 2011; Amended July 13, 2016, Effective September 14, 2016; Amended November 5, 2020; Effective December 30, 2020; Amended November 4, 2021; Effective December 30, 2021)

…

1.21 Fining Schedule for Violations of the Dental Practice Act and Board Rules

Pursuant to section 12-220-202(5), C.R.S., when a licensed dentist, including one issued an academic license, or dental hygienist violates a provision of the Dental Practice Act or a Board Rule, the Board may impose a fine on the licensee. The amount of an administrative fine assessed will be based on the following criteria:

- Severity of the violation;

- Type of violation; and

- Whether the licensee committed repeated violations

…

(Adopted January 22, 2015, Effective March 30, 2015; Amended January 20, 2016, Effective March 16, 2016; Amended April 28, 2016, Effective June 30, 2016; Amended November 5, 2020; Effective December 30, 2020; Amended November 4, 2021; Effective December 30, 2021)

…

1.29 CONFIDENTIAL AGREEMENTS TO LIMIT PRACTICE FOR PHYSICAL ILLNESS, PHYSICAL CONDITION, OR BEHAVIORAL OR MENTAL HEALTH DISORDER

This Rule is promulgated pursuant to sections 12-20-204, 12-30-108, 12-220-105(3), 12-220-106, 12-220-201(1)(j), and 12-220-207, C.R.S.

A. These requirements apply to a dentist or dental hygienist who holds an active license issued by the Board, including a dentist issued an academic license

B. No later than thirty days from the date a physical illness, physical condition, or behavioral or mental health disorder impacts a licensee's ability to practice with reasonable skill and safety, the licensee shall provide the Board, in writing, the following information:

1. The diagnosis and a description of the illness, condition, or disorder;

2. The date the illness, condition, or disorder was first diagnosed;

3. The name of the current treatment provider and documentation from the current treatment provider confirming the diagnosis, date of onset, and treatment plan;

4. A description of the licensee's practice and any modifications, limitations or restrictions to that practice that have been made as a result of the illness, condition, or disorder;

5. Whether the licensee has been evaluated by, or is currently receiving services from the Board's authorized Peer Health Assistance Program related to the illness, condition, or disorder, and, if so, the date of initial contact and whether services are ongoing.

C. Compliance with this Rule is a prerequisite for eligibility to enter into a Confidential Agreement with the Board pursuant to sections 12-220-207 and 12-30-108, C.R.S. However, mere compliance with this Rule does not require the Board to negotiate regarding, or enter into, a Confidential Agreement. Rather, the Board will evaluate all facts and circumstances to determine if a Confidential Agreement is appropriate.

D. If the Board discovers that a licensee has a physical illness, physical condition, or behavioral or mental health disorder that impacts the licensee's ability to practice with reasonable skill and safety and the licensee has not notified the Board as required under these Rules of such illness, condition, or disorder, the licensee shall not be eligible for a Confidential Agreement and may be subject to disciplinary action for failure to notify under section 12-220-201(1)(j), C.R.S.

(Adopted November 5, 2020; Effective December 30, 2020; Amended November 4, 2021; Effective December 30, 2021)

1.30 REQUIRED DISCLOSURE TO PATIENTS - CONVICTION OF OR DISCIPLINE BASED ON SEXUAL MISCONDUCT

This Rule is promulgated pursuant to sections 12-20-204, 12-220-105(3), 12-220-106, and 12-30-115, C.R.S.

A. On or after March 1, 2021, a licensee shall provide a written disclosure to a patient, as defined in section 12-30-115(1)(a), C.R.S., instances of sexual misconduct , including a conviction or guilty plea as set forth in section 12-30-115(2)(a) C.R.S., or final agency action resulting in probation or limitation of licensee's ability to practice as set forth is section 12-30-115(2)(b), C.R.S.

…

1.31 RULES REGARDING THE USE OF BENZODIAZEPINE

The authority for promulgation of these rules and regulations by the Colorado Dental Board is set forth in sections 12-20-204(1), 12-220-105(3), 12-220-106, and 12-30-109(6), C.R.S.

The purpose of these Rules and regulations is to implement rules required by section 12-30-109(6), C.R.S., related to requirements for prescribing benzodiazepines to patients for whom licensees have not previously prescribed benzodiazepines within the last twelve months.

A. Licensees must limit any prescription for a continuous benzodiazepine to a 30-day supply, for any patient to whom the licensee has not prescribed a benzodiazepine in the last 12 months.

B. Prior to prescribing the second fill of a benzodiazepine, a licensee must comply with the requirements of section 12-280-404(4), C.R.S. Failure to comply with section 12-280-404(4), C.R.S., constitutes unprofessional conduct or grounds for discipline under section 12-220-201(1), C.R.S.

C. The limitation stated in section (A) of this Rule does not apply to patients for whom licensees prescribe benzodiazepines for the following conditions:

   1. Epilepsy;

   2. A seizure, a seizure disorder, or a suspected seizure disorder;

   3. Spasticity;

   4. Alcohol withdrawal; or

   5. A neurological condition, including a post-traumatic brain injury or catatonia.

D. These rules do not require or encourage abrupt discontinuation, limitation, or withdrawal of benzodiazepines. Licensees are expected to follow generally accepted standards of the practice of dentistry based on an individual patient's needs, in tapering benzodiazepine prescriptions.

(Promulgated as an Emergency Rule on November 4, 2021; Effective on November 1, 2021)

…

1.4 CHANGE OF NAME AND ADDRESS

This Rule is promulgated pursuant to sections 12-20-204 and 12-265-107(1)(a), C.R.S.

…

B. The Board requires one of the following forms of documentation to change a licensee's name or correct a social security number or individual taxpayer identification number:

1. Marriage license;

2. Divorce decree;

3. Court order; or

4. Documentation from the Internal Revenue Service verifying the licensee's valid individual taxpayer identification number; or

5. A driver's license or social security card with a second form of identification may be acceptable at the discretion of the Director of Support Services.

C. Except for letters of admonition, notifications by the Board to a licensee or applicant, required or permitted, under section 12-265-101, *et seq.*, C.R.S., or under section 24-4-101, *et seq.*, C.R.S. (State Administrative Procedure Act), shall be served personally, by first class mail, or electronically to the last address of record provided in writing to the Board and maintained by the Division of Professions and Occupations. Service by mail or electronic mail shall be deemed sufficient and proper upon a licensee or applicant. Letters of admonition must be served by certified mail pursuant to section 12-265-113(3), C.R.S.

…

1.6 EDUCATION, TRAINING, OR SERVICE GAINED DURING MILITARY SERVICE AND MILITARY SPOUSES

This Rule is promulgated pursuant to sections 12-20-202(4), 12-20-204, and 12-265-107(1)(a), C.R.S.

…

1.8 LICENSURE BY ENDORSEMENT

This Rule is promulgated pursuant to sections 12-20-202(3), 12-20-204, 12-265-107(1)(a), and 12-265-112, C.R.S.

…

1.9 TEMPORARY LICENSURE

This Rule is promulgated pursuant to sections 12-20-204, 12-265-107(1)(a), and 12-265-110, C.R.S.

A. …

1. If the applicant is the current Director of Nursing at the facility and is eligible for a temporary license for an emergency situation as stated below in section (B), then the applicant is not required to submit an application for licensure prior to consideration for any temporary license.

…

C. …

…

3. …

b. A letter from the general hospital board of directors or similar authority verifying that the applicant is currently employed as the hospital administrator and that the hospital needs the applicant to serve as the nursing home administrator for one of the reasons set forth in section (B) above.

…

5. A temporary license issued to a hospital administrator under this section (C) shall be void at such time the license holder is no longer employed by the general hospital.

…

1.11 REINSTATEMENT OF AN EXPIRED LICENSE

This Rule is promulgated pursuant to sections 12-20-202, 12-20-204 and 12-265-107(1)(a), C.R.S.

DEPARTMENT OF REGULATORY AGENCIES
DIVISION OF REAL ESTATE
BOARD OF REAL ESTATE APPRAISERS
4 CCR 725-2

RULES GOVERNING THE PRACTICE OF REAL ESTATE APPRAISERS OF THE BOARD OF REAL ESTATE APPRAISERS

CHAPTER 1: DEFINITIONS

1.22 Distance Education: Any education process based on the geographical separation of student and instructor. Components of distance education include synchronous, asynchronous, and hybrid.

1.32 Real Property Appraiser Qualification Criteria (Criteria): Pursuant to section 12-10-606(1) and (2), C.R.S. as amended, the Board incorporates by reference in compliance with section 24-4-103(12.5), C.R.S., the Real Property Appraiser Qualification Criteria adopted by the AQB of TAF on August 24, 2021, including the Required Core Curricula, Guide Notes, and Interpretations relating to the real property appraiser classifications described in Board Rules 1.13, 1.14, and 1.15. This Board Rule 1.32 excludes and does not incorporate by reference the following: the trainee real property appraiser classification and qualification requirements; the supervisory appraiser requirements; supervisory appraiser/trainee appraiser course objectives and outline; or any later amendments or additions of the Criteria. A certified copy of the Real Property Appraiser Qualification Criteria is on file and available for public inspection at the Office of the Board at 1560 Broadway, Suite 925, Denver, Colorado 80202. Copies of the Real Property Appraiser Qualification Criteria may be examined at the Internet website of TAF at www.appraisalfoundation.org, and copies may be ordered through that mechanism. TAF may also be contacted at 1155 15th Street, NW, Suite 1111, Washington, DC 20005, or by telephone at (202) 347-7722 or telefax at (202) 347-7727. The Real Property Appraiser Qualification Criteria is effective as of January 1, 2022.

1.58 Synchronous Distance Education: The instructor and students interact simultaneously online, similar to a phone call, video chat, live webinar, or web-based meeting.

1.59 Asynchronous Distance Education: The instructor and student interaction is non-simultaneous; the students progress at their own pace and follow a structured course content and quiz/exam schedule.

1.60 Hybrid Course Education: Learning environments that allow for both in-person (synchronous) and online (asynchronous) interaction.

1.61 Bio-Metric Proctoring: A student's identity is continually verified through processes, such as facial recognition, consistency in keystroke cadence, and the observation of activity in the testing location. Aberrant behavior or activity can be readily observed.

CHAPTER 3: STANDARDS FOR REAL ESTATE APPRAISAL QUALIFYING EDUCATION PROGRAMS

3.5 The number of hours credited must be equivalent to the actual number of contact hours of in- class or synchronous distance education instruction and testing. An hour of education is defined as at least fifty (50) minutes of instruction out of each 60-minute segment. For asynchronous distance education, the number of hours credited must be that number of hours allowed by the CAP as defined in Board Rule 1.39. For hybrid course education, the number of hours credited will be equivalent for each specific course delivery method. Parts of the course that are delivered in-class or synchronously and delivered asynchronously must meet their respective requirements as set forth in this Board Rule 3.5.

3.14 To be acceptable for qualifying appraisal education, asynchronous distance education offerings must incorporate methods and activities that promote active student engagement and participation in the learning process. Among those methods and activities acceptable are written exercises which are graded and returned to the student, required responses to computer based presentations, provision for students to submit questions during teleconferences, and examinations proctored by an independent third party, who is an official approved by the college or university, or by the sponsoring organization. Bio-metric proctoring is acceptable. Simple reading, viewing or listening to materials without active student engagement and participation in the learning process is not sufficient to satisfy the requirements of this Board Rule 3.14.

3.16 To be acceptable for qualifying real estate appraisal education, synchronous distance education and asynchronous distance education courses must meet the other requirements of Chapter 3 of these Rules, and must include a written, closed book final examination proctored by an independent third party, or other final examination testing procedure acceptable to the Board. Bio-metric proctoring is acceptable. Examples of acceptable examination proctors include public officials who do not supervise the student, secondary and higher education school officials, and public librarians. Failure to observe this requirement may result in rejection of the course and/or course provider by the Board for that applicant, and may result in the Board refusing or withdrawing approval of any courses offered by the provider.

3.18 Course providers must provide each student who successfully completes a qualifying real estate appraisal education course in the manner prescribed in Board Rule 3.7 a course completion certificate. The Board will not mandate the exact form of course completion certificates; however, the following information must be included:

A. Name of course provider;

B. Course title, which must describe topical content, or the Real Property Appraiser Qualification Criteria Core Curriculum module title;

C. Course number, if any;

D. Course dates;

E. Number of approved education hours;

F. Statement that the required examination was successfully completed;

G. Course location, which for synchronous distance education and asynchronous distance education modalities must be the principal place of business of the course provider;

H. Name of student; and

I. For all USPAP courses begun on and after January 1, 2003, the name(s) and AQB USPAP instructor certification number(s) of the instructor(s).

3.19 The provisions of Board Rule 3.3 notwithstanding, qualifying education courses begun on and after January 1, 2004 and offered through asynchronous distance education modalities must be approved through the CAP as defined in Board Rule 1.39. The Board will not accept asynchronous distance education courses begun on and after January 1, 2004 that have not been approved through the CAP.

CHAPTER 5: STANDARDS FOR REAL ESTATE APPRAISAL EXPERIENCE

5.8 There need not be a client in a traditional sense (e.g., a client hiring an appraiser for a business purpose) in order for an appraisal to qualify for experience. Experience gained for work without a traditional client can meet any portion of the total experience requirement.

Practicum courses that are approved by the CAP or the Board can satisfy the nontraditional client experience requirement. A practicum course must include the generally applicable methods of appraisal practice for the credential level. Content includes, but is not limited to: requiring the student to produce credible appraisals that utilize an actual subject property; performing market research, containing sales analysis; and applying and reporting the applicable appraisal approaches in conformity with the USPAP. Assignments must require problem solving skills for a variety of property types for the credential level. Experience credit will be granted for the actual classroom hours of instruction, and hours of documented research and analysis as awarded from the practicum course approval process.

CHAPTER 7: CONTINUING EDUCATION REQUIREMENTS

7.6 Continuing appraisal education must be at least two (2) class hours in duration including examination time (if any). Continuing appraisal education programs and courses are intended to maintain and improve the appraiser’s skill, knowledge, and competency. Continuing appraisal education courses and programs may include, without limitation, these real estate and real estate appraisal topics:

A. Ad valorem taxation;

B. Arbitration, dispute resolution;

C. Courses related to the practice of real estate appraisal or consulting;

D. Development cost estimating;

E. Ethics and standards of professional practice, USPAP;

F. Valuation bias, fair housing, and/or equal opportunity;

G. Land use planning, zoning;

H. Management, leasing, timesharing;

I. Property development, partial interests;

J. Real estate law, easements, and legal interests;

K. Real estate litigation, damages, condemnation;

L. Real estate financing and investment;

M. Real estate appraisal related computer applications;

N. Real estate securities and syndication;

O. Developing opinions of real property value in appraisals that also include personal property and/or business value;

P. Seller concessions and impact on value;

Q. Energy efficient items and “green building” appraisals; and/or

R. Other topics as the Board may approve, upon its own motion or upon petition by the course provider or the licensee in a form acceptable to the Board.

7.12 Continuing real estate appraisal education must be successfully completed by the licensee. Successful completion means either in-class or synchronous distance education attendance at the offering and participation in class activities. Successful completion of courses undertaken through asynchronous distance education requires compliance with the provisions of Board Rule 7.14. The teaching of continuing real estate appraisal education will constitute successful completion, if also in compliance with Board Rule 7.8; however, credit will be given for only one (1) presentation of a particular offering during each licensing period.

7.13 The number of hours credited will be equivalent to the actual number of contact hours of in-class or synchronous distance education instruction and testing. An hour of appraisal education and training is defined as at least fifty (50) minutes of instruction out of each 60-minute segment. For asynchronous distance education offerings, the number of hours credited must be that number of hours allowed by the CAP as defined in Board Rule 1.39. For hybrid course education, the number of hours credited will be equivalent for each specific course delivery method. Parts of the course that are delivered in-class or synchronously and delivered asynchronously must meet their respective requirements as set forth in this Board Rule 7.13.

7.14 Asynchronous distance education offerings must include methods and activities which promote active student engagement and participation in the learning process. Among those methods and activities acceptable are written exercises which are graded and returned to the student, required responses in computer based presentations, provision for students to submit questions during teleconferences, and examinations proctored by an independent third party. Bio-

metric proctoring is acceptable. Simple reading, viewing, or listening to materials is not sufficient engagement in the learning process to satisfy the requirements of this Board Rule 7.14.

7.22 Course providers must provide each student who successfully completes a continuing education course in the manner prescribed in Board Rule 7.12 a course completion certificate. The Board will not mandate the exact form of course certificates; however, the following information must be included:

A. Name of course provider;

B. Course title, which must describe topical content;

C. Course number, if any;

D. Course dates;

E. Number of continuing education hours;

F. Statement that the required examination was successfully completed, if an examination is a regular part of the course;

G. Course location, which for synchronous distance education and asynchronous distance education modalities must be the principal place of business of the course provider;

H. Name of student; and

I. For USPAP courses begun on and after January 1, 2003, the name and AQB USPAP instructor certification number of the instructor.

7.23 The provisions of Board Rule 7.4 notwithstanding, real estate appraisal continuing education offered through asynchronous distance education must be approved through the CAP, unless the provider is a government agency that has sought an exemption from the Board.

CHAPTER 13: DISCIPLINARY PROCEDURES

13.12 A controlling appraiser, or an approved designee of a licensed appraisal management company, must inform the Board in writing within ten (10) days regarding the following:

A. An owner of an appraisal management company, possessing more than ten percent ownership of the licensed entity, has been convicted of, entered a plea of guilty to, entered a plea of nolo contendere, entered an alford plea, or receiving a deferred judgment and sentence to any misdemeanor or felony relating to the conduct of an appraisal, theft, embezzlement, bribery, fraud, misrepresentation, or deceit, or any other like crime under Colorado law, federal law, or the laws of other jurisdictions; and

B. An owner of an appraisal management company, possessing any percentage ownership of the licensed entity, has had an appraiser license or certificate refused, denied, cancelled, surrendered in lieu of revocation, or revoked in any jurisdiction.

CHAPTER 17: LICENSING REQUIREMENTS FOR APPRAISAL MANAGEMENT COMPANIES

17.7 The controlling appraiser, or an authorized representative, must notify the Board within ten (10) business days of any change in ownership of the appraisal management company including a change in ownership that increases an existing individual's total ownership to more than ten (10) percent.

17.19 Applicants for licensure, renewal, or reinstatement as an appraisal management company must complete the following:

A. The controlling appraiser must report and certify:

1. The number of licensed or certified appraisers that provided an appraisal in connection with a Covered Transaction on the appraisal management company's Panel in Colorado during the Reporting Period;

2. The total number of licensed or certified appraisers on the Panel in Colorado, whether or not the appraisers provided an appraisal in connection with a Covered Transaction, during the Reporting Period; and

3. The total number of licensed or certified appraisers on the Panel in all states that the appraisal management company is licensed during the Reporting Period.

B. Submit to the Division the AMC Registry Fee for appraisal management companies that meet the Panel Size Threshold and the appraisal management company minimum requirements as set forth in section 12-10-607(9), C.R.S., along with the application for initial licensure, renewal, or reinstatement.

SECTION 5.5 Amendment of the Sex Designation

Before changing the sex designation on the birth certificate, the State Registrar must:

A. Confirm the registrant is eighteen years of age or older, or an emancipated minor, or, if the registrant is under the age of eighteen, confirm that the person requesting the amendment is a parent on the birth record, a legal guardian, or an attorney or other authorized agent, as determined by the State Registrar.

B. Confirm the name on the birth certificate and the name of the individual for whom the amendment is requested match, or can be linked through the submitted documentation in instances such as where the registrant is changing their name and sex designation at the same time, and

C. 1. Receive: a certified copy of an order of a court of competent jurisdiction changing the sex of the applicant, or

2. a. A written request from the person, or from the person's parent, if the person is a minor, or from the person's guardian or legal representative, signed under penalty of law, to issue a new birth certificate with a gender designation that differs from the sex designated on the person's original birth certificate; and,

b. A statement, in a form or format designated by the State Registrar, from the person or from the person's parent, if the person is a minor, or from the person's guardian or legal representative, signed under penalty of law, confirming the sex designation on the person's birth certificate does not align with the person's gender identity; and,

[Publication Instructions: Replace the current text in Section 5.5, C, 2, c with the following text and Remove Section 5.5, C, 2, c, I and II]

c. If the person is a minor under the age of eighteen, a statement, in a form or format designated by the State Registrar, signed under penalty of law, from a professional medical or mental health care provider licensed in good standing in Colorado or an equivalent license in good standing from another jurisdiction,

that: the sex designation on the birth certificate does not align with the minor's gender identity.

3. The State Registrar shall change the sex designation pursuant to a request made under Section 5.5(C)(2) only once during an individual's lifetime. Any further amendment to the sex designation on a birth record or certificate requires a court order pursuant to Section 5.5(C)(1).

4. Pursuant to Section 25-2-113.8(7), C.R.S., if a new birth certificate is issued pursuant to this Section 5.5, the certificate will also be amended to reflect any legal name change made before or simultaneous with the change in gender designation, as long as appropriate documentation of the name change is submitted.

STANDARDS FOR HOSPITALS AND HEALTH FACILITIES CHAPTER 8 - FACILITIES FOR PERSONS WITH INTELLECTUAL AND DEVELOPMENTAL DISABILITIES

6 CCR 1011-1 Chapter 8

(Publication Instruction: Replace 6 CCR 1011-1, Chapter 8 with the following language. Please Note: The title of this chapter is incorrect on the Secretary of State webpage—please correct the webpage to match the chapter title listed above.)

Adopted by the Board of Health on November 17, 2021. Effective January 14, 2022.

Part 1 – Statutory Authority and Applicability

1.1 The statutory authority for the promulgation of these rules is set forth in Sections 25-1.5-103, 25-3-100.5, *et seq.*, and 25.5-10-214(2) and (5), C.R.S.

1.2 A facility for persons with intellectual and developmental disabilities, as defined herein, shall comply with all applicable federal, state, and local statutes and regulations, including, but not limited to:

(A) This Chapter 8 as it applies to the type of facility licensed.

(B) 6 CCR, 1011-1, Chapter 2 – General Licensure Standards, unless otherwise modified herein.

(C) 6 CCR, 1011-1, Chapter 24 – Medication Administration Regulations.

(D) 6 CCR 1007-2, Part 1, Regulations Pertaining to Solid Waste Disposal Sites and Facilities, Section 13, Medical Waste.

(E) 6 CCR 1007-3, Part 262, Standards Applicable to Generators of Hazardous Waste.

Part 2 – Definitions

2.1 "Administrator" means a person who is responsible for the overall operation and daily administration, management, and maintenance of the facility.

2.2 "Department" means the Colorado Department of Public Health and Environment or its designee.

2.3 "Facility for Persons with Intellectual and Developmental Disabilities" means a facility specially designed for the active treatment and habilitation of persons with intellectual and developmental disabilities or a group home.

2.4 "Governing Body" means the individuals or service agency that has the ultimate authority and legal responsibility for the management and operation of the facility.

2.5 "Group Home" means a group living situation accommodating at least four (4), but no more than eight (8), persons which is licensed by the state and in which services and supports are provided to persons with intellectual and developmental disabilities. Group home means the same as "community residential home," as the term is used in Section 25.5-10-214, C.R.S.

2.6 "Intellectual and Developmental Disability" means a disability that manifests before the person reaches twenty-two years of age, that constitutes a substantial disability to the affected person, and that is attributable to an intellectual or developmental disability or related conditions, including Prader-Willi syndrome, cerebral palsy, epilepsy, autism, or other neurological conditions when the condition or conditions result in impairment of general intellectual functioning or adaptive behavior similar to that of a person with an intellectual and developmental disability.

2.7 "Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID)" means a residential facility that is certified by the Centers for Medicare and Medicaid Services (CMS) to provide active treatment, and habilitative, therapeutic, and specialized support services to adults with intellectual and developmental disabilities.

2.8 "Practitioner" means a physician, physician assistant, or advance practice nurse (i.e., nurse practitioner or clinical nurse specialist) who has a current, unrestricted license to practice and is acting within the scope of such authority.

2.9 "Resident" means an individual living in and receiving services from a facility for persons with intellectual and developmental disabilities.

2.10 "Self-administer" means the ability of a resident to take medication independently without any assistance from another person.

2.11 "Service Plan" means a written document that specifies identified and needed services, regardless of funding source or provider, to assist a person to remain safely in the community. For the purposes of this chapter, the term service plan includes, but is not limited to: service plans, individualized plans, individual service and support plans, and person-centered support plans as used within 10 CCR 2505-10.

2.12 "Special diet" means a diet with specific requirements, provided in accordance with a practitioner's or registered dietitian's order.

2.13 "Staff" means individuals providing services on behalf of and/or under the control of the facility, either as an employee, through a contract between the facility and the individual, or through a staffing agency.

2.14 "Volunteer" means an unpaid individual providing services on behalf of and/or under the control of the facility.

Part 3 – Licensing Requirements

3.1 A facility for persons with intellectual and developmental disabilities shall be licensed as either an Intermediate Care Facility for Individuals with Intellectual Disabilities or a Group Home, depending upon the size of the facility and the services offered.

3.2 General License Requirements

(A) A facility for persons with intellectual and developmental disabilities shall demonstrate compliance with local building and zoning codes prior to initial licensure and license renewal.

(B) A facility for persons with intellectual and developmental disabilities shall comply with the licensure requirements of 6 CCR 1011-1, Chapter 2.

3.3 License Fees

All license fees are non-refundable. More than one fee may apply depending upon the circumstances. The total fee shall be submitted with the appropriate license application.

(A) Initial License

(1) Group Home: $2,612.62.

(2) Intermediate Care Facility for Individuals with Intellectual Disabilities: $6,270.31.

(B) License Renewal. Effective July 1, 2022, the annual renewal fee shall be:

(1) Group Home: $391.90.

(2) Intermediate Care Facility for Individuals with Intellectual Disabilities: $1,672.08.

(C) Change of Ownership. Change of ownership shall be determined in accordance with the criteria set forth in 6 CCR 1011-1, Chapter 2, Part 2.6. The change of ownership fee shall be:

(1) Group Home: $2,612.62.

(2) Intermediate Care Facility for Individuals with Intellectual Disabilities: $6,270.31.

(D) Revisit Fee

(1) A facility's renewal license fee may be increased as the result of a licensure inspection or substantiated complaint investigation where a deficient practice is

cited that has either caused harm, or has the potential to cause harm, to a consumer and the agency has failed to demonstrate appropriate correction of the cited deficiencies at the first on-site revisit.

(2) The fee shall be 50 percent of the facility's renewal license fee and shall be assessed for the second on-site revisit and each subsequent on-site revisit pertaining to the same deficiency.

Part 4 – Governing Body

4.1 The facility shall have a governing body that is responsible for the management and oversight of the facility, including: policy, budget, and operational direction.

(A) The governing body shall establish a policy that defines its composition and authority.

(B) The governing body may oversee more than one facility, in which case it shall maintain separate documentation concerning the oversight of each facility, recognizing the unique characteristics of each location.

4.2 The governing body shall develop written policies, including, but not limited to, those required in other parts of these rules:

(A) Admission and discharge policies that fully comply with state and federal law and that meet the requirements of Part 8.1 of these rules, including that the facility shall only admit those individuals whose needs can be met within the accommodations and services the facility provides.

(B) Policies regarding the hiring or continued service of any administrator, staff, or volunteer whose criminal history records include a conviction or plea, or otherwise demonstrate conduct that could pose a risk to the health, safety, or welfare of the resident. At a minimum, the policies shall require consideration of:

(1) The history of convictions and pleas of guilty or no contest;

(2) The nature and seriousness of the crime(s);

(3) The time that has elapsed since the convictions or pleas;

(4) Whether there are any mitigating or aggravating factors; and

(5) The nature of the position to which the individual will be assigned.

(C) Personnel policies, as required by Part 6.

(D) Resident rights policies, in compliance with Part 9.1.

(E) Resident funds policies, as required by Part 10.1.

(F) Policies that ensure the appropriate procurement, storage, administration, and disposal of medications, in accordance with Part 14.6.

(G) Policies for medical services and therapeutic services, as required by Part 15.1.

(H) A policy for monitoring residents' weights, in accordance with Part 15.6.

(I) Policies for the provision of nursing services, in accordance with Part 16.1.

4.3 The governing body shall establish a system for monitoring and reviewing the physical, behavioral, and social needs and care of the residents receiving services at the facility.

4.4 The governing body shall ensure compliance with the requirements in Part 19 – Emergency Management Plan and Procedures.

4.5 The governing body shall appoint an administrator who meets the minimum administrator requirements at Part 5.2, to whom the governing body shall delegate authority to implement the facility policies and procedures, and is responsible for the day-to-day management of the facility.

4.6 The governing body shall ensure that a name-based criminal history record check is performed for the administrator prior to their employment, as follows:

(A) If the administrator has lived in Colorado for more than three (3) years at the time of application, the facility shall obtain a name-based criminal history record check conducted by the Colorado Bureau of Investigation.

(B) If the administrator has lived in Colorado for three (3) years or less at the time of application, the facility shall obtain a name-based criminal history record check for each state in which the applicant has lived during the past three years, conducted by the respective state's bureau of investigation or equivalent state-level law enforcement agency or other name-based report, as determined by the Department.

(C) If the criminal history record check reveals any convictions or pleas, the information shall be considered in accordance with the policies developed by the governing body in accordance with Part 4.2(B) of these rules.

(D) If the governing body becomes aware of information that indicates the administrator could pose a risk to the health, safety, and/or welfare of the residents, the governing body shall request an updated criminal history record check from the Colorado Bureau of Investigation and/or other relevant law enforcement agency.

Part 5 – Administrator

5.1 The administrator shall be responsible on a full time basis to the governing body for planning, organizing, developing, and controlling the operations of the facility, including, but not limited to:

(A) Ensuring that a recognized system of accounting is used to accurately reflect the financial operations of the facility and that a fiscal audit, including resident funds that are managed by the facility, is performed at least annually by a qualified independent auditor.

(B) Ensuring the maintenance of facility records, including, but not limited to, a daily census of current residents, admission and discharge records, and a master resident database.

(C) Ensuring a designee is available to fulfill the requirements of the administrator during periods when the administrator is not on-site or otherwise available via another method within a reasonable amount of time.

5.2 The administrator shall meet the minimum qualifications, as appropriate for the type of facility.

(A) The administrator of an intermediate care facility for individuals with intellectual disabilities shall meet at least one of the following combinations of education, experience, and/or credentials:

(1) An active, unrestricted Colorado Nursing Home Administrator License;

(2) A bachelor's degree from an accredited college or university in education, social work, psychology, or a related field with at least four (4) years of work experience in the intellectual disability/developmental disability (ID/DD) field or other relevant human services field, including at least two (2) years of related supervisory experience; or

(3) An Associate's Degree in Nursing, with a current Colorado license as a Registered Nurse and at least four (4) years of work experience in the ID/DD field, including at least two (2) years of related supervisory experience.

(B) The administrator of a group home shall meet one of the combinations of education, experience, and/or credentials listed below:

(1) Either of the combinations of education and experience in (2) or (3) in subpart (A), above;

(2) A bachelor's degree from an accredited college or university in education, social work, psychology, or a related field, with at least one year of work experience in human services;

(3) An associate's degree from an accredited college in education, social work, psychology, or a related field, with at least two years of work experience in human services;

(4) Four years of work experience in human services; or

(5) Current employment as a group home administrator as of December 31, 2021.

5.3 The administrator shall be responsible for developing procedures and processes for the implementation of all facility policies developed by the governing body and for ensuring compliance with the requirements of these rules, including, but not limited to:

(A) Personnel requirements found in Part 6;

(B) Staff training and evaluation, in compliance with Parts 7;

(C) Resident rights, investigation, and reporting requirements found in Part 9.2;

(D) An infection prevention and control program and related infection-control processes as required in Part 12;

(E) Policies and procedures related to controlled medication receipt, storage, administration and disposal, as required in Part 14.6;

(F) Policies and procedures regarding medical services and therapeutic services, in accordance with Part 15.1;

(G) Policies for monitoring the weight of residents, as required in Part 15.6; and

(H) The emergency preparedness plan, including family/guardian notification and training documentation requirements, as required in Part 19.

Part 6 – Personnel and Staffing

6.1 The administrator shall ensure staff members and volunteers are qualified by education, training, and/or experience.

6.2 The administrator, or their designee, shall ensure that a name-based criminal history record check is performed for each staff member or volunteer providing direct care, supervision, or having unsupervised contact with a resident, prior to their employment or acceptance as a volunteer.

(A) If the applicant has lived in Colorado for more than three (3) years at the time of application, the facility shall obtain a name-based criminal history record check conducted by the Colorado Bureau of Investigation.

(B) If the applicant has lived in Colorado for three (3) years or less at the time of application, the facility shall obtain a name-based criminal history record check for each state in which the applicant has lived during the past three years, conducted by the respective state's bureau of investigation or equivalent state-level law enforcement agency or other name-based report, as determined by the Department.

(C) If the criminal history record check reveals any convictions or pleas, the information shall be considered in accordance with the policies developed by the governing body in accordance with Part 4.2(B) of these rules.

(D) If the administrator becomes aware of information that indicates a staff member or volunteer could pose a risk to the health, safety, and welfare of the residents, the administrator shall request an updated criminal history record check from the Colorado Bureau of Investigation and/or other relevant law enforcement agency.

(E) If the facility contracts with a staffing agency for the provision of resident services, it shall require the staffing agency to meet the requirements of this part.

6.3 The facility shall establish written policies concerning pre-employment physical evaluations and employee health. Those policies shall include, at a minimum:

(A) Tuberculin skin testing of each staff member or volunteer prior to direct contact with residents; and

(B) The imposition of work restrictions on direct care staff or volunteers who are known to have any illness in a communicable stage, including, at a minimum, that such individuals be barred from direct contact with residents or resident food.

6.4 The facility shall maintain personnel records on each staff member and volunteer. Such records shall be available for Department review and shall include, but not be limited to:

(A) Application and/or resume, date of hire or acceptance of volunteer service, and date duties started;

(B) Documentation of orientation and training, including first aid and CPR certification, if applicable;

(C) Verification of credentials;

(D) Results of criminal history record checks and follow-up, if applicable; and

(E) Evidence regarding the absence or control of communicable diseases, including tuberculosis or hepatitis B, as applicable.

6.5 The administrator shall develop a written plan of organization detailing the authority, responsibility, and functions of different types of personnel.

6.6 There shall be written personnel policies including, but not limited to:

(A) Job descriptions and assigned responsibilities;

(B) Conditions of employment or volunteer service;

(C) Management of employees and volunteers; and

(D) Restrictions of on-site access by staff or volunteers with drug or alcohol use that would adversely impact their ability to provide resident care and services.

6.7 The administrator shall ensure that each staff member is provided notice of the personnel policies when hired and shall ensure the policy is explained during the initial orientation and after any policy changes are made.

6.8 The administrator shall ensure that there is sufficient trained staff on duty to meet the needs or potential needs of all residents at all times, considering individual needs such as the risk of accident, hazards, or other challenging events.

(A) The administrator shall ensure that the facility does not depend upon residents to perform staff functions.

(B) A facility may use volunteers, but any volunteer shall not be included in the facility's staffing plan in lieu of employees.

(C) The facility shall ensure that at least one staff member with current certification in first aid is available on site when residents are present, unless such residents are unsupervised in accordance with their service plan.

(D) The facility shall ensure that at least one staff member with current certification in cardiopulmonary resuscitation (CPR) and obstructed airway techniques is available on site when residents are present, unless such residents are unsupervised in accordance with their service plan.

6.9 Each staff member and volunteer shall be physically and mentally able to adequately and safely perform all functions essential to their assigned responsibilities.

Part 7 – Training

7.1 The administrator shall develop and implement a policy and procedure for the initial orientation and on-going training of staff and volunteers to ensure that all duties and responsibilities are accomplished in a competent manner. The policy and procedure shall include, but not be limited to:

(A) Ensuring each staff member or volunteer completes an initial orientation prior to providing any care or services to a resident. Such orientation shall include, at a minimum:

(1) The care and services provided by the facility;

(2) Assignment of duties and responsibilities specific to the staff member or volunteer;

(3) Infection prevention and control and universal precautions, as required in Part 12.2;

(4) Emergency response policies and procedures, including:

(a) Recognizing emergencies;

(b) Relevant emergency contact numbers;

(c) Fire response, including facility evacuation procedures;

(d) Basic first aid;

(e) Automated external defibrillator (AED) use, if applicable; and

(f) Serious illness, injury, and/or death of a resident.

(5) Reporting requirements, including occurrence reporting procedures within the facility and reporting abuse, neglect, mistreatment, or exploitation;

(6) Resident rights;

(7) Prevention of abuse and neglect; and

(8) An overview of the facility's policies and procedures and how to access them for reference.

(B) Ensuring each staff member or volunteer receives training on the following topics prior to that staff member or volunteer having unsupervised contact with residents:

(1) Training specific to each individual resident, as relevant to their job duties, including, but not limited to:

(a) Medical protocols and therapy programs;

(b) Needs related to activities of daily living;

(c) Specialized services;

(d) Individual interests and preferences;

(e) Individual evacuation capabilities; and

(f) Dietary and nutritional needs.

(2) Person-centered care;

(3) Maintenance of a clean, safe, and healthy environment, including appropriate cleaning techniques, as applicable;

(4) Food safety, in compliance with Part 13.3, as applicable to job duties; and

(5) Medication administration policies, procedures, and responsibilities.

(C) Training and drills for Emergency Management as required in 19.2.

(D) Training and orientation documentation requirements, including that such orientation and training be documented in the staff member's or volunteer's personnel file.

7.2 The administrator shall develop and implement a process for staff monitoring.

(A) There shall be an annual written evaluation of staff competency specific to the duties required at the facility and resident needs.

(B) If a staff member fails the annual competency evaluation, the administrator shall, at a minimum, provide and document retraining, and reevaluate to demonstrate competency is achieved.

7.3 The administrator shall document that orientation and training in emergency procedures has been provided for each new staff member, each volunteer, and each newly admitted resident capable of self-evacuation. Training shall occur within seven (7) working days of employment or moving into to the group home.

Part 8 – Admissions

8.1 The facility shall have and implement a written policy that specifies that it will only admit those individuals whose needs can be met within the accommodations and services the facility provides.

8.2 The facility shall ensure that it obtains the essential information pertinent to the care and support of the resident, including a medical evaluation report, either prior to or upon admission of a resident.

8.3 The facility shall only admit residents to regularly designated bedrooms.

8.4 The facility shall ensure the number of residents admitted to each bedroom does not exceed the number for which the room is designed and equipped.

Part 9 – Resident Rights

9.1 Each facility shall develop and implement written policies and procedures for residents' rights which shall address the client rights set forth in 6 CCR 1011-1, Chapter 2, Part 7, and Sections 25.5-10-218 through 225, C.R.S. Such policies and procedures shall also include specific provisions regarding:

(A) The right to have medications administered in a manner consistent with state and federal law and regulation.

(B) The right to resident notice at least 30 days prior to the effective date when there is a decision to terminate services or transfer the resident, regardless of who initiated the termination or transfer.

(C) Assurance that any resident transfer, including between facilities or within the same facility, shall be in the best interests of the resident and not for the convenience of the facility.

(D) An effective monitoring mechanism to detect instances of abuse, mistreatment, neglect, and exploitation. Monitoring shall include, at a minimum, a review of:

(1) Incident and/or occurrence reports;

(2) Verbal and written reports from residents, advocates, families, guardians, friends of residents, or others;

(3) Verbal and written reports of unusual or dramatic changes in behaviors or residents; and

(4) A plan for unannounced supervisory visits to each residence or facility on all shifts, no less than quarterly.

(E) Procedures for identifying, reporting, reviewing, and investigating all allegations of abuse, mistreatment, neglect, and exploitation consistent with applicable legal and regulatory requirements.

(F) Procedures for timely and appropriate disciplinary action up to and including termination of staff and appropriate legal recourse against any staff member or volunteer who has engaged in abuse, mistreatment, neglect, or exploitation of a resident.

9.2 The facility administrator shall ensure implementation of the following:

(A) All staff members and volunteers are aware of applicable state law and facility policies and procedures related to abuse, mistreatment, neglect, and exploitation.

(B) The facility adheres to federal and state law along with the facility's own policies and procedures for residents' rights.

(C) The facility demonstrates that the residents are informed of their rights and those rights are protected.

(D) The facility ensures immediate reporting to the facility administrator or designee by any staff member or volunteer who observes or is aware of abuse, mistreatment, neglect, or exploitation of a resident, and documentation of prompt action to protect the safety of the affected resident and all other residents in the facility.

(E) The facility reports any alleged incident or occurrence to the individual(s) legally authorized to receive the information within 24 hours and to the Department by the next business day, consistent with 6 CCR 1011-1, Chapter 2, Part 4.2.

(F) All alleged incidents of abuse, mistreatment, neglect, exploitation, or injuries of unknown origin shall be thoroughly investigated within five (5) working days.

(1) An investigative report shall be prepared that includes, at a minimum:

(a) The preliminary results of the investigation;

(b) A summary of the investigative procedures utilized;

(c) The investigative findings, including recommendations;

(d) The administrative review; and

(e) Timeline for the action(s) to be taken.

(2) If the alleged incident is subject to external investigation by law enforcement, adult protective services, or other appropriate oversight authority, the facility shall submit an addendum to the documentation of its investigation within five (5) working days after the completion of such external investigation.

Part 10 – Resident Funds

10.1 The facility shall develop and implement written policies and procedures consistent with legal and regulatory requirements regarding resident funds. These procedures shall include the ability for residents to access funds at any time.

10.2 The facility shall establish and maintain an accounting system that ensures a full, complete, and separate accounting, according to generally accepted accounting principles, of each resident's personal funds entrusted to the facility on the resident's behalf.

(A) The facility shall ensure that its accounting system precludes any commingling of resident funds with facility funds or with the funds of any person other than another resident.

(B) The facility shall regularly monitor its accounting system to ensure the policies and procedures are being appropriately implemented and resident funds are protected from misuse.

10.3 Upon request, the facility shall make a resident's financial record available to the resident or other individual legally authorized to receive the information within a reasonable amount of time, not to exceed thirty (30) days.

Part 11 – Resident Records

11.1 All records specifically required by these standards shall be made available to the Department for purposes of enforcing these regulations. If records are maintained electronically, they shall be made available to the Department in a manner that allows for a timely, efficient, and complete review.

11.2 Initial Record Requirements

(A) The following minimum information shall be recorded in the resident's program or medical record upon admission to the facility for persons with intellectual or developmental disabilities:

(1) Name, previous address, and birth date;

(2) Name, address, and phone number of legal guardian (if any), person to contact in an emergency, primary care practitioner, dentist, and case manager; and

(3) Special needs, allergies, special diet requirements, and current medication. If a resident has an allergy to any substance, a notice shall be placed in a conspicuous place on the resident's record.

(B) To the extent possible, the following shall also be obtained:

(1) The results of assessments conducted within the previous 12 months;

(2) All service plans, as appropriate, developed within the previous 12 months;

(3) Record of prescriptions of medications prescribed within the previous 12 months;

(4) Dates and descriptions of illnesses, accidents, significant changes of condition, treatments thereof, and immunizations for the previous 12 months;

(5) Summary of hospitalizations for the previous 12 months, to include recommendations for follow-up and treatment;

(6) Any other information relevant to the health of the resident; and

(7) Individual interests and preferences, including community activities.

11.3 Continuing Record Requirements

(A) Each facility shall maintain current and accurate program and medical records for individual residents that also contain:

(1) All information required by Part 11.1 of this chapter;

(2) A record of the use of the resident's funds including all debits, credits, and a description of purchases if supervised by the licensee;

(3) Current service plans, as appropriate, along with documentation of their implementation and progress toward meeting the goals;

(4) Documentation of resident interaction in the community, including activities offered and resident participation;

(5) Current photo of resident;

(6) General physical characteristics;

(7) General description of personality characteristics;

(8) Quarterly weight and annual height measurement;

(9) Records of interventions and treatments provided by practitioners, therapists, nurses, and other professional staff;

(10) Records of prescriptions ordered and medication administered in the previous 12 months;

(11) Date, time, and circumstances of resident's death, when applicable; and

(12) Documentation related to special diets, as required in Part 13.

(B) All entries in any resident record shall be dated and authenticated. Acceptable authentication shall be the staff's written signature, identifiable initials, computer key, or other appropriate technological means.

11.4 Medical Record Retention

(A) Medical records are those records pertaining to the health status and related medical services and treatments of the resident. Such records do not include documents involving services and programs.

(B) All medical records for adults (persons eighteen (18) years of age or older) shall be retained for no less than ten (10) years after the last date of service or discharge from the facility. All medical records for minors shall be retained after the last date of service or discharge from the facility for the period of minority plus ten (10) years.

Part 12 – Infectious Disease Prevention and Control

12.1 The administrator shall develop and implement an infectious disease control program with procedures that reflect the scope and complexity of the services provided in the facility. The program shall be based on nationally recognized standards for infection control and shall require the adequate investigation, control, and prevention of infections. Topics addressed shall include, but not be limited to:

(A) A requirement that at least one individual trained in infection control shall be employed by or available to the facility;

(B) Methods for identifying and tracking infection patterns and trends among employees, volunteers, or residents and initiating a response;

(C) Procedures for handling soiled linen and clothing, storing personal care items, and general cleaning which minimize the spread of pathogenic organisms;

(D) Maintenance of a sanitary environment;

(E) Mitigation of risks associated with infections and the prevention of the spread of communicable disease, including, but not limited to: hand hygiene, bloodborne and airborne pathogens, and respiratory hygiene and cough etiquette for residents and staff;

(F) Coordination with other federal, state, and local agencies including, but not limited to, a method to determine when to seek assistance from a medical professional and/or the local health department;

(G) The reporting of diseases as required by the Department's Rules and Regulations Pertaining to Epidemic and Communicable Disease Control, 6 CCR 1009-1; and

(H) The protective isolation of residents who have an infectious disease.

12.2 The facility shall provide initial and ongoing training for staff on the principles of infection prevention and control; universal precautions; management of blood, other body fluids, or potentially infectious waste; and cleaning and disinfection techniques.

Part 13 – Dietary Services

13.1 All food shall be procured, stored, and prepared safely.

13.2 At least a three-day supply of food and drinking water shall be available in the facility in case of emergency.

13.3 Staff handling, preparing, or serving food shall complete food safety training and maintain evidence of completion as part of the personnel file in accordance with Part 7.1(D). Food safety training shall be provided by recognized food safety experts or agencies, such as the Department's Division of Environmental Health and Sustainability, local public health agencies, or Colorado State University Extension Services. At a minimum, a certificate of completion of the available online modules is sufficient to comply with this part. The successful completion of other accredited food safety courses is also acceptable.

13.4 The facility shall ensure residents have the opportunity to be involved in planning meals and choosing available snacks.

13.5 Meals shall provide a nutritionally adequate diet for all residents consistent with generally recognized national or state dietary standards and/or guidelines.

13.6 The facility shall have a diet manual that provides guidance for the preparation of diet menus including special diets.

13.7 The facility shall have a registered dietician perform an initial review of all special diets to ensure they meet diet guidelines and ensure a review of all changes to the special diets of the residents. Such reviews shall be documented in the resident's record.

13.8 Records of meals prepared including available options and substitutions shall be kept by the facility staff and shall be available for review for a period of 30 days.

13.9 Meals shall vary daily and be appropriate for holidays and seasonal conditions.

13.10 Residents shall have access to the kitchen, food, and supplies at all times, unless a restriction is assessed to be appropriate and documented in the resident record.

13.11 Between-meal snacks of nourishing quality shall be available.

13.12 Residents shall be allowed to cook unless an assessment determines the resident is not capable of cooking in a safe manner and documentation of such assessment is part of the resident record.

13.13 Staff support shall be provided to all residents who need assistance during meals, as evidenced by an inability to self-feed within 15 minutes of food being presented.

13.14 Special Diets

(A) Known food allergies and prescribed special diets shall be documented and such information shall be made available to facility staff preparing meals.

(B) The administrator or their designee shall ensure that all staff, including volunteers and temporary staff, are aware of and provide food, supplies, and adaptive equipment in compliance with residents' food allergies and/or special diet requirements.

(C) The facility shall provide food that meets residents' special diet requirements.

(D) The facility shall document a resident's refusal to eat their special diet as part of the resident record.

Part 14 – Medications

14.1 On at least a quarterly basis, the facility shall ensure that medications and dosage taken by residents who are self-administering are reviewed by a licensed nurse or other licensed provider who is legally authorized to monitor medications within their own scope of practice.

14.2 Prescription medications shall be administered from containers or packages that are lawfully labeled.

14.3 The facility shall ensure that the primary care practitioner designated to coordinate a resident's care reviews each resident's medication on an annual basis for a stable regimen and whenever there is a new medication added or a change in the medication regimen.

14.4 At the time of discharge or transfer, medications administered by the facility shall be given to the resident's legal guardian, nurse, or qualified medication administration staff member at the new residence, and this shall be documented in the resident record.

14.5 The governing body shall establish and implement written policies and procedures that ensure the appropriate procurement, storage, administration, and disposal of all medications including, but not limited to:

(A) All medications, including, but not limited to, pro re nata (PRN) or "as needed" medications, shall be administered only by persons as authorized by law.

(B) Residents may self-administer medications unless they are determined to be incapable of safe self-administration by a licensed provider and such determination is documented and included in the resident record.

(1) The facility shall report non-compliance, misuse, or inappropriate use of known medications by a resident who is self-administering medications to the resident's primary care practitioner.

(2) The facility shall seek a review of the resident's determination related to self-administration, as follows, and retain updated documentation of the determination as appropriate:

(a) When non-compliance, misuse, or inappropriate use of known medications is reported to the resident's primary care practitioner.

(b) When there are changes in the resident's medications, routines, or circumstances that may impact their ability to self-administer medications.

(c) At least annually.

(3) All such reviews shall be documented in the resident's record.

(C) Facilities are allowed to use qualified medication administration persons (QMAPs) for medication administration, provided the following conditions are met:

(1) The facility fully complies with Sections 25-1.5-301 through 25-1.5-303, C.R.S., and 6 CCR 1011-1, Chapter 24 – Medication Administration Regulations;

(2) Group homes must meet the definition of facility at Section 25-1.5-301(2)(h), C.R.S.; and

(3) QMAPs shall not independently determine a resident's ability to self-administer medications.

(D) All medications shall be stored in locked containers according to the appropriate light and temperature conditions, and all controlled medications shall be double locked, except that residents capable of self-administering some or all of their medications shall be allowed to keep those medications in locked containers in their own rooms.

(E) There shall be documentation of medication administration to residents including time and dosage given, name of staff administering, and, if applicable, drug reaction or refusal by the resident.

(F) Staff shall report medication errors and refusals to the program director, consulting nurse, and primary care practitioner and shall ensure such errors and refusals are documented in the medication administration record.

(G) There shall be a policy and procedure for administration and transport of medications to facilitate community integrations and other activities such as day programs, vacations, and home visits.

14.6 The administrator shall ensure the implementation of and compliance with all policies and procedures related to controlled medication receipt, storage, administration, and disposal.

14.7 There shall be a designated medication preparation area separated from food that is equipped with: a suitable locking device to protect the medications stored therein; a refrigerator equipped with thermometer; counter work space; readily accessible contact information for the poison control center; and a sink for hand-washing or appropriate supplies for hand cleansing.

(A) Only medications, medical equipment, and supplies shall be stored in the designated preparation area.

(B) Test reagents, general disinfectants, cleaning agents, and other similar products shall not be stored in the medication area.

14.8 Non-prescription (over-the counter) medications administered to a resident shall meet the following conditions:

(A) The medication is maintained in the original container with the original label visible; and

(B) The medication is labeled with a single resident's full name.

14.9 Non-prescription drugs may be purchased by residents capable of self-administration.

Part 15 – Medical Services, Therapeutic Services, and Equipment, Supplies, and Assistive Technology

15.1 The governing body shall establish and the administrator shall implement written policies and procedures for medical services and therapeutic services based on documented applicable standards of practice.

15.2 Medical services, therapeutic services, diagnostic services, equipment, and assistive technology shall be provided in a timely manner as ordered by the authorized, licensed prescriber.

15.3 Each resident shall have a primary care practitioner designated to coordinate the resident's care.

15.4 A record of all prescribed medical services or therapeutic services shall be maintained as part of the resident record.

15.5 Changes in resident's physical condition shall be reported to the nurse. Following the nurse's assessment, the facility shall ensure the primary care practitioner is notified in a timely manner and others in accordance with facility policy.

15.6 The governing body shall develop and the administrator or designee shall implement a written policy for monitoring each resident's weight. The policy shall include:

(A) For the purposes of this rule, a significant weight change is a five percent (5%) change in one (1) month, seven and a half percent (7.5%) change in three (3) months, or ten percent (10%) change in six (6) months. A serious weight change is above those percentages in the same timeframes.

(B) Weight monitoring shall be documented and promptly assessed for significant/serious weight changes.

(C) The facility shall promptly notify the primary care or other appropriate practitioner when significant/serious weight changes occur and document this notification in the resident record.

15.7 Medical Services

(A) The facility shall arrange for a medical evaluation of each resident on an annual basis unless a greater or lesser frequency is specified by the primary care practitioner designated to coordinate resident's care. If it is determined an annual evaluation is not needed, a medical evaluation shall be conducted at least every two (2) years. The facility shall document the results of such evaluations and any required follow-up services.

(B) The facility shall assist each resident in obtaining an annual dental examination. If the dentist determines that an annual examination is unnecessary, a dental examination shall be conducted at least every two (2) years. The facility shall document the prescribed frequency, results of all dental examinations, and any required follow-up services. If the resident does not have teeth, an oral examination by a practitioner may be substituted for the dental examination and the frequency and documentation requirements in this rule shall apply to such oral examinations.

(C) Other medical and dental services and follow-up shall be obtained as ordered by the primary care or other practitioner and shall be documented in the resident record.

15.8 Therapeutic Services

(A) For the purpose of this Chapter 8, the term therapeutic services shall include, but not be limited to: physical therapy, occupational therapy, speech and Language therapy, and similar services.

(B) The facility shall ensure that all therapeutic services utilized by residents are provided by persons or facilities that are licensed, certified, or otherwise authorized by law to provide such therapies and meet the applicable standards of practice.

(1) Unlicensed staff may provide therapeutic services only if such staff has been trained by a person licensed, certified, or otherwise authorized by law to provide such therapies.

(a) The facility shall document the name and professional title of the person providing such training and the content of such training.

(b) The facility shall document the therapeutic service training received by unlicensed staff and have such documentation readily accessible.

(2) Unlicensed staff may provide therapeutic services only when a protocol with specific instructions for providing such therapies is documented.

(3) All therapeutic services provided by trained, unlicensed staff shall be supervised and monitored at least quarterly. Such supervision and monitoring shall be documented in the resident file and include:

(a) Reviewing to ensure services are being provided as prescribed; and

(b) Ensuring that the individual providing the service documented the service at the time the service was provided.

(4) All therapeutic services provided by trained, unlicensed staff shall be supervised and monitored annually by a person licensed, certified, or otherwise authorized by law to provide such services.

15.9 Equipment, Supplies, and Assistive Technology

(A) Residents who use wheelchairs, adaptive equipment, or other assistive technology services shall receive professional reviews at the prescribed or recommended frequency to ensure the continued applicability and fitness of such devices. Such reviews shall be documented in the resident record.

(B) Wheelchairs and other assistive technology devices shall be maintained according to the manufacturer's guidelines.

(C) The facility shall have portable emergency equipment as necessary to meet the specific needs of the residents. If such devices are present, the facility shall ensure that all personnel are trained in the proper use of such devices.

(D) Each resident shall have dentures, eyeglasses, hearing aids, and other aids as needed and prescribed by the appropriate professional. Resident refusal to use such aids shall be documented in the resident record.

(E) The facility shall have individual resident equipment and supplies necessary to meet each resident's continuing medical needs.

Part 16 – Nursing Services, Specialized Care, and Social Services

16.1 Nursing Services

(A) The facility shall develop and implement written nursing policies and procedures that address the nursing needs of the residents.

(B) The facility shall have sufficient licensed nursing staff available to respond to the needs of the residents.

16.2 Specialized Care: A facility providing specialized care must meet the following requirements:

(A) For the purpose of this Chapter 8, specialized care includes:

(1) Catheter care;

(2) Ostomy care;

(3) Tracheostomy care;

(4) Breathing treatments;

(5) Oxygen saturation monitoring;

(6) Blood pressure monitoring;

(7) Preventive skin care including appropriate pressure relieving/reducing devices.

(B) There shall be a record of any specialized care prescribed by a physician or other practitioner and/or delegated by a registered nurse or licensed practical nurse.

(C) The provision of specialized care shall be documented by the staff providing the service.

(D) Specialized care may be provided by unlicensed staff only if it is allowed by state law and such staff has been trained by a person licensed, certified, or legally authorized to provide such services, and the unlicensed staff has been deemed competent to provide such services through direct observation by the person providing the training.

(1) All specialized care provided by trained, unlicensed staff shall be monitored by a registered nurse or licensed practical nurse in accordance with their practice act, but no less than quarterly, and annually by a person licensed, certified, or legally authorized to provide such services. Such monitoring shall be documented in the resident file and include:

(a) Observing the unlicensed staff performing the specialized care to ensure ongoing competency to provide such service;

(b) Reviewing to ensure care is being provided as prescribed; and

(c) Ensuring appropriate documentation of care by the individual providing the service, at the time the service was provided.

16.3 Social Services. The facility shall provide appropriate social services and/or care coordination to residents and families, and consultation to the staff.

Part 17 – Gastrostomy Services

17.1 Gastrostomy services shall not be administered by an unlicensed individual unless that individual is trained and supervised by a licensed physician, nurse, or other practitioner.

17.2 The facility shall ensure that a physician, licensed nurse, or other practitioner has developed a written, individualized gastrostomy service protocol for each resident requiring such service, and that the protocol is updated each time the orders change for that resident's gastrostomy services. Each protocol shall include, but not be limited to:

(A) The proper procedures for preparing, storing, and administering nutritional supplements through a gastrostomy tube, including, but not limited to:

(1) The type of gastrostomy tube used by the resident;

(2) A list of all equipment and materials required for the procedure;

(3) The position of the resident during and after feeding;

(4) Procedures for cleaning the gastrostomy site and surrounding skin;

(5) Procedures for cleaning the gastrostomy equipment; and

(6) Instructions for documenting the procedure.

(B) The routine care and maintenance of the external gastrostomy site.

(C) The identification of possible problems associated with gastrostomy services and the extent to which an unlicensed individual may address the problem, including, but not limited to:

(1) Notification to licensed staff and/or providers regarding changes in the gastrostomy site;

(2) Signs of infection;

(3) Procedures to follow when the resident experiences coughing, nausea, or vomiting;

(4) Leakage around the stoma; and

(5) Procedures to follow when a gastrostomy tube has been dislodged or pulled out.

(a) Unlicensed individuals may not reinsert a gastrostomy tube, except that an unlicensed individual may take actions as directed/delegated by a licensed provider in an emergent situation if the resident is at risk of stoma site closure.

(D) The names and contact numbers of the resident's physician, licensed nurse, or other practitioner who is responsible for monitoring the unlicensed person(s) performing gastrostomy services and intervening, if problems are identified.

17.3 The facility shall ensure that a physician, licensed nurse, or other practitioner provides training to any unlicensed individual who may provide gastrostomy services. Documentation of the training shall be kept in the resident's record and shall include:

(A) The date or dates of when the training occurred;

(B) Indication that the unlicensed individual has reached proficiency which is defined as performing all aspects of the resident's protocol without error three (3) consecutive times; and

(C) The signature of the physician, licensed nurse, or other authorized, licensed practitioner that provided the training and observed the three (3) trials.

17.4 The facility shall ensure that a physician, licensed nurse, or other practitioner performs the gastrostomy services for each resident receiving gastrostomy services at least once prior to the unlicensed person providing the services.

17.5 For unlicensed persons performing gastrostomy services for several residents with similar protocols, the physician, licensed nurse, or other practitioner overseeing their training may document their proficiency with less than three (3) observations for each resident receiving services. The alternative method for establishing the proficiency of each staff member shall be documented.

17.6 The facility shall ensure that the physician, licensed nurse, or other practitioner observes and documents the unlicensed staff performing gastrostomy services for each resident at least quarterly for the first year and semi-annually thereafter, unless more frequent monitoring is appropriate. Such monitoring shall be documented in the record of the individual receiving gastrostomy services.

17.7 When changes are made to the written order for gastrostomy services and/or in the resident's protocol, the facility shall ensure that the physician, licensed nurse, or other practitioner that provides the training determines the extent of training that the unlicensed person will need to remain proficient in performing all aspects of the gastrostomy services. If changes in protocols occur, the facility shall document training and competency of unlicensed staff on the new protocol.

17.8 The facility shall ensure that the primary care practitioner or ordering physician annually reviews and approves the protocol for each resident receiving gastrostomy services.

17.9 For each resident, the facility shall ensure the following documentation for each gastrostomy service provided to the resident is included in the resident's record:

(A) A written record of each nutrient and fluid administered;

(B) The beginning and ending time of nutrient or fluid intake;

(C) The amount of nutrient or fluid intake;

(D) The condition of the skin surrounding the gastrostomy site;

(E) Any problem(s) encountered and action(s) taken; and

(F) The date and signature of the person performing the procedure.

Part 18 – Facility Reporting Requirements

18.1 Each facility shall comply with the occurrence reporting requirements set forth in 6 CCR 1011-1, Chapter 2, Part 4.2.

18.2 Each facility shall notify the Department within 48 hours of the relocation of one or more residents due to any portion of the facility becoming uninhabitable for any reason, including, but not limited to, fire or other disaster.

18.3 In the event of a voluntary closure of a facility, such facility shall notify the Department 30 days prior to closure and submit a plan for resident transfer at that time. The resident transfer plan shall include, at a minimum:

(A) Notice to the residents, families, and guardians;

(B) Schedule for the residents' moves;

(C) Staffing pattern during the 30 days prior to closure; and

(D) Provisions for ensuring the health and safety of residents during the closure.

Part 19 – Emergency Management Plan and Procedures

19.1 The governing body shall ensure that an evaluation of risks to the facility is completed using an all hazards approach. This evaluation must address natural and human-caused crises. Such an evaluation of risks shall be reviewed at least annually and updated as necessary, and shall include, but not be limited to:

(A) Fire;

(B) Severe weather, including but not limited to tornados, blizzards, and flooding;

(C) Security threats, including threatened or actual acts of violence;

(D) Gas leaks/explosions;

(E) Internal system failures, such as: electrical outages, internal structural collapse, or flooding; and

(F) Bioterror, pandemic, or disease outbreak events.

19.2 The administrator shall develop and implement a written emergency management plan addressing the hazards identified in Part 19.1, above, and including, at a minimum:

(A) Arrangements for alternative housing, transportation, and the provision of necessary medical care if a resident's primary care practitioner is not immediately available;

(B) Procedures that ensure notification of families or guardians in an emergency;

(C) Procedures for addressing interruptions in the normal supply of essentials, including, but not limited to: water, food, heat/air conditioning and ventilation, medications, and personal protective equipment (PPE). The plan shall ensure continuation of operations for at least 72 hours;

(D) Processes ensuring the protection and transfer of resident information, as needed; and

(E) Routine drills to ensure staff and resident familiarity with emergency procedures, as appropriate, including:

(1) Fire drills in accordance with state and local laws and regulations, but no less than quarterly; and

(2) An annual mock exercise that addresses all the items listed in Part 19.1.

19.3 The administrator shall ensure training in emergency procedures as follows:

(A) Each new staff member or volunteer shall be trained in emergency procedures prior to providing unsupervised resident care.

(B) Each resident capable of self-evacuation shall be trained in emergency procedures within seven (7) days of moving into the facility.

(C) Such training shall be documented in either the personnel file or resident record, as applicable.

19.4 The facility shall conduct and document a monthly review of its response to the items listed in Part 19.1 of this chapter including its policies and procedures and training of staff and residents.

Part 20 – Compliance with FGI Guidelines

Any construction or renovation of a facility for persons with intellectual and developmental disabilities shall conform to Part 3 of 6 CCR 1011-1, Chapter 2, unless otherwise specified in this current chapter.

Part 21 – Physical Environment

21.1 The facility shall maintain a home-like environment that is clean, sanitary, and free of hazards to health and safety.

21.2 All interior areas including basements and garages shall be safely maintained to protect against environmental hazards.

21.3 All exterior areas shall be safely maintained to protect against environmental hazards including, but not limited to:

(A) Exterior premises shall be kept free of high weeds and grass, garbage, and rubbish.

(B) Grounds shall be maintained to prevent hazardous slopes, holes, snow, ice, or other potential hazards.

(C) Staircases and porches shall be kept in good repair.

21.4 Compliance with State and Local Laws/Codes.

(A) Facilities shall be in compliance with all applicable zoning regulations of the municipality, city and county, or county where the home is situated. Failure to comply with applicable zoning regulations shall constitute grounds for the denial of a license to a home consistent with Section 25.5-10-215, C.R.S.

(B) Facilities shall be in compliance with all applicable state and local plumbing laws and regulations. Plumbing shall be maintained in good repair, free of the possibility of backflow and backsiphonage, through the use of vacuum breakers and fixed air gaps, in accordance with state and local codes.

(C) Facilities shall be in compliance with all applicable state and local sewage disposal requirements. Sewage shall be discharged into a public sewer system or disposed of in a manner approved by state and local health authorities in compliance with the Water Quality Control Division's Guidelines on Individual Sewage Disposal Systems, 5 CCR 1002-43.

21.5 Electric or space heaters shall not be permitted within resident bedrooms and may only be used in common areas of the facility if owned, provided, and maintained by the facility.

21.6 Waste Disposal/Combustibles

(A) All interior areas shall be free from accumulations of extraneous materials such as refuse, discarded furniture, and old newspapers.

(B) Combustibles, such as cleaning rags and compounds, shall be kept in closed metal containers.

(C) Kerosene heaters shall not be permitted within the facility.

(D) All garbage and rubbish not disposed of as sewage shall be collected in impervious containers in such manner that it is not a nuisance or health hazard and shall be removed to an approved storage area at least once a day. The refuse and garbage storage area shall be kept clean and free from nuisance. The facility shall have a sufficient number of impervious containers with tight fitting lids that shall be kept clean and in good repair.

(E) Carts used to transport refuse shall be enclosed, constructed of impervious materials, used solely for refuse, and maintained in a sanitary manner.

(F) Incinerators shall comply with state and local air pollution regulations and be constructed in a manner that prevents insect and rodent occupation.

(G) If private sewage disposal systems are used, system design plans and records of maintenance shall be kept on the premises and available for inspection.

(H) No exposed sewer line shall be located directly above working, storage, or eating surfaces in kitchens, dining rooms, pantries, or where medical supplies or drugs are prepared or stored.

21.7 Infestation and Hazardous Substances

(A) The facility shall be maintained free of infestation of insects and rodents, and all openings to the outside shall be screened.

(B) The facility shall have a pest control program as needed, provided by maintenance personnel or by contract with a pest control company, using the least toxic and least flammable effective pesticides.

(C) Solutions, cleaning compounds, pesticides, and other hazardous substances shall be labeled and stored in a safe manner.

21.8 Heating, Lighting, Ventilation

(A) Each room in the facility shall have heat, lighting, and ventilation sufficient to accommodate its use and the needs of the residents.

(B) All interior and exterior steps, interior hallways, and corridors shall be adequately illuminated.

(C) Intermediate Care Facilities for Persons with Developmental Disabilities submitting an initial license application after May 1, 2011, shall have nightlights that are controlled at the door of the bedroom.

21.9 Water

(A) There shall be an adequate supply of safe, potable water available for domestic purposes.

(B) Water temperatures shall be maintained at comfortable temperatures. Hot water shall not measure more than 110 degrees Fahrenheit at taps that are accessible by residents.

(C) There shall be a sufficient supply of hot water during peak usage demands.

21.10 Common Areas

(A) If the facility has one or more residents using a wheelchair, it shall provide a minimum of two entryways for wheelchair access and egress from the building.

(B) The facility shall provide common areas that are sufficient to reasonably accommodate all residents.

(C) The facility shall provide furnishings in all common areas that meet the needs of the residents and are in good repair.

(D) All common areas and dining areas shall be accessible to residents utilizing an auxiliary aid without requiring transfer from a wheelchair to walker or from a wheelchair to a regular chair for use in dining areas. All doors to those rooms requiring access shall be at least 32 inches wide.

(E) Residents shall be allowed free use of all common living areas with due regard for privacy, personal possessions, and safety of all residents.

(F) The facility shall have liquid soap and paper towels available in the common bathrooms of the facility.

21.11 Bedrooms

(A) The facility shall ensure that each resident resides in a regularly designated bedroom.

(B) All bedrooms shall meet the following square footage requirements:

(1) Single occupancy bedrooms shall have at least 100 square feet.

(2) Double occupancy bedrooms shall have at least 80 square feet per person.

(3) Bathroom areas and closets shall not be included in the determination of square footage.

(C) The facility shall provide each resident with a clean comfortable mattress, maintained in a sanitary condition.

(D) Resident bedrooms shall contain furnishings that meet the needs of the resident.

(E) Each bedroom shall have adequate storage space or closets for a resident's clothing and personal articles.

(F) Each bedroom shall have at least one window of eight (8) square feet, which shall have opening capability. All escape windows shall be maintained unobstructed on the interior and exterior of the facility.

(G) The ground level outside of any basement resident bedroom shall be maintained at or below the window sill for a distance of at least eight feet measured out from the window.

21.12 Bathrooms

(A) A full bathroom shall consist of at least the following fixtures: toilet, hand washing sink, toilet paper dispenser, mirror, tub or shower, and towel rack.

(B) The facility shall ensure compliance with the following criteria regarding the number of bathrooms per residents:

(1) The group home shall provide toilet and bathing facilities appropriate in number, size, and design to meet the needs of the residents,

(2) There shall be at least one full bathroom for every four (4) residents, and

(3) Group homes utilizing more than one level or floor for resident services and/or sleeping rooms shall have at least one full bathroom per floor.

(C) The facility shall ensure the following accessibility criteria:

(1) There shall be at least one bathroom adjacent to the common living space that is available for resident use.

(2) In any facility that is occupied by one or more residents utilizing an auxiliary aid, the facility shall provide at least one full bathroom as defined herein with fixtures positioned so as to be fully accessible to any resident utilizing an auxiliary aid.

(D) The facility shall ensure each bathroom has the following safety features:

(1) Non-skid surfaces on all bathtub and shower floors;

(2) Grab bars properly installed at each tub and shower, adjacent to each toilet, and as otherwise indicated by the needs of the resident population; and

(3) Toilet seats constructed of non-absorbent material and free of cracks.

(E) The facility shall ensure that each resident is furnished with personal hygiene and care items.

21.13 Housekeeping, Linen, and Laundry

(A) Each facility shall establish organized housekeeping services that are planned and performed to provide a pleasant, safe, and sanitary environment.

(B) The facility shall either contract with a commercial laundry or maintain its own laundry that meets the following criteria:

(1) All laundry equipment shall be designed and installed to comply with state and local laws and possess appropriate safety devices.

(2) Laundry operations shall be located in an area that is separated from resident care units.

(3) The laundry procedures shall be performed in such a way that soiled linen and resident clothing emerge clean and free of detergents according to manufacturer instructions.

(4) Soiled laundry shall be processed frequently enough to prevent unsanitary accumulations.

(5) The temperature of the water during the washing and rinsing process shall be based upon the recommendations of the laundry detergent and the items being laundered.

(C) There shall be a resident linen supply consisting of at least two complete changes times the number of resident beds. All linens shall be maintained in good repair.

(D) Bed linens shall be changed as often as necessary but in no case less than once a week.

(E) The facility shall have a secured maintenance area separated from living quarters with adequate floor storage area that is equipped with:

(1) Storage space for housekeeping equipment, supplies, and chemicals;

(2) An area for handling chemicals;

(3) Hand washing supplies;

(4) A waste receptacle with impervious liner; and

(5) For facilities with more than eight (8) beds, the secured maintenance area shall also contain a sink (preferably depressed or floor mounted) with mixing faucet.

CHAPTER TWO – RULES PERTAINING TO EMS PRACTICE AND MEDICAL DIRECTOR OVERSIGHT

Adopted by the Chief Medical Officer on October 29, 2021. Effective December 30, 2021.

Replace chapter 2, current Section 1, part 1.1 with revised text below

1.1 These rules define the authorized medical acts of Emergency Medical Service (EMS) providers in the settings in which they may practice: prehospital, as defined by Sections 25-3.5-206(5)(b) and 25-3.5-209, C.R.S. and these rules; out-of-hospital, as defined by 6 CCR 1011-3 and these rules; and clinical, as defined by Section 25-3.5-207(1)(a), C.R.S and these rules.

****

Replace current Chapter 2, Section 3, 3.2 and 3.2.1 with language below. Current subsections 3.2.2 and 3.2.3 remain unchanged.

3.2 The EMPAC shall consist of the following thirteen members:

3.2.1 Ten voting members appointed by the governor as follows:

A) Two physicians licensed in good standing in Colorado who are actively serving as EMS agency medical directors and are practicing in rural or frontier counties;

B) Two physicians licensed in good standing in Colorado who are actively serving as EMS agency medical directors and are practicing in urban counties;

C) One physician licensed in good standing in Colorado who is actively serving as an EMS agency medical director in any area of the state;

D) One EMS provider certified or licensed at an advanced life support level who is actively involved in the provision of emergency medical services;

E) One EMS provider certified or licensed at a basic life support level who is actively involved in the provision of emergency medical services; and

F) One EMS provider certified or licensed at any level who is actively involved in the provision of emergency medical services;

G) One clinical psychiatrist licensed in good standing in Colorado who is recommended by a statewide association of psychiatrists;

H) One anesthesiologist licensed in good standing in Colorado who is recommended by a statewide association of anesthesiologists;

****

Replace current Chapter 2, Appendix B, Table B.3 with the revised Table B.3 below

7 CCR 1101-3
WORKERS' COMPENSATION RULES OF PROCEDURE

Rule 5 Claims Adjusting Requirements

5-6 TIMELY PAYMENT OF COMPENSATION BENEFITS

(A) Benefits and penalties awarded by order are due three (3) business days after the order becomes final. Any ongoing benefits shall be paid consistent with statute and rule.

(B) Initial payment of temporary disability benefits awarded by admission shall be paid no later than the date the admission awarding benefits is filed and are considered due three (3) business days after the date of the admission. Temporary disability benefits are due at least once every two weeks thereafter from the date of the admission. Payment mailed via the United States Postal Service will be considered timely if postmarked at least three (3) business days prior to the due date and must include all benefits owed through the due date. In some instances, an employer's first report of injury and admission can be timely filed, but the first installment of compensation benefits will be paid more than 20 days after the insurer has notice or knowledge of the injury. Provided the filings are timely and that benefits are timely paid for the entire period owed as of the date of the admission, the insurer will be considered in compliance

(C) Permanent impairment benefits awarded by admission are retroactive to the date of maximum medical improvement and shall be paid so that the claimant receives the benefits not later than three (3) business days after the date of the admission. Subsequent permanent disability benefits are due at least once every two weeks from the date of the admission. When benefits are continuing, the payment shall include all benefits which are due. Payment mailed via the United States Postal Service will be considered timely if postmarked at least three (3) business days prior to the due date.

(D) An insurer shall receive credit against permanent disability benefits for any temporary disability benefits paid beyond the date of maximum medical improvement.

(E) Benefits shall be calculated based on a seven (7) day calendar week.

Rule 3 Insurance Coverage

3-1 REPORTING REQUIREMENTS FOR INSURANCE CARRIERS AND EMPLOYERS

(A) The Division designates the National Council on Compensation Insurance, Inc. (NCCI) as its agent to receive, process, and make available to the Division, all the required notices. Insurance carriers shall transmit this data and all other data elements in the electronic format as directed by the Division through NCCI.

(B) Every insurance carrier shall advise the Division, by filing with NCCI, notice of the issuance or renewal of insurance coverage within thirty (30) calendar days of the effective date of coverage. The insurance carrier shall ensure that every policy reported to NCCI includes the correct federal employer identification number ("FEIN") or other taxpayer identification number(s) for each covered employer, employer's business operation, client company, and/or employing entity.

(C) Every insurance carrier shall advise the Division, by filing with NCCI, final notice of the cancellation of insurance coverage no later than thirty (30) calendar days after coverage is actually canceled. This subsection does not pertain to the preliminary notice of cancellation referenced in §8-44-110~~, C.R.S~~.

(D) Every employer shall provide on request to its insurance carrier all FEINs or other taxpayer identification number(s) for all the employer's business operations, client companies, and/or any other similar employing entities, in Colorado to which the insurance applies. All changes in FEIN or other taxpayer identification numbers shall be reported immediately to the insurance carrier. The insurance carrier shall report all changes in FEINs and taxpayer identification numbers to NCCI within thirty (30) calendar days of receipt.

(E) Every insurance carrier shall provide to the division all certificates of insurance requested by the division, unless the insurer denies coverage for the requested employer, employer's business operation, client company, and/or employing entity. Certificates issued to the division shall contain, at a minimum, the employer's name, employer's address, employer's FEIN or other taxpayer identification number, insurer's name, insurer's address, policy number, and effective dates of the policy. The insurer shall provide such certificate(s) or notify the division of the denial of coverage within five (5) days of the request.

(F) For purposes of the performance of the Director's responsibilities under §8-43-409, the prehearing conference and any hearing that the Director may determine necessary may be conducted by any competent person appointed by the Director or by any other person designated by the Director.

3-2 CARRIER REPRESENTATIVE

Every insurance carrier shall notify the Division's designated agent of the name, address and telephone number of its representative responsible for reporting coverage information. This information shall be provided within thirty (30) days upon request of either the Division or its agent, or within thirty (30) days of a change in the information.

3-3 SELF-INSURED EMPLOYERS

(A) Any pool authorized to self-insure shall advise the Division in writing of the effective date of self-insurance, the name and address of the pool administrator and the federal employer identification number of each covered member. This information shall be provided within thirty (30) days upon request of either the Division or its agent, or within thirty (30) days of a change in the information.

(B) All individual self-insurance permit holders shall advise the Division in writing of the federal employer identification number of the permit holder as well as of all covered subsidiaries. This information shall be provided within thirty (30) days upon request of either the Division or its agent, or within thirty (30) days of a change in the information.

3.4 Unreported/erroneous policies - insurance carriers

(A) Every insurance carrier who fails to comply with the reporting requirements of paragraphs (a) through (e) of rule 3-1 shall be subject to penalties.

(B) For certificates of workers' compensation insurance or other documentation that has been received by the division indicating policies that have not been reported by the insurer to NCCI or policies that contain errors in an employer's identifying information, a list of such policies will be generated by the division and provided to each insurer containing all unreported or inaccurate policies. The insurer shall have fifteen (15) days from the date the list is issued to report/correct each listed policy to NCCI, or provide to the division a written explanation of why the policy cannot be reported/corrected to NCCI.

(C) If, within fifteen (15) days following the issuance of the division's list of unreported or erroneous policies, the insurer fails to either report a listed policy to NCCI or provide a written explanation to the division of why the policy cannot be corrected or reported to NCCI, a deficiency notice and order to comply may be issued to the insurer for all outstanding unreported or erroneous policies. The insurer shall then have twenty (20) days from the date of issuance of the deficiency notice and order to comply to perform one of the following actions:

(1) Report a previously unreported policy to NCCI.

(2) File a corrected endorsement with NCCI in the event the policy information previously submitted to NCCI is incorrect.

(3) Provide a written explanation to the division of why the policy cannot be reported to or corrected with NCCI.

3-5 ELECTION TO REJECT COVERAGE

(A) An officer of a corporation or a member of a Limited Liability Company ("LLC") who elects to reject workers' compensation coverage shall complete and submit the division prescribed rejection of coverage form to the division if all the company's corporate officers and LLC members choose to reject coverage and the corporation or LLC has no employees other than the corporate officers or LLC members. If the corporation or LLC has workers' compensation insurance, the corporate officer(s) or LLC member(s) shall submit the division prescribed form or the insurance carrier's substantially equivalent form to the workers' compensation insurance carrier.

(B) The owner(s) of a sole proprietorship or partnership performing construction work who elect(s) to reject workers' compensation coverage shall complete and submit the division prescribed rejection of coverage form to the division if the sole proprietorship or partnership has no employees other than the owner(s). If the sole proprietorship or partnership has workers' compensation insurance, such owner(s) shall submit the division prescribed form or the insurance carrier's substantially equivalent form to the workers' compensation insurance carrier.

(C) The Notice of Election to Reject Coverage shall become effective the next business day following receipt of the notice by the insurance carrier or, if none, by the Division.

3-6 NOTICES TO EMPLOYEES

(A) Every employer shall continuously post a notice to employees in one or more conspicuous places on the employer's work site advising employees that the employer is insured for workers' compensation as required by law, identifying the name of the employer's insurance carrier or stating that the employer is self-insured, and containing information about the Colorado workers' compensation system on a form prescribed or approved by the Division and furnished by the carrier or self-insured.

(B) Every employer also shall continuously post a notice to employees in one or more conspicuous places on the employer's work site advising employees that written notice must be given to an employer within 4 working days after an injury.

3-~~6~~**7** FINES FOR DEFAULTING EMPLOYER

(A) Following the Director's determination that an employer has failed to obtain the required insurance or has failed to keep such insurance in force or has allowed the insurance to lapse or has failed to renew such insurance, the Director will impose fines on the defaulting employer and/or will compel the employer to cease and desist its business operations.

(B) For any period beginning three years prior to the date the employer is sent a notice to show compliance and where such employer has not previously been sent a notice to show compliance, the director shall impose a fine of five dollars ($5.00) per day for each day of the employer's default until the date of issuance of the notice to show compliance. If the employer's default continues after the issuance of the notice to show compliance, fines shall be issued in accordance with the following schedule until the employer complies with the requirements of the workers' compensation act regarding insurance or until further order of the director:

1-10 DAYS	$10/DAY
11-20 DAYS	$30/DAY
21-30 DAYS	$50/DAY
31-40 DAYS	$100/DAY
41+ DAYS	$250/DAY

(C) Where an employer provides the director with information related to its ability to pay the fine, the director may, if appropriate, modify the fine structure in rule 3-6(b).

(D) For the Director's finding of an employer's second and all subsequent defaults in its insurance obligations, daily fines from $250/day up to $500/day for each day of default will be until the employer complies with the requirements of the Workers' Compensation Act regarding insurance or until further order of the Director.

Division of Labor Standards and Statistics

COLORADO OVERTIME AND MINIMUM PAY STANDARDS ORDER (COMPS ORDER) #38

7 CCR 1103-1

Adopted November 10, 2021, effective January 1, 2022.

Rule 1. Authority and Definitions.

1.1 Authority and relation to prior orders. Colorado Overtime and Minimum Pay Standards Order ("COMPS Order") #38 replaces COMPS Order #37 (2021) and prior orders, except that the provisions of prior orders still govern as to events occurring while they were in effect. The COMPS Order is issued under the authority of, and as enforcement of, Colorado Revised Statutes ("C.R.S.") Title 8, Articles 1, 4, 6, 12, 13.3, and 13.5 (2022), and is intended to be consistent with the requirements of the State Administrative Procedures Act, C.R.S. § 24-4-101, et seq. See Appendix A for citations. The effective date of COMPS Order # 38 is January 1, 2022.

1.2 Incorporation by reference. 29 C.F.R. Part 541 Subpart G; Colo. Const. art. XVIII, § 15 (2022); Title 8, Articles 1, 4, 6, and 13.3 of the Colorado Revised Statutes (2022); 7 CCR 1103-7 (2022); 7 CCR 1103-8 (2022); 7 CCR 1103-11 (2022); and 7 CCR 1103-14 (2022) are hereby incorporated by reference into this rule. Earlier versions of such laws and rules may apply to events that occurred in prior years. Such incorporation excludes later amendments to or editions of the constitution, statutes, and rules; all cited laws are incorporated in the forms that are in effect as of the effective date of this COMPS Order. 7 CCR 1103-14, the Publication And Yearly Calculation of Adjusted Labor Compensation Order ("PAY CALC Order"), states the periodically-adjusted dollar amounts of the minimum wages and minimum pay and income levels for exemptions required in the COMPS Order. All sources cited or incorporated by reference are available for public inspection at the Colorado Department of Labor and Employment, Division of Labor Standards & Statistics, 633 17th Street, Denver CO 80202. Copies may be obtained from the Division of Labor Standards & Statistics at a reasonable charge. They can be accessed electronically from the website of the Colorado Secretary of State. Pursuant to C.R.S. § 24-4-103(12.5)(b), the agency shall provide certified copies of them at cost upon request or shall provide the requestor with information on how to obtain a certified copy of the material incorporated by reference from the agency originally issuing them. All Division Rules are available to the public at www.coloradolaborlaw.gov. Where these Rules have provisions different from or contrary to any incorporated or referenced material, the provisions of these Rules govern, so long as they are consistent with Colorado statutory and constitutional provisions.

1.3 "Director" means the Director of the Division of Labor Standards and Statistics.

1.4 "Division" means the Division of Labor Standards and Statistics in the Colorado Department of Labor and Employment.

1.5 "Employee," as used in the COMPS Order and the PAY CALC Order, has the following definitions.

(A) Under the Colorado Wage Act (CWA), as defined by C.R.S. § 8-4-101(5): "Employee" means any person, including a migratory laborer, performing labor or services for the benefit of an employer. For the purpose of the COMPS Order, relevant factors in determining whether a person is an employee include the degree of control the employer may or does exercise over the person and the degree to which the person performs work that is the primary work of the employer; except that an individual primarily free from

control and direction in the performance of the service, both under his or her contract for the performance of service and in fact, and who is customarily engaged in an independent trade, occupation, profession, or business related to the service performed is not an "employee."

(B) Under the Healthy Families and Workplaces Act (HFWA), as defined by C.R.S. § 8-13.3-402(4): "Employee" has the meaning set forth in section 8-4-101(5) but does not include an "employee" as defined in 45 U.S.C. sec 351(d) who is subject to the federal "Railroad Unemployment Insurance Act", 45 U.S.C. sec. 351 et seq.

(C) Under the Agricultural Labor Rights and Responsibilities Act, Colorado Senate Bill 21-87, as defined by C.R.S. § 8-6-101.5(3): "agricultural employee" or "agricultural worker" has the "same meaning as under C.R.S. § 8-13.5-201(3)" ("A worker engaged in any service or activity included in section 203(f) of the federal 'Fair Labor Standards Act of 1938',...as amended...or section 3121(g) of the federal 'Internal Revenue Code of 1986', as amended").

1.6 "Employer," as used in the COMPS Order and the PAY CALC Order, has the following definitions.

(A) Under CWA, as defined by C.R.S. § 8-4-101(6): "Employer" has the same meaning as set forth in the federal "Fair Labor Standards Act," 29 U.S.C. sec 203 (d), and includes a foreign labor contractor and a migratory field labor contractor or crew leader; except that the provisions of the COMPS Order do not apply to the state or its agencies or entities, counties, cities and counties, municipal corporations, quasi-municipal corporations, school districts, and irrigation, reservoir, or drainage conservation companies or districts organized and existing under the laws of Colorado.

(B) Under HFWA, as defined by C.R.S. § 8-13.3-402(5): "Employer" has the meaning set forth in section 8-4-101(6); except that the term includes the state and its agencies or entities, counties, cities and counties, municipalities, school districts, and any political subdivisions of the state but does not include the federal government.

(C) Under the Agricultural Labor Rights and Responsibilities Act, Colorado Senate Bill 21-87, as defined by C.R.S. § 8-2-206(1)(c): "agricultural employer" has the "same meaning provided in C.R.S. § 8-3-104(1)" ("a person that is engaged in any service or activity included in section 203(f) of the federal 'Fair Labor Standards Act of 1938', … as amended," or engaged in "agricultural labor, as defined in section 3121 of the federal 'Internal Revenue Code of 1986'," that either (1) contracts with any person who recruits, solicits, hires, employs, furnishes, or transports agricultural employees, or (2) regularly engages the services of one or more agricultural employees).

1.7 "Minor," for purposes of wage provisions specific to minors, means a person under 18 years of age, but not one who has received a high school diploma or a passing score on the general educational development examination. "Emancipated minor" means any individual less than eighteen years of age who meets the definition provided by C.R.S. § 8-6-108.5.

1.8 "Regular rate of pay" means the hourly rate actually paid to employees for a standard, non-overtime workweek. Employers need not pay employees on an hourly basis. If pay is on a piece-rate, salary, commission, or other non-hourly basis, any overtime compensation is based on an hourly regular rate calculated from the employee's pay.

1.8.1 Pay included in regular rate. The regular rate includes all compensation paid to an employee, including set hourly rates, shift differentials, minimum wage tip credits, non-discretionary bonuses, production bonuses, and commissions used for calculating hourly overtime rates for non-exempt employees. Business expenses, bona fide gifts,

discretionary bonuses, employer investment contributions, vacation pay, holiday pay, sick leave, jury duty, or other pay for non-work hours may be excluded from regular rates.

1.8.2 Regular rate for employees paid a weekly salary or other non-hourly basis.

(A) A weekly salary or other non-hourly pay may be paid as straight time pay for all work hours, and the regular rate each workweek will be the total paid divided by hours worked, if the parties have a clear mutual understanding that the salary is:

(1) compensation (apart from any overtime premium) for all hours each workweek;

(2) at least the applicable minimum wage for all hours in workweeks with the greatest hours;

(3) supplemented by extra pay for all overtime hours (in addition to the salary that covers the regular rate) of an extra ½ of the regular rate; and

(4) paid for whatever hours the employee works in a workweek.

(B) Where the requirements of (1)-(4) are not carried out, there is not the required "clear mutual understanding" that the non-hourly pay provides the regular rate for all hours with extra pay added for overtime hours. Absent such an understanding, the hourly regular rate is the applicable weekly pay divided by 40, the number of hours presumed to be in a workweek for an employee paid no overtime premium.

1.8.3 Regular rate for employees with multiple, hourly pay rates. The regular rate for an employee working two or more non-exempt jobs at different hourly pay rates for the same employer within a specific workweek shall be calculated as follows:

(A) Rate based on a weighted average: The employee's regular rate for the particular workweek is determined by adding together all the wages earned performing each job, then dividing that amount by the total number of hours worked in all jobs, consistent with the federal Fair Labor Standards Act (FLSA) and resulting in a weighted average rate of pay, or

(B) Rate based on the job actually performed during overtime hours: The employee's regular rate is the regular rate of hourly pay for the job being performed during the actual overtime hours.

If there is no written agreement between the employee and the employer as to the method of calculating the regular rate of pay in advance of performing the work, the employee's regular rate shall be calculated using the "weighted average" method described above in 1.8.3(A).

1.9 "Time worked" means time during which an employee is performing labor or services for the benefit of an employer, including all time s/he is suffered or permitted to work, whether or not required to do so.

1.9.1 Requiring or permitting employees to be on the employer's premises, on duty, or at a prescribed workplace (but not merely permitting an employee completely relieved from duty to arrive or remain on-premises) — including but not limited to, if such tasks take over one minute, putting on or removing required work clothes or gear (but not a uniform worn outside work as well), receiving or sharing work-related information, security or safety screening, remaining at the place of employment awaiting a decision on job assignment or when to begin work, performing clean-up or other duties "off the clock,"

clocking or checking in or out, or waiting for any of the preceding — shall be considered time worked that must be compensated.

1.9.2 "Travel time" means time spent on travel for the benefit of an employer, excluding normal home to work travel, and shall be considered time worked. At the start or end of the workday, travel to or from a work station, entirely within the employer's premises and/or with employer-provided transportation, shall not be considered time worked, except that such travel is compensable if it is:

(A) time worked under Rule 1.9 – 1.9.1;

(B) after compensable time starts or before compensable time ends under Rule 1.9 – 1.9.1; or

(C) travel in employer-mandated transportation (1) that materially prolongs commute time or (2) in which employees are subjected to heightened physical risk compared to an ordinary commute.

1.9.3 "Sleep time" means time an employee may sleep, which is compensable as follows. Where an employee's shift is 24 hours or longer, up to 8 hours of sleeping time may be excluded from overtime compensation, if:

(A) an express agreement excluding sleeping time exists;

(B) adequate sleeping facilities for an uninterrupted night's sleep are provided;

(C) at least 5 hours of sleep are possible during the scheduled sleep period; and

(D) interruptions to perform duties are considered time worked.

When an employee's shift is less than 24 hours, periods when s/he is permitted to sleep are compensable work time, as long as s/he is on duty and must work when required. Only actual sleep time may be excluded, up to a maximum of 8 hours per workday. When work-related interruptions prevent 5 hours of sleep, the employee shall be compensated for the entire workday.

1.10 "Tipped employee" means any employee engaged in an occupation in which s/he customarily and regularly receives more than $30 per month in tips. Tips include amounts designated as a tip by credit card customers on their charge slips. Nothing in this rule prevents an employer from requiring employees to share or allocate such tips or gratuities on a pre-established basis among other employees who customarily and regularly receive tips. Employer-required sharing of tips with employees who do not customarily and regularly receive tips, such as management or food preparers, or deduction of credit card processing fees from tipped employees, shall nullify allowable tip credits towards the minimum wage.

1.11 "'Wages' or 'compensation'" has the meaning provided by C.R.S. § 8-4-101(14) and includes paid sick leave under the Healthy Families and Workplaces Act, C.R.S. § 8-13.3-402(8)(b).

1.12 "Workday" means any consecutive 24-hour period starting with the same hour each day and the same hour as the beginning of the workweek. The workday is set by the employer and may accommodate flexible shift scheduling.

1.13 "Workweek" means any consecutive set period of 168 hours (7 days) starting with the same calendar day and hour each week.

Rule 2. Coverage and Exemptions.

2.1 Scope of coverage. The COMPS Order regulates wages, hours, working conditions, and procedures for all employers and employees for work performed within Colorado, with the exceptions and exemptions contained within Rule 2.

2.2 Exemption from all except Rules 1, 2, and 8. The following are exempt from the COMPS Order except Rules 1 (Authority and Definitions), 2 (Coverage and Exemptions), and 8 (Administration and Interpretation).

2.2.1 Administrative employees. This exemption covers a salaried employee, paid at least the applicable salary in Rule 2.5 as specified for the applicable year in the PAY CALC Order, who directly serves an executive, and regularly performs duties important to the decision-making process of that executive. The executive and employee must regularly exercise independent judgment and discretion in matters of significance, with a primary duty that is non-manual in nature and directly related to management policies or general business operations.

2.2.2 Executives or supervisors. This exemption covers a salaried employee, paid at least the applicable salary in Rule 2.5 as specified for the applicable year in the PAY CALC Order, who supervises the work of at least two full-time employees and has the authority to hire and fire, or to effectively recommend such action. The employee must spend a minimum of 50% of the workweek in duties directly related to supervision.

2.2.3 Professional employees. This exemption covers a salaried employee, paid at least the applicable salary in Rule 2.5 as specified for the applicable year in the PAY CALC Order, employed in a field of endeavor whose primary duty is work that requires (A) the consistent exercise of discretion and judgment, as distinguished from routine work that is mental, manual, mechanical or physical, and (B) either (1) knowledge of an advanced type in a field of science or learning customarily acquired by a prolonged course of specialized intellectual instruction and study, or (2) invention, imagination, originality or talent in a recognized field of artistic or creative endeavor (as opposed to routine mental, manual, mechanical or physical work, or work that primarily depends on intelligence, diligence and accuracy). The professional employee must be employed in the field in which s/he was trained.

2.2.4 Outside salespersons. This exemption covers an employee working primarily away from the employer's place of business or enterprise for the purpose of making sales or obtaining orders or contracts for any commodities, articles, goods, real estate, wares, merchandise, or services. The employee must spend a minimum of 80% of the workweek in activities directly related to his or her own outside sales.

2.2.5 Owners or proprietors. This exemption covers a full-time employee actively engaged in management of the employer who either:

(A) owns at least a bona fide 20% equity interest in the employer; or

(B) for a non-profit employer, is the highest-ranked and highest-paid employee, and is paid at least the salary threshold in Rule 2.5 as specified for the applicable year in the PAY CALC Order.

2.2.6 Taxi cab drivers employed by a taxi service provider licensed by a state or local government.

2.2.7 In-residence workers. This exemption covers the below-listed in-residence employees.

(A) Casual babysitters employed in private residences directly by households, or directly by family members of the individual(s) receiving care from the babysitter.

(B) Property managers residing on-premises at the property they manage.

(C) Student residence workers working in premises where they reside for sororities, fraternities, college clubs, or dormitories.

(D) Laundry workers who (a) are inmates, patients, or residents of charitable institutions, and (b) perform laundry services, (c) in institutions where they reside.

(E) Field staff of seasonal camps or seasonal outdoor education programs who primarily provide supervision or education of minors, or education of adults; are required to reside on-premises or in the field; are provided adequate lodging and all meals free of charge and without deduction from wages; and as of January 1, 2021, are paid the amount required by subpart (1) below (with no minimum pay required before January 1, 2021).

(1) This exemption requires that field staff be paid either (a) the applicable Colorado minimum wage for all hours worked, or (b) a salary (i) equivalent to at least 42 hours per week at the Colorado minimum wage (with the 15% hourly wage reduction that Rule 3.3 permits for unemancipated minors), (ii) with hourly wage reduced one-sixth (⅙) for non-profit employers with annual total gross revenue of $25 million or less, and (iii) reduced $200 per week as a credit for facilities provided (lodging, meals, and other facilities), as specified for the applicable year in the PAY CALC Order.

(2) "Seasonal" in this Rule means a camp or program that either (a) does not operate for more than seven months in a year, or (b) during the preceding calendar year had average receipts for any six months of not more than one-third (⅓) of its average receipts for the other six months.

2.2.8 Bona fide volunteers and work-study students. This exemption covers those who need not be compensated under the federal Fair Labor Standards Act (29 U.S.C. §§ 201 et seq.) as either: (A) enrolled students receiving credit for an unpaid work-study program or internship; or (B) bona fide volunteers for non-profit organizations.

2.2.9 Elected officials and their staff. This exemption covers individuals elected to public office and members of their staff.

2.2.10 Employees in highly technical computer-related occupations. This exemption covers an employee paid a salary, or hourly compensation, in accord with Rule 2.5, and as specified for the applicable year in the PAY CALC Order, who:

(A) is a skilled worker employed as a computer systems analyst, computer programmer, software engineer, or other similarly highly technical computer employee;

(B) who has knowledge of an advanced type, customarily acquired by a prolonged course of specialized formal or informal study; and

(C) spends a minimum of 50% of the workweek in any combination of the following duties —

(1) the application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software, or system functional specifications,

(2) the design, development, documentation, analysis, creation, testing, or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications, or

(3) the design, documentation, testing, creation, or modification of computer programs related to machine operating systems.

2.2.11 Highly compensated employees. This exemption covers an employee who:

(A) is paid annual wages of at least —

(1) weekly, the weekly salary for the executive, professional, or administrative exemption, as specified for the applicable year in the PAY CALC Order, and

(2) annually, two and one-quarter times the rounded annual salary for the executive, professional, or administrative exemption, as specified for the applicable year in the PAY CALC Order;

(B) customarily and regularly performs any one or more of the exempt duties or responsibilities of an executive, administrative or professional employee (as described in Rules 2.2.1-2.2.3); and

(C) whose primary duty is office or non-manual work — for example, non-management production-line workers and non-management employees in maintenance, construction and similar occupations such as carpenters, electricians, mechanics, plumbers, iron workers, craftsmen, operating engineers, longshoremen, construction workers, laborers and other employees who perform work involving repetitive operations with their hands, physical skill and energy are not exempt under this section no matter how highly paid they might be.

2.2.12 National Western Stock Show. This exemption covers temporary employees employed directly by the Western Stock Show Association for the annual National Western Stock Show.

2.3 Agriculture.

2.3.1 Minimum Wages. All minimum wage laws and rules apply to all employees of all agricultural employers, except as otherwise provided for “range workers” in Rule 2.4.9.

2.3.2 Overtime and Maximum Hours Protections.

(A) Agricultural employees of agricultural employers are exempt from both the 40-hour weekly and the 12-hour daily overtime pay requirements in Rule 4.1.1, provided that such employees receive the following.

(1) Weekly overtime pay, at one and one-half times their regular rate of pay, after 60 hours worked per workweek from November 1, 2022, through December 31, 2023, and thereafter as follows, and as listed in the summary table below:

(a) at a highly seasonal agricultural employer (defined in Rule 2.3.2(C)), (i) after 56 hours worked per workweek during any up

to 22-workweek period, or any two or three periods of at least four workweeks each totaling up to 22 weeks, that the employer designates as its peak labor period(s), and (ii) otherwise after 48 hours worked per week; and

(b) at an agricultural employer that is not highly seasonal, (i) after 54 hours worked per workweek in 2024, and (ii) after 48 hours worked per workweek as of January 1, 2025; except

(c) at a small agricultural employer (defined in Rule 2.3.2(B) below), whether or not highly seasonal, after 56 hours worked per workweek in 2024, then whichever of (a) or (b) applies as of January 1, 2025.

<table>
<tr><th colspan="4">Summary Table: Weekly Overtime Requirements for Agricultural Employers</th></tr>
<tr><th>Time Period</th><th>(a) Highly Seasonal Employers</th><th>(b) Non-Highly Seasonal Employers</th><th>(c) Small Employers (seasonal or not)</th></tr>
<tr><td>Until 11/1/22</td><td colspan="3">[No requirements]</td></tr>
<tr><td>11/1/22-12/31/23</td><td colspan="3">60 hours</td></tr>
<tr><td>2024</td><td rowspan="2">56 hours for up to 22 peak weeks;
48 hours otherwise</td><td>54 hours</td><td>56 hours</td></tr>
<tr><td>2025 -</td><td>48 hours</td><td>[No separate rule for small employers; apply (a) or (b)]</td></tr>
</table>

(2) Beginning November 1, 2022:

(a) in lieu of 12-hour daily overtime pay under Rule 4.1.1, 30 minutes for the third Rule 5.2 paid rest period (rather than 10 minutes or any other duration under 30 minutes otherwise applicable to that rest period) — except that if the employer had no reason to believe an employee would exceed 12 hours until the twelfth hour worked, then the additional break time may be provided on the employee's next workday; and

(b) for a workday with more than 15 hours of work, or for more than 15 consecutive hours of work (as provided by Rule 4.1.5) without regard to the start and end time of the workday, an additional lump-sum payment equal to one hour of the Colorado minimum wage, as specified for the applicable year in the PAY CALC Order.

(B) "Small agricultural employer" means an agricultural employer that:

(1) employed fewer than four employees on average over the three prior calendar years (or as many complete prior calendar years as they have been in operation); and

(2) had average adjusted gross income, over the three prior complete taxable years preceding 2024 (the year that small agricultural employers have a different overtime standard), of no more than $1,000,000. Employers in operation fewer than three complete taxable years shall use as many complete taxable years as they have been in operation;

employers not yet in operation for any complete taxable years shall be considered below the threshold.

(C) "Highly seasonal agricultural employer" means an agricultural employer that, in any up to 22-workweek period (or any two or three periods , of at least four workweeks each, totaling up to 22 weeks) in the prior calendar year, had at least twice as many employees as the rest of the year, and provides the following to those it would pay weekly overtime after 56 rather than 48 hours in peak weeks.

(1) An initial disclosure, at least annually,

(a) that weekly overtime pay will be after 56 rather than 48 hours for up to 22 peak weeks,

(b) whether those peak weeks will be divided into one, two, or three periods (of four weeks or more), and

(c) a good-faith estimate of the months in which the peak weeks will occur.

The initial disclosure must be provided to employees at least 30 days in advance of the first expected peak week (or upon hiring for those start work fewer than 30 days in advance), except for those employed under, and in compliance with federal requirements for, temporary work visas, no later than the date of the worker's visa application, contemporaneous with required federal pre-employment written disclosures to visa workers ordinarily due by the date of the worker's visa application.

(2) Written notice, at least annually, of which weeks will be the peak weeks, no later than the seventh day before the first peak week (or upon hiring for those starting work after the seventh day). The employer may change which are the peak weeks after that notice if:

(a) it provides at least one week's written notice of any week being added or removed as a peak week;

(b) the initial disclosure was the employer's good-faith, reasonable expectation of which weeks would be the peak weeks; and

(c) the changes are based on circumstances not foreseeable at the time of the initial disclosure (for example, a late frost).

(3) All required notices and disclosures related to peak weeks in English and any language that is the first language spoken by at least five percent of the employer's workforce at any point during the year.

(D) An agricultural employee is exempt from all overtime pay requirements in the COMPS Order if (by blood, adoption, or marriage) they are the child, sibling, spouse, parent, aunt, uncle, nephew, niece, first cousin, grandchild, or grandparent of a family owner of an employer. For this exemption, a "family owner" is an individual with an ownership interest in an agricultural employer that is either (a) a majority interest or (b) an at least 10% interest that combines with those of other family members of that owner (of any type of relative listed in the prior sentence) to form a majority interest. If a family owner is also an "employee" of the agricultural employer, they also are exempt from all overtime pay requirements in the COMPS Order.

(E) How many employees an agricultural employer has, for purposes of the above definitions of "small agricultural employer" in (B), and "highly seasonal agricultural employer" in (C), shall be determined as follows.

(1) Employees shall be counted at the worksite for which the definition is being assessed, and shall count proportionally as follows, based on their average hours worked in all weeks in the preceding year with at least one hour worked:

(a) 35 hours per week or more, 1.0;

(b) between 15 and 35 hours per week, 0.5; and

(c) under 15 hours per week, 0.

(2) Employers need not rely on prior staffing levels to qualify for the "small agricultural" or "highly seasonal" employee thresholds if they (a) have been in operation for less than one calendar year, or (b) did not qualify based on their prior staffing levels, but have a good-faith, objectively reasonable belief that they will qualify for the present year. If their belief that they will qualify for the threshold proves incorrect, they must pay affected employees back pay for any additional overtime owed, plus 5%, by 30 days from the date the employer has notice that it will not qualify for the threshold for the year, or (if they lacked notice until the end of the year) by 30 days from the end of that calendar year.

(F) The Rule 2.3.2 exemption does not apply if an employer draws at least 50% of its annual dollar volume of business from sales to the consuming public (rather than for resale) of any services, commodities, articles, goods, wares, or merchandise; prior Orders for decades have covered any such employer, in any industry. E.g., Order #35, Rule 2(A) (covering any employer "that sells or offers for sale, any service, commodity, article, good, … wares, or merchandise to the consuming public" and draws "50% or more of its annual dollar volume … from such sales," rather than from sales to other businesses "for resale").

2.3.3 Meal and Rest Periods.

(A) In addition to the meal and rest periods required by Rule 5, an agricultural employer shall provide agricultural employees engaged in hand-weeding and hand-thinning an additional, five-minute rest period, which, insofar as is practicable, must be in the middle of each work period.

(B) The requirement of meal and rest periods in Rule 2.3.3 and Rule 5 does not apply to a truck driver whose sole and principal duty is to haul livestock or to a combine or harvester operator while harvesting.

2.4 Exemptions from Overtime Requirements of the COMPS Order. The following employees are exempt from Rule 4 (Overtime) unless otherwise specified.

2.4.1 Certain Salespersons and Mechanics. Salespersons, parts-persons, and mechanics employed by automobile, truck, or farm implement (retail) dealers; and salespersons employed by trailer, aircraft, and boat (retail) dealers are exempt from Rule 4 (Overtime).

2.4.2 Commission Sales. Sales employees of retail or service industries paid on a commission basis, provided that at least 50% of their total earnings in the pay period is derived from commission sales, and their regular rate of pay is at least one and one-half times the

minimum wage, are exempt from Rule 4 (Overtime). This exemption is applicable for only employees of retail or service employers who receive over 75% of their annual dollar volume from retail or service sales.

2.4.3 Ski Industry. Employees of the ski industry performing duties directly related to ski area operations for downhill skiing or snowboarding, and those employees engaged in providing food and beverage services at on-mountain locations, are exempt from (within Rule 4) the 40-hour overtime requirement but not the requirement of overtime pay for over 12 hours that are consecutive or are within a workday. This partial overtime exemption does not apply to ski area employees performing duties related to lodging.

2.4.4 Medical Transportation. Employees of the medical transportation industry who work 24-hour shifts are exempt from the Rule 4.1.1(B)-(C) daily (12-hour) overtime rules if they receive the required Rule 4.1.1(A) weekly (40-hour) overtime pay.

2.4.5 Eight and Eighty Rule. A hospital or nursing home may seek an agreement with individual employees to pay overtime pursuant to the provisions of the federal Fair Labor Standards Act "8 and 80 rule" whereby employees are paid time and one-half their regular rate of pay for any work performed in excess of 80 hours in a 14 consecutive day period and for any work in excess of 8 hours per day.

2.4.6 Drivers, and Driver's Helpers, Subject to the Federal Motor Carrier Act ("MCA"). Drivers and their driver's helpers are exempt from Rule 4 (overtime) and Rule 5 (rest and meal periods) while and to the extent that they are:

(A) subject to the federal MCA and exempt from overtime requirements of the FLSA pursuant to 29 U.S.C. § 213(b)(1) and regulations promulgated thereunder;

(B) working on MCA-covered non-passenger vehicles, or on MCA-covered passenger vehicles qualifying as commercial motor vehicles requiring a commercial driver's license ("CDL") -- but not on vehicles that transport workers to and from manual work jobs (*e.g.*, landscaping or lawn care, construction or roofing, cleaning or janitorial, or other manual labor) and do not require a CDL; and

(C) paid compensation equivalent to at least 50 hours at the Colorado minimum wage with overtime, as specified for the applicable year in the PAY CALC Order, regardless of whether the pay is hourly, salaried, piece rate, or on another basis.

2.4.7 Direct Support and Care. The Rule 4.1.1(B)-(C) daily (12-hour) overtime rule does not apply to companions designated as direct support professionals/direct care workers who are scheduled for, and work, shifts of at least 24 hours providing residential or respite services and who are employed by service providers and agencies that receive at least 75% of their total revenue from Medicaid or other governmental sources, and who provide services within Medicaid home- and community-based service waivers.

2.4.8 Decision-Making Managers at Livestock Employers. The Rule 2.3.2 and Rule 4 overtime rules do not apply to decision-making managers at livestock employers, defined as follows.

(A) A "decision-making manager" (for purposes of this exemption) is an employee primarily engaged in livestock work:

(1) who is paid at least the applicable salary in Rule 2.5, as specified for the applicable year in the PAY CALC Order;

(2) who is not employed in the position on a seasonal or temporary basis (i.e., not expected to remain in the position for less than 12 months); and

(3) whose primary duties require routine exercise of independent judgment and discretion in matters of significance, and who either

(a) supervises two or more full-time employees, or

(b) reports directly to an owner (majority or minority), or to an executive-level employee who reports directly to such an owner, who routinely exercises independent judgment and discretion in matters of significance, whether in manual or non-manual labor (e.g., the owner's second-in-command, or the head of the site where the exempt employee works).

(B) A "livestock employer" (for purposes of this exemption) is an agricultural employer with significant responsibilities for "livestock" (as defined under the FLSA) care and health — a dairy, cattle ranch, feedlot, or similar employer — that does not qualify as a "highly seasonal" employer under Rule 2.3.2.

2.4.9 Range workers. The Rule 2.3.2 and Rule 4 overtime rules do not apply to range workers who are paid at least the minimum range worker salary (as specified in the PAY CALC Order for the applicable year) during periods when they are "principally engaged in the range production of livestock … on the open range" (as defined by C.R.S. 8-6-101.5(b)), and are provided without cost or deduction any housing, food, transport, and equipment required for H-2A visa range workers by federal regulations.

2.5 Salary Thresholds for Certain Exemptions.

2.5.1 For COMPS exemptions requiring a salary, the "Salary Requirement" rules of the federal Fair Labor Standards Act in 29 C.F.R. Part 541 Subpart G, apply, except that under the COMPS Order, the salary must be at least the level specified for the applicable year in the PAY CALC Order and sufficient for the minimum wage for all hours in a workweek (with the exception of certain professionals listed in Rule 2.5.2). Except as provided in Rule 2.2.11, the weekly salary from July 1, 2020, through December 31, 2020, shall be $684 ($35,568 per year); $778.85 for 2021 ($40,500 per year); $865.38 for 2022 ($45,000 per year); $961.54 for 2023 ($50,000 per year); $1,057.69 for 2024 ($55,000 per year); and after 2024 shall be indexed every January 1 by the same Consumer Price Index ("CPI") as the Colorado minimum wage, as stated in the PAY CALC Order; except that the 2020 salary did not apply to the following two categories of employers, for whom the above salary schedule applied only as of January 1, 2021 — (A) non-profit employers with annual total gross revenue of under $50 million, and (B) for-profit employers with annual total gross revenue of under $1 million. Annual equivalents are based on 2080 hours over 52 weeks of 40 hours, as under the federal Fair Labor Standards Act, and are rounded to the nearest dollar.

For any employer that was not subject to the $684 per week salary under this Rule 2.5.1 for all or part of 2020, the required salary was the equivalent of the Colorado $12.00 minimum wage, less any applicable lawful credits, for all hours worked in a workweek; this salary requirement of minimum wage for all hours work applied under Minimum Wage Order #35 (2019) and prior Minimum Wage Orders.

2.5.2 Exemption for Certain Professionals Exempt from the Salary Requirement under Federal Wage Law. The Rule 2.5.1 salaries do not apply to the following professionals who are exempt from the requirement of a salary under federal wage law.

(A) Doctors, lawyers, and teachers who qualify as exempt Rule 2.2.3 professional employees need not receive any particular salary or hourly pay to be exempt.

(B) Employees in highly technical computer-related occupations, as defined by Rule 2.2.10, must receive at least the lesser of (1) the applicable salary in Rule 2.5.1, or (2) hourly pay that is at least $28.38 in 2021, adjusted annually by CPI thereafter, as specified for the applicable year in the PAY CALC Order.

Rule 3. Minimum Wages.

3.1 Statewide Minimum Wage. Under the minimum wage requirements of Article XVIII, Section 15, of the Colorado Constitution, all employees (with the exception detailed in Rule 3.3), whether employed on an hourly, piecework, commission, time, task, or other basis, shall be paid not less than the Colorado minimum wage, as specified for the applicable year in the PAY CALC Order, less any applicable lawful credits or exceptions noted, for all hours worked, if the employee is covered by *either*:

(A) Rule 2 (Coverage and Exemptions) of the COMPS Order; *or*

(B) the minimum wage provisions of the federal Fair Labor Standards Act (29 U.S.C. §§ 201 et seq.).

3.2 Minimum and Overtime Wage Requirements of Other Applicable Jurisdictions. In addition to state wage requirements, federal or local laws or regulations may apply minimum, overtime, or other wage requirements to some or all Colorado employers and employees. If an employee is covered by multiple minimum or overtime wage requirements, the requirement providing a higher wage, or otherwise setting a higher standard, shall apply. The Division accepts state law complaints by employees who claim entitlement to a state, federal, or local minimum or overtime wages under the C.R.S. § 8-4-101(14) definition that the "unpaid wages" recoverable in a state-law claim include "[a]ll amounts for labor or service performed by employees," as long as such amounts are "earned, vested, and determinable, at which time such amount shall be payable to the employee pursuant to this article."

3.3 Reduced Minimum for Minors. The minimum wage may be reduced by 15% for non-emancipated minors, as specified for the applicable year in the PAY CALC Order.

Rule 4. Overtime.

4.1 Overtime Wages.

4.1.1 Employees shall be paid time and one-half of the regular rate of pay for any work in excess of any of the following, except as provided in exemptions or variances in Rule 2:

(A) 40 hours per workweek;

(B) 12 hours per workday; or

(C) 12 consecutive hours without regard to the start and end time of the workday.

4.1.2 Whichever of the three calculations in Rule 4.1.1 results in the greater payment of wages shall apply in any particular situation.

4.1.3 Hours worked in two or more workweeks shall not be averaged for computing overtime.

4.1.4 Performance of work in two or more positions, at different pay rates, for the same employer, shall be computed at the overtime rate based on the regular rate of pay as described in Rule 1.8.3.

4.1.5 In calculating when 12 consecutive hours are worked for purposes of the Rule 4.1.1 requirement of overtime after 12 hours, meal periods may be subtracted, but only if the meal periods comply with the Rule 5.1 requirements for meal periods.

4.2 Effect of Daily Overtime on Workday and Workweek. The requirement to pay overtime for work in excess of 12 consecutive hours will not alter the employee's established workday or workweek, as previously defined.

4.3 Overtime for Minors. Nothing in Rule 4 modifies the provisions on work hours for minors contained in C.R.S. § 8-12-105.

Rule 5. Meal and Rest Periods.

5.1 Meal Periods. Employees shall be entitled to an uninterrupted and duty-free meal period of at least a 30-minute duration when the shift exceeds 5 consecutive hours. Such meal periods, to the extent practical, shall be at least one hour after the start, and one hour before the end of the shift. Employees must be completely relieved of all duties and permitted to pursue personal activities for a period to qualify as non-work, uncompensated time. When the nature of the business activity or other circumstances make an uninterrupted meal period impractical, the employee shall be permitted to consume an on-duty meal while performing duties. Employees shall be permitted to fully consume a meal of choice on the job and be fully compensated for the on-duty meal period without any loss of time or compensation.

5.2 Rest Periods. Every employer shall authorize and permit a compensated 10-minute rest period for each 4 hours of work, or major fractions thereof, for all employees, as follows, except as provided in exemptions or variances in Rule 2:

Work Hours	Rest Periods Required
2 or fewer	0
Over 2, and up to 6	1
Over 6, and up to 10	2
Over 10, and up to 14	3
Over 14, and up to 18	4
Over 18, and up to 22	5
Over 22	6

5.2.1 Rest periods shall be 10 minutes unless,

(A) on a given workday, or in a writing covering up to a one-year period that is signed by both parties, the employee and the employer agree, voluntarily and without coercion, to have two 5-minute breaks, as long as 5 minutes is sufficient, in the work setting, to allow the employee to go back and forth to a bathroom or other location where a bona fide break would be taken; or

(B) if the below conditions are met, rest periods need not be 10 minutes every 4 hours for any employees (i) governed by a collective bargaining agreement at any employer, or (ii) during time they are providing Medicaid-funded services for a service provider or agency receiving at least 75% of its annual total gross revenue from Medicaid or other governmental funds for providing such services within Medicaid home- and community-based services waivers, and the services provided require continuous supervision of the service recipient, or providing a rest period would interfere with ensuring the service recipient’s health, safety, and welfare. Employees in category (i) or (ii) must receive:

(1) rest periods that average, over the workday, at least 10 minutes per 4 hours worked; and

(2) at least 5 minutes of rest in every 4 hours worked.

Such an agreement does not change an employee's right to pay for rest periods under Rule 5.2.4. Additionally, when (B)(ii) above applies: When direct support professionals or direct care workers serving individuals with disabilities spend time in community outings with those individuals with disabilities – as part of day programs, supported living services, or one-to-one respite or personal care – time in such outings does not require rest breaks or pay for rest breaks.

5.2.2 Rest periods, to the extent practical, shall be in the middle of each 4-hour work period. It is not necessary that the employee leave the premises for a rest period.

5.2.3 Required rest periods are time worked for the purposes of calculating minimum wage and overtime obligations.

5.2.4 When an employee is not authorized and permitted a required 10-minute rest period, his or her shift is effectively extended by 10 minutes without compensation. Because a rest period requires 10 minutes of pay without work being performed, work during a rest period is additional work for which additional pay is not provided. Therefore, a failure by an employer to authorize and permit a 10-minute compensated rest period is a failure to pay 10 minutes of wages at the employee's agreed-upon or legally required (whichever is higher) rate of pay. This Rule 5.2.4 applies equally to any required rest period time not provided (e.g., rest periods that are incomplete, or for non-hourly-paid employees, or under any other rule or statute providing rest periods of different durations).

Rule 6. Deductions, Credits, and Charges.

6.1 Tips or Gratuities. It shall be unlawful for an employer to assert a claim to, right of ownership in, or control over tips or gratuities intended for employees in violation of the Colorado Wage Act, including C.R.S. § 8-4-103(6).

6.2 Credits Toward Minimum Wages. The only allowable credits an employer may take toward the minimum wage are those in Rules 6.2.1 - 6.2.3 below.

6.2.1 Lodging Credit. A lodging credit for housing furnished by the employer and used by the employee may be considered part of the minimum wage if it is:

(A) no greater than the smaller of (1) the reasonable and actual cost to the employer of providing the housing, (2) the fair market value of the housing, or (3) $25 per week for a room (in a shared residence, dormitory, or hotel) or $100 per week for a private residence (an apartment or a house);

(B) accepted voluntarily and without coercion, and primarily for the benefit or convenience of the employee, rather than of the employer; and

(C) recorded in a written agreement (electronic form is acceptable) that states the fact and amount of the credit (but need not be a lease).

6.2.2 Meal Credit. A meal credit, equal to the reasonable cost or fair market value of meals provided to the employee, may be used as part of the minimum hourly wage. No profits to the employer may be included in the reasonable cost or fair market value of such meals furnished. Employee acceptance of a meal must be voluntary and uncoerced.

6.2.3 Tip Credit. A tip credit no greater than $3.02 per hour may be used to offset cash wages for employers of tipped employees. An employer must pay a cash wage of at least the amount specified for the applicable year in the PAY CALC Order if it claims a tip credit

against its minimum hourly wage obligation; if an employee's tips combined with the cash wage of at least the amount specified for the applicable year in the PAY CALC Order do not equal the minimum hourly wage, the employer must make up the difference in cash wages.

6.3 Uniforms.

6.3.1 Where wearing a particular uniform or special apparel is a condition of employment, the employer shall pay the cost of purchases, maintenance, and cleaning of the uniforms or special apparel, with the following exceptions:

(A) if the uniform furnished by the employer is plain and washable, and does not need or require special care such as ironing, dry cleaning, pressing, etc., the employer need not maintain or pay for cleaning; and

(B) clothing that is ordinary, plain, and washable that is prescribed as a uniform need not be furnished by the employer unless a special color, make, pattern, logo, or material is required.

6.3.2 The cost of ordinary wear and tear of a uniform or special apparel shall not be deducted from an employee's wages.

Rule 7. Employer Record-Keeping and Posting Requirements.

7.1 Employee Records. Every employer shall keep at the place of employment, or at the employer's principal place of business in Colorado, a true and accurate record for each employee which contains the following information:

(A) name, address, occupation, and date of hire of the employee;

(B) date of birth, if the employee is under 18 years of age;

(C) daily record of all hours worked;

(D) record of credits claimed and of tips; and

(E) regular rates of pay, gross wages earned, withholdings made, and net amounts paid each pay period.

7.2 Issuance of Earnings Statement. An itemized earnings statement of the information in Rule 7.1(D)-(E) and the total hours worked in the pay period, with the employee’s and the employer’s names, shall be provided to each employee each pay period.

7.3 Maintenance of Earnings Statement Information. An employer shall retain records reflecting the information contained in an employee’s itemized earnings statement as described in this rule for at least 3 years after the wages or compensation were due, and for the duration of any pending wage claim pertaining to the employee. Each employer shall provide each employee access to the information in Rules 7.1(A) and (C) in any of the following forms it chooses:

(A) provide the information with the regular earnings statements;

(B) provide each employee with access to a functioning electronic portal that shows the information – but this method is permissible only if the employer knows an email address of the employee; or

(C) provide each employee the information for the entire calendar year by January 31st the following year and, in addition, provide the information to an employee upon a request that an employee may make once per year.

7.4 Posting and Distribution Requirements.

7.4.1 Posting. Every employer subject to the COMPS Order must display a COMPS Order poster for the current year, with applicable dollar figures as stated in the PAY CALC Order for that year, published by the Division in an area frequented by employees where it may be easily read during the workday. If the work site or other conditions make a physical posting impractical (including private residences employing only one worker, and certain entirely outdoor work sites lacking an indoor area), the employer shall provide a copy of the COMPS Order or poster to each employee within his or her first month of employment, and shall make it available to employees upon request. Employers shall be deemed noncompliant if they attempt to minimize the effect of posters or notices required by statute or these Rules, such as by communicating positions contrary to, or discouraging the exercise of rights covered in, the required poster or notice. An employer that does not comply with the above requirements of this paragraph shall be ineligible for any employee-specific credits, deductions, or exemptions in the COMPS Order, but shall remain eligible for employer- or industry-wide exemptions, such as exempting an entire employer or industry from any overtime or meal/rest period requirements in Rules 4-5.

7.4.2 Distribution. Every employer publishing or distributing to employees any handbook, manual, or written or posted policies shall include a copy of the COMPS Order, or a COMPS Order poster published by the Division, with any such handbook, manual, or policies. Every employer that requires employees to sign any handbook, manual, or policy shall, at the same time or promptly thereafter, include a copy of the COMPS Order, or a COMPS Order poster published by the Division, and have the employee sign an acknowledgement of being provided the COMPS Order or the COMPS Order poster.

7.4.3 Translation. Employers with any employees with limited English language ability shall:

(A) use a Spanish-language version of the COMPS Order and poster published by the Division, if the employee(s) in question speak Spanish; or

(B) contact the Division to request that the Division, if possible, provide a version of the COMPS Order and poster in another language that any employee(s) need.

Rule 8. Administration and Interpretation.

8.1 Recovery of Wages.

(A) Availability of court action or Division administrative complaint. An employee receiving less than the full wages or other compensation owed is entitled to recover in a civil action the unpaid balance of the full amount owed, together with reasonable attorney fees and court costs, notwithstanding any agreement to work for a lesser wage, pursuant to C.R.S. §§ 8-4-121, 8-6-118. Alternatively, an employee may elect to pursue a complaint through the Division's administrative procedure as described in the Colorado Wage Act, C.R.S. § 8-4-101, et seq.

(B) No minimum claim size. There is no minimum size of a wage claim, and thus no claim too minimal ("*de minimis*") for recovery, because Article 4 requires paying "[a]ll wages or compensation" (C.R.S. § 8-4-103(1)(a)), and authorizes civil actions "to recover any amount of wages or compensation" (C.R.S. § 8-4-110(1)) and Division complaints "for any violation" (C.R.S. § 8-4-111(1)(a)).

8.2 Complaints. Any person may register with the Division a written complaint that alleges a violation of the COMPS Order within 2 years of the alleged violation(s), except that actions brought for a willful violation shall be commenced within 3 years.

8.3 Investigations. The Director or a designated agent shall investigate and take all proceedings necessary to enforce the payment of the minimum wage and other provisions of the COMPS Order, pursuant to these rules and C.R.S. Title 8, Articles 1, 4, 6, and 13.3. Violations may be subject to the administrative procedure as described in the Colorado Wage Act, C.R.S. § 8-4-101, et seq.

8.4 Violations. It is theft under the Criminal Code (C.R.S. § 18-4-401) if an employer or agent:

(A) willfully refuses to pay wages or compensation, or falsely denies the amount of a wage claim, or the validity thereof, or that the same is due, with intent to secure for himself, herself, or another person any discount upon such indebtedness or any underpayment of such indebtedness or with intent to annoy, harass, oppress, hinder, coerce, delay, or defraud the person to whom such indebtedness is due (C.R.S. § 8-4-114); or

(B) intentionally pays or causes to be paid to any such employee a wage less than the minimum (C.R.S. § 8-6-116).

8.5 Reprisals. Employers shall not threaten, coerce, or discriminate against any person for the purpose of reprisal, interference, or obstruction as to any actual or anticipated investigation, hearing, complaint, or other process or proceeding relating to a wage claim, right, or rule. Violators may be subject to penalties under C.R.S. §§ 8-1-116, 8-1-140, 8-4-120, and/or 8-6-115.

8.6 Division and Dual Jurisdiction. The Division shall have jurisdiction over all questions arising with respect to the administration and interpretation of the COMPS Order. Whenever employers are subjected to Colorado law as well as federal and/or local law, the law providing greater protection or setting the higher standard shall apply. For information on federal law, contact the U.S. Department of Labor, Wage and Hour Division.

8.7 Construction.

(A) Liberal construction of COMPS, narrow construction of exceptions/ exemptions. Under the C.R.S. § 8-6-102 “Construction” provision (“Whenever this article or any part thereof is interpreted by any court, it shall be liberally construed by such court”), applicable to rules on “wages which are inadequate to supply the necessary cost of living” (§ 8-6-104), on “conditions of labor detrimental to [worker] health or morals” (§ 8-6-104), on “conditions of labor and hours of employment not detrimental to health or morals for workers” (§ 8-6-106), on “what are unreasonably long hours” (§ 8-6-106), on what requirements are “necessary to carry out the provisions of this article” (§ 8-6-108.5), on minimum and overtime wages (§§ 8-6-109, -111, -116, -117), and on who qualifies as an “agricultural employer” (§ 8-6-120 (incorporating §§ 8-13.5-201(1); 8-3-104(1)(b))): The provisions of the COMPS Order shall be liberally construed, with exceptions and exemptions accordingly narrowly construed.

(B) Subpart included in cross-references. Where any Division rule references another rule, the reference shall be deemed to include all subparts of the referenced rule.

(C) Minimum Wage Order references. References to the Colorado "Minimum Wage Order" shall be deemed to reference the COMPS Order, as the successor to the Colorado Minimum Wage Order.

8.8 Separability. The COMPS Order is intended to remain in effect to the maximum extent possible. If any part (including any section, sentence, clause, phrase, word, or number) is held invalid, (A) the

remainder of the COMPS Order remains valid, and (B) if the provision is held not wholly invalid, but merely in need of narrowing, the provision should be retained in narrowed form.

8.9 Basis for Calculation. Calculations in the PAY CALC and COMPS Orders are based on Section 15 of Article XVIII of the Colorado Constitution ("Section 15") ("Colorado's minimum wage is … adjusted annually for cost of living increases, as measured by the … Consumer Price Index used for Colorado"); C.R.S. Article 8, Title 6; and the COMPS Order. All inflation-adjusted values applicable to the COMPS and PAY CALC Orders are based on the CPI used for Colorado, the Denver-Aurora-Lakewood CPI published by the federal Bureau of Labor Statistics. To effectuate the above provisions that employees must be paid not less than the prior year's minimum wage adjusted for inflation, Division rules and practice must round up, to the nearest cent, any fractional cents yielded by the inflation adjustment. Other than in the annual minimum wage calculation, Division rules and practice round fractional cents of at least 0.5 up, and of under 0.5 down.

Appendix A. Statutory Authority.

- C.R.S. §§ 8-1-101 ("'General order' means an order of the director applying generally throughout the state to all persons, employments, or places of employment under the jurisdiction of the division");

- 8-1-103 ("[P]owers, duties, and functions of the director … , includ[e] … promulgation of rules, rates, regulations, and standards, and the rendering of findings, orders, and adjudications");

- 8-1-107 ("[T]he director has the duty and the power to … [a]dopt reasonable and proper rules and regulations relative to the exercise of his powers and proper rules and regulations to govern the proceedings of the division and to regulate the manner of investigations and hearings.")

- 8-1-108 ("[G]eneral orders shall be effective … after they are adopted by the director and posted"; "All orders of the division shall be … in force and prima facie reasonable and lawful until … found otherwise.");

- 8-1-111 ("The director is vested with the power and jurisdiction to have such supervision of every employment and place of employment … [to] determine the conditions under which the employees labor … , to enforce all provisions of law relating thereto … to administer all provisions of this article with respect to the relations between employer and employee and to do all other acts and things convenient and necessary to accomplish the purposes of this article.");

- 8-1-130 ("The director has full power to hear and determine all questions within his jurisdiction, and his findings, award, and order issued thereon shall be final agency action.");

- 8-4-111 ("It is the duty of the director … to enforce generally the provisions of this article.");

- 8-6-101.5 ("[T]he minimum wage requirements of section 15 of article xviii of the state constitution, and any minimum wage laws enacted pursuant to this article 6, apply to agricultural employers employing agricultural workers. ...The Colorado minimum wage that an agricultural employer must pay to an agricultural worker who is principally engaged in the range production of livestock … on the open range is: (i) beginning January 1, 2022, ... five hundred fifteen dollars per week; and (ii) beginning January 1, 2023, the minimum wage required in the prior calendar year adjusted annually .... . The director may set a higher minimum wage than is required … consistent with the director's authority and duties[.]");

- 8-6-101.5 ("An agricultural worker is entitled to an uninterrupted and duty-free meal period of at least a thirty-minute duration when the agricultural worker's shift exceeds five consecutive hours. ...An agricultural worker is entitled to an uninterrupted and duty-free rest period of at least ten minutes within each four hours of work."); 8-13.5-203(3) ("An agricultural employer shall provide agricultural workers engaged in hand weeding and hand thinning an additional five

minute rest period, which, insofar as is practicable, must be in the middle of each work period. The authorized rest period must be based on the total hours worked daily at the rate of fifteen minutes net rest time per four hours worked, or a major fraction thereof. The agricultural employer shall count the authorized rest period as hours worked and not deduct the rest period from the agricultural worker's wages.");

- 8-6-102 ("Whenever this article or any part thereof is interpreted by any court, it shall be liberally construed.");

- 8-6-104 ("It is unlawful to employ workers in any occupation … for wages which are inadequate to supply the necessary cost of living and to maintain the health of the workers .... It is unlawful to employ workers in any occupation … under conditions of labor detrimental to their health or morals.");

- 8-6-105 ("It is the duty of the director to inquire into the wages paid to employees and into the conditions of labor … in any occupation … if the director has reason to believe … conditions of labor are detrimental to the health or morals of said employees or that the wages paid to a substantial number of employees are inadequate to supply the necessary cost of living and to maintain such employees in health.");

- 8-6-106 ("The director shall determine the minimum wages sufficient for living wages … ; standards of conditions of labor and hours ... not detrimental to health or morals for workers; and what are unreasonably long hours.");

- 8-6-108 ("[F]or the purpose of investigating any of the matters [s/]he is authorized to investigate by this article … [t]he director has power to make reasonable and proper rules and procedure and to enforce said rules and procedure.""");

- 8-6-109 ("If after investigation the director is of the opinion that the conditions of employment surrounding said employees are detrimental to the health or morals or that a substantial number of workers in any occupation are receiving wages … inadequate to supply the necessary costs of living and to maintain the workers in health, the director shall proceed to establish minimum wage rates.");

- 8-6-111 ("Overtime, at a rate of one and one-half times the regular rate of pay, may be permitted by the director under conditions and rules and for increased minimum wages which the director, after investigation, determines and prescribes by order and which shall apply equally to all employers in such industry or occupation.");

- 8-6-116 ("The minimum wages fixed by the director, as provided in this article, shall be the minimum wages paid to the employees, and the payment … of a wage less than the minimum … is unlawful");

- 8-6-117 ("In every prosecution … of this article, the minimum wage established by the director shall be prima facie presumed to be reasonable and lawful and the wage required to be paid. The findings of fact made by the director acting within prescribed powers, in the absence of fraud, shall be conclusive.");

- 8-6-120 ("The director shall promulgate rules providing meaningful overtime and maximum hours protections to agricultural employees. … In promulgating such rules, the director shall consider the inequity and racist origins of the exclusion of agricultural employees from overtime and maximum hours protections available to other employees, the fundamental right of all employees to overtime and maximum hours standards that protect the health and welfare of employees, and the unique difficulties agricultural employees have obtaining workplace conditions equal to those provided to other employees.");

- 8-12-115 (“The director shall enforce … this article” and “shall promulgate rules and regulations more specifically defining the occupations and types of equipment permitted or prohibited by this article.”);

- 8-13.3-403 (“The division shall promulgate rules regarding compensation and accrual of paid sick leave for employees employed and compensated on a fee-for-service basis.”);

- 8-13.3-407 (“Determinations made by the division under this section [as to paid sick leave] are appealable pursuant to section 8-4-111.5 and rules promulgated by the department regarding appeals and strategic enforcement.”);

- 8-13.3-408 (“Each employer shall notify its employees that they are entitled to paid sick leave, pursuant to rules promulgated by the division.”);

- 8.13.3-410 (“The director may coordinate implementation and enforcement of this part and adopt rules as necessary for such purposes.”);

- 8.13.35-202 (c) (“To ensure that agricultural workers have meaningful access to services, the director of the division shall promulgate rules regarding additional times during which an employer may not interfere with an agricultural worker’s reasonable access to key service providers, including periods during which the agricultural worker is performing compensable work, especially during periods when the agricultural worker is required to work in excess of forty hours per week and may have difficulty accessing such services outside of work hours.”);

- 8.13.5-203 (“The director of the division shall promulgate rules that require agricultural employers to protect agricultural workers from heat-related stress illnesses and injuries when the outside temperatures reach eighty degrees or higher, with discretion to adjust requirements based on environmental factors, exposure time, acclimatization, and metabolic demands of the job as set forth in the federal Department of Health and Human Services Centers for Disease Control and Prevention National Institute for Occupational Safety and Health 2016 Revised Publication: Criteria for a Recommended Standard, Occupational Exposure to Heat and Hot Environments.”); and

- the Administrative Procedure Act, C.R.S. § 24-4-103.

Division of Labor Standards and Statistics

WAGE PROTECTION RULES

7 CCR 1103-7

Adopted November 10, 2021, effective January 1, 2022.

Rule 1. Statement of Purpose and Authority

1.1 The general purpose of these Wage Protection Rules (Rules) is to implement labor laws within the jurisdiction of the Division, including but not limited to the Colorado Wage Act (CWA) as amended by the Wage Protection Act (WPA) of 2014, C.R.S. § 8-4-101 et seq., the Healthy Families and Workplaces Act (HFWA) of 2020, C.R.S. § 8-13.3-401 et seq., and the Agricultural Labor Rights and Responsibilities Act, as codified in relevant part at C.R.S. §§ 8-6-101.5, 8-6-120, and 8-13.5-201 et seq. These rules are adopted pursuant to the Division's authority to adopt and amend rules and regulations to enforce, execute, apply, and interpret Articles 1, 2, 4, 6, and 13.3, and 13.5 of Title 8, C.R.S. (2022), and all rules, regulations, investigations, and other proceedings of any kind thereunder, by the Administrative Procedure Act, C.R.S. § 24-4-103, and provisions of Articles 1, 2, 4, 6, 13.3, and 13.5, including but not limited to §§ 8-1-101, 103, 107, 108, 111, 130; § 8-4-111; §§ 8-6-102, 104, 105, 106, 108, 109, 111, 116, 117, 120; § 8-12-115; §§ 8-13.3-401, 403-405, 407-411, 416; and §§ 8-13.5-202, 203, 204.

1.2 Incorporation by Reference. Title 8, Articles 1, 2, 4, 6, 12, 13.3, and 13.5 of the Colorado Revised Statutes (2022) are hereby incorporated by reference, except that earlier versions of such laws and rules may apply to events that occurred in prior years. Such incorporation excludes later amendments to or editions of the statutes. These statutes are available for public inspection at the Colorado Department of Labor and Employment, Division of Labor Standards & Statistics, 633 17th Street, Denver CO 80202. Copies may be obtained from the Division of Labor Standards & Statistics at a reasonable charge. These statutes can be accessed electronically from the website of the Colorado Secretary of State. Pursuant to C.R.S. § 24-4-103(12.5)(b), the agency shall provide certified copies of the statutes incorporated at cost upon request or shall provide the requestor with information on how to obtain a certified copy of the material incorporated by reference from the agency originally issuing the statutes. All Division Rules are available to the public at www.coloradolaborlaw.gov. Where these Rules have provisions different from or contrary to any incorporated or referenced material, the provisions of these Rules govern so long as they are consistent with Colorado statutory and constitutional provisions.

1.3 Separability. These Rules are intended to remain in effect to the maximum extent possible. If any part of a rule (including any section, sentence, clause, phrase, word, or number) is held invalid, (A) the remainder of the rule remains valid, and (B) if the provision is held not wholly invalid, but merely in need of narrowing, the provision should be retained in narrowed form.

1.4 The Director of the Division of Labor Standards and Statistics in the Department of Labor and Employment (Director) has the authority to enforce the statutes cited in Rule 1.1 above and these Rules.

Rule 2. Definitions and Clarifications

2.1 "Administrative procedure" means the process used by the Division to investigate wage complaints in accordance with C.R.S. § 8-4-111 and C.R.S. §§ 8-13.3-407(4), -410, and -411.

2.2 "Authorized representative" means a person designated by a party to a wage complaint to represent the party during the Division's administrative procedure. To designate an authorized representative, the party must comply with the requirements of Rule 4.3.

2.3 "Average daily earnings," as used in C.R.S. § 8-4-109(3)(b), will be calculated as follows, unless the Division identifies a legitimate reason to use a different method of calculation:

2.3.1 The most recent typical workweek or pay period will generally be used to calculate the average daily earnings. The total gross amount of wages and compensation will be divided by the number of days worked.

2.3.2 If an employee is entitled to and has been paid less than the Colorado minimum wage, and has not earned more than the Colorado minimum wage, then the Colorado minimum wage will be used to calculate average daily earnings.

2.3.3 All compensation paid to employees, including the hourly rate, shift differential, minimum wage tip credit, regularly occurring non-discretionary bonuses, commissions, and overtime may be included in the average daily earnings calculation.

2.4 "Certified copy," as used in C.R.S. § 8-4-113, means a copy of a final Division decision (issued by a compliance investigator or hearing officer) signed by the Director of the Division, or his or her designee, certifying that the document is a true and accurate copy of the final decision. A certified copy must be requested in writing. A Division decision (issued by a compliance investigator or hearing officer) will not be certified unless: either (1) all appeal deadlines have passed and no appeal has been filed or (2) if an appeal was timely filed, the decision was not superseded on appeal. A certified copy will not be issued in the event of termination pursuant to C.R.S. § 8-4-111(3).

2.5 "Determination" means a decision issued by a compliance investigator upon the conclusion of a wage complaint investigation. "Determination" includes: Citation and Notice of Assessment, Determination of Compliance, and Notice of Dismissal, if that Notice of Dismissal is issued after the Division initiated the administrative procedure as described in Rule 4.4.

2.6 "Employee" has the following definitions:

2.6.1 Under the CWA, C.R.S. § 8-4-101(5), an "employee" means any person, including a migratory laborer, performing labor or services for the benefit of an employer. For the purpose of these Rules, relevant factors in determining whether a person is an employee include the degree of control the employer may or does exercise over the person and the degree to which the person performs work that is the primary work of the employer; except that an individual primarily free from control and direction in the performance of the service, both under his or her contract for the performance of service and in fact, and who is customarily engaged in an independent trade, occupation, profession, or business related to the service performed is not an "employee."

2.6.2 Under the HFWA, C.R.S. § 8-13.3-402(4), "employee" has the same meaning as in C.R.S. § 8-4-101(5), but does not include an "employee" as defined in 45 U.S.C. § 351(d), who is subject to the federal "Railroad Unemployment Insurance Act," 45 U.S.C. § 351 et seq. An employee's "family member" means (1) an employee's immediate family member, as defined in C.R.S. § 2-4-401(3.7); (2) a child to whom the employee stands in loco parentis or a person who stood in loco parentis to the employee when the employee was a minor; or (3) a person for whom the employee is responsible for providing or arranging health- or safety-related care. C.R.S. § 8-13.3-402(6).

2.7 "Employer" has the following definitions:

2.7.1 Under C.R.S. § 8-4-101(6), "employer" has the same meaning as in the federal Fair Labor Standards Act at 29 U.S.C. § 203(d), and includes a foreign labor contractor and a migratory field labor contractor or crew leader; except that the provisions of the COMPS Order do not apply to the state or its agencies or entities, counties, cities and counties, municipal corporations, quasi-municipal corporations, school districts, and irrigation,

reservoir, or drainage conservation companies or districts organized and existing under the laws of Colorado. "Foreign labor contractor" and "field labor contractor" have the definitions in C.R.S. §§ 8-4-101(7), (8.5).

2.7.2 Under the HFWA, C.R.S. § 8-13.3-402(5), "employer" has the same meaning as in C.R.S. § 8-4-101(6), except that an "employer" also includes the state and its agencies or entities, counties, cities and counties, municipalities, school districts, and any political subdivisions of the state, but does not include the federal government.

2.7.3 A "successor employer" is responsible for an acquired employer's HFWA obligations**,** including but not limited to accrued, requested, or in-progress leave, and "means an employing unit, whether or not an employing unit at the time of acquisition, that … acquires all of an organization, a trade, or a business[,] or substantially all of the assets[,] of one or more employers subject to" HFWA. C.R.S. § 8-13.3-402(12). Acquiring "substantially all of the assets" of an employer is defined as in 26 U.S.C. § 368(a)(1)(C) and Rev. Proc. 77-37, § 3.01; acquiring "a trade or a business" is defined as in C.R.S. § 8-76-104(11)(c).

2.7.4 To determine whether an employer meets the 16-employee threshold for HFWA coverage in 2021 pursuant to C.R.S. § 8-13.3-403(1)(b), the rules for counting employees to determine whether an employer is covered under the federal Family and Medical Leave Act apply: the employer must employ the requisite number of employees "for each working day during each of 20 or more calendar workweeks in the current or preceding calendar year"; "[a]ny employee whose name appears on the employer's payroll will be considered employed each working day of the calendar week, and must be counted whether or not any compensation is received for the week"; "[e]mployees on paid or unpaid leave, including [sick or medical] leave, leaves of absence, disciplinary suspension, etc., are counted as long as the employer has a reasonable expectation that the employee will later return to active employment"'; "a corporation is a single employer rather than its separate establishments or divisions"; and employees are counted only if "within … the United States," including any state, the District of Columbia, or any territory or possession of the United States. 29 CFR §§ 825.104-105.

2.8 The "employer's correct address," including as used in C.R.S. § 8-4-101(15), can include, but is not limited to, the employer's email address, the employer's address on file with the Colorado Secretary of State, and the address of the employer's registered agent on file with the Colorado Secretary of State.

2.9 When considering whether there is "good cause" for an extension of time, including as used in C.R.S. § 8-4-113(1)(b), the Division will determine whether the reason is substantial and reasonable and must take into account all available information and circumstances pertaining to the specific complaint.

2.10 "Post," including as used in C.R.S. § 8-4-107, may include electronic posting in a place readily accessible to all employees.

2.11 "Public health emergency" is defined as in C.R.S. § 8-13.3-402(9):

(A) An act of bioterrorism, a pandemic influenza, or an epidemic caused by a novel and highly infectious agent, for which (1) an emergency is declared by a federal, state, or local public health agency, or (2) a disaster emergency is declared by the Governor; or

(B) A highly infectious illness or agent with epidemic or pandemic potential for which a disaster emergency is declared by the Governor.

A public health emergency is "declared" by any initial, amended, extended, restated, or prolonged declaration of an emergency that meets the above definition. Employees have up to 80 hours of

supplemental paid sick leave usable as of January 1, 2021, because a public health emergency declared after the HFWA effective date remains in effect long enough to trigger paid leave in 2021 (under HFWA § 405 and Rule 3.5.1(C), distinct from the up to 80 hours of leave provided for 2020 by HFWA § 406 to conform to the federal paid leave law that expires on December 31, 2020). Employees receive their supplement of up to 80 hours of leave usable as of January 1, 2021, under HFWA § 405 only once during the entirety of a public health emergency even if such public health emergency is amended, extended, restated, or prolonged.

2.12 "Records reflecting the information contained in an employee's itemized pay statement," as used in C.R.S. § 8-4-103(4.5), may be kept electronically. The records are not required to be copies of the pay statements but must reflect all information contained in the pay statements.

2.13 "Terminated employee," as used in C.R.S. § 8-4-105(1)(e), includes any employee separated from employment, whether the separation occurs by volition of the employer or the employee.

2.14 The Division may enforce the gratuity provisions described in C.R.S. § 8-4-103(6) through the administrative procedure described in C.R.S. § 8-4-111. The legal treatment of "tips," "gratuities," or other monies paid on a similar basis, in any source of law, is identical regardless of the terminology used.

2.15 "'Wages' or 'compensation'" has the same meaning as in C.R.S. § 8-4-101(14). "Paid sick leave" required by HFWA constitutes "wages" under C.R.S. § 8-4-101(14); is covered by the provisions of C.R.S. Title 8, Article 4, and these Rules; is defined as paid time off from work that is provided by an employer for one of the qualifying reasons described in C.R.S. §§ 8-13.3-404 to -406. C.R.S. § 8-13.3-402(8)(a),(b).

2.16 A "written demand," including as used in C.R.S. § 8-4-101(15), can be sent to the employer by electronic means, including but not limited to email and text message. Wages must be owed at the time of sending for the written demand to be considered valid.

2.17 Vacation Pay.

2.17.1 C.R.S. § 8-4-101(14)(a)(III), includes in the definition of "'[w]ages' or compensation'": "Vacation pay earned in accordance with the terms of any agreement. If an employer provides paid vacation for an employee, the employer shall pay upon separation from employment all vacation pay earned and determinable in accordance with the terms of any agreement between the employer and the employee." "Vacation pay" is pay for leave, regardless of its label, that is usable at the employee's discretion (other than procedural requirements such as notice and approval of particular dates), rather than leave usable only upon occurrence of a qualifying event (for example, a medical need, caretaking requirement, bereavement, or holiday).

2.17.2 The "earned and determinable in accordance with the terms" provision does not allow a forfeiture of any earned (accrued) vacation pay, but does allow agreements on matters such as: (1) whether there is any vacation pay at all; (2) the amount of vacation pay per year or other period; (3) whether vacation pay accrues all at once, proportionally each week, month, or other period; and (4) whether there is a cap of one year's worth (or more) of vacation pay. Thus, employers may have policies that cap employees at a year's worth of vacation pay, but that do not forfeit any of that year's worth.

For example, an agreement for ten paid vacation days per year:

(a) *may* provide that employees can accrue more than ten days, by allowing carryover of vacation from year to year;

(b) *may* cap employees at ten days; but

(c) may not diminish an employee's number of days (other than due to use by the employee).

2.18 "Willful," in Articles within C.R.S., Title 8, that this Division enforces or administers, has the same meaning as under 29 U.S.C § 255(a) and 29 C.F.R. § 578.3(c).

2.19 C.R.S. § 8-4-103(1)(b) describes circumstances under which employers are "subject to the penalties specified in section 8-4-113(1)." Despite use of the word "penalty" in this section, this language does refer to the fine described in C.R.S. § 8-4-113(1) and is payable to the Division.

2.20 A complaint, appeal, or other submission to the Division is considered "filed" with the Division when it is received by the Division via mail, fax, email, online submission, or personal delivery. Any complaint, appeal, or other submission to the Division received after 11:59pm Mountain Time is considered filed the next business day. Any such submission is considered "signed," or to have a "signature," if has either an ink signature, a scanned signature, an electronically drawn or generated signature, or a typed name entered by the party or their authorized representative in the signature area; by signing in any such fashion, the individual is deemed to have agreed and assented that the document is signed by them.

2.21 These Rules are to be read in conjunction with other rules promulgated and enforced by the Division with additional requirements, including but not limited to the Colorado Overtime and Minimum Pay Standards Order ("COMPS Order"), 7 CCR 1103-1, and the Colorado Whistleblower, Anti-Retaliation, Non-Interference, and Notice-Giving Rules ("Colorado WARNING Rules"), 7 CCR 1103-11.

Rule 3. Filing a Wage Complaint

3.1 An employee who wishes to file a wage complaint with the Division shall use the Division-approved form(s).

3.1.1 A wage complaint may only be filed by the employee who did not receive his or her wages or compensation.

3.1.2 A wage complaint shall include the employee's signature, employee's contact information, employer's contact information, and basis for the wage complaint. Failure to include this information on the wage complaint form may result in dismissal of the wage complaint.

3.1.3 The failure of an employee to respond in a timely manner to informational or investigatory requests by the Division may result in dismissal of the wage complaint.

3.1.4 If a wage complaint is dismissed before a Notice of Complaint is sent to the employer because the employee failed to respond to a Division request for information, the complaint may be reopened if the employee provides the requested information or documentation to the Division within 35 days of the Division's request for information. Employees may be required to file a new complaint if the employee's response is received more than 35 days after the Division's request for information.

3.1.5 The Division shall not accept wage complaints for amounts exceeding $7,500.

3.1.6 An anonymous complaint is not a "wage complaint" within the meaning of C.R.S. § 8-4-111 and C.R.S. §§ 8-13.3-402(8)(a)(I)-(II), - 407, -410, -411 and will not be investigated using the Division's administrative procedure. The Division may choose to address an anonymous complaint outside of the administrative procedure.

3.2 An employee may pursue a wage complaint through either the court system or the Division's administrative procedure.

3.2.1 Employees are not required to use the Division's administrative procedure in order to

pursue a wage complaint in court.

3.2.2 The Division does not have jurisdiction over any wage complaint that has been adjudicated or is currently being adjudicated by a court of competent jurisdiction.

3.2.3 As provided by C.R.S. § 8-4-113(2), a certified copy of any citation, notice of assessment, or order imposing wages due, fines, or penalties pursuant to this article may be filed with the clerk of any court having jurisdiction over the parties at any time after the entry of the order. Such a filing can be in a county or district court, and will thereby have the effect of a judgment from which execution may issue.

3.3 The employee may withdraw the wage complaint at any time prior to issuance of a determination by notifying the Division in writing.

3.4 The Division may exercise its discretion to have an investigation sequenced and/or divided into two or more stages on discrete questions of liability or relief (e.g., bifurcation), yielding two or more determinations and/or phases of the investigation.

3.5 Accrual, use, and other matters relating to paid leave under HFWA.

3.5.1 Accrual of HFWA leave. Paid leave begins to accrue at the commencement of employment or on January 1, 2021, whichever is later.

(A) For the minimum HFWA accrual rate of one hour of leave for every 30 hours worked, up to cap of 48 hours per benefits year (C.R.S. § 8-13.3-403(2)(a)), accrual is based on all "time worked" under Rule 1.9 of the COMPS Order, 7 CCR 1103-1, with regular and overtime hours counting equally; except under C.R.S. § 8-13.3-403(2)(c), an overtime-exempt employee accrues paid leave based on their normal hours worked up to a maximum of forty per week. Once employees have accrued 48 hours of paid leave during the benefit year, they do not accrue more, except if an employer chooses to provide paid leave in a greater amount. C.R.S. §§ 8-13.3-403(2)(a), -413.

(B) For hours accrual for purposes of C.R.S. § 8-13.3-403(2)(a), the best available, reasonable estimate shall be used for employees paid on a fee-for-service basis for which hours are not ordinarily tracked and cannot feasibly be tracked, except that higher education adjunct faculty paid on a per-credit or per-course basis shall be deemed to work three hours total for each in-class hour.

(C) On the day a public health emergency is declared within the definition of Rule 2.11, employers are required to immediately provide each employee with additional hours of paid leave, usable as of the date of the declaration, January 1, 2021, or the employee's first date of employment, whichever is later -- whatever the employee has accrued prior to the declaration of the public health emergency at the regular HFWA rate (*i.e.*, one hour per 30 worked, up to a maximum of 48 per benefit year), and a one-time supplement with the number of hours needed for:

(1) employees who normally work forty or more hours in a week to have access to 80 hours of total paid leave; and

(2) employees who normally work under forty hours in a week to have access to paid leave hours that are at least the greater of the number of hours the employee (a) is scheduled for work or paid leave in the fourteen-day period after the leave request, or (b) actually worked in the fourteen-day period prior to the declaration of the public health emergency or the leave request, whichever is later.

(D) During the entire duration of a public health emergency (*i.e.*, during the time between the date on which the emergency is declared and four weeks after the date of the official termination or suspension of the emergency declaration), employers:

(1) are required to permit employees to take both (a) the paid leave they have accrued prior to the declaration date of the public health emergency pursuant to C.R.S. § 8-13.3-403(2)(a), for any of the qualifying reasons provided in C.R.S. § 8-13.3-404(1), and (b) the amount of supplemental paid leave that was provided to the employee on the date of the declaration of a public health emergency, for any of the qualifying reasons provided in C.R.S. § 8-13.3-405(3);

(2) remain subject to the minimum accrual requirements of C.R.S. § 8-13.3-403(2)(a), and employees continue to accrue paid leave (up to 48 hours per benefit year); and

(3) must permit an employee to use the full amount of supplementary leave provided under C.R.S. § 8-13.3-405(1) and this rule, prior to using any of the employee's previously-accrued leave under C.R.S. § 8-13.3-403(2)(a), if an employee required leave in circumstances that qualify under both C.R.S. § 8-13.3-404(1) and C.R.S. § 8-13.3-405(3) (*e.g.*, an employee is experiencing symptoms of a communicable illness that was the subject of the declaration of a public health emergency and needs to obtain testing and treatment).

(E) Yearly Basis for HFWA leave.

(1) Carryover. Pursuant to C.R.S. § 8-13.3-403(3)(b), "up to forty-eight hours of paid sick leave that an employee accrues in a year but does not use carries forward to, and may be used in, a subsequent year." For purposes of C.R.S. § 8-13.3-403(3)(b), "year" means "a regular and consecutive twelve-month period as determined by an employer." C.R.S. § 8-13.3-402(13). The employer shall not be required to, but may, permit an employee to carry forward more than forty-eight (48) hours of unused paid leave from one benefit year to the next. C.R.S. §§ 8-13.3-403(3)(b), -413.

(2) "Benefit year" definition. The applicable "benefit year" is the period of 12 consecutive months established by an employer in which an employee shall accrue and use earned sick leave. Unless otherwise established by an employer in a written policy, a "benefit year" is the calendar year. If an employer transitions from one type of year to another, the employer must ensure that the transition process maintains all HFWA rights, and must notify employees in writing of any such changes.

3.5.2 Pay rate and amount of HFWA leave. Under C.R.S. § 8-13.3-402(8), leave must be paid at the same rate and with the same benefits, including health benefits, as the employee normally earns during hours worked, not including overtime, bonuses, or holiday pay. Leave must be paid on the same schedule as regular wages.

(A) The pay rate for leave must be at least the applicable minimum wage. The HFWA pay rate shall be calculated using the same rules applicable to calculating an employee's "regular rate" under Rule 1.8 of the COMPS Order, 7 CCR 1103-1, except that: (1) bonuses included in the regular rate calculation are excluded from the HFWA pay rate calculation; (2) only the method in COMPS Rule 1.8.3(A) may be used for employees with variable hourly rates, except that the

rate is measured over 30 days pursuant to the following subsection (3); and (3) the HFWA regular rate shall be determined based upon the employee's pay over the 30 calendar days prior to taking leave, unless the employee has not yet worked 30 calendar days in which case the longest available period shall be used. The HFWA pay rate for employees covered by Rule 3.5.1(B) shall be calculated in accordance with that Rule.

(B) The number of hours of paid HFWA leave an employee can take is the number of hours the employer reasonably anticipated they would have worked during the period of the leave, based on: (1) their regular schedule of hours actually worked; (2) or, if leave is during a period the employee was anticipated to depart from a regular schedule, then hours anticipated for that period; (3) or, if the number of hours the employee would have worked during the period cannot be reasonably anticipated, then their average hours worked during their most recent 30 calendar days of work. If an employee has not yet been employed for 30 calendar days, their entitlement must be determined under 3.5.2(B)(1) or (2).

(C) Indeterminate shifts. If an employee uses paid leave for a shift of indeterminate length (for example, a shift that is defined by business needs rather than a previously specified number of hours), an employer may determine the number of paid leave hours used by the employee based on the number of hours actually worked by a replacement employee in the same shift. If there is no replacement employee for the indeterminate shift, an employer may determine the number of paid leave hours used by the employee based on the number of hours actually worked by the employee for their most similar shift in the past.

(D) On-call employees are entitled to use paid leave during any hours they have been scheduled to work, including hours among the employee's on-call time that the employer actually requests the employee to work, or any other hours that would qualify as "time worked" as defined by Rule 1.9 of the COMPS Order, 7 CCR 1103-1. Otherwise, being "scheduled to work" does not include shifts for which an employee has been asked to be available or on-call. However, if an on-call employee has an agreement with an employer to be paid for a scheduled shift regardless of whether the employee actually works the shift, the employer must provide paid leave to a qualifying employee for that shift.

3.5.3 Use of HFWA leave.

(A) Because an employee "may use accrued paid sick leave as it is accrued," C.R.S. § 8-13.3-403(3)(a), HFWA leave may be used immediately upon accrual, but an employer may, in the ordinary course of business and in good faith, verify employee hours within a month after work is performed and adjust accrued leave to correct any inaccuracy, provided that the employee is so notified in writing.

(B) An employer may require use of HFWA leave in hourly increments, or may require or allow smaller minimum increments; if an employer does not specify the minimum increment in writing, employees nevertheless may not use increments smaller than a tenth of an hour (*i.e.*, six-minute increments).

(C) An employer cannot apply an absence or attendance policy to an employee's HFWA-qualifying leave use if it could result in adverse action against the employee, including discipline, as defined in C.R.S. § 8-13.3-407(2)(b). However, after an employee has exhausted all leave required by HFWA, an employer can apply an absence or attendance policy to any absences taken by the employee.

3.5.4 Applicability of a general paid time off ("PTO") policy to HFWA leave. HFWA does not require additional leave if an employer policy provides fully paid leave for both HFWA and

non-HFWA purposes (*e.g.*, sick time and vacation) and makes clear to employees, in a writing distributed in advance of an actual or anticipated leave request, that:

(A) its leave policy provides PTO --

(1) in at least an amount of hours and with pay sufficient to satisfy HFWA and applicable rules (including, if a public health emergency is declared, a supplemental amount of leave required to satisfy C.R.S. § 8-13.3-405(1) and Rule 3.5.1(C),

(2) for all the same purposes covered by HFWA and applicable rules, not a narrower set of purposes, and

(3) under all the same conditions as under HFWA and applicable rules, not stricter or more onerous conditions (including but not limited to matters such as accrual, use, payment, annual carryover of unused accrued leave, notice and documentation requirements, and anti-retaliation and anti-interference rights); and

(B) additional HFWA leave need not be provided when employees use all of their available PTO for non-HFWA-qualifying reasons (*e.g.*, vacation). C.R.S. § 8-13.3-403(4), except if a public health emergency is declared after an employee uses some or all available PTO for the applicable benefit year, the employer must supplement the employee's current total of accrued, unused leave pursuant to Rule 3.5.1(C).

3.5.5 Notice by employees of HFWA-qualifying leave.

(A) An employee may request leave orally or in writing, including electronically (for example, by email or text message). An employer may choose additional methods of receiving requests or notifications that it deems acceptable, but shall not restrict employees from using any method that notifies the employer effectively. C.R.S. § 8-13.3-404(2).

(B) For HFWA leave for any health-related or safety-related reason within C.R.S. § 8-13.3-404, if the employee's need for leave is "foreseeable," (1) an employee shall make a good-faith effort to provide advance notice and a reasonable effort to schedule the leave in a manner that does not unduly disrupt employer operations, and (2) an employer may by written policy require reasonable procedures to provide notice of foreseeable leave, but shall not deny paid sick leave based on noncompliance with such a policy. C.R.S. § 8-13.3-404(2),(5).

(C) For HFWA leave that is "related to public health emergency" under C.R.S. § 8-13.3-405(3): An employee shall notify their employer of their need for leave as soon as practicable if (1) the need for leave is foreseeable and (2) the employer's place of business is not closed. C.R.S. § 8-13.3-405(4).

3.5.6 An employer may require "reasonable documentation" that leave is for a HFWA-qualifying purpose only if the leave requested or taken is for "four or more consecutive work days," C.R.S. § 8-13.3-404(6), defined as four consecutive days on which the employee would have ordinarily worked absent the leave-qualifying condition, not four consecutive calendar days. An employer may not require an employee to provide documentation that leave is for a qualifying reason "related to [a] public health emergency" under C.R.S. § 8-13.3-405(3),(4).

(A) When documentation is required, an employer may request only "reasonable" documentation, which is defined as not more documentation than needed to

show a HFWA-qualifying reason for leave, as described in subparts (B), (C), and (D) below, and an employer shall not require disclosure of "details" regarding the employee's or family member's "health information" or the "domestic violence, sexual assault, or stalking" that is the basis for HFWA leave (C.R.S. § 8-13.3-412(1)).

(B) To document leave for a health-related need under C.R.S. § 8-13.3-404(1)(a), (b):

(1) If the employee received any services (including remote services) from a health or social services provider for the HFWA-qualifying condition or need, a document from that provider, indicating a HFWA-qualifying purpose for the leave, will suffice.

(2) An employee who did not receive services from a provider for the HFWA-qualifying leave, or who cannot obtain a document from their provider in reasonable time or without added expense, can provide their own writing indicating that they took leave for a HFWA-qualifying purpose.

(C) To document leave for a safety-related need covered by C.R.S. § 8-13.3-404(1)(c) (*i.e.*, domestic abuse, sexual assault, or criminal harassment): A document under subpart (B)(1) (from a health provider or a non-health provider of legal services, shelter services, social work, or other similar services) or an employee writing under (B)(2) will suffice, as will a legal document indicating a safety need that was the reason for the leave (*e.g.*, a restraining order, other court order, or police report).

(D) Submission of documentation to an employer may be provided (1) by any reasonable method, including but not limited to electronic transmission, (2) at any time until whichever is sooner of an employee's return from leave (or termination of employment, if the employee does not return), (3) without a requirement of the employee's signature, notarization, or any other particular document format.

(E) Confidentiality of leave-related information and documentation. Any information an employer possesses regarding the health of an employee or the employee's family member, or regarding domestic abuse, sexual assault, or criminal harassment affecting an employee or employee's family member, shall be treated as confidential and may not be disclosed to any other individual except the affected employee, unless the affected employee provides written permission prior to such disclosure. C.R.S. § 8-13.3-412(2)(c). If the information is in writing, it shall be maintained on a separate form and in a separate file from other personnel information, and shall be treated as a confidential medical record by the employer. C.R.S. § 8-13.3-412(2)(a)-(b).

(F) If an employer reasonably deems an employee's documentation deficient, without imposing a requirement of providing more documentation than HFWA or applicable rules permit, prior to denying leave, the employer must: (1) notify the employee within seven days of either receiving the documentation or the employee's return to work (or termination of employment, if the employee does not return), and (2) provide the employee the minimum of seven days to cure the deficiency after the employee is notified that the employer deems the existing documentation inadequate.

3.5.7 Employer records of accrued and used paid leave hours. An employer "shall retain records for each employee for a two-year period, documenting hours worked, paid sick leave accrued, and paid sick leave used" (C.R.S. § 8-13.3-409(1)), except that two-year limit does not diminish the obligation to retain pay statement records for three years (C.R.S. § 8-4-103(4.5)). Upon an employee's request, an employer must provide, in

writing or electronically, documents sufficient to show, or a dated statement containing, the then-current amount of paid leave the employee has (1) available for use, and (2) already used during the current benefit year, including information as to any accrued leave provided and used subject to C.R.S. § 8-13.3-403 and any supplemental public health emergency-related leave provided and used subject to C.R.S. § 8-13.3-405(3). Employees may make such requests no more than once per month, except they may make an additional request when any need for HFWA leave arises. Employers may choose a reasonable system for fulfilling such requests, including but not limited to listing such information on each pay stub, using an electronic system where employees can access their own information, or providing the necessary information in a letter or electronic communication.

3.5.8 Collective bargaining agreements that provide for equivalent or more generous paid sick leave.

(A) If a bona fide collective bargaining agreement ("CBA") "provides for equivalent or more generous paid sick leave for the employees covered" (C.R.S. § 8-13.3-415(2),(3)), then:

(1) HFWA does not apply additional requirements (*e.g.* it does not require an additional 48 hours of leave when a CBA provides the same amount of leave); and

(2) HFWA does not invalidate the CBA or require its re-opening.

(B) A CBA "provides for equivalent or more generous paid sick leave" (C.R.S. §§ 8-13.3-415(2),(3)) if the CBA does not diminish any employee protections under HFWA and rules promulgated thereunder, including but not limited to the requirements in Rule 3.5.4(A) and:

(1) accrual and carryover;

(2) use and its conditions (*e.g.*, documentation and notice to employers); and

(3) protection and effectuation of paid sick leave rights through notice to employees and prohibitions against retaliation based on, or interference with, protected activity.

(C) This Rule applies to a CBA that is either:

(1) "in effect on the effective date" of HFWA, July 14, 2020; or

(2) "initially negotiated or negotiated for the next collective bargaining agreement after th[at] effective date . . . if the requirements of this Part 4 are expressly waived in the [CBA]." (C.R.S. §§ 8-13.3-415(2),(3).)

Rule 4. Investigation

4.1 Wage complaints shall be assigned to Division compliance investigators. Investigatory methods used by the Division may include:

(A) Interviews of the employer, employee, and other parties;

(B) Information gathering, fact-finding, and reviews of written submissions; and

(C) Any other lawful techniques that enable the Division to assess the employer's compliance.

4.2 The Division will evaluate wage complaints under the following burden of proof structure:

4.2.1 To initiate a wage complaint, an employee must provide an explanation of the basis for the complaint that is clear, specific, and shows the employee is entitled to relief. The employee must provide sufficient evidence from which both a violation of Colorado wage and hour laws and an estimate of wages due may be reasonably inferred.

4.2.2 The burden then shifts to the employer to prove, by a preponderance of the evidence, that the employee is not entitled to the claimed relief. If the employer fails to meet its burden, the Division may award wages and/or penalties to the employee based on the employee's evidence.

4.2.3 If the Division concludes that wages are owed to the employee, but cannot calculate the precise amount of wages due, then the Division may award a reasonable estimate of wages due.

4.3 Any party to a wage complaint may designate an authorized representative to represent the party during the Division's administrative procedure.

4.3.1 The party may designate an authorized representative by filing the Division-approved form with the Division.

4.3.2 If not using the Division-approved form, and the authorized representative is a licensed attorney or accountant, the party or the authorized representative must provide written notice to the Division that the authorized representative will represent the party during the Division's administrative procedure.

4.3.3 If not using the Division-approved form, and the authorized representative is not a licensed attorney or accountant, the party must provide a signed written notice to the Division that the authorized representative will represent the party during the Division's administrative procedure.

4.3.4 The party may revoke the authorized representative's authority by contacting the Division in writing.

4.4 After receipt of a wage complaint that states a claim for relief, the Division will initiate the administrative procedure by sending a Notice of Complaint to the employer, along with any relevant supporting documentation submitted by the employee, via U.S. postal mail, electronic means, or personal delivery.

4.4.1 If the Notice of Complaint cannot be delivered, the administrative procedure has not been initiated. If a proper address is located or provided, the Division will resend the Notice of Complaint, and the employer's deadline to respond will be calculated from the date of the subsequent notice.

4.4.2 If the Division cannot determine the employer's correct address, it may contact the employee to request the employer's address. The Division may dismiss the wage complaint if neither the employee nor the Division can determine the employer's correct address.

4.4.3 The employer's response to the Notice of Complaint must include the completed Division Employer Response Form, as well as any additional information or documentation requested by the Division. An insufficient response from the employer may be considered a failure to respond under C.R.S. § 8-4-113(1)(b).

4.4.4 If an employer obtains a good cause extension to respond under C.R.S. § 8-4-113(1)(b), the extension does not waive or reduce penalties owed to the employee pursuant to C.R.S. § 8-4-109(3)(b) if the employer fails to pay the employee's wages within fourteen

days after the Notice of Complaint is sent.

4.4.5 Where a claim, complaint, or investigation for violation of these Rules or the statutes they enforce has been filed or commenced, the employer shall preserve all relevant documents until final disposition and until the expiration of the statutory period within which a person aggrieved may bring a civil action.

4.5 After receipt and review of the employer's response, the Division may contact the employee for additional documentation or information. If the employer denies, in whole or in part, the allegations in the Notice of Complaint, and the Division determines further investigation would be beneficial, the Division shall send to the employee any relevant supporting documentation submitted by the employer. If the employee does not respond to the request for additional documentation or information by the deadline given, the Division will make a determination based on the information in the record.

4.6 All parties to a wage complaint are responsible for ensuring the Division has current contact information.

4.6.1 All parties must promptly notify the Division of any change in contact information, including mailing address, email address, and phone number.

4.6.2 Parties should not rely on the U.S. Postal Service to forward mail. Failure to respond to a notice because mail was not forwarded to a new address will not be excused.

4.7 In any Division investigation, proceeding, or other action, if information is provided to the Division by a source requesting confidentiality, and that information is used only as a basis for procuring other evidence, not offered as evidence itself, then the source shall remain confidential. Any such confidential source is unlawful to disclose (unless the source consents) in any administrative or judicial proceeding, in response to any records or information request, or in any other manner, in order to effectuate statutory requirements including but not limited to the following:

(A) If information is properly treated as confidential, the Division "shall provide a physical environment and establish policies and procedures to ensure confidentiality for all information regarding any employer, employee, or person pertaining to any action pursuant to articles 1 to 13" (C.R.S. § 8-1-115);

(B) "No employer shall intimidate, threaten, restrain, coerce, blacklist, discharge, or in any manner discriminate against any employee who has filed any complaint or instituted or caused to be instituted any proceeding under this article or related law or who has testified or may testify in any proceeding on behalf of himself, herself, or another regarding afforded protections under this article (C.R.S. § 8-4-120);

(C) It is unlawful to "discharge[] or threaten[] to discharge, or in any other way discriminate[] against an employee" because s/he "may testify in any investigation or proceeding relative to enforcement of this article" (C.R.S. § 8-6-115); and

(D) It is unlawful to take adverse action based on "participat[in]g in an investigation, hearing, or proceeding or cooperat[ing] with or assist[ing] the Division in its investigations of alleged violations" of HFWA (C.R.S. §§ 8-13.3-402(10), -407).

4.8 Immigration status is irrelevant to wage rights and responsibilities, including the right to access paid leave without retaliation or interference under HFWA, and the Division shall assure that wage rights and responsibilities apply regardless of immigration status, including but not limited to as follows.

4.8.1 The Division will not voluntarily provide any person or entity information concerning the immigration status of (a) a party to a wage claim, (b) a person offering information

concerning a wage claim, or (c) a person with a relationship with anyone in categories (a) or (b).

4.8.2 Any effort to use a person's immigration status to negatively impact the wage and hour law rights, responsibilities, or proceedings of any person or entity is an unlawful act of obstruction, retaliation, and/or extortion, based on statutory provisions including but not limited to the following that make it unlawful:

(A) For "any person" to "hinder[] or obstruct[] the director or any such person authorized by the director in the exercise of any power conferred by this article," including but not limited to wage investigations, rulemakings, or adjudicative or judicial proceedings (C.R.S. § 8-1-116(2));

(B) For an employer to "intimidate, threaten, restrain, coerce, blacklist, discharge, or in any manner discriminate against any employee who has filed any complaint or instituted or caused to be instituted any proceeding under this article or related law or who has testified or may testify in any proceeding on behalf of himself, herself, or another regarding afforded protections under this article" (C.R.S. § 8-4-120);

(C) For any person to "threaten[] to report to law enforcement officials the immigration status of the threatened person or another person" to "induce another person" to give up money "or another item of value" (C.R.S. § 18-3-207(1.5)), including inducing the surrender of any "tangible and intangible personal property, contract rights, choses in action, [or] services … , and any rights of use or enjoyment connected therewith" (C.R.S. § 18-1-901); and

(D) For an employer to deny "any right guaranteed under" HFWA, or to take "any adverse action against an employee for exercising any right guaranteed" by HFWA (C.R.S. §§ 8-13.3-402(10), -407).

Rule 5. Determination

5.1 Upon conclusion of the investigation of a wage complaint, the Division will issue a determination.

5.1.1 The Division shall send the determination to all parties via U.S. postal mail, electronic means, or personal delivery on the date the determination is issued by the Division's compliance investigator. The Division shall notify the parties of their termination and any appeal rights pursuant to C.R.S. § 8-4-111(3) and C.R.S. § 8-4-111.5(1).

5.1.2 The date of "issuance" of the Division's determination, as used in C.R.S. § 8-4-111(3), is the date the Division's determination is "sent," as used in C.R.S. § 8-4-111.5(1). Both the termination and appeal deadlines are calculated from the date the Division's determination is originally issued and sent to the parties.

5.1.3 If any copies of the decision are sent to the parties after the date the Division's determination is originally issued and sent to the parties, those copies are provided only as a courtesy and do not change the thirty-five day appeal and termination deadlines.

5.1.4 Determinations by the Division may include the following remedies, depending on which, if any, the Division's findings support:

(A) monetary or other relief authorized by the statute(s) under which the wage complaint was filed, including but not limited to, where applicable --

(1) any unpaid wages, penalties, and/or fines under C.R.S. Title 8, Articles 1, 4, 6, and 13.3;

(2) if a claim under C.R.S. Title 8, Article 13.3 (HFWA) cost the employee a job or pay, back pay plus either reinstatement or (if reinstatement is infeasible) front pay for a reasonable period; and/or

(3) other fines or penalties authorized by statutes applicable to the complaint;

(B) fines or penalties authorized by the statutes on Division investigative and enforcement authority in C.R.S. Title 8, Articles 1, 4, 6, and 13.3; and/or

(C) order(s) to cease non-compliance and/or effectuate compliance, as authorized by the statute(s) under which the complaint was filed and statutes on Division investigative and enforcement authority in C.R.S. Title 8, Article 1, 4, 6, and 13.3.

Rule 6. Appeal

6.1 Any party to the claim may appeal the Division's determination.

6.1.1 Parties are encouraged, though not required, to use the Division's appeal form. A valid appeal is a written statement that is timely filed with the Division, explains the clear error in the determination that is the basis for the appeal, and has been signed by the party or the party's authorized representative.

6.1.2 No appeal will be heard and no hearing will be held unless the appeal is received by the Division within thirty-five calendar days of the date the determination is sent. It is the responsibility of the party filing the appeal to ensure the appeal is received by the Division within the thirty-five day filing deadline.

6.1.3 Upon receipt of the appeal, the Division will notify the parties of the date of the hearing and any interim deadlines via U.S. postal mail, electronic means, or personal delivery.

6.1.4 Upon receipt of the appeal, the Division will send a copy of the appeal and a copy of the record of its investigation to the parties via U.S. postal mail, electronic means, or personal delivery. All evidence submitted to the Division as part of the investigation is part of the record on appeal and need not be resubmitted.

6.2 Parties who timely file a valid appeal of the Division's determination will be afforded an administrative appeal hearing before a Division hearing officer. Parties may appear by telephone.

6.3 The parties may submit new testimonial evidence to the hearing officer in accordance with deadlines imposed by the Division. The parties may submit new documentary or other non-testimonial evidence in accordance with deadlines imposed by the Division and upon showing "good cause," which may be assessed based on any relevant factors, including but not limited to:

6.3.1 That the new evidence was previously not known or obtainable, despite diligent evidence-gathering efforts by the party offering the new evidence;

6.3.2 That the party failed to receive fair notice of the investigation or of a key filing by another party or by the Division to which the new evidence is responsive;

6.3.3 That factors outside the control of the party prevented a timely action or interfered with the opportunity to act, except that the acts and omissions of a party's authorized representative are considered the acts and omissions of the party and are not considered to be a factor outside the party's control as intended by this rule;

6.3.4 That a determination raised a new issue or argument that cannot be responded to adequately without the new evidence;

6.3.5 That, at the investigation stage, the party offering new evidence requested more time to submit evidence, yet was denied, and in the hearing officer's judgment (a) the need for more time was legitimate and did not reflect neglect by the party, (b) the denial of the request for more time was unwarranted, and (c) exclusion of the evidence would cause substantial injustice to the party; and/or

6.3.6 That failure to admit the evidence otherwise would cause substantial injustice and did not arise from neglect by the party.

6.4 New evidence must be sent to all other parties to the appeal. Failure to send all new evidence to all other parties to the appeal may result in the evidence being excluded from the record.

6.5 If the party who filed the appeal does not participate in the hearing, the appeal may be dismissed.

6.6 All testimony at a hearing must be recorded by the Division but need not be transcribed unless the hearing officer's decision is appealed.

6.7 The hearing officer may, upon the application of any party or on his or her own motion, convene a prehearing conference to discuss the issues on appeal, the evidence to be presented, and any other relevant matters that may simplify further proceedings.

6.8 The hearing officer will decide whether the Division's determination is based on a clear error of fact or law.

6.9 The hearing officer shall not engage in ex parte communication with any party to an appeal.

6.10 An appeal may, in the discretion of the hearing officer, be sequenced and/or divided into two or more stages on discrete questions of liability and/or relief (*e.g.*, bifurcation), yielding two or more decisions and/or phases of the appeal.

6.11 The hearing officer's decision constitutes a final agency action pursuant to C.R.S. § 24-4-106. The Division shall promptly provide all parties with a copy of the hearing officer's decision via U.S. postal mail, electronic means, or personal delivery. The Division shall notify the parties of their appeal rights pursuant to C.R.S. § 8-4-111.5(5).

2022 Publication And Yearly Calculation of Adjusted Labor Compensation (2022 PAY CALC) Order

7 CCR 1103-14

Adopted November 10, 2021, effective January 1, 2022.

Rule 1. Statement of Purpose, Requirements, and Calculations.

1.1 This Publication And Yearly Calculation of Adjusted Labor Compensation Order ("PAY CALC Order"), 7 CCR 1103-14, publishes values that adjust periodically under the Colorado Overtime and Minimum Pay Standards Order ("COMPS Order"), 7 CCR 1103-1, or other laws.

1.2 Coverage and Application. Following are the 2022 minimum pay and income levels and future adjustments in each cited COMPS Order rule, and/or mandated by constitutional, statutory, or rule provisions the COMPS Order implements, or from which it derives.

Minimum Pay Level in COMPS Order Rule		2022 Level (Yearly Calculation)	Future Annual Adjustments
(A)	Full Colorado minimum wage (R. 3.1)	**$12.56** per hour	Last year's minimum adjusted by CPI (Consumer Price Index) for Colorado
(B)	Amount of minimum wage that employers must pay to tipped employees (R. 1.10, 6.2.3)	**$9.54** per hour to the extent that adding tips raises total pay to full minimum wage	**$3.02** per hour below full minimum wage to the extent that adding tips raises total pay to full minimum wage
(C)	Minimum wage for non-emancipated minors (R. 3.3)	**$10.68** per hour	15% below full minimum wage
(D)	Minimum pay for agricultural range workers (R. 2.2.7(E))	**$515.00** per week	Prior year's level adjusted by inflation
(E)	Executive/supervisor, administrative, or professional employees ("EAP") (R. 2.5.1); certain owners or proprietors of non-profit employers (R. 2.2.5); decision-making managers at livestock employers (R. 2.4.8)	**$865.38** per week ($45,000 rounded annual equivalent); and sufficient for the minimum wage for all hours worked in a workweek	Per week, **$961.54** in 2023 ($50,000 rounded annually), **$1,057.69** in 2024 ($55,000 rounded annually), and the prior year's level adjusted by CPI each year as of 2025
(F)	Highly technical computer employees (R. 2.5.2, 2.2.10)	**$28.92** per hour or the EAP salary above (Item E)	Prior year's hourly wage adjusted by inflation, or the EAP salary above
(G)	Highly compensated employees (R. 2.2.11)	**$101,250** annually, *and* the EAP salary (row E) weekly	The annual EAP salary (row E) multiplied by 2.25
(H)	Certain drivers and driver's helpers (R. 2.4.6)	**$690.80** per week	Based on Colorado minimum wage each year
(I)	Certain seasonal camp or outdoor education field staff (R. 2.2.7(F))	Full minimum wage or, per week: **$327.52** (adults) or **$248.39** (minors); except at non-profits with up to $25 million in revenue, **$239.60** (adults) or **$160.47** (minors)	Based on Colorado minimum wage each year

1.3 Additional Requirements. Many of the referenced COMPS Order rules have other requirements aside from a minimum pay level, including but not limited to: an employee having duties that

qualify for exemption; an employee receiving sufficient tips to allow for a tip credit to be taken; and an employer paying any higher applicable federal, local, or minimum wage.

Rule 2. Authority, Construction, and Definitions.

2.1 Authority and Incorporation by reference. This PAY CALC Order is issued under the authority and as enforcement of Section 15 of Article XVIII of the Colorado Constitution and Articles 1, 4, 6, and 12 of C.R.S. Title 8 (2022), and is intended to be consistent with the State Administrative Procedures Act, C.R.S. § 24-4-101, et seq. Hereby incorporated by reference into this rule are 29 C.F.R. Part 541 Subpart G; Colo. Const. art. XVIII, § 15 (2022); Title 8, Articles 1, 4, 6, 12, and 13.3 of the Colorado Revised Statutes (2022); the COMPS Order, 7 CCR 1103-1 (2022); the Wage Protection Rules, 7 CCR 1103-7 (2022); and the Direct Investigation Rules, 7 CCR 1103-8 (2022). Earlier versions of such laws and rules may apply to events that occurred in prior years. Incorporation excludes later amendments to or editions of the constitution, statutes, and rules; all cited laws are incorporated in the forms that are in effect as of the effective date of this PAY CALC Order. Where these Rules reference another rule, the reference shall be deemed to include all subparts of the referenced rule. Where these Rules have provisions different from or contrary to any incorporated or referenced material, the provisions of these Rules govern, so long as they are consistent with Colorado statutory and constitutional provisions. All sources cited or incorporated by reference are available for public inspection at the Colorado Department of Labor and Employment, Division of Labor Standards & Statistics, 633 17th Street, Denver CO 80202. Copies may be obtained from the Division at a reasonable charge or can be accessed from the website of the Colorado Secretary of State. Pursuant to C.R.S. § 24-4-103(12.5)(b), the agency shall provide certified copies of them at cost upon request or provide the requestor information on how to obtain a certified copy of the material incorporated by reference from the agency originally issuing them. All Division rules are publicly available at www.coloradolaborlaw.gov.

2.2 Administration and Dual Jurisdiction. The Division shall have jurisdiction over all questions arising with respect to the administration and interpretation of this PAY CALC Order. Whenever employers are subjected to Colorado law as well as federal and/or local law, the law providing greater protection or setting the higher standard shall apply. For information on federal law, contact the U.S. Department of Labor, Wage and Hour Division.

2.3 Separability. These Rules are intended to remain in effect to the maximum extent possible. If any part (including any section, sentence, clause, phrase, word, or number) is held invalid, (A) the remainder of the Rules remain valid, and (B) if the provision is held not wholly invalid, but merely in need of narrowing, the provision should be retained in narrowed form.

2.4 “Division” means the Division of Labor Standards and Statistics in the Colorado Department of Labor and Employment.

Rule title

7 CCR 1107-1 Regulations Concerning Paid Family Medical Leave Program 1 - eff 01/01/2022

Effective date

01/01/2022

DEPARTMENT OF LABOR AND EMPLOYMENT

Division of FAMLI

REGULATIONS CONCERNING PAID FAMILY MEDICAL LEAVE PROGRAM

7 CCR 1107-1

1.1 Authority

This regulation is adopted pursuant to the authority in section 8-13.3-501 C.R.S. and is intended to be consistent with the requirements of the State Administrative Procedures Act, section 24-4-101 et seq. (the "APA"), C.R.S. and the Paid Family and Medical Leave Insurance Act, sections 8-13.3-501 through 524 (the "Act"), C.R.S.

1.2 Scope and Purpose

A.Regulations 1.5 and 1.6 implement the procedural and substantive provisions for the Family and Medical Leave Insurance program pursuant to C.R.S. 8-13.3-507, concerning the establishment, collection, and administration of premium collections.

B.This regulation does not apply to any other premiums, fees, taxes, or collections outlined in unemployment insurance, worker compensation, private temporary disability insurance or private family leave insurance programs or other programs not administered by the Division.

1.3 Applicability

The provision of this Section will apply to employers as defined in 8-13.3-503 (8) C.R.S. who are operating within the State of Colorado, no matter what State, county, or territory the employer is physically located in or claims as a base of operations, unless otherwise specified by exemptions in 8.13.3-503 C.R.S (8) or federal law.

The provisions of this Section will be applicable to self-employed persons who elect coverage under 8-13.3-514 C.R.S. and employees of any local government who elect coverage under 8-13.3-514 C.R.S.

If any part of these rules is held invalid, the remainder shall remain valid, and if any part is held not wholly invalid, but in need of narrowing, it will be retained in narrowed form.

1.4 Definitions

"Calendar Quarter" has the same definition as 8-70-103 (6) C.R.S.

"Division" has the same definition as 8-13.3-503 (5) C.R.S.

"Employee" has the same definition as 8-13.3-503 (7) C.R.S.

“Employee share” is defined as 50 percent of the premium required for an employee by section 8-13.3-507 (3) C.R.S.

“Employer” has the same definition as 8-13.3-503 (8) C.R.S.

“Employer share” is defined as 50 percent of the premium required for an employee by section 8-13.3-507 (3) C.R.S.

“FAMLI” is defined as the Paid Family and Medical Leave Insurance Act, sections 8-13.3-501 through 524 (the “Act”), C.R.S.

“Net earnings from self employment” has the same meanings as in the Internal Revenue Code at 26 U.S.C. § 1402 (a), in effect for the taxable year, and the implementing regulations at 246 CFR § 1.1402 (a).

Gross income has the same meaning as in the Internal Revenue Code at 26 CFR § 1.61-2.

“Premium” is defined as the money payments required pursuant to 8-13.3-507 C.R.S. to finance the payment of family and medical leave insurance benefits and administer the family and medical leave insurance program.

“Self-Employed Person” is defined to include: an individual worker who is primarily free from external control and direction in the performance of their duties, labor or services, both under the individual’s contract for the performance of the labor or services, and those who are customarily engaged in an independent trade, occupation, profession, or business related to the labor or service performed; is a sole proprietor, a joint venturer or a member of a partnership; a member of a limited liability company,or a person who is otherwise in business for themselves.

1.5 Assessing and Collecting Premiums

1.5.1 Election, Withdrawal, and Cancellation of Coverage for Self-Employed Persons Regarding Premium Assessment

A. Self-employed persons may elect coverage under 8-13.3-514 C.R.S.

1. Notice of election of coverage must be submitted to the Division online or in another format approved by the Division.
2. Elective coverage begins on the first day of the calendar quarter immediately following the notice of the election.
3. A period of coverage is defined as:

    (a) Three years following the first day of elective coverage or any gap in coverage; and

    (b) Each subsequent year.

4. Any self-employed person may file a notice of withdrawal within thirty calendar days after the end of each period of coverage.
5. A notice of withdrawal from coverage must be submitted to the Division online or in another format approved by the Division.

6. Any levy resulting from the Division's cancellation of coverage is in addition to the due and unpaid premiums and interest for the remainder of the period of coverage.

1.5.2 Determining Wages Earned for Self-Employed Persons Regarding Premium Assessment

A. A self-employed person will update information with the Division not less than quarterly within the period of coverage to ensure timely and accurate benefit coverage amounts.

B. Pursuant to 8-13.3-507 (4)(a) C.R.S., a self-employed person is required to submit only 50 percent of the premium required for an employee by section 8-13.3-507 (3) C.R.S. on that individual's income from self employment.

C. Not less than each quarter, a self- employed person who has elected coverage under 8-13.3-514 C.R.S. will report to the Division net earnings from self employment once they have elected to use net earnings as the basis of both premium collection and benefit payments for the three year opt-in period.

D. Not less than each quarter, a self-employed person who has elected coverage under 8-13.3-514 C.R.S, will report to the Division gross earnings from self employment once they have elected to use gross earnings as the basis for both premium collection and benefit payments for the three year opt-in period. Gross wages from self employment will be reported as gross wages for a specific quarterly pay period and not gross wages for the year to date.

E. If a self-employed individual elects to change their premium and benefit calculation between gross and net, they may do so one time within the three year opt-in period.

F. The Division may require copies of tax returns, bank records, self- attestations, or any other documents deemed necessary by the Division to verify or determine a self-employed person's wages.

G. If a self-employed individual has elected coverage under 8-13.3-514 C.R.S., and is also employed by another or multiple employers, the self-employed person's FAMLI benefit payment will be based on the combined wages pursuant to this rule and Rule 1.5.3.

1.5.3 Determining Wages for All Employees Regarding Premium Assessment

A. Wages reportable to the Division for premium assessment purposes include:

1. Salary or hourly wages, including "wages" as defined by 8-70-141 C.R.S; and other compensation, including board, lodging, payments in kind, and/or other benefits provided as compensation for services performed by employees, including but not limited to domestic and agricultural employees.

2. The Division may, after investigation, determine in individual cases the amounts to be included as reasonable value of remuneration payable in any medium other than cash for the purpose of computing premiums due under the act, but where the cash value of such benefits is agreed upon in a written contract, the amounts agreed upon will presumptively be the reasonable value of such benefits; and
3. Commissions, payments on a piecework basis, or bonuses earned for labor or services performed in accordance with the terms of any agreement between an employer and employee.

B. Tips/gratuities and service charges will be considered to be wages for the purposes of the act when the employer exercises significant control over the amount and distribution of money received by an employee as a tip/gratuity or service charge.

C. An employer is considered to have significant control over tips/gratuities or service charges when they are collected by the employer and then redistributed to employees.

D. Notwithstanding any other provision of this section, any tips/gratuities and service charges when used by the employer in order to conform to the minimum-wage requirements of federal or state law will be deemed to be wages for the purposes of the act, to the extent of such use.

1. For the purposes of this section, the inclusion, for the convenience of the customer, of a tip/gratuity in an amount charged by a customer through the use of a credit card will not, by itself, be deemed to constitute significant control.
2. For the purposes of this section, a requirement by an employer that an employee report or account for tips/gratuities will not, by itself, be deemed to constitute significant control.

E. In addition to the foregoing provisions of this section, wages will also include tips that are received while performing services that constitute employment and that are made known to the employer through a written statement furnished by the employee.

F. In circumstances where the employer's records regarding wages or other compensation pursuant to this section are inaccurate or incomplete, the Division may consider any evidence, written or otherwise, to determine the amount of wages as a matter of just and reasonable inference, absent any specific evidence provided by the employer suggesting that such inference is unreasonable.

1.5.4 Exempted From Wages

A. The Division will not consider the following as wages.

1. Per-diem or mileage reimbursements;

2. Amounts of payments made by the employer on behalf of the employee into other insurance or annuity accounts that are not associated with FAMLI including but not limited to:

(a) Short term or long term disability

(b) Medical or hospitalization expenses in connection with sickness or accident disability

(c) Death

(d) Earnings from investment-interest payments, dividend payments, or rent receipts from rental property, except if the income is earned through a business owned or operated by the claimant.

(e) Severance pay with the exception of payments pursuant to 8-73-110 C.R.S.

1.5.5 Premiums Remitted by an Employer

A. Premiums must be paid not less than quarterly in the form and manner determined by the Division. Quarterly payments will include all premiums with respect to wages paid for employment in all payroll periods that end within the calendar quarter.

1. Due Date of Premiums. Premiums will become due and be paid no later than the last day of the month immediately following the end of the calendar quarter for which the premiums have accrued.

(a) Payment will be considered timely if postmarked or received in person or electronically on or before the due date. If the due date of premiums falls on a Saturday, Sunday, or legal holiday, payment will be considered timely if postmarked or received in person or electronically on the next business day that is not a Saturday, Sunday, or legal holiday.

(b) Quarterly payment will not be required when the total amount of any premiums due, including any penalties and interest accrued for an untimely or incorrect report, is less than five dollars.

2. Erroneous Rate Notice. If, as a result of an incorrect notification or computation of rate by the Division, an employer is required to make an additional payment of premiums, such additional payment will not accrue interest until thirty days after notification by the Division that such additional payments are due.

3. First payment of a new employer, unless stated otherwise by exemption.

(a) The first premium payment of any employing unit that becomes an employer subject to 8.13.3-501 C.R.S. et seq., at any time during a calendar year will become due and be paid on or before the last day of the month immediately following the calendar quarter in which such an employing unit becomes an employer.

(b) Said payment will include the FAMLI premiums with respect to wages paid for employment occurring on and from the first day of the calendar year through all payroll periods that end within the calendar quarter in which the employing unit becomes an employer.

B. Employers ability to deduct premiums from employees

1. An employer required to remit premiums pursuant to 8-13.3-507 C.R.S. may not deduct more than the maximum allowable employee share of the premium from wages paid for a pay period.

   (a) If an employer fails to deduct the maximum allowable employee share of the premium from wages paid for a pay period, the employer is considered to have elected to pay that portion of the employee share under 8-13.3 -507 C.R.S., and the employer cannot deduct this amount from a future paycheck of the employee for a different pay period.

   (b) An employer will not deduct the employee share of the premium for a pay period where there is a lack of sufficient employee wages to cover the premium for that pay period.

   (c) In the payment of any premiums, a fractional part of a cent will be disregarded unless it amounts to one-half cent or more, in which case it will be increased to one cent.

2. Employers not required to pay the Employer share of the FAMLI premium due to employer size of business pursuant to 8-13.3-507 (5) C.R.S. must remit the employees' share of the premium in the manner outlined by the Division. Such employers may deduct up to 50 percent of the premium required for an employee by section 8-13.3-507 (3) C.R.S., from the employee's wages and will remit 50 percent of the premium required by section 8-13.3-507 (3) C.R.S., to the Division.

3. An employer who is not required to pay the employer share of the premium pursuant to 8.13.3-507 (4)(c), may elect to remit the employee share of the premium for employees who elect coverage under 8-13.3-514 C.R.S.

C. Application of payments made to premiums

1. A payment received by the Division as a premium payment will be applied to the quarter for which the premium assessment applies.

(a) A payment exceeding the legal fees,fines,penalties, interest and premiums due for that quarter will be applied to any other debt owed to the Division in accordance with subsection 2 (c) in part C. of these rules.

(b) If no debt exists, premium overpayments of less than fifty dollars will be credited to future payments due.

(c) If no debt exists, premium overpayments of fifty dollars or more may be refunded to the employer at the employer's request. Otherwise, such overpayments will be credited to future payments due.

2. Payments received will be applied in the following order of priority:

(a) Current quarter balance;

(b) Any previous quarter premium balance due starting with the oldest quarter;

(c) Then beginning with the oldest quarter in which a balance is owed:

(1) Penalties;

(2) Fines;

(3) Fees; and

(4) Interest charges.

D. Pursuant to § 8-13.3-507 (6), C.R.S., premiums will not be required for employees' wages above the contribution and benefit base limit established annually for the federal social security administration for purposes of the federal old-age survivors, and disability insurance program limits pursuant to 42 U.S.C. § 430.

1.5.6 Calculating Employer Size Related To Premium Exemptions

A. For determining premium exemptions based on employer size as outlined in § 8-13.3-507(5), C.R.S., the rules for counting employees to determine whether an employer is covered under the federal Family and Medical Leave Act apply; the employer must employ the requisite number of employees "for each working day during each of 20 or more calendar workweeks in the current or preceding calendar year'; "a[ny] employee whose name appears on the employer's payroll will be considered employed each working day of the calendar week, and must be counted whether or not any compensation is received for the week"; "Employees on paid or unpaid leave, including [sick or medical leave], leaves of absence, disciplinary suspension, etc. are counted as long as the employer has a reasonable expectation

the employee will later return to active employment"; and "a corporation is a single employer rather than its separate establishments or divisions."

1. If the Division determines the employer's status has changed as it relates to premium liability, the Division will notify the employer as to their premium liability.

2. An employer's size for purposes of this regulation 1.5.6 will be calculated annually by counting the number of employees pursuant to regulation 1.5.4 (A) during the preceding calendar year. A new premium discount pursuant to § 8-13.3-507(5) will not take effect until the Division has completed such calculation.

3.If an employer has not been in business in Colorado long enough to report employer's size pursuant to regulation 1.5.6 (A), the employer's size will be calculated after the second quarter of reporting is due by averaging the number of employees reported over the quarters for which reporting exists. Premium calculations based on this determination will begin on this reporting date. This size determination remains in effect through the following calendar year.

B. Determination of employer size for premium collection beginning January 1, 2023.

1. For purposes of premium calculations for calendar year 2023, the Division will determine the size of all employers by reviewing the number of employees reported pursuant to 8-70-113 C.R.S, for the first calendar quarter. Employers that report ten or more employees will be required to pay the employer share of the premium for all calendar quarters in calendar year 2023.

C. Determining in-state status of employees

1. An employee's wages will be subject to premiums for all services performed within Colorado and for all services performed both within and outside of Colorado where:

(a) The employee's entire service is performed within Colorado;

(b) The employee's service is performed both within and outside of Colorado, but the service performed outside the state is incidental to the employee's work within Colorado or, for example is, temporary or transitory in nature and consists of isolated transactions; or

(c) Services are not localized in any state, but some of the services are performed in Colorado, and

(1) The base of operations is in Colorado, or if there is no base of operations, then the place from which such services ~~is~~ are directed or controlled is in Colorado as established in 8-70-117 C.R.S., or

(2) The base of operations or place from which some part of the service is directed or controlled is not in any state in which part of the service is performed, but the employee's residence is in Colorado.

2. Payment to Another Jurisdiction. An employer who has erroneously paid to another jurisdiction an amount as premiums properly payable to Colorado will not be delinquent if premiums properly payable to Colorado are paid within thirty days of the date on which the Division determines that such premiums are payable to Colorado.

1.5.7 Assessments and Recomputations of FAMLI Premiums

A. If, in the judgment of the Division or upon its information and knowledge, the report of wages included in an employer's FAMLI premium report is incomplete or in error, the Division may require, and the employer shall respond within the time allotted, a further report, examine the employer's relevant books and records, or use other reasonable measures to the extent necessary to obtain an accurate report.

B. If a contributing employer is either delinquent in filing a premium report within the time prescribed by the Division or whose records are needed to make a proper determination of an amount of indebtedness or other matter declines to make its records available, the Division may, in its discretion:

1. Use the information and knowledge available to the Division to estimate the amount of chargeable wages paid by a contributing employer during the premium period or periods. The amount of chargeable wages so determined will be deemed to have been paid by the employer and will be used to determine the annual payroll;

2. Assess the employer for FAMLI premiums calculated on the basis of the estimated wages; and

3. Issue a subpoena duces tecum to compel an employer to release books and records to the Division for use in obtaining the required information.

C. A contributing employer who is delinquent in filing reports or paying FAMLI premiums will be promptly notified of the assessment by the communication method the employer elected during FAMLI registration. Premiums will not be considered delinquent if paid within thirty days after the date on which the Division notifies the employer of the delinquent payment.

D. The Division may correct errors of computation whenever such erroneous computations are found or brought to the Division's attention.

1.6 Notification of FAMLI Premium Liability

A. The Division will notify employers and individual persons who have elected coverage of their expected premium on the first business day of the calendar month the premium is due to be paid.

1. Notification may be either electronic or sent by postal mail to the address provided to the Colorado Department of Labor and Employment.

(a) Employers, including self-employed persons may choose a business representative such as a payroll service provider, attorney, or accountant to receive notification on their behalf.

(b) Self-employed persons and local government employees who elect coverage pursuant to § 8-13.3-514, C.R.S., may elect to be notified electronically or by postal mail.

(c) Local governments that have declined participation in the FAMLI program pursuant to 8-13.3-522 C.R.S., but which have agreed to withhold and remit the employee share of premiums for employees who elect coverage under 8-13.3-514, C.R.S., will be provided a quarterly list of employees who have elected coverage pursuant to 8-13.3-514 C.R.S. Local governments which have declined participation in the FAMLI program pursuant to section 8-13.3-522, C.R.S., and have declined to withhold and remit the employee share of premiums for employees who elect coverage under 8-13.3-514 C.R.S., will not receive information from the Division regarding any such employees who have voluntarily elected coverage.

2. A schedule of due dates as well as guidance as to how to remit premiums will be posted by the Division on the FAMLI website and will remain publicly available.

B. Employers not subject to a premium liability due to coverage through a pre-approved substitute private plan under 8-13.3-521, C.R.S., will not receive quarterly notifications of premium liability from the Division.

1. In the event of a loss of coverage or significant change in status, the employer is required to notify the Division within 30 days, and a premium liability will begin to accrue from the first day of the previous calendar quarter.

2. Premium liability will then continue to follow the regular calendar quarter payment schedule, until such time as a new and separate waiver has been approved by the Division.

CCR number

8 CCR 1202-11

Rule title

8 CCR 1202-11 ADMINISTRATION AND ENFORCEMENT OF THE COMMODITY HANDLER AND FARM PRODUCTS ACT, SECTIONS 35-36-101 THROUGH 314, C.R.S. 1 - eff 12/30/2021

Effective date

12/30/2021

DEPARTMENT OF AGRICULTURE

Inspection and Consumer Services Division

ADMINISTRATION AND ENFORCEMENT OF THE COMMODITY HANDLER AND FARM PRODUCTS ACT, SECTIONS 35-36-101 THROUGH 314, C.R.S.

8 CCR 1202-11

Part 2 Definitions and Terms

2.1. “The Act” means the Commodity Handler and Farm Products Act; Title 35, Article 36 of the Colorado Revised Statutes.

2.2. “Cash buyer” means a dealer who signs an affidavit stating that the dealer will make payment for each transaction in cash or with a bank-certified check, a bank cashier's check, an irrevocable electronic funds transfer, or a money order at the time the dealer obtains possession or control of the farm products from the owner.

2.3. “Commissioner” means the Commissioner of the Colorado Department of Agriculture

2.4. “Condition” means the process of increasing the storage life of a commodity and minimizing spoilage and quality loss.

2.5. “Department” means the Colorado Department of Agriculture

2.6. “Commodity Handler” means a person: (I) engaged in buying any commodities from the owner for processing or resale; (II) engaged in receiving and taking possession of any commodities from the owner for storage or safekeeping; (III) engaged in soliciting or negotiating sales of commodities between the vendor and purchaser respectively; (IV) who receives on consignment or solicits from the owner of a commodity any kind of commodity for sale on commission on behalf of the owner, who accepts any commodity in trust from the owner of the commodity for the purpose of resale, or who sells or offers for sale on commission any commodity or in any way handles any commodity for the account of the owner of the commodity; or (V) is engaged in buying any commodity from the owner of the commodity for the commercial feeding of livestock that are owned wholly or in part by another, at an animal feeding operation with a capacity of more than two thousand five hundred head of livestock. Unless otherwise specified, a commodity handler means a public warehouse and public warehouse operator. "Commodity handler" does not include: (I) A bona fide retail grocery merchant or restaurateur having a fixed or established place of business in Colorado if the use of commodities by the person is directly related to the operation of the person's retail grocery or restaurant; or(II) A producer as defined in the "Colorado Cottage Foods Act", section 25-4-1614 (9)(c), who earns net revenues of ten thousand dollars or less per calendar year from the sale of each eligible food product.

2.7. “Dealer” means a person: (I) engaged in buying any farm products from the owner for processing or resale; (II) engaged in receiving and taking possession of any farm products from the owner for storage or safekeeping; (III) engaged in soliciting or negotiating sales of farm products between the vendor and purchaser respectively; (IV) who receives on consignment or solicits from the owner of a farm product any kind of farm product for sale on commission on behalf of the owner, who accepts any farm product in trust from the owner of the farm product for the purpose of resale, or who sells or offers for sale on commission any farm product or in any way handles any farm product for the account of, or as an agent of, the owner of the farm product; or (V) is engaged in buying any farm products or commodities from the owner of the farm products or commodities for the commercial feeding of livestock that are owned wholly or in part by another,

at an animal feeding operation with a capacity of more than two thousand five hundred head of livestock. "Dealer" does not include:(I) A bona fide retail grocery merchant or restaurateur having a fixed or established place of business in Colorado if the use of farm products by the person is directly related to the operation of the person's retail grocery or restaurant; or (II) A producer as defined in the "Colorado Cottage Foods Act", section 25-4-1614 (9)(c), who earns net revenues of ten thousand dollars or less per calendar year from the sale of each eligible food product.

2.8. “Financial statement” means a statement prepared according to generally accepted accounting principles (GAAP) that accurately presents the financial condition of the applicant or licensee and that includes, at a minimum, a balance sheet and statement of income.

2.9. “Financial assurance” means the mechanisms used by a licensee to demonstrate that the funds necessary to meet the cost of closure, post closure maintenance and monitoring, and corrective action will be available whenever they are needed.

2.10. “Licensee” unless specifically clarified with the rule, means a commodity handler or farm products dealer, including public warehouse operator, small-volume dealer, or cash buyer that must be licensed.

2.11. “Public warehouse” - means an elevator, mill, warehouse, or other structure in which commodities are received from one or more members of the public for storage.

2.12. “Small-volume commodity handler” means a person who has a fixed or established place of business in Colorado; engages in commodities handling; buys less than $250,000 worth of commodities and farm products per year from owners for processing or resale and does not purchase commodities for commercial feeding of livestock.

2.13. “Small-volume dealer” means a person who does not qualify as a "dealer" under section 35-36-102, (12)(a)(II) to 12(a)(V), C.R.S.; has a fixed or established place of business in Colorado; buys less than twenty thousand dollars worth of farm products or commodities, in aggregate, per year from the owners for processing or resale; and does not purchase farm products for commercial feeding of livestock.

2.14. “Spoilage” means grain with quality deterioration due to moisture migrations, mold, insect damage, heat damage, or other factors.

2.15. “Quality and quantity” means the legal, operational, managerial, and financial liability of the warehouse operator for any grain obligation(s), including company-owned grain, handled or stored by the warehouse operator.

Part 13 Statements of Basis, Specific Statutory Authority and Purpose

E. Adopted November 10, 2021 – Effective December 30, 2021

STATUTORY AUTHORITY

The Commissioner’s statutory authority for the adoption of this permanent rule amendment is set forth in section 35-36-103(1), C.R.S.

PURPOSE

The purpose of this rule making is to clarify the definitions of the terms Commodity Handler and Dealer to properly align with 35-36-102, C.R.S.

FACTUAL AND POLICY BASIS

This rulemaking clarifies the definitions of the terms Commodity Handler and Dealer so they are the same as the definitions in section 35-36-102(8) and (12), C.R.S. respectively. The updated definition section provides clarity and uniformity throughout statute and rule.

Rule title

8 CCR 1203-23 RULES PERTAINING TO THE ADMINISTRATION AND ENFORCEMENT OF THE INDUSTRIAL HEMP REGULATORY PROGRAM ACT 1 - eff 12/31/2021

Effective date

12/31/2021

DEPARTMENT OF AGRICULTURE

Plant Industry Division

RULES PERTAINING TO THE ADMINISTRATION AND ENFORCEMENT OF THE INDUSTRIAL HEMP REGULATORY PROGRAM ACT

8 CCR 1203-23

Pursuant to the provisions and requirements of the Industrial Hemp Regulatory Program Act, Title 35, Article 61, C.R.S., the following Rules are hereby promulgated to regulate the cultivation of Hemp:

Part 1 DEFINITIONS

1.1 "Act" means the Industrial Hemp Regulatory Program Act, Title 35, Article 61, C.R.S.

1.2 Approved Laboratories" means a laboratory certified by the Colorado Department of Public Health and Environment (CDPHE) that meets all standards of performance, personnel qualifications, operating procedures, analytical processes, proficiency testing, quality assurance, ISO accreditation and any other standard required by the Commissioner to meet State and Federal requirements for testing hemp.

1.3 "Biomass" means the material created once all flowers, buds, trichomes, leaves, stalks, seed, and plant parts from a lot are chopped or shredded in such a way as to create a homogenous, uniform blend of the lot from which the material originated.

1.4 "Certified Clones" are asexually propagated progeny identical to the stock plant and certified by the Association of Official Seed Certifying Agencies (AOSCA).

1.5 "Commercial" means the growth of Hemp, for any purpose including engaging in commerce, market development and market research, by any person or legal entity other than an institution of higher education under the pilot program administered by the Department for purposes of agricultural or academic research in the development of growing Hemp.

1.6 "Commissioner" means the Commissioner of Agriculture.

1.7 "Corrective Action Plan" means a plan proposed by a licensed hemp producer and approved by the Department to correct a negligent violation.

1.8 "Culpable mental state greater than negligence" means to act intentionally, knowingly, willfully, or recklessly.

1.9 "Department" means the Colorado Department of Agriculture.

1.10 "Harvest" means the termination of the cultivation process, the movement of Hemp from a Registered Land Area to another location, or the movement of Hemp within a Registered Land Area between indoor and outdoor planting areas. Harvest does not include removal of plants as a result of poor plant health, pests, disease, or weather events, nor does it include removal of male or hermaphrodite plants as part of a cross-pollination prevention plan.

1.11 "Hemp" means a plant of the genus Cannabis Sativa L. and any part of the plant, including the seeds of the plant and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, containing a total delta-9 tetrahydrocannabinol (THC) concentration of no more than three-tenths of one percent on a dry-weight basis.

1.12 “Hemp Greens” are the hemp leaves from immature plants that have been germinated from seed with the plants being no more than ten (10) inches tall, and not flowering at the time of removal of the leaves from the plant.

1.13 “Hemp Microgreens” means immature hemp seedlings for human consumption that are cut-off above the soil or substrate line, harvested prior to flowering and harvested not more than 14 days after germination. Hemp microgreens are typically between two (2) and three (3) inches in height, but not taller than five (5) inches.

1.14 “Hemp Mother Plants” are immature hemp plants with a THC concentration of 0.3% or less that are used for cloning purposes.

1.15 “Hemp Transplants” are hemp seedlings, rooted cuttings, immature plants produced from tissue culture, or other means of reproduction, that are harvested but transplanted into a larger container or field to mature for harvest.

1.16 “Immature Plant” means a hemp plant that is not flowering.

1.17 “Industrial use” means non-consumable use of hemp.

1.18 “Law Enforcement” means the activities of the federal, state and local law enforcement agencies responsible for maintaining public order and enforcing the law.

1.19 “Lot” means a contiguous area in a field, greenhouse, or indoor growing structure containing the same variety or strain of hemp throughout the area.

1.20 “Negligence” means the failure to exercise the level of care that a reasonably prudent person would exercise in complying with the regulations set forth in the Industrial Hemp Regulatory Program Act, section 35-61-101, et seq., or the rules adopted pursuant thereto.

1.21 “Non-compliant hemp” means hemp that test results of which return with a Total THC level above the acceptable Total THC level.

1.22 “Performance-based sampling” means an alternative method and frequency of testing that will ensure, at a confidence level of 95 percent that the hemp plants tested with the alternative method will not test above the acceptable Hemp THC level.

1.23 “Planting” means the starting of the cultivation process including by planting seed, sticking cuttings, tissue culture, the transfer of plants moved into a Registered Land Area except for replanting into a larger container within the same Registered Land Area, and the emergence of volunteer plants that the Registrant intends to cultivate and not destroy.

1.24 “Registrant” means any individual or legal entity who holds a valid Registration to cultivate Hemp under these Rules and the Industrial Hemp Regulatory Program Act.

1.25 “Registration” means authorization by the Commissioner for any individual or legal entity to grow Hemp on a Registered Land Area.

1.26 “Registered Land Area” means a contiguous land area registered with the Department on which a Registrant plans to cultivate Hemp. A Registered Land Area may include land and buildings that are not used for cultivation.

1.27 “Remediation” means the process of rendering non-compliant hemp compliant. Remediation can occur by removing and destroying flower material, while retaining stalk, stems, leaf material, and seeds. Remediation can also occur by shredding the entire plant into a biomass-like material.

1.28 “Research and Development (‘R&D’)” means cultivation of Hemp by an institution of higher education or other entity approved by the Department for purposes of agricultural or academic research in the development of growing Hemp.

1.29 “Variety” means a group of plants or an individual plant that exhibits distinctive observable physical characteristic(s) or has a distinct genetic composition.

1.30 “Volunteer plant” means a hemp plant that grows without any intentional cultivation or planting of hemp on the land where the volunteer plant emerges.

Part 2 REGISTRATION

2.1 Each applicant for a Commercial Hemp Registration must submit a signed, complete, accurate and legible application form provided by the Commissioner and receive, notification of registration from the Department prior to planting, which application will include, in part, the following information:

2.1.1 The name and address of the applicant and a list of all key participants, including the full name, title, and email addresses for each key participant.

2.1.2 Type of entity, such as corporation, LLC, partnership, or sole proprietor including the entity’s employee identification number, the principal business location address, telephone number, and e-mail address (if available).

2.1.3 The Secretary of State ID Number under which a corporate entity is doing business.

2.1.4 The legal description (Section, Township, Range) in which the growing area is located.

2.1.5 The global positioning system location coordinates taken at the approximate center of the Registered Land Area.

2.1.6 A map of the land area on which the applicant plans to cultivate Hemp, showing the boundaries and dimensions of the land area(s) whether in acres or square feet or both as appropriate.

2.1.7 Statement of any known intended use and varieties.

2.1.8 By submitting an application the Registrant acknowledges and agrees to the following terms and conditions:

2.1.8.1 The Registrant shall allow and fully cooperate with any inspection and sampling conducted by the Department.

2.1.8.2 The Registrant shall pay for any inspection and laboratory analysis costs that the Department deems necessary within 30 days of the date of the invoice.

2.1.8.3 The Registrant shall submit all required reports when due.

2.1.9 A Registrant must have the legal right to cultivate Hemp on the Registered Land Area and the legal authority to grant the Department and any authorized sampler access for inspection and sampling.

2.2 Each applicant for an R&D Hemp Registration shall submit a signed, complete, accurate and legible application form provided by the Commissioner prior to planting which includes the following information:

2.2.1 The name and address of the applicant.

2.2.2 Type of organization.

2.2.3 Organization name(s) if different from (2.2.1) above.

2.2.4 The legal description (Section, Township, Range) in which the growing area is located.

2.2.5 The global positioning system location coordinates taken at the approximate center of the Registered Land Area.

2.2.6 A map of the land area on which the applicant plans to cultivate Industrial Hemp, showing the boundaries and dimensions of the land area whether in acres or square feet or both as appropriate.

2.2.7 The Registrant's URL to the website where it will share with the public or publish its research.

2.2.8 The scope and standard operating procedures for production of hemp in the research project, including a narrative of the planned research project.

2.2.9 The disposal plan for all hemp produced.

2.2.10 By submitting an application the Registrant acknowledges and agrees to the following terms and conditions:

2.2.10.1 The Registrant shall allow and fully cooperate with any inspection and sampling conducted by the Department.

2.2.10.2 The Registrant shall pay for any inspection and laboratory analysis costs conducted by the Department within 30 days of the date of the invoice including any costs assessed by any authorized sampler and the costs assessed by any laboratory for sampling the THC content of any sample taken.

2.2.10.3 The Registrant shall submit all required reports when due.

2.3 No person may cultivate any hemp in a proposed registered land area until the Commissioner has approved and issued a registration.

2.4 Registrations are non-transferable.

2.5 No Hemp plant may be included in more than one Registration simultaneously.

2.6 Except for R&D registrations, no Registered Land Area may contain non-compliant hemp plants or parts thereof that the Registrant knows or has reason to know are of a variety that will produce a plant that when tested will produce more than 0.3% total THC concentration on a dry weight basis. No Registrant may use any such variety for any purpose associated with the cultivation of Hemp.

2.7 Each noncontiguous land area on which Hemp is grown must have a unique Registration. Any addition to a Registered Land Area must also have a separate Registration.

2.8 In addition to the application form, each applicant for a Registration must submit the Registration fee set by the Commissioner. If the Registration fee does not accompany the application, the application for Registration will be deemed incomplete.

2.9 The annual Registration fee for Commercial production of Hemp is $500 plus $5.00/acre outdoors or $3.00/1000 sq. ft. indoors.

2.10 The annual Registration fee for R&D production of Hemp is $500 plus $5.00/acre outdoors or $3.00/1000 sq. ft. indoors. Application fees for R&D registrations may be waived for institutions of higher education.

2.11 All Registrations shall be valid for one year from date of issuance.

2.12 All Hemp plant material must be planted, grown and harvested under a valid Registration. Any plant material that is not harvested in the Registration period in which it was planted and any volunteer plants that are not destroyed must be declared for inclusion in a subsequent Registration.

2.13 Any Registrant that wishes to alter the growing area(s) on which the Registrant will conduct Hemp cultivation for either Commercial or R&D purposes shall, before altering the area, submit to the Department an updated legal description, global positioning system location, and map specifying the proposed alterations. Amendments to an existing Registration are limited to changes within the original land area registered, including variety changes, location(s) of varieties, and actual acreage or square feet of each variety planted.

2.14 Incomplete applications will not be processed, and application fees will not be refunded if a Registration is not granted.

2.15 Any changes to contact information must be provided within 10 days of the change.

2.16 No Land area may be included in more than one Registration at the same time.

2.17 Plants grown for R&D cannot be moved into another registration.

Part 3 REPORTS AND RECORDS REQUIREMENTS

3.1 Within 10 days after planting any hemp and within 10 days after emergence of any volunteer hemp plants in a Registered Land Area that the Registrant chooses to cultivate and not destroy, each Commercial Registrant shall submit, on a form provided by the Commissioner, a Planting Report that includes:

3.1.1 A list or description of all varieties and intended use of hemp planted, or of volunteer hemp plants that have emerged and are not destroyed.

3.1.2 The global positioning system coordinates and a map showing the location and actual acreage or square feet of each variety of hemp planted, or of volunteer hemp plants that have emerged and are not destroyed.

3.1.3 A Planting Report must be submitted any time hemp is planted in, or moved into a Registered Land Area, except that replanting into a larger container within the same Registered Land Area does not necessitate a planting report.

3.2 At least 30 days prior to harvest, each Commercial Hemp Registrant shall submit a Harvest Report, on a form provided by the Commissioner that includes:

3.2.1 The harvest date(s) and location of each variety of Hemp cultivated within a Registered Land Area.

3.2.2 A Registrant must notify the Commissioner immediately of any changes in the reported harvest date(s) in excess of 5 days by submitting an Amended Harvest Report to the Department. If any such changes are made the Commissioner may require additional testing prior to harvest.

3.2.3 A Registrant who disposes of plants as a result of poor plant health, pests, disease, or weather events, along with removal of male or hermaphrodite plants as part of a cross-pollination prevention plan is not required to document the removal of those hemp plants on a Harvest Report prior to such removal.

3.3 Within 10 days after planting any hemp, and within 10 days after emergence of any volunteer hemp plants in a Registered Land Area that the Registrant chooses to cultivate and not destroy, each R&D Registrant shall submit, on a form provided by the Commissioner, a Planting Report that includes:

3.3.1 A list or description of all varieties of hemp planted, or of volunteer hemp plants that have emerged and are not destroyed within a Registered Land Area.

3.3.2 The global positioning system coordinates and a map showing the location and actual acreage or square feet of each variety of any hemp planted, or of volunteer hemp plants that have emerged and are not destroyed, within a Registered Land Area.

3.3.3 A Planting Report must be submitted any time hemp is planted in, moved into or moved within a Registered Land Area, except for replanting into a container of the same size within the same indoor location.

3.4 At least 30 days prior to harvest, each R&D Hemp Registrant shall submit a Harvest Report, on a form provided by the Commissioner that includes:

3.4.1 The harvest date(s) and location of each variety cultivated within a Registered Land Area.

3.4.2 A Registrant must notify the Commissioner immediately of any changes in the reported harvest date(s) in excess of 5 days by submitting an Amended Harvest Report to the Commissioner. If any such changes are made the Commissioner may require additional testing prior to harvest.

3.4.3. A Registrant who disposes of plants as a result of poor health, pests, disease, or weather events, along with removal of make or hermaphrodite plants as part of a cross-pollination prevention plan is not required to document the removal of those hemp plants on a Harvest Report prior to such removal.

3.5 Each Commercial and R&D Registrant shall report to the Commissioner any changes to information provided in the Registration or any previously submitted reports, including any changes to the intended disposition, within 10 days of such change.

3.6 Registrants shall maintain records of all hemp plants acquired, grown, produced, handled or disposed of, including THC test results, of all hemp lots grown within all Registered Land Area(s).

3.7 All Registrants shall report hemp crop acreage to the Farm Services Agency of the United States Department of Agriculture (“FSA”) as set forth at USDA Crop Acreage Reporting (incorporated by reference herein, effective July 1, 2019). Material incorporated by reference does not include any later amendments or editions of the incorporated material. Copies of material incorporated by reference are available for public inspection during regular business hours and may be obtained at a reasonable charge or examined by contacting the Plants Division, Colorado Department of Agriculture, 305 Interlocken Parkway, Broomfield, CO 80021. Further, the incorporated material

may be examined at no cost on the Internet at: https://www.fsa.usda.gov/Assets/USDA-FSA-Public/usdafiles/FactSheets/2019/crop-acreage-reporting-19.pdf.

3.7.1 If the Registrant wishes to alter the land area on which the Registrant will conduct hemp cultivation or R&D growth operations, before altering the area, the Registrant shall submit the Department and the FSA an updated legal description, global positioning system location, and map specifying the proposed alterations.

3.8 Registrants shall retain such records and reports for three (3) years.

3.9 All records pertaining to Part 3.6 shall be made available for inspection by the Department and USDA inspectors, auditors, or their representative during reasonable business hours.

Part 4 INSPECTION AND SAMPLING PROGRAM

4.1 All Registrations are subject to routine inspection and sampling to verify that the total THC concentration of the hemp planted within a Registered Land Area does not exceed the acceptable Hemp THC level.

4.2 Except as set forth below in regard to performance-based sampling, all lots grown on a Registered Land Area must be sampled by the Department or an Authorized Sampler. Prior to the anticipated harvest, a Registrant must coordinate sampling of its hemp lots by contacting either an Authorized Sampler or the Department.

4.3 Samples from hemp plants must be collected within thirty (30) days prior to the anticipated harvest.

4.4 The Commissioner shall also conduct additional inspections and sampling to verify compliance with the reporting requirements of these Rules. A subset of Registrants will be randomly selected each year for records audit, inspection of premises, and sampling to ensure compliance of these rules.

4.5 A Registered Land Area may be subject to inspection and sampling prior to voluntary termination of the Registration or before its expiration date.

4.6 During any inspection or sampling, the Registrant or authorized representative shall be present at the growing operation, if possible. The Registrant or authorized representative shall provide the Department's Inspector with complete and unrestricted access to all hemp plants, parts and seeds within a Registered Land Area whether growing or harvested, and all land, buildings and other structures used for the cultivation and storage of Hemp.

4.7 All hemp lots within a Registered Land Area must be sampled to ensure compliance with the Hemp Program.

4.7.1 Individual samples of each variety or lot of hemp must be sampled from the Registered Land Area.

4.7.2 The sampled material will be prepared for testing using protocols approved by the CDPHE Hemp Testing Laboratory Certification 5 CCR 1005-5 (incorporated by reference herein, effective April 14, 2021). Material incorporated by reference does not include any later amendments or editions of the incorporated material. Copies of material incorporated by reference are available for public inspection during regular business hours and may be obtained at a reasonable charge or examined by contacting the Plants Division, Colorado Department of Agriculture, 305 Interlocken Parkway, Broomfield, CO 80021. Further, the incorporated material may be examined at no cost on the Internet at:

https://www.coloradosos.gov/CCR/GenerateRulePdf.do?ruleVersionId=9408&fileName=5%20CCR%201005-5

4.7.3 Quantitative laboratory determination of the total THC concentration on a dry weight basis will be performed according to CDPHE's standard operating procedures as set forth at 5 CCR 1005-5 (incorporated by reference herein, effective April 14, 2021). Material incorporated by reference does not include any later amendments or editions of the incorporated material. Copies of material incorporated by reference are available for public inspection during regular business hours and may be obtained at a reasonable charge or examined by contacting the Plants Division, Colorado Department of Agriculture, 305 Interlocken Parkway, Broomfield, CO 80021. Further, the incorporated material may be examined at no cost on the Internet at: https://www.coloradosos.gov/CCR/GenerateRulePdf.do?ruleVersionId=9408&fileName=5%20CCR%201005-5..

4.7.4 A sample test result of a representative sample with a total THC concentration on a dry weight basis greater than the acceptable Hemp THC level shall be conclusive evidence that the lot represented by the sample is not in compliance with this Rule. At least one non-compliant hemp plant or part of a plant in the Registered Land Area contains a total THC concentration on a dry weight basis of more than 0.3% and that the Registrant of that Registered Land Area is therefore not in compliance with the Act.

4.7.5 Upon receipt of such a test result, the Commissioner may, among other disciplinary options, summarily suspend or revoke the Registration of a Hemp Registrant in accordance with the Act, these Rules, and section 24-4-104, C.R.S.

4.7.6 A Registrant shall not harvest the hemp prior to sample collection.

4.7.7 Harvested plant material may not leave the Registered Land Area prior to receiving sample results except when plant material is moved to storage outside of the Registered Land Area to prevent crop loss under the following conditions:

4.7.7.1 A registrant must maintain control and ownership of hemp stored outside of the Registered Land Area until receiving sample results.

4.7.7.2 A registrant must report to the Department the location of hemp stored outside of the Registered Land Area.

4.7.8 Individual samples of Hemp lots shall not be commingled with other lots during sampling or laboratory analysis.

4.7.9 Plants grown only for R&D cannot be moved to a commercial registration or enter into the stream of commerce.

4.7.10 Any Registrant with a lot that tests above the acceptable hemp THC level, but below 1.0 percent THC on a dry weight basis may choose to dispose of or remediate each such lot. If a Registrant chooses to remediate, the Registrant may do so in one of the two following ways:

4.7.10.1 Separating and destroying flowers of plants found in non-complying lots within the RLA, while retaining stalks, leaves, and seeds; or

4.7.10.2 Blending the entire hemp lot to create a biomass.

4.7.11 If a Registrant elects to remediate any lot that is tested above the acceptable Hemp THC level, the Registrant must first request permission from the Department by submitting a Remediation and Disposal form to the Department to notify the Department of the Registrant's chosen method of remediation, including the date by which the remediation will be complete. Upon approval from the Department, the Registrant may so remediate.

4.7.12 Any such request must be made within 10 days of the Registrant's receiving the Remediation and Disposal form from the Department.

4.7.13 The Department will conduct remediation sampling or verification of any separation and destruction within 10 days of the remediation date reported to the Department pursuant to rule 4.7.9.

4.7.13.1 Non-compliant hemp lots may be remediated by separating and destroying the flowers from the plants in the non-compliant lots, while retaining stalks, leaves, and seeds or by shredding the entire hemp plant to create a biomass.

4.7.13.2 Registrants must return a completed Remediation and Disposal form to the Department within ten (10) days of receiving the Remediation and Disposal form indicating the date of disposal or remediation.

4.7.14 No person may remediate any lot sample results that indicate a total THC content of 1.0 percent or greater.

4.7.15 Any lot that is tested with a total THC content of 1.0 percent of greater must be disposed of as follows:

4.7.15.1 By using DEA registered reverse distributor or law enforcement; or

4.7.15.2 On site at the farm or hemp production facility.

4.7.15.3 Disposal on site at the farm must occur as set forth by the Agriculture Marketing Services of USDA Hemp Remediation and Disposal Guidelines (incorporated by reference herein, effective January 15, 2021). Material incorporated by reference does not include any later amendments or editions of the incorporated material. Copies of material incorporated by reference are available for public inspection during regular business hours and may be obtained at a reasonable charge or examined by contacting the Plants Division, Colorado Department of Agriculture, 305 Interlocken Parkway, Broomfield, CO 80021. Further, the incorporated material may be examined at no cost on the Internet at: https://www.ams.usda.gov/sites/default/files/media/HempRemediationandDisposalGuidelines.pdf.

4.8 A Registrant who produces Certified Seed or Certified Clones, is registered with an R&D registration, has produced hemp at or below the acceptable hemp THC level for the previous three years, who produces hemp microgreens, hemp greens, hemp transplants, and immature plants, or who produces hemp for grain or other industrial purposes may petition the Department for inclusion in the Department's performance-based sampling program on a form provided by the Department, including as follows:

4.8.1 Certified Seed or Certified Clones:

4.8.1.1 Provide the Department with evidence of AOSCA certified seed or plant material label(s) in the form of the certified seed tag, including the total area (square feet or acres) planted.

4.8.1.2 Provide the Department with evidence of having planted AOSCA Certified Seed or AOSCA Certified Clones that have tested at or below the acceptable Hemp THC level for the previous three (3) years, including evidence that the Registrant will continue to use the same variety.

4.8.1.3 Registrants producing Certified Seed or Certified Clones are subject to random sampling.

4.8.2 Research and Development Registrants:

4.8.2.1 When hemp does not enter the stream of commerce, a Registrant may self-report all total THC concentration test results so long as the Registrant permits the Department to inspect or audit the above documentation set forth in Parts 2.2.7 through 2.2.9.

4.8.2.2 Research institutions are exempt from pre-harvest sampling of hemp crops when they comply with 4.8.2.1 listed above.

4.8.3 A Registrant who has produced indoor or outdoor hemp to maturity from the same variety or strain for the previous three, consecutive years that, when tested by the Department or an authorized sampling agent, with results at or below the acceptable hemp THC level.

4.8.4 A Registrant who is producing hemp microgreens, hemp greens, hemp transplants, and immature plants is exempt by placing an averment on the application that:

4.8.4.1 Hemp transplants will be transferred only to the location at which these plants will grow to maturity and from which these plants will be harvested; and

4.8.4.2 Mother plants may be exempt from sampling after testing within the allowable hemp THC level. Otherwise, different strains of mother plants that are harvested or leave the Registered Land Area must be sampled.

4.8.5 Production for grain or other industrial uses may be exempt from testing of each lot but will be randomly sampled.

4.9 Fees and Costs

4.9.1 For all sampling conducted by the Department pursuant to these Rules, the Department will charge the Registrant $125 per inspection plus all laboratory costs associated with the inspection.

4.9.2 Registrants selected for inspection and sampling shall reimburse the Department for both the fees and costs incurred by the Department within 30 days of the date of invoice.

4.9.3 Registrant is responsible for paying all fees to approved samplers and third party labs.

4.9.4 The Registrant shall pay for any inspection and laboratory analysis costs, including the costs associated by any authorized sampler and the costs assessed by any laboratory for sampling the THC content of any sample taken.

4.10 Authorized Samplers

4.10.1 Any individual acting as an authorized sampler must possess a valid sampler registration and certification issued by the Commissioner.

4.10.1.1 Each authorized sampler shall complete and file with the Commissioner an application on a form furnished by the Commissioner which contains at a minimum the following: name, address, telephone number and any other information required on the form.

4.10.1.2 Each applicant for an authorized sampler certification shall take a yearly Department-approved sampler training course and pass an examination administered by the Department.

4.10.1.3 The Commissioner, or Commissioner's designee shall administer a general training class on the authorized sampling and handling techniques according to protocols approved by the Commissioner.

4.10.2 The Commissioner may cancel an authorized sampler's registration and certification or refuse to register or certify any person who has engaged in any of the following activities:

4.10.2.1 Consistent disregard for established and approved methods of sampling determined by the Department.

4.10.2.2 Failing or refusing to disclose a conflict of interest.

4.10.2.3 Tampering with samples to influence test results.

4.10.2.4 Purposeful commingling of sampled lots.

Part 5 VIOLATIONS/DISCIPLINARY SANCTIONS/CIVIL PENALTIES

5.1 In addition to any other violations of Title 35, Article 61, C.R.S., or these Rules, the following acts and omissions by any applicant or Registrant or authorized representative thereof shall constitute violations for which civil penalties up to $2,500 per violation and disciplinary sanctions, including denial of an application or summary suspension or revocation of a Registration, may be imposed by the Commissioner in accordance with §§ 35-61-107 and 24-4-104, C.R.S.:

5.1.1 Refusal or failure by an applicant, Registrant or authorized representative to fully cooperate and assist the Department with all aspects of the administration and enforcement of the Act and these Rules, including the application, registration, reporting, inspection and sampling processes.

5.1.2 Failure to provide any information required or requested by the Commissioner for purposes of the Act or these Rules.

5.1.3 Providing false, misleading, or incorrect information pertaining to the Registrant's cultivation of Hemp to the Commissioner by any means, including but not limited to information provided in any application form, report, record or inspection required or maintained for purposes of the Act or these Rules.

5.1.4 Failure to submit any required report in accordance with Part 3.

5.1.5 Growing hemp that when tested is shown to have a total THC concentration greater than 0.3 percent on a dry weight basis.

5.1.6 Failure to pay fees assessed by the Commissioner for inspection or laboratory analysis costs.

5.1.7 Negligent violations include, but are not limited to:

5.1.7.1 Failure to provide a legal description of the land on which the producer produces Hemp.

5.1.7.2 Failure to obtain a Registration or other required authorization from the Commissioner.

5.1.7.3 Production of hemp with a total THC concentration exceeding the allowable limit, except that a producer who has made reasonable efforts to grow Hemp and whose non-compliant hemp does not have a total THC of more than 1.0 percent on a dry weight basis will not have committed a negligent violation.

5.1.8 Corrective actions for negligent violations include but are not limited to:

5.1.8.1 A date, set by the Commissioner, by which the producer shall correct the negligent violation.

5.1.8.2 Periodic reporting to the Commissioner, on a form provided by the Commissioner, on the Registrant's compliance with the Act and Rules for a period not less than two years from the date of the negligent violation.

5.1.8.3 The Commissioner will conduct inspections to determine whether the Registrant has implemented the corrective action plan as submitted.

5.1.9 A producer that negligently violates the provision of these rules three times in a five-year period shall be ineligible to produce hemp for five years beginning on the date of the third violation.

5.1.10 Culpable Violations

5.1.10.1 Any person that materially falsifies any information contained in an application to cultivate hemp in Colorado shall be ineligible to receive a registration to cultivate hemp in Colorado.

5.1.10.2 If the Department determines that the producer has violated the plan with a culpable mental state greater than negligence, the Department will report the producer to the U.S and Colorado Attorneys General.

5.2 Felony Convictions

5.2.1 A person with state or federal felony conviction relating to a controlled substance is not eligible to receive a registration to cultivate hemp, and my not produce hemp, in Colorado for a period of ten (10) years from the date of the conviction.

5.2.2 A person who was lawfully growing hemp pursuant to a registration issued by the Department prior to December 20, 2018, and whose conviction for a state or federal felony relating to a controlled substance also occurred before that date shall not be denied a registration to cultivate hemp as set forth in Rule 5.2.1.

5.2.3 The Department's determination regarding any such denial shall be based upon the results of the criminal background check of key participants as set forth in section 35-61-104(1)(c), C.R.S.

Part 7 RESERVED

Part 8 APPROVED LABORATORIES

8.1 The Department will maintain a list of approved Hemp testing laboratories that are certified by the Colorado Department of Public Health and Environment.

8.2 Authorized samplers must submit Hemp samples for official analysis only to those approved Hemp testing laboratories identified by the Department, as set forth in Rule 8.1.

Part 9 STATEMENTS OF BASIS, SPECIFIC STATUTORY AUTHORITY AND PURPOSE

9.1 Adopted November 12, 2013 – Effective December 30, 2013

Statutory Authority

These rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), §§ 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

The purposes of these proposed rules are to:

1. Adopt a Part 1 setting forth definitions of specific terms used in these Rules.

2. Adopt Rules in Part 2 establishing a process for registering growers of industrial hemp and setting forth the information and fees required.

3. Adopt Rules in Part 3 establishing the information reporting requirements with which registrants must comply.

4. Adopt Rules in Part 4 establishing an inspection program to ensure compliance with the provisions of the Act and these Rules.

5. Adopt Rules in Part 5 creating conditional penalty waiver provisions for registrants whose industrial hemp crop THC content tests between 0.3% and 1.0% by dry weight.

6. Adopt Rules in Part 6 specifying violations of these Rules for which penalties may be imposed.

Factual and Policy Basis

The factual and policy issues encountered when developing these rules include:

1. Senate Bill 13-241 authorized the creation of a program within the Department of Agriculture to regulate industrial hemp cultivation.

2. The bill created a nine-member advisory committee to work with the Department to develop rules establishing an Industrial Hemp Regulatory Program. This committee was appointed by Senator Gail Schwartz and Representative Randy Fischer.

3. The committee held three public meetings to determine what rules were necessary to implement this program and draft the appropriate language. The committee will continue to work with the Department to refine and update these Rules over the coming years, as well as review the testing protocols that Department staff is currently developing.

9.2 Adopted June 11, 2014 – Effective June 11, 2014

Statutory Authority

These emergency rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), Sections 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

The purposes of these proposed rules are to:

1. Adopt a registration time period of 30 days prior to planting with the elimination of the May 1 registration deadline.

2. Allow the Department to collect crop intended harvest date and disposition information 30 days prior to harvest, rather than 7 days prior to harvest.

Factual and Policy Basis

The factual and policy issues encountered when developing these rules include:

1. Senate Bill 14-184 eliminated the May 1 deadline for program registration. The Department needs 30 days to process hemp applications.

2. The Department needs 3 -4 weeks to plan sampling.

9.3 Adopted August 5, 2014 – Effective September 30, 2014

Statutory Authority

These rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), Sections 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

The purposes of these proposed rules are to make permanent emergency rules effective June 11, 2014. Specifically, these amendments:

1. Adopt a registration time period of 30 days prior to planting with the elimination of the May 1 registration deadline.

2. Allow the Department to collect crop intended harvest date and disposition information 30 days prior to harvest, rather than 7 days prior to harvest.

Factual and Policy Basis

The factual and policy issues encountered when developing these rules include:

1. Senate Bill 14-184 eliminated the May 1 deadline for program registration. The Department needs 30 days to process hemp applications.

2. The Department needs 3 -4 weeks to plan sampling.

9.4 Adopted February 11, 2015 – Effective March 30, 2015

Statutory Authority

These Rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), Sections 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

The purposes of these proposed Rules are to:

1. Amend the definition of “Commercial” in Rule 1.2. to establish clear separation between the activities permitted under a Commercial registration and a Research and Development registration.

2. Amend the definition of “Law Enforcement” in Rule 1.7.

3. Adopt a new Rule 1.8 to define “Registrant.”

4. Adopt a new Rule 1.9 to define “Registration.”

5. Adopt a new Rule 1.10 to define “Registered Land Area” and delete the definition of “Growing Area.”

6. Amend the definition of “Research and Development” in Rule 1.11 to follow the 2014 Farm Bill language.

7. Adopt a new Rule 1.12 to define “Variety.”

8. Amend language referencing site and growing area(s) used throughout the Rules to reflect the above definition changes.

9. Amend language referencing sampling and analysis costs and add terms of payment used in Rules 2.1.7.3 and 2.2.7.3.

10. Separate language from Rule 2.2.5 and create Rule 2.2.6 for Rule language consistency between Commercial and Research & Development Rules format.

11. Create a new Rule 2.3 barring the transfer of ownership of a registration.

12. Create a new Rule 2.4 language barring registration of one plant under two registrations.

13. Create a new Rule 2.5 barring any cannabis plants other than Industrial Hemp on a registered land area.

14. Create a new Rule 2.6 to define what can be included in a single registration.

15. Amend registration fees in Rules 2.8 and 2.9 to cover the cost of administering the program.

16. Adopt a new Rule 2.11 to require harvest of all plants within a registration period. Allow for material that is planted under one registration to be included in subsequent registrations through declaration during registration.

17. Adopt a new Rule 2.13 limiting amendments to a registration.

18. Adopt a new Rule 2.13 regarding processing of applications.

19. Adopt a new Rule 2.14 requiring registrants to maintain current contact information with the Department.

20. Amend Rules 3.1.2 and 3.4.1 to require reporting of all plant material used in an Industrial Hemp registered land area.

21. Adopt new Rules 3.1.3 and 3.4.2 requiring registrants to report the intended use of all parts of the Industrial Hemp crop included in a registered land area.

22. Adopt new Rules 3.2 and 3.5 requiring reporting of the varieties and location of all Industrial Hemp planted in a registered land area.

23. Adopt a new Rule 3.5.3 requiring research and development registrants to verify that all the Industrial Hemp to be cultivated is reasonably believed to produce a crop with a THC of 0.3% or less on a dry weight basis.

24. Amend Rules 3.3.2 and 3.6.2 to require reporting of specific crop location information at least 30 days prior to harvest.

25. Adopt a new Rule 3.7 to require reporting of any changes in information previously submitted to the Department within 10 days.

26. Amend Rule 4.1 to allow sampling of all cannabis plants on a registered Industrial Hemp land area, allow sampling of up to 100% of the registrants, allow the Department to notify the registrant of inspection by methods other than certified mail, require registrants to contact the Department within 10 days of inspection notification and explain the consequence for failing to do so.

27. Amend Rule 4.2 to allow access to all cannabis material associated with a registration.

28. Amend Rules 4.3 and 4.3.1 to allow individual or composite sampling of all cannabis plants on a registered Industrial Hemp land area.

29. Amend Rule 4.3.2 to allow more valid scientific testing protocols.

30. Amend Rule 4.3.4 to include the updated language from existing Rule 4.3.4.1 and remove the term commercial so any registration found not in compliance could be suspended or revoked in accordance with C.R.S. 24-4-104.

31. Amend Rule 4.4.2 to set terms of payment to 30 days of invoice.

32. Amend Rule 5.1 to include the same 1.0% THC limit for a waiver from penalty as applied to commercial registrations.

33. Amend Rule 6.1 to clarify scope and add summary suspension language for clarity purposes.

34. Amend Rule 6.1.5 to include proper terminology for cannabis exceeding 0.3% THC.

Factual and Policy Basis

The factual and policy issues encountered when developing these Rules include:

1. The revised definitions for "Commercial" and "Research and Development" in Rules 1.2 and 1.11 are intended to establish a clear separation between the activities allowed under a Commercial registration and a Research and Development registration. All Industrial Hemp production activities not authorized by the 2014 Farm Bill Research and Development language, including all privately-conducted research and development, are covered by a commercial registration. In addition to private scientific research, this change in definitional language will allow research for competitive advantage or product development without limiting the sale or distribution of plant material used and produced under a commercial registration, similar to what commercial enterprises in other industries do for product development in a research division of a company. This Rule change meets the needs of registrants who have requested sale of material from their research and development registrations by aligning their research to be conducted under commercial registration without structurally changing their research practices.

2. Rule 1.7 is intended to clarify the broad scope of governmental agencies involved in law enforcement and eliminate unnecessary language about their activities.

3. Rules 1.8 and 1.9 are intended to define the difference between a person or entity who has been granted approval from and the authorization to grow Industrial Hemp on a specific site.

4. Rule 1.10 creates a definition for an area registered to grow Industrial Hemp that includes property the registrant may want to include that is not a growing area.

5. Rule 1.12 creates a definition for plants used in the Rules that clarifies registration, planting and harvest requirements. The definition is also necessary for delineation purposes during sampling.

6. The changes in Rules 2.1, 2.2, 3.1, and 3.4 are needed to make the language in those Rules consistent with other language in the Rules.

7. Amending the language in 2.1.7.3 and 2.2.7.3 is intended to standardize the terminology with that used in Part 4, clarify the costs for which a registrant is responsible, and set the terms of payment which are not currently specified . This clarification is necessary because some registrants have delayed payment of fees until another registration is granted or until they have negotiated individual payment terms, creating administrative confusion and increasing program costs.

8. Separating the requirements in Rule 2.2.6 and 2.2.5 improves consistency with 2.1.6 and 2.1.5 for ease of Rule readability.

9. The prohibition in Rule 2.3 on the transfer of registration is necessary to facilitate inspection and sampling and to prevent the transfer of registrations to persons or entities who would not otherwise qualify for a registration due to previous sanctions and penalties. This also closes a potential loophole through which a legally acquired Industrial Hemp registration could be transferred to another individual for purposes of evasion in growing or transporting of Marijuana.

10. Rule 2.4 is necessary to avoid confusion when a registrant holds multiple registrations. This Rule will enable the Department to accurately identify, inspect and sample all of the plants grown under a specific registration.

11. Under Article XVIII, Section 16 of the Colorado Constitution (Adopted by voters as "Amendment 64") "Industrial Hemp" is defined and regulated separately from "Marijuana". The Department therefore has no legal jurisdiction over cannabis that contains more than 0.3% THC on a dry weight basis because it is constitutionally defined as Marijuana and not Industrial Hemp. The Department thus does not have the authority to grant the possession or use of any cannabis material above 0.3% THC within its Industrial Hemp registration program; all such material is regulated as Marijuana under the authority of the Department of Revenue. Rule 2.5 is necessary to prevent the use or presence of plant material in a registered land area that would be outside the Department of Agriculture's jurisdiction. The proposed Rule language does not limit the right to possess or conduct Marijuana research but does prevent Marijuana material from knowingly being used under the Industrial Hemp program by excluding it from the area the registrant has agreed is dedicated to Industrial Hemp.

12. Rule 2.6 defines what may be included in a single registration. The change is necessary to track registration sites, what is planted on a registered land area and ensure accurate testing can be done. The current system has created administrative issues as registrants have added sites miles away from existing registrations during the growing season and cancelled growing areas registered under the same registration, creating situations where it has become difficult to track where plant material currently is being grown for inspection purposes. These changes in registrations have also increased the cost of program administration as the Department attempts to track sites currently registered to grow Industrial Hemp. The Rule does not limit the registrants ability to stagger planting within a registered land area. The Rule is also intended to facilitate the establishment of an equitable fee structure to self-fund the program as mandated in the Act.

13. The Department is proposing to increase the fees in Rule 2.8 and 2.9 to comply with the self-funding mandate set forth in Section 35-61-106 (2), C.R.S. Current fees have generated less than 20% of the necessary revenue to support the program. Section 35-61-106 (2), C.R.S., limits the sources of revenue to registration fees and land area. Leaving registration fees at current levels would require per acre fees to exceed $55. The new registration fee structure was developed to equitably generate sufficient revenue to self-fund the program at current registration levels. The fees for Commercial and Research & Development registrations were set at the same level so as not to favor either type of registration or disadvantage research for competitive advantage conducted under a commercial registration.

14. Section 35-61-104(3), C.R.S. defines the effective period of a valid registration to one year. To regulate the program it is necessary for plant material to be registered before planting as required in Rules 2.1 and 2.2. To insure that all plant material is regulated under a valid registration and therefore protected under Section 35-61-102(2), C.R.S., Rule 2.11 was created to clarify the requirement to harvest within a registration and add language necessary for the perpetuation of genetics.

15. Rule 2.12 is necessary to prohibit the expansion of a registration outside of the original land area described in the application for registration. Without this limitation it is very difficult and time consuming for the Department to track plant material to a registration or ensure compliance with planting reports. Registrants have used the current amendment language to establish new growing sites and assume sites originally registered to another registrant. The current system allowing registrants to add new locations through amendments without cost has significantly increased the administrative costs of the program which must be passed on to all registrants.

16. Rule 2.13 insures that the cost to process an application incurred by the Department prior and regardless of whether a registration is issued are not passed along to other registrants should a registration not be granted. Under Section 35-61-106(2), C.R.S., the Commissioner is required to collect fees to cover all of the program's costs, including those associated with applications that are denied.

17. The Department has spent considerable resources trying to contact the registrants after registration due to changes in contact information. This has increased administrative costs for the program. Rule 2.14 requires registrant contact information remain current so the Department can contact registrants regarding sampling and inspection without added administrative costs. Some registrants have changed their contact information including mailing address, e-mail address and phone numbers to evade requests by the Department to conduct inspections.

18. Rules 3.1.2 and 3.4.1 require a registrant to disclose all plant material intended for use in a registered land area to be disclosed. This is necessary to enable the Department to confirm that all plant material used within a land area registered with the Industrial Hemp program is of a type and variety that will produce plants with a THC content not to exceed 0.3% on a dry weight basis.

19. Rules 3.1.3 and 3.4.2 are necessary to facilitate the inspection and sampling of Industrial Hemp grown in the program. The Industrial Hemp inspection is done by a limited number of inspectors who also inspect multiple other programs for the Department. To accomplish inspections required for all the programs considerable planning and coordination occurs months prior to the need to facilitate optimum use of inspection staff and control costs.

20. The requirement of a planting report in Rules 3.2 and 3.5 is necessary for the Department to determine what fields have actually been planted so we can determine what fields may need inspection, allocate resources for inspection, collect variety information to support a seed certification program and collect agronomic data on the crop to determine economic value to the state.

21. Rule 3.5.3 is intended to ensure that research and development registrants plant material that they reasonably believe will not exceed 0.3% THC on a dry weight basis and that all material used in the research project is included in the planting report.

22. Rules 3.3.2 and 3.6.2 are necessary for the Department to determine what will be harvested compared to what was actually planted, identify gaps, and schedule inspections appropriately. This will also allow the Department to collect harvest data to determine the size of the final crop and document crop size developments for economic purposes.

23. Rule 3.7 is necessary to ensure that the Department has the most current information on all registrants so that it can effectively plan inspection resources and monitor industry developments.

24. The change in Rule 4.1 allowing sampling of up to 100% of registrants is necessary to accommodate the July 1, 2014 statutory change allowing year round registration while still conducting an effective inspection program including testing in the event an unanticipated violation is reported or suspected. The amended language also eliminates the exemption from testing after two years which could prevent the Department from retesting registrants with prior violations in a timely or effective manner. The current language has the potential for abuse by registrants who have been tested for two years and thus could grow Marijuana without concern of inspection the third year.

The amended language in Rule 4.1 with respect to notice of inspection allows the Department to communicate with the registrants in a method agreed to with the registrant or deemed effective from previous communications with the registrant. The use of certified mail has allowed some registrants to see the Department is sending them communication and avoid signing for it in an effort to evade inspection notification. In other cases the address provided has been returned as undeliverable via certified mail and the registrant has asked for an e-mail or phone call so they can comply.

The time period for response to notification was changed from 30 days after notification to 10 days to allow the Department to determine harvest timing and arrange for inspections. The 30 days hampered the Departments ability to coordinate inspections of multiple sites increasing the inspection travel costs for the registrant as harvest in many cases was more immediate once the registrant replied.

25. Registrants have agreed under Rule 2.5 not to include plant material known or that should reasonably be known will exceed 0.3% THC on a registered land as terms of registration. This amended section of 4.2 is necessary to support, verify and enforce Rules 2.5, 3.1.2, 3.4.1, 4.1, 4.3, and 4.3.1.

    The changes to Rule 4.2 are necessary to allow the Department to inspect all plants in the registered land area. Registrants have used the current Rule language to assert that some plants used by them for cultivation of Industrial Hemp cannot be tested by the Department because they are Marijuana that is being grown for personal use or under a Medical Marijuana card application. The amendments to Rule 4.2 are necessary to verify compliance with Rules 2.5, 3.1.2, 3.4.1, 4.2, 4.3, and 4.3.1 which prohibit the presence or use of Marijuana within a land area registered for the cultivation of Industrial Hemp.

26. The amended language in Rules 4.3 and 4.3.1 allows all cannabis material grown in a land area under an Industrial Hemp registration to be sampled. It allows the Department or registrant to determine if a specific plant or group of plants is to be sampled. This amended language allows the Department to work with Industrial Hemp breeding projects where sampling every individual plant would be cost prohibitive to a registrant and could effectively destroy a breeding program if all plants were selected for inspection.

27. The amended language in Rule 4.3.2 clarifies a procedural process that inaccurately represented scientific methodology. Samples are divided after preparation for testing so that the two samples are of the same composite make up.

28. The amended language in Rule 4.3.4 clarifies the legal effect of tests results that exceed 0.3% THC for both commercial and research and development registrants.

29. The amended language in Rule 4.4.2 is for administrative purpose. Registrants have used the lack of clear terms of payment in Rule as a negotiation point to make payment plans for services or delay payment until a new registration is needed.

30. Amending Rule 5.1 to include an upper THC limit in plant material used in research and development is necessary to ensure programs are not knowingly using Marijuana with a high THC content under an Industrial Hemp registration.

31. The amendment to Rule 6.1 clarifies that a registration may be summarily suspended in appropriate circumstances under 35-61-107 and 24-4-104, C.R.S.

32. The amendment to Rule 6.1.5 conforms with the changes to other Rules prohibiting the presence or use of plant material that exceeds 0.3% THC on a registered land area.

33. These amendments incorporate changes as a result of the Department's Regulatory Efficiency Review Process.

9.5 Adopted February 10, 2016-Effective March 30, 2016

Statutory Authority

These Rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), Sections 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

1. Adopt a new Rule 1.2 defining "CDA Approved Certified Seed".

2. Adopt a new Rule 1.6 defining "Harvest".

3. Adopt a new Rule 2.1.8 requiring Registrants to have all legal rights necessary to cultivate Industrial Hemp on a Registered Land Area.

4. Amend language in Rule 2.11 to clarify the process for material that is perpetuated from one Registration to another Registration.

5. Adopt a new Rule 2.15 clarifying that land area cannot be covered by more than one Registration.

6. Amend Rules 3.1, 3.2, 3.3, 3.4, 3.5 and 3.6 to require reports be submitted on a form provided by the Commissioner.

7. Amend Rules 3.2 and 3.5 to address reporting of any volunteer Cannabis plants that the Registrant chooses to cultivate rather than destroy.

8. Adopt Rules 3.2.3 and 3.5.3 specifying when submission of a Planting Report is required.

9. Adopt Rules 3.3.3 and 3.6.3 requiring notification to the Commissioner of any changes to the reported harvest date of more than 5 days.

10. Adopt a new Rule 4.2 to allow the Commissioner to do additional inspection or sampling to confirm compliance with the Act and Rules.

11. Adopt a new Rule 4.3 to allow for inspection or sampling of a Registered Land Area that is voluntarily exiting the program.

12. Amend Rule 4.5.4 to clarify the legal limits where law enforcement has jurisdiction.

13. Adopt a new Rule 4.6 to allow reduced testing for Registrants who plant CDA Approved Certified Seed.

14. Adopt a new Rule 5.3 to establish a time period for requesting a waiver.

15. Adopt a new Part 7 to allow the Department to approve varieties of Industrial Hemp as CDA Approved Certified Seed and establish fees to cover the costs of the program.

16. Make non-substantive edits with respect to wording and capitalization changes throughout to improve consistency and readability.

Factual and Policy Basis

The factual and policy issues encountered when developing these Rules include:

1. The definition in Rule 1.2 of “CDA Approved Certified Seed” is intended to establish the term used in the development of a seed program to assist Industrial Hemp growers to purchase seed that is known to produce mature plants that will not exceed 0.3% THC.

2. The definition in Rule 1.6 of “Harvest” is intended to clarify when reporting to the Department is required and assist Industrial Hemp growers in meeting the reporting requirements.

3. Rule 2.1.8 is intended to ensure that the Department has the ability to inspect and sample land areas Registered in the Industrial Hemp Program and ensure that Registrants understand their obligations when entering into land lease agreements.

4. Rule 2.11 will allow Registrants the ability to carry plant material over from one Registration that is expiring into another Registration. The Rule will allow plant material to finish its life cycle under a new Registration rather than requiring premature harvest under the Registration period in which it was planted. This will allow perpetuation of parent stock for breeding purposes.

5. Rule 2.15 will ensure the Department has the ability to determine which Registration covers the plant material on a Registered Land Area and can apply any sanctions that may occur only to the Registration the plants are cultivated under.

6. The Amendments to Rules 3.1 through 3.6 requiring use of forms provided by the Department will ensure that the information reported by Registrants is complete and consistent.

7. The amendments to Rules 3.2 and 3.5 allow for the Registration and cultivation of volunteer plants so long as they are reported within 10 days of emergence. This provision allows growers to register volunteer plants on land areas on which Industrial Hemp was previously grown.

8. Rules 3.2.3 and 3.5.3 are intended to clarify for Registrants how to document the movement of plant material within or into a Registered Land Area. This facilitates the movement of young plant material to final growing locations.

9. Rules 3.3.3 and 3.6.3 provide growers a 10 day window for harvest. This recognizes the harvest date may vary due to factors beyond a Registrant’s control such as weather events.

10. Rule 4.2 clarifies that the Department has the authority to conduct inspections and sampling in addition to the routine inspection and sampling described in Rule 4.1 when the Department determines that it is necessary to ensure compliance with the Act and Rules.

11. Rule 4.3 ensures that a Registrant cannot avoid inspection and sampling through early termination of their Registration.

12. Rule 4.5.4 was changed to clarify that 0.3% delta-9 THC concentration is the legal limit of the Program and does not limit the Departments ability to reach out to law enforcement when appropriate circumstances arise.

13. Rule 4.6 will allow the Department to set testing protocols for fields planted with CDA Approved Certified Seed that differ from the protocols for fields planted with non-certified seed. Registrants who plant CDA Approved Certified Seed will not be subjected to inspection and testing fees unless inspections establish that the variety planted was not the same variety as indicated on the Planting Report.

14. Rule 5.3 sets a reasonable time for a Registrant to indicate his desire to exercise the waiver provisions set forth in Rule 5.1 and 5.2. The Rule is necessary to ensure the Department can communicate with law enforcement the timeliness of actions the Registrant is taking to destroy the crop should he chose to exercise the waiver.

15. Under Rule 7.1 a variety of seed to be certified must first undergo testing conducted by the Department to verify that it will consistently produce mature plants with a delta-9 THC concentration at or below 0.3% on a dry weight basis. These trials will be conducted in various regions in the state to ensure stability across the different growing environments in the state. Varieties approved by the Department may be certified by Colorado State University or the authorized seed certifying agency of another state when produced under certified field standards.

16. Rules 7.2 and 7.3 establishes the mechanism for equitably funding the CDA Approved Certified Seed program between the breeder applicants and Registrants. This is intended to encourage the development of CDA Approved Certified Seed while also recognizing the economic benefits to Registrants of planting CDA Approved Certified Seed.

9.6. Adopted February 8, 2017 -Effective March 30, 2017

Statutory Authority

These Rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture (“CDA”) pursuant to his authority under the Industrial Hemp Regulatory Program Act (the “act”), Sections 35-61-104(5) and 35-61-105(2), C.R.S.

Purpose

The purpose of these proposed Rules are to:

1. Amend the definition of “CDA Approved Certified Seed” in Rule 1.2.

2. Amend the definition of “Harvest” in Rule 1.6 to add the common language used to define the term “Harvest”.

3. Amend Rules 2.1.6, 2.2.6, 3.1.2 and 3.4.2 to remove premature requirement for submitting a variety location map.

4. Amend Rules 3.2.2 and 3.5.2 to move the variety location requirements to a more appropriate time when the Registrants can comply.

5. Amend Rule 3.5.3 to exempt reporting of changes in growing container except for larger sizes.

6. Adopt Rules 3.3.4 and 3.6.4 to allow the removal of unwanted male Cannabis plants prior to harvest without submitting a Harvest Report.

7. Amend Rule 4.2 to include both present and past tense of potential violations as cause for inspection.

8. Amend Part 6 to expand the scope of the obligation to cooperate and assist the Department to all aspects of the administration and enforcement of the Act and these Rules.

9. Amend Rule 7.1 to clarify the requirements for CDA Approved Certified Seed.

10. Adopt Rules 7.1.1, 7.1.2, 7.1.3 and 7.1.4 to add clarity to the CDA Approved Certified Seed process.

11. Make typographical, grammatical, and non-substantive changes throughout for clarification.

Factual and Policy Basis

The factual and policy issues encountered when developing these Rules include:

1. Rule 1.2 was amended to clarify that the term “CDA Approved Certified Seed” is specific to seed lots that meet the program standards and not just the variety name.

2. The definition of “Harvest” in Rule 1.6 was amended to clarify that this term includes the normal and common practice of reaping a mature plant.

3. The map requirements under Rules 2.1.6, 2.2.6, 3.1.2 and 3.4.2 as part of their Pre-Planting requirement required premature reporting by Registrants. Realigning the time of reporting to the Planting Report in Rules 3.2.2 and 3.5.2 allows Registrants to accurately report their final planting locations at the appropriate time.

4. Amending Rule 3.5.3 to reduce the reporting burden for normal occurrences of the growing such as broken pots while still allows for the Department to adequately regulate the cultivation and growing cycle.

5. The removal of unwanted male plants is a common practice in breeding programs and all female plant production. New Rules 3.3.4 and 3.6.4 accommodate and facilitate this industry practice by eliminating the need to file unnecessary Harvest Reports for discarded male plants within some specific parameters.

6. Amend Part 6 to reflect the equal importance of cooperation and assistance by an applicant or registrant with all aspects of the administration of the program. This will help ensure the Commissioner has all information necessary to ensure compliance with the Program requirements.

7. The amendment to Rule 7.1 identifies CDA Approved Certified Seed as seed that will produce mature plants that will not exceed the .3% delta-9 tetrahydrocannabinol concentration standard. The Rule distinguishes CDA Approved Certified Seed from other certified seed not approved by the CDA for which the mature plants’ delta-9 tetrahydrocannabinol concentration has not been verified in CDA trials conducted across the state.

8. Rule 7.1.1 establishes a system through a variety review board to ensure that the investments in breeding and the intellectual property rights of breeders are protected. Breeders entering a variety must be able to demonstrate ownership of the variety to a panel of experts by identifying unique characteristics that distinguish their entry from other varieties.

9. Rule 7.1.2 ensures that the information submitted to the variety review board accurately represents the variety when viewed in the field and ensures integrity in the process.

10. Rule 7.1.3 ensures the same production practices used in other agricultural crops are applied to CDA Approved Certified Seed lots to ensure purity and trueness to type.

11. The labeling requirement in Rule 7.1.4 provides consumer confidence and easily identifies seed being purchased as true to type and pure, and verifies that mature plants of this variety have not surpassed the .3% delta-9 tetrahydrocannabinol concentration limit in CDA trials conducted across the state.

9.7. Adopted February 22, 2018 – Effective April 15, 2018

Statutory Authority

These Rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "act"), Section 35-61-104(5), C.R.S.

Purpose

1. Amend and clarify the definitions of "commercial" and "research and development".

2. Amend the definition of "harvest" to add the common language used to define the term "harvest" to include the practice of taking cuttings.

3. The changes to Rule 4.7.2 are necessary to recapture language that was inadvertently deleted during the last rulemaking.

4. Amend Rule 7.3 to require reporting on a form provided by the Commissioner in order for the Department to capture additional information as deemed necessary by the certified seed program.

Factual and policy basis

1. To clarify the language in 1.3 and 1.12 and make it consistent with the implementation of the program.

2. The definition of "harvest" was amended to clarify that this term includes the normal and common practice of harvesting cuttings.

3. Add language that was intended to be included in Rule 4.7.2 and was inadvertently deleted during the last rulemaking.

4. The amendment to Rule 7.3 allows the Department to track varietal identity entering into the certified seed program.

9.8. Adopted February 13, 2019 – Effective March 30, 2019

Statutory Authority

These Rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to his authority under the Industrial Hemp Regulatory Program Act (the "Act"), § 35-61-104(5) and 35-61-105(2) C.R.S.

Purpose

The purposes of these proposed Rules are to:

1. Adopt a new Rule 1.9 to define “Planting,”

2. Amend Rule 2.1.2 to clarify that an entity can be a business or an individual.

3. Amend Rules 2.1.6 and 2.2.6 to clarify that both outdoor acres and indoor square feet should be included on the required map.

4. Amend Rule 2.2.2 by removing the types of businesses.

5. Amend Rule 2.2.3 by removing the term “Business.”

6. Amend Rule 2.2.4 to mirror correct language as written in Rule 2.1.4.

7. Amend registration fees in Rules 2.8 and 2.9 to cover the cost of administering the program. Amend Rule 2.9 to clarify that the application fee for an institution of higher education may be waived.

8. Adopt Rules 3.2.4 and 3.5.4 to document requirements for CDA Approved Certified Seed plantings on Planting Reports.

9. Amend Rules 3.3.3 and 3.6.3 to clarify harvest reporting requirements.

10. Amend Rules 3.3.4 and 3.6.4 to clarify when a Harvest Report does not need to be submitted.

11. Amend Rule 4.1 to change the requirement for disciplinary action.

12. Amend Rule 4.7 to include “costs” along with fees.

13. Amend Rule 4.7.1 to a fee that adjusts the inspection fee to a set amount.

14. Amend Rule 4.7.2 to clarify when fees and costs are due.

15. Amend Rule 7.1.1 to conditional approval with the Colorado Seed Growers Association, pending the Department’s validations of THC level and trueness to type.

16. Adoption of Rule 7.4 allows CDA to identify CDA Approved Certified Seed production fields at the time of application.

Factual and Policy basis

The factual and policy issues encountered when developing these Rules include:

1. The definition of “Planting” in Rule 1.9 clarifies that “Planting” includes all phases of the various types of cultivation practices, voluntary plant emergence, and plant movement including within Registered Land Areas and to Registered Land Areas. This rule is necessary to clarify when a Planting Report must be submitted.

2 Amended rule 2.1.2 deletes the word “business” before the word “entity”. This rule is necessary to clarify that a sole proprietor is an entity but not necessarily a business entity.

3. Amendments in Rules 2.1.6 and 2.2.6 clarify that an application for a Registered Land Area that includes both outdoor acreage and indoor square feet must include a map that shows the boundaries and dimensions of both the outdoor acreage and indoor square feet. The term “Registered” is deleted clarifying that a land area is not registered until a Registration is issued. The term “grow” replaces “cultivate” in accordance with generally accepted agricultural practices. These revisions are necessary because they provide accuracy in rule language which is good practice and contributes to program integrity.

4. Amendments in Rule 2.2.2. clarify that a business is not the type of organization that is issued a Research and Development Registration. This rule is necessary to clarify that non-commercial organizations such as institutions of higher education are issued Research and Development Registrations.

5. Amended language in Rule 2.2.3 deletes the term “business” as business organizations are not issued Research and Development Registrations. This Rule is necessary to clarify that the name of an organization on a Research and Development Registration cannot be a business organization.

6. Amended language in Rule 2.2.4 is a housekeeping correction that makes the language consistent with Rule 2.1.4.

7. The Department is proposing to increase the fees provided in Rules 2.8 and 2.9 for indoor square feet from $.33/1000 square feet to $3.00/1000 square feet. Under § 35-61-106(2) C.R.S. the Commissioner is required to collect fees to cover all of the program’s costs including those associated with indoor grow areas that generate multiple reports. Amended Rule 2.9 allows the Department to waive the application fee for a Research and development registration for an institution of higher education in an effort to encourage research and development.

8. Adoption of Rules 3.2.4 and 3.5.4 are necessary for the CDA to track and recognize plantings of CDA Approved Certified Seed.

9. Amended language in Rules 3.3.3 and 3.6.3 clarifies that reporting a change in harvest date must be done by submitting an “Amended Harvest Report”. Rules 3.3.3 and 3.6.3 also clarify that if a change in harvest date is submitted and the crop is sampled this may require that the Registrant retain possession and control of the crop in its harvested form until the Department receives test results. This rule is necessary because it prevents material from entering the stream of commerce pending test results.

10. The removal of both unwanted male and female plants is a common practice in breeding programs and a common production practice. Amended Rules 3.3.4 and 3.6.4 are necessary in order to accommodate and facilitate this industry practice of eliminating infested and unwanted plants.

11. Amended Rule 4.1 changes the disciplinary action from mandatory to allowing the Department discretion to work with a Registrant.

12. Amend Rule 4.7 to include “Costs” along with Fees is a non-substantive edit that clarifies Rule 4.7.

13. Amended Rule 4.7.1 allows the Department to set a statewide fee to cover inspection costs more equitably.

14. Amended Rule 4.7.2 clarifies that inspection fees and laboratory costs are due to the Department within 30 days of invoice.

15. Rule 7.1.1 establishes a system through a variety review board (Colorado State University Seed Certification or Association of Seed Certifying Agencies) to ensure that the investments in breeding and the intellectual property rights of breeders are protected. Breeders entering a variety must be able to demonstrate ownership of the variety to a panel of experts by identifying unique characteristics that distinguish their entry from other varieties. This rule is necessary to clarify that the variety review board will only conditionally approve the variety(s) prior to CDA validation of THC level.

16. Adoption of Rule 7.4 requires a member of the Colorado Seed Growers Association who intends to grow CDA Approved Certified Seed to provide on a form approved by the Commissioner to identify and track where the seed will be grown.

9.9. Adopted June 9, 2021 – Effective July 30, 2021

Statutory Authority

These Rules are proposed for adoption by the Commissioner of the Colorado Department of Agriculture ("CDA") pursuant to their authority under the Industrial Hemp Regulatory Program Act (the "Act"), § 35-61-104(5) and 35-61-105(2) C.R.S.

Purpose

The purposes of these proposed Rules are to align Colorado's hemp program with Federal law and Colorado SB 20-197, effective September 1, 2020. Generally, the proposed changes include updating the text to remove typographical and other errors, non-critical spelling and grammatical errors.

Specifically, the proposed changes to each of the parts are as follows:

1. Changes to Part 1, Definitions, to conform definitions within these rules to revisions made to the Industrial Hemp Regulatory Program Act and to USDA's Domestic Hemp Production Program.

2. Changes to Part 2 to identify additional information that USDA's Domestic Hemp Production Program requires a state agency with primary regulatory authority over the production of hemp to gather from registrants.

3. Changes to Part 3 to remove the references to the non-existent certified seed program. Removing 3.3.4, as it was an exception to harvest reporting that is no longer applicable. Finally, add specific identification of what records a registrant must maintain, how long those records must be maintained, and what agencies must be permitted access to those records.

4. Changes to Part 4 to conform the rule to the USDA's Domestic Hemp Production Program, including that 100 percent of all Registrants must be tested and that all lots grown at a Registered Land Area must be tested. Further revisions to Part 4 establish a random inspection program to comply with USDA's Domestic Hemp Production Program. The proposed changes to 4.6.5 through 4.6.7 establish that a producer may not harvest prior to sample collection and establish restrictions with what a producer may do with the producer's hemp after sampling and before receiving results and after receiving sample test results that show the tested hemp is above the Acceptable Hemp THC level. Part 4.6.8 provides specific restrictions against commingling hemp from any other lots during sampling or laboratory analysis. Changes to 4.7.1 contemplate that the department will not test all registrants and, therefore, must collect the testing fee from each one sampled.

The addition of Part 4.8 establishes the authorized sampler program, including to provide for authorized sampler training, testing, registration, and cancelation of registrations.

5. Changes to Part 6 to establish the three specific violations that result in a producer's having committed a violation negligently. As well, the new rules provide that any producer who has committed a negligent violation must submit to a correction action plan. The proposed change identifies the elements necessary to be part of any such corrective action plan. Finally, the proposed changes to Part 6 identify the increased penalties to any person who commits a violation with a culpable mental state greater than negligence.

6. Delete Part 7 to reflect that Hemp Seed Certification is no longer a provision contemplated by Colorado's Industrial Hemp Regulatory Program Act. Seed certification rests under the authority of the Colorado Seed Growers Association and Colorado State University.

7. Addition of Part 8 to identify that a list of testing laboratories will be maintained that the Colorado Department of Public Health and Environment have certified to conduct hemp testing in Colorado. The addition of Part 8 also requires that authorized samplers, as approved by the Department, must submit their sample results only to those laboratories that the Colorado Department of Public Health and Environment has certified.

Factual and Policy Basis

The factual and policy issues encountered when developing these rules include:

Changes to state and federal law constitute the factual issues that required the proposed changes to this rule.

In 2018, the US Congress amended the Agricultural Marketing Act of 1946, the Agricultural Improvement Act of 2018, Pub. L. 115-334 (the "2018 Farm Bill"). The 2018 Farm Bill legalized the production of hemp nationwide and offered states and tribes that wanted the authority to regulate the production of hemp within their borders to submit individual plans to USDA pursuant to rules USDA would adopt.

In 2019, Colorado's General Assembly amended the Industrial Hemp Regulatory Program Act to authorize the Commissioner to submit a hemp management plan in accordance with the 2018 Farm Bill. The General Assembly further authorized the Commissioner to consult with stakeholders, including local governments and state and federal and law enforcement agencies and required the Commissioner to consult with private industry. Throughout 2019, the Commissioner, by means of the Colorado Hemp Advancement and Management Plan (CHAMP) met with representatives of all the permissive and required stakeholders to gather information related to the development of industrial hemp in Colorado and to prepare to submit a state plan after USDA issued its rules.

In October 2019, USDA issued an interim final rule, and in 2020 Colorado's General Assembly again amended the Industrial Hemp Regulatory Program Act by means of SB 20-197 to comport to USDA's Interim Final Rules. In January 2021, USDA issued its final rule.

The proposed rules represent the Commissioner's response to revised federal and state requirements as well as her response to stakeholder input and involvement throughout the development process.

Senate Bill 20 -197 aligned Colorado's Industrial Hemp Program with Federal law. Rules were developed to further clarify and communicate with registrants and stakeholders regarding compliance with Federal law.

The Department considered comments received at its May 25, 2021, rule-making hearing. In consideration of the relevant comments, the Department provides the following. First, the Department will engage in subsequent rule-making upon USDA's approval of Colorado's submitted state plan. That rule-making will, in part, address the comment to make a Registrant's failure to report to the Farm Services Agency a violation of law; consider rules regarding third party samplers; and implement alternative and performance-based sampling. While the Department is aware of proposed legislation currently before Colorado's General Assembly, the Department will not promulgate changes to these rules to implement proposed statutory changes. The Department will await the bill's passage to be able to respond completely to all statutory changes. Use of the general word "cannabis" in parts of the rule is specific and intentional to distinguish those plants of the genus Cannabis Sativa L. Whose THC content is unknown from those whose THC content is known to be at or below 0.3 percent THC and thus "hemp." With regard to the suggestion to amend 4.6.6 to include a reference to a total THC concentration of 0.3 percent on a dry-weight basis, that is unnecessary in light of Rule 4.6.7. Finally, the five-year penalty for those who have committed three negligent violations of the law in a five-year period is required by USDA's Final Rule and may not be adjusted at the state level.

9.10. Adopted November 10, 2021 – Effective December 31, 2021

Statutory Authority

The Commissioner of Agriculture of the Colorado Department of Agriculture ("CDA") adopts these rules pursuant to her authority under the Industrial Hemp Regulatory Program Act (the "Act"), §§ 35-61-104(5) 35-61-105(2), 35-61-105.5(2)(a), 35-61-113(1), and 35-61-113(2)(a) and (c), C.R.S.

Purpose

The purposes of these Rules are to align Colorado's hemp program with federal law, including 7 CFR 990, which became effective January 19, 2021. Generally, the changes to these rules align Colorado's regulatory processes under the Industrial Hemp Regulatory Program with the federal law to ensure Colorado's compliance with federal law and Colorado's state plan to regulate hemp in Colorado, which USDA-AMS approved in July 2021. USDA's final rule for its "Domestic Hemp Production Program" created new opportunities for states to involve authorized samplers, to permit remediation of hemp that tested above the acceptable hemp THC level, and to authorize on-farm disposal of cannabis that tested above the acceptable hemp THC level and above the 1.0 percent THC on a dry-weight basis threshold.

In June 2021, the Department submitted its proposed plan to USDA-AMS, which plan USDA-AMS approved in July 2021, the "State Plan." With the Department's submission of its State Plan, the Department identified rules that it would change in its fall rule-making to authorize the Department and Commissioner to regulate Colorado's production of hemp consistently with federal law and Colorado's approved State Plan.

Specifically, the proposed changes to each of the parts are as follows:

1. Changes to Part 1, Definitions, add definitions and conform existing definitions to revisions made to the Industrial Hemp Regulatory Program Act and to USDA's Domestic Hemp Production Program.

2. Changes to Part 2 identify additional information that USDA's Domestic Hemp Production Program requires a state agency with primary regulatory authority over the production of hemp to gather from registrants and removes unnecessary statements related to reporting of confidential business information to law enforcement. Specific to these changes, the Department makes clear that no person may cultivate hemp in a proposed

registered land area until the Commissioner has approved, and noticed the registrant of such approval, of a registrant's application to cultivate hemp.

3. Changes to Part 3 reduce and streamline the information a registrant must submit to the Department to reduce the paperwork burden on registrants and the Department where the Department recognized that information is duplicative or unnecessary. Further, changes in Part 3 permit a registrant to cultivate a registered land area to remove plants that have been affected by poor health, pest, disease, or weather events and to remove hermaphrodite plants without requiring any harvest report to the Department. Finally, Part 3.7 requires registrants to file acreage reports, including reports of changes to acreage reports, with the Farm Services Agency of the United States Department of Agriculture to comply with the requirements in Colorado's State Plan and USDA's Domestic Hemp Production Program.

4. Changes to Part 4 conform the rule to the USDA's Domestic Hemp Production Program, including that all hemp must be sampled prior to harvest and that a registrant must coordinate such sampling by contacting an Authorized Sampler or the Department. Part 4 also introduces CDPHE's testing laboratory protocols and CDPHE's laboratory and testing standard operating procedures. Part 4 also clarifies that the Commissioner may exercise disciplinary actions, including suspension or revocation of a registration, for test results that are above the acceptable hemp THC level. Part 4 further introduces both remediation and disposal options and guidelines to permit registrants whose crop tests above the acceptable hemp THC level either to remediate or dispose of a non-compliant crop and sets forth the Department's standards for post-remediation sampling to ensure that remediated product tests at or below the acceptable hemp THC level. Finally, Part 4 establishes the Department's new performance-based sampling program, which identifies the categories of registrants who may, at the time of application for registration, petition the Department for inclusion in a sampling program that does not require 100 percent testing of all lots grown.

5. The Department removed the original Part 5 because introduction of the remediation and disposal options in Part 4 obviates the need for any kind of waiver from suspension or revocation.

6. The new Part 5 includes USDA's mandatory statements regarding culpable violations and articulates the effect of any felony conviction among any of a registrant's key participants.

Factual and Policy Basis

The factual and policy issues encountered when developing these rules include:

Changes to state and federal law constitute the factual issues that required the proposed changes to this rule.

In 2018, the US Congress amended the Agricultural Marketing Act of 1946, the Agricultural Improvement Act of 2018, Pub. L. 115-334 (the "2018 Farm Bill"). The 2018 Farm Bill legalized the production of hemp nationwide and offered states and tribes that wanted the authority to regulate the production of hemp within their borders to submit individual plans to USDA pursuant to rules USDA would adopt.

In October 2019, USDA issued an interim final rule, and in 2020 Colorado's General Assembly again amended the Industrial Hemp Regulatory Program Act by means of SB 20-197 to comport to USDA's Interim Final Rules. In January 2021, USDA issued its final rule, and the Department submitted its state plan to USDA-AMS in June 2021, including provisions of the rules that the Department would amend, consistent with its statutory authority, to comply with USDA's final rule.

The proposed rules represent the Commissioner's response to revised federal and state requirements as well as her response to stakeholder input and involvement throughout the development process.

The Department has considered comments received in conjunction with this rule-making, both those taken as testimony at the hearing on the rule and those received in written form on the proposed rule, and has revised the rule as follows.

Commenters requested that the Department use only the term "hemp" and exclude the general term "cannabis" from this rule set. Based on this recommendation, the Department has added a new definition for "non-compliant hemp" and exchanged the term "cannabis" for either "hemp" or "non-compliant hemp," dependent on the context where the terms are used.

One comment requested that Rule 2.2 be changed to strike "at least 30 days" from the language regarding submission of R&D registration. The Department agrees that the language should be consistent with applications for cultivation of commercial hemp and has, therefore, stricken the language.

The Department received a request to amend proposed rule 4.7.7 to accommodate the possibility that growers may need to transport harvested plant material off the RLA prior to receiving hemp sample test results. The Department agrees that producers may need to move such material for storage to prevent crop loss and amended 4.7.7 to reflect that possibility while including that the registrant must continue to maintain control and ownership of the material and must report to the Department the location of the storage area.

Commenters requested that the three, consecutive years required under rule 4.8.3 be changed to three, consecutive growth cycles to accommodate indoor grows that may have more than one cycle per year. The Department has considered this request and has determined to keep the requirement at three, consecutive years for an equitable application of the performance-based sampling at this time.

Several commenters requested that the Department modify its felony exemption language in rule 5.2 to mirror USDA's final rule exactly. The Department considered this option when promulgating this rule and decided to require that growers who had a felony conviction prior to December 20, 2018, must also show that they had registered to grow hemp in Colorado before December 20, 2018. The Department maintains this requirement because there is no federal database that the Department may access to confirm a registrant's statement that it had been lawfully registered in a state other than Colorado.

Agriculture Commissioner's Office

RULES PERTAINING TO FARM-TO-MARKET INFRASTRUCTURE GRANTS

8 CCR 1207-4

Part 1. Definitions

1.1. "Agriculture" has the same meaning as set forth in 35-1-102(1) C.R.S., which is: "the science and art of production of plants and animals useful to man, including, to a variable extent, the preparation of these products for man's use and their disposal by marketing or otherwise, and includes horticulture, floriculture, viticulture, forestry, dairy, livestock, poultry, bee, and any and all forms of farm products and farm production."

1.2. "Agricultural Processing" means the transforming, packaging, sorting, storage, or grading of Colorado livestock, livestock products, agricultural commodities, plants, or plant products.

1.3. "Award Effective Date" means the date on which the Commissioner of Agriculture, or her designee, sends written communication, whether by e-mail or post, that an applicant's grant application has been approved for a Grant Award.

1.4. "Award Period" means the period of time during which the Department will receive grant applications to process for consideration of grant awards.

1.5. "Commissioner" means the Commissioner of Agriculture.

1.6. "Department" means the Department of Agriculture created in 35-1-103 C.R.S.

1.7. "Eligible Business" means a business that: (a) earns a majority of its revenue from agricultural processing; and (b) in the judgment of the Department has managers and employees who possess sufficient education, training, and experience to operate the business; and provides an economic benefit to Colorado farmers or ranchers.

1.8. "Eligible Expense" means an expense that an applicant identified in its grant application and that an awardee incurred within the contract period as part of completing its awarded project.

1.9. "Eligible Farmer or Rancher" means an individual who: (a) is at least eighteen years of age; (b) is a resident of Colorado; (c) is an owner or operator in fact of a farm or ranch; and (d) in the judgment of the Department: possesses sufficient education, training, and experience to operate the farm or ranch; and possesses or has access to sufficient working capital, farm machinery, livestock, or land to operate the farm or ranch.

1.10. "Farm-to-Market Infrastructure Grant" means a grant of money from the fund, which money is used for the purpose of agricultural processing.

1.11. "Fund" means the Colorado Agricultural Future Loan Program Cash Fund created in 35-1.2-105 C.R.S.

1.12. “Grant Award” means an award of money from the Fund that the Department grants to an eligible business, eligible rancher, or eligible farmer for the exclusive purpose of agricultural processing.

Part 2. General Eligibility

2.1. Eligible businesses, eligible farmers, and eligible ranchers as defined in 1.7 and 1.9 above may apply to the Department for a Farm-to-Market Infrastructure Grant. The intent of the Department is to award grants totaling $2 million by June 30, 2022.

2.2. Eligible businesses, eligible farmers, and eligible ranchers applying for a Farm-to-Market Infrastructure Grant must have a physical operation(s) in the state of Colorado and the project for which the applicant requests such funds must also be located in Colorado.

2.3. Eligible businesses must be registered and in “good standing” with the Colorado Secretary of State.

2.4. Eligible farmers and eligible ranchers must be residents of Colorado and actively engaged in agriculture.

2.5. Grant Awards may be used only for projects that constitute Agricultural Processing, as that term is defined in 1.2 above.

2.6. The maximum Grant Award amount that the Department will award for any one project is $150,000.

2.7. Awardees shall have not more than two (2) years from the effective date of the Grant Award to fully complete the project.

Part 3. Application for a Grant

3.1. Eligible businesses, eligible farmers, and eligible ranchers interested in participating may apply to the Department at any time using the application processes and procedures on the Department’s web site at https://ag.colorado.gov/

3.2. While applications may be submitted at any time, the Department will adhere to the following schedule for review of applications:

3.2.1. Applications received prior to the close of business on November 30, 2021 (Award Period #1) will be reviewed and awardees selected no later than January 30, 2022. The intent of the Department will be to award $1 million in grants to applications received during this period.

3.2.2. Applications received prior to the close of business on February 28, 2022 (Award Period #2) will be reviewed and awardees selected no later than April 30, 2022. The intent of the Department will be to award $1 million in grants to applications received during this period.

3.2.3. Applications received after February 28, 2022 will be reviewed and awards made contingent upon the availability of grant funds.

3.3. Applicants not selected to receive a grant in an Award Period may resubmit their application or submit a new application for consideration in any subsequent Award Period.

3.4. At the time of application to the Department, an applicant must provide general eligibility information about the applicant, a description of the proposed project and business plan, project timeline, project budget, the grant amount being requested, identification of which expenses the grant funds would be used for, the applicant's contribution (financial or otherwise) to the project, the extent to which the proposed project will strengthen resiliency within Colorado's food and agricultural industry, and any projected changes to employment and sales/volume growth.

3.4.1. Applications from Eligible Businesses must also demonstrate that the Eligible Business earns greater than fifty (50) percent of its revenues from agricultural processing.

3.5. Applications will be reviewed by a panel inclusive of Department staff and the Colorado Value-Added Development Board. This panel will evaluate the merit of each application on the basis of criteria, including, but not limited to, the amount of funds requested, the applicant's contribution (financial or otherwise) to the project, the project's expected economic impact, potential for new job creation, and the extent to which the project will strengthen resiliency within Colorado's food and agricultural industry.

3.6. The review panel will make its recommendations to the Commissioner of projects proposed for selection and the Grant Award proposed to be awarded to fund such projects. To optimize the utilization of funds available, the review panel may recommend Grant Awards less than the amount of funds an applicant requests. The Commissioner of Agriculture, or the Commissioner's designee, will review such recommendations and make any final awards and grant amounts as deemed appropriate.

3.7. The Department will inform each applicant of the Department's decision regarding an applicant's request for a Grant Award via e-mail within 30 days of the end of each Award Period.

Part 4. Award of Funds

4.1. Grant Awards will be made available to awardees as a Small Dollar Grant Award (purchase order grant).

4.2. Grant Awards are subject to the State of Colorado Small Dollar Grant Award Terms and Conditions (incorporated by reference herein, effective July 1, 2019). Material incorporated by reference does not include any later amendments or editions of the incorporated material. Copies of material incorporated by reference are available for public inspection during regular business hours and may be obtained at a reasonable charge or examined by contacting the Markets Division, Colorado Department of Agriculture, 305 Interlocken Parkway, Broomfield, CO 80021. Further, the incorporated material may be examined at no cost on the Internet at: https://osc.colorado.gov/spco/ccu/purchase-order-terms-conditions

4.3. The Department will provide a copy of this material to any eligible business, eligible rancher, or eligible farmer who receives a Grant Award along with the notification of award.

4.4. A Grant Award is not a guarantee of funds as all disbursement of funds is contingent on the awardee's agreeing to and complying with all requirements as determined by the Department.

4.5. Funding from a Grant Award will be paid upon completion of the following milestones:

4.5.1 Milestone One – “Kick-Off Conference.” After an awardee has had its initial meeting with the Department, the “Kick-Off Conference,” an awardee may submit an initial invoice in an amount up to fifty (50) percent of the total Grant Award to receive an initial payment to start the project. If the Department makes such initial payment, or any portion of the requested initial payment, to the awardee for those non-incurred expenses, any remaining amount to be reimbursed from the Grant Award shall be reduced by the amount of that initial payment.

4.5.2 Milestones Two through Final Milestone: As an awardee incurs expenses, the awardee may submit invoices for those actual, incurred expenses with supporting documentation and proof of payment to the Department for reimbursement. To the extent that documented expenses are eligible expenses, the funds will then be reimbursed.

4.5.3 Final Milestone: Once the awardee has completed its project, the awardee must submit a final invoice, which final invoice must be submitted not later than three years following the effective date of the Small Dollar Grant Award.

4.6. Awardees may submit invoices at any time as expenses are incurred and paid.

4.7. As a condition of receiving a Grant Award, an awardee shall agree to cooperate with the Department in evaluating the economic impact of the project and any changes to employment in Colorado as a result of completing the project.

Part 5 through 9 Reserved

Part 10. Statement of Basis, Specific Statutory Authority and Purpose

10.1. Emergency Rule Adopted September 8, 2021 – Effective September 8, 2021

Statutory Authority

The Commissioner of Agriculture adopts these rules pursuant to § 35-1.2-103(7)(a) and (c), C.R.S., and § 24-4-103(6), C.R.S.

Purpose

1. To create the Farm-to-Market Infrastructure Grant Program providing funds to businesses, farmers, and ranchers for the development and expansion of agricultural processing.

2. To establish general eligibility requirements for the Program.

3. To establish application processes and procedures for the Program.

4. To establish processes and procedures for the review of applications and award of grant funds.

5. To establish processes and procedures for reimbursement of expenses to participating businesses, farmers, and ranchers.

Factual and Policy Issues

This temporary emergency rule is necessary to enable the Commissioner of Agriculture to fulfill the requirements of SB 21-248, which created a new “Colorado Agricultural Future Loan Program.” SB 21-248 authorized the Commissioner to commence distributing between five and ten million dollars on or before January 1, 2022, in part, to fund farm-to-market grants. SB 21-248, codified at § 35-1.2-101, et seq., C.R.S., limits the period of time during which the Commissioner may issue such farm-to-market grants, which time period ends June 30, 2022. Further, before the Commissioner may receive an application for a grant or issue a grant, the Commissioner must adopt rules to govern the grant process.

Engaging in the normal rule-making process would not permit these rules to be effective until the start of the new year. Such a delay would result in the Commissioner’s inability to begin receiving and processing grant applications until after the new year. Such a delay would impair the Commissioner’s ability to issue sufficient grants to comply with the statutory minimums before the statutory deadline of June 30, 2022.

Immediate adoption is therefore imperatively necessary to comply with state law and to enable the Commissioner to fulfill the General Assembly’s desire to fund such farm-to-market infrastructure grants.

In developing these Rules, the Department reviewed policies and program guidelines of previous grant programs administered by the Markets Division within the Department of Agriculture. The Department also conducted listening sessions with agricultural stakeholders relating to the New Agricultural Future Loan Program, which encompasses the Farm-to-Market Infrastructure Grant Program.

10.2. Adopted November 10, 2021 – Effective December 30, 2021

Statutory Authority

The Commissioner of Agriculture adopts these rules pursuant to § 35-1.2-103(7)(a) and (c), C.R.S.

Purpose

1. To create the Farm-to-Market Infrastructure Grant Program providing funds to businesses, farmers, and ranchers for the development and expansion of agricultural processing.

2. To establish general eligibility requirements for the Program.

3. To establish application processes and procedures for the Program.

4. To establish processes and procedures for the review of applications and award of grant funds.

5. To establish processes and procedures for reimbursement of expenses to participating businesses, farmers, and ranchers.

Factual and Policy Issues

This Commissioner adopts this Rule to fulfill the requirements of SB 21-248, which created a new “Colorado Agricultural Future Loan Program.” SB 21-248 authorized the Commissioner to commence distributing between five and ten million dollars on or before January 1, 2022, in part, to fund farm-to-market grants, and required the Commissioner to establish the program, including specifying the application process, the payment process, and the criteria to be used.

In developing these Rules, the Department reviewed policies and program guidelines of previous grant programs administered by the Markets Division within the Department of Agriculture. The Department also conducted listening sessions with agricultural stakeholders relating to the Colorado Agricultural Future Loan Program, which encompasses the Farm-to-Market Infrastructure Grant Program, as well as sought stakeholder input on this Rule as adopted to help inform this rulemaking process.

Finally, the Department revised provisions adopted in the emergency rule to clarify the reimbursement process and to amend an internal conflict related to reimbursement dates and deadlines.

Child Support Services (Volume 6)

CCR number

9 CCR 2504-1

Rule title

9 CCR 2504-1 RULE MANUAL VOLUME 6, CHILD SUPPORT SERVICES RULES 1 - eff 01/01/2022

Effective date

01/01/2022

6.002 DEFINITIONS

"Application" - the state prescribed form which indicates that the individual is applying for Child Support Services. The application is signed by the individual applying for services and an application fee is assessed.

"Application Fee" - A fee assessed upon receipt of an application as required by Federal Regulation, to be paid out of State funds in the amount of 10 cents ($0.10).

6.201.2 NON-PUBLIC ASSISTANCE (NPA) CASES [Rev. eff. 4/1/12]

A. Continued Services Cases

1. The Child Support Services Unit shall provide to the person whose IV-A grant or IV-E foster care eligibility is discontinued, continued CSS services, without a formal application unless the CSS agency is notified to the contrary by the person whose IV-A grant or IV-E foster care eligibility is discontinued.

2. The Notice of Action and the CSE 34 Notice are notices that inform the recipient of public assistance, when they have discontinued temporary aid to needy families (TANF) that their child support case will remain open unless they request that the county close their case. These notices will be generated and mailed to the recipient ten (10) days prior to the effective date of the discontinuation.

3. Form SS-4, Notice of Social Service Action, will be completed by the county services worker and mailed to recipients when a person(s) is discontinued from IV-E foster care. The form will be sent to the recipient five (5) days prior to the effective date of the discontinuation.

   The Notice Of Action, the CSE 34 Notice, and the Notice of Social Service Action (SS-4) shall:

   a. Notify the person whose IV-A grant or IV-E foster care has been discontinued, that the CSS Unit shall continue to provide CSS services unless the CSS Unit is notified by the former IV-A or IV-E foster care recipient to the contrary;

   b. Specify the CSS services that are available;

   c. Inform the person that the quality of information provided will affect the category of the case;

   d. Specify the name of the person whose IV-A grant and/or IV-E foster care has been discontinued; and,

   e. Specify the household number;

   f. Specify the unique case identifiers;

   g. Require the signature of the person discontinued who wishes to terminate CSS services;

   h. Specify the CSS unit will collect overdue support to repay past IV-A or IV-E foster care maintenance.

   i. Contain any other information deemed appropriate by the State Department.

4. The county Low-Income Child Care Assistance unit must provide written notice to the person who's IV-A grant or IV-E foster care eligibility is discontinued, if continued cooperation with the CSS Unit will be required due to the receipt of Low-Income Child

Care Assistance within five days of referral from any of these referenced programs. The county Low-Income Child Care Assistance Program must also notify the county Child Support Services Unit within the same time frame.

B. Application Cases

1. Persons who do not receive public assistance or continued CSS services may apply for full CSS services by completing the Application for Child Support Services, as prescribed by the State Department. Applications for child support services shall be readily accessible to the public. If the county department has elected to require Low-Income Child Care Assistance recipients to cooperate with the CSS Unit, the recipients must complete the State prescribed application for Child Support Services. Applications will not be accepted if all of the children associated with a specific obligee and obligor are emancipated, as defined in the existing child support order and the laws of the state where the child support order was entered. This same requirement applies to new interstate referrals sent to Colorado from another initiating state or jurisdiction. In a responding intergovernmental case, if the case was opened in the other state prior to emancipation and/or has state debt due, the application shall be accepted.

2. Upon application, the services established for IV-A recipients to locate, establish paternity of a child (or children), establish court orders for child support, review and modify orders for child support, and secure support from noncustodial and/or alleged parents shall also be made available on behalf of children who are or were deprived of parental support due to the absence of a parent or parents, but, for other reasons, are not recipients of IV-A, including those children who are receiving foster care services from funds other than Title IV-E of the Social Security Act.

3. The application on behalf of the child for child support services may be made by either of the child's parents (custodial or noncustodial), an alleged father, legal guardian, or other person or agency.

4. When the applicant is not a parent of the child, an application for child support services must be obtained for each noncustodial parent.

5. Requests for Application

a. When an individual requests an application or CSS services in person, the CSS Unit shall provide an application on the day requested.

b. When an individual requests an application by phone or in writing, the application shall be sent by the county CSS Unit within no more than five (5) business days from the date of request.

c. The application shall include the following information:

1) available services;

2) the individual's rights and responsibilities;

3) fees, cost recovery and distribution policies;

4) case categorization and the information necessary to change the category; and

5) the lack of an attorney-client relationship.

d. The CSS Unit must maintain a log of requests for services which includes the following information:

1) name of person requesting an application;

2) type of request (in person, phone, mail);

3) date of request;

4) date the application was mailed or provided;

5) date the application is accepted.

6. The application for non-PA CSS services shall be made on the Application for Child Support Services, as prescribed by the state department. The standard Application for Child Support Services shall include the following elements:

   a. The full name of the noncustodial parent;

   b. The full name, date of birth, place of birth, sex and social security number of each child for whom support is sought;

   c. The signature, address, telephone number, date of birth and social security number of the applicant and date of application.

7. Acceptance of Applications

   a. An application may be filed in any CSS office. If there is an existing case in another county, then the application shall be forwarded to the appropriate enforcing county within two (2) working days of receipt in the original county.

   b. An application shall be accepted as filed on the date it is received in the CSS office, if one or more of the children associated with a specific obligee and obligor are not emancipated as defined in the child support order and the laws of the state where the child support order was entered, and it includes the following information:

      1) applicant's name, address and social security number;

      2) the name of the noncustodial parent(s), if known;

      3) name, birth date, sex, place of birth and social security number, if available, for each child;

      4) applicant's signature, either handwritten or electronic.

   c. Acceptance of an application involves recording the date of receipt on the application. The application must be entered into the ACSES for the application fee to be assessed..

8. County CSS Units may collect costs incurred in excess of fees. These costs shall be determined on a case by case basis and shall be used to reduce CSS program expenditures.

9. Non-PA obligees shall be charged an annual twenty-five dollar ($25) certification fee for collection of IRS tax refunds only if an actual intercept occurs. The fee shall be deducted from the tax refund intercept. The certification fee must be used to reduce CSS program expenditures.

   If there is more than one tax refund intercept for a case, the twenty-five dollar ($25) certification fee will be charged only once, regardless of the number of obligors, and will be deducted from the first intercept(s) that occurs. If the total amount of all tax refunds for a case is less than twenty-five dollars ($25), the amount of refunds will satisfy the certification fee.

10. Non-PA obligees shall be charged an annual thirty-five dollar ($35) service fee once five hundred and fifty dollars ($550) has been disbursed to the family.

    The service fee will be reported to the federal government as program income, and will be shared between the federal, state, and county governments.

    The service fee will be collected for each case set in all intrastate in-state and initiating intergovernmental cases on the ACSES if the $550 disbursement threshold is reached.

C. Locate Only Cases

Persons who request only noncustodial parent locator service may complete the Request for Parent Locator Service. The Colorado State Parent Locator Service shall provide such caretaker with instructions for completing the form and fees to be paid by the caretaker. A non-PA application form is not required.

6.201.3 FOSTER CARE CASES [Rev. eff. 4/1/12]

A. Appropriately referred IV-E or non-IV-E foster care cases pursuant to the CDHS Social Services staff manual (12 CCR 2509-1) shall be provided the full range of services as required by the Child Support Services program upon referral. Cases that are not appropriate for referral shall not be initiated.

B. Referral is defined as receipt of the referral packet from the county child welfare agency or the date the case appears in the county's on-line referral list. If the referral is manual, counties must document the date received by the CSS Unit as the referral date on the ACSES.

C. Child support services applications are not required for IV-E foster care cases. An application for child support services, as prescribed by the State Department, shall be completed by the county department having custody of the child(ren) for all non-IV-E foster care cases.

6.205 ENFORCING COUNTY [Rev. eff. 11/1/13]

Designation of the county responsible for accepting the Child Support Services application or processing the case, or both, provides for centralized legal and financial activities and prevents duplication of effort and establishment of unnecessary orders for support when an order exists.

Provisions pertaining to enforcing county designation and responsibilities shall apply to all new Child Support Services cases and for existing cases where there is a dispute regarding an enforcing county issue.

A. The enforcing county is the county responsible for processing a case for Child Support Services, including locating the noncustodial parent, establishment of paternity, establishment and modification of a support order and enforcement of a support order. Enforcing county means the enforcing county on the automated child support system. The enforcing county is responsible for financial management of the case.

   The enforcing county is also the county responsible for the case for audit purposes. When the noncustodial parent resides outside of Colorado, the enforcing county is the county responsible for initiating an intergovernmental action or appropriate instate action for CSS services. If the noncustodial parent is the only party in the case residing in Colorado and there is no existing court order and no public assistance has been paid in Colorado, the enforcing county will be considered the county where the noncustodial parent resides.

B. For all cases, the enforcing county for a Colorado Child Support Services case is the first county where a Child Support Services application or referral was made. The enforcing county shall provide the full range of services to the Low-Income Child Care Assistance referral case from another county, even if the enforcing county elected not to require the Low-Income Child Care Assistance recipients in its county to cooperate with the Child Support Services Unit.

C.

and documents to the enforcing county, as appropriate, utilizing the form as prescribed by the State Department. For a Low-Income Child Care Assistance referral case, the Low-Income Child Care Assistance Program unit shall deal directly with the Child Support Services (CSS) Unit located in its county. The CSS Unit will then communicate with the enforcing county.

D. Unless the CSS Units in the interested counties agree or there is an enforcing county resolution to change enforcing county designation, the enforcing county remains the enforcing county until the case is closed in accordance with this manual. The enforcing county does not change when the parties in the case relocate.

E. When a IV-D unit requests enforcing county designation and the interested CSS Units cannot agree, within five (5) calendar days, upon which county should be the enforcing county, the county directors, or their designees, in the counties will resolve the issue. If agreement cannot be reached, the CSS office shall refer the matter to the State Division of Child Support Services for resolution in accordance with the state procedure and prescribed form. The state decision is final and binding on the interested counties.

6.260.52 Closure of Non-Public Assistance Cases

Non-public assistance, including Low-Income Child Care Assistance, cases may be closed for one of the following reasons or the closure reasons in Section 6.260.51. Unless otherwise noted, case closure requires a 60-day advance notice of closure to the custodial party. If a Low-Income Child Care Assistance case is closed the county CSS Unit must notify the appropriate county Low-Income Child Care Assistance Program.

A. The Child Support Services Unit is unable to contact the custodial party within a 60 calendar day period despite a good faith effort to contact the recipient through at least two different methods: mail, electronic, or telephone. If contact is reestablished with the custodial party in response to the notice which could lead to the establishment of paternity or support, or enforcement of an order, the case must be kept open. After a notice of case closure has been sent, if the custodial party reports a change in circumstances within the 60 days contained in the advance notice of closure, the case shall remain open.

B. The Child Support Services Unit documents non-cooperation of the custodial party and that cooperation of the custodial party is essential for the next step in providing support enforcement services. If a Low-Income Child Care Assistance recipient fails to cooperate, then the county CSS Unit shall send the advance notice of closure to the recipient and to the appropriate county Child Care Assistance Program. The notice shall include the basis of the recipient's failure to cooperate and the dates on which it occurred.The applicant requests closure of the case in writing and there are no arrears owed to the State. The 60 day advance notice of closure is not required for these cases.

C. The Child Support Services Unit has provided location only services as requested. The 60 day advance notice of closure is not required for these cases.

D. The status of the case has changed from non-public assistance to public assistance. The 60 day advance notice is not required for these cases.

E. The children have reached the age of majority, the noncustodial parent is entering or has entered long-term care arrangements (such as a residential care facility or home health care), and the noncustodial parent has no income or assets available above the subsistence level that could be levied or attached for support.

F. The noncustodial parent is living with the minor child (as the primary caregiver or in an intact two parent household), and the IV-D agency has determined that services are not appropriate or are no longer appropriate.

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   The Office of Community Living (OCL), Benefits and Services Management Division is requesting to revise the current Electronic Monitoring regulations, already included in five HCBS adult waivers, to include the addition of a Remote Supports component that will increase efficiencies, improve quality of care, and achieve cost savings. When hands-on care is not required, Remote Supports makes it possible for direct care staff to provide supervision, prompting, or instruction from a remote location. Examples of Remote Supports include technology for cooking safely, overnight support, medication adherence, fall detection, and wandering. The Department must add a service definition and regulations for the operation of Remote Supports. The addition of regulations will give members and providers regulatory parameters for how Remote Supports can be utilized in HCBS to maintain service integrity and ensure member's health and safety.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

   Explain:

3. Federal authority for the Rule, if any:

   42 CFR 441.300

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);
   Sections 25.5-6-303, 25.5-6-307, C.R.S. (2021);

Title of Rule: MSB 21-06-08-A, A Revision to the Medical Assistance Long-term Services and Supports HCBS Benefit Rule Concerning Expanding Electronic Monitoring to include Remote Supports, to revise Section 8.488.
Rule Number: MSB 21-06-08-A
Division / Contact / Phone: BSMD/ Courtney Montes/ 5066

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   Individuals to be affected are those that utilize Home and Community-Based Services under the Elderly Blind and Disabled (EBD), Community Mental Health Supports (CMHS), Spinal Cord Injury (SCI), Brain Injury (BI), and Supported Living Services (SLS) waivers. Those that choose to utilize Remote Supports are anticipated to benefit from this rule. The proposed rules will also affect Medicaid providers and Case Management Agencies (CMAs) by codifying the implementation of Remote Supports.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   Quantitatively, offering a Remote Supports benefit has the potential to reduce HCBS expenditures by providing services at a lower cost than residential or in-person care. The Department anticipates a reduction in General Fund dollars by $348,345 in FY 21-22 and $1,045,040 in FY 22-23.

   Qualitatively, using technology instead of residential services can increase independence for members while ensuring safety and support, address workforce shortages by increasing provider efficiency, and improve access to care in rural areas. Increased independence for members is one of the major benefits of a Remote Supports benefit, allowing a person to live in their own home, without staff or with a reduced staff presence, and with more control of their living companions.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   Through Long Bill SB 21 – 205 and SB 21-210, the Department received approval for the expansion of the Electronic Monitoring benefit, already authorized in select HCBS adult waivers (BI, SCI, SLS, CMHS, and EBD).

Short term, the Department anticipates spending time developing training materials and providing technical assistance to the case management agencies. Long term the Department anticipates a reduction in General Fund dollars by $348,345 in FY 21-22 and $1,045,040 in FY 22-23.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   The benefits of this action include: Using technology instead of residential services can increase independence for members while ensuring safety and support, address workforce shortages by increasing provider efficiency, improve access to care in rural areas, and reduce expenditures by providing services at a lower cost than residential care. Increased independence for members is one of the major benefits of a Remote Supports benefit, allowing a person to live in their own home, without staff or with a reduced staff presence, and with more control of their living companions. Offering a Remote Supports benefit has the potential to reduce HCBS expenditures by providing services at a lower cost than residential or in-person care. The Department anticipates a reduction in General Fund dollars by $348,345 in FY 21-22 and $1,045,040 in FY 22-23. HCBS services can be critical to preventing unnecessary hospitalizations or placement in a nursing facility however Remote Supports benefit offers the opportunity for members to receive high quality care and support without an in-person attendant.

   There are no benefits of inaction as this approval to implement Remote Supports is included in the Department's Budget Request and is approved by the Long Bill, SB 21-205.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There do not appear to be any less costly methods or less intrusive methods for achieving the purpose of the proposed regulation changes. Remote Supports is a cost saving opportunity that allows members to have more choice and independence in their lives.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   There are no alternative methods for achieving the purpose for the proposed rule.

8.488 ELECTRONIC MONITORING

8.488.10 DEFINITIONS

.11 BACKUP SUPPORT PERSON means the person who is responsible for responding in the event of an emergency or when a Client receiving Remote Supports otherwise needs assistance or the equipment used for delivery of Remote Supports stops working for any reason. Backup support may be provided on an unpaid basis by a family member, friend, or other person selected by the Client or on a paid basis by an agency provider.

.12 ELECTRONIC MONITORING SERVICES means electronic equipment or adaptations or other remote supports that are related to an eligible person's disability and/or that enable the person to remain at home, and includes the installation, purchase or rental of electronic monitoring devices which:

A. Enable the Client to secure help in the event of an emergency;

B. May be used to provide reminders to the Client of medical appointments, treatments, or medication schedules;

C. Are required because of the Client's illness, impairment or disability, as documented in the department prescribed LOC Screen, the Assessment, and Service Plan;

D. Are essential to prevent institutionalization of the Client; and,

E. May allow an off-site direct service provider to monitor and respond to a Client's health, safety, and other needs using live communication.

.13 ELECTRONIC MONITORING PROVIDER means a provider agency as defined at Section 8.487 and Section 25.5-6-303. C.R.S., that has met all the certification standards for electronic monitoring services specified in Section 8.488.40.

.14 MONITORING BASE means the off-site location from which the Remote Supports Provider monitors the Client.

.15 REMOTE SUPPORTS mean the provision of support by staff at a Monitoring Base who are engaged with a Client to monitor and respond to the Client's health, safety, and other needs through technology/devices with the capability of live two-way communication.

.16 REMOTE SUPPORTS PROVIDER means the agency provider selected by the Client as the provider of Remote Supports.

.17 SENSOR means equipment used to notify the Remote Supports Provider of a situation that requires attention or activity which may indicate deviations from routine activity and/or future needs. Examples include, but are not limited to, seizure mats, door sensors, floor sensors, motion detectors, heat detectors, and smoke detectors.

8.488.20 INCLUSIONS

.21 Electronic Monitoring Services shall include personal emergency response systems, medication reminder systems, Remote Supports, or other devices which comply with the definition above and are not included in the non-benefit items below at 10 CCR 2505-10 section 8.488.30.

A. Remote Supports services shall include but are not limited to the following technology options:
   1. Motion sensing system;
   2. Radio frequency identification;
   3. Live audio feed;
   4. Web-based monitoring system; or,
   5. Another device that facilitates two-way communication.

B. Remote Supports includes the following general provisions:
   1. Remote Supports shall only be approved when it is the Client's preference and will reduce the need for in-person care.
   21. The Client, their case manager, and the selected Remote Supports provider shall determine whether Remote Supports is sufficient to ensure the Client's health and welfare.
   2. Remote Supports shall be provided in real time, not via a recording, by awake staff at a Monitoring Base using the appropriate technology. While Remote Support is being provided, the Remote Support staff shall not have duties other than the provision of Remote Supports.

8.488.30 EXCLUSIONS, RESTRICTIONS AND NON-BENEFIT ITEMS

.31 Electronic Monitoring Services shall be authorized only for Clients who live alone, or who are alone for significant parts of the day, or whose only companion for significant parts of the day is too impaired to assist in an emergency, and who would otherwise require extensive supervision.

A. Remote Supports shall not be utilized for Clients who reside in any congregate or HCBS provider owned setting.

.32 Electronic Monitoring Services shall be authorized only for Clients who have the physical and mental capacity to utilize the particular system requested for that Client.

.33 Electronic Monitoring Services shall not be authorized under HCBS if the service or device is available as a state plan Medicaid benefit.

.34 The following are not benefits of electronic monitoring services:

A. Augmentative communication devices and communication boards;

B. Hearing aids and accessories;

C. Phonic ears;

D. Environmental control units, unless required for the medical safety of a client living alone unattended; or as part of Remote Supports;

E. Computers and computer software unrelated to the provision of Remote Supports;

F. Wheelchair lifts for automobiles or vans;

G. Exercise equipment, such as exercise cycles;

H. Hot tubs, Jacuzzis, or similar items.

8.488.40 CERTIFICATION STANDARDS FOR ELECTRONIC MONITORING SERVICES

.41 Electronic monitoring providers shall conform to all general certification standards and procedures at Section 8.487, HCBS-EBD WAIVER PROVIDER AGENCIES.

.42 In addition, electronic monitoring providers shall conform to the following standards for electronic monitoring services:

A. All equipment, materials or appliances used as part of the electronic monitoring service shall carry a UL (Underwriter's Laboratory) number or an equivalent standard. All telecommunications equipment shall be FCC registered.

B. All equipment, materials or appliances shall be installed by properly trained individuals, and the installer and/or provider of electronic monitoring shall train the Client in the use of the device. C. All equipment, materials or appliances shall be tested for proper functioning at the time of installation, and at periodic intervals thereafter, and be maintained based on the manufacturer’s recommendations. Any malfunction shall be promptly repaired, and equipment shall be replaced when necessary, including buttons and batteries.

D. All telephone calls generated by electronic monitoring equipment shall be toll-free and all Clients shall be allowed to run unrestricted tests on their equipment.

E. Electronic monitoring providers shall send written information to each Client's case manager about the system, how it works, and how it will be maintained.

.43 In addition, Remote Supports Providers shall conform to the following additional standards for provision of Remote Supports services:

A. When Remote Supports includes the use of live audio and/or video equipment that permits a Remote Supports Provider to view activities and/or listen to conversations in the residence, the Client who receives the service and each person who lives with the Client shall consent in writing after being fully informed of what Remote Support entails including, but not limited to:

1. The Remote Supports Provider will observe their activities and/or listen to their conversations in the residence;

2. The location in the residence where the Remote Supports service will take place; and,

3. Whether or not the Remote Supports provider will record audio and/or video.

4. If the Client or a person who lives with the Client has a guardian, the guardian shall consent in writing. The Client's Case Manager and Remote Supports Provider shall keep a copy of each signed consent form.

B. The Remote Support Provider shall provide a Client who receives Remote Supports with initial and ongoing training on how to use the Remote Supports system(s)

C. The Remote Supports Provider shall provide initial and ongoing training to its staff to ensure they know how to use the Monitoring Base System.

D. The Remote Supports provider shall have a backup power system (such as battery power and/or generator) in place at the Monitoring Base in the event of electrical outages. The Remote Supports Provider shall haveadditional backup systems and additional safeguards in place which shall include, but are not limited to, contacting the Backup Support Person in the event the Monitoring Base System stops working for any reason.

E. The Remote Support Provider shall have an effective system for notifying emergency personnel in the event of an emergency.

F. If a known or reported emergency involving a Client arises, the Remote Supports Provider shall immediately assess the situation and call emergency personnel first, if that is deemed necessary, and then contact the Backup Support Person. The Remote Supports Provider shall maintain contactwith the Client during an emergency until emergency personnel or the Backup Support Person arrives.

G. The Backup Support Person shall verbally acknowledge receipt of a request for assistance from the Remote Supports Provider. Text messages, email, or voicemail messages will not be accepted as verbal acknowledgment.

H. When a Client requests in-person assistance, the Backup Support Person shall arrive at the Client's location within a reasonable amount of time (to be specified in documentation maintained by the Remote Support Provider.

I. When a Client needs assistance, but the situation is not an emergency, the Remote Supports provider shall:

1. Address the situation from the Monitoring Base, or,
2. Contact the Client’s Backup Support Person if necessary.

J. The Remote Support Provider shall maintain detailed and current written protocols for responding to a Client's needs, including contact information for the Backup Support Person to provide assistance.

K. The Remote Support Provider shall maintain documentation of the protocol to be followed should the Client request that the equipment used for delivery of Remote Supports be turned off.

L. The Remote Supports Provider shall maintain daily service provision documentation that shall include the following:

1. Type of Service,

2. Date of Service,

3. Place of Service,

4. Name of Client receiving service,

5. Medicaid identification number of Client receiving service,

6. Name of Remote Supports Provider,

7. Identify the Backup Support Person and their contact information, if/when utilized.

8. Begin and end time of the Remote Supports service,

9. Begin and end time of the Remote Supports service when a Backup Support Person is needed on site,

10. Begin and end time of the Backup Support Person when on site, whether paid or unpaid,

11. Number of units of Remote Supports service delivered per calendar day,

12. Description and details of the outcome of providing Remote Supports, and any new or identified needs that are outside of the individual's current Service Plan, which shall be communicated to the individual's case manager.

8.488.50 REIMBURSEMENT METHOD FOR ELECTRONIC MONITORING

.51 Payment for Electronic Monitoring Services shall be the lower of the billed charges or the prior authorized amount.

.52 For Electronic Monitoring, excluding Remote Supports, the unit of reimbursement shall be one unit per service for non-recurring services, or one unit per month for services recurring monthly.

.53 For Remote Supports, the unit of reimbursement shall include one unit per installation/equipment purchase and/or the units as designated on the Department's fee schedule and/or billing manuals for ongoing Remote Supports service.

.54 Effective 2/1/99, there shall be no reimbursement under this section for Electronic Monitoring Services provided in uncertified congregate facilities.

8.500.94 HCBS-SLS WAIVER SERVICES

8.500.94.A. SERVICES PROVIDED

1. Assistive Technology
2. Behavioral Services
3. Day Habilitation services and supports
4. Dental Services
5. Health Maintenance
6. Home Accessibility Adaptations
7. Home Delivered Meals
8. Homemaker Services
9. Life Skills Training (LST)
10. Mentorship
11. Non-Medical Transportation
12. Peer Mentorship
13. Personal Care
14. Personal Emergency Response System (PERS)
15. Professional Services, defined below in 8.500.94.B.14
16. Respite
17. Remote Supports
18. Specialized Medical Equipment and Supplies
19. Supported Employment
20. Transition Setup
21. Vehicle Modifications
22. Vision Services

8.500.94.B The following services are available through the HCBS-SLS waiver within the specific limitations as set forth in the federally approved HCBS-SLS waiver.

17. Remote Supports means services as defined at Section 8.488

18. Specialized Medical Equipment and Supplies include: devices, controls, or appliances that are required due to the Client's disability and that enable the Client to increase the Client's ability to perform activities of daily living or to safely remain in the home and community. Specialized medical equipment and supplies include:

    a. Kitchen equipment required for the preparation of special diets if this results in a cost savings over prepared foods;

    b. Specially designed clothing for a Client if the cost is over and above the costs generally incurred for a Client's clothing;

    c. Maintenance and upkeep of specialized medical equipment purchased through the HCBS-SLS waiver.

    d. The following items are specifically excluded under the HCBS-SLS waiver and not eligible for reimbursement:

        i) Items that are not of direct medical or remedial benefit to the Client are specifically excluded under the HCBS-SLS waiver and not eligible for reimbursement. These include but are not limited to; vitamins, food supplements, any food items, prescription or over the counter medications, topical ointments, exercise equipment, hot tubs, water walkers, resistance water therapy pools, experimental items or wipes for any purpose other incontinence.

19. Supported Employment services includes intensive, ongoing supports that enable a Client, for whom competitive employment at or above the minimum wage is unlikely absent the provision of supports, and who because of the Client's disabilities needs supports to perform in a regular work setting.

    a. Supported employment may include assessment and identification of vocational interests and capabilities in preparation for job development and assisting the Client to locate a job or job development on behalf of the Client.

    b. Supported employment may be delivered in a variety of settings in which Clients interact with individuals without disabilities, other than those individuals who are providing services to the Client, to the same extent that individuals without disabilities employed in comparable positions would interact.

    c. Supported employment is work outside of a facility-based site, that is owned or operated by an agency whose primary focus is service provision to persons with developmental disabilities,

    d. Supported employment is provided in community jobs, enclaves or mobile crews.

    e. Group employment including mobile crews or enclaves shall not exceed eight Clients.

    f. Supported employment includes activities needed to sustain paid work by Clients including supervision and training.

    g. When supported employment services are provided at a work site where individuals without disabilities are employed, service is available only for the adaptations, supervision and training required by a Client as a result of the Client's disabilities.

h. Documentation of the Client's application for services through the Colorado Department of Labor and Employment Division for Vocational Rehabilitation shall be maintained in the file of each Client receiving this service. Supported employment is not available under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. Section 1400, et seq.).

i. Supported employment does not include reimbursement for the supervisory activities rendered as a normal part of the business setting.

j. Supported employment shall not take the place of nor shall it duplicate services received through the Division for Vocational Rehabilitation.

k. The limitation for supported employment services is seven thousand one hundred and twelve (7,112) units per service plan year. One (1) unit equals fifteen (15) minutes of service.

l. The following are not a benefit of supported employment and shall not be reimbursed:

i) Incentive payments, subsidies or unrelated vocational training expenses, such as incentive payments made to an employer to encourage or subsidize the employer's participation in a supported employment,

ii) Payments that are distributed to users of supported employment, and

iii) Payments for training that are not directly related to a Client's supported employment.

20. Transition Setup as defined at Section 8.553.1.

21. Vehicle modifications are adaptations or alterations to an automobile or van that is the Client's primary means of transportation; to accommodate the special needs of the Client; are necessary to enable the Client to integrate more fully into the community; and to ensure the health and safety of the Client.

a. Upkeep and maintenance of the modifications are allowable services.

b. Items and services specifically excluded from reimbursement under the HCBS Waiver include:

i) Adaptations or improvements to the vehicle that are not of direct medical or remedial benefit to the Client,

ii) Purchase or lease of a vehicle, and

iii) Typical and regularly scheduled upkeep and maintenance of a vehicle.

c. The total cost of home accessibility adaptations, vehicle modifications, and assistive technology shall not exceed $10,000 over the five (5) year life of the HCBS Waiver except that on a case by case basis the Operating Agency may approve a higher amount. Such requests shall ensure the health and safety of the Client, enable the Client to function with greater independence in the home, or decrease the need for paid assistance in another HCBS-SLS Waiver service on a long-term basis. Approval for a higher amount will include a thorough review

of the current request as well as past expenditures to ensure cost-efficiency, prudent purchases and no duplication.

22. Vision services include eye exams or diagnosis, glasses, contacts or other medically necessary methods used to improve specific dysfunctions of the vision system when delivered by a licensed optometrist or physician for a Client who is at least 21 years of age

    a. Lasik and other similar types of procedures are only allowable when:

    b. The procedure is necessary due to the Client's documented specific behavioral complexities that result in other more traditional remedies being impractical or not cost effective, and

    c. Prior authorized in accordance with Operating Agency procedures.

Title of Rule: Revision to the Medical Assistance Act Rule concerning Adult Dental Annual Limit Maximum, Section 8.201.6
Rule Number: MSB 21-07-07-A
Division / Contact / Phone: Health Programs Office / Russ Zigler / 303-866-5927

SECRETARY OF STATE

RULES ACTION SUMMARY AND FILING INSTRUCTIONS

SUMMARY OF ACTION ON RULE(S)

1. Department / Agency Name: Health Care Policy and Financing / Medical Services Board

2. Title of Rule: MSB 21-07-07-A, Revision to the Medical Assistance Act Rule concerning Adult Dental Annual Limit Maximum

3. This action is an adoption of: an amendment

4. Rule sections affected in this action (if existing rule, also give Code of Regulations number and page numbers affected):

   Sections(s) 8.201.6, Colorado Department of Health Care Policy and Financing, Staff Manual Volume 8, Medical Assistance (10 CCR 2505-10).

5. Does this action involve any temporary or emergency rule(s)? No
   If yes, state effective date:
   Is rule to be made permanent? (If yes, please attach notice of hearing). Yes

PUBLICATION INSTRUCTIONS*

Replace the current text at 8.201.6 with the proposed text beginning at 8.201.6 through the end of 8.201.6, This rule is effective January 10, 2022.

*to be completed by MSB Board Coordinator

Title of Rule: Revision to the Medical Assistance Act Rule concerning Adult Dental Annual Limit Maximum, Section 8.201.6
Rule Number: MSB 21-07-07-A
Division / Contact / Phone: Health Programs Office / Russ Zigler / 303-866-5927

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   The proposed rule extends the maximum adult dental annual benefit of $1,500 indefinitely per Senate Bill 21-211. SB21-211 restores the $1,500 maximum adult dental annual benefit that was reduced to $1,000 by the 2020 Long Bill (HB20-1360), and House Bill 20-1361, beginning when the higher federal match afforded through the federal "Families First Coronavirus Response Act", Pub.L. 116-127 (FFCRA) expires. The adult dental annual benefit is currently maintained at $1500 with the FFCRA higher match. This rule will maintain the $1,500 after the FFCRA higher federal match expires.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

   Explain:

3. Federal authority for the Rule, if any:

   42 CFR § 440.100 (2020)

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);

   C.R.S. § 25.5-5-202(1)(w) (2020)

Initial Review **10/08/21** Final Adoption **11/12/21**
Proposed Effective Date **01/10/22** Emergency Adoption

DOCUMENT #06

Title of Rule: Revision to the Medical Assistance Act Rule concerning Adult Dental Annual Limit Maximum, Section 8.201.6
Rule Number: MSB 21-07-07-A
Division / Contact / Phone: Health Programs Office / Russ Zigler / 303-866-5927

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   Adult members will be affected by this rule and will benefit from the adult dental annual limit remaining at $1,500.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   The adult dental annual limit will remain at $1,500 after the Families First Coronavirus Response Act (FFCRA) higher federal match expires rather than being reduced to $1,000.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   There are no costs to the Department to implement the proposed rule, as the Department will maintain the current annual limit. HB 20-1361 required the Department to reduce the limit to $1,000 after the end of the public health emergency and reduced the Department's appropriations in FY 2020-21 and FY 2021-22 accordingly. SB 21-211 eliminated that requirement and increased the Department's appropriations. Between the two bills, there was no change to the Department's funding.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   There are no probable costs to the proposed rule. The benefit of the proposed rule is maintaining the $1,500 adult dental annual limit after the FFCRA higher federal match expires. The cost of inaction is failure to align Department rule with state statute. There are no benefits to inaction.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

There are no less costly methods or less intrusive methods for aligning Department rule with state statute.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   There are no alternative methods for aligning Department rule with state statute.

8.201 ADULT DENTAL SERVICES

8.201.6 ANNUAL LIMITS

1. Beginning July 1, 2019, dental services for Adult Clients age 21 years and older shall be limited to a total of $1,500 per Medicaid Adult Client per state fiscal year. An Adult Client may make personal expenditures for any dental services that exceed the $1,500 annual limit.

2. The complete and partial dentures benefit shall be subject to prior authorization and shall not be subject to the annual maximum for dental services for Adult Clients age 21 years and older. Although the complete and partial dentures benefit is not subject to the annual maximum for the adult dental services, it shall be subject to a set Medicaid allowable rate.

3. This action is an adoption of: an amendment

4. Rule sections affected in this action (if existing rule, also give Code of Regulations number and page numbers affected):

   Sections(s) 8.130, Colorado Department of Health Care Policy and Financing, Staff Manual Volume 8, Medical Assistance (10 CCR 2505-10).

5. Does this action involve any temporary or emergency rule(s)? No
   If yes, state effective date:
   Is rule to be made permanent? (If yes, please attach notice of hearing). Yes

PUBLICATION INSTRUCTIONS*

Replace the current text at 8.130 with the proposed text beginning at 8.130 through the end of 8.130. This rule is effective January 10, 2022.

*to be completed by MSB Board Coordinator

Title of Rule: Revision to the Medical Assitance Rule concerning Provider Participation, Section 8.130
Rule Number: MSB 21-07-20-B
Division / Contact / Phone: Medicaid Operations / Jolene Guignet/ 6948

STATEMENT OF BASIS AND PURPOSE

1. This revision is necessary to provide additional guidance on the expectations of all providers and to specifically outline the provider inactivation procedure.

2. Federal authority for the Rule, if any:

   42 CFR § 431.17; 42 CFR § 431.20; 42 CFR § 455.400

3. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);

Title of Rule: Revision to the Medical Assitance Rule concerning Provider Participation, Section 8.130
Rule Number: MSB 21-07-20-B
Division / Contact / Phone:Medicaid Operations / Jolene Guignet/ 6948

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   The change to the current rule will impact providers, as it allows for their provider participation agreements to be inactivated in certain situations. They have been afforded an ability to cure before the inactivation and appeal rights. This process is created to help the Department keep our enrollment records clean, giving us the ability to inactivate providers who are not billing.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   An inactivated provider may have to reapply if they are inactivated and pay the application fee. However, they are provided opportunities to cure before this will occur and they have to pay a new fee.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   No additional costs.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   The benefit to HCPF is great as we can keep our enrollment records clean by removing inactive providers. There is little cost to the department and any provider.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There is no cost to the department and low cost to the provider.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   N/A

8.130 PROVIDER PARTICIPATION

Providers will not discriminate on the basis of race, color, ethnic or national origin, ancestry, age, sex, gender, sexual orientation, gender identity and expression, religion, creed, political beliefs, or disability.

8.130.1 DEFINITIONS

A. “Advanced Directive” means a written instruction, such as a Living Will or Durable Power of Attorney for health care, recognized under state law, whether statutory or as recognized by the courts of the state, that relates to the provision of medical care when the individual is incapacitated.

B. "Agent" means any person who has been delegated the authority to obligate or act on behalf of a Provider.

C. “Change of Information” means any change in information contained in the Provider’s current enrollment record with the Department, including, but not limited to, any change to a person or entity who holds a direct or indirect ownership interest in the Provider exceeding five percent and any change to the Provider’s licensure, certification registration status, accreditation, bankruptcy status, address (including any change to location(s) where good and services are rendered), contact person, telephone number, email address, or criminal conviction disclosures within the scope of 42 CFR § 455.106.D “Change of Ownership” means that a Provider has been issued a new tax identification number.

E. “Colorado Department of Health Care Policy and Financing” or “Department” means the Colorado State governmental agency responsible for the administration of the Medical Assistance Program, , Child Health Plan Plus, the old age pension health and medical care program, and the supplemental old age pension health and medical care program pursuant to Title XIX of the Social Security Act and Title 25.5 of the Colorado Revised Statutes.

F. “Inactivation” means a Provider’s billing privileges have been stopped but can be restored upon resolution of the basis of inactivation.

G. “Provider” means any person, public or private institution, agency, or business concern enrolled under the state Medical Assistance Program to provide medical care, services, or goods, and holding, where applicable, a current valid license or certificate to provide such services or to dispense such goods.

H. “Requesting Agency” means the US Department of Health and Human Services or its designees, the Department or its designees, the Colorado Department of Human Services or its designees, or the Medicaid Fraud Control Unit or its designees, acting through their representatives who have written or other authorization to act on behalf of these agencies.

8.130.2 MAINTENANCE OF RECORDS

A. Each Provider shall:

1. Maintain legible, complete, and accurate records necessary to establish that conditions of payment for Medical Assistance Program covered goods and services have been met, and to fully disclose the basis for the type, frequency, extent, duration, and delivery of goods and/or services provided to Medical Assistance Program members, including but not limited to:

    a. Billings,

    b. Prior authorization requests,

c. All medical records, service reports, and orders prescribing treatment plans,

d. Records of goods prescribed, ordered for, or furnished to, members, and unaltered copies of original invoices for such items,

e. Records of all payments received from the Medical Assistance Program, and

f. Records required elsewhere in Section 8.000 et seq.

2. The records shall be created at the time the goods or services are provided.

B. Records of Providers shall include employment records, including but not limited to shift schedules, payroll records, and time-cards of employees.

C. Providers who issue prescriptions shall keep in the patient's record, the date of each prescription and the name, strength, and quantity of the item prescribed.

D. Records must be maintained for seven (7) years unless an additional retention period is required elsewhere in Section 8.000 et seq., or in an individual Provider participation agreement.

E. Each Provider shall retain any other records created in the regular operation of business that relate to the type and extent of goods and/or services provided (for example, superbills). All records must be legible, verifiable, and must comply with generally accepted accounting principles, auditing standards, and all applicable state and federal laws, rules, and regulations.F. Each entry in a medical record must be signed and dated by the individual providing the medical service or good. Stamped signatures are not acceptable.G. Providers utilizing electronic record-keeping may apply computerized signatures and dates to a medical record if their record-keeping systems guarantee the following security measures:

1. Restrict application of an electronic signature to the specific individual identified by the signature. System security must prevent one person from signing another person's name.2. Prevent alterations to authenticated (signed and dated) records. If the Provider chooses to supplement a previous entry, the system must only allow a new entry that explains the supplement. The Provider must not be allowed to change the initial entry.

3. Printed or displayed electronic records must note that signatures and dates have been applied electronically.

H. At the discretion of the Requesting Agency, record verification may include, but will not be limited to, interviews with Providers, employees of Providers, billing services that bill on behalf of Providers, and any member of a corporate structure that includes the Provider as a member.

8.130.3 ADVANCE DIRECTIVES

A. Providers shall provide adult Medical Assistance Program members with written information about the individual's rights under state law to accept or refuse medical treatment, the right to formulate advance directives, and the Providers' policies regarding the implementation of such rights as follows:

1. Hospitals, at the time of the individual's admission as an inpatient.

2. Nursing facilities, at the time of the individual's admission as a resident.

3. Providers of home health care or personal care services, in advance of the individual coming under the care of the Provider.

4. Hospice programs, at the time of initial receipt of hospice care by the individual from the program.

5. Health maintenance organizations, at the time of enrollment of the individual with the organization.

B. The Provider shall maintain written policies and procedures with respect to all adult individuals receiving medical or personal care by or through the Provider, which shall include:

1. Documentation in the individual's medical records indicating whether the individual has executed an advance directive.

2. Documentation that the individual will not be discriminated against, nor will the provision of care be conditioned on whether he/she has executed an advance directive.

3. Documentation ensuring compliance with requirements of state law respecting advanced directives.4. Documentation in the individual's medical record substantiating the Provider's reason(s) for non-compliance with an advance directive based on conscience or professional ethics.

C. Providers shall provide education for staff and the patient/member community on issues concerning advance directives.

8.130.35 SCREENING FOR EXCLUDED EMPLOYEES AND CONTRACTORS

A. As a condition of enrollment and participation in the Medical Assistance Program, each Provider shall comply with the following requirements for screening for employees and contractors who have been excluded from participation in Medicaid and Medicare by the US Department of Health & Human Services Office of Inspector General:

1. Each Provider shall utilize the US Department of Health & Human Services Office of Inspector General's List of Excluded Individuals/Entities (www.oig.hhs.gov) to determine if a prospective employee or newly signed contractor has been excluded from participation in a Medical Assistance Program.

a. Such screening should be performed within five (5) business days of the date on which the new employee was hired or new contract was signed.

2. Each Provider shall screen its employees and contractors against the List of Excluded Individuals/Entities at least monthly to capture any exclusions or reinstatements that have occurred since the last search of the database.

3. If a Provider determines that an employee or contractor of the Provider has been excluded, then the Provider shall report this to the Department within five (5) business days of the date of discovery.

4. Each screening must be documented in a manner that can be provided to the Department upon request.

B. Except as otherwise provided in federal law, if the Medical Assistance Program pays for any goods or services furnished, ordered, or prescribed by an excluded individual or entity that is employed by or has contracted with a Provider, such payment shall constitute an overpayment

and shall be subject to overpayment recovery, pursuant to Section 8.076. Such Provider may also be subject to sanctions by the Department, including the termination of the Provider agreement, as described at 8.076.5., if the Provider knew or should have known of the exclusion. The Provider may also be subject to civil and monetary penalties imposed by the US Department of Health and Human Services.1. To the extent that such amount can be traced, the amount of the overpayment shall include any funds expended by the Medical Assistance Program to pay the excluded individual's or contractor's salary, expenses, or fringe benefits.

C. Subject to federal law and the Department's discretion, failure of a Provider to comply with the screening requirements listed at Section 8.130.35.A. may constitute good cause sufficient to justify termination of the Provider agreement, as described at 8.076.5.

8.130.40 PROVIDER EMPLOYEE OR CONTRACTOR LICENSE VERIFICATION

A. As a condition of participation in the Medical Assistance program, any Provider who provides or who has employees or contractors who provide services or supplies must ensure that, at the time services or supplies are provided, the Provider, the employee, or the contractor possesses the license, certification, or credential that is required in the State of Colorado to provide such services or supplies.

8.130.45 REPORTING CHANGES

A. Within thirty-five (35) calendar days, Provider shall update the provider portal of the Department's Medicaid Management Information System (MMIS) with any Change of Information or Change in Ownership.

B. Failure by the Provider to notify the Department of any Change of Information or Change in Ownership in accordance with section 8.130.45.A.:

1. May result in the denial, suspension, inactivation, or termination of the Provider agreement or contract.

2. Does not exempt a Medical Assistance Program Provider from compliance with 10 CCR 2505-3 and 10 CCR 2505-10.

8.130.50 REQUIREMENT TO VERIFY ENROLLMENT OF MEMBER AT TIME OF SERVICE

A. A Provider shall verify and document that the member is enrolled in the applicable Medical Assistance Program at the time the service is rendered.

B. A Provider shall verify that payments received are for medically necessary goods and services that were actually rendered, and that claims and encounters submitted for payment are true and correct.

8.130.60 PROVIDERS ARE RESPONSIBLE FOR ALL CLAIMS SUBMITTED

A. A Provider shall accept full legal responsibility for all claims submitted under the Provider's Medical Assistance Program ID number to the Medical Assistance Program, whether submitted by the Provider or submitted on the Provider's behalf.

1. A Provider shall comply with all federal and state civil and criminal statutes, regulations, and rules relating to the delivery of goods and services to eligible individuals, and to the submission of claims for such goods and services. A Provider's non-compliance may result in no payment for goods and services rendered.

B. A Provider shall furnish to the Department its National Provider Identifier (NPI) (if eligible for an NPI) and include the NPI on all claims submitted pursuant to Sections 8.125.8 and 8.126.3.

C. A Provider shall request payment only for those goods and services which are medically necessary, as such term is defined in Section 8.076.1.8. and in any other subsection of these rules defining medical necessity, and which are rendered personally by the Provider or rendered by qualified personnel under the Provider's direct and personal supervision.

1. A Provider shall submit claims only for those goods and services provided by health care personnel who meet the professional qualifications established by the State.

2. Any misrepresentation or falsification of a claim submitted by a Provider, or on a Provider's behalf, may subject the Provider to fines and/or imprisonment under state or federal law.

D. If at any time the Department determines that a Provider has failed to maintain compliance with any state or federal laws, rules, or regulations, the Provider may be suspended from participation in the Medical Assistance Program, and may be subject to administrative actions authorized by federal or state law or regulation, criminal investigation, and/or prosecution.

8.130.70 COMPLIANCE WITH GUIDANCE

A. Providers must comply with all state and federal statutes, rules, regulations, and guidance.

B. Guidance includes, but is not limited to:

1. Department Billing Manual

2. Department Provider Bulletins

3. Department Memo Series

4. Uniform Service Coding Standards

5. Current Procedural Terminology (CPT) code set

6. Current Healthcare Common Procedure Coding System (HCPCS)

7. Current International Classification of Diseases (ICD))

C. Failure to comply may subject the Provider to authorized administrative actions, civil investigation, and criminal investigation.

8.130.80 INACTIVATING PROVIDER AGREEMENTS

A. A Provider may have its Provider Participation Agreement inactivated and will no longer be able to bill for goods and services if any of the following occur:

1. The Provider's license, certification, or accreditation has expired or is subject to conditions or restrictions.

2. The Provider has failed to complete Provider revalidation.

3. The Provider is no longer eligible to participate as a Medical Assistance Program Provider or breaches the Provider agreement.

4. There is a Change of Ownership.

5. The Provider's business closes, or the business is nonoperational.

6. The Provider is deceased or retired.

7. The Provider is inactive and has not submitted any claims activity for 24 months.

B. The Provider will be sent written notice thirty (30) days prior to the inactivation, unless otherwise required by federal or state statute, regulation, or rule.

1. The notice will detail the reason for the inactivation.

2. The notice will give the Provider the opportunity to dispute the inactivation.

C. If the Provider elects to dispute the inactivation, the Department must receive the Provider's written request to dispute the inactivation within thirty (30) calendar days of the date of the inactivation notice.

D. The Department will review the request and issue a determination on the inactivation which will include the Provider's right to file an appeal in accordance with Section 8.050.

E. The effective date of the inactivation may be backdated to the date of the occurrence described in Section 8.130.80.A.

Title of Rule: Revision to the Medical Assistance Rule concerning the Home and Community Based Services Final Settings Rule, Section 8.484
Rule Number: MSB 21-02-09-A
Division / Contact / Phone: COB Section / Cassandra Keller / 303-866-5181

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).
   In 2014, the federal Centers for Medicare & Medicaid Services (CMS) published a rule requiring Home- and Community-Based Services (HCBS) to be provided in settings that meet certain criteria. The criteria ensure that HCBS participants have access to the benefits of community living and live and receive services in integrated, non-institutional settings. These rules codify in regulation the federal requirements for all HCBS Waivers.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

   Explain:

3. Federal authority for the Rule, if any:

   § 441.301(C)(4))

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);

Initial Review **10/08/21** Final Adoption **11/12/21**
Proposed Effective Date **01/10/22** Emergency Adoption

Title of Rule: Revision to the Medical Assistance Rule concerning the Home and Community Based Services Final Settings Rule, Section 8.484
Rule Number: MSB 21-02-09-A
Division / Contact / Phone: COB Section / Cassandra Keller / 303-866-5181

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   The proposed regulations will impact all HCBS members, approximately 55,000 individuals. All providers who accept Medicaid funding are required to comply with these rules. Member's will greatly benefit from the implementation of these rules by ensuring everyone gets the most out of community living, all services are provided in integrated settings, and the provision of services are person-centered. There may be costs incurred by providers in order to come into compliance with these regulations. For example, a provider may need to invest in locks for bedroom doors. The Department has engaged stakeholders throughout the process to understand the potential costs incurred from the implementation of this rule.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   The codification of the federal Final Settings Rule will have a significant, positive impact for our members. As noted, these regulations ensure services are delivered in an integrated, person-centered manner. A members' rights are outlined and protected within these regulations. If a right needs to be modified for some reason, informed consent must be given by the member or the guardian. These rules will ensure all providers follow these requirements and allows the oversight agency to survey on these requirements.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   The Department has partnered with the Department of Public Health and Environment on this project. There are no additional costs to CDPHE from these regulations. The work to conduct the surveys has already been incorporated into their existing workload.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

The Department must implement these regulations otherwise we will be out of compliance with the federal regulations. By being out of compliance, there is a risk of losing the federal match on all HCBS services.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no other methods to achieve our purpose. These regulations must be promulgated in order to remain in compliance with federal regulations.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   No alternative methods were considered.

8.483 ADULT FOSTER CARE - REPEALED

[Repealed effective April 2, 2007]

8.484 HOME- AND COMMUNITY-BASED SERVICES SETTINGS FINAL RULE

8.484.1 STATEMENT OF PURPOSE, SCOPE, AND ENFORCEMENT

8.484.1.A The purpose of this Section 8.484 is to implement the requirements of the federal Home- and Community-Based Services (HCBS) Settings Final Rule, 79 Fed. Reg. 2947 (2014), codified at 42 C.F.R. § 441.301(c)(4). These rules identify individual rights that are protected at settings where people live or receive HCBS. They also set out a process for modifying these rights as warranted in individual cases. These rules apply to all HCBS under all authorities, except where otherwise noted.

8.484.1.B This Section 8.484 is enforced pursuant to existing procedures, subject to the following transition period exceptions:

1. The following settings were presumed compliant during the transition period and remain covered by this presumption until March 17, 2023:

    a. Residential settings owned or leased by individuals receiving HCBS or their families (personal homes);
    b. Professional provider offices and clinics;
    c. Settings where children receive Community Connector services under the Children's Extensive Supports (CES) Waiver; and
    d. Settings where people receive individual Supported Employment services.

2. Any setting for which a Provider Transition Plan (PTP) has been submitted by December 30, 2021 may continue to transition toward compliance according to the schedule set forth in the PTP. This exception is to be narrowly construed and does not apply to other situations, such as, by way of illustration only, non-compliance:

    a. At case management agencies;
    b. At a setting for which a PTP was not submitted by December 30, 2021 for any reason;
    c. At a setting after the applicable deadline in the setting's PTP, with the deadline being (i) three months after the PTP was submitted unless adjusted with departmental approval and (ii) in no event after March 17, 2023; or
    d. Involving compliance issues that have been verified as resolved through the PTP process and therefore no longer subject to transition.

8.484.2 DEFINITIONS

8.484.2.A Age Appropriate Activities and Materials means activities and materials that foster social, intellectual, communicative, and emotional development and that challenge the individual to use their skills in these areas while considering their chronological age, developmental level, and physical skills.

8.484.2.B Covered HCBS means any Home- and Community-Based Service(s) provided under the Colorado State Medicaid Plan, a Colorado Medicaid waiver program, or a State-funded program administered by the Department. This category excludes Respite Services, Palliative/Supportive

Care services provided outside the child's home under the Children with Life-Limiting Illness Waiver, and Youth Day Services under the CES Waiver.

8.484.2.C HCBS Setting means any physical location where Covered HCBS are provided.

1. HCBS Settings include, but are not limited to, Provider-Owned or -Controlled Non-residential Settings, Other Non-residential Settings, Provider-Owned or -Controlled Residential Settings, and Other Residential Settings.
2. If Covered HCBS are provided at a physical location to one or more individuals, the setting is considered an HCBS Setting, regardless of whether some individuals at the setting do not receive Covered HCBS. The requirements of this Section 8.484 apply to the setting as a whole and protect the rights of all individuals receiving services at the setting regardless of payer source.

8.484.2.D Informed Consent means the informed, freely given, written agreement of the individual (or, if authorized, their guardian or other legally authorized representative) to a Rights Modification. The case manager ensures that the agreement is informed, freely given, and in writing by confirming that the individual (or, if authorized, their guardian or other legally authorized representative) understands all of the information required to be documented in Section 8.484.5 and has signed the Department-prescribed form to that effect.

8.484.2.E Intensive Supervision means one-on-one (1:1), line-of-sight, or 24-hour supervision. Intensive Supervision is a Rights Modification if the individual verbally or non-verbally expresses that they do not want the supervision or if the supervision would be covered by the Department's processes for rights suspensions or restrictive procedures pursuant to the version of Sections 8.600.4, 8.604.3, and 8.608.1-2 in effect on December 30, 2021.

8.484.2.F Other Non-residential Setting means a physical location that is non-residential and that is not owned, leased, operated, or managed by an HCBS provider or by an independent contractor providing nonresidential services.

1. Other Non-residential Settings include, but are not limited to, locations in the community where Covered HCBS are provided.

8.484.2.G Other Residential Setting means a physical location that is residential and that is not owned, leased, operated, or managed by an HCBS provider or by an independent contractor providing residential services.

1. Other Residential Settings include, but are not limited to, Residential Settings owned or leased by individuals receiving HCBS or their families (personal homes) and those owned or leased by relatives paid to provide HCBS unless such relatives are independent contractors of HCBS providers.8.484.2.H Person-Centered Support Plan means a service and support plan that is directed by the individual whenever possible, with the individual's representative acting in a participatory role as needed, is prepared by the case manager under Sections 8.393.2.E or 8.519.11, identifies the supports needed for the individual to achieve personally identified goals, and is based on respecting and valuing individual preferences, strengths, and contributions.

8.484.2.I Plain Language means language that is understandable to the individual and in their native language, and it may include pictorial methods, if warranted;

8.484.2.J Provider-Owned or -Controlled Non-residential Setting means a physical location that is non-residential and that is owned, leased, operated, or managed by an HCBS provider or by an independent contractor providing non-residential services.

1. Provider-Owned or -Controlled Non-residential Settings include, but are not limited to, provider-owned facilities where Adult Day, Day Treatment, Specialized Habilitation, Supported Community Connections, Prevocational Services, and Supported Employment Services are provided.

8.484.2.K Provider-Owned or -Controlled Residential Setting means a physical location that is residential and that is owned, leased, operated, or managed by an HCBS provider or by an independent contractor providing residential services.

1. Provider-Owned or -Controlled Residential Settings include, but are not limited to, Alternative Care Facilities (ACFs); Supported Living Program (SLP) and Transitional Living Program (TLP) facilities; group homes for adults with intellectual or developmental disabilities (IDD); Host Homes for adults with IDD; any Individual Residential Services and Supports (IRSS) setting that is owned or leased by a service provider or independent contractor of such a provider; and foster care homes, Host Homes, group homes, residential child care facilities, and Qualified Residential Treatment Programs (QRTPs) in which Children's Habilitation Residential Program (CHRP) services are provided.

8.484.2.L Restraint means any manual method or direct bodily contact or force, physical or mechanical device, material, or equipment that restricts normal functioning or movement of all or any portion of a person's body, or any drug, medication, or other chemical that restricts a person's behavior or restricts normal functioning or movement of all or any portion of their body. Physical or hand-over-hand assistance is a Restraint if the individual verbally or non-verbally expresses that they do not want the assistance or if the assistance is a safety or emergency control procedure or would be covered by the Department's processes for rights suspensions or restrictive procedures pursuant to the version of Sections 8.600.4, 8.604.3, and 8.608.1-2 in effect on December 30, 2021.

8.484.2.M Restrictive or Controlled Egress Measures means devices, technologies, or approaches that have the effect of restricting or controlling egress or monitoring the coming and going of individuals. The following measures are deemed to have such an effect and are Restrictive or Controlled Egress Measures: locks preventing egress; audio monitors, chimes, motion-activated bells, silent or auditory alarms, and alerts on entrances/exits at residential settings; and wearable devices that indicate to anyone other than the wearer their location or their presence/absence within a building. Other measures that have the effect of restricting or controlling egress or monitoring the coming and going of individuals are also Restrictive or Controlled Egress Measures.

8.484.2.N Rights Modification means any situation in which an individual is limited in the full exercise of their rights.

1. Rights Modifications include, but are not limited to:

    a. the use of Intensive Supervision if deemed a Rights Modification under the definition in Section 8.484.2.E above;
    b. the use of Restraints;
    c. the use of Restrictive or Controlled Egress Measures;
    d. modifications to the other rights in Section 8.484.3 (basic criteria applicable to all HCBS Settings) and Section 8.484.4 (additional criteria for HCBS Settings);
    e. any provider actions to implement a court order limiting any of the foregoing individual rights;
    f. rights suspensions under Section 25.5-10-218(3), C.R.S.; and

g. all situations formerly covered by the Department's processes for rights suspensions or restrictive procedures pursuant to the version of Sections 8.600.4, 8.604.3, and 8.608.1-2 in effect on December 30, 2021.

2. Modifications to the rights to dignity and respect, the rights in Sections 8.484.3.A.6-11 (covering such matters as person-centeredness; civil rights; freedom from abuse; and Plain-Language explanations of rights, dispute resolution policies, and grievance/complaint procedures), and the right to physical accessibility are not permitted.
3. For children under age 18, a limitation or restriction to any of the rights in Sections 8.484.3 and 8.484.4 that is typical for children of that age, including children not receiving HCBS, is not a Rights Modification. Consider age-appropriate behavior when assessing what is typical for children of that age. If the child is not able to fully exercise the right because of their age, then there is no need to pursue the Rights Modification process under Section 8.484.5. However, if the proposed limitation or restriction is above and beyond what a typically developing peer would require, then it must be handled as a Rights Modification under Section 8.484.5.

8.484.3 BASIC CRITERIA APPLICABLE TO ALL HCBS SETTINGS

8.484.3.A All HCBS Settings must have all of the following qualities and protect all of the following individual rights, based on the needs of the individual as indicated in their Person-Centered Support Plan, subject to the Rights Modification process in Section 8.484.5:

1. The setting is integrated in and supports full access of individuals to the greater community, including opportunities to seek employment and work in competitive integrated settings, control personal resources, receive services in the community, and engage in community life, including with individuals who are not paid staff/contractors and do not have disabilities, to the same degree of access as individuals not receiving HCBS.

    a. Individuals are not required to leave the setting or engage in community activities. Individuals must be offered and have the opportunity to select from Age Appropriate Activities and Materials both within and outside of the setting.
    b. Integration and engagement in community life includes supporting individuals in accessing public transportation and other available transportation resources.
    c. Individuals receiving HCBS are not singled out from other community members through requirements of individual identifiers, signage, or other means.
    d. Individuals may communicate privately with anyone of their choosing.
    e. Methods of communication are not limited by the provider.

        i. The setting must always provide access to shared telephones if it is a Provider-Owned or -Controlled Residential Setting and during business hours if it is a Provider-Owned or -Controlled Non-residential Setting.

        ii. Individuals are allowed to maintain and use their own cell phones, tablets, computers, and other personal communications devices, at their own expense.

        iii. Individuals are allowed to access telephone, cable, and Ethernet jacks, as well as wireless networks, in their rooms/units, at their own expense.

    f. Individuals have control over their personal resources. If an individual is not able to control their resources, an assessment of their skills must be completed and documented in their Person-Centered Support Plan. The assessment and

Person-Centered Support Plan must identify what individualized assistance the provider or other person will provide and any training for the individual to become more independent, based on the outcome of the assessment.

i. Providers may not insist on controlling an individual's funds as a condition of providing services and may not require individuals to sign over their Social Security checks or paychecks.

ii. A provider may control an individual's funds if the individual so desires, or if it has been designated as their representative payee under the Social Security Administration's (SSA's) policies. If a provider holds or manages an individual's funds, their signed Person-Centered Support Plan must:

a) Document the request or representative payee designation;

b) Document the reasons for the request or designation; and

c) Include the parties' agreement on the scope of managing the funds, how the provider should handle the funds, and what they define as "reasonable amounts" under Section 25.5-10-227, C.R.S.

iii. The provider must ensure that the individual can access and spend money at any time, including on weekends, holidays, and evenings, including with assistance or supervision if necessary.

2. The setting is selected by the individual from among setting options, including non-disability specific settings and an option for a private unit in a residential setting. The setting options are identified and documented in the Person-Centered Support Plan and are based on the individual's needs, preferences, and, for residential settings, resources available for room and board.
3. The setting ensures an individual's rights of privacy, dignity, and respect, and freedom from coercion and restraint.

a. The right of privacy includes the right to be free of cameras, audio monitors, and devices that chime or otherwise alert others, including silently, when a person stands up or passes through a doorway.

i. The use of cameras, audio monitors, chimes, and alerts in (a) interior areas of residential settings, including common areas as well as bathrooms and bedrooms, and in (b) typically private areas of non-residential settings, including bathrooms and changing rooms, is acceptable only under the standards for modifying rights on an individualized basis pursuant to Section 8.484.5.

ii. If an individualized assessment indicates that the use of a camera, audio monitor, chime, or alert in the areas identified in the preceding paragraph is necessary for an individual, this modification must be reflected in their Person-Centered Support Plan. The Person-Centered Support Plans of other individuals at that setting must reflect that they have been informed in Plain Language of the camera(s)/monitor(s)/chime(s)/alert(s) and any methods in place to mitigate the impact on their privacy. The provider must ensure that only appropriate staff/contractors have access to the camera(s)/monitor(s)/chime(s)/alert(s) and any recordings and files they

generate, and it must have a method for secure disposal or destruction of any recordings and files after a reasonable period.

iii. Cameras, audio monitors, chimes, and alerts on staff-only desks and exterior areas, cameras on the exterior sides of entrances/exits, and cameras typically found in integrated employment settings, generally do not raise privacy concerns, so long as their use is similar to that practiced at non-HCBS Settings. In provider-owned or -controlled settings, notice must be provided to all individuals that they may be on camera and specify where the cameras are located. If such devices have the effect of restricting or controlling egress or monitoring the coming and going of individuals, they are subject to the Rights Modification requirements of Section 8.484.5.

iv. Audio monitors, chimes, motion-activated bells, silent or auditory alarms, and alerts on entrances/exits at residential settings have the effect of restricting or controlling egress and are subject to the Rights Modification requirements of Section 8.484.5. If such devices on entrances/exits at non-residential settings have the effect of restricting or controlling egress or monitoring the coming and going of individuals, they are subject to the Rights Modification requirements of Section 8.484.5.

b. The right of privacy includes the right not to have one's name or other confidential items of information posted in common areas of the setting.

4. The setting fosters individual initiative and autonomy, and the individual is afforded the opportunity to make independent life choices. This includes, but is not limited to, daily activities, physical environment, and with whom to interact.
5. The setting facilitates individual choice regarding services and supports, and who provides them.
6. The Person-Centered Support Plan drives the services afforded to the individual, and the setting staff/contractors are trained on this concept and person-centered practices, as well as the concept of dignity of risk.
7. Each individual is afforded the opportunity to:

   a. Lead the development of, and grant Informed Consent to, any provider-specific treatment, care, or support plan;
   b. Have freedom of religion and the ability to participate in religious or spiritual activities, ceremonies, and communities;
   c. Live and receive services in a clean, safe environment;
   d. Be free to express their opinions and have those included when any decisions are being made affecting their life;
   e. Be free from physical abuse and inhumane treatment;
   f. Be protected from all forms of sexual exploitation;
   g. Access necessary medical care which is adequate and appropriate to their condition;
   h. Exercise personal choice in areas including personal style;
   i. Receive the same consideration and treatment as anyone else regardless of race, color, ethnic or national origin, ancestry, age, sex, gender, sexual orientation, gender identity and expression, religion, creed, political beliefs, or disability; and
   j. Accept or decline services and supports of their own free will and on the basis of informed choice.

8. Nothing in this rule shall be construed to prohibit necessary assistance as appropriate to those individuals who may require such assistance to exercise their rights.
9. Nothing in this rule shall be construed to interfere with the ability of a guardian or other legally authorized representative to make decisions within the scope of their guardianship order or other authorizing document.
10. Providers shall supply all individuals at the setting with a Plain Language explanation of their rights under this Section 8.484.
11. Providers shall supply all individuals at the setting with a Plain Language explanation of available dispute resolution and grievance/complaint procedures, along with outside agency contact information, including phone numbers, for assistance. Providers must allow grievances/complaints to be submitted anonymously and at any time (not subject to a deadline).

8.484.4 ADDITIONAL CRITERIA FOR HCBS SETTINGS

8.484.4.A Provider-Owned or -Controlled Residential Settings must have all of the following qualities and protect all of the following individual rights, based on the needs of the individual as indicated in their Person-Centered Support Plan, subject to the Rights Modification process in Section 8.484.5:

1. The unit or dwelling is a specific physical place that can be owned, rented, or occupied under a legally enforceable agreement by the individual, and the individual has, at a minimum, the same responsibilities and protections from eviction that tenants have under the landlord/tenant law of the State, county, city, or other designated entity. For settings in which landlord/tenant laws do not apply, a lease, residency agreement, or other form of written agreement must be in place for each individual, and the document must provide protections that address eviction processes and appeals comparable to those provided under the jurisdiction's landlord/tenant law.

    a. The lease, residency agreement, or other written agreement must:

        i. Provide substantially the same terms for all individuals;

        ii. Be in Plain Language, or if the provider/its independent contractor cannot adjust the language, at least be explained to the individual in Plain Language;

        iii. Provide the same responsibilities and protections from eviction that tenants have under the landlord/tenant law of their State, county, city, or other designated entity (or comparable responsibilities and protections, as the case may be), and indicate the authorities that govern these responsibilities, protections, and related disputes;

        iv. Specify that the individual will occupy a particular room or unit;

        v. Explain the conditions under which people may be asked to move or leave;

        vi. Provide a process for individuals to dispute/appeal and seek review by a neutral decisionmaker of any notice that they must move or leave, or tell individuals where they can easily find an explanation of such a process, and state this information in any notice to move or leave;

        vii. Specify the duration of the agreement;

viii. Specify rent or room-and-board charges;

ix. Specify expectations for maintenance;

x. Specify that staff/contractors will not enter a unit without providing advance notice and agreeing upon a time with the individual(s) in the unit;

xi. Specify refund policies in the event of a resident's absence, hospitalization, voluntary or involuntary move to another setting, or death; and

xii. Be signed by all parties, including the individual or, if within the scope of their authority, their guardian or other legally authorized representative.

b. The lease, residency agreement, or other written agreement may:

i. Include generally applicable limits on furnishing/decorating of the kind that typical landlords might impose; and

ii. Provide for a security deposit or other provisions outlining how property damage will be addressed.

c. The lease, residency agreement, or other written agreement may not modify the individual rights protected under Sections 8.484.3 and 8.484.4, such as (a) by imposing individualized terms that modify these conditions or (b) by requiring individuals to comply with house rules or resident handbooks that modify everyone's rights.

d. Providers and their independent contractors must engage in documented efforts to resolve problems and meet residents' care needs before seeking to move individuals or asking them to leave. Providers and their independent contractors must have a substantial reason for seeking any move/eviction (e.g., protection of someone's health/safety), and minor personal conflicts do not meet this threshold.

e. A violation of a lease or residency agreement, a change in the resident's medical condition, or any other development that leads to a notice to leave must include at least 30 days' notice to the individual (or, if authorized, their guardian or other legally authorized representative).

f. If an individual has not moved out after the end of a 30-day (or longer) notice period, the provider/its independent contractor may not act on its own to evict the individual until the individual has had the opportunity to pursue and complete any applicable grievance, complaint, dispute resolution, and/or court processes, including obtaining a final decision on any appeal, request for reconsideration, or further review that may be available.

g. A provider/its independent contractor may not require an individual who has nowhere else to live to leave the setting.

h. This Section 1 does not apply to children under age 18.

2. Individuals have the right to dignity and privacy, including in their living/sleeping units. This right to privacy includes the following criteria:

a. Individuals must have a key or key code to their home, a bedroom door with a lock and key, lockable bathroom doors, privacy in changing areas, and a lockable

place for belongings, with only appropriate staff/contractors having keys to such doors and storage areas. Staff/contractors must knock and obtain permission before entering individual units, bedrooms, bathrooms, and changing areas. Staff/contractors may use keys to enter these areas and to open private storage spaces only under limited circumstances agreed upon with the individual.

b. Individuals shall have choice in a roommate/housemate. Providers must have a process in place to document expectations and outline the process to accommodate choice.

c. Individuals have the right to furnish and decorate their sleeping and/or living units in the way that suits them, while maintaining a safe and sanitary environment and, for individuals age 18 and older, complying with the applicable lease, residency agreement, or other written agreement.

3. The Residential Setting does not have institutional features not found in a typical home, such as staff uniforms; entryways containing numerous staff postings or messages; or labels on drawers, cupboards, or bedrooms for staff convenience.
4. Individuals have the freedom and support to determine their own schedules and activities, including methods of accessing the greater community;
5. Individuals have access to food at all times, choose when and what to eat, have input in menu planning (if the setting provides food), have access to food preparation and storage areas, can store and eat food in their room/unit, and have access to a dining area for meals/snacks with comfortable seating where they can choose their own seat, choose their company (or lack thereof), and choose to converse (or not);
6. Individuals are able to have visitors of their choosing at any time and are able to socialize with whomever they choose (including romantic relationships);
7. The setting is physically accessible to the individual, and the individual has unrestricted access to all common areas, including areas such as the bathroom, kitchen, dining area, and comfortable seating in shared areas. If the individual wishes to do laundry and their home has laundry machines, the individual has physical access to those machines; and
8. Individuals are able to smoke and vape nicotine products in a safe, designated outdoor area, unless prohibited by the restrictions on smoking near entryways set forth in the Colorado Clean Indoor Air Act, Section 25-14-204(1)(ff), C.R.S., or any law of the county, city, or other local government entity.

8.484.4.B Other Residential Settings in which one or more individuals receiving 24-hour residential services and supports reside must have all of the qualities of and protect all of the same individual rights as Provider-Owned or -Controlled Residential Settings, as listed above, other than Section 8.484.4.A relating to a lease or other written agreement providing protections against eviction, subject to the Rights Modification process in Section 8.484.5.

8.484.4.C Other Residential Settings in which no individuals receiving 24-hour residential services and supports reside are excluded from this Section 8.484.4.

1. This group of settings includes, but is not limited to, homes in which no individual receives IRSS and one or more individuals receive Consumer-Directed Attendant Support Services (CDASS), Health Maintenance Services, Homemaker Services, In-Home Support Services (IHSS), and/or Personal Care Services.

8.484.4.D Provider-Owned or -Controlled Non-residential Settings must have all of the qualities of and protect all of the same individual rights as Provider-Owned or -Controlled Residential Settings, as listed above, other than Section 8.484.4.A relating to a lease or other written

agreement providing protections against eviction and Section 8.484.4.B relating to privacy in one's living/sleeping unit, subject to the Rights Modification process in Section 8.484.5.

1. Provider-Owned or -Controlled Non-residential Settings must afford individuals privacy in bathrooms and changing areas and a lockable place for belongings, with only the individuals and appropriate staff/contractors having keys to such doors and storage areas.
2. This Section 8.484.4 does not require Non-residential Settings to provide food if they are not already required to do so under other authorities. This Section 8.484.4 does require Non-residential Settings to ensure that individuals have access to their own food at any time.

8.484.4.E Other Non-residential Settings must have all of the qualities of and protect the same individual rights as Provider-Owned or -Controlled Non-residential Settings, as stated immediately above, to the same extent for HCBS participants as they do for other individuals, subject to the Rights Modification process in Section 8.484.5.

8.484.5 RIGHTS MODIFICATIONS

8.484.5.A Any modification of an individual's rights must be supported by a specific assessed need and justified in the Person-Centered Support Plan, pursuant to the process set out in Sections 8.484.5.C and 8.484.5.D below. Rights Modifications may not be imposed across-the-board and may not be based on the convenience of the provider. The provider must ensure that a Rights Modification does not infringe on the rights of individuals not subject to the modification. Wherever possible, Rights Modifications should be avoided or minimized, consistent with the concept of dignity of risk.

8.484.5.B The process set out in Sections 8.484.5.C-D below applies to all Rights Modifications.

8.484.5.C For a Rights Modification to be implemented, the following information must be documented in the individual's Person-Centered Support Plan, and any provider implementing the Rights Modification must maintain a copy of the documentation:

1. The right to be modified.
2. The specific and individualized assessed need for the Rights Modification.
3. The positive interventions and supports used prior to any Rights Modification, as well as the plan going forward for the provider to support the individual in learning skills so that the modification becomes unnecessary.
4. The less intrusive methods of meeting the need that were tried but did not work.
5. A clear description of the Rights Modification that is directly proportionate to the specific assessed need.
6. A plan for regular collection of data to measure the ongoing effectiveness of and need for the Rights Modification, including specification of the positive behaviors and objective results that the individual can achieve to demonstrate that the Rights Modification is no longer needed.
7. An established timeline for periodic reviews of the data collected under the preceding paragraph. The Rights Modification must be reviewed and revised upon reassessment of functional need at least every 12 months, and sooner if the individual's circumstances or needs change significantly, the individual requests a review/revision, or another authority requires a review/revision.
8. The Informed Consent of the individual (or, if authorized, their guardian or other legally authorized representative) agreeing to the Rights Modification.
9. An assurance that interventions and supports will cause no harm to the individual, including documentation of the implications of the modification for the individual's

everyday life and the ways the modification is paired with additional supports to prevent harm or discomfort and to mitigate any undesired effects of the modification.

10. Alternatives to consenting to the Rights Modification, along with their most significant likely consequences.
11. An assurance that the individual will not be subject to retaliation or prejudice in their receipt of appropriate services and supports for declining to consent or withdrawing their consent to the Rights Modification.

8.484.5.D Additional Rights Modification process requirements:

1. Prior to obtaining Informed Consent, the case manager must offer the individual the opportunity to have an advocate, who is identified and selected by the individual, present at the time that Informed Consent is obtained. The case manager must offer to assist the individual, if desired, in identifying an independent advocate who is not involved with providing services or supports to the individual. These offers and the individual's response must be documented by the case manager.
2. Any providers that desire or expect to be involved in implementing a Rights Modification may supply to the case manager information required to be documented under this Section 8.484.5, except for documentation of Informed Consent and the offers and response relating to an advocate, which may be obtained and documented only by the case manager. The individual determines whether any information supplied by the provider is satisfactory before the case manager enters it into their Person-Centered Support Plan.

8.484.5.E Use of Restraints

1. If Restraints are used with an individual at an HCBS Setting, their use must:

    a. Be based on an assessed need after all less restrictive interventions have been exhausted;
    b. Be documented in the individual's Person-Centered Support Plan as a modification of the generally applicable rights protected under Section 8.484.3, consistent with the Rights Modification process in this Section 8.484.5; and
    c. Be compliant with any applicable waiver.

2. Prone Restraints are prohibited in all circumstances. Nothing in this Section E permits the use of any Restraint that is precluded by other authorities.

8.484.5.F If Restrictive or Controlled Egress Measures are used at an HCBS Setting, they must:

1. Be implemented on an individualized (not setting-wide) basis;
2. Make accommodations for individuals in the same setting who are not at risk of unsafe wandering or exit-seeking behaviors;
3. Be documented in the individual's Person-Centered Support Plan as a modification of the generally applicable rights protected under Section 8.484.3, consistent with the Rights Modification process in this Section 8.484.5, with the documentation including:

    a. An assessment of the individual's unsafe wandering or exit-seeking behaviors (and the underlying conditions, diseases, or disorders relating to such behaviors) and the need for safety measures;
    b. Options that were explored before any modifications occurred to the Person-Centered Support Plan;

c. The individual's understanding of the setting's safety features, including any Restrictive or Controlled Egress Measures;
d. The individual's choices regarding measures to prevent unsafe wandering or exit-seeking;
e. The individual's (or, if authorized, their guardian's or other legally authorized representative's) consent to restrictive- or controlled-egress goals for care;
f. The individual's preferences for engagement within the setting's community and within the broader community; and
g. The opportunities, services, supports, and environmental design that will enable the individual to participate in desired activities and support their mobility; and

4. Not be developed or used for non-person-centered purposes, such as punishment or staff/contractor convenience.

8.484.5.G If there is a serious risk to anyone's health or safety, a Rights Modification may be implemented or continued for a short time without meeting all the requirements of this Section 8.484.5, so long as the provider immediately (a) implements staffing and other measures to deescalate the situation and (b) reaches out to the case manager to set up a meeting as soon as possible, and in no event past the end of the third business day following the date on which the risk arises. At the meeting, the individual can grant or deny their Informed Consent to the Rights Modification. The Rights Modification may not be continued past the conclusion of this meeting or the end of the third business day, whichever comes first, unless all the requirements of this Section 8.484.5 have been met.

8.484.5.H When a provider proposes a Rights Modification and supplies to the case manager all of the information required to be documented under this Section 8.484.5, except for documentation that may be obtained only by the case manager, the case manager shall arrange for a meeting with the individual to discuss the proposal and facilitate the individual's decision regarding whether to grant or deny their Informed Consent. Except when the timeline in Section 8.484.5.G applies, the case manager shall arrange for this meeting to occur by the end of the tenth business day following the date on which they received from the provider of all the required information. The individual may elect to make a final decision during or after this meeting. If the individual does not inform their case manager of their decision by the end of the fifth business day following the date of the meeting, they are deemed not to have consented.

8.485 HOME AND COMMUNITY BASED SERVICES FOR THE ELDERLY, BLIND AND DISABLED (HCBS-EBD) GENERAL PROVISIONS

8.485.10 LEGAL BASIS

The Home and Community Based Services for the Elderly, Blind and Disabled (HCBS-EBD) program in Colorado is authorized by a waiver of the amount, duration and scope of services requirements contained in Section 1902(a)(10)(B) of the Social Security Act. The waiver was granted by the United States Department of Health and Human Services, under Section 1915(c) of the Social Security Act. The HCBS-EBD program is also authorized under state law at C.R.S. section 25.5-6-301 et seq. – as amended.

SECRETARY OF STATE

RULES ACTION SUMMARY AND FILING INSTRUCTIONS

SUMMARY OF ACTION ON RULE(S)

1. Department / Agency Name: Health Care Policy and Financing / Medical Services Board

2. Title of Rule: MSB 21-08-10-C, Revision to the Medical Assistance Long-Term Services and Supports HCBS Benefit Rule Concerning Non-Medical Transportation, Sections 8.494 and 8.611

3. This action is an adoption of: an amendment

4. Rule sections affected in this action (if existing rule, also give Code of Regulations number and page numbers affected): 8.494 and 8.611

5. Does this action involve any temporary or emergency rule(s)? No
   If yes, state effective date:
   Is rule to be made permanent? (If yes, please attach notice of hearing). Yes

PUBLICATION INSTRUCTIONS*

Replace the current text at 8.494 with the proposed text beginning at 8.494 through the end of 8.494.50.56. Replace the current text at 8.611 with the proposed text beginning at 8.611 through the end of 8.611.C.6. This rule is effective January 10,2022.

*to be completed by MSB Board Coordinator

Title of Rule: Revision to the Medical Assistance Long-Term Services and Supports HCBS Benefit Rule Concerning Non-Medical Transportation, Sections 8.494 and 8.611
Rule Number: MSB 21-08-10-C
Division / Contact / Phone: Benefits and Services Management/ Cassandra Keller/ 5181

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   The purpose of these revisions is to modify the requirements for our Home and Community Based Services (HCBS) transportation providers. Effective July 1, 2021, House Bill 21-1206 transferred the responsibility of safety and oversight for Non-Medical Transportation (NMT) and Non-Emergent Medical Transportation (NEMT) from the Public Utilities Commission (PUC) to the Department, with the exception of taxi providers. These regulations remove the requirement that providers obtain a Medicaid Client Transport (MCT) permit through the PUC and outline the new provider agency, vehicle and driver requirements developed with the assistance of stakeholders.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

   Explain:

3. Federal authority for the Rule, if any:

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021); Sections 25.5-6 and Sections 25.5-10 C.R.S. and 25.5.-1-802 C.R.S.

Initial Review **10/08/21** Final Adoption **11/12/21**
Proposed Effective Date **01/10/22** Emergency Adoption

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   The revisions to these regulations will positively impact both members and providers. Members impacted include those served under the Elderly Blind and Disabled (EBD), Community Mental Health Supports (CMHS), Spinal Cord Injury (SCI), and Brain Injury (BI), Supported Living Services (SLS), and Developmental Disabilities (DD) waivers. Previously, when oversight was through the Public Utilities Commission (PUC), providers had to comply with very onerous regulations and purchase vehicle stamps for each vehicle used. This was very costly for providers who already operate on thin margins. With the proposed regulations, the provider requirements are far more reasonable while maintaining appropriate oversight for member safety; they are not so arduous that providers feel forced to no longer provide services. By maintaining a robust provider network, members will have the ability to access critical services and engage with their community.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   These revisions will have a positive impact on members served in all the adult Home and Community Based Services (HCBS) waivers where NMT is a benefit. Members rely on the Non-Medical Transportation (NMT) benefit to attend day program, travel to and from work, and visit their family and friends. Without this critical service and our providers, members access to the community would be cut-off. The new regulations will allow the Department to have the necessary oversight of drivers and vehicles, without creating burdensome requirements that deter providers from providing this service.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

The proposed rule will not have a budgetary impact on the Department. Funds appropriated through House Bill 21-1206 will be used to ensure provider compliance with these regulations.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   There would be noted costs by not revising these regulations. The Department is legislatively mandated to implement an oversight process for NMT providers. Without revising these regulations and implementing these oversight requirements, the Department would be out of compliance with the legislation. Moreover, it would pose an issue with the Centers for Medicare and Medicaid Services (CMS). The Department is required to have oversight of providers; if the Department fails to do so, we could be at risk for federal financial participation (FFP).

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no less costly or intrusive methods available. Revising these regulations to include the new requirements is the best course of action.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   No other alternative methods were considered. In order to ensure compliance with the provider requirements, they must be outlined in regulation to be enforceable.

8.494 NON-MEDICAL TRANSPORTATION

8.494.1 DEFINITIONS

Non-Medical Transportation (NMT) services means transportation which enables eligible participants to gain physical access to non-medical community services and supports, as required by the care plan to prevent institutionalization.

Non-Medical Transportation Provider (provider) means a provider agency that has met all standards and requirements as specified in Section 8.494.40 of this regulation.

8.494.20 INCLUSIONS

.21 Non-Medical Transportation services shall include, but not be limited to, transportation between the participant's home and non-medical services or supports such as Adult Day Centers, shopping, activities that encourage community integration, therapeutic swimming, counseling sessions not covered by State Plan, and other services as required by the care plan to prevent institutionalization.

8.494.30 EXCLUSIONS

.31 Non-Medical Transportation services shall not be used to substitute for medical transportation, as defined in Section 8.014.1.

.32 Non-Medical Transportation services shall only be used after the case manager has determined that free transportation is not available to the participant.

8.494.40 PROVIDER STANDARDS FOR NON-MEDICAL TRANSPORTATION SERVICES

.41 Providers shall conform to all general standards and procedures set forth within Department regulations Sections 8.494 and 8.487.

.42 Providers must maintain liability insurance with the following automobile liability minimum limits:

A. Bodily injury (BI) $300/$600K per person/per accident; and

B. Property damage $50,000.

C. Drivers that utilize their personal vehicle on behalf of a provider agency to provide NMT must maintain the following minimum automobile insurance limits, in addition to the insurance maintained by the provider agency:

1. Bodily injury (BI) $25/$50K per person/per accident; and

2. Property damage $15,000.

.43 Providers shall ensure that each driver rendering NMT meets the following requirements:

A. Drivers must be 18 years of age or older to render services; B. Have at least one year of driving experience; C. Possess a valid Colorado driver’s license;

D. Provide a copy of their current Colorado motor driving vehicle record, with the previous seven years of driving history; and

E. Complete a Colorado or National-based criminal history record check.

.44 Drivers shall be disqualified from serving as drivers for any program participants for any of the following:

A. A conviction of substance abuse occurring within the seven (7) years preceding the date the criminal history record check is completed;

B. A conviction in the State of Colorado, at any time, of any Class 1 or 2 felony under Title 18, C.R.S.;

C. A conviction in the State of Colorado, within the seven (7) years preceding the date the criminal history record check is completed, of a crime of violence, as defined in C.R.S. § 18-1.3-406(2);

D. A conviction in the State of Colorado, within the four (4) years preceding the date the criminal history record check is completed, of any Class 4 felony under Articles 2, 3, 3.5, 4, 5, 6, 6.5, 8, 9, 12, or 15 of Title 18, C.R.S.;

E. A conviction of an offense in any other state that is comparable to any offense listed in subparagraphs (f)(II)(A) through (D) within the same time periods as listed in subparagraphs (f)(II)(A) through (D) of Rules Regulating Transportation by Motor Vehicle, 4 C.C.R. 723-6; § 6114;

F. A conviction in the State of Colorado, at any time, of a felony or misdemeanor unlawful sexual offense against a child, as defined in § 18-3-411, C.R.S., or of a comparable offense in any other state or in the United States at any time;

G. A conviction in Colorado within the two (2) years preceding the date the criminal history record check is completed of driving under the influence, as defined in § 42-4-1301(1)(f), C.R.S.; driving with excessive alcoholic content, as described in §42-4-1301(1)(g), C.R.S;

H. A conviction within the two (2) years preceding the date the criminal history record check is completed of an offense comparable to those included in subparagraph (f)(III)(B), 4 C.C.R. 723-6; § 6114 in any other state or in the United States; and

For purposes of 4 C.C.R. 723-6; § 6114(f)(IV), a deferred judgment and sentence pursuant to § 18-1.3-102, C.R.S., shall be deemed to be a conviction during the period of the deferred judgment and sentence.

.45 Vehicles used during the provision of NMT must be safe and in good working order. To ensure the safety and proper functioning of the vehicles, vehicles must pass a vehicle safety inspection prior to it being used to render services.

A. Safety inspections shall include the inspection of items as described in Rules Regulating Transportation by Motor Vehicle, 4 C.C.R. 723-6; § 6104.

B. Vehicles must be inspected on a schedule commensurate with their age:

1. Vehicles manufactured within the last five (5) years: no inspection.

2. Vehicles manufactured within the last six (6) to ten (10) years: inspected every 24 months.

3. Vehicles manufactured eleven (11) years or longer: inspected annually.

4. Vehicles for wheelchair transportation: inspected annually, regardless of the manufacture date of vehicle.

C. The vehicle inspector must be trained to conduct the inspection and be employed by an automotive repair company authorized to do business in Colorado.

.46 Transportation providers who maintain a certificate or permit through the Public Utilities Commission (PUC) are not required to meet the above requirements. PUC certificate and permit holders shall submit a copy of the certification to the Department for verification of provider credentials.

8.494.50 LIMITATIONS AND REIMBURSEMENT

.51 Reimbursement for non-medical transportation shall be the lower of billed charges or the prior authorized unit cost at a rate not to exceed the cost of providing medical transportation services.

.52 A provider's submitted charges shall not exceed those normally charged to the general public, other public or private organizations, or non-subsidized rates negotiated with other governmental entities.

.53 Provider charges shall not accrue when the recipient is not physically present in the vehicle.

.54 Providers shall not bill for services before they are an approved Medicaid provider and may bill only for those NMT services performed by a qualified driver utilizing a qualified vehicle.

.55 Excluding transportation to HCBS Adult Day facilities, a participant may not receive more than the equivalent of two (2) round trip services per week, or 104 round trip services per annual certification period utilizing NMT, unless otherwise authorized by the Department.

.56 A bus pass or other public conveyance may be used only when it is more cost effective than, or comparable to, the applicable service type and duration. Costs cannot exceed the total Wheelchair Van, Mileage Band 1 allowable per service plan. The most current HCBS Rate Schedule can be found on the Department website.

8.611 TRANSPORTATION

A. Definitions

1. Non-Medical Transportation (NMT) services means transportation which enables eligible participants to gain physical access to non-medical community services and supports, as required by the care plan to prevent institutionalization.

2. Non-Medical Transportation Provider (provider) means a provider agency that has met all standards and requirements as specified in Section 8.611.

3. Transportation acquisition services refers to the purchase or provision of transportation for participants receiving day program services under comprehensive services which enables them to gain access to programs and other community services and resources required by their Individualized Plan/Plan of Care. Funding for transportation activities incidental to the Residential Program are included in the Residential rate.

B. Exclusions

1. Non-Medical Transportation services shall not be used to substitute for medical transportation, as defined in Section 8.014.

2. Non-Medical Transportation services shall only be used after the case manager has determined that free or no-cost transportation is not available to the participant. Prior to the use of funds for transportation acquisition services, the Community Centered Board, case management agency or program approved service agency shall investigate the feasibility of the use of public transportation options. If public transportation options are found to be inadequate or inappropriate, this shall be documented.

C. Provider Standards for Non-Medical Transportation Services

1. Providers shall conform to all general standards and procedures set forth in Department regulations at Section 8.611.

2. Providers must maintain liability insurance with the following automobile liability limits:

   a. Bodily injury (BI) $300/$600K per person/per accident; and

   b. Property damage $50,000.

   c. Drivers that utilize their personal vehicle on behalf of a provider agency to provide NMT must maintain insurance that meets the following minimum automobile insurance requirements in addition to the insurance maintained by the provider agency :

      i. Bodily injury (BI) $25/$50K per person/per accident; and

      ii. Property damage $15,000.

3. Providers shall ensure that each driver rendering NMT meets the following requirements:

   a. Drivers must be 18 years of age or older to render services;

   b. Have at least one year of driving experience;

   c. Possess a valid Colorado driver’s license;

   d. Provide a copy of their current Colorado motor driving vehicle record, with the previous seven years of driving history; and

   e. Complete a Colorado or National-based criminal history record check.

4. Drivers shall be disqualified from driving for any of the following:

   a. A conviction of substance abuse occurring within the seven (7) years preceding the date the criminal history record check is completed;

   b. A conviction in the State of Colorado, at any time, of any Class 1 or 2 felony under Title 18, C.R.S.;

   c. A conviction in the State of Colorado, within the seven (7) years preceding the date the criminal history record check is completed, of a crime of violence, as defined in C.R.S. § 18-1.3-406(2);

d. A conviction in the State of Colorado, within the four (4) years preceding the date the criminal history record check is completed, of any Class 4 felony under Articles 2, 3, 3.5, 4, 5, 6, 6.5, 8, 9, 12, or 15 of Title 18, C.R.S.;

e. A conviction of an offense in any other state that is comparable to any offense listed in subparagraphs (f)(II)(A) through (D), when conviction for that offense occurs within the same time periods as listed in subparagraphs (f)(II)(A) through (D) of 4 C.C.R. 723-6, § 6114;

f. A conviction in the State of Colorado, at any time, of a felony or misdemeanor unlawful sexual offense against a child, as defined in § 18-3-411, C.R.S., or of a comparable offense in any other state or in the United States at any time;

g. A conviction in Colorado within the two (2) years preceding the date the criminal history record check is completed of driving under the influence, as defined in § 42-4-1301(1)(f), C.R.S.; driving with excessive alcoholic content, as described in §42-4-1301(1)(g), C.R.S;

h. A conviction within the two (2) years preceding the date the criminal history record check is completed of an offense comparable to those included in subparagraph (f)(III)(B) in any other state or in the United States; and

For purposes of 4 C.C.R. 723-6 § 6114(f)(IV), a deferred judgment and sentence pursuant to § 18-1.3-102, C.R.S., shall be deemed to be a conviction during the period of the deferred judgment and sentence.

5. Vehicles used during the provision of NMT must be safe and in good working order. To ensure the safety and proper functioning of the vehicles, vehicles must pass a vehicle safety inspection prior to it being used to render services.

   a. Safety inspections shall include the inspection of items as outlined in Rules Regulating Transportation by Motor Vehicle, 4 C.C.R. 723-6; §6104.

   b. Vehicles must be inspected on the following schedule:

      i. Vehicles manufactured within the last five (5 years:): no inspection.

      ii. Vehicles manufactured within the last six (6) to ten (10) years: every 24 months.

      iii. Vehicles manufactured eleven (11) years or later: annually.

      iv. Vehicles for wheelchair transportation: annually, regardless of the manufacture date of vehicle.

   c. The vehicle inspector must be trained to conduct the inspection and be employed by an automotive repair company authorized to do business in Colorado.

6. Transportation providers who maintain a certificate or permit through the Public Utilities Commission (PUC) are not required to meet the above requirements. PUC certificate and permit holders shall submit a copy of the certification to the Department for verification of provider credentials.

Title of Rule: MSB 21-08-05-B, A Revision to the Medical Assistance Long-Term Services and Supports HCBS Benefit Rule Concerning Service Plan Authorization Limits (SPAL) and the Exception Review Process, to revise Section 8.500.102
Rule Number: MSB 21-08-05-B
Division / Contact / Phone: BSMD/ Lindsay Westlund/ 5453

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   The Office of Community Living (OCL), Benefits and Services Management Division (BSMD) is requesting to revise regulations to include the addition of The SLS Waiver Exception Review Process as requested through R – 08 and approved through the Long Bill, SB 21 – 205. The addition of this review process is a policy change and this rule revision will allow specific members on the HCBS – SLS waiver to access additional supports and services beyond the current SPAL and/ or service unit limitation caps. This review process is anticipated to allow for members to continue to live in the community of their choice while postponing or eliminating the need for an emergency enrollment onto the HCBS – DD waiver.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

   Explain:

3. Federal authority for the Rule, if any:

   § 42 CFR 441.300, 440.180

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);
   Sections 25.5-6-404, C.R.S.

Initial Review **10/08/21** Final Adoption **11/12/21**
Proposed Effective Date **01/10/22** Emergency Adoption

DOCUMENT #11

Title of Rule: MSB 21-08-05-B, A Revision to the Medical Assistance Long-Term Services and Supports HCBS Benefit Rule Concerning Service Plan Authorization Limits (SPAL) and the Exception Review Process, to revise Section 8.500.102
Rule Number: MSB 21-08-05-B
Division / Contact / Phone: BSMD/ Lindsay Westlund/ 5453

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   The persons affected by this rule will include those members who are enrolled on the HCBS – SLS waiver who demonstrate a need to exceed current SPAL and/or service limitations. This proposed rule will benefit these persons by allowing access to additional services and supports to maintain living in the community of their choice.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   The qualitative impact of the proposed rule is positively affecting the quality of life of our members by allowing additional control over and access to services and supports that better meet their needs without having to seek enrollment in a program that possibly would be more restrictive, when 24-hour supports are not required.

   The proposed rule has the potential to achieve cost savings for the Department when members remain on the less costly program, SLS, as compared to the more expensive DD waiver program.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   The costs associated with implementation of this rule revision have been factored into the appropriations given to the Department with the approval to implement this Exceptions Review Process. The costs associated with this rule make up less than 0.5% of the Department’s long bill appropriations.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

There are no benefits of inaction as this approval to implement the Exception Review Process is included in the Department's budget Request (R-08) and is approved by the Long Bill, SB 21 – 205.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no alternative methods for achieving the purpose of the proposed rule as alternative methods were explored during the budget request development process.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   The alternative methods for achieving access to services and supports that will meet the needs of an individual with an Intellectual or Developmental Disability is to allow all waiver members access to the Developmental Disability (DD) waiver, when their needs are not fully met through other waivers. The ability to enroll members onto the DD waiver is restricted due to the cost and waiting list associated with this waiver, and therefor rejected as an alternative method.

8.500 HOME AND COMMUNITY-BASED SERVICES FOR INDIVIDUALS WITH INTELLECTUAL OR DEVELOPMENTAL DISABLITIES(HCBS-DD) WAIVER

8.500.102 SERVICE PLAN AUTHORIZATION LIMITS (SPAL)

8.500.102.A The service plan authorization limit (SPAL) sets an upper payment limit of total funds available to purchase services to meet a Client's ongoing service needs within one (1) service plan year.

8.500.102.B The following services are not subject to the service plan authorization limit: non-medical transportation, dental services, vision services, assistive technology, home accessibility adaptations, vehicle modifications, health maintenance activities available under the Consumer Directed Attendant Support Services (CDASS), home delivered meals, life skills training, peer mentorship, and transition setup.

8.500.102.C The total of all HCBS-SLS services in one service plan shall not exceed the overall authorization limitation as set forth in the federally approved HCBS-SLS waiver.

8.500.102.D Each SPAL is assigned a specific dollar amount determined through an analysis of historical utilization of authorized waiver services, total reimbursement for services, and the spending authority for the HCBS-SLS waiver. Adjustments to the SPAL amount may be determined by the Department and Operating Agency as necessary to manage waiver costs.

8.500.102.E Each SPAL is associated with one of the six support levels determined by an algorithm which analyzes the level of support needed by a Client as determined by the SIS assessment, and additional factors, including whether a Client meets the definition of Public Safety Risk-Convicted, Public Safety Risk-Non Convicted, and Extreme Safety Risk to Self..

8.500.102.F The SPAL determination shall be implemented in a uniform manner statewide and the SPAL amount is not subject to appeal.

1. If a Client's HCBS waiver eligibility and/or services are adversely affected at any time, the Client will be sent their appeal rights as required at 8.612.4.E. and 8.057.2.A (10 C.C.R. 2505-10).

8.500.102.G The Department and/or Utilization Review Contractor (URC) shall implement an Exception Review to allow a Member's SPAL and/ or HCBS unit limitations to be exceeded in certain situations.

1. To be eligible for the Exception Review Process, the following shall be demonstrated:

a. The Client must be at risk for seeking an emergency Developmental Disability (DD) waiver enrollment because one or more of the following criteria such as listed below are not currently being met through other Long-Term Services and Supports (LTSS) and or State Plan services:

i. Medically fragile with skilled care needs;

ii. Behavioral and/or Mental Health needs;

iii. Criminal convictions and/or law enforcement involvement;

iv. Homelessness;

v. Mistreatment, Abuse, Neglect, Exploitation (MANE) reports with potential need to remove from home;

vi. Extreme danger to self/others;

vii. Caregiver capacity or;

viii. 1:1 supervision needed.

b. The Client must demonstrate that less than 10% of current SPAL remains; or

c. The Client must demonstrate that the current rate of utilization of Home and Community-Based Services (HCBS) will exhaust the number of approved units prior to the Client's regularly scheduled monitoring.

2. When a client is eligible for the Exception Review Process, the Case Manager (CM) shall send the following documentation to the URC for review:

a. "Request for Exception Review Process" form;

b. Service Plan;

c. PAR; and,

d. Any documentation from current providers that demonstrate need to exceed service limitation caps for additional planned services.

3. The URC shall review and approve or deny the Exception Review Process requests made.

a. Upon completion of the review, the URC shall notify the CM of the outcome.

i. The outcome letter shall include the reason for approval or denial, and/or any information on partial approvals or negotiated outcomes.

b. The URC shall compete the review in accordance with the timelines as identified in their contract.

4. The Exception Review Process shall not be used in place of a Support Level Review or request for a Support Intensity Scale (SIS) reassessment. Provider rates shall not be changed based on the outcome of the Exception Review Process.

5. The Exception Review Process shall be implemented in a uniform manner applied to Members statewide, but outcomes shall be based on individual needs and circumstances. The Exception Review Process outcome is not an adverse action subject to appeal.

a. If a Client's HCBS waiver eligibility and/or services are adversely affected at any time, the Client will be sent their appeal rights as required at 8.612.4.E. and 8.057.2.A (10 C.C.R. 2505-10).

12 CCR 2509-1 OVERVIEW OF CHILD WELFARE SERVICES 1 - eff 12/30/2021

Effective date

12/30/2021

7.000.1 PROGRAM AREAS (PA) AND TARGET GROUPS

Services are available from county departments in the following Program Areas:

A. Program for Prevention and Intervention Services to Children, Youth and Families at Risk of Involvement with Child Welfare (PA3)

The Program Area 3 (PA3) program provides prevention and intervention services for children, youth, and families at risk of involvement with child welfare. Services may be provided to assist families to safely care for their children.

B. Program for Youth in Conflict (PA 4)

Program Area 4 services are provided to reduce or eliminate conflicts between a child/youth and their family members, which may include the community, when those conflicts affect the child/youth's well-being, the normal functioning of the family or the well-being of the community. The focus of services shall be on alleviating conflicts, protecting the child/youth, family, and the community, re-establishing family stability, and/or assisting the youth to emancipate successfully.

Target groups for Program Area 4 are children/youth who are youth in conflict, as defined in 7.000.2.

C. Program for Children in Need of Protection (PA 5)

Program Area 5 services are provided to protect children, whose physical, mental or emotional well-being is threatened by the actions or omissions of parents, legal guardians or custodians, or persons responsible for providing out-of-home care, including a foster parents, an employee of a residential child care facility, and a provider of family child care or center-based child care.

Target groups for Program Area 5 are children whose physical, mental, or emotional well-being is threatened or harmed due to the abuse or neglect and children who are subjected to circumstances in which there is a reasonable likelihood that they are at risk of harm due to abuse or neglect by their parents or caretakers which shall include children who are alleged to be responsible for the abuse or neglect and are under the age of ten (10).

D. Program for Children and Families in Need of Specialized Services (PA 6)

Program Area 6 services are to provide statutorily authorized services to specified children/YOUTH and families in which the reason for service is not protective services or youth in conflict. These services are limited to children/youth and families in need of adoption assistance, relative guardianship assistance, or Medicaid only services, ~~or~~ to children/youth for whom the goal is no longer reunification, or youth who opt into services provided by the Foster Youth in Transition Program as established in § 19-7-301, C.R.S. The purpose of services in Program Area 6 is to fulfill statutory requirements in the interests of permanency planning for children/youth. Children/youth must meet specific program requirements to receive services under the target groups.

Target Group information is located at Section 7.203 (12 CCR 2509-3).

E. Program for Resource Development (PA 7)

The purpose of Program Area 7 is to develop and coordinate the external resources necessary to fulfill the objectives of the social services programs.

Target Groups served by this program area are the individuals who will be serving children and families in such roles as volunteers, foster or kinship parents for children, adults, personal caregivers, homemakers or child care parents, or adoptive parents.

****

7.000.2 DEFINITIONS [Rev. eff. 1/1/16]

“Housing First” means an approach to quickly and successfully connect individuals and families experiencing homelessness to permanent housing without preconditions and barriers to entry, such as sobriety, treatment or service participation requirements. Supportive services are offered to maximize housing stability and prevent returns to homelessness as opposed to addressing predetermined treatment goals prior to permanent housing entry.

"Voluntary Services Agreement" means a standardized voluntary services agreement approved by the state department and is entered into by a participating youth pursuant to section 19-7-306, C.R.S.

7.103 Receipt Of Referral Alleging Intrafamilial Or Third Party Abuse And/Or Neglect And/Or A Youth In Conflict– Information To Be Gathered

A. Upon receipt of a report alleging intrafamilial or third party abuse and/or neglect, and/or a youth in conflict, the county departments or the Hotline County Connection Center shall gather and document the following information, when available.

1. Reporting party's:

a. Name;

b. Address;

c. Telephone number;

d. Reporter type; and

e Relationship to the alleged victim child(ren)/youth and/or a youth in conflict.

2. Alleged victim child(ren)/youth's and/or a youth in conflict:

a. Name;

b. Address;

c. Current specific location;

d. School or child care (if applicable);

e. Birth date(s) or estimated age(s);

f. Information as to whether or not the child(ren)/youth have American Indian or native Alaskan heritage, and if so, the tribal affiliation; and

g. Any developmental delays, physical disabilities, competency or cultural considerations.

3. Family and household members:

a. Names;

b. Birth date(s) or estimated age(s);

c. Relationship to each other;

d. Relationship to the alleged victim child(ren)/youth and/or a youth in conflict; and

e. Any developmental delays, physical disabilities, competency or cultural considerations.

4. Person(s) alleged to be responsible for the abuse and/or neglect:

    a. Name;

    b. Birth date(s) or estimated age(s);

    c. Present location;

    d. Current or last known address;

    e. Relationship to the alleged victim child(ren)/youth; and

    f. Any developmental delays, physical disabilities, competency or cultural considerations.

5. Narrative describing the presenting problems and specific allegations of the abuse and/or neglect, including but not limited to:

    a. When it occurred;

    b. Location;

    c. Witness(es) of the incident; and

    d. Description of any injury that was sustained.

6. The date, time, and location the alleged victim child(ren)/youth and/or a youth in conflict were last seen by the reporting party.

7. The nature of any other environmental hazards in the home which may impact child(ren)/youth or worker safety.

8. The name and contact information of any individuals who may have information about the referral, and/or the identity and contact information of collateral agencies and individuals involved with the family.

9. Date and time referral received.

10. Family strengths and supports, and/or other protective factors or actions taken.

B. If at any point during the referral process, a county department becomes aware of an allegation that a child(ren)/youth is, or may be, a victim of sex trafficking, the county department shall:

1. Report immediately, and no later than twenty-four (24) hours from when the county department becomes aware, to the local law enforcement agency; and,

2. Document the details of the report to law enforcement in the comprehensive child welfare information system.

C. If at any point during the referral process when the reporting party is a runaway and homeless youth provider, and a county department becomes aware that a youth is experiencing homelessness, has run away, or is unaccompanied and is seeking shelter, then the county department shall gather and document the following information:

1. Does the provider believe there is a reasonable plan in place to keep the child or youth free from harm, and, if not, what the provider believes would prevent harm,

2. Has the shelter provider notified parent(s)/guardian(s) and, if so, what is their response; and

3. When did intake of the child or youth occur and how many days are left in the 21-day shelter period allowable pursuant to section 26-5.7-107, C.R.S.

****

7.103.3 RECEIPT OF REFERRAL, JURISDICTION, AND INITIAL REVIEW WHEN A YOUTH IS SEEKING RE-ENTRY SERVICES THROUGH THE FOSTER YOUTH IN TRANSITION PROGRAM

A. Upon receipt of a report regarding a youth in need of services to re-enter through the Foster Youth in Transition Program pursuant to the Colorado Revised Statutes, pursuant to section 19-7-301, C.R.S., et seq, the county or Hotline County Connection Center shall gather the following information, when available:

1. The reporting party's:

a. Name;

b. Address;

c. Telephone number;

d. Reporter type; and

e. Relationship to the youth seeking services.

2. The following information regarding the youth seeking services:

a. Legal name;

b. Address or county where the youth self attests to reside;

c. Current specific location and contact information; and

d. Birth date(s) or estimated age(s).

B. The county in which a youth self attests to reside shall have jurisdiction for a re-entry referral to the Foster Youth in Transition Program.

C. Upon receipt of a request for re-entry services through the Foster Youth in Transition Program a county department shall initiate a review of eligibility, notifications, provision of services, and timelines as described in 7.203.40, ET SEQ. (12 CCR 2509-3).

7.103.4 Initial Review [Eff. 3/1/18]

When available, the county department shall gather the information in Section 7.103.1, A and/or B, and conduct an initial review. The initial review shall decide if no further action is required, if the referral shall be assigned for assessment, the appropriateness of an immediate response to an assessment, the need

for red team review, and/or the appropriateness of a referral to prevention services. It shall include, but not be limited to, the following actions:

A. Review the child(ren)/youth's vulnerability as defined in section 7.000.2.

B. Review the comprehensive child welfare information system and any available county department files within twenty-four (24) hours for:

1. Prior referrals and/or involvement with the alleged victim child(ren), family, and person(s) alleged to be responsible for the abuse and/or neglect;

2. Actions taken; and

3. Services provided to inform whether there is known or suspected abuse and/or neglect or serious threats of harm to a child.

C. As available and appropriate, obtain information from collateral sources such as schools, medical personnel, law enforcement agencies, or other care providers.

D. All referrals shall be reviewed and approved by a supervisor, and documented in the comprehensive child welfare information system. The review shall include, at a minimum, two certified child welfare staff. If there is disagreement in the determination, the referral shall be reviewed through the red team process.

E. Prevention services shall be considered, if available, for screened out referrals.

7.103.45 Referrals Requiring No Further Action

County departments may determine that a referral does not require further action and screen it out for the following reasons:

A. The current allegations have previously been assessed;

B. The alleged victim child(ren) or youth in conflict are not located or reside in the State of Colorado. In this circumstance, the county department shall inform the other state or county department of the referral;

C. Referral does not meet criteria of abuse and/or neglect as defined in statutes and regulations;

D. Referral lacks sufficient information to locate the alleged victim child(ren) or youth in conflict; or

E. Referral is duplicative of a previous referral. In this circumstance, the county department shall associate the duplicate referral with the previous referral in the comprehensive child welfare information system.

A referral cannot be considered duplicate if the following circumstances are present:

1. Different incident date;

2. Different alleged victim;

3. Different alleged person responsible for abuse and/or neglect;

4. Different household; and/or

5. Additional information poses a new or renewed threat of safety to the child(ren)/youth.

F. The person alleged to be responsible for the abuse and/or neglect is a third (3rd) party and ten (10) years of age or older. In this circumstance, the county department shall send the referral to the appropriate law enforcement agency.

G. There is no current allegation of child abuse and/or neglect;

H. More appropriate services for the child/youth who is alleged to be a youth in conflict are currently being provided by another agency;

I. Referral does not meet the definition of youth in conflict as defined in section CCR 2509-1, 7.000.2; and

J. The decision to screen out a referral shall be made by a minimum of two (2) certified child welfare staff from the same county or in conjunction with another county. When there is disagreement to screen out, the referral shall be reviewed through the red team process.

7.103.6 Criteria For Assigning A Referral For Assessment

A. County departments shall screen in and assign a referral for assessment if it:

1. Contains specific allegations of known or suspected abuse and/or neglect as defined in Section 7.000.2;

2. Provides sufficient information to locate the alleged victim; and

3. Identifies a victim under the age of eighteen (18).

B. Any time a case is opened, it shall come through the referral or assessment process in the comprehensive child welfare information system with the exception of Interstate Compact on the Placement of Children (ICPC), out of state subsidized adoption, out of state Medicaid, Interstate Compact on Adoption and Medicaid Assistance (ICAMA), or Division of Youth Services (DYS) Medicaid only.

C. The county department shall review and respond, either with a face-to-face intervention or by telephone, when notified by the court-appointed detention screener or a law enforcement officer of a child or/youth in the custody of a law enforcement agency who is inappropriate for secure detention but cannot be returned home.

7.103.70 Response Time for Referrals Assigned for Assessment

A. County departments shall assign the appropriate response time for assessments based upon the date the referral is received using the following criteria:

1. An immediate response is required when a referral indicates that:

a. There may be present danger of moderate to severe harm; or,

b. The child's vulnerability and/or factors such as drug and alcohol abuse, violence, isolation, or risk of flight increase the need for immediate response.

c. An immediate response shall require a response within eight (8) hours from the receipt of the referral. If the victim child(ren)/youth cannot be located within the initial timeframe, subsequent face to face contact attempts shall continue to be made every twenty-four (24) hours from the time of the initial attempted contact.

2. A three (3) calendar day response is required when a referral indicates that:

a. There may be impending danger of moderate to severe harm; or,

b. The alleged victim child(ren)'s vulnerability and/or factors such as drug and alcohol abuse, violence, isolation, or risk of flight, increase the need for intervention in the near future.

c. The three (3) calendar day count starts on the day following the receipt of a referral, and expires at the end of the third calendar day at 11:59 PM following receipt of the referral.

d. If the victim child(ren)/youth cannot be located within the initial timeframe, subsequent face to face contact attempts shall continue to be made within every subsequent three calendar days.

3. A five (5) working day response is required when:

a. A referral indicates an absence of safety concerns.

b. The five (5) day count starts on the first business day following the receipt of a referral and expires at the end of the fifth business day at 11:59 PM following the receipt of the referral.

c. If the victim child(ren)/youth or child/youth in conflict cannot be located within the initial timeframe, subsequent face to face contact attempts shall continue to be made within every subsequent five business days.

B. The decision of how quickly to initiate an assessment shall be based on specific reported information that is credible and that indicates whether a child may be unsafe or at risk of harm.

7.103.71 Red Teams

A. County departments shall implement a process utilizing the Red Team framework to review referrals with:

1. Child welfare history that includes three (3) or more assessments within the past year regarding the household members in the current referral;

2. Narrative that identifies the alleged victim child(ren)/youth as a child/youth with a vulnerability as defined in section 7.000.2;

3. Two (2) or more screened out non-duplicative referrals with no assessment in the prior twelve (12) months; and/or

4. Criminal history that includes felony and/or misdemeanor convictions related to child abuse and/or neglect, including crimes of violence, domestic violence,

and/or unlawful sexual behavior regarding the household members in the current referral.

B. County departments practicing Differential Response shall utilize the RED Team process for track assignment decisions when considering the Family Assessment Response (FAR) track on assessments requiring three (3) calendar or five (5) business day response times.

C. The Red Team process is not required for review of the following exceptions:

1. Referrals necessitating an immediate response;

2. Referrals necessitating a response prior to the next business day;

3. Referrals alleging institutional abuse and/or neglect; or

4. Referrals alleging youth in conflict.

D. County departments may choose to utilize the RED team process for the above exceptions.

E. The RED team process shall be documented in the framework. The documentation shall reflect the discussion and justification for the decisions.

F. All RED team decisions shall be approved by a certified supervisor by the end of the calendar day and documented in the comprehensive child welfare information system by the end of the next business day.

7.103.~~7~~8 DIFFERENTIAL RESPONSE [Eff. 1/1/15]

A. County departments interested in participating in Differential Response shall conduct the following:

1. Submit a letter of interest to the State Department;

2. Form a County Differential Response Implementation Committee;

3. Attend Differential Response Training and Coaching Sessions as determined by the State Department;

4. Complete the Readiness Self-Assessment Process;

5. Demonstrate the ability to meet the State Department's performance expectations on safety and well-being measures; and,

6. Demonstrate county staff understands how to correctly enter information into the comprehensive child welfare information system.

Upon successful completion of the above efforts, a county may be selected to participate in Differential Response by the Executive Director of the State Department.

B. County departments that implement Differential Response shall utilize the RED Team framework to review referrals, determine response times, and determine the appropriate track assignment in accordance with the approved RED Team process.

1. High Risk Assessment (HRA) is mandatory for a child fatality, near fatality, or egregious incident determined to be the result of abuse and/or neglect, institutional abuse, and intrafamilial sexual abuse. RED Teams may use discretion to assign a High Risk Assessment (HRA) based on the following factors: present danger, multiple previous referrals, and/or presenting case characteristics such as type of alleged maltreatment paired with high vulnerability of the alleged victim.

2. The Family Assessment Response (FAR) is for referrals with low to moderate risk. RED teams may use discretion to assign the Family Assessment Response (FAR) in assessments alleging a child fatality, near fatality, or egregious incident. If it is determined that a child fatality, near fatality or egregious incident is the result of abuse and/or neglect, the track shall be changed to a High Risk Assessment. Institutional abuse or intrafamilial sexual abuse shall not be assigned the Family Assessment Response (FAR).

3. All RED Team decisions shall be approved by a supervisor by the end of the calendar day and documented in the comprehensive child welfare information system by the end of the next business day.

7.103.~~8~~9 DUTIES TO REPORTING PARTIES – INFORMATION TO BE PROVIDED [Eff. 1/1/15]

A. Within SIXTY (60) calendar days of receiving a referral alleging abuse and/or neglect from a mandatory reporter listed in Section 19-1-307(2)(e.5)(I), C.R.S., the county department shall notify such individual when:

1. The county department is aware the individual is and continues to be officially and professionally involved in the ongoing care of the child who was the subject of the referral; and,

2. The mandatory reporter has a need to know in order to fulfill his or her professional and official role in maintaining the child's safety; and,

3. Unless the county department has actual knowledge that the mandatory reporter continues to be officially and professionally involved in the ongoing care of the child who was the subject of the report, a county department shall request written affirmation from a mandatory reporter stating that the reporter continues to be officially and professionally involved in the ongoing care of the child who was the subject of the report and describing the nature of the involvement.

B. The county department shall notify the mandatory reporter of the following information:

1. The name of the child and the date of the referral;

2. Whether the referral was accepted for assessment;

3. Whether the referral was closed without services;

4. Whether the assessment resulted in services related to the safety of the child;

5. The name of and contact information for the county caseworker responsible for the assessment; and,

6. Notice that the reporting mandatory reporter may request updated information within ninety (90) calendar days after the county department received the referral and information concerning the procedure for obtaining updated information.

7.103.10 DOCUMENTATION REQUIREMENTS – WHEN SUPERVISOR APPROVAL IS REQUIRED [Eff. 1/1/15]

A. All referrals including the information gathered pursuant to Sections 7.103.1 and 7.103.2 shall be entered into the comprehensive child welfare information system by the end of the next business day following receipt of the referral.

B. The initial review shall be documented in the comprehensive child welfare information system by the end of the next business day following receipt of the referral. The supervisor is to ensure that the review and the documentation have occurred.

C. The decision to screen out a referral for further action shall be documented in the comprehensive child welfare information system by the end of the following business day that the decision is made. This shall include an explanation of the reasons why no further action was needed. The determination to screen out a referral for further action must be approved by a supervisor.

D. All RED Team decisions shall be approved by a supervisor by the end of the calendar day and documented in the comprehensive child welfare information system by the end of the next business day.

7.203.4 FOSTER YOUTH IN TRANSITION PROGRAM

The Foster Youth in Transition Program provides developmentally appropriate, voluntary services to eligible youth and shall be available to all eligible youth. Services shall be offered using a housing first strategy to provide housing solutions to participating youth who are experiencing, or are at imminent risk of, homelessness.

7.203.41 Eligibility

Eligible youth include youth who:

A. Are at least eighteen but less than twenty-one years of age or such greater age of foster care eligibility as required by federal law;

B. Have had prior foster care or kinship care involvement in one of the following ways:

1. The youth was in foster care, as defined in 19-1-103 (51.3), C.R.S., on or after the youth's sixteenth birthday; or

2. The youth was in non-certified kinship care, as defined in 19-1-103 (78.7), C.R.S., on or after the youth's sixteenth birthday and was adjudicated dependent and neglected pursuant to Article 3 of Title 19, C.R.S; and

C. Are engaged in, or intends to engage in, at least one of the following, unless an exception applies or are waived by federal law:

1. Completing secondary education or an educational program leading to an equivalent credential;

2. Attending an institution that provides post secondary or vocational education;

3. Working part- or full-time for at least eighty hours per month; or

4. Participating in a program or activity designed to promote employment or remove barriers to employment.

5. The requirement described in 7.203.41(C) does not apply to a youth who is incapable of engaging in any of the activities as a result of a medical condition that is supported by regularly updated documentation in the 90 day supervisory review; and

D. Seek to enter into a voluntary services agreement, or the youth has entered into and is substantially fulfilling the youth's obligations pursuant to a voluntary services agreement with the appropriate county department.

7.203.42 Eligibility determinations, appeals, and notifications upon receipt of a referral for services through the Foster Youth in Transition Program the county shall:

A. Determine if the youth is eligible for the Foster Youth in Transition Program within three (3) business days;

1. If the youth is eligible:

a. Within three (3) business days of referral, provide the youth:

i. Notice of eligibility;

ii. A description of the program, including the voluntary nature, services available, and ongoing eligibility requirements; and

iii. A copy of the voluntary services agreement.

b. Within three (3) business days of a youth opting into the Foster Youth in Transition Program:

i. Execute a voluntary services agreement in collaboration with the youth and provide them with a copy; and then

ii. Provide written notice to the office of the child's representative that the youth has entered into a voluntary services agreement in the Foster Youth in Transition Program.

c. When a youth enters into a voluntary services agreement, a case shall be opened through program area 6.

d. If an eligible youth does not opt in, the county shall close the referral within 30 days of receipt of the referral.

2. If the county determines the youth is not eligible, the county shall notify the youth within three (3) business days of receiving the referral:

a. That they are not eligible and the reasons for that determination in developmentally appropriate language;

b. Contact information for the office of the child's representative; and

c. A written description of their right to appeal and contact information for the individual or unit assigned to hear appeals at the state department.

3. The state department shall be authorized to hear eligibility appeals and make a final determination of eligibility based on information available in the comprehensive child welfare information system and juvenile court records within three (3) business days of receiving the request for appeal. The state department shall provide the youth and their counsel an opportunity to explain why they believe they are eligible for the program prior to making a final determination. Final determinations of eligibility made by the state department are final agency decisions and subject to judicial review. The state department shall make the appeal policy available to the public.

7.203.43 Foster Youth in Transition Program services and procedures

A. Procedures

1. When a youth enters the Foster Youth in Transition Program the program area is program area 6.

2. The participating youth shall have a new case opened in the child welfare information system as follows:

   a. The new case shall be opened effective either:

      i. The day the youth and county execute the voluntary services agreement if a youth is reentering; or

      ii. The day the court terminates any existing custody order, in either a dependency and neglect case or a juvenile delinquency case, if the youth is transitioning from an open program area 4 or 5 child welfare case; and

   b. Prior to opening a new case or creating a new client id, the caseworker or supervisor shall complete a search in the comprehensive child welfare information system for any existing open cases or clients and ensure that only one program area 4 or 5 case is open that includes the youth as participating as a child; and

   c. For youth entering the program directly from an open case under program area 4, 5, or 6, there shall be no resulting interruption in case management services, housing, Medicaid coverage, or in foster care maintenance payments.

3. The county department shall ensure the family services plan contains an updated roadmap to success as described in 7.305.2 (12 CCR 2509-04). The family services plan in Foster Youth in Transition Program cases does not require treatment plan or visitation sections for the youth's parents or caregivers. Updates to the family services plan shall be entered into the comprehensive child welfare information system within sixty (60) days of the youth entering into a voluntary services agreement. The youth shall be provided a copy of the family services plan.

4. When the youth's residence has changed after jurisdiction has been established, county departments shall work cooperatively to:

   a. Ensure services are provided by the appropriate county;

   b. Petitions are filed in the court of the appropriate county;

   c. Taking into consideration, the following, in no particular order or prioritization:

      i. Which county is currently working with the youth;

      ii. The county in which the youth self attests to reside;

      iii. Indications the youth intends to stay in the self attested county;

      iv. Access to services, supports, and/or relationships the youth needs in order to successfully transition to adulthood; and

      v. The youth's preference.

B. Services

Each county department shall offer, at a minimum, the following services and supports to participating youth in the transition program. All services shall be provided by the county in a manner that is consistent with the youth's developmental needs, culture, and supports the youths successful transition to adulthood.

1. Assistance with enrolling in the appropriate category of Medicaid for which the participating youth is eligible;

2. Assistance with securing safe, affordable, and stable housing. If a county department has legal authority for physical placement through a voluntary services agreement pursuant to 19-7-306, C.R.S.

    a. The participating youth's housing is fully or partially funded through foster care maintenance payments, in addition to any other housing assistance the youth is eligible to receive. Any expectations for the youth to contribute to the youth's own expenses must be based upon the youth's ability to pay.

    b. With the participating youth's consent, the participating youth's housing may be in any placement approved by the county department or the court for which the participating youth is otherwise eligible and that is the least restrictive option to meet the participating youth's needs; or

    c. If the participating youth needs placement in a qualified residential treatment program, then such placement must follow all relevant procedures pursuant to section 19-1-115, C.R.S., concerning the placement of a child or youth in a qualified residential treatment program.

    d. If a county department does not have legal authority for physical placement, such as when a youth is nearing emancipation and entering into their next housing arrangement, the participating youth may:

        i. Reside anywhere that the participating youth is otherwise eligible to reside or a licensed host family home, as defined in section 26-5.7-102 (3.5), C.R.S.; and

        ii. Access any financial support for housing that the participating youth is otherwise eligible to receive.

3. Case management services, including the development of a case plan with a roadmap to success for the participating youth, as well as assistance in the following areas, as appropriate, and with the agreement of the participating youth:

    a. Provision of appropriate community resources and public benefits to assist the participating youth in the transition to adulthood as documented by the roadmap to success;

    b. Obtaining employment or other financial support and enhancing financial literacy;

    c. Obtaining a driver's license or other government-issued identification card;

4. Upon request, and if services are available, support the youth with complying with any juvenile or criminal justice system requirements which may include referrals to assist with expunging the participating youth's court records, as appropriate, pursuant to section 19-1-306, C.R.S.;

5. Pursuing educational goals and applying for financial aid, if necessary;

6. Upon request, and if services are available, referral to services for obtaining the necessary state court findings and applying for special immigrant juvenile status pursuant to federal law, as applicable, or applying for other immigration relief for which the participating youth may be qualified;

7. Obtaining copies of health and education records;

8. Maintaining and building relationships with individuals who are important to the participating youth, including searching for individuals with whom the participating youth has lost contact. These services may be offered using family search and engagement as described in 7.304.52 (12 CCR 2509-04); and

9. Accessing information about maternal and paternal relatives, including any siblings.

C. Court procedures when youth transition from a Program Area 4 or 5 case into the Foster Youth in Transition Program

For a youth approaching their 18th birthday who is currently in foster care, or who is in non-certified kinship care and there is an open dependency and neglect case, the county shall partner with the youth to support the youth in making informed decisions about what the youth needs to emancipate successfully and whether to enter the Foster Youth in Transition Program. The county shall partner with the youth in preparing for the transition hearing described below:

1. The county shall request that a transition hearing be held within 35 days of the youth's 18th birthday pursuant to 19-3-705, C.R.S.

2. At least seven (7) days prior to the transition hearing the county shall submit a report to the court that includes:

   a. A description of the county's reasonable efforts toward achieving the youth's permanency goals and a successful transition to adulthood;

   b. An affirmation that the county has provided the youth with all of the records and documents the youth needs to successfully transition to adulthood, including the documents required by 7.305.5, written information concerning the youth's family history, and contact information for siblings if available and appropriate;

   c. an affirmation that the county has informed the youth, in a developmentally appropriate manner, of the benefits and options available to the youth by the Foster Youth in Transition Program as described in 7.203.4 (12 CCR 2509-3) and the voluntary nature of the program;

d. A statement of whether the youth has made a preliminary decision whether to emancipate or to enter into the Foster Youth in Transition Program and either or both of the following:

i. If it is anticipated that the youth will choose to emancipate, the report must include a copy of the youth's emancipation transition plan as described in 7.305.2(F);

ii. If it is anticipated that the youth will choose to enter the Foster Youth in Transition Program, the county shall file a petition pursuant to 19-7-307 at the same time as the report described in this section.

3. Permanency planning requirements are described in 7.304.54 (12 CCR 2509-4).

****

7.205 CASE CLOSURE [Eff. 1/1/15]

When there is no court jurisdiction and at least one of the following are met, services shall be terminated and the case shall be closed.

A.

1. Specific program eligibility criteria are not met.

2. Client no longer needs the service.

3. Client has died.

4. Services are completed.

5. The child reaches his/her 21st birthday.

B. The worker shall document the following in the case record:

1. Reason(s) for case closure.

2. A summary of services provided, which includes progress made toward stated goals.

3. A safety assessment at case closure for all program area 4 and 5 cases.

4. An emancipation transition plan for all youth who are eligible described in 7.305.2(F) (12 CCR 2509-04).

C. The county department shall close a case in the comprehensive child welfare information system no later than ninety (90) days after the last direct client contact. The county department shall assure the case is closed in the automated system as prescribed by the State.

D. The county department shall close a case in the comprehensive child welfare information system if there has been no direct client contact with the child and parents for ninety (90) calendar days despite the repeated efforts of the county department to maintain contact.

E. Exceptions to the ninety (90) calendar day limit may be necessary in cases where the county department has custody of the child. In such cases the county department shall

document efforts to terminate county custody or document why such efforts are not in the best interest of the child.

12 CCR 2509-4

Rule title

12 CCR 2509-4 CHILD WELFARE SERVICES 1 - eff 12/30/2021

Effective date

12/30/2021

7.301.2 FAMILY SERVICES PLAN REQUIREMENTS [Eff. 09/1/07]

The county department shall complete the Family Services Plan document for each child/youth receiving services to assure that the child/youth's needs for safety, permanency, and well-being are met. The Family Services Plan shall incorporate the following principles:

A. A child/youth's safety is paramount;

B. Children/youth belong in families;

C. Families need the support of communities; and,

D. Community partners are key to achieving strong outcomes for children/youth and families.

****

7.301.23 Family Service Plan Documentation

The treatment/prevention plan in the Family Services Plan shall document:

A. That services to be provided are directed at the areas of need identified in the assessment. Outcomes to be achieved as a result of the services provided will be described in terms of specific, measurable, agreed upon, realistic, time-limited objectives and action steps to be accomplished by the parents, child/youth, service providers and county staff. For youth in foster youth in transition cases, the roadmap to success fulfills this requirement, as provided in 7.203.4 (12 CCR 2509-3).

B. That placement prevention strategies for the child/youth allow the child/youth to remain safely at home or with kin.

C. That services to be provided are designed to assure that the child/youth receives safe and proper care.

D. That services to be provided are culturally and ethnically appropriate and trauma-informed. Appropriate cultural or ethnic considerations should include, but are not limited to, consideration of the child/youth's family, community, neighborhood, faith or religious beliefs, school activities, friends, and the child/youth's and family's primary language.

****

7.301.24 Family Service Plan Out-of-Home Placement Documentation

For child(ren)/youth in out-of-home placement, the Family Services Plan documents:

A. The child/youth meets all of the out-of-home placement criteria listed in Section 7.304.3.

B. When the child/youth is part of a sibling group and the sibling group is being placed out of the home, it shall be presumed that placement of the entire sibling group in the joint placement is in the best interests of the children/youth in order to sustain family relationships. Such presumption may be rebutted by the county by a preponderance of the evidence that placement of the entire

sibling group in the joint placement is not in the best interests of a child/youth or of the children/youth. The county shall make reasonable and continued efforts to locate a joint placement for all of the children/youth in the sibling group unless:

(1) it is not in the best interests of the children/youth to be placed as a group as determined by the county in consultation with the family, youth, and gal when possible, and

(2) these efforts do not unreasonably delay permanency for any child/youth.

These efforts depend upon the county's ability to locate an appropriate, capable, willing, and available joint placement for all of the children/youth in the sibling group. As soon as practicable after making a decision affecting sibling placement, the county department shall notify the GAL(s) appointed to the case. Efforts to place siblings as a group shall be documented in the Colorado child welfare information system (CCWIS).

C. The problems to be resolved in order to facilitate reunification of the child/youth and family, and to safely maintain the child/youth in the home.

D. A description of the type of facility in which the child/youth is placed and the reason(s) the placement is appropriate and safe for the child/youth.

E. A description of the county's efforts to place the child/youth in reasonable proximity to the home of the parents and to the "school of origin" as defined in § 22-32-138(g), C.R.S. For a child/youth placed a substantial distance from the home of the parent(s), from his or her "school of origin," or in out-of-state placement, the county shall document how the placement meets the best interests of the child/youth, including how the county took into account proximity to parents and school in making its placement decision (see sections 7.304.54, J and 7.301.241, B, 2).

F. A summary of efforts to ensure educational stability as outlined in Section 7.301.241.

G. That the placement is the least restrictive, safe, and most appropriate setting available consistent with the best interests and specific needs of the child. This includes documentation of initial and on-going efforts to place the child/youth with kin.

If the child/youth is moved to a more restrictive placement after the initial placement, the Family Services Plan documents how the more restrictive placement meets the child/youth's needs.

H. Health and educational information shall be documented in the State Department's automated system and updated at the time of each case review, including addresses and other contact information about the child/youth's current:

1. Education providers, including school, school district, and Board of Cooperative Education Services (BOCES) contacts who assist in the coordination of enrollment and services, and the child/youth's academic progress.

2. Health care providers and the status of health care information.

I. Specific plans for how the county will carry out any court determinations or orders concerning the child/youth.

J. A description of the services and resources needed by the foster parents or kinship providers to meet the needs of the child/youth and how those services and resources will be provided.

K. A description of the services provided to reunite the family, including the plan for visitation, or to accomplish another permanency goal. The visitation plan shall specify the frequency, type of

contact, and the person(s) who will make the visit. At a minimum the visitation plan shall provide the methods to meet the following:

1. The growth and development of the child/youth;

2. The child/youth's adjustment to placement;

3. The ability of the provider to meet the child/youth's needs;

4. The appropriateness of the parent and child/youth visitation, including assessment of risk;

5. The efforts to ensure the child/youth's wishes as to sibling contact were considered;

6. The child/youth's contact with parents, siblings, and other family members; and

7. Visitation between the child/youth and his/her family shall increase in frequency and duration as the goal of reuniting the family is approached.

L. For child(ren) under the age of fourteen (14), a description of services and a plan for accomplishing tasks to prepare child(ren) to be age appropriately self-sufficient, when independent living services are provided.

M. For youth age fourteen (14) and older, a roadmap to success as early in placement as possible but no later than sixty (60) calendar days after the youth's fourteenth (14th) birthday.

N. Reasonable efforts have been made to maintain the child/youth in the home, or prevent or eliminate the need for removal of the child/youth from the home, or make it possible for the child/youth to return to the home; or when applicable, documentation of the circumstances that exist in which reasonable efforts to prevent removal or reunite the child and the family are not required (see Section 7.304.53, B, 3).

O. The specified permanency goal for the child/youth shall be based on the individual needs and best interests of the child/youth. Permanency goals shall include one of the following:

- Remain home;
- Return home;
- Permanent placement with a relative through adoption;
- Permanent placement with a relative through legal guardianship or permanent custody;
- Adoption (non-relative);
- Legal guardianship/permanent custody (non-relative);
- Return home through reinstatement of parental rights;
- Other planned permanent living arrangement through emancipation;
- Other planned permanent living arrangement through relative long term foster care;
- Other planned permanent living arrangement through non-relative long term foster care.

Permanency goals shall include the projected date (month, day, and year) by which the goal is to be accomplished for each child/youth receiving services.

1. The initial permanency goal for the child/youth is to return home with the following exceptions:

    a. Children/youth whose parents are both deceased or have both voluntarily relinquished custody;

    b. Children/youth whose parents cannot be located after family search and engagement activities, which shall begin no later than three working days following placement and shall not exceed three months;

    c. Children/youth whose parents have been guilty of repeated and/or severe abuse or neglect of the child/youth or the child/youth's siblings such that termination of parental rights of both parents is appropriate; or,

    d. children/youth for whom it appears, after investigation, that a safe return home will not be possible even with the provision of reasonable efforts.

2. After twelve months, the child/youth's caseworker and supervisor shall include written justification on the Family Services Plan for continuation of the goal of return home.

3. After eighteen months, the extraordinary circumstances which exist and the reasons which support the permanency goal of return home shall be documented in the Family Services Plan. Approval of the return home permanency goal by the caseworker, supervisor and county administrative review is documented in the case record.

4. In concurrent planning cases the alternate permanency goal shall be documented.

5. The permanency goal of other planned permanent living arrangement through emancipation shall only be used for youth ages sixteen to twenty-one.

6. For a child/youth who has been in foster care under the responsibility of the state for fifteen (15) of the last twenty-two (22) months, the county shall either file a motion for termination of parental rights no later than the end of the fifteenth (15th) month or document and submit to the court at the next review the compelling reason why it is in the child/youth's best interest not to terminate parental rights.

P. The steps the agency is taking to find an adoptive or other permanent living arrangement for a child/youth for whom the permanency plan is adoption or placement in another permanent home.

Q. The permanency goal for the child would be to remain home barring case circumstances that would indicate the need for an alternative permanency goal when a teen mother and her child are placed together in the same foster home and if a case is opened on the child. The county must see the child when visiting the teen mother in the foster home.

R. Requirements for use of Other Planned Permanent Living Arrangement goals as follows:

1. The county department may consider Other Planned Permanent Living Arrangement (OPPLA) as a permanency goal:

    For youth who are sixteen (16) years of age or over and are demonstrating exceptional circumstances that prevent the youth from returning home, adoption, legal guardianship or permanent custody.

2. The goal shall be reviewed through the use of a family engagement meeting or equivalent team that reviews permanency needs. All of the following shall be submitted to and considered by the review team, and the recommendation shall be submitted to the court.

    a. Documentation pertaining to the completion of an intensive and ongoing examination of kin and permanent connections. This process shall also address:

        1) A comprehensive assessment of the youth's strengths and needs. In addition to updating the assessment of the youth's strengths and needs, the updated assessment or staffing shall address the youth's capacity to live within a family setting.

        2) This review team shall also consider the youth’s desired permanency outcome.

    b. A detailed description of efforts made to achieve permanency through the other goals and identification of the barriers to achieve them.

    c. A detailed description of how OPPLA is in the best interest of the youth.

3. The following is to be documented and made available to the court at each court review.

    a. Documentation of the barriers to permanency to date and compelling reasons why the other permanency goals are not attainable.

    b. Documentation of the youth’s desired permanency outcome including giving the youth an opportunity to attend each hearing to voice his/her desired goal.

    c. Documentation of intensive, ongoing, and as of the date of the hearing, unsuccessful efforts to return the youth home or secure a placement for the youth with a fit and willing relative (including adult siblings), a legal guardian, or an adoptive parent, including thorough efforts that utilize technology (including social media) to find biological family members for the youth.

    d. Documentation of the steps taken to ensure that youth are being supported in-engaging in age or developmentally appropriate activities and social events including:

        1) The youth’s foster family home or other placement is following the reasonable and prudent parent standard; and,

        2) The youth has regular, ongoing opportunities to engage in age or developmentally appropriate activities (including consulting with the youth in an age-appropriate manner about the opportunities of the youth to participate in the activities).

4. Documentation which includes the review team's reasons for approving Other Planned Permanent Living Arrangement (OPPLA) shall also be entered in the Family Service Plan as directed by the Division of Child Welfare.

5. The use of this goal shall be reviewed by a family engagement or equivalent review team at a minimum of every six (6) months. The county shall request that the court review the case every twelve (12) months to determine if the youth is demonstrating exceptional

circumstances that prevent the youth from returning home, adoption, legal guardianship or permanent custody.

6. If this goal is not achieved through relative care, a family-like network of significant people shall be developed to provide the youth with a sense of belonging and with support expected to endure over a lifetime.

7. Youth who have an open case through the Foster Youth in Transition Program are presumed to meet the above requirements for a goal of other permanent planned living arrangement through emancipation. The goal shall be reviewed by the court on an annual basis pursuant to 19-7-311, C.R.S.

S. Reinstatement of Parental Rights

1. The county department of human or social services may explore the use of reinstatement of parental rights as a permanency option for:

   a. Children twelve (12) years of age and older, or child(ren) younger than twelve (12) years of age if they are part of a sibling group where at least one of the child(ren) or youth is twelve or older and is pursuing reinstatement of parental rights; and,

   b. Child(ren) younger than twelve (12), if they are part of a sibling group where at least one of the child(ren) is twelve or older, and is pursuing reinstatement of parental rights; and,

   c. Child(ren) who currently do not have a legal parent; and,

   d. Child(ren) who currently are not in an adoptive placement and not likely to be adopted within a reasonable period of time; and,

   e Child(ren) who had all other permanency options exhausted; and,

   f. Cases when the termination of parental rights was ordered at least three-years-prior or when it is determined by the court to be in the best interest of the Child(ren) when termination occurred less than three years prior to the date of the petition for reinstatement is being filed with the court; and,

   g. Child(ren) and former parent(s) that consent to parental rights being reinstated; and,

   h. Child(ren) where it is in their best interest, including the financial best interest, to have parental rights reinstated; and,

   i. Former parent(s) who have remedied the issues that led to the termination and those issues did not involve founded allegations of sexual abuse or an incident of egregious abuse or neglect against a child, a near fatality, or a suspicious fatality.

   j. The child is in the legal custody of a county department.

2. A county department of human or social services that identifies reinstatement as a permanency option shall complete an assessment of the former parent(s). Completion of the assessment and the results of the assessment will be documented in the statewide case management system. The assessment shall include all of the following:

a. Completing the Colorado family risk assessment tool, which must include a visit and inspection of the former parent's home;

b. Reviewing the reasons for the termination of parental rights and determining if the concerns identified have been remedied and do not currently exist or present a safety concern;

c. Conducting the following background checks on the former parent(s) and any other adults eighteen (18) years of age or older in their home and share the results with all parties to the case:

1) Child abuse/and/or neglect records check in every state where any adult residing in the home has lived in the five years preceding the filing of the petition for reinstatement;

2) Fingerprint-based criminal history checks from the Colorado Bureau of Investigation (CBI), or other state background check if the parent lives in another state, and the Federal Bureau of Investigation (FBI);

3) Review the state Judicial Department's case management system and include in the case record; and,

4) Review the CBI sex offender registry and the national sex offender public website operated by the United States Department of Justice for:

a) Known names and addresses of each adult residing in the home; and,

b) Address only of the home.

3. A safety assessment shall be completed.

4. Upon the decision to pursue reinstatement of parental rights; only the county department, guardian ad litem, or a child sixteen (16) years of age or older may file the petition for reinstatement.

a. The petition for reinstatement of parental rights should be filed in the county who has custody of the child(ren) through the dependency and neglect court case.

b. The petition shall be filed in the dependency and neglect court case where the termination of parental rights occurred for the former parent(s) or in the event that the current open dependency and neglect case is a termination of the adoptive parent's rights, then the petition shall be filed in that court case, as it grants custody of the child(ren) to the county.

c. If the county is contacted by a former parent inquiring about reinstatement, the county must notify the guardian ad litem (gal) within thirty (30) calendar days after the contact and provide them with the name and address of the former parent(s).

d. Once the court sets an initial hearing, the county shall develop and report to the court the following:

1) Whether the former parent(s) has remedied the conditions that led to the termination;

2) Based on the assessment of the former parent, including the outcome of the Colorado family risk assessment tool, the transition plan shall include supports or treatment needed for the child(ren) and former parent(s) to help make the reinstatement a success;

3) Whether the former parent(s) can provide a safe and stable home for the child(ren);

4) A visitation or temporary placement plan with the former parent(s) for up to a six month trial period where custody remains with the department; this plan will be approved or modified at this initial hearing.

a) Updates about the visits, transition plan, and supports shall be provided at each review hearing and no later than thirty (30) calendar days prior to the expiration of the trial home period.

b) At any point the placement is deemed no longer safe or in the best interest of the child(ren), removal shall be in accordance with procedures outlined in Sections 19-3-401 and 19-3-403, C.R.S.

5) Whether the child(ren) will lose or gain any benefits or services (Medicaid, Chafee, etc.) as a result of the reinstatement being granted.

5. If the court grants the order, the county shall select reinstatement of parental rights as the closure reason, in the state automated case management system.

6. If the court denies the order the county department shall:

a. Arrange for immediate placement of the child(ren), if the child(ren) is still in the former parent's home;

b. Set a permanency hearing to determine a new permanency goal and plan for the child(ren).

****

7.304.1 DESCRIPTION [Rev. eff. 1/1/16]

A. Placement services are services provided to children in Program Areas 4, 5, and 6 who:

1. Meet the criteria for out-of-home placement and the target group criteria; and,

2. Are placed outside their homes because of a temporary emergency removal by law enforcement, court action, a voluntary placement agreement, or a voluntary services agreement; and,

3. Are in a placement approved by the county department.

B. The range of placement services for children for whom the goal is to return home includes kinship care, foster care homes, specialized group facilities, and residential child care facilities.

C. The range of placement services for children for whom the goal is not to return home includes adoption, kinship care, foster care homes, specialized group facilities, and residential child care facilities.

D. Placement options in this section do not apply to American Indian/Native Alaskan children. Refer to Section 7.309.7 for order of placement preference as required by the Indian Child Welfare Act.

****

7.304.3 OUT-OF-HOME PLACEMENT CRITERIA

Not every child at risk needs out-of-home placement. These criteria are designed to provide a decision making model to assist in determining whether Core Service Program services and/or out-of-home placement are indicated. All three criteria must be met unless the youth is eligible for the foster youth transition program as described in 12 CCR 2509-3, 7.203.4.

Criterion 1: The child may be at imminent risk of out-of-home placement, as defined in Section 26-5.3-102(1)(b), C.R.S., because one or more of the following conditions exist:

A. Abandonment by or incarceration of parents/relatives/caretakers;

B. Abuse/neglect - as defined in the Children's Code;

C. Domestic violence - as defined in Section 18-6-800.3, C.R.S.;

D. Conditions that exist to such a degree for either the child or caretaker so that the caretaker is unable to care for the child:

1. substance abuse; drug exposed infants

2. mental illness

3. disability

4. physical illness

5. homelessness

E. Beyond control of parents;

F. Danger to self, others, or community;

G. Infant or young child of teen parent in placement;

H. Delinquency - adjudicated delinquent meeting current out-of-home placement criteria written pursuant to Section 19-2-212, C.R.S.;

I. Relinquishment or termination of parental rights;

J. Child returning home from out-of-home placement or moving to less restrictive level-of-care.

Criterion 2: Before considering placement, an assessment is completed to determine the level of risk. If assessment of risk determines that the child is at imminent risk of out-of-home placement, then child/family strengths are determined, and the appropriate services and/or community supports (reasonable efforts) needed to address the existing Criterion #1 conditions are identified. When these

services are not immediately available, or are absent, unsuccessful, or exhausted, placement in the Core Services Program and/or out-of-home may be considered.

Reasonable efforts include the intervention strategies and advocacy efforts used:

A. To identify/locate appropriate parent/relative/caretakers if necessary to prevent out-of-home placement;

B. To assess the parent/relative/caretaker's ability to protect children;

C. To assist the parent/relative/caretaker and/or child in accessing and utilizing the identified services to address the presenting conditions.

Criterion 3: When placement is the best choice of available options/alternatives at this time to reduce risk to the child while continuing reasonable efforts to resolve the conditions which led to imminent risk, then, placement in the Core Services Program and/or out-of-home may occur.

7.304.4 AGE AND RESIDENCY REQUIREMENTS AND PAYMENT RESPONSIBILITY FOR CHILDREN/YOUTH IN OUT-OF-HOME CARE [Rev. eff. 4/1/13]

A. A child is eligible for placement services on the basis of need from birth to age 18 when the child meets target group eligibility and all three of the placement criteria, regardless of whether the placement is voluntary or court ordered. A youth continues to be eligible for placement services if the court had jurisdiction prior to the 18th birthday or the youth is eligible for and receiving services through the youth in transition program as described in 7.203.4 (12 CCR 2509-3).

B. All children residing or present in the state are eligible for placement services when the criteria in the Target Group sections 7.201, 7.202, and 7.203, the Out-of-Home Placement Criteria section 7.304.3, and the Authority for Placement section 7.304.51, are met.

C. The child's county of residence shall be the county department which has financial and case decision-making responsibility for a child in out-of-home placement shall be the child's county of residence. The child's residence follows the parents' residence unless one or more of the following circumstances exist:

1. When the parent-child legal relationship has been terminated, the child's residence is the county in which the county department has legal custody of the child.

2. When the court has transferred legal custody to a county department and the parent-child legal relationship has not been terminated, the child's residence is that county until the court transfers custody to some other entity, including changes of venue as described in the following section, 7.304.4, E.

3. When a county department has legal custody and the court has also appointed a guardian, the child's residence is that of the county department holding legal custody.

4. When a child is in parental custody, the child's residence is that of the parents, or of the last caretaker parent, unless there is a court order giving custody to one of the parents. In that case, the child's residence is that of the parent with legal custody.

5. When a child is in the legal custody of an individual, the child's residence is that of the individual.

6. When the youth is receiving services through the Foster Youth in Transition Program, the youth’s residence shall be the county in which the youth resides, based on their self attestation. Any changes of jurisdiction for this population shall be determined as described in 7.203.43(A)(4).

D. Residence for school purposes may be determined on other factors, such as the type of facility in which the child is placed or the legal status of the child. See Educational Assessments in the Assessment and Case Planning section.

E. The county department shall transfer financial and service planning, and financial responsibility as follows:

If a parent whose residence is used to determine the county department's financial responsibility for a child in out-of-home placement moves to another Colorado county, the county department shall initiate procedures to transfer the financial responsibility to the new county, unless:

1. The court or the county department finds that the transfer of jurisdiction would be detrimental to the best interest of the child(ren); or,

2. The legal custodian has a history of frequent moves, except when there is evidence of stability in the most recent move, such as a signed lease whose term is six or more months, or there is other firm evidence of the intent to remain in the new residence for six or more months; or,

3. The case is within 3-6 months of resolution; or,

4. The custodial parent is committed to a state mental institute or correctional facility; or,

5. The custodial parent is residing temporarily in the receiving county to receive rehabilitation services, employment training, education, medical care, or shelter services; or,

6. Adjudication has not taken place; or,

7. Change in venue hinders achieving the child's permanency goal; or,

8. The case is an expedited permanency planning case, unless pursuant to Section 19-3-201(2), C.R.S., wherein it states that is shall be presumed that any transfer of proceedings without good cause shown that results in a delay in the judicial proceedings would be detrimental to the child's best interest. Such presumption may be rebutted in court by preponderance of evidence; or,

9. When parental rights have been terminated for the child(ren); or,

10. If the case involves a juvenile for whom a juvenile delinquency filing has been made, pursuant to Section 19-2-105(1)(b), C.R.S.

F. Each county shall designate a Change of Venue coordinator.

G. When a motion for a Change of Venue has been made by the sending county, the sending county shall mail the Change of Venue motion to all parties and attorneys of record in the case and to the county attorney in the receiving county.

H. Within fifteen (15) calendar days after a court signs an order granting a Change of Venue and transferring jurisdiction, the sending county shall:

1. Provide written case information, if not located in the state automated system, to the designated Change of Venue coordinator in the receiving county which shall include, but need not be limited to:

    a. Permanency goals;

    b. Target dates related to the case;

    c. Evaluations;

    d. A current Family Services Plan;

    e. Court reports;

    f. Dates of placement moves;

    g. Progress of the child(ren) in placement;

    h. All Title IV-E eligibility determinations; and,

    i. Recommendations for continuing progress in the case.

2. Update all documentation in the case file and in the state automated system.

3. Provide information, to the extent known, concerning the physical location of the child's parents, guardians, legal custodians, and relatives.

4. Prepare the case for transfer by:

    a. Scheduling a family engagement meeting involving all parties, county department caseworkers and supervisors, and community providers; or,

    b. Conducting a case staffing between county caseworkers and supervisors in the sending and receiving county departments; or,

    c. Submitting a written case transfer summary.

5. Forward a complete copy of the case file from the sending county attorney's office to the receiving county attorney's office. Privileged attorney-client communications do not need to be included in the transferred case file.

I. The child, family, and foster care provider shall be prepared for the transition by the sending county department.

J. The sending county department is responsible for financial and service planning for the case and for payment of services through the calendar month in which the Change of Venue becomes effective. This date is to be confirmed by the sending county department in writing and there shall

be no lapse in financial coverage during this process. If venue does not change, the sending county department retains financial responsibility.

K. The receiving county department shall provide courtesy supervision and available services during this transition. If venue does not change, the sending county department retains financial responsibility.

L. If a child is born while the mother is committed to a state mental institute or correctional facility, the county of residence prior to commitment shall be the county of fiscal responsibility.

M. When a child is placed for adoption, the county department holding legal custody and guardianship shall have fiscal responsibility for the child until the adoption is finalized.

N. If a child needs placement out of the home following finalization of adoption, the child's residence is that of the adoptive parents.

O. Residence related to subsidized adoption is addressed in the Adoption Services section.

****

7.304.51 Authority for Placement

The county department shall ensure that a child may enter any out-of-home placement only when:

A. Target group and placement criteria are met; and~~,~~

B. An emergency is determined to exist and s/he is removed from the home by a law enforcement officer, with or without a court order, or~~,~~

C. A parent has signed a voluntary placement agreement under conditions established by the county department and according to the Children's Code; or~~,~~

D. A juvenile court, or a court acting as a juvenile court (including a tribal court), has ordered the child to be placed out of the home and has transferred legal custody to the county department or a social services department of a federally recognized Indian tribe, for placement in a family care home or other child care facility.; OR~~,~~

E. A youth who is eligible for the Foster Youth in Transition Program as described in 7.203.41 (12 CCR 2509-3) has entered into a voluntary services agreement with the county department.

****

7.304.52 Family Search and Engagement

A. Family search and engagement shall:

1. Be commenced for the noncustodial parent within three (3) working days. The county department must provide notification to the absent parent of the following:

a. The child or youth has been removed from the home; and,

b. The option to participate in the care, treatment, or placement of the child or youth.

2. Be completed within thirty (30) calendar days for all grandparent(s) and other adult relatives or the parent of a sibling of a child/youth who has been removed from his/her legal custodian's home. The latter shall not be construed as subordinating the rights of foster or adoptive parents of a child or youth to the rights of the parents of a sibling of the child or youth. The county department of human or social services shall provide notification of the following information:

    a. The child or youth has been removed from the home;

    b. Options to participate in the care or placement of the child or youth;

    c. Options that may be lost by failing to respond to the notice;

    d. The requirements to become a foster parent, and services and supports available to the child and/or youth placed in the family foster care home; and,

    e. A description of the Relative Guardianship Assistance Program.

B. The county department shall assure that:

1. Parents are consulted regarding their suggestions for appropriate caretakers.

2. Children and youth are consulted as appropriate regarding their suggested relative caretakers.

3. When the court orders a delay in contacting specific relatives for good cause including, but not limited to, domestic or other family violence, then the county department shall discontinue the family search and engagement involving the relative until otherwise authorized by the court.

C. Family search and engagement shall occur for all children including American Indian/Alaskan Native children and youth at least every six (6) months throughout the life of the case until the child or youth has achieved permanency, except as noted in Section 7.304.52, B, 3, or when the following conditions exist:

1. A placement is stable with a relative or kin a minimum of six (6) consecutive months; and,

2. The relative or kin has committed to the legal permanence of the child or youth; and,

3. There is agreement among the parties that the relative or kin is the appropriate permanent option, the juvenile or district court finds it is the appropriate permanency plan, and it is in the best interest of the child or youth that family search and engagement be discontinued.

4. A non-relative foster care parent without a prior relationship to a youth twelve (12) years of age or older and his/her siblings residing in the same placement commits to the permanency of the youth and children. in addition, the juvenile or district court adopted a permanency plan of guardianship or Allocation Of Parental Responsibilities (APR) and the requirements in section 7.311.1, c, 2 (relative guardianship assistance program) are met.

D. A family engagement meeting shall occur within thirty (30) calendar days when any of the following conditions exist:

1. The child or youth is in a family-like permanent setting without the provider expressing formal intent to provide legal permanence at the time that any of the following conditions exist:

   a. The child or youth has been in out-of-home placement fifteen (15) of twenty-two (22) months; or,

   b. The child or youth has had two (2) or more unplanned moves within a twelve (12) month period; or,

   c. The child or youth is assigned a permanency goal of Other Planned Permanent Living Arrangement (OPPLA).

2. The child or youth is in out-of-home placement in a non-family-like setting without an approved permanency plan and any of the conditions in Section 7.304.52, D, 1, a-c, exist.

E. 7.304.52 does not apply to youth who are participating in the Foster Youth in Transition Program unless the youth consents and signs all applicable releases of information. The services described in this section shall be offered to these youth.

F. The county shall document all efforts in the Family Services Plan for the child or youth. Initial and ongoing family search and engagement results shall be reviewed and documented during ninety (90) day supervisory reviews.

****

7.304.54 Court Procedures Related to Permanency Planning [Rev. eff. 3/1/16]

A. The county department must develop a permanent plan for any child who is in out-of-home placement and is the subject of any court action, including Dependency and Neglect, Delinquency, Petition to Review the Need for Placement, or a Foster Youth in Transition Program case and a concurrent plan for cases filed under Section 19-3-102(2), C.R.S., regarding habitual abuse. The purpose of the plan is to establish treatment needs related to the stated goal for the child and to decide a method to provide a safe, stable, permanent environment for the child as quickly as possible

B. The county department shall submit this plan at the permanency court hearing. That hearing must be held before twelve (12) months have elapsed from the date of the child's original out-of-home placement, and shall be held as soon as possible following the dispositional hearing. Following the initial permanency hearing, subsequent permanency hearings must be held every twelve months thereafter while the child remains in out-of-home care. These hearings shall be combined with a periodic review when possible.

C. The county department shall provide the court with documentation of the efforts made by the department to finalize the permanency plan for the child. The county department shall request the court to make a finding (if the evidence so warrants) that the department made reasonable efforts to finalize the permanency plan for the child.

D. Paper reviews, ex parte hearings, agreed orders or other actions or hearings which are not open to the participation of the parents of the child (if appropriate age) and foster parents or pre-adoptive parents are not permanency hearings.

E. When the court determines that reasonable efforts to return the child home are not required, the county shall request that the permanency hearing be held no later than thirty (30) calendar days

after such court determination, unless the requirements of the permanency hearing are fulfilled at the hearing in which such a determination is made.

F. The county department shall ensure and document that a request is made to the court for such a hearing in sufficient time to assure that the hearing is held within the twelve (12) month time frame. Permanency hearings shall be combined with a review hearing when possible.

G. The county department shall include, in the permanency plan, recommendations to the court on either:

1. Returning the child to his/her parent or guardian within the next six months; or,

2. Permanent placement with a relative through adoption; or,

3. Permanent placement with a relative through guardianship or permanent custody; or,

4. Adoption (non-relative); or,

5. Legal guardianship/permanent custody (no-relative); or,

6. Return home through reinstatement of parental rights; or,

7. Other planned permanent living arrangement through emancipation; or,

8. Other planned permanent living arrangement through relative long term foster care; or,

9. Other planned permanent living arrangement through non-relative long term foster care.

H. For permanency goals 8 or 9, the county department shall ensure that the plan contains the name or other identifier, such as the system provider number, if the name of the provider must be kept confidential, of the specific placement and the date that placement shall end.

I. For permanency goals 7, 8, and 9, the following requirements shall apply to the county department of human or social services for purposes of approving the case plan and the case review procedure for youth, except for youth participating in the Foster Youth in Transition Program:

1. At each permanency hearing held with respect to the youth, provide documentation of the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made to address the following:

a. Return the youth home;

b. Secure a placement for the youth with a fit and willing relative (including adult siblings), a legal guardian, or an adoptive parent; and,

c. Include efforts that utilize search technology (including social media) to find biological family members for the youth.

2. Provide compelling reasons why it continues not to be in the best interests of the youth to return home, be placed for adoption, with a legal guardian, or with a fit and willing relative.

J. The county department shall request that the court order contain specific findings regarding the above goals.

K. The county department shall assure that the permanency hearings determine whether an out-of-state placement continues to be appropriate and is in the best interest of the child.

L. The county department shall assure that the permanency hearings determine whether the permanency plan includes services for a successful adulthood for a child fourteen years of age or older.

M. Permanency hearings are required to be held if a termination is under appeal, for children placed in a permanent foster home with a specific caregiver, and for children who are free for adoption and are placed in adoptive homes pending the finalization of the adoption.

N. The county department shall file for termination of parental rights no later than the end of the 15th month of placement for any child who has been in foster care under the responsibility of the state for 15 of the last 22 months unless there is a compelling reason submitted to the court identifying why it is in the child's best interest to not terminate parental rights.

O. The county department shall file for termination of parental rights no later than sixty (60) calendar days after the court determines that the child is an abandoned infant, unless there is a compelling reason submitted to the court identifying why it is in the child's best interest to not terminate parental rights.

P. The county department shall file for termination of parental rights no later than sixty (60) calendar days after a judicial determination is made that reasonable efforts to reunify the child with the parent are not required, unless there is a compelling reason submitted to the court identifying why it is in the child's best interest to not terminate parental rights.

Q. The county department shall discuss the purpose and responsibilities of relative guardianship with the parents or legal custodian of a youth or child and the importance of achieving permanency.

****

7.304.61 Pre-Placement Activities

A. The child/youth shall have a medical examination before placement or a screening as soon as is reasonably possible after placement. The county department shall assure that the screening is consistent with the Early Periodic Screening Diagnosis and Treatment initial screening described in Section 8.286.01 of the Department of Health Care Policy and Financing's Medical Assistance manual (10 CCR 2505-10). If a medical, dental, or psychological evaluation is necessary and cannot be covered under Medicaid, third-party insurance, or other sources, the county department may purchase it under program services. See General Information and Policies section (7.000) and Resources, Reimbursement, and Reporting Section (7.400) of this manual.

B. Prior to the placement of a child/youth in a child placement agency or county foster care home, the placing agency may review the written family assessment, home study, and background checks of the foster parent(s) for use in determining if the home is appropriate for the needs of the child/youth.

C. When the child/youth is part of a sibling group and the sibling group is being placed out of the home, it shall be presumed that placement of the entire sibling group in the joint placement is in the best interests of the children/youth in order to sustain family relationships. Such presumption may be rebutted by the county by a preponderance of the evidence that placement of the entire sibling group in the joint placement is not in the best interests of a child/youth or of the children/youth. The county shall make thorough efforts to locate a joint placement for all of the children/youth in the sibling group unless:

1) It is not in the best interests of the children/youth to be placed as a group and

2) These efforts do not unreasonably delay permanency for any child.

These efforts depend upon the county's ability to locate an appropriate, capable, willing, and available joint placement for all of the children/youth in the sibling group. Efforts to place siblings as a group shall be documented in the child/youth's case record.

D. The county department shall share all available information about the child, including relevant social, medical and educational history, behavior problems, court involvement, parental visitation plans, and other specific characteristics of the child, with the provider before placement. It shall share additional information when obtained. The county department shall inform foster parents of court hearings involving children in care.

E. A child's foster care placement shall not be delayed in order to recruit a same race home when a foster family is available who is of other ethnic or racial identity than that of the child.

F. The county department shall document all pre-placement activities in the case file.

G. The county department shall execute the Provider Contract and Agreement with county department certified foster homes and county department sponsored group homes, and the agreement to purchase Child Placement Agency or Residential Child Care Facility services with Child Placement Agencies and Residential Child Care Facilities before placement. The Agreement to Purchase form is child specific and shall be completed for each child placed through a Child Placement Agency or with a Residential Child Care Facility.

1. Placement contracts shall specify the responsibilities of the provider and the county department in the services to be delivered to the child and family in conjunction with the Family Services Plan. The placement contracts shall also require twenty-four (24) hour out-of-home care facilities to have staff present and trained in how to make decisions using the reasonable and prudent parent standard when approving extracurricular, enrichment, cultural, and social activities; and,

2. County departments shall provide twenty-four (24) hour out-of-home care providers with a copy of the policy that identifies activities that providers trained in the reasonable and prudent parent standard may approve, and activities that require county department approval.

H. When a youth is participating in the Foster Youth in Transition Program:

1. With the participating youth's consent, the youth's housing may be in any placement approved by the county or the court for which the youth is otherwise eligible, including a supervised independent living arrangement as described in 7.305.2(D), and is the least restrictive option to meet the participating youth's needs; or

2. If the participating youth needs placement in a qualified residential treatment program, then the placement must follow all of the requirements required for the county to place a child/youth in a qualified residential treatment program.

****

7.304.62 Placement Activities

The county department shall:

A. Give the provider a written record of the child's/youth's admission to the home at the time of placement.

B. Give the provider a written procedure or authorization for obtaining medical care for the child and assure that the provider receives the child's/youth's state identification number and Medicaid card for Medicaid eligible children in a timely manner.

C. Give the provider a copy of the Family Services Plan for the child/youth at the time of placement or when it is completed following placement.

D. Document the above placement activities in the case file.

E. Add the placement in the Department's automated reporting system prior to the next payroll.

F. Within four weeks of the initial placement, give the provider a complete medical history for the child. The medical history shall contain, to the maximum degree possible, the information listed in the Department of Human Services Health Passport.

G. Provide the child/youth with a full medical examination scheduled within fourteen (14) calendar days after placement and a full dental examination scheduled within eight (8) weeks after placement. The schedule of the appointments shall be documented in the case record. The county department shall maintain the medical and dental information in a record which is kept with the child/youth during placement and upon return home, emancipation, or adoption. The county department shall document that ongoing medical and dental care is provided in a timely manner as defined by the department and by the health care provider. If the child/youth received the required full medical examination at the time of the placement, then the regular schedule of appointments should be maintained in subsequent placements.

   If the governor or local government declares a disaster or emergency, and because of the declared disaster or emergency the medical and dental exams cannot be completed for the child/youth in the required time frame, the medical exam and dental exam must be completed as soon as possible, but no later than 45 calendar days after the declared conclusion of the disaster or emergency.

H. Document the exceptional circumstances which require an emergency or temporary placement to last longer than sixty (60) calendar days.

I. Except in emergency situations, make subsequent placements according to court order and shall notify all parties to the extent possible.

J. Not move a child from one short-term emergency placement to another unless all reasonable efforts to return the child to the child's home or to place the child in a more permanent setting have been exhausted and are documented in the Family Services Plan.

K. Not move a child more than twice unless such move results in a permanent placement or is determined to be in the best interests of the child and the reasons for the additional move are documented in the child's Family Services Plan.

L. Notify the guardian ad litem and/or the youth's counsel, parent(s) or legal guardian within one (1) business day upon a child/youth's placement into a foster care home. The Guardian Ad Litem's contact information shall be provided to the foster parents.

M. If it is in the best interest of each sibling, the county department shall notify the siblings of any child/youth in foster care or kinship care, of sibling placement and changes in sibling placement, catastrophic events, or other circumstances, including but not limited to significant life events, as

defined by the county department and in consultation with the family, youth and GAL when possible.

N. Provide notice of, and a right to be heard at, any Administrative Review to the child/youth (if age appropriate), foster parents, pre-adoptive parents, or relatives providing care to a child/youth and, upon written request, a written notice of the court hearing, which identifies the following:

1. The child/youth's current court case number;

2. The date and time of the next court hearing; and,

3. The name of the magistrate or judge and the court division to which the case was assigned.

O. Upon receipt of written notice by a foster parent, employees of State and county departments, or others with the need to know, are prohibited from releasing personally identifying information about a foster parent, other than the first name, to any adult member of the foster child/youth's family, unless the foster parent subsequently provides written consent for the release of information.

P. Provide at the time of initial placement and at least annually thereafter to the child(ren)/youth contact information for all siblings in foster care, which may include a telephone number, address, social media accounts, and e-mail address, unless a foster parent has requested the foster parent's identifying information not be disclosed, and to receive updated photos of siblings regularly by mail or e-mail, as appropriate.

Q. Refer to Section 7.406.1, F, for the applicable criteria when a child/youth will be absent from the designated out-of-home placement and the county elects to reimburse the provider using the seven (7) day or thirty (30) day policy.

R. Allow out-of-home care providers, who are trained in a reasonable and prudent parent standard, to authorize children and youth to participate in community-based activities without the need for a fingerprint-based criminal record background check for the adult(s) involved in the activities. A decision to allow participation shall be based on trained providers using a reasonable and prudent parent standard, as defined in Section 7.701.200, A (12 CCR 2509-1), and the procedures defined in Section 7.701.200 (12 CCR 2509-8).

S. Respond to issues related to human trafficking as outlined in Section 7.303.4.

T. If a disqualifying factor (refer to Section 7.000.2 (12 CCR 2509-1)) is identified following the placement of a child and/or youth in a non-certified kinship care home, the county department of human or social services shall evaluate the appropriateness of continuing the placement. A plan shall be developed to address the concerns as soon as possible, and the concerns shall be remedied no later than two weeks after the date of placement. The following shall be documented in the state automated case management system in the contact log in the resource section or in the record:

1. The circumstances of the placement;

2. The vulnerability of the child and/or youth, including age and development;

3. Safety issues impacting the child and/or youth;

4. Supports needed by the non-certified kinship caregiver(s);

5. Identify alternative solutions to removal of the child and/or youth from the placement and document the solution in the family service plan including, but not limited to, the family's current status in the following domains:

   a. Risk and safety;

   b. Level of functioning;

   c. Strengths;

   d. Specific concerns to be addressed;

   e. Services and supports needed; and,

   f. Changes that must occur to mitigate the concerns.

6. When the disqualifying factor cannot be mitigated, the alternative solution and plan does not resolve the concerns about appropriateness of the placement, or timeframes are not met, the county department shall remove the child /youth from the placement.

U. Assure that each child or youth in out –of –home care is accompanied to psychiatric appointments by an adult who has knowledge about the daily functioning and behavior of the child or youth, except for youth receiving services through the Foster Youth in Transition Program.

****

7.304.64 Visitation and Supervision

A. Contact between the county department and the child/youth shall be documented in the child/youth's case record.

B. In all cases where counties have primary responsibility for a child/youth in out-of-home placement, an appropriate visitation plan shall be established and documented in the Comprehensive Child Welfare Information System (CCWIS). The visitation plan shall specify the frequency and type of contact by the parents (unless parental visitation is determined to be detrimental to the child/youth, siblings, and others with the child/youth, as appropriate. At a minimum, the visitation plan should provide methods to meet the following interests and needs of the child/youth:

   1. The growth and development of the child/youth;

   2. The child/youth's adjustment to the placement;

   3. The ability of the provider to meet the child/youth's needs;

   4. The appropriateness of parent and child/youth visitation, including assessment of risk;

   5. The child/youth's contact with parents, siblings, and other family members;

   6. The child/youth's permanency plan.

C. Child(ren)/youth in foster care shall receive an age-appropriate and developmentally appropriate document from the county department detailing their rights regarding sibling contact:

   1. Within thirty days of the date of any placement or any change in placement;

2. On each occasion that a child/youth's case plan is modified;

3. At each placement where the child(ren)/youth resides; and

4. On at least an annual basis.

D. The county department shall include information regarding sibling contact in the visitation plan. In doing so the child(ren)/youth shall be consulted about their wishes as to sibling contact. In developing the visitation plan, if it is in the best interests of each sibling, the county department shall:

1. Promote frequent contact between siblings in foster care, which may include telephone calls, text messages, social media, video calls, and in-person visits;

2. Clarify that sibling contact should not be contingent upon parental contact;

3. Clarify that restriction of sibling contact should not be a consequence for behavioral problems.

4. Ensure that timely and regularly scheduled sibling visits are based on individual circumstances and needs of the child(ren)/youth.

E. Sibling contact should occur with sufficient frequency to promote continuity of the relationships unless:

1. The county department has determined that it is not in the best interests of one or both of the children/youth, or

2. It has been determined in consultation with the County/City Attorney and the District Attorney That a criminal action is pending in any jurisdiction where either sibling is a victim or witness, and that such sibling contact may have a detrimental effect upon prosecution of the pending criminal action, or

3. Contact is not permitted because it would violate a known existing protection order pending in any state.

If, in arranging sibling contact a county department determines that such contact would not be in the best interests of one or both of the siblings, the county department shall deny the request, document its reasons for making the determination in the Comprehensive Child Welfare Information System (CCWIS), and provide the siblings with an explanation for the denial, as permitted under state and federal law. As soon as practicable after making a decision affecting sibling contact, the county department shall notify the GAL(s) appointed to the case

F. Visitation between the child/youth and his/her family shall increase in frequency and duration as the goal of reuniting the family is approached. The caseworker shall document this increase in visitation in the CCWIS.

G. The county department will notify parents of any determination which affects their visitation rights. The caseworker shall keep a copy of this notification in the case record.

H. In cases where the goal is not to reunite the family, the caseworker shall discuss the issue of separation and help define the child(ren)/youth’s future relationship with the family. The caseworker shall document this discussion and planning in the (CCWIS).

I. Youth participating in the Foster Youth in Transition Program are not required to have a visitation plan with their parent(s).

****

7.305.2 SPECIFIC PROCEDURES

A. The county department shall assess all youth in foster care who have reached the age of fourteen (14) for services to prepare for adulthood and shall complete the Roadmap to Success part of the Family Services Plan (FSP). This is required regardless of the specified permanency goal of the case plan.

B. The county department's assessment shall include documentation of:

1. The youth's capacity for self-sufficiency and self-support by reviewing daily living skills, in consideration of their age and appropriate developmental expectations/milestones.

2. An evaluation of individual, family, community, and financial support resources available to promote emancipation or semi-independent living.

C. Following assessment, the Roadmap to Success (RTS) shall be developed in consultation with the youth, caseworker, care provider(s), and, at the option of the youth, up to two (2) other significant persons chosen by the youth who are not the foster parent or caseworker for the youth and documented in the FSP in the state automated system. If the county department of human or social services has good cause to believe an individual selected by the youth will not act in his or her best interest, the planning team may designate another advocate for the youth.

1. The case plan and court report following a staffing or meeting shall describe the services to help the youth transition to successful adulthood including, but not limited to, participation in on-going opportunities to engage in age and developmentally appropriate activities, and, if the youth is pregnant and/or a parent, the parenting supports provided to the youth..

2. The case plan shall document the rights of the youth to education, health, visitation, court participation, the right to stay safe and avoid exploitation, and the right to receive a credit report annually. A signed acknowledgement that the youth was provided a copy of these rights and that they were explained in an age or developmentally appropriate way shall be included in the case plan.

D. The county department may utilize a Supervised Independent Living placement for:

1. Youth at least sixteen (16) years of age through the last day of the month of their twenty-first (21) birthday when:

A. The county has placement and care responsibility.

B. Approved supervised independent living placement settings may include an approved college dormitory, transitional living program, an apartment or other private housing, or another age or developmentally appropriate placement. Professional contact and ongoing support must meet section 7.202.1 requirements.

C. The use of a supervised independent living placement for youth ages sixteen (16) up to eighteen (18) may only be utilized after considering the youth's developmental needs and assets, supports that are available to the youth, and documentation in case notes that all other options have been exhausted.

D. For youth ages sixteen (16) up to eighteen (18) placement in a supervised independent living placement must follow a period in out-of-home care.

E. For counties to be reimbursed for this placement, the youth must be over age 18 and the placement must align with requirements set forth in 7.406.1,q

F. An update to the existing Roadmap to Success (RTS) must be completed, preferably within 30 days prior to, but no later than 30 days after, the start date of the supervised independent living placement.

G. The county department shall establish a written policy for the use of supervised independent living placement. The policy shall address the following:

I. Assessing each youth's readiness to be successful in a supervised independent living placement, the safety of the placement, the availability of supportive services and resources for youth transitioning into adulthood, any county-specific policies around caseworker contact with the youth, and the process for ongoing review.

II. Supervised independent living placement funds shall be provided to the youth and be sufficient to have their needs met as identified in 7.708.26, 7.708.31, 7.708.41, 7.708.42, and 7.708.43, as well as having access to a working telephone and internet.

III. Additional supervised independent living placement funds may be provided to the youth as incentive for progress towards and/or achievement of goals.

IV. Decisions to withhold supervised independent living placement funds provided to the youth per section (III) shall not reduce the amount provided per subsection (II) and must be according to defined guidelines found in the county policy.

V. Defined appeal process and notification procedures for youth whose supervised independent living placement funds under subsection (III) are withheld.

VI. Defined process for how and when a supervised independent living placement may be terminated. The policy must address potential termination reasons including, but not limited to, concerns for current or impending danger or court case closure.

H. A signed copy of the supervised independent living placement agreement and a signed expectations/acknowledgement that the youth was provided a copy of the county guidelines. These documents shall be explained in an age or developmentally appropriate way and shall be included in the case file.

E. Free Annual Credit Record Report for Youth Fourteen (14) Years of Age and Older in Foster Care

The following steps shall be taken:

1. The county department shall obtain free annual credit report information from the three credit reporting agencies designated by the Department for youth who are in foster care and are at least fourteen (14) years of age, and provide the information to the youth and Guardian ad Litem (GAL);

2. If the youth objects to obtaining the credit report, the county department shall inform the court and request that the court issue an order authorizing the county to obtain the credit report.

3. The county department shall maintain a copy of each credit report in the case record; and,

4. Should the annual report show evidence of any inaccuracies, the county department shall inform the court of the inaccuracies, refer the youth to a Colorado Department of Human Services approved governmental or non-profit entity to resolve the inaccuracies, and inform the GAL of the referral.

F. The youth, county department caseworker, provider(s), and other representatives of the youth as appropriate, shall jointly develop a detailed, formal emancipation transition plan no more than ninety (90) days prior to the emancipation date of the youth. The plan, signed by all parties, shall include, but need not be limited to, the following:

1. Assurance that the plan meets the specific self-sufficiency/cost of living standard in the county or state where the youth plans to reside.

2. a plan shall be developed with the youth based on the information from the assessment and the youth's goals.

3. Personalization at the direction of the youth to meet the individual emancipation needs in order to help prevent homelessness.

4. Copies of verifiable vital documents required in Section 7.305.5.

5. Specific options for:

    a. Housing,

    b. Health insurance and health care decision-making information,

    c. Education,

    d. Local opportunities for safe mentors,

    e. Continuing after-care support services, and

    f. Work force supports and employment services.

6. The plan shall be documented in the State Department's automated system in the Family Services Plan, and a copy given to the youth free of charge.

Social Services Rules (Volume 7; Child Welfare, Child Care Facilities)

CCR number

12 CCR 2509-5

Rule title

12 CCR 2509-5 RESOURCES, REIMBURSEMENT, REPORTING, AND PROVIDER REQUIREMENTS 1 - eff 12/30/2021

Effective date

12/30/2021

OO. A child/youth is placed at the IDD facility, as defined in 7.424.13, with the approval of the State Department. The approved placement period is the duration of treatment, as stated in the most recent approval letter from the State Department, and thirty (30) days after the completion of treatment/ discharge date.

7.424 INTELLECTUAL AND DEVELOPMENTAL DISABILITIES FACILITIES (IDD FACILTIES) AND ACUTE RESIDENTIAL FACILITIES

7.424.1 INTELLECTUAL AND DEVELOPMENTAL DISABILITIES FACILITIES

The State Department shall contract with licensed Colorado residential facilities to provide short-term stabilization, treatment, and services to children/youth identified with intellectual and developmental disabilities, and who are experiencing acute and severe behaviors.

7.424.11 REFERRAL AND ELIGIBILITY

A. The county department of human/social services shall make the referral to the State Department using the state approved application.

B. The State Department shall determine whether referrals meet eligibility requirements for services in the IDD facility.

C. A primary indicator for placement in the IDD facility is an intellectual and/or developmental disability or an autism spectrum disorder. “Intellectual and developmental disability” means a disability that manifests before the person reaches twenty-two years of age, that constitutes a substantial disability to the affected person, and that is attributable to developmental disability or related conditions, which include cerebral palsy, epilepsy, autism, or other neurological conditions when those conditions result in impairment of general intellectual functioning or adaptive behavior similar to that of a person with developmental disability.

D. Other indicators for placement may include but are not limited to:

1. The child/youth is currently experiencing acute and severe behaviors, which may include but are not limited to: high levels of aggression and/or self-harming behaviors, emotional distress, impulsive behaviors, and/or other emotional, behavioral, or psychological issues; and,

2. Previous placements have been unsuccessful or alternative placements, specifically within the state of Colorado, are not available for the child/youth.

E. Child/youth who meet criteria for a mental health hold or detainment by law enforcement are not appropriate for admission.

7.424.12 APPEALS PROCESS FOR DENIED ELIGIBILITY

A. A county department of human/social services may submit a request for an appeal of denied initial or continued eligibility to the Division of Child Welfare 24 Hour Appeal Panel within fifteen (15) business days of the denial.

B. Decisions on appeals shall be communicated to the county department of human/social services no later than seven (7) business days of receipt of the request.

C. If the county department of human/social services is aggrieved by the decision of the Child Welfare 24 Hour Appeal Panel, the county department of human/social services may request an administrative hearing pursuant to 7.701.13.d.4.a.

D. Decisions by the administrative law judge are considered final and are not subject to further judicial review.

E. While the continuing eligibility of a child/youth is under appeal, the child/youth may remain in placement at the IDD facility. If the appeal is denied, the county department of human/social services may be responsible for the costs incurred for continuing the placement of the child/youth after thirty (30) days beyond the discharge date.

7.424.13 ADMISSION TO THE IDD FACILITY

A. The State Department, in collaboration with the IDD facility, shall determine if and/or when a referred child/youth shall be admitted to the IDD facility.

B. Upon acceptance of the child/youth into the IDD facility, the State Department shall issue an approval letter to include the date of admission, which shall be determined in collaboration with the county department of human/social services and the IDD facility and shall be approved by the State Department.

C. In the event that there is a waitlist for admission to the IDD facility, the county department of human/social services shall place the eligible and approved child/youth on the agreed upon admission date or forfeit admission, which may result in the child/youth returning to the IDD facility waitlist.

D. Children/youth in the care or custody of county human/social services departments shall be prioritized for admission into the IDD facility.

E. Children/youth who have previously been discharged from the facility shall be prioritized for re-admission, according to the needs of the child/youth.

7.424.14 EMERGENCY ADMISSION

The State Department may hold open up to three (3) beds at the IDD facility to be used for emergency placements. Criteria for emergency admission may include but are not limited to:

A. The child/youth is on the waitlist and experiences an unexpected crisis; or,

B. The child/youth is determined, by the county department of human/social services, to be unsafe in their current setting; or,

C. The child/youth is to be discharged from a more restricted setting, including but not limited to a hospital or detention setting; or,

D. The child/youth experiences an imminent placement disruption unrelated to the child's/youth's status or situation; or,

E. The child/youth is unexpectedly discharged from current placement.

7.424.15 DISCHARGE

A. The duration of treatment at the IDD facility shall be determined at the time of admission by the State Department in collaboration with the IDD facility, county department of human/social services, child/youth, family of child/youth, and the child's/youth's permanency team.

B. Criteria for determining duration of treatment at the IDD facility may include but are not limited to the assessment of the child's/youth's needs, goals of the child/youth, goals of the family (when applicable), expected time to achieve stabilization, criteria for transition, transition needs, and plan for permanency.

C. Within fourteen (14) calendar days of admission, the State Department shall issue an approval letter to include the duration of the child's/youth's treatment and the expected date by which the child/youth will be discharged from the IDD facility.

D. The duration of treatment shall be reviewed by the State Department, the IDD facility, and the county department of human/social services, in collaboration with the child/youth, family of the child/youth (when applicable), and the child's/youth's permanency team, no more than every thirty (30) days after the date of admission and may be subject to change based upon the progress and needs of the child/youth.

E. In the event the State Department determines a change to the duration of treatment, a revised approval letter will be issued.

F. Criteria for discharge

1. The child/youth has met the goals and objectives in the individual child's/youth's plan, as determined by the IDD facility, in consultation with the State Department and the county department of human/social services; or,

2. The child's behavior has become such that significant safety issues for themselves and/or others at the facility and the treatment team at the facility can no longer effectively provide treatment for the child and the child can no longer be safely maintained in the facility without a higher level of intervention. The facility will consult with the State Department and the placing authority to develop an ongoing plan for the child; or,

3. A viable placement option in a lower level of care is identified and available; or,

4. The child's/youth's family is ready and able to care for the child/youth; and,

5. A transition plan is in place to include identified services to support the placement option or family in caring for the child/youth.

G. The county department of human/social services retains the right to remove the child/youth from the program any time prior to the discharge date specified in the most recent approval letter.

7.424.16 COUNTY DEPARTMENT OF HUMAN/SOCIAL SERVICES RESPONSIBILITIES

A. The county department of human/social services shall participate in initial and ongoing monthly staffings, treatment planning, and discharge planning for each child/youth placed at the IDD facility by the county department of human/social services.

B. Permanency planning shall occur in accordance with 7.301.2.

7.424.17 REIMBURSEMENT

When the child/youth is placed by a county department of human/ social services the State Department shall reimburse one hundred percent (100%) of the placement costs, up to thirty (30) days beyond the discharge date as defined in the most recent approval letter.

7.424.18 QUALITY ASSURANCE

The licensee that holds the IDD facility contract is subject to the rules and regulations found at 7.701, 7.705, 7.706, 7.714, and 7.719.

7.424.2 ACUTE RESIDENTIAL FACILITIES

The State Department shall contract with licensed providers for the delivery of services to children and youth whose behavioral or mental health needs require services and treatment in a residential facility.

7.424.21 REFERRAL AND ELIGIBILITY

A. The county department of human/social services shall make the referral to the State Department using the state approved application.

B. The State Department shall determine whether referrals meet eligibility requirements for services in the acute residential facilities.

C. The primary indicators for placement in an acute residential program are:

1. A serious emotional disturbance, includes, with respect to a child, any child who has a serious emotional disorder, a serious behavioral disorder, or a serious mental disorder.

2. An intellectual and/or developmental disability or an autism spectrum disorder. “Intellectual and developmental disability” means a disability that manifests before the person reaches twenty-two years of age, that constitutes a substantial disability to the affected person, and that is attributable to an intellectual and developmental disability or related conditions, including Prader-Willi syndrome, cerebral palsy, epilepsy, autism, or other neurological conditions when the condition or conditions result in impairment of general intellectual functioning or adaptive behavior similar to that of a person with an intellectual and developmental disability.

D. Other indicators for placement may include but are not limited to:

1. The child/youth is currently experiencing acute and severe behaviors, which may include but are not limited to: high levels of aggression and/or self-harming behaviors, emotional distress, impulsive behaviors, and/or other emotional, behavioral, or psychological issues; and,

2. The child/youth is exhibiting intensive behaviors that have not been manageable in lower-levels of care or existing facilities in Colorado or has met discharge criteria from hospitalization and alternative placements, specifically within the state of Colorado, are not available for the child/youth.

E. Children/youth who meet criteria for detainment by law enforcement are not appropriate for admission.

F. To be eligible for admission to a qualified residential treatment program (QRTP) the child must be determined to be appropriate for placement in a qrtp through the independent assesssment process by a qualified individual in accordance with 19-1-115(4)(e)(i), c.r.s.

G. To be eligible for admission to a psychiatric residential treatment facility (PRTF) the child must be certified to need PRTF level of care by an independent team in accordance with 10 ccr 2505-10 § 8.765.4.a.

7.424.22 APPEALS PROCESS FOR DENIED ELIGIBILITY

A. A county department of human/social services may submit a request for an appeal of denied initial or continued eligibility to the Division Of Child Welfare 24 Hour Appeal Panel within fifteen (15) business days of the denial.

B. Decisions on appeals shall be communicated to the county department of human/social services no later than seven (7) business days of receipt of the request.

C. If the county department of human/social services is aggrieved by the decision of the Child Welfare 24 Hour Appeal Panel, the county department of human/social services may request an administrative hearing pursuant to 7.701.13.d.4.a.

D. While the continuing eligibility of a child/youth is under appeal, the child/youth may remain in placement at the acute residential facility. If the appeal is denied, the county department of human/social services may be responsible for the costs incurred for continuing the placement of the child/youth after thirty (30) days beyond the discharge date.

7.424.23 ADMISSION TO AN ACUTE RESIDENTIAL FACILITY

A. The State Department, in consultation with the acute residential facilities, shall determine if and/or when a referred child/youth who has been deemed eligible for the program(s) shall be admitted to an acute residential facility. Admission of a child shall be in keeping with the stated purpose of the child care facility and shall be limited to those children for whom the facility is qualified by staff, program, equipment, and needs of children already in residence to provide care deemed necessary. Care must be provided in the least restrictive, most appropriate setting in order to meet the child's needs.

B. Upon acceptance of the child/youth into the acute residential facility, the State Department shall issue an approval letter to include the date of admission, which shall be determined in collaboration with the county department of human/social services and the acute residential facility, and shall be approved by the State Department.

C. In the event that there is a waitlist for admission to the acute residential facility, the county department of human/social services shall place the eligible and approved child/youth on the agreed upon admission date or forfeit admission, which may result in the child/youth returning to the acute residential facility waitlist.

7.424.24 DISCHARGE

A. The eligible period of placement at the acute residential facility shall be determined at the time of admission by the State Department in collaboration with the acute residential facility, county department of human/social services, child/youth, family of child/youth, and the child’s/youth’s permanency team.

B. Criteria for determining the eligibility period of placement at the acute residential facility may include but are not limited to the assessment of the child’s/youth’s needs, goals of the child/youth, goals of the family (when applicable), expected time to achieve stabilization, criteria for transition, transition needs, and plan for permanency.

C. Within fourteen (14) calendar days of admission, the State Department shall issue an approval letter to include the duration of the child’s/youth’s treatment and the expected date by which the child/youth will be discharged from the acute residential facility.

D. The duration of treatment shall be reviewed by the State Department, the acute residential facility, and the county department of human/social services, in collaboration with the child/youth, family of the child/youth (when applicable), and the child’s/youth’s permanency team, no more than every thirty (30) days after the date of admission and may be subject to change based upon the progress and needs of the child/youth.

E. In the event the State Department determines a change to the duration of treatment, a revised approval letter will be issued.

F. Criteria for discharge

1. The child/youth has met the goals and objectives in the individual child's/youth's plan, as determined by the acute residential facility, in consultation with the State Department and the county department of human/social services; or,

2. The child's behavior has become such that it presents significant safety issues for themselves and/or others at the facility, the treatment team at the facility can no longer effectively provide treatment for the child, and the child can no longer be safely maintained in the facility without a higher level of intervention. The facility will consult with the State Department and the placing authority to develop an ongoing plan for the child; or,

3. A viable placement option in a lower level of care is identified and available; or,

4. The child's/youth's family is ready and able to care for the child/youth; and,

5. A transition plan is in place to include identified services to support the placement option or family in caring for the child/youth.

G. The facility, county department of human/social services, child's permanency team, placement option, and acute residential program administrator shall participate in discharge planning to ensure continuity of care and appropriate transition planning.

H. The county department of human/social services retains the right to remove the child/youth from the program any time prior to the discharge date specified in the most recent approval letter.

7.424.25 COUNTY DEPARTMENT OF HUMAN/SOCIAL SERVICES RESPONSIBILITIES

A. The county department of human/social services shall participate in initial and ongoing monthly staffings, treatment planning, and discharge planning for each child/youth placed at the acute residential facility by the county department of human/social services.

B. Permanency planning shall occur in accordance with 7.301.2.

7.424.26 REIMBURSEMENT

When the child/youth is placed at the acute residential facility, the State Department shall reimburse the provider one hundred percent (100%) of the placement costs, up to thirty (30) days beyond the discharge date as defined in the most recent approval letter. The Department will not reimburse for costs incurred when a county department of human services continues the placement of a child or youth at the acute residential facility after the end of the approved placement period. County departments of human services must contract directly with the facility by completing an ss-23a.

7.424.27 QUALITY ASSURANCE

A licensee that holds an acute residential facility contract is subject to the rules and regulations found at 7.701, 7.705, 7.706, 7.714, and 7.719.

7.402.1 PROVISION OF SERVICES

Subject to certain income and resource limitations, medical assistance through the Colorado Medicaid program must be provided to certain children and youth receiving child welfare services as follows:

A. Children and youth for whom the county department is assuming full or partial financial responsibility.

1. Children and youth in foster care, including those who are in supervised independent living placement situations subsequent to being in foster care;

2. Youth committed to the Department of Human Services, Division of Youth Services, who are placed in a non-secure community based residential facility or in supervised independent living placement situations;

3. Children and youth who have a current, signed subsidized adoption agreement;

4. Children and youth receiving Core services who otherwise would be in foster care;

5. Children and youth in subsidized adoption, including adoption placements out of state, who are IV-E eligible or where the state option is in effect until the receiving state can provide Medicaid;

6. Children and youth from Colorado placed in an out of state out-of-home placement by a Colorado county. IV-E eligible children receive Colorado Medicaid until the receiving state can provide Medicaid;

7. Children and youth eligible for Supplemental Security Income, even if they are not receiving cash benefits, who are placed in an out of state foster care setting until the receiving state can provide Medicaid.

8. Children and youth who are eligible for the Relative Guardianship Assistance Program, including relative guardianship assistance placements out of state who are Title IV-E eligible, until the receiving state can provide Medicaid.

B. Certain children and youth from other states who are placed in Colorado by that state.

1. Children and youth eligible for adoption assistance placed in Colorado by another state;

2. Children and youth placed in an out-of-home placement in Colorado by another state;

3. Children and youth who are eligible for Supplemental Security Income placed in an out-of-home placement in Colorado by another state.

4. Children and youth who are eligible for Relative Guardianship Assistance placed in Colorado by another state and who are Title IV-E eligible.

C. Children and youth who are receiving child welfare services, living in their own home or the home of a designated relative, and the county department is not assuming full or partial financial responsibility for their care, may be eligible for coverage under other Colorado Medicaid programs for families and children.

D. Adoption assistance youth who emancipated from foster care or adoption assistance at age eighteen (18) or after and are under age twenty-one (21), and for whom the state made foster care or adoption assistance payments in the month the youth turned eighteen (18) years of age.

E. A child who has an acceptable non-citizen status as defined in 10 CCR 2505-10 Section 8.100.3.G and is in the custody of DHS is eligible for Colorado Medicaid and no longer need to meet the five-year waiting period to be eligible for Medicaid.

F. Beginning January 1, 2014, former Colorado foster care youth, who were under the State's or Tribe's responsibility, when they emancipated from foster care at age eighteen (18) or after, and who were enrolled in Medicaid (IV-E or non-IV-E) under Colorado's Medicaid State Plan at the time of their emancipation, and are under age twenty-six (26); are eligible for Colorado's Former Foster Care Medicaid. Eligible placement types include the following:

- Kinship family foster care
- Non certified kinship care
- Foster home care
- Group home and group center care
- Children's Habilitation Residential Program (CHRP)
- Residential Child Care Facilities
- Supervised Independent Living Placement programs
- Youth committed to the Division of Youth Services, living in one of the above, non-secure placements.

G. Youth for whom the county had placement authority or custody on or after the youth's 18th birthday.

****

7.404 FEES

A. Fees shall be determined and collected as applicable for the following services in each program area:

1. Child Welfare Child Care.
2. Foster care.
3. Adoptive studies.
4. Core Services Program services as defined in the state approved Core Services Program plan.
5. Medical care paid by the county that is not reimbursed by the state.
6. Other services, such as case services, or custody evaluations.

B. When both foster care and Core Services Program Services are simultaneously being provided or purchased, the foster care fee schedule shall be applied to the cost of both programs.

C. Categories excluded from fee collection:

1. Colorado Works categories, except for Supplemental Security Income eligible children in foster care and whose parents are not Colorado Works recipients.

2. Individuals whose income is deemed to a Colorado Works household.

3. Adoptive families who have an approved but inactive adoption assistance agreement and the child is in out-of-home placement.

4. Youth participating in the Foster Youth in Transition Program and their parents.

D. Once the amount of fee is determined, the full amount is to be paid up to the cost of services.

E. Fees shall be determined for adoptive families as follows:

1. Adoptive families who have an approved Colorado non-Title IV-E adoption assistance agreement, but are currently not receiving adoption assistance payments and the child is in out-of-home placement, are excluded from fee collection.

2. Adoptive families living out of Colorado who have an approved non-Title IV-E adoption assistance agreement whose child is in out-of-home care and the family is being charged a placement fee may request continuation of the adoption assistance payments to assist in the cost associated with the child's out-of-home placement. The plan for the child shall be reunification with the family.

3. Adoptive families who have an approved Colorado non-Title IV-E adoption assistance agreement and the child is in out-of-home placement shall be assessed a placement fee not to exceed the amount of the adoption assistance payment they are receiving under their adoption assistance agreement.

4. Adoptive families who have an approved Title IV-E adoption assistance agreement and the child is in out-of-home placement shall be assessed a fee not to exceed the amount of the adoption assistance payment they are receiving under their adoption assistance agreement.

F. If a family is receiving purchased services the fees shall be distributed in the following priority:

1. Medical costs for non-Medicaid eligible children

2. Foster care

3. Core Services Program Services

4. Child Welfare Child Care

5. Other services

****

7.404.3 CHILD'S INCOME

A. For non-IV-E children, income and other funds, including fees and child support, received by or on behalf of the child, which are more than the amount needed to meet his/her monthly needs, shall be kept by the county treasurer in a special account or trust fund, or, with the concurrence of the county treasurer, a trust account may be established with the county director as the trustee.

See the Finance Manual (11 CCR 2508-1) Such excess funds may be used to meet the child's other needs, such as medical care.

B. For IV-E foster care children, the county department shall handle payment according to Volume V, Disbursement of Support Collections. All other income is handled the same as for non-IV-E children.

C. When a child in foster care has income earned from her/his employment, the county department shall consider the following:

1. Income is not a consideration in determining eligibility for foster care.

2. Full-time student - when a foster child is in school full-time, or would be, except for scheduled vacation. The child need not contribute toward the cost of her/his foster care.

3. Part-time student:

a. When a child in foster care is a part-time student and employed part-time (less than 30 hours per week), earned income is not considered.

b. When the child is employed full-time, the child's own income shall be considered in determining a foster care fee. The guidelines permit the court to consider the child's income in setting the award against the parents.

D. When a child is in a placement under IV-E Foster Care (Title IV-E) and has income, the county department shall refer the case to the Income Maintenance Division for determination of continuing eligibility for IV-E Foster Care. See the Income Maintenance manual Section on Eligibility for Temporary Assistance to Needy Families (9 CCR 2503-1).

E. When a youth is participating in the Foster Youth in Transition Program, the youth's housing is fully or partially funded through foster care maintenance payments, in addition to any other housing assistance the youth is eligible to receive. Any expectations for the youth to contribute to the youth's own expenses must be determined by requirements in 7.416.2.

****

7.406.1 THE STATE REIMBURSES WHEN

A. The county's case record contains required program documentation. For out-of-home placement, documentation shall include the requirements listed under Section 7.304.51 (12 CCR 2509-4), Authority for Placement.

B. Care is provided after the case is open and before the case is closed.

C. The child is with a provider in possession of a valid certificate or license, when one is required.

D. Placement is with an in-state Residential Child Care Facility or Child Placement Agency on the state approved vendor list or with out of state placement providers as approved through the Interstate Compact on the Placement of Children.

E. A youth over eighteen (18) years of age is in placement only when the court had jurisdiction before the 18th birthday and the court orders out- of-home placement or the youth meets eligibility criteria for the Foster Youth in Transition Program and has an active voluntary services agreement.

F. A child is absent from an out-of-home placement and the county department elects to reimburse the provider during the absence period for the placement for one of the following reasons:

1. The absence does not exceed seven days per absence, with only one (1) seven-day total reimbursement within thirty (30) calendar days for the following reasons:

a. The child has run away,

b. Trial home visit,

c. Trial provider visit,

d. Child in detention; or,

e. The child has been kidnapped.

2. Thirty (30) calendar day absences are allowed for the following reasons:

a. Respite (unless care is being provided and it violates Section 7.708.31, D (12 CCR 2509-8) and causes a foster care home to be over capacity); or,

b. The absence occurs during the first thirty (30) days of a hospitalization.

3. For children enrolled in the Children's Habilitation Residential Program Waiver (CHRP), the county may continue payment of the equivalent of the maximum federal Supplemental Security Income benefit during all absences.

G. The out-of-home placement duration for a voluntary Title IV-E child/youth does not exceed 180 calendar days when the county department has filed for a petition to review the need for placement, or petition to open a foster youth in transition case by the 90th calendar day and the county has a correctly worded court order issued, based on the request of the petition to review the need for placement; see Court-Related Procedures, Section 7.304.53 (12 CCR 2509-4).

H. The county department reports an out-of-home or Core Services Program care placement in the Department's automated reporting system within ninety (90) calendar days of its beginning. The State reimburses for retroactive payments not greater than the current and two (2) preceding months.

I. The county department places children in out-of-home care within the provider's licensed or certified capacity or if the licensed/certified capacity is exceeded with the placement of a sibling group. The county shall document that there are no other appropriate placements available.

J. A child is in a Child Placement Agency or Residential Child Care Facility within Colorado for longer than ten (10) working days and an agreement to purchase Child Placement Agency or Residential Child Care Facility services is completed for the child.

K. A child is in a Child Placement Agency or Residential Child Care Facility within Colorado for less than ten (10) working days and the facility has an emergency shelter contract with a county department.

L. Out-of-home placement occurs in facilities holding current certificates or licenses, including kinship foster care placement.

M. Children are placed in Child Placement Agencies and Residential Child Care Facilities outside of Colorado according to the rules for out of state placement and Interstate Compact on the Placement of Children.

N. Respite care is paid to providers of foster care homes. This includes county department or child placement agency foster care homes, or adoptive homes receiving a foster care payment and kinship family foster care providers. It does not include foster homes that provide receiving home care.

O. The child enters care (first day) but not for the last day in care.

P. The child is placed and removed on the same day.

Q. The state reimburses for supervised independent living placements for youth eighteen (18) through the end of the month of the twenty first (21st) birthday, when the county has placement and care responsibility. The state does not reimburse for youth in a supervised independent living placement under the age of eighteen (18).

R. Child Welfare Child Care program criteria are met.

S. The Core Services Program is operated within applicable state rules and within the provisions of the county or multi-county state approved Core Services Plan and in accordance with the requirements governing the specific funding streams used.

T. Client travel costs for out-of-state placement and supervision activities are related to out-of-home placements approved through the Interstate Compact county liaison and the receiving state Interstate Compact on the Placement of Children office. Staff travel costs are reimbursed through county administration.

U. Payments for out-of-home care and rate adjustments are pro-rated using the foster care daily rate in the State Department's automated reporting system.

V. The developmental disability rate for children placed in foster care homes, kinship foster care homes, receiving home care, specialized group facilities, specialized foster care in county certified foster care homes, and homes in which a subsidized adoption maintenance payment is made.

W. The county department for expenditure for clothing purchased for a child in out-of-home care. The state reimburses retroactive clothing payments not greater than the current and two preceding months.

X. The child is in out-of-home care and the county department lists a child free for adoption with the Colorado Adoption Resource Registry within ninety (90) calendar days following:

1. The date of relinquishment or termination of the parent-child relationship, or

2. The date of placement into out-of-home care following an adoption dissolution.

Y. The child is in out-of-home care, the county department requests and the State approves an exclusion from Colorado Adoption Resource Registry listing for a child free for adoption within ninety (90) calendar days following:

1. The date of relinquishment or termination of the parent-child relationship; or,

2. The date of placement into foster care following an adoption dissolution.

Z. If the state approves a Colorado Adoption Resource Registry exclusion because the county finds an adoptive home, reimbursement for out-of-home care is limited to six months from the date the state department receives the request for exclusion.

AA. Costs are billed for the current and two (2) preceding months.

BB. The Early intervention and Prevention Program is operated within applicable state rules and within the provision of the county or multi- county state approved services plan.

CC. A child with development disabilities has been placed in a locked residential setting for treatment and the county has obtained a court order of legal imposition of disability pursuant to Section 27-10.5-110, C.R.S.

DD. A county department pays incentives to a consortium for meeting or exceeding agreed to outcomes.

EE. A county department may pay a consortium, if the consortium's outcome measures meet or exceed the agreed to standard.

FF. A county department purchases Transition Program services provided by an RCCF that is on the approved State RCCF vendor list. In no case shall the rate for transition services exceed the RCCF rate approved by the county department.

GG. Placement of a child in a provisionally certified foster care home that is fully certified within ninety (90) calendar days from the date of the application.

HH. If required by section 24-76.5-101, 102, OR 103 a county department shall document the lawful presence of children age eighteen (18) and over receiving services other than those excluded from the definition of a federal public benefit, state and local public benefits as those terms are defined at Section 24-76.5-102, C.R.S., or services excluded from this requirement as defined at section 24-76.5-103, C.R.S.

II. A county department pays a provider at or above the state-established base anchor rates. A county that negotiates provider rates shall use a request for proposal process, a draft of which shall be submitted to the, no later than March 1.of each calendar year. The Department shall approve or deny the draft proposal no later than April 1 of each calendar year. The request for proposal shall include the following:

1. The county department of human/social services' policy for:

    a. Determining the time frames for negotiation or re-negotiation of rates, services and outcomes; and,

    b. Actions to be taken if services are not delivered or outcomes are not met.

2. The Department shall evaluate request for proposals submitted by county departments of human/social services using the following criteria:

    a. Consideration of whether the county used an approved request for proposal process including, but not limited to, competitive bidding and negotiations;

    b. Consideration of performance outcomes and whether they are tied to financial incentives.

JJ. Reasonable travel is provided to the school where the child is enrolled prior to out-of-home placement.

KK. Reasonable costs are provided for liability insurance for a child.

LL. Adoption Assistance and Relative Guardianship Assistance Program payments are made in compliance with requirements.

MM. Case services in adoption assistance agreements and relative guardianship assistance agreements.

NN. Non-recurring expenses for adoption assistance and relative guardianship assistance agreements.

OO. A child/youth is placed at the IDD facility, as defined in 7.424.5, with the approval of the State Department. The approved placement period is the duration of treatment, as stated in the most recent approval letter from the State Department, and thirty (30) days after the completion of treatment/ discharge date.

PP. A county department makes foster care maintenance payments for children/youth placed with parents in a licensed residential family-based treatment facility for substance abuse in accordance with federal and state program and fiscal requirements. Reimbursement shall be eighty percent (80%) of the approved allowable cost, within the available allocation.

****

7.410 CASE SERVICE PAYMENTS FOR CHILDREN PLACED IN OUT-OF-HOME CARE [Rev. eff. 4/1/12]

Case services are a type of purchased program services that support a case plan for children in out-of-home placement, adoption assistance, or a Relative Guardianship Assistance agreement.

A. The State reimburses for a one time physical, dental and psychological examination for individual eligible children in out-of-home care per Section 7.607.3, B, 2 (12 CCR 2509-7).

B. The State reimburses county departments for client transportation as a case service from out-of-home care funds when travel is necessary:

1. For children in out-of-home care to receive services specified in the Family Services Plan that are directly related to visitation and reunification.

2. To return runaways, who are in county department custody, to their Colorado home county.

3. To facilitate a permanent plan through the Interstate Compact on the Placement of Children.

C. The State does not reimburse for transportation when the:

Child is eligible for Medicaid and the transportation is to enable him/her to secure medical benefits.

D. The State reimburses county departments for case services provided to children placed by provider consortiums/networks when such services are not a part of either room and board or Medicaid treatment/case management services.

E. The State reimburses county departments for other case services provided to children in out-of-home placement when such services are not a part of either room and board or Medicaid treatment or case management services.

****

7.416.2 REIMBURSEMENT FOR SUPERVISED INDEPENDENT LIVING PLACEMENT

This is paid according to the rate negotiated by the county department. The rate may be the State established child maintenance rate or may be the rate negotiated by the county department that ensures the youth has sufficient resources to meet their basic needs and any contribution the youth is required to make shall be based on:

A. The presumption that ability to pay aligns with standards established by the federal department of housing and urban development housing choice or similar voucher programs. Any variance shall be based on the needs of the youth and:

1. The need to gradually reduce payments in a manner that reduces potential negative impacts associated with a sudden reduction in public benefits; this reduction shall not begin more than 120 days prior to the projected end of payments.

2. The need to provide stable support to the youth should the youth's income change rapidly or unexpectedly.

3. Any variance and the reason for the variance shall be documented in the comprehensive child welfare information system.

LIFE, ACCIDENT AND HEALTH

Emergency Regulation 21-E-15

CONCERNING SUSPENSION OF UTILIZATION REVIEW REQUIREMENTS FOR TRANSFERS OR DISCHARGES FROM HOSPITALS EXPERIENCING COVID-19-RELATED CLINICAL STAFFING SHORTAGES

Section 1 Authority

This regulation is being promulgated and adopted by the Commissioner of Insurance under the authority of §§ 10-1-108(7), 10-1-109(1), 10-3-1104(1)(h), 10-3-1104(1)(i), 10-3-1110(1), 10-16-109, and 10-16-113(10), C.R.S. Further, this emergency regulation is promulgated pursuant to the Governor's Executive Order D 2021 136.

Section 2 Scope and Purpose

The purpose of this regulation is to increase the number of available providers in hospitals that are experiencing clinical staffing shortages due to COVID-19 and other emergency hospitalizations and an associated decrease in intensive care unit capacity. It will increase the availability of providers for patient care by temporarily suspending utilization review requirements and streamlining the approval process for transfers and discharges from hospitals.

The Division of Insurance finds, pursuant to § 24-4-103(6)(a), C.R.S., and in accordance with Executive Order D 2021 136, that immediate adoption of this regulation is imperatively necessary for the preservation of public health, safety, or welfare as ensuring hospitals have adequate resources and availability to treat patients is imperative to preserve the health of the citizens of Colorado. Therefore, compliance with the requirements of § 24-4-103, C.R.S., would be contrary to the public interest.

Section 3 Applicability

This regulation applies to all individual and group health benefit plans issued or renewed by entities subject to Part 2, Part 3 and Part 4 of Article 16 of Title 10 of the Colorado Revised Statutes. Carriers who are third-party administrators for self-funded plans are strongly encouraged to follow the requirements of this regulation in order to create uniformity regarding utilization reviews for hospital transfers or discharges.

Section 4 Definitions

A. "Carrier" shall have the same meaning as found at § 10-16-102(8), C.R.S.

B. "Covered person" shall have the same meaning as found at § 10-16-102(15), C.R.S.

C. "In-network" shall have the same meaning as found at § 10-16-102(45), C.R.S.

D. "Health care services" shall have the same meaning as found at § 10-16-102(33), C.R.S.

E. "Medical necessity" shall have the same meaning as found at § 10-16-112.5(7)(c), C.R.S.

F. "Prior authorization" shall have the same meaning as found at § 10-16-112.5(7)(d), C.R.S., and includes preauthorization.

G. "Provider" shall have the same meaning as found at § 10-16-102(56), C.R.S.

H. "Utilization review" shall have the same meaning as found in Colorado Insurance Regulation 4-2-17, Section 4(AF).

Section 5 Rules

A. Carriers shall not require any prior authorization approval for transfers or discharges from a hospital; shall not make any determination that such transfer or discharge is medically unnecessary, inappropriate, ineffective, or inefficient; shall not require utilization review, including but not limited to retrospective review; and shall rely solely on the medical judgment of a provider regarding the transfer or discharge during the duration of this emergency regulation.

B. Carriers shall not make any determination that the transfer or discharge from a hospital is medically unnecessary, inappropriate, ineffective, or inefficient and shall rely solely on the medical judgment of a provider during the duration of this emergency regulation.

C. For any claims subject to Section 5(A) or (B), carriers shall not require the provider or the covered person to submit documentation relating to the medically necessity, appropriateness, effectiveness, or efficiency to the carrier.

D. For any claims subject to Section 5(A) or (B), carriers shall waive, or not enforce, any contractual provision specified in § 10-16-705(14)(a), C.R.S., to the extent it requires a provider to demonstrate medical necessity, appropriateness, effectiveness, or efficiency for in-network, inpatient treatment.

E. Nothing in this regulation prevents a carrier from denying coverage because the health care service is an excluded benefit or coverage has lapsed for the covered person.

F. For the pendency of this emergency regulation, the Division will not view a carriers' lack of utilization review under the specific circumstances of this emergency regulation as a violation of § 10-3-1104, C.R.S.

G. Nothing in this regulation shall be interpreted as eliminating the need to ensure timely transfer of relevant clinical information to another provider or the carrier.

H. If a covered person receiving care in a hospital or freestanding emergency department is transferred to another hospital or facility functioning as a hospital to preserve adequate capacity due to the COVID-19 situation, carriers shall continue to follow Division of Insurance Emergency Regulation 21-E-14.

I. To the extent reasonable and feasible, hospitals and providers are encouraged to ensure covered persons are transferred or discharged to in-network facilities.

Section 6 Severability

If any provision of this regulation or the application of it to any person or circumstance is for any reason held to be invalid, the remainder of this regulation shall not be affected.

Section 7 Enforcement

Noncompliance with this regulation may result in the imposition of any of the sanctions made available in the Colorado statutes pertaining to the business of insurance, or other laws, which include the imposition of civil penalties, issuance of cease and desist orders, and/or suspensions or revocation of license, subject to the requirements of due process.

Section 8 Effective Date

This emergency regulation shall be effective on November 5, 2021.

Section 9 History

Emergency regulation effective November 5, 2021.

The Division of Insurance finds, pursuant to § 24-4-103(6)(a), C.R.S., and in accordance with Executive Order D 2021 136, that immediate adoption of this regulation is imperatively necessary for the preservation of public health, safety, or welfare as ensuring hospitals have adequate resources and availability to treat patients is imperative to preserve the health of the citizens of Colorado. Therefore, compliance with the requirements of § 24-4-103, C.R.S., would be contrary to the public interest.

1.31 EXPANDED SCOPE OF PRACTICE FOR CHIROPRACTORS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Chiropractic Examiners ("Board") set forth in section 24-1-122(3)(h), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Chiropractors may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Chiropractors are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Chiropractors shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Chiropractors shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Chiropractors shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services outside of statutory scope of practice regardless of delegation.

…

1.36 EXPANDED SCOPE OF PRACTICE FOR CHIROPRACTORS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Chiropractic Examiners ("Board") set forth in section 24-1-122(3)(h), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Chiropractors may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Chiropractors are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Chiropractors shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Chiropractors shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Chiropractors shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic.. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.27 EXPANDED SCOPE OF PRACTICE FOR DENTISTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the Colorado Dental Board ("Board") set forth in section 24-1-122(3)(k), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Dentists may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Dentists are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Dentists shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Dentists shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Dentists shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services outside of statutory scope of practice regardless of delegation.

1.28 EXPANDED SCOPE OF PRACTICE FOR DENTISTS AND DENTAL HYGIENISTS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the Colorado Dental Board ("Board") set forth in section 24-1-122(3)(k), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Dentists and dental hygienists may counsel patients and administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting.

    a. Dentists and dental hygienists are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Dentists and dental hygienists shall not administer the COVID-19 vaccination if the licensee does not possess the knowledge, skill or training to administer the vaccination or treat a reaction to the vaccination.

    c. This service shall not be delegated to another person or licensee by the licensee.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic.. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.31 RULES REGARDING THE USE OF BENZODIAZEPINE

The authority for promulgation of these rules and regulations by the Colorado Dental Board is set forth in sections 12-20-204(1), 12-220-105(3), 12-220-106, and 12-30-109(6), C.R.S.

The purpose of these Rules and regulations is to implement rules required by section 12-30-109(6), C.R.S., related to requirements for prescribing benzodiazepines to patients for whom licensees have not previously prescribed benzodiazepines within the last twelve months.

A. Licensees must limit any prescription for a continuous benzodiazepine to a 30-day supply, for any patient to whom the licensee has not prescribed a benzodiazepine in the last 12 months.

B. Prior to prescribing the second fill of a benzodiazepine, a licensee must comply with the requirements of section 12-280-404(4), C.R.S. Failure to comply with section 12-280-404(4), C.R.S., constitutes unprofessional conduct or grounds for discipline under section 12-220-201(1), C.R.S.

C. The limitation stated in section (A) of this Rule does not apply to patients for whom licensees prescribe benzodiazepines for the following conditions:

    1. Epilepsy;

    2. A seizure, a seizure disorder, or a suspected seizure disorder;

    3. Spasticity;

    4. Alcohol withdrawal; or

    5. A neurological condition, including a post-traumatic brain injury or catatonia.

D. These rules do not require or encourage abrupt discontinuation, limitation, or withdrawal of benzodiazepines. Licensees are expected to follow generally accepted standards of the practice of dentistry based on an individual patient's needs, in tapering benzodiazepine prescriptions.

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for an EMERGENCY RULE

Colorado Dental Board

On June 28, 2021, Governor Jared Polis signed Colorado House Bill 21-1276 (*Concerning the prevention of substance use disorders*). This bill takes effect on November 1, 2021.

BASIS
The basis for this rule is to carry out the provisions of Colorado House Bill 21-1276, and the Dental Practice Act at section 12-220-101, *et seq.*, C.R.S.

PURPOSE
The attached rule is promulgated on an emergency basis to implement Colorado House Bill 21-1276, and comply with the bill's November 1, 2021, effective date.

JUSTIFICATION
Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The specific statutory authorities that authorize this emergency rulemaking is pursuant to sections 12-20-204(1), 12-30-109(6), 12-220-106(1)(a), and 24-4-103(6)(a), C.R.S. The adoption of this rule on an emergency basis is imperatively necessary to comply with the requirements and effective date of state law. This temporary/emergency rule takes effect on November 4, 2021, and will remain in effect for no more than 120 days after the date of adoption of this temporary/emergency rule.

Adopted by the Board on this 4th day of November, 2021.

RULE 115 – PODIATRY SCOPE EXPANSION RULES

3 CCR 712-17

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

17.1 STATEMENT OF BASIS AND PURPOSE

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the Colorado Podiatry ("Board") set forth in section 24-1-122(m)(II), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

17.2 EXPANDED SCOPE OF PRACTICE FOR PODIATRISTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Podiatrists may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Podiatrists are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Podiatrists shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Podiatrists shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Podiatrists shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services outside of statutory scope of practice regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic.. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

20.1 STATEMENT OF BASIS AND PURPOSE

A. Basis. Through Executive Order D 2021 122, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the Colorado Podiatry Board ("Board") set forth in section 24-1-122(3)(m)(II), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 122 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 122 directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

20.2 EXPANDED SCOPE OF PRACTICE FOR PODIATRISTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 122

A. Podiatrists may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

1. Podiatrists are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

2. Podiatrists shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

3. Podiatrists shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

4. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

5. Podiatrists shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic.. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

RULE 145 – EMERGENCY RULES AND REGULATIONS REGARDING TEMPORARY LICENSURE

3 CCR 713-45

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

45.1 INTRODUCTION

A. Basis: Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the Colorado Medical Board ("Board") set forth in section 24-1-122(3)(m)(I), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

45.2 TEMPORARY LICENSURE

A. The Board may issue a temporary license to practice medicine to a foreign medical graduate applicant who has completed a minimum of 1-year of postgraduate training or practice in a foreign country and who meets all qualifications for licensure as set forth in section 12-240-110, C.R.S., with the exception of successful completion of the required approved internship or at least one year of postgraduate training approved by the board, as set forth in section 12-240-110(2)(c), C.R.S.

1. Foreign medical graduates must submit an application for temporary licensure.

2. A temporary license issued on or after November 2, 2021 is effective from date of issuance through May 31, 2022.

    a. On June 1, 2022, if a full license to practice medicine in Colorado has not been issued, the temporary licensee shall cease practice immediately and until such time as full licensure to practice medicine in Colorado has been granted

3. A temporary license issued to a foreign medical graduate from April 27, 2021 to November 1, 2021 is effective from date of issuance through December 31, 2021.

    a. Foreign medical graduates issued a temporary license between April 27, 2021 and November 1, 2021 may apply for another temporary license.

    b. On January 1, 2022, if a full license to practice medicine in Colorado has not been issued, the temporary licensee shall cease practice immediately and until

such time as full licensure to practice medicine in Colorado has been granted or another temporary license has been issued pursuant to this Rule 45.

4. Foreign medical graduates who are granted this temporary licensure may perform delegated medical services, other than prescribing medications, under the personal and direct supervision of a Colorado licensed physician whose license is in good standing. This supervision is required during the entire term of the temporary licensure.

5. For the purpose of this emergency rule, “direct supervision” means the Colorado licensed physician must be on the premises with the temporary foreign medical graduate licensee and immediately available to respond to an emergency or provide assistance.

6. For the purpose of this emergency rule “premises” means within the same building, office or facility and within the physical proximity to establish direct contact with the patient should the need arise.

7. This temporary license is not renewable and does not create a property interest for the holder of the temporary license.

8. The temporary licensee may be subject to discipline by the Board as defined in 12-240-101, C.R.S., *et seq*., and shall be subject to the professional liability insurance requirement as defined in section 13-64-301, C.R.S.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic. Executive Order D 2021 122, , which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the Governor extended the temporary suspension of the emergency rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1-122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board) for matters consistent with this Executive Order and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Due to the COVID-19 pandemic, testing centers across the United States, including Colorado, indefinitely postponed examinations required for licensure for numerous healthcare professions and as the testing centers re-open, the number of seats available for each scheduled examination have been drastically reduced in order to comply with Social Distancing requirements, leaving thousands of otherwise qualified healthcare graduates unable to enter the workforce. Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions

and Occupations (Division Director), is addressing temporary licensure for new graduates in order to expand the available healthcare workforce while the graduates await examination.

Justification

As set forth in Executive Order D 2021 122 as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to immediately expand the available healthcare workforce. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules governing temporary licensure for new graduate applicants who meet the qualifications for licensures but for the required examination that is not immediately available due to the COVID-19 pandemic.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce is imperatively necessary for the preservation of the public health, safety and welfare.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

3 CCR 713-46

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

46.1 INTRODUCTION

A. Basis: Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the Colorado Medical Board ("Board") set forth in section 24-1-122(3)(m)(I), C.R.S,, and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

46.2 EXPANDED DELEGATION

A. In addition to any delegation authorized by the Medical Practice Act including, but not limited to, section 12-240-107(3)(l), C.R.S., or Colorado Medical Board Rule 800 3 CCR 713-30, physicians are authorized to delegate services in hospitals and inpatient settings as follows:

1. Physicians may delegate medical services within their scope of practice to the following Colorado Licensed Professionals working in a hospital or inpatient facility:

    a. Podiatrists

    b. Optometrists

    c. Chiropractors

    d. Veterinarians

    e. Dentists

    f. Physical Therapists

g. Physical Therapy Assistants

h. Occupational Therapists

i. Occupational Therapy Assistants

j. Speech-Language Pathologists

k. Surgical Assistants

l. Surgical Technologists

m. Volunteer Retired Nurses

n. Nurse Aides

o. Temporary IMG Licensees

2. Physicians may delegate services within their scope of practice to the following unlicensed persons working in a hospital or inpatient facility:

a. Volunteer Nursing Students

b. Medical Assistants

3. Physicians are authorized to provide training to the Colorado licensed professionals and unlicensed persons set forth in this Rule, section 46.2(A)(1) and (2).

4. In order to delegate services pursuant to this Rule, section 46.2(A)(1) and (2).the physician shall ensure, prior to the delegation, that the delegated service is within the knowledge, skill and training of the delegatee.

5. The physician shall ensure on-premises availability to provide direction and supervision of the delegatee.

6. The delegated services shall be routine, technical services, the performance of which do not require the special skill or decision making ability of a physician.

7. The prescription or selection of medications, performance of surgical or other invasive procedures and anesthesia services may not be delegated pursuant to this Rule 160.

B. In addition to any delegation authorized by the Medical Practice Act and section 25-3.5-207, C.R.S., and notwithstanding any limitations set forth in Colorado Medical Board Rules 400 3 CCR 713-7 or 800 3 CCR 713-30, physician assistants are authorized to delegate services in hospitals and inpatient settings as follows:

1. Physician assistants may delegate services within their scope of practice to the following Colorado Licensed Professionals working in a hospital or inpatient facility:

a. Podiatrists

b. Optometrists

c. Chiropractors

d. Veterinarians

e. Dentists

f. Physical Therapists

g. Physical Therapy Assistants

h. Occupational Therapists

i. Occupational Therapy Assistants

j. Speech-Language Pathologists

k. Surgical Assistants

l. Surgical Technologists

m. Volunteer Retired Nurses

n. Nurse Aides

2. Physician assistants may delegate services within their scope of practice to the following unlicensed persons working in a hospital or inpatient facility:

a. Volunteer Nursing Students

b. Medical Assistants

3. Physician assistants are authorized to provide training to the Colorado licensed professionals and unlicensed persons set forth in Rule 1.27(C)(1) and (2).

4. In order to delegate services pursuant to this Rule, section 46.2(B)(1) and (2), the physician assistant shall ensure, prior to the delegation, that the delegated service is within the knowledge, skill and training of the delegatee.

5. The physician assistant shall ensure on-premises availability to provide direction and supervision of the delegatee.

6. The delegated services shall be routine, technical services, the performance of which do not require the special skill or decision making ability of a physician assistant..

7. The prescription or selection of medications, performance of surgical or other invasive procedures and anesthesia services may not be delegated pursuant to this Rule 160.

46.3 EXPANDED SCOPE OF PRACTICE

A. Physicians are authorized to engage in inpatient care to evaluate and treat COVID-19 patients regardless of American Board of Medical Specialties (ABMS) Board certifications, national certifications, national specialty certificates of added qualifications, or current scope of specialty or subspecialty practice, if appropriate based on the physicians' education, training, and experience.

B. Physician assistants are authorized to engage in inpatient care to evaluate and treat COVID-19 patients regardless of National Commission on Certification for Physician Assistants (NCCPA),

national certifications, national specialty certificates of added qualifications, or current scope of specialty or subspecialty practice, if appropriate based on the physician assistants' education, training, and experience.

C. Anesthesiologist Assistants may expand their scope of practice while working in a hospital or inpatient facility as needed to perform airway management outside of the operative setting.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122 as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

…

1.18 EXPANDED SCOPE OF PRACTICE FOR OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, et. seq., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Director of the Division of Professions and Occupations (Director) to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Occupational therapists and occupational therapy assistants may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Occupational therapists and occupational therapy assistants are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Occupational therapists and occupational therapy assistants shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Occupational therapists and occupational therapy assistants shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Occupational therapists and occupational therapy assistants shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services regardless of delegation.

…

1.21 EXPANDED SCOPE OF PRACTICE FOR OCCUPATIONAL THERAPISTS AND OCCUPATIONAL THERAPY ASSISTANTS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, et. seq., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Occupational therapists and occupational therapy assistants may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Occupational therapists and occupational therapy assistants are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Occupational therapists and occupational therapy assistants shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Occupational therapists and occupational therapy assistants shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Occupational therapists and occupational therapy assistants shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from the COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, Governor Jared Polis directed the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding scope of practice for physical therapists and physical therapist assistants in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division

Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, , as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.26 TEMPORARY LICENSURE OF PRACTICAL NURSES, PROFESSIONAL NURSES, ADVANCED PRACTICE NURSES, AND CERTIFIED NURSE ASSISTANTS AND TEMPORARY SUSPENSION OF CERTAIN NURSE AND NURSE AIDE EDUCATION REQUIREMENTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Nursing ("Board") set forth in section 24-1- 122(3)(gg), C.R.S, and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. TEMPORARY LICENSURE

1. The Board may issue a temporary licenses to a professional nurse or a practical nurse that holds an active, unrestricted professional or practical nurse license in good standing in a non-compact state.

    a. Professional or practical nurses holding an active, unrestricted license in good standing in a non-compact state must submit an application for temporary licensure.

        (1) The applicant must submit evidence of an active, unrestricted license, in good standing, to practice professional or practical nursing in a non-compact state.

    b. A temporary license issued, pursuant to this Section (C)(1) of this Rule, on or after November 2, 2021 is effective from the date of issuance through May 31, 2022.

(1) On June 1, 2022, if a full license to practice nursing in Colorado has not been issued, the temporary licensee shall cease practice immediately and until such time as full licensure to practice nursing in Colorado has been granted.

c. A temporary license issued from April 6, 2021 to November 1, 2021, is effective from date of issuance through December 31, 2021.

(1) Those applicants issued a temporary license between April 6, 2021 and November 1, 2021, may apply for a second temporary license to be effective from date of issuance through May 31, 2022.

(2) On January 1, 2021, if a full license to practice nursing in Colorado has not been issued or if another temporary license has not been issued pursuant to Section (C)(1)(c)(1) of this Rule, the temporary licensee shall cease practice immediately and until such time as full licensure to practice nursing in Colorado has been granted.

d. This temporary license is not renewable and does not create a property interest for the holder of the temporary license.

e. The temporary licensee may be subject to discipline by the Board as defined in section 12-255-101, *et seq.*, C.R.S.

D. TEMPORARY EMERGENCY NURSE AIDE CERTIFICATION

1. Due to a backlog in the administration of required skills examinations, the Board may issue a temporary emergency certification to an applicant that is a new graduate of an approved nurse aide training program who meets all qualifications for certification with the exception of successful completion of the required examinations as set forth in section 12-260-108, C.R.S.

a. Nurse aide new graduates must submit an application for temporary certification.

b. A temporary certificate issued to a new graduate on or after November 2, 2021, is effective from the date of issuance through May 31, 2022.

(1) On June 1, 2022, if a full certificate to practice as a certified nurse aide in Colorado has not been issued the temporary certificate holder shall cease practice immediately and until such time as full certification to practice as a nurse aide in Colorado has been granted.

c. A temporary certificate issued from April 6, 2021 and November 1, 2021, is effective from the date of issuance through December 31, 2021.

(1) New graduates issued a temporary certificate between April 6, 2021 and November 1, 2021, may apply for another temporary certificate to expire on May 31, 2022, subject to the following terms:

(a) The applicant shall submit documentation of passage of the written examination;

(b) The applicant shall attest that the applicant will register for the required skills examination within 60 days of availability in the applicant's regional area.

(1) For the purpose of this Rule, “regional area” means within 250 miles of the applicant’s residence.

(c) The applicant shall attest that the scheduled skills examination in Section (D)(1)(c)(1)(b) of this Rule is the applicants first attempt to successfully complete the skills examination.

(2) On January 1, 2022, if a full certificate to practice as a nurse aide in Colorado has not been issued, or another temporary certificated has not been issued pursuant to Section (D)(1)(c)(1) of this Rule, the temporary certificate holder shall cease practice immediately until such time as full certification to practice as a nurse aide in Colorado has been granted.

d. Nurse aide applicants granted this temporary emergency certification shall practice under the direct supervision of a Colorado licensed professional nurse in good standing during the entire term of the temporary emergency certification.

(1) For the purpose of this emergency Rule, “premises” means within the same building, office or facility and within the physical proximity to establish direct contact with the patient should the need arise.

(2) For the purpose of this emergency Rule, “direct supervision” means the Colorado licensed professional nurse must be on the premises, in-person, with the temporary emergency certified nurse aide and immediately available to respond to an emergency or provide assistance with the following exception:

(a) For home-health or home-hospice settings, “direct supervision” of the temporary emergency certified nurse may include video telesupervision by a professional nurse, provided the nurse supervises the entire visit via video telesupervision and the professional nurse is within proximity of the home site to promptly respond to provide non-emergent assistance and immediately available to respond to an emergency by activating emergency medical services to respond to the home site.

e. Once the temporary emergency certificate holder successfully completes the statutorily required examinations, the temporary emergency certificate must immediately submit an application and the required fee for full certification.

f. This temporary emergency certificate is not renewable and does not create a property interest for the holder of the temporary emergency certificate.

g. The temporary emergency certificate holder may be subject to discipline by the Board as defined in section 12-255-101, *et seq.,* C.R.S.

2. The Board may issue a temporary emergency certification to a reinstatement applicant who meets all qualifications for certification with the exception of successful completion of the required skills examinations as set forth in Rule 1.10(F).

a. A temporary emergency certificate issued to a reinstatement applicant on or after November 2, 2021, is effective from the date of issuance through May 31, 2022.

(1) On June 1, 2022, if a full certificate to practice as a certified nurse aide in Colorado has not been issued the temporary certificate holder shall

cease practice immediately and until such time as full certification to practice as a nurse aide in Colorado has been granted.

b. A temporary emergency certificate issued to a reinstatement applicant between April 5, 2021 and November 1, 2021, is effective from the date of issuance through December 31, 2021.

(1) Reinstatement applicants issued a temporary certificate between April 5, 2021 and November 1, 2021, may apply for another temporary certificate to expire on May 31, 2022, subject to the following terms:

(a) The applicant shall attest that the applicant will register for the required skills examination within 60 days of availability in the applicant's regional area.

(1) For the purpose of this Rule, "regional area" means within 250 miles of the applicant's residence.

(b) The applicant shall attest that the scheduled skills examination in section (D)(2) of this Rule is the applicants first attempt to successfully complete the skills examination.

(2) On January 1, 2022, if a full certificate to practice as a nurse aide in Colorado has not been issued or another temporary emergency certificate has not been issued pursuant to section D(2)(b)(1) of this Rule the temporary certificate holder shall cease practice immediately and until such time as full certification to practice as a nurse aide in Colorado has been granted.

b. Nurse aide applicants granted this temporary emergency certification shall practice under the direct supervision of a Colorado licensed professional nurse in good standing during the entire term of the temporary emergency certification.

(1) For the purpose of this emergency Rule, "premises" means within the same building, office or facility and within the physical proximity to establish direct contact with the patient should the need arise.

(2) For the purpose of this emergency Rule, "direct supervision" means the Colorado licensed professional nurse must be on the premises, in-person, with the temporary emergency certified nurse aide and immediately available to respond to an emergency or provide assistance with the following exception:

(a) For home-health or home-hospice settings, "direct supervision" of the temporary emergency certified nurse may include video telesupervision by a professional nurse, provided the nurse supervises the entire visit via video telesupervision and the professional nurse is within proximity of the home site to promptly respond to provide non-emergent assistance and immediately available to respond to an emergency by activating emergency medical services to respond to the home site.

c. Once the temporary emergency certificate holder successfully completes the statutorily required examinations, the temporary emergency certificate must immediately submit an application and the required fee for full certification.

d. This temporary emergency certificate is not renewable and does not create a property interest for the holder of the temporary emergency certificate.

e. The temporary emergency certificate holder may be subject to discipline by the Board as defined in section 12-255-101, *et seq.,* C.R.S.

E. TEMPORARY SUSPENSION OF CERTAIN NURSE AND NURSE AIDE EDUCATION REQUIREMENTS RELATED TO COVID-19

1. Pursuant to this emergency Rule, promulgated in compliance with Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, the following State Board of Nursing Rules are temporarily suspended effective Nonember 2, 2021, for a period of no longer than 120 days:

a. Rule 1.2(C)(11) (requiring concurrent clinical and theory experiences to allow clinical hours to be completed beyond six (6) months of relevant theory content);

b. Rule 1.2(E)(15)(c)(4)(a) (requiring a minimum of four hundred (400) clinical hours graduation from a practical nursing education program);

c. Rule 1.2(E)(15)(c)(4)(b) (requiring a minimum of seven hundred fifty (750) clinical hours for graduation from a professional nursing education program);

d. Rule 1.2(E)(15)(c)(4)(c) (requiring fifty percent of clinical hours in the Medical Surgical Nursing II, Community Health and Capstone (practicum) courses, pediatrics, obstetrics, psychiatric and medical surgical nursing, including those clinical hours required for nurse refresher courses, be completed in a clinical setting);

e. Rule 1.2(E)(15)(c)(13)(d) (requiring faculty supervision for healthcare related volunteer experiences);

f. Rule 1.10 (D)(12)(a) (requiring successful completion of a written and skills-based examination prior to certification); and,

g. Rule 1.11 (E)(2)(a) (requiring a minimum of sixteen (16) hours of clinical instruction be performed in a clinical setting).

1.27 EXPANDED DELEGATION FOR ADVANCED PRACTICE REGISTERED NURSES, CERTIFIED REGISTERED NURSE ANESTHETISTS, AND PROFESSIONAL NURSES AND EXPANDED SCOPE OF PRACTICE FOR CERTIFIED REGISTERED NURSE ANESTHETISTS, VOLUNTEER RETIRED NURSES, VOLUNTEER NURSING STUDENTS AND NURSE AIDES PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Nursing ("Board") set forth in section 24-1-122(3)(gg), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. EXPANDED DELEGATION OF SERVICES

1. In addition to any delegation authorized by the Nurse Practice Act, advanced practice registered nurses, including certified registered nurse anesthetists, and professional nurses are authorized to delegate services within their scope of practice to the following Colorado licensed professionals working in a hospital or inpatient facility:

    a. Podiatrists

    b. Optometrists

    c. Chiropractors

    d. Veterinarians

    e. Dentists

    f. Physical Therapists

    g. Physical Therapy Assistants

    h. Occupational Therapists

    i. Occupational Therapy Assistants

    j. Speech-Language Pathologists

    k. Surgical Assistants

    l. Surgical Technologists

    m. Volunteer Retired Nurses

    n. Nurse Aides

2. Advanced practice registered nurses, including certified registered nurse anesthetists, and professional nurses may delegate services within their scope of practice to the following unlicensed persons working in a hospital or inpatient facility:

    a. Volunteer Nursing Students

    b. Medical Assistants

3. Advanced practice registered nurses, including certified registered nurse anesthetists, and professional nurses are authorized to provide training to the Colorado licensed professionals and unlicensed persons set forth in Rule 1.27(C)(1) and (2).

4. In order to delegate services pursuant to Rule 1.27(c)(1) and (2), the advanced practice registered nurse, including certified registered nurse anesthetists, and professional nurse shall ensure, prior to the delegation, that the delegated service is within the knowledge, skill and training of the delegatee.

5. The advanced practice registered nurse, including certified registered nurse anesthetists, and professional nurse shall ensure on-premises availability to provide direction and supervision of the delegatee.

6. The delegated services shall be routine, technical services, the performance of which do not require the special skill or decision making ability of an advanced practice nurse, certified registered nurse anesthetist or professional nurse.

7. The prescription or selection of medications, performance of surgical or other invasive procedures and anesthesia services may not be delegated.

D. EXPANDED SCOPE OF PRACTICE

1. Certified registered nurse anesthetists may expand their scope of practice while working in a hospital or inpatient facility as needed to perform airway management outside of the operative setting.

2. Notwithstanding section 12-255-111(2), C.R.S., and 3 CCR 716-1 Rules 1.14(C) and (D), which were suspended pursuant to Executive Order D 2021 080, advanced practice registered nurses are authorized to evaluate and treat COVID-19 patients regardless of national certification or designated population focus.

3. Volunteer retired nurses, volunteer nursing students in the last semester of an educational program and nurse aides may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

a. Volunteer retired nurses, volunteer nursing students in the last semester of an educational program and nurse aides are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

b. Volunteer retired nurses, volunteer nursing students in the last semester of an educational program and nurse aides shall not accept delegation of a service for which the licensee or student does not possess the knowledge, skill or training to perform.

3. Volunteer retired nurses, volunteer nursing students in the last semester of an educational program and nurse aides shall not perform a delegated service for which the licensee or student does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee

5. Volunteer retired nurses, volunteer nursing students in the last semester of an educational program and nurse aides shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services regardless of delegation.

1.28 EXPANDED SCOPE OF PRACTICE FOR CERTIFIED NURSE ASSISTANTS AND PRACTICAL NURSES IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the Board of Nursing ("Board") set forth in section 24-1-122(3)(k), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Practical nurses and certified nurse assistants may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Practical nurses and certified nurse assistants are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Practical nurses and certified nurse assistants shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Practical nurses and certified nurse assistants shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Practical nurses and certified nurse assistants shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division

Director), is addressing temporary licensure for new graduates in order to expand the available healthcare workforce while the graduates await examination.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.24 EXPANDED SCOPE OF PRACTICE FOR VETERINARIANS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Veterinary Medicine ("Board") set forth in section 24-1-122(3)(y), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Veterinarians may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Veterinarians are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Veterinarians shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Veterinarians shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Veterinarians shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services outside of statutory scope of practice regardless of delegation.

1.25 EXPANDED SCOPE OF PRACTICE FOR VETERINARIANS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Veterinary Medicine ("Board") set forth in section 24-1-122(3)(y), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Veterinarians may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Veterinarians are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Veterinarians shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Veterinarians shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Veterinarians shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic.. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.27 EXPANDED SCOPE OF PRACTICE FOR OPTOMETRISTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Optometry ("Board") set forth in section 24-1-122(3)(p), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Optometrists may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses. certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Optometrists are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Optometrists shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Optometrists shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Optometrists shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services outside of statutory scope of practice regardless of delegation.

1.28 EXPANDED SCOPE OF PRACTICE FOR OPTOMESTRISTS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Optometry ("Board") set forth in section 24-1-122(3)(p), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Optometrists may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Optometrists are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Optometrists shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Optometrists shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Optometrists shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic.. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.4 EXPANDED SCOPE OF PRACTICE FOR PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Physical Therapy ("Board") set forth in section 12-285-105(1)(b), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of the Department of Regulatory Agencies, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Physical therapists and physical therapist assistants may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Physical therapists and physical therapist assistants are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Physical therapists and physical therapist assistants shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Physical therapists and physical therapist assistants shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Physical therapists and physical therapist assistants shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services outside of statutory scope of practice regardless of delegation.

…

1.7 EXPANDED SCOPE OF PRACTICE FOR PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis temporarily suspended the emergency rulemaking authorities for the State Board of Physical Therapy ("Board") set forth in section 12-285-105(1)(b), C.R.S., and directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Physical therapists and physical therapist assistants may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

   a. Physical therapists and physical therapist assistants are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

   b. Physical therapists and physical therapist assistants shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

   c. Physical therapists and physical therapist assistants shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

   d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

   e. Physical therapists and physical therapist assistants shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic.. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136 the Governor temporarily suspended the rulemaking authorities set forth in C.R.S. § 24-1-122(3)(m)(I) (Colorado Medical Board), C.R.S. § 24-1-122(3)(gg) (State Board of Nursing), C.R.S. § 24-1-122(3)(h) (Colorado State Board of Chiropractic Examiners, C.R.S. § 24-1-122(3)(k) (Colorado Dental Board), C.R.S. § 24-1- 122(3)(m)(II) (Colorado Podiatry Board), C.R.S. § 24-1-122(3)(p) (Colorado State Board of Optometry), C.R.S. § 24-1-122(3)(y) (State Board of Veterinary Medicine), and C.R.S. § 12-285-105(1)(b) (State Physical Therapy Board), and directed the Executive Director of DORA, through the Director of DPO, to promulgate and issue temporary emergency rules consistent with the Executive Order.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding delegation in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to

immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.9 EXPANDED DELEGATION PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. These Emergency Rules are adopted by the Director of the Division of Professions and Occupations (Director) to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Delegation

1. In addition to any delegation authorized by section 12-300-112(1)(i), C.R.S., respiratory therapists may delegate services within their scope of practice to the following Colorado licensed professionals working in a hospital or inpatient facility:

   a. Podiatrists

   b. Optometrists

   c. Chiropractors

   d. Veterinarians

   e. Physical Therapists

   f. Physical Therapy Assistants

   g. Occupational Therapists

   h. Occupational Therapy Assistants

i. Speech-Language Pathologists

j. Surgical Assistants

k. Surgical Technologists

l. Volunteer Retired Nurses

m. Nurse Aides

2. Respiratory therapists may delegate services within their scope of practice to the following unlicensed persons working in a hospital or inpatient facility:

a. Volunteer Nursing Students

b. Medical Assistants

3. In addition to the provisions of section 12-300-112(1)(i), C.R.S., respiratory therapists are authorized to provide training to the Colorado licensed professionals and unlicensed persons set forth in Rule 1.10(C)(1) and(2).

4. In order to delegate services pursuant to Rule 1.10(C)(1) and (2), the Respiratory Therapist shall ensure, prior to the delegation, that the delegated service is within the knowledge, skill and training of the delegatee.

5. The respiratory therapists shall ensure on-premises availability to provide direction and supervision of the delegatee.

6. The delegated services shall be routine, technical services, the performance of which do not require the special skill or decision making ability of a respiratory therapist.

7. The prescription or selection of medications, performance of surgical or other invasive procedures and anesthesia services may not be delegated.

1.10 EXPANDED SCOPE OF PRACTICE FOR RESPIRATORY THERAPISTS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Respiratory therapists may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Respiratory therapists are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Respiratory therapists shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Respiratory therapists shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Respiratory therapists shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from the COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, Governor Jared Polis directed the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding scope of practice for physical therapists and physical therapist assistants in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division

Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, , as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

[Editor's Notes follow the text of the rules at the end of this CCR Document.]

…

1.7 EXPANDED SCOPE OF PRACTICE FOR SURGICAL TECHNOLOGISTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, et. seq., C.R.S.

B. These Emergency Rules are adopted by the Director of the Division of Professions and Occupations (Director) to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Surgical Assistants and Surgical Technologists may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Surgical Assistants and Surgical Technologists are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Surgical Assistants and Surgical Technologists shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Surgical Assistants and Surgical Technologists shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Surgical Assistants and Surgical Technologists shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services outside of their statutory scope of practice regardless of delegation.

…

1.9 EXPANDED SCOPE OF PRACTICE FOR SURGICAL ASSISTANTS AND SURGICAL TECHNOLOGISTS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, et. seq., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Surgical assistants and surgical technologists may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Surgical assistants and surgical technologists are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Surgical assistants and surgical technologists shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Surgical assistants and surgical technologists shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Surgical assistants and surgical technologists shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from the COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, Governor Jared Polis directed the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding scope of practice for physical therapists and physical therapist assistants in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division

Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, , as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

1.20 EXPANDED SCOPE OF PRACTICE FOR SPEECH-LANGUAGE PATHOLOGISTS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.,* C.R.S.

B. These Emergency Rules are adopted by the Director of the Division of Professions and Occupations (Director) to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice. Speech-language pathologists may perform services while working in a hospital or inpatient facility as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, professional nurses and respiratory therapists.

1. Speech-language pathologists are authorized to perform delegated services upon adequate cross-training as determined necessary by the hospital or inpatient facility.

2. Speech-language pathologists shall not accept delegation of a service for which the licensee does not possess the knowledge, skill or training to perform.

3. Speech-language pathologists shall not perform a delegated service for which the licensee does not possess the knowledge, skill or training to perform.

4. Delegated services shall not be re-delegated to another person or licensee by the delegatee.

5. Speech-language pathologists shall not prescribe or select medications, perform surgical or other invasive procedures or perform anesthesia services regardless of delegation.

1.24 EXPANDED SCOPE OF PRACTICE FOR SPEECH-LANGUAGE PATHOLOGISTS IN ORDER TO ADMINISTER VACCINATIONS PURSUANT TO THE GOVERNOR'S EXECUTIVE ORDER D 2021 136

A. Basis. Through Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, Governor Jared Polis directed the Executive Director of DORA, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules consistent with the Executive Order. The basis for these emergency rules is Executive Order D 2021 136 issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order and Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq*., C.R.S.

B. Purpose. These Emergency Rules are adopted by the Executive Director of DORA, through the Division Director, to effectuate Executive Order D 2021 136, amending and extending Executive Orders D 2021 122, D 2021 124, D 2021 125, D 2021 129, and D 2021 132, and directing the immediate expansion of the workforce of trained medical personnel available to administer the coronavirus disease 2019 (COVID-19) vaccinations within inpatient facilities and outpatient settings due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

C. Expanded Scope of Practice In Order to Administer the COVID-19 Vaccination.

1. Speech-language pathologists may administer the COVID-19 vaccination while working in a hospital, inpatient facility or outpatient setting as delegated by physicians, physician assistants, advanced practice registered nurses, certified registered nurse anesthetists, or professional nurses.

    a. Speech-language pathologists are authorized to perform this delegated service upon adequate cross-training as determined necessary by the hospital, inpatient facility, or outpatient setting.

    b. Speech-language pathologists shall not accept delegation of this service if the licensee does not possess the knowledge, skill or training to perform.

    c. Speech-language pathologists shall not perform this delegated service if the licensee does not possess the knowledge, skill or training to perform.

    d. This delegated service shall not be re-delegated to another person or licensee by the delegatee.

    e. Speech-language pathologists shall not prescribe, order, or select the COVID-19 vaccination regardless of delegation.

COLORADO
Department of Regulatory Agencies
Division of Professions and Occupations

STATEMENT OF BASIS, PURPOSE and JUSTIFICATION for EMERGENCY RULES

Colorado Governor Jared Polis ("Governor") declared a state of disaster recovery on July 8, 2021, through Executive Order D 2021 122, to focus the State's efforts on recovery from the COVID-19 pandemic. Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, addresses the immediate need for trained medical personnel available to provide healthcare services during the recovery from the COVID-19 pandemic.

Basis

Through Executive Order D 2021 122, which was amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, Governor Jared Polis directed the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

The basis for these emergency rules is Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, issued by Governor Jared Polis pursuant to the Colorado COVID-19 Disaster Recovery Order issued on July 8, 2021, Article IV, Section 2 of the Colorado Constitution, and the Colorado Disaster Emergency Act, sections 24-33.5-701, *et. seq.*, C.R.S.

Purpose

The purpose of these emergency rules is to effectuate Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and directing the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Professions and Occupations (Division Director), to promulgate and issue temporary emergency rules to expand the workforce of trained medical personnel available to provide healthcare services within inpatient facilities due to the coronavirus disease 2019 (COVID-19) pandemic in Colorado.

Through this emergency rulemaking, the Executive Director of the Department of Regulatory Agencies, through the Director of the Division of Profession and Occupations (Division Director), is promulgating these emergency rules expanding scope of practice for physical therapists and physical therapist assistants in order to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Justification

As set forth in Executive Order D 2021 122, as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, the need exists to immediately expand the available healthcare workforce in hospitals and inpatient facilities. The Executive Director of the Department of Regulatory Agencies, through the Division

Director, is promulgating these emergency rules expanding scope of practice to provide hospitals and inpatient facilities with the flexibility to fill healthcare service gaps with readily available personnel through expanded delegation of services.

Pursuant to section 24-4-103(6)(a), C.R.S., a temporary or emergency rule may be adopted without compliance with section 24-4-103(4),C.R.S., which requires the agency to hold a public hearing "at which it shall afford interested persons an opportunity to submit written a data, views, or arguments and to present the same orally"; and with less than the twenty days' notice set forth in section 24-4-103(3), C.R.S., or without notice where circumstances imperatively require, only if the agency finds that "[i]mmediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for preservation of the public health, safety or welfare and compliance with the requirements of this section would be contrary to the public interest." Such findings must be made on the record.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, hereby finds the immediate adoption of these emergency rules is imperatively necessary to comply with Executive Order D 2021 122, , as amended and extended by Executive Orders D 2021 124, D 2021 125, D 2021 129, D 2021 132, and D 2021 136, and, that due to threat posed by the COVID-19 pandemic, the adoption of emergency rules to expand the available healthcare workforce in hospitals and inpatient facilities is imperatively necessary for the preservation of the public health, safety and welfare, and cannot wait the several months required for permanent rulemaking and therefore emergency rules are appropriate pursuant to the Administrative Procedure Act.

The Executive Director of the Department of Regulatory Agencies, through the Division Director, finds, as required by section 24-4-103(4)(b), C.R.S., that the need for the emergency rulemaking exists; the proper constitutional and/or statutory authority exists for the rules; to the extent practicable, the rules are clearly and simply stated so that their meaning will be understood by any required to comply with the rules; the rules do not conflict with other provisions of the law; and any duplication or overlapping of the rules, if any, has been explained.

These temporary/emergency rules take effect November 2, 2021, and remain in effect for the longer of (A) 30 days after adoption, or (B) the duration of the State of Disaster Emergency declared by the Governor, up to a maximum of 120 days after adoption of these temporary/emergency rules.

Dated this 2nd day of November, 2021.

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   The proposed rule change will amend 10 CCR 2505-3 sections 110,140,310 and 320 based on the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Families First Coronavirus Response Act (FFCRA) and the Affordable Care Act(ACA), which includes the Maintenance of Effort (MOE) provision. All policy revisions will align with federal regulations for the state to be in compliance during this Coronavirus (COVID-19) Public Health Emergency. These changes will impact all Medical Assistance categories which includes the Child Health Plan Plus (CHP+) category. These policy changes will stay in place until the end of the Coronavirus (COVID-19) Public Health Emergency. The following policy changes are: Members who were evacuated from or unable to return to Colorado and are temporarily absent will maintain enrollment in the CHP+ program. Enrollment fees will be waived for members who are being redetermined and eligible for CHP+. required through the Federal CARES Act for the Maintenance of Effort(MOE), the Department will continue eligibility for all the CHP+ categories regardless of changes made for a redetermination or additional documentation for current CHP+ enrollee and allow them to continue eligibility through the end of the Public Health Emergency. At the end of emergency, the Department will process the redetermination and /or changes for all members whose eligibility was maintained during the emergency period.

2. An emergency rule-making is imperatively necessary

   ☒ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

   Explain:

   Due to the Coronavirus (COVIS-19) public health emergency rules need to be updated for the state to be in compliance with federal regulations.

3. Federal authority for the Rule, if any:

   Families First Coronavirus Response Act (FFCRA), Public Law No. 116-127 and Coronavirus Aid, Relief, and Economic Security (CARES) Act, Public Law No. 116-

136. The Affordable Care Act(ACA), which includes the Maintenance of Effort (MOE) provision.

4. State Authority for the Rule:

25.5-1-301 through 25.5-1-303, C.R.S. (2021);
25.5-8-107.(b)

DO NOT PUBLISH THIS PAGE

Title of Rule: Revision to the Medical Assistance Rule concerning Child Health Plan Plus program rule updates, Sections 110,140, 310 and 320
Rule Number: CHP 21-11-07-B
Division / Contact / Phone:Office of Medicaid Operations / Ana Bordallo / 3558

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   The proposed rules will impact members enrolled in the CHP+ programs. The rule updates will benefit members enrolled in CHP+ by remaining eligible during this Coronavirus (COVIS-19) Public Health Emergency.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   The proposed rule will help to determine eligibility correctly by applying regulations appropriately to help members remain eligible for the CHP+ programs during this Coronavirus (COVID-19) Public Health Emergency.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.
   The Department expects that eligibility could potentially increase as members who are outside the state for the duration of the emergency will not be disenrolled. This will lead to an increase in expenditure for the Department as the member will be included in the monthly capitation payment. The Department also assumes that the waiving of enrollment fees for the CHP+ program will reduce revenues to the Department which will result in the increase of expenditures to the CHP+ Trust fund, Healthcare Affordability and Sustainability Fee (HAS) Cash Fund, and federal funds in order to fill the gap in revenue lost from the premiums. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.
The Department expects that inaction to the proposal to allow CHP+ member to retain eligibility outside the state will result in lack of care to those

members who are outside the state during the emergency period who will need those services. The Department sees no benefit to inaction.

In addition, the Department expects that inaction to the proposal to waive enrollment fees will cause potential members to not qualify because they are unable to pay the premiums due to the severity of the economic shock. The Department also sees no benefit to inaction.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

There are currently no less costly measures to the Department that will allow the Department to service members more effectively during the emergency period.

6.Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

There are no alternative methods for the proposed rule that were considered

50 DEFINITIONS

50.1 “Applicant” shall mean a person applying or re-applying for benefits on behalf of a child and/or themselves.

50.2 “CBMS” shall mean Colorado Benefits Management System is the computer system that determines an applicant’s eligibility for public assistance in the state of Colorado.

50.3 “Child” means a person who is less than nineteen years of age.

50.4 “Cost sharing” shall mean payments, such as copayments or enrollment fees that are due on behalf of the enrollee.

50.5 “Department” shall mean the Colorado Department of Health Care Policy and Financing which is responsible for administering the Colorado Medical Assistance Program and Children’s Basic Health Plan as well as other State-funded health care programs.

50.6 “Dependent child” shall mean a child who lives with a parent, legal guardian, caretaker relative or foster parent and is under the age of 18, or, is age 18 and a full-time student, and expected to graduate by age 19

50.7 “Effective Date” shall mean the first day of eligibility which is the date the application is received and date-stamped by the Eligibility site or the date the application was received and date-stamped by an Application Assistance site or Presumptive Eligibility site. In the absence of a date-stamp, the application date is the date that the application was signed by the client.

50.8 “Eligibility Site” shall mean a location outside of the Department that has been deemed by the Department as eligible to accept applications and determine eligibility for applicants.

50.9 “Enrollee” shall mean an eligible person who is enrolled in the Children’s Basic Health Plan.

50.10 “Essential Community Provider” means a healthcare provider that:

A. Has historically served medically needy or medically indigent patients and demonstrates a commitment to serve low-income and medically indigent populations who make up a significant portion of its patient population, or in the case of a sole community provider, serves medically indigent patients within its medical capability; and

B. Waives charges or charges for services on a sliding scale based on income and does not restrict access or services because of a client's financial limitations.

50.11 “Evidence of Coverage” or “EOC” shall mean any certificate, agreement, or contract issued to an enrollee from time-to-time by a Managed Care Organization (MCO) setting out the coverage to which the enrollee is or was entitled under the Children’s Basic Health Plan.

50.12 “Grievance Committee” shall mean a conference with the Department or its Designee in which a contested decision regarding an applicant or enrollee is reexamined.

50.13 “Household” shall be determined by relationships to the tax filer as declared on the Single Streamlined Application and as required in 10 CCR 2505-10-8.100.4.E.

50.14 “Income” shall be any compensation from participation in a business, including wages, salary, tips, commissions and bonuses. The Modified Adjusted Gross Income is a methodology used to determine eligibility as required in 10 CCR 2505-10-8.100.4.C.

50.15 “Managed Care Organization” or “MCO” shall mean:

A. A carrier which meets the definition in §10-16-102 (8), C.R.S. with which the Department contracts to provide health care or dental services covered by the Children’s Basic Health Plan; or,

B. Essential community providers and other health care and dental service providers with whom the Department contracted to provide health care services under the Children’s Basic Health Plan using a managed care model.

50.16 “Presumptive Eligibility” shall mean children and pregnant women who have applied and appear to be eligible for the Children’s Basic Health Plan shall be presumed eligible and may receive immediate temporary medical coverage.

50.17 “Unearned Income” shall be the gross amount received in cash or kind that is not earned from employment or self-employment.

50.18 “Woman” shall mean a female who is 19 years in age or older.

100 ELIGIBILITY

110 INDIVIDUALS ASSISTED UNDER THE PROGRAM

110.1 To be eligible for the Children’s Basic Health Plan, an eligible person shall:

A.

1. Be less than 19 years of age; or

2. Be a pregnant woman

B. Fall into one of the following categories:

1. Be a citizen or national of the United States, the District of Columbia, Puerto Rico, Guam, the United States Virgin Islands, the Northern Mariana Islands, American Samoa, or Swain's Island; or

2. Be a lawfully admitted non-citizen who entered the United States prior to August 22, 1996, or

3. Be a non-citizen who entered the United States on or after August 22, 1996 and is applying for Medical Assistance who falls into one of the following categories:

a. Lawfully admitted for permanent residence under the U.S. Immigration and Nationality Act (hereafter referred to as the “INA”); or

b. Paroled into the United States for at least one year under 8 U.S.C § 1182(d)(5); or

c. Granted conditional entry under Section 203(a)(7) of the INA, as in effect prior to April 1, 1980; or

d. determined by the Eligibility site, in accordance with guidelines issued by the U.S. Attorney General, to be a spouse, child, parent of a child, or child of a parent who, in circumstances specifically described in 8 U.S.C.

§1641(c), has been battered or subjected to extreme cruelty which necessitates the provision of Medical Assistance (Children's Basic Health Plan); or

4. Be a non-citizen who arrived in the United States on any date, who falls into one of the following categories:

   a. Lawfully residing in Colorado and is an honorably discharged military veteran; or

      1. A spouse of such military veteran; or

      2. An unremarried surviving spouse of such military veteran; or

      3. An unmarried dependent child of such military veteran.7

   b. Lawfully residing in Colorado and is on active duty in the United States Armed Forces, excluding military training; or

      1. A spouse of such individual; or

      2. An unremarried surviving spouse of such individual; or

      3. An unmarried dependent child of such individual.

   c. Granted asylum under Section 208 of the INA; or

   d. Refugee under Section 207 of the INA; or

   e. An individual with deportation withheld:

      1. Under Section 243(h) of the INA, as in effect prior to September 30, 1996; or

      2. Under Section 241(b)(3), as amended by P.L. 104-208 of the INA.

   f. A Cuban or Haitian entrant, as defined under Section 501(e) of the U.S. Refugee Education Assistance Act of 1980; or

   g. An individual who:

      1. Was born in Canada and possesses at least 50 percent American Indian blood; or

      2. Is a member of an Indian tribe, as defined in 25 U.S.C. Section 450(b)e.

   h. Admitted into the United States as an Amerasian immigrant under Section 584 of the U.S. Foreign Operations, Export Financing, and Related Programs Appropriation Act of 1988, as amended by P.L. 100-461; or

   i. A lawfully admitted, permanent resident, who is a Hmong or Highland Lao veteran of the Vietnam conflict; or

j. An alien who was admitted in the United States on or after December 26, 2007 who is an Iraqi Special Immigrant under section 101(a)(27) of the INA; or

k. An alien who was admitted in the United States on or after December 26,2007 who is an Afghan Special Immigrant under section 101(a)(27) of the INA; and

5. Be a lawfully admitted non-citizen in the United States who falls into one of the categories:

a. granted temporary resident status in accordance with section 8 U.S.C. 1160 or 1255a; or

b. granted Temporary Protected Status (TPS) in accordance with section 8 U.S.C 1254a and pending applicants for TPS granted employment authorization;

c. granted employment authorization under section 8 CFR 274a.12(c);or

d. Family Unity beneficiary in accordance with section 301 of Pub. L. 101-649, as amended.

e. Deferred Enforced Departure (DED), pursuant to a decision made by the President

f. Granted Deferred Action status (excluding Deferred Action for Childhood Arrivals (DACA)) as described in the Secretary of Homeland Security's June 15,2012 memorandum;

g. Granted an administrative stay of removal under section 8 CFR 241; or

h. Beneficiary of approved visa petition who has a pending application for adjustment of status.

i. Pending an application for asylum under section 8 U.S.C. 1158, or for withholding of removal under section 8 U.S.C. 1231, or under the Convention Against Torture who-

1. as been granted employment authorization; or

2. Is under the age of 14 and has had an application pending for at least 180 days.

j. Granted withholding of removal under the Convention Against Torture;

k. Citizens of Micronesia, the Marshall Islands, and Palau; or

l. Is lawfully present American Samoa under the immigration of laws of American Samoa.

m. A non-citizen in a valid nonimmigrant status, as defined in section 8 U.S.C. 1101(a)(15) or under section 8 U.S.C. 1101(a)(17); or

n. A non-citizen who has been paroled into the United States for less than one year under section U.S.C. 1182(d)(5), except for an individual paroled for prosecution, for deferred inspection or pending removal proceedings; or

o. A child who has a pending application for Special Immigrant Juvenile status under 8 U.S.C 1101(a)(27)(J).

C. For determinations of eligibility for the Children's Basic Health Plan, legal immigration status must be verified. This requirement applies to a non-citizen individual who meets the criteria of any category defined at 110.1.B and has declared that he or she has a legal immigration status.

1. The Verify Lawful Presence (VLP) interface will be used to verify immigration status as required in 10 CCR 2505-10-8.100.3.G.2

2. If the state cannot verify immigration status the individual will receive a Reasonable Opportunity Period as required in 10 CCR 2505-10-8.100.3.H.9

D. Be a resident of Colorado; and residence shall be retained until abandoned. A person temporarily absent from the state, inside or outside the United States, retains Colorado residence. Temporarily absent means that at the time he/she leaves, the person intends to return.

E. Have a household income greater than 133% but not exceeding 250% of the Federal Poverty Level (MAGI-equivalent), adjusted for household size for children under the age of 19; or

F. Have a household income greater than 185% but not exceeding 250% of the Federal Poverty Level (MAGI-equivalent), adjusted for household size for pregnant women.

G. Failure to complete an application or to provide required documentation in Section 130 will result in the denial of the incomplete application or individual applicant (s).

120 INSUFFICIENT ACCESS TO OTHER HEALTH COVERAGE

120.1 To be eligible for the Children's Basic Health Plan, an eligible person shall not:

A. Be covered under a group health plan or under health insurance coverage excluding Consolidated Omnibus Budget Reconciliation Act (COBRA); or

B. Be eligible to receive assistance under Title XIX of the Social Security Act; or

C. Be an inmate of a public institution or a patient in an institution for mental diseases.

120.2 The Department shall not require that applicants be uninsured for any period of time prior to becoming eligible for the Children's Basic Health Plan.

130 VERIFICATION REQUIREMENTS

130.1 To be eligible for the Children's Basic Health Plan, an applicant shall provide minimal verification as required in 10 CCR 2505-10-8.100.4.B.

140 REDETERMINATION

140.1 A redetermination of eligibility shall mean a case review and necessary verification to determine whether the client continues to be eligible to receive Medical Assistance. Eligibility shall be redetermined twelve (12) months since the last eligibility determination. An Eligibility site may redetermine eligibility through telephone, mail, or electronic means. The use of telephone or electronic redeterminations should be noted in the case record and in CBMS case comments.

A. A redetermination form is not required to be sent to the client if all current eligibility requirements can be verified by reviewing information from another assistance program or if this information can be verified through an electronic data source. When applicable, the eligibility site shall redetermine eligibility based solely on information already available. If verification or information is available for any of the three months prior to redetermination month, no request shall be made of the client and a notice of the outcome will go to the client. If not all verification or information is available, the eligibility site shall only request the additional minimum verification from the client. This procedure is referenced as Ex Parte Review.

B. A redetermination form, approved by the Department, shall be mailed to the client at least 30 days prior to the first of the month in which completion of eligibility redetermination is due. The redetermination form shall be used to inform the client of the redetermination and verification needed. The client shall not be required to return the form to the eligibility site. The only verification that may be required at redetermination is the minimum verification needed to complete a redetermination of eligibility.

The redetermination form shall direct clients to review current information and to take no action if there are no changes to report in the household. Eligibility sites and CBMS shall view the absence of reported changes from the client at this redetermination period as confirmation that there have been no changes in the household. This procedure is referenced as automatic reenrollment.

C. Due to the Coronavirus COVID-19 Public Health Emergency, required through the Federal CARES Act for the Maintenance of Effort (MOE), the Department will continue eligibility for all Medical Assistance categories regardless of changes made for a redetermination or additional documentation for current CHP+ enrollee and allow them to continue eligibility through the emergency declaration. Once the emergency declaration has concluded, the Department will process the redetermination and /or changes for all members whose eligibility was maintained during the emergency declaration.

150 CALCULATION OF HOUSEHOLD INCOME

150.1 Calculation of income for the Children's Basic Health Plan shall be determined as required in 10 CCR 2505-10-8.100.4.C

150.2 Income disregards for the Children's Basic Health Plan shall be determined as required in 10 CCR 2505-10-8.100.4.D

160 [Repealed eff. 12/30/2012]

170 PRESUMPTIVE ELIGIBILITY

170.1 A pregnant applicant or a child under the age of 19 may apply for presumptive eligibility for immediate temporary medical services through designated presumptive eligibility sites.

A. To qualify for presumptive eligibility, a child under the age of 19 shall have a declared household income that shall be greater than 133% but not exceed 250% of Federal Poverty Level (MAGI-equivalent); or

B. To qualify for presumptive eligibility, a pregnant women shall have an attested pregnancy, declare that her household's income shall be greater than 185% but not exceed 250% of the Federal Poverty Level (MAGI-equivalent); and

C. He/she shall be a United States citizen or a documented immigrant as defined in Section 110.

170.2 Presumptive eligibility sites shall be certified by the Department of Health Care Policy and Financing to make presumptive eligibility determinations. Sites shall be re-certified by the Department of Health Care Policy and Financing every 2 years to remain approved presumptive eligibility sites.

A. The presumptive eligibility site shall forward the application to the county within five business days of the received date.

170.3 The presumptive eligibility period begins on the date the applicant is determined eligible and ends with the earlier of:

A. The day an eligibility determination for Medical Assistance is made for the applicant(s); or

B. The last day of the month following the month in which a determination for presumptive eligibility was made.

170.4 The county or Medical Assistance site shall make an eligibility determination within 45 days from the date of application.

A. Presumptively eligible clients may appeal the county or Medical Assistance site's failure to act on an application within 45 days from date of application or the denial of an application. Appeal procedures are outlined in Section 600.

B. A presumptively eligible client may not appeal the end of a presumptive eligibility period.

180 Express Lane Eligibility

Express Lane Eligibility shall allow for automatic initiation of Medical Assistance enrollment by using available data and findings from other programs as listed below.

180.1 Free/Reduced Lunch Program

A. Recipients of the Free/Reduced Lunch Program who have submitted a Free/Reduced Lunch application at a participating school district

1. Families will be given the option to opt into Medical Assistance coverage for their potentially eligible child.

2. Children who meet all necessary eligibility requirements as outlined in this volume will be automatically enrolled.

3. Children who meet all necessary eligibility requirements except verification of U.S. citizenship and identity will receive 90 days of eligibility while awaiting this verification.

4. Any additionally required verification will be requested from the client through CBMS prior to being automatically enrolled.

5. Eligibility is based on income declared on the Free/Reduced Lunch application as well as eligibility requirements outlined in section 150.

6. If it would be found that a child does not satisfy an eligibility requirement for Medical Assistance, the child's eligibility will be evaluated using the application for Medical Assistance.

B. Recipients of the Free/Reduced Lunch Program who were not required to submit a Free/Reduced Lunch application at a participating school district

1. Families who are automatically enrolled Free/Reduced Lunch recipient children will not be forwarded to the Department for Express Lane Eligibility in compliance USDA confidentiality guidelines.

2. These families must apply for Medical Assistance in order to give consent for request of benefits.

180.2 Direct Certification

A. When an application for Food Stamps or Colorado Works has been submitted, families will be given the option to opt into Medical Assistance coverage for their potentially eligible children.

1. Children who meet all necessary eligibility requirements as outlined throughout sections 100 through 180 will be automatically enrolled,

2. Children who are only missing verification of U.S. citizenship and identity will receive 90 days of coverage while waiting for this verification.

3. Any additionally required verification will be requested from the client through CBMS prior to being automatically enrolled.

4. Eligibility is determined based on income declared on the Food Stamp or Colorado Works application as well as eligibility requirements outlined throughout this volume.

5. If it would be found that a child does not satisfy an eligibility requirement for Medical Assistance, the child's eligibility will be evaluated using the Single Streamlined application for Medical Assistance.

6. Individuals whose eligibility is not determined through Express Lane Eligibility may also submit a separate Single Streamlined Application for Medical Assistance to determine eligibility.

200 BENEFITS PACKAGE

210 The following are covered benefits including any applicable limitations:

A. Emergency Care and Urgent/After Hours Care;

B. Emergency Transport/Ambulance Services;

C. Hospital/Other Facility Services Including:

1. Inpatient;

2. Physician;

3. Outpatient/Ambulatory;

D. Medical Office Visits Including:

1. Physician;

2. Mid-Level Practitioner;

3. Specialist;

E. Diagnostic Services;

F. Preventative, Routine and Family Planning Services Including:

1. Immunizations;

2. Well-child visits;

3. Health maintenance visits;

G. Maternity Care Including:

1. Prenatal;

2. Delivery and inpatient well-baby care;

3. Postpartum care

H. Mental Illness Treatments such as:

1. Neurobiologically-based mental illness including:

a. Schizophrenia;

b. Schizoaffective disorder;

c. Bipolar affective disorder;

d. Major depressive disorder;

e. Specific obsessive compulsive disorder;

f. Panic disorder;

2. Mental disorders including:

a. Post traumatic stress disorder

b. Drug and alcohol disorders

c. Dysthymia

d. Cyclothymia

e. Social phobia

f. Agoraphobia with panic disorder

g. General anxiety

h. Anorexia Nervosa exclusive of residential treatment

i. Bulimia exclusive of residential treatment

3. All other mental illness;

a. Inpatient coverage;

b. Outpatient coverage;

I. Physical Therapy, Speech Therapy and Occupational Therapy shall be limited to 30 visits per diagnosis per year. Effective November 1, 2007, Physical, Speech and Occupational Therapy services shall be unlimited for children from birth up to the child's third birthday.

J. Durable Medical Equipment shall be limited to the lesser of the purchase price or rental price for medically necessary durable medical equipment that shall not exceed two thousand dollars per year.

K. Transplants must be medically necessary and are limited to:

1. Liver;

2. Heart;

3. Heart/lung;

4. Cornea;

5. Kidney;

6. Bone marrow which shall be limited to the following conditions:

a. Aplastic anemia;

b. Leukemia;

c. Immunodeficiency disease;

d. Neuroblastoma;

e. Lymphoma;

f. High risk stage ii and iii breast cancer;

g. Wiskott aldrich syndrome;

7. Peripheral stem cell support which shall be limited to the following conditions:

a. Aplastic anemia;

b. Leukemia;

c. Immunodeficiency disease;

d. Neuroblastoma;

e. Lymphoma;

f. High risk stage II and III breast cancer;

g. Wiskott aldrich syndrome;

L. Home health care;

M. Hospice care;

N. Prescription medication;

O. Kidney dialysis shall be excluded only if the member is also eligible for Medicare;

P. Skilled nursing facility care must be provided only when there is a reasonable expectation of measurable improvement in the members' health status.

Q. Vision services shall be limited to:

1. Vision screenings for age appropriate preventative care;

2. Referral required for refraction services;

3. Minimum fifty dollar benefit for eyeglasses;

R. Audiology services shall be limited to:

1. Hearing screenings for age appropriate preventative care;

2. Hearing aids without financial limitation for enrollees age 18 and under no more than once every five years unless medically necessary including:

a. A new hearing aid when alterations to the existing hearing aid cannot adequately meet the needs of the child

b. Services and supplies including, but not limited to, the initial assessment, fitting, adjustments, and auditory training that is provided according to accepted professional standards.

S. Intractable pain;

T. Autism;

U. Case management is covered only when medically necessary;

V. Dietary counseling/nutritional services shall be limited to:

1. Formula for metabolic disorders;

2. Total parenteral nutrition;

3. Enterals and nutrition products;

4. Formulas for gastrostomy tubes;

W. Dental services are limited to:

1. Those dental services described in the Children's Basic Health Plan dental Evidence of Coverage booklet provided to enrollees, who are less than nineteen years of age. Beginning October 1, 2019, the dental services listed below are covered benefits for enrolled pregnant women of any age, excepting Limited Orthodontic services under Section 210.W.1.h for pregnant women age nineteen and above. Children's Basic Health Plan dental services are provided by the dental MCO (or its designee) with which the Department has contracted for the applicable plan year to provide the following dental services;

   a. Diagnostic

   b. Preventive

   c. Restorative

   d. Endodontic

   e. Periodontic

   f. Prosthodontic

   g. Oral and Maxillofacial Surgery

   h. Limited Orthodontic, excepting pregnant women age nineteen and above.

   i. Adjunctive General Services

2. Orthodontic and prosthodontic treatment for cleft lip or cleft palate in newborns (covered as a medical service in accordance with section 10-16-104, C.R.S.); and

3. Treatment of teeth or periodontium required due to accidental injury to naturally sound teeth (covered as a medical service in accordance with section 10-16-104, C.R.S.). A physician or legally licensed dentist must perform treatment within 72 hours of the accident.

X. Therapies covered shall include:

1. Chemotherapy;

2. Radiation;

Y. The following are not covered benefits:

1. Acupuncture;

2. Artificial conception;

3. Biofeedback;

4. Storage Costs for umbilical blood;

5. Chiropractic care;

6. Convalescent care or rest cures;

7. Cosmetic surgery;

8. Custodial care;

9. Domiciliary care;

10. Duplicate coverage;

11. Government institution or facility services;

12. Hair loss treatments;

13. Hypnosis;

14. Infertility services;

15. Maintenance therapy;

16. Nutritional therapy unless specified otherwise;

17. Elective termination of pregnancy, unless the elective termination is to save the life of the mother or if the pregnancy is the result of an act of rape or incest;

18. Personal comfort items;

19. Physical exams for employment or insurance;

20. Private duty nursing services;

21. Routine foot care;

22. Sex change operations;

23. Sexual disorder treatments;

24. Taxes;

25. Temporomandibular joint (TMJ) treatment, unless it has a medical basis;

26. Other therapies and treatments which are not medically necessary;

27. Vision services unless specified otherwise;

28. Vision therapy;

29. War-related conditions;

30. Weight-loss programs;

31. Work-related conditions;

300 ENROLLMENT FEES AND COPAYMENTS

310 ANNUAL ENROLLMENT FEES AND DUE DATE

310.1 For eligible children, the following annual enrollment fees shall be due prior to enrollment in the Children's Basic Health Plan:

A. For families with income, at the time of eligibility determination, less than 151% of the Federal Poverty Level, the annual enrollment fee shall be waived.

B. For families with income, at the time of eligibility determination, between 151% and 205% of the Federal Poverty Level (MAGI-equivalent), the annual enrollment fee shall be:

1. $25.00 for a single eligible child; and

2. $35.00 for two or more eligible children.

3. Waived for families who include an eligible pregnant woman.

C. For families with income, at the time of eligibility determination, greater than 205% and up to 250% of the Federal Poverty Level, the annual enrollment fee shall be:

1. $75.00 for a single eligible child; and

2. $105.00 for two or more eligible children.

3. Waived for families who include an eligible pregnant woman

310.2 If the required enrollment fee is not received with the application for the Children's Basic Health Plan, the Department or its designee shall notify the applicant:

A. That applicable enrollment fees are a requirement for enrollment;

B. That fees shall be due within thirty (30) days of the date of notification;

C. Of effective date of enrollment if payment is received; and

D. That the application shall be denied if payment is not received by the due date indicated.

310.3 The application shall be denied if payment is not received by the due date indicated on the notification.

310.5 Once enrollment has occurred, the annual enrollment fee is non-refundable.

310.6 Due to the Coronavirus COVID-19 Public Health Emergency, an eligible applicant will be charged an enrollment fee. Existing members who are being re-enrolled will not be charged enrollment fees until after the Public Health Emergency has ended.

320 COPAYMENTS

320.1 The following copayments shall be due for enrollees at the time of service:

A. For families with income, at the time of eligibility determination, less than 101% of the Federal Poverty Level (MAGI-equivalent), all copayments shall be waived, except for emergency and care, which shall be $3.00 per use and urgent/after hours care, which shall be $1.00 per use.

B. For families with income, at the time of eligibility determination, between 101% and 150% of the Federal Poverty Level (MAGI-equivalent), the copayment shall be:

1. Effective until June 30, 2012:

a. $2.00 per office visit;

b. $2.00 per outpatient mental health or substance abuse visit;

c. $1.00 per generic or brand name prescription;

d. $2.00 per physical therapy, occupational therapy or speech therapy visit;

e. $2.00 per vision visit;

f. $3.00 per use of emergency care and urgent/after hours care;

2. Effective July 1, 2012:

a. $2.00 per office visit;

b. $2.00 per outpatient mental health or substance abuse visit;

c. $1.00 per generic or brand name prescription;

d. $2.00 per physical therapy, occupational therapy or speech therapy visit;

e. $2.00 per vision visit;

f. $3.00 per use of emergency care (co-payment is waived if client is admitted to the hospital);

g. $1.00 per use of urgent/after hours care;

h. $2.00 per trip for emergency transport/ambulance services;

i. $2.00 per inpatient hospital visit;

j. $2.00 per inpatient hospital visit for physician services in the hospital;

k. $2.00 per outpatient hospital or ambulatory surgery center visit.

C. For families with income, at the time of eligibility determination, between 151% and 200% of Federal Poverty Level (MAGI-equivalent), the copayment shall be:

1. Effective until June 30, 2012:

a. $5.00 per office visit;

b. $5.00 per outpatient mental health or substance abuse visit;

c. $3.00 per generic prescription;

d. $5.00 per brand name prescription;

e. $5.00 per physical therapy, occupational therapy or speech therapy visit;

f. $5.00 per vision visit;

g. $15.00 per use of emergency care and urgent/after hours care

2. Effective July 1, 2012:

a. $5.00 per office visit;

b. $5.00 per outpatient mental health or substance abuse visit;

c. $3.00 per generic prescription;

d. $10.00 per brand name prescription;

e. $5.00 per physical therapy, occupational therapy or speech therapy visit;

f. $5.00 per vision visit;

g. $30.00 per use of emergency care ((co-payment is waived if client is admitted to the hospital)

h. $20.00 per use of urgent/after hours care;

i. $5.00 per date of service for laboratory and radiology/imaging services

j. $15.00 per trip for emergency transport/ambulance services;

k. $20.00 per inpatient hospital visit;

l. $5.00 per inpatient hospital visit for physician services;

m. $5.00 per outpatient hospital or ambulatory surgery center visit.

3. Due to the Coronavirus COVID-19 Public Health Emergency, members who are eligible for Children's Basic Health Plan will have waived laboratory copayments, specifically as it relates to laboratory copayments associated with COVID-19 testing.

D. For families with income, at the time of eligibility determination, between 201% and 250% of Federal Poverty Level (MAGI-equivalent), the copayment shall be:

1. Effective until June 30, 2012:

a. $10.00 per office visit;

b. $10.00 per outpatient mental health or substance abuse visit;

c. $5.00 per generic prescription;

d. $10.00 per brand name prescription;

e. $10.00 per physical therapy, occupational therapy or speech therapy visit;

f. $10.00 per vision visit;

g. $20.00 per use of emergency care and urgent/after hours care.

2. Effective July 1, 2012:

a. $10.00 per office visit;

b. $10.00 per outpatient mental health or substance abuse visit;

c. $5.00 per generic prescription;

d. $15.00 per brand name prescription;

e. $10.00 per physical therapy, occupational therapy or speech therapy visit;

f. $10.00 per vision visit;

g. $50.00 per use of emergency care (co-payment is waived if client is admitted to the hospital);

h. $30.00 per use of urgent/after hours care;

i. $10.00 per date of service for laboratory and radiology/imaging services

j. $25.00 per trip for emergency transport/ambulance services;

k. $50.00 per inpatient hospital visit;

l. $10.00 per inpatient hospital visit for physician services;

m. $10.00 per outpatient hospital or ambulatory surgery center visit.

3, Due to the Coronavirus COVID-19 Public Health Emergency, members who are eligible for Children's Basic Health Plan will have waived laboratory copayments, specifically as it relates to laboratory copayments associated with COVID-19 testing.330 COST SHARING LIMITATIONS

330.1 American Indians and Alaskan Natives shall be exempt from cost sharing requirements. American Indian shall mean a member of a federally recognized Indian tribe, band, or group, or a descendant in the first or second degree of any such member. Alaskan Native shall mean an Eskimo or Aleut or other Alaska Native enrolled by the Secretary of the Interior.

330.2 The maximum yearly cost sharing requirements for families of enrollees shall be 5% of income.

330.3 No copayments shall apply to preventive services. For the purpose of this section, preventive services shall mean:

A. All healthy newborn and newborn inpatient visits, including routine screening whether provided on an inpatient or outpatient basis;

B. Routine examinations;

C. Immunizations and related office visits; and

D. Routine preventive and diagnostic dental services.

330.4 Prenatal Care Program clients shall be exempt from cost sharing requirements.

400 ENROLLMENT

400.1 An applicant found eligible for Children's Basic Health Plan can elect to be enrolled the Children's Basic Health Plan.

410 SELECTION OF A MANAGED CARE ORGANIZATION

410.1

A. Once eligibility has been determined, an eligible person shall have the opportunity to select a participating MCO in the county of the eligible person's residence. If there is only one participating MCO available in the county of the eligible person's residence, the eligible person shall be enrolled in that MCO.

B. In the event the Department contracts with an MCO to provide dental services to Children's Basic Health Plan enrollees, an enrollee automatically will be enrolled with such MCO. No separate MCO election will be required.

410.2 MCO SELECTION

A. Upon determination of eligibility for the Children's Basic Health Plan program, if the eligible person has notified the Department or its designee of his/her chosen MCO prior to the last business day of the month in which eligibility was determined, the Department or its designee shall enroll the eligible person in that MCO.

B. Upon determination of eligibility for the Children's Basic Health Plan program, if the eligible person has not chosen an MCO, the Department or its designee shall enroll the eligible person in an MCO selected by the Department or its designee. In areas of the state where there is only one participating MCO available, the Department or its designee shall select that MCO and enroll the eligible person.

C. The Department or its designee shall notify the enrollee of the MCO selected. If the enrollee wants to change MCOs, the enrollee shall contact the Department or its designee within 90 days from the effective date of the MCO enrollment. An enrollee may also change a pending MCO enrollment before the effective date.

D. For renewal applications, the Department or its designee shall reassign the eligible person to the participating MCO the applicant approved for the previous enrollment period. If the eligible person wishes to change MCO enrollment, he/she shall notify the Department or its designee within his/her re-enrollment period.

410.3 In counties in which a participating MCO as defined in section 50.14.A is not available, the eligible person shall be enrolled in an MCO as defined in section 50.14.B.

410.4 Once an enrollee has selected an MCO or upon expiration of the timeframe to change, the enrollee shall remain enrolled in that MCO for the remainder of his/her eligibility period, unless the eligible person meets any of the disenrollment criteria set forth in section 440.

410.5 An eligible person shall have an opportunity to change to a different MCO serving the eligible person's geographic region, if one is available, during the applicant's annual redetermination period.

420 ENROLLMENT OF ALL ELIGIBLE PERSONS IN A FAMILY

420.1 If one eligible child from a family is enrolled in the Children's Basic Health Plan, all eligible children in that family must be enrolled in the Children's Basic Health Plan.

420.2 All eligible children in a family must be enrolled in the same MCO.

430 ENROLLMENT DATE

430.1 Eligibility for the Children's Basic Health Plan shall be effective on the latter of:

A. The first day of the month of application for Medical Assistance; or

B. The first day of the month the person becomes eligible for the Children's Basic Health Plan program.

430.2 Upon being enrolled in the Children's Basic Health Plan, continuous eligibility applies to children under the age of 19, who through an eligibility determination, reassessment or redetermination are found eligible for the Children's Basic Health Plan program. The continuous eligibility period may last for up to 12 months and will begin on the month of application or from the authorization date.

A. The continuous eligibility period applies without regard to changes in income or other factors that would otherwise cause the child to be ineligible.

i) A 14-day no fault period shall begin on the date the child is determined eligible for Medical Assistance. During the 14-day period, updates or corrections may be made to the child's case. Any changes to the child's case made during the 14-day no fault period may impact his or her eligibility for Medical Assistance.

B. A child's continuous eligibility period will end effective the earliest possible month, if any of the following occur:

i) Child is deceased

ii) Becomes an inmate of a public institutio

iii) The child states that she/he has moved out of the household permanently

iv) Is no longer a Colorado resident

v) Is unable to be located based on evidence or reasonable assumption

vi) Requests to be withdrawn from continuous eligibility

vii) Fails to provide documentation during a reasonable opportunity period as specified in section 8.100.3.H.9

viii) Fails to provide a reasonable explanation or paper documentation when self-attested income is not reasonably compatible with income information from an electronic data source, by the end of the 90-day reasonable opportunity period. This exception only applies the first-time income is verified following an initial eligibility determination or an annual redetermination.

ix) An eligible person shall not be enrolled in other health insurance coverage

430.3. If determined eligible, the enrollment date of a pregnant woman shall be effective as of the first of the month of the date of application or the first day of the month the pregnant woman becomes eligible. The enrollment span shall end at the end of the month following 60 days after the birth of the child or termination of the pregnancy. Once eligibility has been approved, coverage must be provided regardless of changes in the woman's financial circumstances, once the income verification requirements are met.

A. A pregnant women's eligibility period will end effective the earliest possible month, if any of the following occur:

i) Fails to provide a reasonable explanation or paper documentation when self-attested income is not reasonably compatible with income information from an electronic data source, by the end of the 90-day reasonable opportunity period. This exception only applies the first-time income is verified following an initial eligibility determination or an annual redetermination.

430.4 An eligible person's enrollment date in the selected MCO shall be no later than:

A. The first of the month following eligibility determination and MCO selection if eligibility is determined before the 17th of the month.

B. The first of the second month following eligibility determination and MCO selection if eligibility is determined on or after the 17th of the month.

430.5 A child born to a mother who is enrolled in the Children's Basic Health Plan at the time of the child's birth is guaranteed coverage for one year.

A. To receive Medical Assistance under the Children's Basic Health Plan, the birth must be reported verbally or in writing to the County Department of Human Services or Eligibility site. Information provided shall include the baby's name, date of birth, and mother's name or Medical Assistance number. A newborn can be reported at any time by any person. Once reported, a newborn meeting the above criteria shall be added to the mother's Medical Assistance case, or his or her own case if the newborn does not reside with the mother, according to timelines defined by the Department. If adopted, the newborn's agent does not need to file an application or provide a Social Security Number or proof of application for a Social Security Number for the newborn.

440 DISENROLLMENT

440.1 An enrollee shall be disenrolled from an MCO for the following reasons:

A. Administrative error on the part of the Department, the Department's designee, or the MCO, including but not limited to enrollment of a person who does not reside in the MCO's service area; or,

B. A change in the enrollee's residence to an area not in the MCO's service area; or,

C. When an enrollee's coverage is terminated as described in section 440.1A.

440.2 If an enrollee is disenrolled from an MCO for any of the reasons stated in section440.1 and there is another participating MCO available in the enrollee's county of residence, the enrollee shall be allowed to select a new MCO.

440.3 If the enrollee is enrolled in a MCO as defined in section 50.15B and a MCO as defined in section 50.15A becomes available in the child's county of residence, the enrollee will be disenrolled from the MCO as defined in section 50.15 B and enrolled in the MCO as defined in section 50.15A.

440.4 An enrollee may be disenrolled from both an MCO and/or the Children's Basic Health Plan for the following reasons:

A. Fraud or intentional misconduct, including but not limited to knowing misuse of covered services, knowing misrepresentation of membership status; or,

B. An enrollee's receipt of other health care coverage; or,

C. The admission of an enrollee into any federal, state, or county institution for the treatment of mental illness, narcoticism, or alcoholism, or into any correctional facility; or,

D. Ineligibility for the program, based on the guidelines set forth in the Children's Basic Health Plan eligibility rules; or,

E. Failure to comply with cost sharing requirements (annual enrollment fees and copayments) set forth in the Children's Basic Health Plan cost sharing rules; or,

F. There is not another participating MCO as defined in section 50.14 available in the enrollee's county of residence.

440.5 If an eligible person or an eligible person's family displays an ongoing pattern of behavior that is abusive to provider(s), staff or other patients; or, disruptive to the extent that the provider's ability to furnish services to the child or other patients is impaired, the eligible person may be disenrolled from his/her managed care organization. If there is another participating MCO available in the eligible person's county of residence, the Department may allow the eligible person to select a new MCO. If there is not another MCO available in the eligible person's county, the eligible person may be disenrolled from the Children's Basic Health Plan.

500 FINANCIAL MANAGEMENT

The Children's Basic Health Plan, being a non-entitlement program, must manage to its legislative appropriation. The Department shall track expenditures, caseload, and other financial information to make informed decisions on spending its appropriation. Expenditures may exceed State appropriations with approval of the Governor, but any General Fund over expenditure shall be limited to $250,000.

510 The Department shall make quarterly assessments of projected expenditures. If it appears the program may overspend its appropriation due to changes in enrollment, health care costs, funding, legislation, or other factors, the Department shall consider if adjustments to the program are necessary. The program may use, but is not limited to, any of the following financial management tools: waiting lists, adjustments of eligibility criteria and/or levels, instituting open enrollment periods, or temporary closure of the program.

600 APPEALS PROCESS

600.1 Applicants shall be notified of any action regarding the eligibility and enrollment status and cost sharing requirements for the enrollees' participation in the Children's Basic Health Plan and appeal rights regarding those actions by the Department or its designee.

600.2 The Department or its designee shall notify the applicant within ten (10) business days of a decision regarding eligibility, enrollment and cost sharing. The notice shall:

A. Be in writing;

B. Be in his/her primary language, to the extent practicable;

C. Describe to the applicant the reasons for the decision;

D. Document the authority for the decision (e.g. rule citation); and

E. Inform the applicant of his/her rights and responsibilities regarding the decision.

600.3 An applicant who disagrees with a denial regarding eligibility, enrollment, or cost sharing requirements may appeal in writing to the Children's Basic Health Plan Eligibility Vendor within thirty (30) calendar days of the date of the notification of denial of eligibility, enrollment, or cost sharing. The appeal shall be reviewed and processed within thirty (30) calendar days of receipt and the results of the appeal shall be communicated to the applicant within ten (10) business days of the review. The following guidelines shall apply to the appeal process:

A. The Children's Basic Health Plan Eligibility Vendor will coordinate the appeals process with the county or Eligibility site that determined the initial eligibility, enrollment, or cost sharing decision within ten (10) business days after receipt of the appeal.

B. The county or Eligibility site that determined the initial eligibility, enrollment, or cost sharing decision shall:

1. Review the data entry of the application in the Department's eligibility system for accuracy and completeness within ten (10) business days after receipt of the appeal from the Children's Basic Health Plan Eligibility Vendor;

2. Correct or complete information in the Department's eligibility system if it is found to be incomplete or incorrect and re-run eligibility;

3. Maintain the original denial, if the information in the Department's eligibility system is complete and correct; and

4. Notify the applicant and the Children's Basic Health Plan Eligibility Vendor in writing once the review is complete with the results of the data entry review and the option of forwarding the appeal to the Grievance Committee.

600.4 If the applicant disagrees with the results of the appeal, the applicant may have their appeal reviewed by the Grievance Committee. The Grievance Committee's decision shall be final.

A. The Grievance Committee shall be conducted by an independent panel appointed by the Executive Director of the Department. The panel shall include at least three people from the Department or its designee not previously involved with the grievance. A person previously involved with the grievance may be present at the conference and appear before the panel to present information and answer questions, but shall not have a vote. The Department shall ensure that those appointed to the panel have sufficient experience to make an informed decision regarding the grievance under review.

B. The applicant may attend the Grievance Committee in person or by telephone.

C. The applicant may be represented by the person of the applicant's choice (i.e. legal counsel, friend, family member, etc.) during the Grievance Committee.

D. The applicant may have access to documents that were used by the Department or its designee in making the decision under appeal.

600.5 An enrollee who disagrees with a denial of benefits shall submit an appeal to the MCO he/she is enrolled in and shall follow the MCO's appeal process.

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   The purpose of this emergency rule is to temporarily change regulatory requirements for Department of Health Care Policy and Financing rules to provide enhanced flexibility, reduction to programmatic limitations, and alignment with existing federal guidance related to processes under the COVID-19 pandemic

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☒ for the preservation of public health, safety and welfare.

   Explain:

   The temporary changes to regulatory requirements in order to provide enhanced flexibility, reduction to programmatic limitations, and alignment with existing federal guidance related to processes under the COVID-19 pandemic is imperatively necessary fo the preservation of public health safety, and welfare.

3. Federal authority for the Rule, if any:

   Social Security Act Section 1135, Social Security Act 1115 (Pending), and Social Security Act 1915(c), Appendix K.

4. State Authority for the Rule:

   25.5-1-301 through 25.5-1-303, C.R.S. (2021); 25.5 Article 6, C.R.S.

Title of Rule: Revision to the Medical Assistance Act Rule concerning Novel Coronavirus Disease (COVID-19) Rules, Section 8.6000
Rule Number: MSB 21-11-03-A
Division / Contact / Phone:Office of Community Living / Colin Laughlin / 303-866-2549

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   Individual's receiving services in community-based settings, provider-owned community-based residential settings, provider-owned facility settings, and case management will all be benefitting from an increase in available funding to respond to the COVID-19 crisis.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   Those rendering services in facilities, the community, or even remotely from their office or home may receive additional payment to do so during this critical time. Those receiving services are likely to continue with more likely to experience uninterrupted services as direct care workers/direct support professionals will be incentivized to continue to provide these services.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   Many of the changes the Department is asking for are cost neutral. Additionally, the Department has sought, and in some cases, received approval from the Centers for Medicare and Medicaid to increase payments or rates. However, the Department also must work with its partners at the Office for State Planning and Budget as well as prioritize the many different areas of Medicaid that are impacted by COVID-19. Accordingly, the Department continues to estimate potential costs.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   The comparison between direct cost and cost of inaction is hard to quantify. However, it is highly likely that the cost of doing nothing could

be higher costs associated with more costly forms of care, significant impact to member's quality of life, and, in some cases – the loss of life or limb.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   At this time, the Department is also pursuing additional alternatives to ensure health, safety, and welfare but a key component of this effort is to ensure providers, agencies, and direct support professionals have the money they need to continue to go out in a time of crisis and provide services.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   As mentioned above, the Department is also partnering with community organizations, non-profits, advocacy organizations, other executive agencies, and the governor's office to work towards prioritizing Colorado's most vulnerable citizens receiving long-term care health, safety, and welfare.

MEDICAL ASSISTANCE – SECTION 8.6000 Novel Coronavirus Disease (COVID-19) Rules

10 CCR 2505-10 8.6000

8.6000 COVID-19 EMERGENCY RULES

PURPOSE: To temporarily change regulatory requirements for Department of Health Care Policy and Financing rules to provide enhanced flexibility, reduced programmatic limitations, and alignment with existing federal guidance related to the COVID-19 pandemic.

8.6001 REGULATORY CHANGES

The following regulations require, as applicable, that funds be made available for payment, federal approval is received, and any conflicting state statutory requirements are suspended by Executive Order. Each regulation below is effective once the applicable prerequisites are satisfied and shall continue to be in effect as long as those prerequisites continue to be satisfied.

8.6001.1 Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID)

Section 8.420

> Temporarily waive the requirement that payments for ICF-IID are only allowed for facilities licensed by the Colorado Department of Public Health and Environment (CDPHE) to allow for potential inclusion of existing HCBS Group Homes.

Sections 8.404.3; 8.404.1; 8.405.2.22; 8.405.2.23; 8.405.2.24; 8.405.2.25.

> Temporarily allow emergency placement of eligible individuals into an ICF-IID. Individual would still need to be fully eligible in meeting placement requirements but would allow for Department to expedite process through existing layers of review.

Sections 8.443.16.A; 8.443.1.C-D.

> Temporarily allow payment beyond current limitation not to exceed COVID-19 emergency supplement payments.

8.6001.2 Nursing Facilities

Sections 8.443.10.B; 8.443.10.a; 8.443.11.A

> Temporarily allow Nursing Facilities to receive a supplemental payment for COVID-19 related activities, provided the Nursing Facility organization follows Departmental guidance and benchmarks for the assurance of the member's health, safety, and welfare and adherence to published guidelines for safety.

Section 8.443.12.B – Inclusion of the Following Language:

> COVID-19 Mitigation Emergency Supplemental Payment
>
> > Subject to available non-provider fee funding and Upper Payment Limit restrictions, the Department shall pay an additional supplemental payment to nursing facilities increasing measures to protect residents during the COVID-19 public health emergency.
> >
> > 1. In order to be eligible for this payment facilities must be:

a. Compliant with all emergency related reported measures required by CMS, HCPF, CDPHE or the State Emergency Operations Center.

b. Implementing enhanced operational guidelines required by CMS, HCPF, CDPHE or the State Emergency Operations Center.

c. Cooperative with State or National efforts to mitigate the emergency

2. The Department will use historical Medicaid patient data to calculate and issue supplemental payments.

3. All payments issued as an emergency supplemental payment due to COVID-19 must be reported as a revenue in the cost reporting period in which it is received.

Section 8.443.1.B Addition of the Following Language

In addition to the MMIS claims reimbursement and provider fee funded supplemental payments, the Department may issue additional supplemental payments necessary to protect the health, safety and welfare of nursing facility residents when additional state or federal funding is available.

Establishment of Section 8.430.6 – Temporary Medicaid Nursing Facility Expansion

1. 8.430.6.A The Department may issue temporary enrollments for the purposes of increasing bed capacity during a public health emergency.

2. Facilities seeking temporary enrollments must submit plans to discharge residents within 60 days of the emergency end date.

3. Facilities with temporary Medicaid beds will be reimbursed statewide average rate for nursing facilities.

4. The enrollment will be effective until 60 days after the COVID-19 emergency is lifted.

5. After the 60 days has expired, the facility will receive no further reimbursement.

8.6001.3 Case Management

Sections 8.763.C; 8.761.46

Authorize providers of targeted case management services to increase, supplement, exceed, or provide additional authorization of units and correlating payments to all long-term care case management entities including transitional services for individuals needing community-placement due to COVID-19.

8.6001.4 Level of Care Assessment

Sections 8.393.2.c.5.a; 8.393.2.D.3.a; 8.393.3.A.1.c.i.3; 8.401.183.B; 8.497; 8.401; 8.491.2.B.2; 8.500.1; 8.500.90; 8.503; 8.504.1; 8.504.5.D; 8.506.3; 8.506.4.e.ii; 8.508.20; 8.515.5.B.1; 8.517.5.A.2; 8.519.1;

Remove the Professional Medical Information Page (PMIP) from the level of care determination for HCBS waivers, Long-Term Care-Home Health, PACE, NF, and ICF/IID programs to enable additional capacity and expedite enrollment.

Sections 8.390.3.A.2; 8.393.1.M.1.C; 8.393.2.C.5.; 8.393.2.D.1-3; 8.401.11 through 8.401.15; 8.485.61.B; 8.485.71.C; 8.486.201; 8.603.5.D; 8.500.18.B.3; 8.500.108.B.1; 8.503.70.3; 8.503.80.A; 8.506.3;

8.506.4.B; 8.509.14; 8.508.121; 8.503.70.A.1; 8.503.80.A.4; 8.506.4.B; 8.506.12.F; 8.508.20; 8.509.14; 8.509.31.A; 8.515.6.A.3; 8.517.7.A.3; 8.603.5.D; 8.503.30.A; 8.503.30.A.8; 8.508.121.A

Modify the requirements for initial and continued stay review assessments. For initial assessments, the level of care assessment will be limited to the Activities of Daily living which determines the functional eligibility/LOC for the member. Members pursuing a Home and Community Based Services (HCBS) waiver enrollment will be issued a start date based on the date of referral to the Case Management Agency, with the Level of Care to be completed with the member thereafter via telephonic or virtual modality. Changes to transfers from nursing facility to nursing facility by not requiring an entirely new assessment be conducted. For yearly re-assessments, the members existing eligibility will continue through the duration of 1135. Then the yearly re-assessment set to occur within six (6) months following the conclusion of the Section 1135 Waiver.

8.6001.5 Termination from Waiver Eligibility - Adverse Action

Sections 8.393.3.A.1.a through 8.393.A.1.d; 8.485.61.A through 8.485.61.D.3.b; 8.500.16.A.1 through 8.500.16.A.4; 8.500.16.E.1 and E.2; 8.503.160.A.1 through 8.500.160.A.4; 8.503.160.E.1 through 8.503.160.E.9; 8.508.190.A.1-4; 8.508.190.E.1 and E.2 ; 8.508.190.H.1-4; 8.508.190.I.3 and I.4; 8.509.15.A.1 through 8.509.15.A.4.c.1; 8.555.5.D.2

Remove requirement to involuntarily terminate a member from their selected HCBS waiver program

8.6001.6 Preadmission Screening and Resident Review (PASRR)

Section 8.401.18.181.A

PASRR Level I Screening and Level II Evaluations will be suspended for 30 days in accordance with Section 1919(e)(7) for new admissions.

8.6001.7 Personal Care

Sections 8.485.61.D.2-3; 8.489.10.11; 8.510.4.A

Temporarily waive the restriction of personal care services provided in Hospital, Nursing Facility, or other acute-like setting.

Sections 8.510.18; 8.552.1.B

Temporarily allow legally responsible person to provide services using participant directed models (Consumer Directed Attendant Support Services (CDASS) and In-Home Support Services (IHSS)).

8.6001.8 Guidelines for Institutions for Mental Diseases (IMDs)

Section 8.401.4

Temporarily waive the IMD requirements for nursing facilities that exceed 50% of patient-census with a primary diagnosis of major mental illness.

8.6001.9 Retainer Payments

Sections 8.515.80.F; 8.500.14.B.3

Temporarily allow specified Brain Injury waiver providers to bill retainer payments for services not rendered.

MEDICAL ASSISTANCE – SECTION 8.6000 Novel Coronavirus Disease (COVID-19) Rules

10 CCR 2505-10 8.6000

8.6000 COVID-19 EMERGENCY RULES

PURPOSE: To temporarily change regulatory requirements for Department of Health Care Policy and Financing rules to provide enhanced flexibility, reduced programmatic limitations, and alignment with existing federal guidance related to the COVID-19 pandemic.

8.6001 REGULATORY CHANGES

The following regulations require, as applicable, that funds be made available for payment, federal approval is received, and any conflicting state statutory requirements are suspended by Executive Order. Each regulation below is effective once the applicable prerequisites are satisfied and shall continue to be in effect as long as those prerequisites continue to be satisfied.

8.6001.1 Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID)

Section 8.420

> Temporarily waive the requirement that payments for ICF-IID are only allowed for facilities licensed by the Colorado Department of Public Health and Environment (CDPHE) to allow for potential inclusion of existing HCBS Group Homes.

Sections 8.404.3; 8.404.1; 8.405.2.22; 8.405.2.23; 8.405.2.24; 8.405.2.25.

> Temporarily allow emergency placement of eligible individuals into an ICF-IID. Individual would still need to be fully eligible in meeting placement requirements but would allow for Department to expedite process through existing layers of review.

Sections 8.443.16.A; 8.443.1.C-D.

> Temporarily allow payment beyond current limitation not to exceed COVID-19 emergency supplement payments.

8.6001.2 Nursing Facilities

Sections 8.443.10.B; 8.443.10.a; 8.443.11.A

> Temporarily allow Nursing Facilities to receive a supplemental payment for COVID-19 related activities, provided the Nursing Facility organization follows Departmental guidance and benchmarks for the assurance of the member's health, safety, and welfare and adherence to published guidelines for safety.

Section 8.443.12.B – Inclusion of the Following Language:

> COVID-19 Mitigation Emergency Supplemental Payment
>
> > Subject to available non-provider fee funding and Upper Payment Limit restrictions, the Department shall pay an additional supplemental payment to nursing facilities increasing measures to protect residents during the COVID-19 public health emergency.
> >
> > 4. In order to be eligible for this payment facilities must be:

d. Compliant with all emergency related reported measures required by CMS, HCPF, CDPHE or the State Emergency Operations Center.

e. Implementing enhanced operational guidelines required by CMS, HCPF, CDPHE or the State Emergency Operations Center.

f. Cooperative with State or National efforts to mitigate the emergency

5. The Department will use historical Medicaid patient data to calculate and issue supplemental payments.

6. All payments issued as an emergency supplemental payment due to COVID-19 must be reported as a revenue in the cost reporting period in which it is received.

Section 8.443.1.B Addition of the Following Language

In addition to the MMIS claims reimbursement and provider fee funded supplemental payments, the Department may issue additional supplemental payments necessary to protect the health, safety and welfare of nursing facility residents when additional state or federal funding is available.

Establishment of Section 8.430.6 – Temporary Medicaid Nursing Facility Expansion

6. 8.430.6.A The Department may issue temporary enrollments for the purposes of increasing bed capacity during a public health emergency.

7. Facilities seeking temporary enrollments must submit plans to discharge residents within 60 days of the emergency end date.

8. Facilities with temporary Medicaid beds will be reimbursed statewide average rate for nursing facilities.

9. The enrollment will be effective until 60 days after the COVID-19 emergency is lifted.

10. After the 60 days has expired, the facility will receive no further reimbursement.

8.6001.3 Case Management

Sections 8.763.C; 8.761.46

Authorize providers of targeted case management services to increase, supplement, exceed, or provide additional authorization of units and correlating payments to all long-term care case management entities including transitional services for individuals needing community-placement due to COVID-19.

8.6001.4 Level of Care Assessment

Sections 8.393.2.c.5.a; 8.393.2.D.3.a; 8.393.3.A.1.c.i.3; 8.401.183.B; 8.497; 8.401; 8.491.2.B.2; 8.500.1; 8.500.90; 8.503; 8.504.1; 8.504.5.D; 8.506.3; 8.506.4.e.ii; 8.508.20; 8.515.5.B.1; 8.517.5.A.2; 8.519.1;

Remove the Professional Medical Information Page (PMIP) from the level of care determination for HCBS waivers, Long-Term Care-Home Health, PACE, NF, and ICF/IID programs to enable additional capacity and expedite enrollment.

Sections 8.390.3.A.2; 8.393.1.M.1.C; 8.393.2.C.5.; 8.393.2.D.1-3; 8.401.11 through 8.401.15; 8.485.61.B; 8.485.71.C; 8.486.201; 8.603.5.D; 8.500.18.B.3; 8.500.108.B.1; 8.503.70.3; 8.503.80.A; 8.506.3;

8.506.4.B; 8.509.14; 8.508.121; 8.503.70.A.1; 8.503.80.A.4; 8.506.4.B; 8.506.12.F; 8.508.20; 8.509.14; 8.509.31.A; 8.515.6.A.3; 8.517.7.A.3; 8.603.5.D; 8.503.30.A; 8.503.30.A.8; 8.508.121.A

Modify the requirements for initial and continued stay review assessments. For initial assessments, the level of care assessment will be limited to the Activities of Daily living which determines the functional eligibility/LOC for the member. Members pursuing a Home and Community Based Services (HCBS) waiver enrollment will be issued a start date based on the date of referral to the Case Management Agency, with the Level of Care to be completed with the member thereafter via telephonic or virtual modality. Changes to transfers from nursing facility to nursing facility by not requiring an entirely new assessment be conducted. For yearly re-assessments, the members existing eligibility will continue through the duration of 1135. Then the yearly re-assessment set to occur within six (6) months following the conclusion of the Section 1135 Waiver.

8.6001.5 Termination from Waiver Eligibility - Adverse Action

Sections 8.393.3.A.1.a through 8.393.A.1.d; 8.485.61.A through 8.485.61.D.3.b; 8.500.16.A.1 through 8.500.16.A.4; 8.500.16.E.1 and E.2; 8.503.160.A.1 through 8.500.160.A.4; 8.503.160.E.1 through 8.503.160.E.9; 8.508.190.A.1-4; 8.508.190.E.1 and E.2 ; 8.508.190.H.1-4; 8.508.190.I.3 and I.4; 8.509.15.A.1 through 8.509.15.A.4.c.1; 8.555.5.D.2

Remove requirement to involuntarily terminate a member from their selected HCBS waiver program

8.6001.6 Preadmission Screening and Resident Review (PASRR)

Section 8.401.18.181.A

PASRR Level I Screening and Level II Evaluations will be suspended for 30 days in accordance with Section 1919(e)(7) for new admissions.

8.6001.7 Personal Care

Sections 8.485.61.D.2-3; 8.489.10.11; 8.510.4.A

Temporarily waive the restriction of personal care services provided in Hospital, Nursing Facility, or other acute-like setting.

Sections 8.510.18; 8.552.1.B

Temporarily allow legally responsible person to provide services using participant directed models (Consumer Directed Attendant Support Services (CDASS) and In-Home Support Services (IHSS)).

8.6001.8 Guidelines for Institutions for Mental Diseases (IMDs)

Section 8.401.4

Temporarily waive the IMD requirements for nursing facilities that exceed 50% of patient-census with a primary diagnosis of major mental illness.

8.6001.9 Retainer Payments

Sections 8.515.80.F; 8.500.14.B.3

Temporarily allow specified Brain Injury waiver providers to bill retainer payments for services not rendered.

SECRETARY OF STATE

RULES ACTION SUMMARY AND FILING INSTRUCTIONS

SUMMARY OF ACTION ON RULE(S)

1. Department / Agency Name: Health Care Policy and Financing / Medical Services Board

2. Title of Rule: MSB 21-11-04-A, Revision to the Medical Assistance Act Rule concerning Emergency Medical Transportation, Sections 8.018.1.F. and 8.018.4.D.1

3. This action is an adoption of: an amendment

4. Rule sections affected in this action (if existing rule, also give Code of Regulations number and page numbers affected):

   Sections(s) 8.018.1.F and 8.018.4.D.1, Colorado Department of Health Care Policy and Financing, Staff Manual Volume 8, Medical Assistance (10 CCR 2505-10).

5. Does this action involve any temporary or emergency rule(s)? Yes
   If yes, state effective date: 12/07/2021

   Is rule to be made permanent? (If yes, please attach notice of hearing). No

PUBLICATION INSTRUCTIONS*

Replace the current text at 8.018 with the proposed text beginning at 8.018.1 through the end of 8.018.4. This rule is effective December 7, 2021.

*to be completed by MSB Board Coordinator

Title of Rule: Revision to the Medical Assistance Act Rule concerning Emergency Medical Transportation, Sections 8.018.1.F. and 8.018.4.D.1
Rule Number: MSB 21-11-04-A
Division / Contact / Phone:Health Programs Office / Ryan Dwyer / 303-866-6163

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   This rule revision expands the definition of Facility in the existing EMT rule. The expanded definition will allow for ambulance transports to a wider range of care locations during the COVID-19 public health emergency, including alternative hospital sites and temporary facilities. The rule also allows for transports between facilities without requiring basic or advanced life support services.

2. An emergency rule-making is imperatively necessary

   ☒ to comply with state or federal law or federal regulation and/or
   ☒ for the preservation of public health, safety and welfare.

   Explain:

   Under the Department's current rule, ambulance trips may only be taken to a limited set of medical facilities, the "closest, most appropriate Facility." CMS recently issued an expanded list of allowable destinations for ambulance trips that qualify for Medicare reimbursement during the COVID-19 public health emergency. This rule will align the Department with that new CMS Medicare guidance by expanding our definition of Facility. The goal is to allow EMT providers to take members to a wider range of medical facilities that are appropriate to the member's condition but that are not necessarily hospitals. This will help prevent hospital overcrowding while also getting members the most appropriate medical care, and will allow utilization of temporary and alternative care sites.

   The second change relates to interfacility transportation, which is ambulance transportation from one facility to another, provided the member requires basic or advanced life support en route. This revision suspends the life support requirement. This will allow for members to be moved from one facility to another if they need continued COVID-19-related care, but do not require life support en route.

3. Federal authority for the Rule, if any:
4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);
   Title of Rule: Revision to the Medical Assistance Act Rule concerning Emergency Medical Transportation, Sections 8.018.1.F. and 8.018.4.D.1
   Rule Number: MSB 21-11-04-A
   Division / Contact / Phone: Health Programs Office / Ryan Dwyer / 303-866-6163

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   Members utilizing or eligible for EMT services (nearly all members are eligible), EMT providers, and facilities treating COVID-19 patients will all benefit from the proposed revisions.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   Affected members will benefit from increased access to care, and transportation providers will benefit from greater flexibility in their ability to transport patients. Medical providers and facilities will benefit from an increased ability to transport patients to prevent any one facility from becoming overloaded.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   There are no costs to the Department or to any other agency to implement and enforce the proposed rule.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   The probable benefits of implementation are greater flexibility for EMT providers and the avoidance of overcrowding at hospitals. The benefit to members is that they can receive care in the most appropriate setting. The potential costs are an increase in EMT trips, however EMT trips occur as they are needed. The costs of inaction are potential overcrowding at hospitals and a reduction in willing EMT providers.

DO NOT PUBLISH THIS PAGE

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no less costly or less intrusive methods for achieving the purpose of the proposed rule.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   There are no alternative methods for achieving the purpose for the proposed rule.

8.018 EMERGENCY MEDICAL TRANSPORTATION

8.018.1. DEFINITIONS

8.018.1.A. Air Ambulance means a Fixed-Wing or Rotor-Wing Air Ambulance equipped with medically necessary supplies to provide Emergency Medical Transportation.

8.018.1.B. Client means a person enrolled in the Medical Assistance Program.

8.018.1.C. Emergency Medical Services (EMS) Provider means an individual who has a current and valid emergency medical service provider certificate issued by the Department of Public Health and Environment (CDPHE) and includes Emergency Medical Technician (EMT), Advanced Emergency Medical Technician (AEMT), Emergency Medical Technician Intermediate (EMT-I), and Paramedic, in accordance with the Rules Pertaining to EMS Practice and Medical Director Oversight at 6 CCR 1015-3, Chapter Two.

8.018.1.D. Emergency Medical Technician (EMT) means an individual who has a current and valid EMT certificate issued by CDPHE and who is authorized to provide basic emergency medical care in accordance with the Rules Pertaining to EMS Practice and Medical Director Oversight at 6 CCR 1015-3, Chapter Two.

8.018.1.E. Emergency Medical Transportation means Ground Ambulance or Air Ambulance transportation during which Clients who are ill, injured, or otherwise mentally or physically incapacitated receive needed emergency medical services en route.

8.018.1.F. Facility means a general hospital, hospital unit, psychiatric hospital, rehabilitation hospital, Acute Treatment Unit (ATU), or Crisis Stabilization Unit (CSU), as well as any location that is an alternative site determined to be part of a hospital, Critical Access Hospital (CAH) or Skilled Nursing Facility (SNF), community mental health centers, federally qualified health centers (FQHCs), physician's offices, urgent care facilities, ambulatory surgery centers (ASCs), any other location furnishing dialysis services outside of the End Stage Renal Disease (ESRD) facility, and the beneficiary's home..

8.018.1.G. Fixed-Wing Air Ambulance means a fixed-wing aircraft that is certified as a Fixed-Wing Air Ambulance by the Federal Aviation Administration.

8.018.1.H. Ground Ambulance means a ground vehicle, including a water ambulance, equipped with medically necessary supplies to provide Emergency Medical Transportation.

8.018.1.I. Interfacility Transportation means transportation of a Client from one Facility to another Facility.

8.018.1.J. Life-Sustaining Supplies means oxygen and oxygen supplies required for life-sustaining treatment during transport via ambulance.

8.018.1.K. Mileage means the number of miles the Client is transported in the ambulance.

8.018.1.L. Non-Emergent Medical Transportation (NEMT) means transportation to or from medically necessary non-emergency treatment that is covered by the Colorado Medical Assistance Program under Section 8.014. Non-emergency care may be scheduled or unscheduled. This may include urgent care transportation and hospital discharge transportation.

8.018.1.M. Paramedic means an individual who has a current and valid Paramedic certificate issued by CDPHE and who is authorized to provide acts of advanced emergency medical care in

accordance with the Rules Pertaining to EMS Practice and Medical Director Oversight at 6 CCR 1015-3, Chapter Two. For the purposes of these rules, Paramedic includes the historic Emergency Medical Service Provider level of EMT-Paramedic (EMT-P).

8.018.1.N. Paramedic with Critical Care Endorsement means an individual who has a current and valid Paramedic certificate issued by CDPHE and who has met the requirements in CDPHE rule to obtain a critical care endorsement from CDPHE and is authorized to provide acts in accordance with the Rules Pertaining to EMS Practice and Medical Director Oversight relating to critical care, as set forth in C.R.S. § 25-3.5-206.

8.018.1.O. Rotor-Wing Air Ambulance means a helicopter that is certified as an ambulance by the Federal Aviation Administration.

8.018.1.P. Specialty Care Transport (SCT) means interfacility Ground Ambulance transportation of a critically injured or ill Client from a stabilizing hospital to a hospital with full capabilities to treat the Client's case. SCT is necessary when a Client's condition requires ongoing care during transport at a level of service beyond the scope of the EMT, that must be furnished by one or more health professionals in an appropriate specialty area including, but not limited to, nursing, emergency medicine, respiratory care, cardiovascular care, or a Paramedic with Critical Care Endorsement.

8.018.2. CLIENT ELIGIBILITY

8.018.2.A. Emergency Medical Transportation is a benefit for all Colorado Medical Assistance Program Clients who are ill, injured, or otherwise mentally or physically incapacitated and in need of immediate medical attention to prevent permanent injury or loss of life.

8.018.3. PROVIDER ELIGIBILITY

8.018.3.A. Providers must enroll with the Colorado Medical Assistance Program as an Emergency Medical Transportation provider to be eligible for reimbursement. Enrolled Emergency Medical Transportation providers must:

1. Meet all provider screening requirements in Section 8.125.

2. Comply with commercial liability insurance requirements.

3. Maintain and comply with the appropriate licensure:

    a. Ground Ambulance license as required by CDPHE statute at C.R.S. § 25-3.5-301 and 6 CCR 1015-3, Chapter Four.

    b. Air Ambulance license as required by CDPHE statute at C.R.S. § 25-3.5-307 and 6 CCR 1015-3, Chapter Five.

4. License, operate, and equip Ground and Air Ambulances in accordance with federal and state regulations.

8.018.4. COVERED SERVICES

8.018.4.A. Emergency Medical Transportation is a covered service when medically necessary, as defined in Section 8.076.1.8., and in accordance with this Section 8.018.4.

8.018.4.B. Ground Ambulance

1. The following Ground Ambulance Emergency Medical Transportation services are covered:

    a. Transportation to the closest, most appropriate Facility.

    b. Basic life support (BLS) or advanced life support (ALS) required to maintain life during transport from the Client's pickup point to the treating Facility.

        i. BLS includes:

            1. Cardiopulmonary resuscitation, without cardiac/hemodynamic monitoring or other invasive techniques;

            2. Suctioning en route (not deep suctioning); and

            3. Airway control/positioning.

        ii. ALS includes ALS Levels 1 and 2 in accordance with 42 CFR § 414.605 (2019), which is hereby incorporated by reference. This incorporation by reference excludes later amendments to, or editions of, the referenced materials. Pursuant to C.R.S. § 24-4-103(12.5), the Department maintains copies of this incorporated text in its entirety, available for public inspection during regular business hours, at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO, 80203. Certified copies of incorporated materials are provided at cost upon request.

            1. ALS Level 1 includes the provision of at least one ALS intervention required to be furnished by ALS personnel.

            2. ALS Level 2 includes:

                a. Administration of at least three medications by intravenous push/bolus or by continuous infusion, excluding crystalloid, hypotonic, isotonic, and hypertonic solutions (Dextrose, Normal Saline, Ringer's Lactate); or

                b. The provision of at least one of the following ALS procedures:

                i. Manual defibrillation/cardioversion.

                ii. Endotracheal intubation.

                iii. Central venous line.

                iv. Cardiac pacing.

                v. Chest decompression.

                vi. Surgical airway.

                vii. Intraosseous line.

c. Specialty Care Transport when medically necessary to reach the closest, most appropriate Facility.

d. Department-approved supplies used during Emergency Medical Transportation, including Life-Sustaining Supplies, are separately reimbursable when medically necessary.

8.018.4.C. Air Ambulance

1. Air Ambulance Emergency Medical Transportation services are covered when:

a. They meet the criteria at Section 8.018.4.B.1.a.-b.; and

b. The point of pick up is inaccessible by a Ground Ambulance, or great distances or other obstacles prohibit transporting the Client by land to the nearest appropriate medical Facility.

8.018.4.D. Interfacility Transportation

1. Interfacility Transportation is covered when:

a. The Client requires a transfer from one Facility to another.

2. Interfacility Transportation can be provided via Ground or Air Ambulance.

8.018.5. NON-COVERED SERVICES AND GENERAL LIMITATIONS

8.018.5.A. The following services are not covered or reimbursable to Emergency Medical Transportation providers as part of an Emergency Medical Transportation service:

1. Waiting time and cancellations.

2. Transportation of additional passengers.

3. Response calls when determined no transportation is needed or approved.

4. Charges when the Client is not in the vehicle.

5. Non-benefit services (e.g., first aid) provided at the scene when transportation is not necessary.

6. Transportation which is covered by another entity.

7. Transportation to local treatment programs not enrolled in Colorado Medical Assistance Program.

8. Transportation of a Client who is deceased prior to transport.

9. Pick up or delivery of prescriptions or supplies.

10. Transportation arranged for a Client’s convenience when there is no reasonable risk of permanent injury or loss of life.

11. Transportation to non-emergency medical appointments or services. See Section 8.014 for NEMT services.

8.018.6. PRIOR AUTHORIZATION

8.018.6.A. Prior Authorization is not required for Emergency Medical Transportation.

Title of Rule: Revision to the Medical Assistance Act Rule concerning Non-Emergent Medical Transportation, Sections 8.014.1.N, 8.014.3.C.2, 8.014.3.D.1, 8.014.4.A, 8.014.6.A.3
Rule Number: MSB 21-11-04-B
Division / Contact / Phone: Health Programs Office / Ryan Dwyer / 303-866-6163

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   This rule revision permits NEMT services for covered Medicaid services to locations that are not enrolled with the Colorado Medical Assistance Program. The purpose of this rule is to expand the list of allowable NEMT destinations to include alternative care sites (e.g., the Colorado Convention Center) that are not covered places of service. By temporarily waiving the covered place of service requirement, members can receive treatment for COVID-19 at a wider range of locations. This will potentially increase hospital capacity by shifting patients to sites that are not enrolled with the Colorado Medical Assistance Program.

   In addition, the revision suspends the ability for NEMT providers to transport more than one member at a time, unless the additional passenger is an approved Escort.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☒ for the preservation of public health, safety and welfare.

   Explain:

   Permitting NEMT trips to non-covered places of service will prevent hospital overcrowding while ensuring that members receive treatment for COVID-19. The change allows flexibility and takes advantage of newly established alternative care sites that may be temporary in nature and thus not enrolled in the Colorado Medical Assistance Program. If members with COVID-19 can only receive care at covered places of service, those sites may become overcrowded and may see a shortage of available beds.

   Suspending multi-loading will ensure compliance with social distancing guidelines by limiting a vehicle's occupants.

Title of Rule: Revision to the Medical Assistance Act Rule concerning Non-Emergent Medical Transportation, Sections 8.014.1.N, 8.014.3.C.2, 8.014.3.D.1, 8.014.4.A, 8.014.6.A.3
Rule Number: MSB 21-11-04-B
Division / Contact / Phone:Health Programs Office / Ryan Dwyer / 303-866-6163

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   Members utilizing or eligible for NEMT services (nearly all members with State Plan/Title XIX are eligible), NEMT providers, and facilities treating COVID-19 patients will all benefit from the proposed revisions.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   Affected members will benefit from increased access to care, and transportation providers will benefit from a slight uptick in utilization when trip volumes have fallen. Medical providers and facilities will benefit from an increased ability to transport patients to prevent any one facility from becoming overloaded.

   For the multi-loading revision, members and drivers will benefit from a reduction in potential exposure to COVID-19. Drivers will not see a reduction in trip volume because the Department previously issued guidance that suspended multi-loading during the public health emergency. This rule simply formalizes that guidance.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   There are no costs to the Department or to any other agency to implement and enforce the proposed rule.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   For the covered place of service requirement, the probable cost of the proposed rule is a potential minimal increase in utilization, which is more

than offset by the reduction in NEMT utilization during the stay at home order. The benefits of the proposed rule are increased access to care and the ability to move members to different sites as they recover, which frees up hospital beds.

The cost of inaction is that members in a hospital for COVID-19 will continue to tie up beds if they cannot be moved to an alternate location as they recover. This will potentially strain hospital resources.

For multi-loading, the cost of the revision is a small increase in claims. One driver will have to take one patient at a time rather than multiple patients on the same route. As a result, the Department will need to dispatch more drivers. The cost will be offset by the substantial reduction in NEMT utilization for March and April. The benefit to implementation is that drivers and passengers will maintain social distancing standards and reduce the spread of COVID-19.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no less costly or less intrusive methods for achieving the purpose of the proposed rule.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   There are no alternative methods for achieving the purpose for the proposed rule.

8.014 NON-EMERGENT MEDICAL TRANSPORTATION

8.014.1. DEFINITIONS

8.014.1.A. Access means the ability to make use of.

8.014.1.B. Air Ambulance means a Fixed-Wing or Rotor-Wing Air Ambulance equipped with medically necessary supplies to provide Emergency Medical Transportation.

8.014.1.C. Ambulatory Vehicle means a passenger-carrying vehicle available for those clients able to walk and who do not rely on wheelchairs or other mobility devices, during boarding or transportation, which would necessitate a vehicle with a lift or other accommodations.

8.014.1.D. Ancillary Services mean services incurred indirectly when a client authorized to receive NEMT also requires the assistance of an Escort or financial assistance for meals or lodging.

8.014.1.E. At-Risk Adult means an adult who is unable to make personal or medical determinations, provide necessary self-care, or travel independently.

8.014.1.F. Child means a minor under the age of 18.

8.014.1.G. Day Treatment means facility-based services designed for Children with complex medical needs. Services include educational or day care services when the school or day care system is unable to provide skilled care in a school setting, or when the Child's medical needs put them at risk when around other Children.

8.014.1.H. Emergency Medical Transportation means Ground Ambulance or Air Ambulance transportation under Section 8.018 during which clients who are ill, injured, or otherwise mentally or physically incapacitated receive needed emergency medical services en route

8.014.1.I. Escort means a person who accompanies an At-Risk Adult or minor client.

8.014.1.J. Fixed-Wing Air Ambulance means a fixed wing aircraft that is certified as a Fixed-Wing Air Ambulance by the Federal Aviation Administration.

8.014.1.K. Ground Ambulance means a ground vehicle, including a water ambulance, equipped with medically necessary supplies to provide Emergency Medical Transportation.

8.014.1.L. Medicaid Client Transport (MCT) Permit means a permit issued by the Colorado Department of Regulatory Agencies Public Utilities Commission (PUC) in accordance with the PUC statute at Section 40-10.1-302, C.R.S.

8.014.1.M. Mode means the method of transportation.

8.014.1.N. Non-Emergent Medical Transportation (NEMT) means transportation to or from medically necessary non-emergency treatment. Non-emergency care may be scheduled or unscheduled. This may include Urgent Care transportation and hospital discharge transportation.

8.014.1.O. Program of All Inclusive Care for the Elderly (PACE) is a capitated rate benefit which provides all-inclusive long-term care to certain individuals as defined in Section 8.497.

8.014.1.P. Rotor-Wing Air Ambulance means a helicopter that is certified as an ambulance by the Federal Aviation Administration.

8.014.1.Q. State Designated Entity (SDE) means the organization responsible for administering NEMT. For the purposes of this rule, the responsible SDE is determined by the client's county of residence.

8.014.1.R. Stretcher Van means a vehicle that can legally transport a client in a prone or supine position when the client does not require medical attention en route. This may be by stretcher, board, gurney, or another appropriate device.

8.014.1.S. Taxicab means a motor vehicle operating in Taxicab Service, as defined in 4 CCR 723-6, § 6001(yyy) (2019), which is hereby incorporated by reference.

8.014.1.T. Taxicab Service has the same meaning as defined in 4 CCR 723-6, § 6001(yyy) (2019), which is hereby incorporated by reference.

8.014.1.U. Trip means one-way transportation from the point of origin to the point of destination.

8.014.1.V. Urgent Care means an appointment for a covered medical service with verification from an attending physician or facility that the client must be seen or picked up from a discharged appointment within 48 hours.

8.014.1.W. Wheelchair Vehicle means a motor vehicle designed and used for the non-emergent transportation of individuals with disabilities who use a wheelchair. These vehicles include vans modified for wheelchair Access or wheelchair accessible minivans.

8.014.2. CLIENT ELIGIBILITY AND RESPONSIBILITIES

8.014.2.A. All Colorado Medical Assistance Program clients are eligible for NEMT services unless the client falls within the following eligibility groups on the date of the Trip:

1. Qualified Medicaid Beneficiary (QMB) Only

2. Special Low Income Medicare Beneficiary (SLMB) Only

3. Medicare Qualifying Individual-1 (QI-1) Only

4. Old Age Pension- State Only (OAP-state only)

8.014.2.B. Child Health Plan Plus clients are not eligible for NEMT.

8.014.2.C. PACE clients receive transportation provided by their PACE organization and are not eligible for NEMT.

8.014.2.D. NEMT services may be denied if clients do not observe the following responsibilities:

1. Comply with applicable state, local, and federal laws during transport.

2. Comply with the rules, procedures and policies of the SDE.

3. Obtain authorization from their SDE.

4. Clients must not engage in violent or illegal conduct while utilizing NEMT services.

5. Clients must not pose a direct threat to the health or safety of themselves or others, including drivers.

6. Clients must cancel their previously scheduled NEMT Trip if the ride is no longer needed, except in emergency situations or when the client is otherwise unable to cancel.

8.014.3. PROVIDER ELIGIBILITY AND RESPONSIBILITIES

8.014.3.A. Providers must enroll with the Colorado Medical Assistance Program as an NEMT provider.

8.014.3.B. Enrolled NEMT providers must:

1. Meet all provider screening requirements in Section 8.125;

2. Comply with commercial liability insurance requirements and, if applicable, PUC financial responsibility requirements established in the PUC statute at C.R.S. § 40-10.1-107;

3. Refrain from attempting to solicit clients known to have already established NEMT service with another provider;

4. Maintain and comply with the following appropriate licensure, or exemption from licensure, requirements:

   a. PUC common carrier certificate as a Taxicab;

   b. PUC MCT Permit as required by the PUC statute at C.R.S. § 40-10.1-302;

   c. Ground Ambulance license as required by Department of Public Health and Environment (CDPHE) rule at 6 CCR 1015-3, Chapter Four;

   d. Air Ambulance license as required by CDPHE rule at 6 CCR 1015-3, Chapter Five; or

   e. Exemption from licensure requirements in accordance with PUC statute at C.R.S. § 40-10.1-105.

5. Only provide NEMT services appropriate to their current licensure(s) and within the geographic limitations applicable to the licensure; and

6. Ensure that all vehicles and auxiliary equipment used to transport clients meet federal, state, and local safety inspection and maintenance requirements.

PUC statute at C.R.S. §§ 40-10.1-105, 40-10.1-107 and 40-10.1-302 (2019) and CDPHE rule at 6 CCR 1015-3, Chapters Four and Five (2019), are hereby incorporated by reference.

8.014.3.C. NEMT transportation providers must maintain a Trip report for each NEMT Trip provided and must, at a minimum, include:

1. The pick-up address;

2. The destination address;

3. Date and time of the Trip;

4. Client’s name or identifier;

5. Confirmation that the driver verified the client’s identity;

6. Confirmation by the client, Escort, or medical facility that the Trip occurred;

7. The actual pick-up and drop off time;

8. The driver's name; and

9. Identification of the vehicle in which the Trip was provided.

8.014.3.D. Multiple Loading

1. NEMT providers may not transport more than one client at the same time, unless the additional passenger is an Escort.

8.014.3.E. The Section 8.014.3 requirements do not apply to client reimbursement or bus or rail systems.

8.014.4. COVERED PLACES OF SERVICE

8.014.4.A. NEMT must be provided to the closest provider available qualified to provide the service the client is traveling to receive. The closest provider is defined as a provider within a 25-mile radius of the client's residence, or the nearest provider if one is not practicing within a 25-mile radius of the client's residence. Exceptions may be made by the SDE in the following circumstances:

1. If the closest provider is not willing to accept the client, the client may use NEMT to access the next closest qualified provider.

2. If the client has complex medical conditions that restrict the closest medical provider from accepting the patient, the SDE may authorize NEMT to be used to travel to the next closest qualified provider. The treating medical provider must send the SDE written documentation indicating why the client cannot be treated by the closest provider.

3. If a client has moved within the three (3) months preceding an NEMT transport, the client may use NEMT to their established medical provider seen in their previous locale. During these three (3) months, the client and medical provider must transfer care to the closest provider as defined at Section 8.014.4.B. or determine transportation options other than NEMT.

8.014.5. COVERED SERVICES

8.014.5.A. Transportation Modes

1. Covered Modes of transportation include:

a. Bus and public rail systems

i. Transit passes may be issued by the SDE when the cumulative cost of bus tickets exceeds the cost of a pass.

b. Personal vehicle mileage reimbursement

c. Ambulatory Vehicles

d. Wheelchair Vehicles

e. Taxicab Service

f. Stretcher Van

g. Ground Ambulance

h. Air Ambulance

i. Commercial plane

j. Train

8.014.5.B. NEMT Services

1. NEMT is a covered service when:

a. The client does not have Access to other means of transportation, including free transportation;

b. Transportation is required to obtain a non-emergency service(s) that is medically necessary, as defined in Section 8.076.1.8.; and

c. The client is receiving a service covered by the Colorado Medical Assistance Program.

2. NEMT services may be covered for clients even if the medical procedure is paid for by an entity other than the Colorado Medical Assistance Program.

3. Non-emergent ambulance service (Ground and Air Ambulance), from the client's pickup point to the treating facility, is covered when:

a. Transportation by any other means would endanger the client's life; or

b. The client requires basic life support (BLS) or advanced life support (ALS) to maintain life and to be transported safely.

i. BLS includes:

1. Cardiopulmonary resuscitation, without cardiac/hemodynamic monitoring or other invasive techniques;

2. Suctioning en route (not deep suctioning); and

3. Airway control/positioning.

ii. ALS includes ALS Levels 1 and 2 in accordance with 42 CFR § 414.605 (2019), which is hereby incorporated by reference.

1. ALS Level 1 includes the provision of at least one ALS intervention required to be furnished by ALS personnel.

2. ALS Level 2 includes:

a. Administration of at least three medications by intravenous push/bolus or by continuous infusion,

excluding crystalloid, hypotonic, isotonic, and hypertonic solutions (Dextrose, Normal Saline, Ringer's Lactate); or

b. The provision of at least one of the following ALS procedures:

i. Manual defibrillation/cardioversion.

ii. Endotracheal intubation.

iii. Central venous line.

iv. Cardiac pacing.

v. Chest decompression.

vi. Surgical airway.

vii. Intraosseous line.

4. NEMT may be provided to an Urgent Care appointment under the following circumstances:

a. A provider is available;

b. The appointment is for a covered medical service with verification from an attending physician that the client must be seen within 48 hours; and

c. The client is transported to an Urgent Care facility, which may include a trauma center if it is the nearest and most appropriate facility.

8.014.5.C. Personal Vehicle Mileage Reimbursement

1. Personal vehicle mileage reimbursement is covered for a privately owned, non-commercial vehicle when used to provide NEMT services in accordance with Section 8.014.5.B and owned by:

a. A client, a client’s relative, or an acquaintance; or

b. A volunteer or organization with no vested interest in the client.

2. Personal vehicle mileage reimbursement will only be made for the shortest Trip length in miles as determined by an internet-based map, Trip planner, or other Global Positioning System (GPS).

a. Exceptions can be made by the SDE if the shortest distance is impassable due to:

i. Severe weather;

ii. Road closure; or

iii. Other unforeseen circumstances outside of the client’s control that severely limit using the shortest route.

b. If an exception is made under Section 8.014.5.C.2.a., the SDE must document the reason and pay mileage for the actual route traveled.

3. To be reimbursed for personal vehicle mileage, the client must provide the following information to the SDE within forty-five (45) calendar days of the final leg of the Trip:

a. Name and address of vehicle owner and driver (if different from owner);

b. Name of the insurance company and policy number for the vehicle; and

c. Driver's license number and expiration date.

8.014.5.D. Ancillary Services

1. Escort

a. The Colorado Medical Assistance Program may cover the cost of transporting one Escort when the client is:

i. A Child.

1. An Escort is required to accompany a client if the client is under thirteen (13) years old, unless the Child:

a. Is traveling to a Day Treatment program (Children are not eligible for NEMT travel to and from school-funded day treatment programs);

b. The parent or guardian signs a written release;

c. An adult will be present to receive the Child at the destination and return location; and

d. The Day Treatment program and the parents approve of the NEMT provider used.

2. Clients who are at least thirteen (13) years old, but younger than eighteen (18) years old, may travel without an Escort if:

a. The parent or guardian signs a written release; andAn adult will be present to receive the Child at the destination and return location.

ii. An At-Risk Adult unable to make personal or medical determinations, or to provide necessary self-care, as certified in writing by the client's attending Colorado Medical Assistance Program enrolled NEMT provider.

b. The Escort must be physically and cognitively capable of providing the needed services for the client.

i. If a client's primary caregiver has a disability that precludes the caregiver from providing all of the client's needs during transport or extended stay, a second Escort may be covered under Section 8.014.5.D.1.c.ii.

c. The Colorado Medical Assistance Program may cover the cost of transporting a second Escort for the client, if prior authorized under Section 8.014.7. A second Escort will only be approved if:

i. The client has a behavioral or medical condition which may cause the client to be a threat to self or to others if only one Escort is provided; or

ii. The client's primary caregiver Escort has a disability that precludes the caregiver from providing all of the client's needs during transport or extended stay.

2. Meals and Lodging

a. Meals and lodging for in-state treatment may be reimbursed when:

i. Travel cannot be completed in one calendar day; or

ii. The client requires ongoing, continuous treatment and:

1. The cost of meals and lodging is less than or equal to the cost of traveling to and from the treatment facility and the client's residence; or

2. The client's treating medical professional determines that traveling to and from the client's residence would put the client's health at risk.

b. Meals and lodging may be covered for the Escort(s) when the client is a Child or an At-Risk Adult who requires the Escort's continued stay under Section 8.014.5.D.1.

c. Reimbursement will only be made for meals and lodging for which clients and Escorts are actually charged, up to the per diem rate established by the Colorado Medical Assistance Program.

d. Meals and lodging will not be paid or reimbursed when those services are included as part of an inpatient stay.

8.014.6. NON-COVERED NEMT SERVICES AND GENERAL LIMITATIONS

8.014.6.A. The following services are not covered or reimbursable to NEMT providers as part of a NEMT service:

1. Services provided only as a convenience to the client.

2. Charges incurred while client is not in the vehicle, except for lodging and meals in accordance with Section 8.014.5.D.2.

3. Transportation to or from non-covered medical services, including services that do not qualify due to coverage limitations..

4. Waiting time.

5. Cancellations.

6. Transportation which is covered by another entity.

7. Metered taxi services.

8. Charges for additional passengers, including siblings or Children, not receiving a medical service, except when acting as an Escort under Section 8.014.5.D.1.

9. Transportation for nursing facility or group home residents to medical or rehabilitative services required in the facility's program, unless the facility does not have an available vehicle.

10. Transportation to emergency departments to receive emergency services. See Section 8.018 for Emergency Medical Transportation services.

11. Providing Escorts or the Escort's wages.

12. Trips to receive Home and Community Based Services

a. Non-medical transportation should be utilized if other transportation options are not available to the client.

8.014.6.B. General Limitations

1. The SDE is responsible for ensuring that the client utilizes the least costly Mode of transportation available that is suitable to the client's condition.

8.014.7. AUTHORIZATION

8.014.7.A. All NEMT services must be authorized as required by the SDE.

1. Authorization requests submitted more than three months after an NEMT service is rendered will be denied.

2. NEMT services may be denied if proper documentation is not provided to the SDE.

8.014.7.B. If a client requests transportation via Wheelchair Vehicle, Stretcher Van, or ambulance, the SDE must verify the service is medically necessary with the client's medical provider

1. Medical or safety requirements must be the basis for transporting a client in the prone or supine position.

8.014.7.C. Out-of-State NEMT

1. NEMT to receive out of state treatment is permissible only if treatment is not available in the state of Colorado.

2. The following border towns are not considered out of state for the purposes of NEMT prior authorization:

a. Arizona: Flagstaff and Teec Nos Pos.

b. Kansas: Elkhart, Goodland, Johnson, Sharon Springs, St. Francis, Syracuse, Tribune.

c. Nebraska: Benkelman, Cambridge, Chappell, Grant, Imperial, Kimball, Ogallala, and Sidney.

d. New Mexico: Aztec, Chama, Farmington, Raton, and Shiprock.

e. Oklahoma: Boise City.

f. Utah: Monticello and Vernal.

g. Wyoming: Cheyenne and Laramie.

8.014.7.D. Prior Authorization

1. The following services require prior authorization by Colorado Medical Assistance Program:

a. Out-of-state travel, except to the border towns identified at section 8.014.7.C.2.

b. Air travel, both commercial air and Air Ambulance.

c. Train travel via commercial railway.

d. Second Escort.

2. Prior authorization requests require the following information:

a. NEMT prior authorization request form completed by SDE and member's physician and submitted to Colorado Medical Assistance Program according to form instructions.

i. The Colorado Medical Assistance Program will return requests completed by non-physicians and incomplete requests to the SDE.

ii. The Colorado Medical Assistance Program's determination will be communicated to the SDE. If additional information is requested, the SDE must obtain the information and submit to the Colorado Medical Assistance Program. If the request is denied, the SDE must send the client a denial notice.

8.014.8. INCORPORATIONS BY REFERENCE

The incorporation by reference of materials throughout section 8.014 excludes later amendments to, or editions of, the referenced materials. Pursuant to C.R.S. § 24-4-103(12.5), the Department maintains copies of this incorporated text in its entirety, available for public inspection during regular business hours, at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO 80203. Certified copies of incorporated materials are provided at cost upon request.

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   This proposed rule change will clarify that when a new drug becomes available and falls into a Drug Class that is already on the PDL, that the Department will determine whether it's Preferred or Non-preferred within a specified timeframe.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☒ for the preservation of public health, safety and welfare.

   Explain:

   Ensure that members will receive medications that are new to the market in a timely manner.

3. Federal authority for the Rule, if any:

   N/A

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);
   Section 25.5-1-108, C.R.S. (2021)

Title of Rule: Revision to the Medical Assistance Act Rule Concerning Preferred Drug List (PDL) and New Drug Determinations, Section 8.800.16.B
Rule Number: MSB 21-10-28-A
Division / Contact / Phone: Pharmacy Office / Kristina Gould / 303-866-6715

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   Members will benefit from the proposed rule by ensuring that they receive drugs that are new to the market in a timely manner. There are no costs of the proposed rule.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   Quantitatively, drugs that are new to the market will be designated as Preferred or Non-preferred within a specified timeframe, which in some cases may increase the speed at which new drugs are available to members. Qualitatively, the Department will ensure that members receive drugs that are new to market in a timely manner.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   There are no probable costs of the proposed rule.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   There are no probable costs of the proposed rule and there are no benefits of inaction. The benefit of action is that the Department will ensure that members receive drugs that are new to the market in a timely manner.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   Not applicable.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   Not applicable.

8.800 PHARMACEUTICALS

8.800.16 PREFERRED DRUG LIST

8.800.16.A. ESTABLISHING THE PREFERRED DRUG LIST

1. To develop and maintain the PDL, the Department shall take the following steps:

    a. Determine which drugs and Drug Classes shall be reviewed for inclusion on the PDL.

    b. Refer selected drugs and Drug Classes to the P&T Committee for clinical reviews performed without consideration of drug cost-effectiveness. The P&T Committee shall make recommendations pursuant to 10 C.C.R. 2505-10, Section 8.800.17.C.

    c. Make recommendations to the Medical Director based on evaluations of relevant criteria, including but not limited to:

        i) Drug safety;

        ii) Drug efficacy;

        iii) The recommendations of the P&T Committee;

        iv) Public comments received by the Department before a drug or Drug Class is reviewed at the relevant P&T Committee meeting;

        v) Cost-effectiveness; and

        vi) Scientific evidence, standards of practice and other relevant drug information for such evaluation.

2. After the P&T Committee meets, the Medical Director shall review the recommendations of the P&T Committee and the Department and determine whether a reviewed drug is designated a Preferred Drug or a Non-preferred Drug.

3. After the Medical Director has designated a reviewed drug as Preferred or Non-preferred, the Department shall refer that drug to the DUR Board for recommendations on prior authorization criteria.

4. After the DUR Board meets, the Medical Director shall review the recommendations of the P&T Committee, the DUR Board and the Department and determine the efficacy, safety and appropriate prior authorization criteria for Preferred and Non-preferred Drugs to ensure the health and safety of members.

5. The Department shall provide public notice of PDL updates at least ten days before such changes take effect.

6. Drug Classes included on the PDL shall be reviewed at least annually.

8.800.16.B. NEW DRUGS

1. Notwithstanding any other provision of this section, a new drug entity, including new generic drugs and new drug product dosage forms of existing drug entities, in a Drug Class already included on the PDL:

   a. Shall be subject to a preliminary evaluation by the Department within 30 days from when the drug is available on the market; and

   b. The Department shall designate the new drug as Preferred or Non-preferred upon completion of the preliminary evaluation.

2. The Preferred or Non-preferred designation for a new drug shall continue until the relevant Drug Class is reviewed and the designation is changed pursuant to Section 8.800.16.A.

3. New drug prior authorization information is addressed in Section 8.800.7.D.

8.800.16.C. EXCLUSION OF DRUGS, DRUG CLASSES OR INDIVIDUALS FROM THE PDL

1. The following exclusions are intended to promote good health outcomes and clinically appropriate drug utilization and to protect the most vulnerable Medical Assistance Program members.

2. After reviewing the recommendations of the P&T Committee and the Department, the Medical Director may, notwithstanding any other provision of this section and to the extent allowed by federal and state law:

   a. Exclude drugs or Drug Classes from consideration for inclusion on the PDL.

   b. Determine continuity of care protocols that exempt Medical Assistance Program members stabilized on specified Non-preferred Drugs from prior authorization requirements.

   c. Exclude specific Medical Assistance Program populations from prior authorization requirements for all Non-preferred Drugs.

3. Individual Medical Assistance Program members shall be exempted, on an annual basis, from prior authorization requirements for all Non-preferred Drugs if:

   a. A member meets clinical criteria recommended by the Department and P&T Committee and approved by the Medical Director; and

   b. A member’s physician submits a request for exemption and meets the criteria for approval.

8.800.16.D. AUTHORITY OF THE EXECUTIVE DIRECTOR

1. The decisions of the Medical Director, made under the authority of this section, shall be implemented by the Department at the sole discretion of the Executive Director.

2. If the Medical Director position is unfilled, the duties and obligations of that position, as described in this section, shall be performed by the Executive Director.

8.800.16.E. SUPPLEMENTAL REBATES

1. The Department may enter into supplemental rebate agreements with drug manufacturers for Preferred Drugs. The Department may contract with a vendor and/or join a purchasing pool to obtain and manage the supplemental rebates.

Title of Rule: Revision to the Medical Assistance Eligibility Rules concerning General and Citizenship Eligibility Requirements, Section 8.100.3.G
Rule Number: MSB 21-10-22-A
Division / Contact / Phone: Eligibility Policy / Jennifer VanCleave / 303-866-6204

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   On September 30, 2021, Congress singed the Extending Government Funding and Delivering Emergency Assistance Act (HR 5305) into law. Section 2502 of HR 5305 expanded eligibility to entitlement programs such as Medicaid, to include Afghan evacuees as qualified non-citizens not subject to the five-year bar. The resolution states that a citizen or national of Afghanistan who is paroled into the United States between July 31, 2021 and September 30, 2022; or is paroled into the United States after September 30, 2022 and is either a spouse or child (defined under section 101(b) of the Immigration and Nationality Act 8 U.S.C. 4 1101(b); or is the parent or legal guardian of an individual arriving from Afghanistan in the prescribed date range who was determined to be an unaccompanied child (under 6 U.S.C. 279(g)(2), will considered a qualified non-citizen not subject to the 5 year bar. The population is referred to as Afghan humanitarian parolees.

   Currently, these statuses are already considered qualified non-citizens not subject to the five-year bar for children under the age of 19 and pregnant women. HR 5305 states that all humanitarian parolees arriving from Afghanistan during the specified date ranges should be considered qualified non-citizens not subject to the five-year bar, as long as their parole has not been terminated by the Department of Homeland Security. Individuals with these statuses are not automatically entitled for Medical Assistance, they will still need to apply and meet all categorical requirements to be approved. Their status will also be verified electronically through the Verify Lawful Presence (VLP) interface with the Systematic Alien Verification for Entitlements (SAVE) program per current state and federal rule.

2. An emergency rule-making is imperatively necessary

   ☒ to comply with state or federal law or federal regulation and/or
   ☒ for the preservation of public health, safety and welfare.

   Explain:

Initial Review — Final Adoption
Proposed Effective Date **11/12/21** — Emergency Adoption
11/12/21

DOCUMENT #18

The Extending Government Funding and Delivering Emergency Assistance Act (HR 5305) was signed into law on September 30, 2021, and changes are required to align state rules with the continuing resolution. Additionally, several hundred individuals that would potentially be categorized and covered based on their Afghan Humanitarian Parolee status have already arrived in Colorado and need access to health coverage for urgent health needs.

3. Federal authority for the Rule, if any:

   HR 5305, Section 2502

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);
   Section 25.5-4-205, C.R.S. (2021)
   Section 24.4-4-103(6)(a), C.R.S. (2021)

Title of Rule: Revision to the Medical Assistance Eligibility Rules concerning General and Citizenship Eligibility Requirements, Section 8.100.3.G
Rule Number: MSB 21-10-22-A
Division / Contact / Phone: Eligibility Policy / Jennifer VanCleave / 303-866-6204

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   The Governor's Office and the Department of Human Services Office of Refugee Resettlement estimates 1,000 – 2,000 total Afghan evacuees arriving in Colorado, with an estimate of up to half of the total population (approximately 1,000) entering Colorado under the newly established eligible immigration status.

   With the proposed rule change, Afghan humanitarian parolees who arrived during the specified date ranges, will be considered qualified non-citizens not subject to the five-year bar until March 31, 2023, or through the extent of their parole timeframe, whichever is later. They will be eligible for full benefits, rather than only those services necessary to treat an emergency medical condition. Many Afghan refugees will arrive in Colorado with immigration statuses that are already considered qualified non-citizens not subject to the five-year bar for Medical Assistance, and their eligibility will be unaffected by the proposed rule change.

   The Department will also benefit from the proposed change as the rule will align with federal requirements. The Department will also bear the cost of the proposed rule change, as there will be an increase in the number of individuals who will be eligible for Medical Assistance.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   The proposed change will update rule to comply with the requirements put forth in Extending Government Funding and Delivering Emergency Assistance Act (HR 5305), Section 2502. The Department will benefit from compliance with federal regulations. This will ensure that Medical Assistance eligibility will be accurately determined for Afghan evacuees. The proposed change will also expand eligibility for full Medical Assistance benefits to Afghan humanitarian parolees who were previously only

eligible for the coverage of services necessary to treat an emergency medical condition.

The Department, stakeholders, applicants, and providers will benefit from a description of the expanded population eligible for benefits, as well as the date ranges during which the newly expanded population will be considered qualified non-citizens for Medical Assistance.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   The Department estimates that this policy would increase the Medicaid caseload by up to 1,000 members. The Department anticipates that the total impact of coverage of Medicaid programs for these members will be $4,425,970 in Fiscal Year 2021-2022.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   The probable costs of this policy include potentially paying up to $4.4 million for Medicaid services attributable to new members.

   The probable benefits to the policy include staying in compliance with federal laws, as well as providing medical care to individuals in need.

   The probable costs of inaction will be that the Department will be out of compliance with federal laws. This could cause the Department to pay a disallowance to CMS or forfeit the Federal Match the Department receives from the Federal Government.

   There are no benefits to inaction.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   The Department does not have any less costly method of enrolled the 1,000 newly eligible members.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   The Department considered no alternative methods for achieving the purpose of the proposed rule, as it is required to come into compliance with federal law.

8.100 MEDICAL ASSISTANCE ELIGIBILITY

8.100.3. Medical Assistance General Eligibility Requirements

8.100.3.G. General and Citizenship Eligibility Requirements

1. To be eligible to receive Medical Assistance, an eligible person shall:

    a. Be a resident of Colorado;

    b. Meet the following requirements while being an inmate, in-patient or resident of a public institution:

        i). The following individuals, if eligible, may be enrolled for Medical Assistance

            1. Patients in a public medical institution

            2. Residents of a Long-Term Care Institution

            3. Prior inmates who have been paroled

            4. Resident of a publicly operated community residence which serves no more than 16 residents

            5. Individuals participating in community corrections programs or residents in community corrections facilities (“halfway houses”) who have freedom of movement and association which includes individuals who:

                a) are not precluded from working outside the facility in employment available to individuals who are not under justice system supervision;

                b) can use community resources (e.g., libraries, grocery stores, recreation, and education) at will;

                c) can seek health care treatment in the broader community to the same or similar extent as other Medicaid enrollees in the state; and/or

                d) are residing at their home, such as house arrest, or another location

ii). Inmates who are incarcerated in a correctional institution such as a city, county, state or federal prison may be enrolled, if eligible, with benefits limited to an in-patient stay of 24 hours or longer in a medical institution.

c. Not be a patient in an institution for tuberculosis or mental disease, unless the person is under 21 years of age or has attained 65 years of age and is eligible for the Medical Assistance Program and is receiving active treatment as an inpatient in a psychiatric facility eligible for Medical Assistance reimbursement. See section 8.100.4.H for special provisions extending Medical Assistance coverage for certain patients who attain age 21 while receiving such inpatient psychiatric services;

d. Meet all financial eligibility requirements of the Medical Assistance Program for which application is being made;

e. Meet the definition of disability or blindness, when applicable. Those definitions appear in this volume at 8.100.1 under Definitions;

f. Meet all other requirements of the Medical Assistance Program for which application is being made; and

g. Fall into one of the following categories:

i) Be a citizen or national of the United States, the District of Columbia, Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, American Samoa or Swain's Island; or

ii) Be a lawfully admitted non-citizen who entered the United States prior to August 22, 1996, or

iii) Be a non-citizen who entered the United States on or after August 22, 1996 and is applying for Medical Assistance benefits to begin no earlier than five years after the non-citizen's date of entry into the United States who falls into one of the following categories:

1) lawfully admitted for permanent residence under the Immigration and Nationality Act (hereafter referred to as the "INA");

2) paroled into the United States for at least one year under 8 U.S.C. § 1182(d)(5); or

3) granted conditional entry under section 203(a)(7) of the INA, as in effect prior to April 1, 1980; or

4) determined by the eligibility site, in accordance with guidelines issued by the U.S. Attorney General, to be a spouse, child, parent of a child, or child of a parent who, in circumstances specifically described in 8 U.S.C. §1641(c), has been battered or subjected to extreme cruelty which necessitates the provision of Medical Assistance (Medicaid); or

iv) Be a non-citizen who arrived in the United States on any date, who falls into one of the following categories:

1) lawfully residing in Colorado and is an honorably discharged military veteran (also includes spouse, unremarried surviving spouse and unmarried, dependent children), or

2) lawfully residing in Colorado and is on active duty (excluding training) in the U.S. Armed Forces (also includes spouse, unremarried surviving spouse and unmarried, dependent children), or

3) granted asylum under section 208 of the INA, or

4) refugee under section 207 of the INA, or

5) deportation withheld under section 243(h) (as in effect prior to September 30, 1996) or section 241(b)(3) (as amended by P.L. 104-208) of the INA, or

6) Cuban or Haitian entrant, as defined in section 501(e) of the Refugee Education Assistance Act of 1980, or

7) an individual who (1) was born in Canada and possesses at least 50 percent American Indian blood, or is a member of an Indian tribe as defined in 25 U.S.C. sec. 5304(e)(2016), or

8) admitted to the U.S. as an Amerasian immigrant pursuant to section 584 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act of 1988 (as amended by P.L. 100-461), or

9) lawfully admitted permanent resident who is a Hmong or Highland Lao veteran of the Vietnam conflict, or

10) a victim of a severe form of trafficking in persons, as defined in section 103 of the Victims of Trafficking and Violence Protection Act of 2000, Pub. L.106-386, as amended (22 U.S.C. § 7105(b) (2016)), or

11) An alien who arrived in the United States on or after December 26, 2007 who is an Iraqi special immigrant under section 101(a)(27) of the INA, or

12) An alien who arrived in the United States on or after December 26, 2007 who is an Afghan Special Immigrant under section 101(a)(27) of the INA, or

13) Compact of Free Association (COFA) migrants, including citizens of Micronesia, the Marshall Islands, and Palau, pursuant to section 208 of the Consolidated Appropriations Act of 2021 (in effect December 27, 2020).

v) The statutes listed at sections 8.100.3.G.1.g.iii.1-5 and at 8.100.3.G.1.g.iv.3-11 are incorporated herein by reference. No amendments or later editions are incorporated. These regulations are available for public inspection at the Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, Colorado 80203-1714. Pursuant to C.R.S. 24-4-103(12.5)(b)(2016), the agency shall provide certified copies of the material incorporated at cost upon request or shall provide the requestor with information on how to obtain a certified copy of the material incorporated by reference from the agency of the

United States, this state, another state, or the organization or association originally issuing the code, standard, guideline or rule.

vi) Be a lawfully admitted non-citizen who is a pregnant women or a child under the age of 19 years in the United States who falls into one of the categories listed in 8.100.3.G.1.g.iii or into one of the following categories listed below. These individuals are exempt from the 5-year waiting period:

1) granted temporary resident status in accordance with 8 U.S.C. 1160 or 1255a,or

2) granted Temporary Protected Status (TPS) in accordance with 8 U.S.C 1254a and pending applicants for TPS granted employment authorization,

3) granted employment authorization under 8 CFR 274a.12(c),or

4) Family Unity beneficiary in accordance with section 301 of Pub. L. 101-649, as amended.

5) Deferred Enforced Departure (DED), pursuant to a decision made by the President,

6) granted Deferred Action status (excluding Deferred Action for Childhood Arrivals (DACA)) as described in the Secretary of Homeland Security's June 15,2012 memorandum,

7) granted an administrative stay of removal under 8 CFR 241.6(2016), or

8) Beneficiary of approved visa petition who has a pending application for adjustment of status.

9) Pending an application for asylum under 8 U.S.C. 1158, or for withholding of removal under 8 U.S.C. 1231, or under the Convention Against Torture who-

a) as been granted employment authorization; or

b) Is under the age of 14 and has had an application pending for at least 180 days.

10) granted withholding of removal under the Convention Against Torture,

11) A child who has a pending application for Special Immigrant Juvenile status under 8 U.S.C. 1101(a)(27)(J), or

12) Citizens of Micronesia, the Marshall Islands, and Palau, or

13) is lawfully present American Samoa under the immigration of laws of American Samoa.

14) A non-citizen in a valid nonimmigrant status, as defined in 8 U.S.C. 1101(a)(15) or under 8 U.S.C. 1101(a)(17), or

15) A non-citizen who has been paroled into the United States for less than one year under 8 U.S.C. § 1182(d)(5), except for an individual paroled for prosecution, for deferred inspection or pending removal proceedings.

vii) Be an Afghan Humanitarian Parolee who falls into one of the following categories listed below, as defined in Section 2502 of the Extending Government Funding and Delivering Emergency Assistance Act of 2021 (HR 5305). These individuals are exempt from the 5-year waiting period until March 31, 2023, or through the termination of their parole period, whichever is later:

1) paroled into the United States between July 31, 2021 – September 30, 2022; or

2) paroled into the United States after September 30, 2022, and a) is the spouse or child of an individual in subparagraph 1 as defined under section 101(b) of the Immigration and Nationality Act (8 U.S.C. 4 1101(b)); or

b) is the parent or legal guardian of an individual in subparagraph 1 who is determined to be an unaccompanied child under 6 U.S.C.279(g)(2).

viii) Exception: The exception to these requirements is that persons who apply for and meet the criteria for one of the categorical Medical Assistance programs, but who are not citizens, and are not eligible non-citizens, according to the criteria set forth in 8.100.3.G.1.g, shall receive Medical Assistance benefits for emergency medical care only. The rules on confidentiality prevent the Department or eligibility site from reporting to the United States Citizenship and Immigration Services persons who have applied for or are receiving assistance. These persons need not select a primary care physician as they are eligible only for emergency medical services.

For non-qualified aliens receiving Medical Assistance emergency only benefits, the following medical conditions will be covered:

An emergency medical condition (including labor and delivery) which manifests itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in:

1) placing the patient's health in serious jeopardy;

2) serious impairment of bodily function; or

3) serious dysfunction of any bodily organ or part.

A physician shall make a written statement certifying the presence of an emergency medical condition when services are provided and shall indicate that services were for a medical emergency on the claim form. Coverage is limited to care and services that are necessary to treat immediate emergency medical conditions. Coverage does not include prenatal care or follow-up care.

2. For determinations of eligibility for Medical Assistance, legal immigration status must be verified. This requirement applies to a non-citizen individual who meets the criteria of any category defined at 8.100.3.G(1)(g)(ii) (iii) (iv)(vi) or (vii) and has declared that he or she has a legal immigration status.

a. The Verify Lawful Presence (VLP) interface will be used to verify immigration status. The VLP interface connects to the Systematic Alien Verification for Entitlements (SAVE) Program to verify legal immigration status.

i) If an automated response from VLP confirms that the information submitted is consistent with VLP data for immigration status verification requirements, no further action is required for the individual and no additional documentation of immigration status is required.

ii) If the VLP cannot automatically confirm the information submitted, the individual will be contacted with a request for additional documents and/or information needed to verify their legal immigration status through the VLP interface. If a response from the VLP interface confirms that the additional documents and/or information received from the individual verifies their legal immigration status, no further action is required for the individual and no additional documentation of immigration status is required.

3. Reasonable Opportunity Period

a. If the verification through the electronic interface is unsuccessful then the applicant will be provided a reasonable opportunity period, of 90 days, to submit documents indicating a legal immigration status, as listed in 8.100.3.G.1.g. The reasonable opportunity period will begin as of the date of the Notice of Action. The required documentation must be received within the reasonable opportunity period.

b If the applicant does not provide the necessary documents within the reasonable opportunity period, then the applicant's Medical Assistance application shall be terminated.

c. The reasonable opportunity period applies to MAGI, Adult and Buy-In Programs.

i) For the purpose of this section only, MAGI Programs for persons covered pursuant to 8.100.4.G or 8.100.4.I. include the following:

Commonly Used Program Name	Rule Citation
Children's Medical Assistance	8.100.4.G.2
Parent and Caretaker Relative Medical Assistance	8.100.4.G.3
Adult Medical Assistance	8.100.4.G.4
Pregnant Women Medical Assistance	8.100.4.G.5
Legal Immigrant Prenatal Medical Assistance	8.100.4.G.6
Transitional Medical Assistance	8.100.4.I.1-5

ii) For the purpose of this section only, Adult and Buy-In Programs for persons covered pursuant to 8.100.3.F, 8.100.6.P, 8.100.6.Q, or 8.715. include the following:

Commonly Used Program Name	Rule Citation
Old Age Pension A (OAP-A)	8.100.3.F.1.c
Old Age Pension B (OAP-B)	8.100.3.F.1.c
Qualified Disabled Widow/Widower	8.100.3.F.1.e
Pickle	8.100.3.F.1.e
Long-Term Care	8.100.3.F.1.f-h
Medicaid Buy-In Program for Working Adults with Disabilities	8.100.6.P

Medicaid Buy-In Program for Children with Disabilities	8.100.6.Q
Breast and Cervical Cancer Program (BCCP)	8.715

SUMMARY OF ACTION ON RULE(S)

1. Department / Agency Name: Health Care Policy and Financing / Medical Services Board

2. Title of Rule: MSB 21-11-03-B, Revision to the Medical Assistance Rule concerning Provider Enrollment, Sections 8.125.11, 8.125.12, 8.125.13 and 8.126.1

3. This action is an adoption of: an amendment

4. Rule sections affected in this action (if existing rule, also give Code of Regulations number and page numbers affected):

   Sections(s) 8.125.11, 8.125.12, 8.125.13 and 8.126.1, Colorado Department of Health Care Policy and Financing, Staff Manual Volume 8, Medical Assistance (10 CCR 2505-10).

5. Does this action involve any temporary or emergency rule(s)? Yes
   If yes, state effective date: 12/07/2021

   Is rule to be made permanent? (If yes, please attach notice of hearing). No

PUBLICATION INSTRUCTIONS*

Remove the current text beginning at 8.125.11 through the end of 8.125.13. Replace the current text at 8.126.1 with the proposed text beginning at 8.126.1 through the end of 8.126.1. This rule is effective December 7, 2021.

*to be completed by MSB Board Coordinator

Title of Rule: Revision to the Medical Assistance Rule concerning Provider Enrollment, Sections 8.125.11, 8.125.12, 8.125.13 and 8.126.1
Rule Number: MSB 21-11-03-B
Division / Contact / Phone: Medicaid Operations Office / Clint Eatmon / 720-819-6409

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   This rule revision will temporarily remove current requirements for providers to comply with: Fingerprint Criminal Background Checks (10 CCR 2505-10 8.125.12), Site-Visits (10 CCR 2505-10 8.125.11) and payment of Application Fee's (10 CCR 2505-10 8.125.13), during the provider enrollment process. Alleviating these requirements will expedite the processing of provider-enrollment applications.

   These proposed changes bring Colorado regulations into alignment with the approved 1135 waiver which was granted by CMS, temporarily waiving these requirements at the Federal Level. If passed, the rule will become effective on the date the board adopts it and it will expire after 120 days. However, the Department has the option to bring the rule to MSB a second time within the 120 days to reinstate or further extend the timeframe, depending on prevailing conditions and current guidance at that time.

   The rule revision at 8.126.1 (10 CCR 2505-10 8.126.1), will allow providers enrolled as a Mass Immunizer with Medicare to temporarily enroll in Colorado to provide administration of COVID-19 vaccinations.

2. An emergency rule-making is imperatively necessary

   ☐ to comply with state or federal law or federal regulation and/or
   ☒ for the preservation of public health, safety and welfare.

   Explain:

   Removing these requirements will expedite the processing of provider enrollment applications during the COVID-19 pandemic, thereby increasing the number of approved providers during this emergency period.

   Allowing Mass Immunizers to enroll and administer COVID-19 vaccinations will increase the availability and administration of these critical vaccines.

Title of Rule: Revision to the Medical Assistance Rule concerning Provider Enrollment, Sections 8.125.11, 8.125.12, 8.125.13 and 8.126.1
Rule Number: MSB 21-11-03-B
Division / Contact / Phone:Medicaid Operations Office / Clint Eatmon / 720-819-6409

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   Those seeking to be approved Medicaid providers and our member population will benefit from this proposed rule.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   Those seeking to become approved providers will benefit from a streamlined provider enrollment process. Members will benefit from increased access to care as more providers are enrolled and available to offer treatment and services, including COVID-19 vaccinations.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   There are no costs to the Department or to another agency to implement and enforce the proposed rule.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   There are no probable costs to providers.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no less costly or less intrusive methods for achieving the purpose of the proposed rule.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

There are no alternative methods for achieving the purpose of the proposed rule.

8.125 PROVIDER SCREENING

8.126 COLORADO NPI RULE

8.126.1 Definitions

A. Billing Provider Field means the data field on a Claim that reflects the Health Care Provider to which the payer issues payment.

B. Campus means the physical area immediately adjacent to the Hospital's main buildings, other areas and structures that are not strictly contiguous to the main buildings but are located within 250 yards of the main buildings, and any other areas determined on an individual case basis by the Centers of Medicare and Medicaid Services to be part of the provider's campus.

C. Claim means a request for payment for the delivery of medical care, services, or goods authorized under the Medical Assistance Program, submitted to the Department through its fiscal agent by a Health Care Provider. Claim includes the transmission of encounter information for the purpose of reporting the delivery of medical care, services, or goods.

D. Health Care Provider means any person or organization that furnishes, bills for, or is paid for medical care, services, or goods to one or more Medical Assistance Program members.

1. A Health Care Provider includes an Organization Health Care Provider, Subpart of an Organization Health Care Provider, Off Campus Location, and a Site of an Organization Health Care Provider.

2. Unless specified otherwise in Subsection 8.126.1, a Health Care Provider may include a Health Care Provider located outside the state of Colorado (out-of-state provider) that is licensed and/or certified pursuant to their state laws.

E. Hospital means an Organization Health Care Provider that is enrolled in the Medical Assistance Program under the Provider Type of "Hospital - General" as defined in this Subsection 8.126.1.

F. Medical Assistance Program means the programs authorized under Articles 4, 5, 6, 8, and 10 of Title 25.5.

G. National Provider Identifier (NPI) means the standard, unique health identifier for Health Care Providers or Organization Health Care Providers that is used by the National Plan and Provider Enumeration System (NPPES) in accordance with 45 C.F.R. pt. 162.

H. Off-Campus Location means a facility that:

1. Has operations that are directly or indirectly owned or controlled by, in whole or in part, or affiliated with, a Hospital, regardless of whether the operations are under the same governing body as the Hospital;

2. Is not on the Hospital's Campus;

3. Provides services that are organizationally and functionally integrated with the Hospital;

4. Is an outpatient facility providing preventive, diagnostic, treatment, or emergency services; and

5. Is identified on the Hospital's State License Addendum issued by the Colorado Department of Public Health and Environment or, for Hospitals licensed outside of Colorado, documentation demonstrating direct or indirect ownership or control of the Off-Campus Location.

I. Organization Health Care Provider means a Health Care Provider that is not an individual.

J. Provider Type means a classification of Health Care Provider or Organization Health Care Provider to which the payer issues payment for services provided to individuals enrolled in the Medical Assistance Program, according to the Provider Type license, accreditation, certification, and/or service provided. The Provider Types recognized by the Department are as follows:

1. Administrative Services Organization (ASO) is an entity that has entered into a valid, active contract to provide ASO services with the Colorado Department of Health Care Policy and Financing.

2. Ambulatory Surgical Center (ASC) means a health care entity that is:

a. Licensed by the Colorado Department of Public Health and Environment as an Ambulatory Surgical Center; and

b. Certified by the Centers for Medicare and Medicaid Services to participate in the Medicare program as an Ambulatory Surgical Center.

3. Audiologist means an individual licensed as an audiologist by the Division of Professions and Occupations within the Colorado Department of Regulatory Agencies.

4. Behavioral Therapy Clinic means any group practice that has at least one affiliated Behavioral Therapy Individual. The affiliated Behavioral Therapy Individual must be enrolled in the Colorado Medical Assistance Program.

5. Behavioral Therapy Individual means an individual that:

a. Is nationally certified as a Board-Certified Behavioral Analyst (BCBA); or

b. Meets one of the following:

(1) Has a doctoral degree with a specialty in psychiatry, medicine, or clinical psychology and is actively licensed by the State Board of Examiners; and has completed 400 hours of training; and/or has direct supervised experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism or other developmental disabilities; or

(2) Has a doctoral degree in one of the behavioral or health sciences; and has completed 800 hours of specific training; and/or has experience in behavioral therapies that are consistent with best practice and research

on effectiveness for people with autism or other developmental disabilities; or

(3) Is nationally certified as a BCBA; or

(4) Has a master's degree or higher in behavioral or health sciences; and is a licensed teacher with an endorsement of school psychologist; or is a licensed teacher with an endorsement of special education or early childhood special education; or is credentialed as a related services provider (Physical Therapist, Occupational Therapist, or Speech Therapist); and has completed 1,000 hours of direct supervised training or has experience in behavioral therapies that are consistent with best practice and research on effectiveness for people with autism or other developmental disabilities.

6. Birthing Center means a health care entity licensed as a Birth Center by the Colorado Department of Public Health and Environment. Out-of-state providers are not eligible for enrollment.

7. Case Management Agency (CMA) means a public or private not-for-profit or for-profit agency that meets all applicable state and federal requirements and is certified by the Department to provide case management services for Home and Community Based Services waivers.

8. Certified Registered Nurse Anesthetist (CRNA) means an individual who is:

   a. Licensed as a registered nurse by the State Board of Nursing within the Colorado Department of Regulatory Agencies; and

   b. Included within the advanced practice registry as a CRNA.

9. Clinic – Dental means any group practice that has at least one affiliated, licensed dentist or dental hygienist.

   a. The affiliated dentist or dental hygienist must be enrolled in the Colorado Medical Assistance Program; and

   b. A dental practice or clinic must be owned by a licensed dentist except if the dental practice or clinic is a non-profit organization defined as a community health center (also known as an FQHC) or having 50% or more patients determined as low income, or a political subdivision (i.e. city, county, state, etc.); and

   c. A dental hygiene practice or clinic must be owned by a licensed dentist or licensed dental hygienist except if the dental hygiene practice or clinic is a non-profit organization defined as a community health center (also known as an FQHC) or having 50% or more patients determined as low income, or a political subdivision (i.e. city, county, state, etc.)

10. Clinic – Practitioner means any group practice that has at least one affiliated, licensed physician, osteopath, or podiatrist. The affiliated practitioner must be enrolled in the Colorado Medical Assistance Program.

11. Community Clinic means a health care entity that is:

a. Licensed as a Community Clinic or Community Clinic and Emergency Center (CCEC) by the Colorado Department of Public Health and Environment;

b. Certified by the Centers for Medicare and Medicaid Services to participate in the Medicare program; and

c. Owned by a Medicare participating hospital.

12. Community Mental Health Center (CMHC) means a health care entity that:

a. Is licensed as a Community Mental Health Center by the Colorado Department of Public Health and Environment;

b. Has program approval to operate as a CMHC from the Colorado Department of Human Services; and

c. If the CMHC delivers substance use disorder services, shall have Substance Use Disorder program approval from Colorado Department of Human Services.

13. Dental Hygienist means an individual who is licensed as a Dental Hygienist by the Colorado Dental Board within the Colorado Department of Regulatory Agencies.

14. Dentist means an individual who is licensed as a Dentist by the Colorado Dental Board within the Colorado Department of Regulatory Agencies.

15. Dialysis Treatment Clinic [Formerly Known as Dialysis Center] means a health care entity that is:

a. Licensed as a Dialysis Treatment Clinic by the Colorado Department of Public Health and Environment; and

b. Certified by Centers for Medicare and Medicaid Services to participate in the Medicare program as an End-Stage Renal Dialysis Facility (ESRD).

16. Federally Qualified Health Center (FQHC) means a health care entity that has been awarded a Section 330 Grant from the Health Resources and Services Administration. A health care entity that has been designated as a “look-alike” is also eligible to be enrolled as an FQHC.

17. Foreign Teaching Physician means an individual who is licensed as a distinguished foreign teaching physician by the Colorado Medical Board within the Colorado Department of Regulatory Agencies.

18. Home and Community Based Services (HCBS) means Health First Colorado (Colorado’s Medicaid Program)’s community-based care alternatives to institutional, Long-Term care. Providers enrolling as an HCBS provider shall meet all applicable state and federal requirements to provide HCBS by waiver and specialty type.

19. Home Health Agency means a health care entity that:

a. Has a Class A Home Care Agency license from the Colorado Department of Public Health and Environment; and

b. Is certified by the Centers for Medicare and Medicaid Services to participate in the Medicare program as Home Health Agency.

20. Hospice means a health care entity that is:

    a. Licensed as a Hospice by the Colorado Department of Public Health and Environment; and

    b. Certified by the Centers for Medicare and Medicaid Services to participate in the Medicare program as a Hospice.

21. Hospital – General means a health care entity that is:

    a. Licensed as a General Hospital by the Colorado Department of Public Health and Environment; and

    b. Certified by the Centers for Medicare and Medicaid Services to participate in the Medicare program as a Hospital.

22. Hospital – Psychiatric [Formerly Known as Hospital - Mental] means a health care entity that is:

    a. Licensed as a Psychiatric Hospital by the Colorado Department of Public Health and Environment; and

    b. Certified by the Centers for Medicare and Medicaid Services to participate in the Medicare program as a Psychiatric Hospital.

23. Independent Laboratory means a laboratory that:

    a. Has a current and valid Clinical Laboratory Improvement Amendments (CLIA) certification; and

    b. Is certified through the Centers for Medicare and Medicaid Services as a laboratory.

24. Indian Health Service – Federally Qualified Health Center (FQHC) means a health care entity that:

    a. Is treated by the Centers for Medicare and Medicaid Services as a comprehensive Federally funded health center; and

    b. Includes an outpatient health program or facility operated by a tribe or tribal organization under the Indian Self-Determination Act or by an urban Indian organization receiving funds under Title V of the Indian Health Care Improvement Act for the provision of primary health services.

25. Indian Health Service – Pharmacy means a health care entity that has evidence of participation in the Indian Health Service.

26. Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) [Formerly Known as Nursing Facility – ICF/IID] means a health care entity that is:

    a. Licensed as an Intermediate Care Facility for Individuals with Intellectual Disabilities through the Colorado Department of Public Health and Environment; and

b. Certified by the Centers for Medicare and Medicaid Services or the Colorado Department of Health Care Policy and Financing to participate in the Medicaid program as an ICF/IID.

27. Licensed Behavioral Health Clinician means an individual that is licensed by the Colorado Department of Regulatory Agencies as either:

a. A Licensed Clinical Social Worker;

b. A Licensed Professional Counselor;

c. A Licensed Marriage and Family Therapist; or

d. A Licensed Addiction Counselor.

28. Licensed Psychologist means an individual who is licensed as a psychologist by the State Board of Psychologist Examiners within the Colorado Department of Regulatory Agencies.

29. Managed Care Entity [Formerly Known as Health Maintenance Organization (HMO)] means an entity that has a valid and comprehensive or all-inclusive risk contract with the Colorado Department of Health Care Policy and Financing.

30. Non-Physician Practitioner Group means any group practice consisting of any of the following:

a. Licensed Nurse Practitioners;

b. Licensed Audiologists;

c. Licensed Occupational Therapists;

d. Licensed Behavioral Health Clinicians;

e. Licensed Psychologists;

f. Licensed Speech Therapists; and/or

g. Licensed Physical Therapists.

h. Beginning on the effective date of this amended rule, and for the remainder of the COVID-19 Public Health Emergency (PHE), providers that have enrolled as a Mass Immunizer Roster Biller (provider specialty type 73) with Medicare may temporarily enroll in the medical assistance program as a Non-Physician Practitioner Group for the purpose of billing for the administration of COVID-19 vaccinations for medical assistance clients.

31. Non-Physician Practitioner Individual means a registered nurse, which means an individual licensed as a Registered Nurse by the State Board of Nursing within the Colorado Department of Regulatory Agencies.

32. Nurse Midwife means an individual who is:

a. Licensed as a registered nurse by the State Board of Nursing within the Colorado Department of Regulatory Agencies; and

b. Included within the advanced practice registry as a Nurse Midwife.

33. Nurse Practitioner means an individual who is:

a. Licensed as a registered nurse by the State Board of Nursing within the Colorado Department of Regulatory Agencies; and

b. Included within the advanced practice registry as a Nurse Practitioner.

34. Nursing Facility means a health care entity that is:

a. Licensed as a Nursing Care Facility through the Colorado Department of Public Health and Environment; and

b. Certified by the Centers for Medicare and Medicaid Services or the Colorado Department of Health Care Policy and Financing to participate in the Medicaid program as a Skilled Nursing Care Facility.

35. Occupational Therapist means an individual who is licensed as an Occupational Therapist by the Director of the Division of Professions and Occupations within the Colorado Department of Regulatory Agencies.

36. Optical Outlet means a health care supplier that is qualified to make and supply eyeglasses and contact lenses for the correction of vision. If, in the performance of its duties, the Optical Outlet requires laboratory services, the laboratory is required to have a current and valid CLIA certification.

37. Optometrist means an individual who is licensed as an Optometrist by the State Board of Optometry within the Colorado Department of Regulatory Agencies.

38. Osteopath means an individual who holds a degree of “doctor of osteopathy,” and who is licensed as a physician by the Colorado Medical Board within the Colorado Department of Regulatory Agencies.

39. Personal Care Agency means a health care entity that has a Class A or Class B Home Care Agency license from the Colorado Department of Public Health and Environment.

40. Pharmacist means an individual who is licensed as a Pharmacist by the State Board of Pharmacy within the Colorado Department of Regulatory Agencies.

41. Pharmacy means a pharmacy, pharmacy outlet, or prescription drug outlet registered by the Board of Pharmacy within the Colorado Department of Regulatory Agencies.

42. Physical Therapist means an individual who is licensed as a Physical Therapist by the Physical Therapy Board within the Colorado Department of Regulatory Agencies.

43. Physician means an individual who is licensed as a physician by the Colorado Medical Board within the Colorado Department of Regulatory Agencies.

44. Physician Assistant means an individual who is licensed as a physician assistant by the Colorado Medical Board within the Colorado Department of Regulatory Agencies.

45. Podiatrist means an individual licensed as a podiatrist by the Colorado Podiatry Board within the Colorado Department of Regulatory Agencies.

46. Psychiatric Residential Treatment Facility (PRTF) means a health care entity that:

    a. Is licensed by the Colorado Department of Human Services as a Residential Child Care Facility and a PRTF; and

    b. Is certified as a qualified residential provider by the Department of Public Health and Environment; and

    c. Is accredited by the Joint Commission, the Commission on Accreditation of Rehabilitation Facilities, or the Council on Accreditation of Services for Families and Children; and

    d. Has provided an attestation to the Department that the PRTF is in compliance with the conditions of participation as required by Colorado Department of Human Services and the Centers for Medicare and Medicaid Services.

47. Qualified Medicare Beneficiary (QMB) Benefits Only means the provider type designation used for Chiropractors who participate under the QMB Program. Chiropractor means an individual licensed as a chiropractor by the Board of Chiropractic Examiners within the Colorado Department of Regulatory Agencies. QMB Benefits Only providers must also be certified as QMB Benefits Only providers through the Centers for Medicare and Medicaid Services.

48. Regional Accountable Entity (RAE) means an entity that has entered into a valid, existing contract with the Colorado Department of Health Care Policy and Financing to be a Regional Accountable Entity.

49. Rehabilitation Agency means a group practice that requires at least one affiliated and licensed professional enrolled in the Colorado Medical Assistance Program.

50. Residential Child Care Facility (RCCF) means a health care entity that is:

    a. Designated by the Colorado Department of Human Services to provide Medicaid-reimbursable mental health services as an RCCF; and

    b. Licensed by Colorado Department of Human Services as an RCCF.

51. Rural Health Clinic (RHC) means a clinic that is certified by the Centers for Medicare and Medicaid Services as a Rural Health Clinic.

52. School Health Services means a school district or Board of Cooperative Educational Services that has a valid, active contract with the Colorado Department of Health Care Policy and Financing to participate in the Colorado School Health Services Program.

    a. The Site at which an Organization Health Care Provider delivers medical care, services, or goods authorized under the Medical Assistance Program enrolled under the Provider Type of School Health Services is a school district.

53. Speech Therapist is an individual certified as a Speech Language Pathologist by the Director of the Divisions of Professions and Occupations within the Colorado Department of Regulatory Agencies.

54. Substance Use Disorder (SUD) – Clinic means a health care entity that:

    a. Is licensed as a SUD Provider by the Colorado Department of Human Services;

b. Has program approval to operate as a SUD – Clinic from Colorado Department of Human Services; and

c. Has at least one affiliated advanced practice nurse, physician/psychiatrist, physician assistant, or behavioral health clinician who is certified in addiction medicine.

55. Supply means a Durable Medical Equipment, Prosthetic, Orthotic and Supplies (DMEPOS) provider that meets one or both of the following definitions:

a. Complex Rehabilitation Technology (CRT) Supplier means a health care supplier that meets all the requirements of Section 8.590.5.D, and that:

(1) Has a Sales Tax Certificate or Tax-Exempt Certificate;

(2) Has CRT Professional Certification; and

(3) Is accredited by the Centers for Medicare and Medicaid Services to provide DMEPOS and CRT.

b. Durable Medical Equipment (DME) means a health care supplier that meets the requirements of Sections 8.590.5.A and B, and that:

(1) Has a Sales Tax Certificate or Tax-Exempt Certificate; and

(2) Is accredited by the Centers for Medicare and Medicaid Services to provide DMEPOS.

56. Transportation means a provider that meets one or both of the following definitions:

a. Emergency Medical Transportation (EMT) [Formerly Known as Emergency Medical Transportation and Air Ambulance] means providers that:

(1) Meet all provider screening requirements in Section 8.125.

(2) Comply with commercial liability insurance requirements.

(3) Maintain the appropriate licensure for:

(a) Ground ambulance license as required by Colorado Department of Public Health and Environment; and

(b) Air ambulance license as required by Colorado Department of Public Health and Environment.

(4) License, operate, and equip ground and air ambulances in accordance with federal and state regulations.

b. Non-Emergent Medical Transportation (NEMT) means a provider that:

(1) Has a Public Utilities Commission (PUC) common carrier certificate as a taxicab; or

(2) Has a PUC Medicaid Client Transport (MCT) Permit as required by the PUC; or

(3) Has a ground ambulance license as required by Department of Public Health and Environment; or

(4) Has an Air Ambulance license as required by Colorado Department of Public Health and Environment; or

(5) Is exempt from licensure requirements in accordance with the PUC.

57. X-Ray Facility means an imaging center that:

a. Has an X-Ray Facility and Machine Registration Report certified by the Colorado Department of Public Health and Environment; and

b. Is certified by the Centers for Medicare and Medicaid Services to participate in Medicare as an X-Ray facility.

K. Service Facility Location Field means the physical location specifically where services were rendered as identified on the Claim.

L. Site means the physical location by street address, including suite number, where goods and/or services are provided. The term Site when involving a Health Care Provider that voluntarily contracts with a RAE as a Primary Care Medical Provider (PCMP) to participate in the Department's Accountable Care Collaborative (ACC) as a medical home, also includes the following requirements:

1. PCMP services must be identifiable from other goods and/or services, including services provided by specialists provided by the Health Care Provider in the same physical location through a separate and unique NPI.

2. PCMP services provided at a Campus or Off-Campus Location must be identifiable from other goods and/or services, including services provided by specialists, provided by the Health Care Provider on the same Campus or Off-Campus Location through a separate and unique NPI.

M. Subpart means a component or separate physical location of an Organization Health Care Provider that may be separately licensed or certified. This definition is intended to be consistent with the use of the term "Subpart" as defined in 45 C.F.R. pt. 162.

N. The definitions in Subsection 8.126.1 apply only to Section 8.126.

Title of Rule: Revision to the Medical Assistance Act Rule concerning Nursing Facility Immunization Administration, Sections 8.815 and 8.443
Rule Number: MSB 21-11-05-B
Division / Contact / Phone: Health Program Office / Christina Winship/303-866-5578

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   This rule revision will allow the Department to reimburse pharmacies for administration of the COVID-19 vaccine in Long-term Care Facilities through the Centers for Disease Control and Prevention's (CDC's) Pharmacy Partnership for Long-term Care Program or other partnership between an LTC and a pharmacy.

2. An emergency rule-making is imperatively necessary

   ☒ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

   Explain:

   These revisions are required to facilitate administration of the forthcoming COVID-19 vaccine to nursing home facility residents.

3. Federal authority for the Rule, if any:

   Section 6008(b)(4) of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), P.L. 116-136

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);

Title of Rule: Revision to the Medical Assistance Act Rule concerning Nursing Facility Immunization Administration, Sections 8.815 and 8.443
Rule Number: MSB 21-11-05-B
Division / Contact / Phone:Health Program Office / Christina Winship/303-866-5578

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

Health First Colorado members residing in nursing facilities and pharmacy providers licensed to administer vaccines will benefit from the flexibility provided by this rule revision. Current policy limits reimbursement to vaccines ordered by the resident's own physician and administration is either included in the facility's rate or part of a regularly scheduled home health service.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

This revision will help expedite administration of the COVID-19 vaccine to Health First Colorado members residing in nursing facilities. The rule will also allow nursing facility providers to utilize existing partnerships with pharmacies to administer the vaccine.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   The Department expects this change to cost approximately $60,000 in total funds, which will be incorporated through the regular budget process.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

The proposed rule will facilitate the expeditious administration of the COVID-19 vaccine to this population.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no less costly or intrusive methods to achieve the purpose of the proposed rule.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

   There are no alternative methods for achieving the purpose of the proposed rule.

8.815 IMMUNIZATION SERVICES

8.815.1 Definitions

8.815.1.A. Advisory Committee on Immunization Practices (ACIP) means the group of medical and public health experts that develops recommendations on how to use vaccines to control diseases in the United States. ACIP was established under Section 222 of the Public Health Service Act (42 U.S.C. § 2l7a).

8.815.1.B. Immunization means the process whereby a person is made immune or resistant to an infectious disease, typically by the administration of a vaccine.

8.815.1.C. School District means any board of cooperative services established pursuant to article 5 of title 22, C.R.S., any state educational institution that serves students in kindergarten through twelfth grade including, but not limited to, the Colorado School for the Deaf and Blind, created in article 80 of title 22, C.R.S., and any public School District organized under the laws of Colorado except a junior college district.

8.815.1.D. Vaccine means a biological preparation that improves immunity to a particular disease.

8.815.1.E. Vaccine Administration Services means the provision of an injection, nasal absorption, or oral administration of a vaccine product.

8.815.1.F. Vaccines for Children (VFC) means the federally funded program administered through the Centers for Disease Control for the purchase and distribution of pediatric vaccines to program-registered providers for the Immunization of vaccine-eligible children 18 years of age and younger.

8.815.2 Client Eligibility

8.815.2.A. All Colorado Medicaid clients are eligible for Immunization and Vaccine Administration Services.

8.815.3 Provider Eligibility

8.815.3.A. Rendering Providers

1. Colorado Medicaid enrolled providers are eligible to administer Vaccines and Vaccine Administration Services as follows:

    a. If it is within the scope of the provider’s practice;

    b. In accordance with the requirements at 10 CCR 2505-10, Section 8.200.2.; and

    c. If the provider is administering Vaccines and Vaccine Administration Services to a client 18 years of age or younger, the provider is using Vaccines provided free of cost by the federal government, including through the VFC program.

8.815.3.B. Prescribing Providers

1. Colorado Medicaid enrolled providers are eligible to prescribe Vaccines and Vaccine Administration Services in accordance with Section 8.815.3.A.1.a.-b.

8.815.4 Covered Services

8.815.4.A. Vaccines identified in the ACIP Vaccine Recommendations and Guidelines are updated routinely and are covered as follows:

1. For clients 18 years of age and younger, Vaccines are either provided through the VFC program or are otherwise provided without cost by the federal government.

2. For clients 19 years of age and older, Vaccines are covered by Colorado Medicaid.

8.815.4.B. Administration of Vaccines identified in the ACIP Vaccine Recommendations and Guidelines is a covered service for all clients.

8.815.4.C. Immunization and Vaccine Administration Services that are provided by home health agencies, physicians, or other non-physician practitioners to clients at nursing facilities, group homes, or residential treatment centers are covered only as follows:

1. Immunization services for clients who are residents of nursing facilities and clients receiving home health services are covered only if ordered by their physician. The skilled nursing component for Immunization administration provided at a nursing facility is included in the facility's rate or part of a regularly scheduled home health service for clients receiving home health services.

2. Clients who are residents of an Alternative Care Facility, as defined at Section 8.495.1, may receive Immunization services from their own physician. They may also receive Immunization services as part of a home health service in accordance with Section 8.815.4.C.1.

8.815.5 Prior Authorization Requirements

8.815.5.A. Prior authorization is not required for this benefit.

8.815.6 Non-covered Services

8.815.6.A. The following services are not covered by Colorado Medicaid:

1. For clients 18 years of age and younger, Vaccines that have been obtained from a source other than the federal government;

2. Immunization and Vaccine Administration Services provided by a School District provider; and

3. Travel-related Immunization and Vaccine Administration Services.

8.443 NURSING FACILITY REIMBURSEMENT

8.443.7 HEALTH CARE REIMBURSEMENT RATE CALCULATION

8.443.7.A Health Care Services Defined: Health Care Services means the categories of reasonable, necessary and patient-related support services listed below. No service shall be considered a health care service unless it is listed below:

1. The salaries, payroll taxes, worker compensation payments, training and other employee benefits of registered nurses, licensed practical nurses, restorative aides, nurse aides, feeding assistants, registered dietician, MDS coordinators, nursing staff development personnel, nursing administration (not clerical) case manager, patient care coordinator, quality improvement, clinical director. These personnel shall be appropriately licensed and/or certified, although nurse aides may work in any facility for up to four months before becoming certified.

   If a facility employee or a management company/home office employee or owner has dual health care and administrative duties, the provider must keep contemporaneous time records or perform time studies to verify hours worked performing health care related duties. If no contemporaneous time records are kept or time studies performed, total salaries, payroll taxes and benefits of personnel performing health care and administrative functions will be classified as administrative and general. Licenses are not required unless otherwise specified. Periodic time studies in lieu of contemporaneous time records may be used for the allocation. Time studies used must meet the following criteria:

   a. A minimally acceptable time study must encompass at least one full week per month of the cost reporting period.

   b. Each week selected must be a full work week (Monday to Friday, Monday to Saturday, or Sunday to Saturday).

   c. The weeks selected must be equally distributed among the months in the cost reporting period, e.g., for a 12 month period, 3 of the 12 weeks in the study must be the first week beginning in the month, 3 weeks the 2nd week beginning in the month, 3 weeks the 3rd, and 3 weeks the fourth.

   d. No two consecutive months may use the same week for the study, e.g., if the second week beginning in April is the study week for April, the weeks selected for March and May may not be the second week beginning in those months.

   e. The time study must be contemporaneous with the costs to be allocated. Thus, a time study conducted in the current cost reporting year may not be used to allocate the costs of prior or subsequent cost reporting years.

   f. The time study must be provider specific. Thus, chain organizations may not use a time study from one provider to allocate the costs of another provider or a time study of a sample group of providers to allocate the costs of all providers within the chain.

2. The salaries, payroll taxes, workers compensation payments, training and other employee benefits of medical records librarians, social workers, central or medical supplies personnel and activity personnel.

   Health Information Managers (Medical Records Librarians): Must work directly with the maintenance and organization of medical records.

   Social Workers: Includes social workers, life enhancement specialists and admissions coordinators.

Central or Medical Supply personnel: Includes duties associated with stocking and ordering medical and/or central supplies.

Activity personnel: Personnel classified as “activities” must have a direct relationship (i.e., providing entertainment, games, and social opportunities) to residents. For instance, security guards and hall monitors do not qualify as activities personnel. Costs associated with security guards and hall monitors are classified as administrative and general.

3. If the provider’s chart of accounts directly identifies payroll taxes and benefits associated with health care versus administrative and general cost centers, the amounts directly identified will be appropriately allowed as either health care or administrative and general. If these costs are comingled in the chart of accounts, payroll taxes and benefits shall be allocated to the cost centers (health care and administrative and general) based on total employee wages reported in those cost centers. The reporting method for payroll taxes and benefits by cost center is required to be consistent from year to year. When a provider wishes to change its reporting method because it believes the change will result in more appropriate and a more accurate allocation, the provider must make a written request to the Department for approval of the change ninety (90) days prior to the end of that cost reporting period. The Department has sixty (60) days from receipt of the request to make a decision or the change is automatically accepted. The provider must include with the request all supporting documentation to establish that the new method is more accurate. If the Department approves the provider's request, the change must be applied to the cost reporting period for which the request was made and to all subsequent cost reporting periods. The approval will be for a minimum three year period. The provider cannot change methods until the three year period has expired.

4. Personnel licensed to perform patient care duties shall be reported in the administrative and general cost center if the duties performed by these personnel are administrative in nature.

5. Non-prescription drugs ordered by a physician that are included in the per diem rate, including costs associated with vaccinations.

    a. Pharmacies are eligible for reimbursement for administration of the COVID-19 vaccine

6. Consultant fees for nursing, medical records, registered dieticians, patient activities, social workers, pharmacies, physicians and therapies. Consultants shall be appropriately licensed and/or certified, as applicable and professionally qualified in the field for which they are consulting. The guidance provided in (1) above for employees also applies to consultants.

7. Purchases, rental, depreciation, interest and repair expenses of health care equipment and medical supplies used for health care services such as nursing care, medical records, social services, therapies and activities. Purchases, lease expenses or fees associated with computers and software (including the associated training and upgrades) used in departments within the facility that provide direct or indirect health care services to residents. Dual purpose software that includes both a health care and administrative and general component will be considered a health care service.

8. Purchase or rental of motor vehicles and related expenses, including salary and benefits associated with the van driver(s), for operating or maintaining the vehicles to the extent that they are used to transport residents to activities or medical appointments. Such use shall be documented by contemporaneous logs if there is dual purpose. An example of the dual purpose vehicle is one used for both resident transport and maintenance activities.

9. Copier lease expense.

10. Salaries, fees, or other expenses related to health care duties performed by a facility owner or manager who has a medical or nursing credential. Note that costs associated with the Nursing Home Administrator are an administrative and general cost.

11. Related Party Management Fees and Home Office Costs

Related party management fees and home office costs shall be classified as administrative and general. However, costs incurred by the facility as a direct charge from the related party which are listed in this section, may be included in the health care cost center equal to the actual costs incurred by the related party. Documentation supporting the cost and health care licenses must be maintained. Only salaries, payroll taxes and employee benefits associated with health care personnel will be considered as allowable in the health care cost center. No overhead expenses will be included. The amount allowable in the health care cost category will be calculated in one of two ways:

a. Keeping contemporaneous time logs in 15 minute increments supporting the number of hours worked at each facility.

b. Distributing the cost evenly across all facilities as follows: the amount allowable in each health care facility's health care costs shall be equal to the total salary, payroll taxes and benefits of the health care personnel divided by the number of facilities where the health care personnel worked during the year. For example, if a nurse's total salary, payroll taxes, and benefits total $80,000, and the nurse worked on five facilities during the year, $16,000 is allowable in each of the facility's health care costs.

Auditable documentation supporting the number of facilities worked on during the year must be maintained. Even if a related party exception is granted in accordance with 10 CCR 2505-10 section 8.441.5.I.4, no mark-up or profit will be allowed in the health care cost center, only supported actual costs.

Non-Related Party Management Fees

Non-related party management fees shall be classified as administrative and general. However, costs incurred by the facility as a direct charge from the management company which are listed in this section, may be included in the health care cost center. Management contracts which specify percentages related to health care services will not be considered a direct charge from the management company.

12. Professional liability insurance, whether self-insurance or purchased, loss settlements, claims paid and insurance deductibles.

13. Medical director fees.

14. Therapies and services provided by an individual qualified to provide these services under Federal Medicare/Medicaid regulations including:

Utilization review
Dental care, when required by federal law
Audiology
Psychology and mental health services
Physical therapy
Recreational therapy

Occupational therapy
Speech therapy

15. Nursing licenses and permits, disposal costs associated with infectious material (medical or hazardous waste), background checks and flu or hepatitis shots and uniforms for personnel listed in (1) above.

16. Food Costs. Food costs means the cost of raw food, and shall not include the costs of property, staff, preparation or other items related to the food program.

8.443.7.B CLASS I HEALTH CARE STATE-WIDE MAXIMUM ALLOWABLE PER DIEM REIMBURSEMENT RATES (LIMIT)

For the purpose of reimbursing Medicaid-certified nursing facility providers a per diem rate for direct and indirect health care services and raw food, the state department shall establish an annual maximum allowable rate (limit). In computing the health care per diem limit, each nursing facility provider shall annually submit cost reports, and actual days of care shall be counted, not occupancy-imputed days of care. The health care limit will be calculated as follows:

1. Determination of the health care limit beginning on July 1 each year shall utilize the most current MED-13 cost report filed, in accordance with these regulations, by each facility on or before December 31 of the preceding year.

2. The MED-13 cost report shall be deemed filed if actually received by the Department's designee or postmarked by the U.S. Postal Service on or before December 31.

3. If, in the judgment of the Department, the MED-13 contains errors, whether willful or accidental, that would impair the accurate calculation of the limit, the Department may:

   a. Exclude part, or all, of a provider's MED-13.

   b. Replace part, or all, of a provider's MED-13 with the MED-13 the provider submitted in its most recent audited cost report adjusted by the percentage change in the Skilled Nursing Facility Market Basket (without capital) published by Global Insight, Inc. measured from the midpoint of the reporting period to the midpoint of the payment-setting period.

4. The health care limit and the data used in that computation shall be subject to administrative appeal only on or before the expiration of the thirty (30) day period following the date the information is made available.

5. The health care limit shall not exceed one hundred twenty-five percent (125%) of the median costs of direct and indirect health care services and raw food as determined by an array of all class I facility providers; except that, for state veteran nursing homes, the health care limit will be one hundred thirty percent (130%) of the median cost.

   a. In determining the median cost, the cost of direct health care shall be case-mix neutral.

   b. Actual days of care shall be counted, not occupancy-imputed days of care, for purposes of calculating the health care limit.

   c. Amounts contained in cost reports used to determine the health care limit shall be adjusted by the percentage change in the Skilled Nursing Facility Market Basket (without capital) inflation indexes published by Global Insight, Inc.

measured from the midpoint of the reporting period of each cost report to the midpoint of the payment-setting period.

i). The percentage change shall be rounded at least to the fifth decimal point.

ii). The latest available publication prior to July 1 rate setting shall be used to determine the inflation indexes.

6. Annually, the state department shall redetermine the median per diem cost based upon the most recent cost reports filed during the period ending December 31 of the prior year.

7. The health care limit for health care reimbursement shall be changed effective July 1 of each year and individual facility rates shall be adjusted accordingly.

8.443.7.C. CLASS I HEALTH CARE PER DIEM LIMITATION ON HEALTH CARE GROWTH

For the fiscal year beginning July 1, 2009, and for each fiscal year thereafter, any increase in the direct and indirect health care services and raw food costs shall not exceed eight percent (8%) per year. The calculation of the eight percent per year limitation for rates effective on July 1, 2009, shall be based on the direct and indirect health care services and raw food costs in the as-filed facility's cost reports up to and including June 30, 2009. For the purposes of calculating the eight percent limitation for rates effective after July 1, 2009, the limitation shall be determined and indexed from the direct and indirect health care services and raw food costs as reported and audited for the rates effective July 1, 2009.

8.443.7.D. CLASS I HEALTH CARE PER DIEM REIMBURSEMENT RATES AND MEDICAID CASE MIX INDEX (CMI):

For the purpose of reimbursing a Medicaid-certified class I nursing facility provider a per diem rate for the cost of direct and indirect health care services and raw food, the State Department shall establish an annually readjusted schedule to pay each nursing facility provider the actual amount of the costs. This payment shall not exceed the health care limit described at 10 CCR 2505-10 section 8.443.7B. The health care per diem reimbursement rate is the lesser of the provider's acuity adjusted health care limit or the provider's acuity adjusted actual allowable health care costs.

The state department shall adjust the per diem rate to the nursing facility provider for the cost of direct health care services based upon the acuity or case-mix of the nursing facility provider's residents in order to adjust for the resource utilization of its residents. The state department shall determine this adjustment in accordance with each resident's status as identified and reported by the nursing facility provider on its federal Medicare and Medicaid minimum data set assessment. The state department shall establish a case-mix index for each nursing facility provider according to the resource utilization groups system, using only nursing weights. The state department shall calculate nursing weights based upon standard nursing time studies and weighted by facility population distribution and Colorado-specific nursing salary ratios. The state department shall determine an average case-mix index for each nursing facility provider's Medicaid residents on a quarterly basis

1. Acuity information used in the calculation of the health care reimbursement rate shall be determined as follows:

a. A facility's cost report period resident acuity case mix index shall be the average of quarterly resident acuity case mix indices, carried to four decimal places, using the facility wide resident acuity case mix indices. The quarters used in this

average shall be the quarters that most closely coincide with the cost reporting period.

b. The facility's Medicaid resident acuity case mix index shall be a two quarter average, carried to four decimal places, of the Medicaid resident acuity average case mix indices. The two quarter average used in the July 1 rate calculation shall be the same two quarter average used in the rate calculation for the rate effective date prior to July 1.

c. The statewide average case mix index shall be a simple average, carried to four decimal places, of the cost report period case mix indices for all Medicaid facilities calculated effective each July 1.

d. The normalization ratio shall be determined by dividing the statewide average case mix index by the facility's cost report period case mix index.

e. The facility Medicaid acuity ratio shall be determined by dividing the facility's Medicaid resident acuity case mix index by the facility cost report period case mix index.

f. The facility overall resident acuity ratio shall be determined by dividing the facility cost report period case mix index by the statewide average case mix acuity index.

2. The annual facility specific direct health care maximum reimbursement rate shall be determined as follows:

a. The percentage of the normalized per diem case mix adjusted nursing cost to total health care cost shall be determined by dividing the normalized per diem case mix adjusted nursing cost by the sum of the normalized per diem case mix adjusted nursing cost and other health care per diem cost.

b. The statewide health care maximum allowable reimbursement rate (calculated at 10 CCR 2505-10 section 8.443.7B) shall be multiplied by the percentage established in the preceding paragraph to determine the amount of the statewide health care maximum allowable reimbursement rate that is attributable to the case mix reimbursement rate component.

c. The facility specific maximum reimbursement rate for case mix adjusted nursing costs shall be determined by multiplying the facility specific overall acuity ratio by the amount of the statewide health care maximum allowable reimbursement rate that is attributable to the case mix reimbursement rate component as established in the preceding paragraph.

3. The annual facility specific indirect health care maximum allowable reimbursement shall be determined as follows:

a. The percentage of the indirect health care per diem cost to total health care cost shall be determined by dividing the indirect health care per diem cost by the sum of the normalized per diem case mix adjusted nursing cost and other health care per diem cost.

b. The facility specific in direct health care maximum reimbursement rate shall be determined by multiplying the statewide health care maximum allowable reimbursement rate by the percentage established in the preceding paragraph.

4. The case mix reimbursement rate component shall be determined as follows:

   a. The case mix reimbursement rate component shall be established using the facility Medicaid resident acuity ratio.

   b. This ratio shall be multiplied by the lesser of the facility's allowable case mix adjusted nursing cost or the facility specific maximum reimbursement rate for case mix adjusted nursing costs. The resulting calculation shall the case mix reimbursement rate component.

5. The indirect health care reimbursement rate shall be the lesser of the facility's allowable other health care cost or the facility specific other health care maximum reimbursement rate.

8.443.7.E DETERMINATION OF THE HEALTH CARE SERVICES MAXIMUM ALLOWABLE RATE (LIMIT) FOR CLASS II AND IV FACILITIES

1. For class II facilities, one hundred twenty-five percent (125%) of the median actual costs of all class II facilities;

2. For non-state administered class IV facilities, one hundred twenty-five percent (125%) of the median actual costs of all class IV facilities.

3. State-administered class IV facilities shall not be subject to the health care limit. The Med-13s of the state-administered class IV facilities shall be included in the health care limit calculation for other class IV facilities.

4. The determination of the reasonable cost of services shall be made every 12 months.

5. Determination of the health care limit beginning on July 1 each year shall utilize the most current MED-13 cost report filed in accordance with these regulations, by each facility on or before May 2.

6. The MED-13 cost report shall be deemed submitted if actually received by the Department's designee or postmarked by the U.S. Postal Service on or before May 2nd.

7. If, in the judgment of the Department, the MED-13 contains errors, whether willful or accidental, that would impair the accurate calculation of reasonable costs for the class, the Department may:

   a. Exclude part, or all, of a provider's MED-13; or

   b. Replace part, or all, of a provider's MED-13 with the MED-13 the provider submitted in its most recent audited cost report adjusted by the change in the "medical care" component of the Consumer Price Index published for all urban consumers (CPI-U) by the United States Department of Labor, Bureau of Labor Statistics over the time period from the provider's most recent audited cost report.

8. State-administered class IV facilities shall not be subject to the maximum reasonable rate ceiling. The Med-13s of the state-administered class IV facilities shall be included in the maximum rate calculation for other class IV facilities.

9. The maximum reasonable rate and the data used in that computation shall be subject to administrative appeal only on or before the expiration of the thirty (30) day period following the date the information is made available.

10. The maximum rate for reimbursement shall be changed effective July 1 of each year and individual facility rates shall be adjusted accordingly.

Title of Rule: Revision to the Medical Assistance Rule concerning Medical Assistance program rule updates, Sections 8.100.1,8100.3, 8.100.4, 8.100.5 and 8.100.6
Rule Number: MSB 21-11-07-A
Division / Contact / Phone: Eligibility / Ana Bordallo / 3558

STATEMENT OF BASIS AND PURPOSE

1. Summary of the basis and purpose for the rule or rule change. (State what the rule says or does and explain why the rule or rule change is necessary).

   The proposed rule change will amend 10 CCR 2505-10 sections 8.100.1,8.100.3, 8.100.4, 8.100.5 and 8.100.6 based on the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Families First Coronavirus Response Act (FFCRA) and the Affordable Care Act(ACA), which includes the Maintenance of Effort (MOE) provision. All policy revisions will align with federal regulations for the state to be in compliance during the federal Coronavirus (COVID-19) Public Health Emergency. These changes will impact all Medical Assistance categories and these policy changes will stay in place until the end of the federal Coronavirus (COVID-19) Public Health Emergency. The following policy changes are: Self-attestation for most verifications will be acceptable to be in compliance with the Maintenance of Effort (MOE) provision to ensure the continuance of health coverage for all eligible members. When a member is not reasonable compatible based off income a member self-attests, documentation will not be required, and the member will remain eligible for Medical Assistance. Self-attestation of resources will be acceptable for Non-MAGI programs. Premiums for the Buy-In program will be waived. Required through the Federal CARES Act for the Maintenance of Effort (MOE), members who had a loss of employment will remain in the Buy-In program. Newly enrolled members will still need to meet the work requirements. For applicants who are not eligible for Medical Assistance but have been exposed or who are potentially infected by the COVID-19, will be eligible for Medical Assistance for related COVID testing. The economic stimulus relief package designed to provide direct assistance to individuals to help offset the financial impacts of the COVID-19 Public Health Emergency will be exempt for MAGI and Non-MAGI eligibility determinations. The economic stimulus will *not* be a countable resource for 12 months for any Non-MAGI financial eligibility determinations that include a resource test. Lastly, the Federal Pandemic Unemployment Compensation (FPUC) program which provides an extra $600.00 a week is not countable unearned income for Medical Assistance categories

2. An emergency rule-making is imperatively necessary

   ☒ to comply with state or federal law or federal regulation and/or
   ☐ for the preservation of public health, safety and welfare.

DO NOT PUBLISH THIS PAGE

Explain:

Due to the Coronavirus (COVID-19) Public Health Emergency the state rules need to be updated to comply with federal regulations.

3. Federal authority for the Rule, if any:

   Families First Coronavirus Response Act (FFCRA), Public Law No. 116-127 and Coronavirus Aid, Relief, and Economic Security (CARES) Act, Public Law No. 116-136 and the Affordable Care Act (ACA), which includes the Maintenance of Effort (MOE) provision.

4. State Authority for the Rule:

   Sections 25.5-1-301 through 25.5-1-303, C.R.S. (2021);
   25.5-4-205(3)(II)(b)(A), 25.5-5-105, 25.5-5-206(1)(II)(B), 25.5-6-1404(1)(b) and(3)(a)(b), 25.5-6-1405(1),25.5.-6-1405(2)

Title of Rule: Revision to the Medical Assistance Rule concerning Medical Assistance program rule updates, Sections 8.100.1,8100.3, 8.100.4, 8.100.5 and 8.100.6
Rule Number: MSB 21-11-07-A
Division / Contact / Phone: Eligibility / Ana Bordallo / 3558

REGULATORY ANALYSIS

1. Describe the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

   The proposed rules will impact applicants and members who are applying or enrolled in a MAGI and Non-MAGI Medical Assistance program. The rule updates will benefit both an applicant and member who becomes eligible for Medical Assistance by remaining eligible during this Coronavirus (COVID-19) Public Health Emergency.

2. To the extent practicable, describe the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

   The proposed rule will help to determine eligibility correctly by applying regulations based on the CARES Act to help applicants and members remain eligible for MAGI and Non-MAGI Medical Assistance programs during this Coronavirus (COVID-19) Public Health Emergency.

3. Discuss the probable costs to the Department and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

   Self-attestation of all eligibility requirements, including resources, is likely to increase the number of individuals who will be eligible to enroll in Medicaid, therefore the Department expects its expenditures to increase as a result of this policy change. The Department expects that the waiving of premiums for the Disabled Buy-In program will reduce the revenues to the Department, which will result in an increase in expenditures from the Healthcare Affordability and Sustainability Fee (HAS) Cash Fund and federal funds, in order to fill the gap in revenue lost from the premiums.

   The Department expects that the provision of COVID testing to applicants will increase expenditures to the Department, but these expenditures will

be covered with 100% federal funds and will not impact expenditures from state fund sources.

The exemptions to counting the economic relief provided to individuals from the federal government towards eligibility for Medical Assistance is likely to not affect eligibility, and therefore not impact costs to the Department.

4. Compare the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

   The allowance of self-attestation of eligibility criteria is mandated by the Families First Coronavirus Response Act in order for states to qualify for an enhanced FMAP of 6.2%. If the Department does not act in accordance with this policy, the costs to the Department will increase beyond what is necessary. The benefit of implementing this policy will allow the Department to secure a higher FMAP, which will allow the Department to operate with less administrative burden and serve more members during the emergency period. With respect to the proposal to waive the premiums for the Disabled Buy-In program, the Department expects that inaction will cause potential members to not qualify for buy-in because they will be unable to pay the premiums due to the severity of the economic shock. Therefore, the Department sees no benefit to inaction of the rule changes.

   In addition, the Families First Coronavirus Response Act allows state Medicaid and CHP+ programs to fund the cost of COVID-19 diagnostic testing for residents who do not qualify for Medical Assistance through 100% federal funds. Thus, inaction will lead to less testing of individual during the emergency and more uncertainty of the status of the emergency in Colorado. Again, the Department sees no benefit to inaction as the costs will be covered by federal funds.

   The exemptions to counting the economic relief provided to individuals from the federal government towards eligibility for Medical Assistance are mandated by the Coronavirus Aid, Relief, and Economic Security (CARES) Act. If the Department does not act it will be in violation of the law.

5. Determine whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

   There are no less costly methods available to the Department to comply with the Families First Coronavirus Response Act and the CARES Act. The purposes of the proposed rule changes are to allow the Department to better serve Medicaid members and the people of Colorado during this

emergency period and the Department sees no other method to accomplish this goal.

6. Describe any alternative methods for achieving the purpose for the proposed rule that were seriously considered by the Department and the reasons why they were rejected in favor of the proposed rule.

There are no alternative methods for the proposed rule that were considered

8.100 MEDICAL ASSISTANCE ELIGIBILITY

8.100.1 Definitions

300% Institutionalized Special Income Group is a Medical Assistance category that provides Long-Term Care Services to aged or disabled individuals.

1619b is section 1619b of the Social Security Act which allows individuals who are eligible for Supplemental Security Income (SSI) to continue to be eligible for Medical Assistance coverage after they return to work.

AB - Aid to the Blind is a program which provides financial assistance to low-income blind persons.

ABD - Aged, Blind and Disabled Medical Assistance is a group of Medical Assistance categories for individuals that have been deemed to be aged, blind, or disabled by the Social Security Administration or the Department.

Achieving a Better Life Experience (ABLE) accounts – Special savings accounts that are set up by (or for) certain individuals with disabilities in a qualified ABLE program that are exempt for eligibility. They can be established by any state's qualified ABLE Program. Colorado's ABLE program is administered by the Department of Higher Education.

Adjusted Gross Income (AGI)-means" gross income", as defined in federal tax rules, minus certain adjustments prescribed in the federal tax rules to derive the "Adjusted Gross Income" line on the tax return. These adjustments from gross income are taken before the taxpayer takes his or her Schedule A deductions or Standard Deduction.

Adult MAGI Medical Assistance Group provides Medical Assistance to eligible adults from the age of 19 through the end of the month that the individual turns 65, who do not receive or who are ineligible for Medicare.

AND - Aid to Needy Disabled is a program which provides financial assistance to low-income persons over age 18 who have a total disability which is expected to last six months or longer and prevents them from working.

AFDC - Aid to Families with Dependent Children is the Title IV federal assistance program in effect from 1935 to 1997 which was administered by the United States Department of Health and Human Services. This program provided financial assistance to children whose families had low or no income.

AP-5615 is the form used to determine the patient payment for clients in nursing facilities receiving Long Term Care.

Alien is a person who was not born in the United States and who is not a naturalized citizen.

Ambulatory Services is any medical care delivered on an outpatient basis.

Annuity is an investment vehicle whereby an individual establishes a right to receive fixed periodic payments, either for life or a term of years.

Applicant is an individual who is seeking an eligibility determination for Medical Assistance through the submission of an application.

Application Date is the date the application is received and date-stamped by the eligibility site or the date the application was received and date-stamped by an Application Assistance site or Presumptive Eligibility

site. In the absence of a date-stamp, the application date is the date that the application was signed by the client.

Application for Public Assistance is the designated application used to determine eligibility for financial assistance. It can also be used to determine eligibility for Medical Assistance.

Blindness is defined in this volume as the total lack of vision or vision in the better eye of 20/200 or less with the use of a correcting lens and/or tunnel vision to the extent that the field of vision is no greater than 20 degrees.

Burial Spaces are burial plots, gravesites, crypts, mausoleums, urns, niches and other customary and traditional repositories for the deceased's bodily remains provided such spaces are owned by the individual or are held for his or her use, including necessary and reasonable improvements or additions to or upon such burial spaces such as: vaults, headstones, markers, plaques, or burial containers and arrangements for opening and closing the gravesite for burial of the deceased.

Burial Trusts are irrevocable pre-need funeral agreements with a funeral director or other entity to meet the expenses associated with burial for Medical Assistance applicants/recipients. The agreement can include burial spaces as well as the services of the funeral director.

Caretaker Relative is a person who is related to the dependent child or any adult with whom the dependent child is living and who assumes responsibility for the dependent child’s care.

Case Management Services are services provided by community mental health centers, clinics, community centered boards, and EPSDT case managers to assist in providing services to Medical Assistance clients in gaining access to needed medical, social, educational and other services.

Cash Surrender Value is the amount the insurer will pay to the owner upon cancellation of the policy before the death of the insured or before maturity of the policy.

Categorically Eligible means persons who are eligible for Medical Assistance due to their eligibility for one or more Federal categories of public assistance.

CBMS - Colorado Benefits Management System is the computer system that determines an applicant’s eligibility for public assistance in the state of Colorado.

CDHS -Colorado Department of Human Services is the state department responsible for administering the social service and financial assistance programs for Colorado.

Children MAGI Medical Assistance group provides Medical Assistance coverage to tax dependents or otherwise eligible applicants through the end of the month that the individual turns 19 years old.

Child Support Services is a CDHS program that assures that all children receive financial and medical support from each parent. This is accomplished by locating each parent, establishing paternity and support obligations, and enforcing those obligations.

Citizen is a person who was born in the United States or who has been naturalized.

Client is a person who is eligible for the Medical Assistance Program. “Client” is used interchangeably with “recipient” when the person is eligible for the program.

CMS - Centers for Medicare and Medicaid Services is the Federal agency within the US Department of Health and Human Services that partners with the states to administer Medicaid and CHP+ via State Plans in effect for each State. Colorado is in Region VIII.

CHP+ - Child Health Plan Plus is low-cost health insurance for Colorado's uninsured children and pregnant women. CHP+ is public health insurance for children and pregnant women who earn too much to qualify for The Medical Assistance Program, but cannot afford private health insurance.

COLA - Cost of Living Adjustment is an annual increase in the dollar value of benefits made automatically by the United States Department of Health and Human Services or the state in OASDI, SSI and OAP cases to account for rises in the cost of living due to inflation.

Colorado State Plan is a written statement which describes the purpose, nature, and scope of the Colorado's Medical Assistance Program. The Plan is submitted to the CMS and assures that the program is administered consistently within specific requirements set forth in both the Social Security Act and the Code of Federal Regulations (CFR) in order for a state to be eligible for Federal Financial Participation (FFP).

Common Law Marriage is legally recognized as a marriage in the State of Colorado under certain circumstances even though no legally recognized marriage ceremony is performed or civil marriage contract is executed. Individuals declaring or publicly holding themselves out as a married couple through verbal or written methods may be recognized as legally married under state law. C.R.S. § 14-2-104(3).

Community Centered Boards are private non-profit organizations designated in statute as the single entry point into the long-term service and support system for persons with developmental disabilities.

Community Spouse is the spouse of an institutionalized spouse.

Community Spouse Resource Allowance is the amount of resources that the Medical Assistance regulations permit the spouse staying at home to retain.

Complete Application means an application in which all questions have been answered, which is signed, and for which all required verifications have been submitted.The Department is defined in this volume as the Colorado Department of Health Care Policy and Financing which is responsible for administering the Colorado Medical Assistance Program and Child Health Plan Plus programs as well as other State-funded health care programs.

Dependent Child is a child who lives with a parent, legal guardian, caretaker relative or foster parent and is under the age of 18, or, is age 18 and a full-time student, and expected to graduate by age 19.

Dependent Relative for purposes of this rule is defined as one who is claimed as a dependent by an applicant for federal income tax purposes.

Difficulty of Care Payments is a payment to an applicant or member as compensation for providing live-in home care to an individual who qualifies for foster care or Home and Community Based Services (HCBS) waiver program and lives in the home of the care recipient. This additional care must be required due to a physical, mental, or emotional handicap.

Disability means the inability to do any substantial gainful activity (or, in the case of a child, having marked and severe functional limitations) by reason of a medically determinable physical or mental impairment(s) which can be expected to result in death or which has lasted or can be expected to last for a continuous period of l2 months or more.

Dual Eligible clients are Medicare beneficiaries who are also eligible for Medical Assistance.

Earned Income is defined for purposes of this volume as any compensation from participation in a business, including wages, salary, tips, commissions and bonuses.

Earned Income Disregards are the allowable deductions and exclusions subtracted from the gross earnings. Income disregards vary in amount and type, depending on the category of assistance.

Electronic Data Source is an interface established with a federal or state agency, commercial entity, or other data sources obtained through data sharing agreements to verify data used in determining eligibility. The active interfaces are identified in the Department's verification plan submitted to CMS.

Eligibility Site is defined in this volume as a location outside of the Department that has been deemed by the Department as eligible to accept applications and determine eligibility for applicants.

Employed means that an individual has earned income and is working part time, full time or is self-employed, and has proof of employment. Volunteer or in-kind work is not considered employment.

EPSDT- Early Periodic Screening, Diagnosis and Treatment is the child health component of the Medical Assistance Program. It is required in every state and is designed to improve the health of low-income children by financing appropriate, medically necessary services and providing outreach and case management services for all eligible individuals.

Equity Value is the fair market value of land or other asset less any encumbrances.

Ex Parte Review is an administrative review of eligibility during a redetermination period in lieu of performing a redetermination from the client. This administrative review is performed by verifying current information obtained from another current aid program.

Face Value of a Life Insurance Policy is the basic death benefit of the policy exclusive of dividend additions or additional amounts payable because of accidental death or other special provisions.

Fair Market Value is the average price a similar property will sell for on the open market to a private individual in the particular geographic area involved. Also, the price at which the property would change hands between a willing buyer and a willing seller, neither being under any pressure to buy or to sell and both having reasonable knowledge of relevant facts.

FBR - The Federal Benefit Rate is the monthly Supplemental Security Income payment amount for a single individual or a couple. The FBR is used by the Aged, Blind and Disabled Medical Assistance Programs as the eligibility income limits.

FFP - Federal Financial Participation as defined in this volume is the amount or percentage of funds provided by the Federal Government to administer the Colorado Medical Assistance Program.

FPL - Federal Poverty Level is a simplified version of the federal poverty thresholds used to determine financial eligibility for assistance programs. The thresholds are issued each year in the Federal Register by the Department of Health and Human Services (HHS).

Good Cause is the client's justification for needing additional time due to extenuating circumstances, usually used when extending deadlines for submittal of required documentation.

Good Cause for Child Support is the specific process and criteria that can be applied when a client is refusing to cooperate in the establishment of paternity or establishment and enforcement of a child support order due to extenuating circumstances.

HCBS are Home and Community Based Services are also referred to as "waiver programs". HCBS provides services beyond those covered by the Medical Assistance Program that enable individuals to remain in a community setting rather than being admitted to a Long-Term Care institution.

In-Kind Income is income a person receives in a form other than money. It may be received in exchange for work or service (earned income) or a non-cash gift or contribution (unearned income).

Inpatient is an individual who has been admitted to a medical institution on recommendation of a physician or dentist and who receives room, board and professional services for 24 hours or longer, or is expected to receive these services for 24 hours or longer.

Institution is an establishment that furnishes, in single or multiple facilities, food, shelter and some treatment or services to four or more persons unrelated to the proprietor.

Institutionalization is the commitment of a patient to a health care facility for treatment.

Institutionalized Individual is a person who is institutionalized in a medical facility, a Long-Term Care institution, or applying for or receiving Home and Community Based Services (HCBS) or the Program of All Inclusive Care for the Elderly (PACE).

Institutionalized Spouse is a Medicaid eligible client who begins a stay in a medical institution or nursing facility on or after September 30, 1989, or is first enrolled as a Medical Assistance client in the Program of All Inclusive Care for the Elderly (PACE) on or after October 10, 1997, or receives Home and Community Based Services (HCBS) on or after July 1, 1999; and is married to a spouse who is not in a medical institution or nursing facility. An institutionalized spouse does not include any such individual who is not likely to be in a medical institution or nursing facility or to receive HCBS or PACE for at least 30 consecutive days. Irrevocable means that the contract, trust, or other arrangement cannot be terminated, and that the funds cannot be used for any purpose other than outlined in the document.

Insurance Affordability Program (IAP) refers to Medicaid, Child Health Plan *Plus* (CHP+), and premium and cost-sharing assistance for purchasing private health insurance through state insurance marketplace.

Legal Immigrant is an individual who is not a citizen or national and has been permitted to remain in the United States by the United States Citizenship and Immigration Services (USCIS) either temporarily or as an actual or prospective permanent resident or whose extended physical presence in the United States is known to and allowed by USCIS.

Legal Immigrant Prenatal is a medical program that provides medical coverage for pregnant legal immigrants who have been legal immigrants for less than five years.

Limited Disability for the Medicaid Buy-In Program for Working Adults with Disabilities means that an individual has a disability that would meet the definition of disability under SSA without regard to Substantial Gainful Activity (SGA).

Long-Term Care is Medical Assistance services that provides nursing-home care, home-health care, personal or adult day care for individuals aged at least 65 years or with a chronic or disabling condition.

Long-Term Care Institution means class I nursing facilities, intermediate care facilities for the mentally retarded (ICF/MR) and swing bed facilities. Long-Term Care institutions can include hospitals.

Managed care system is a system for providing health care services which integrates both the delivery and the financing of health care services in an attempt to provide access to medical services while containing the cost and use of medical care.

Medical Assistance is defined as all medical programs administered by the Department of Health Care Policy and Financing. Medical Assistance/Medicaid is the joint state/federal health benefits program for individuals and families with low income and resources. It is an entitlement program that is jointly funded by the states and federal government and administered by the state. This program provides for payment of all or part of the cost of care for medical services.

Medical Assistance Required Household is defined for purposes of this volume as all parents or caretaker relatives, spouses, and dependent children residing in the same home.

Minimal Verification is defined in this volume as the minimum amount of information needed to process an application for benefits. No other verification can be requested from clients unless the information provided is questionable or inconsistent.

Minimum Essential Coverage is the type of coverage one must maintain to be in compliance with the Affordable Care Act in order to avoid paying a penalty for being uninsured. Minimum essential coverage may include but not limited to: Medicaid; CHP+; private health plans through Connect for Health Colorado; Medicare; job-based insurance, and certain other coverage.

MMMNA - Minimum Monthly Maintenance Needs Allowance is the calculation used to determine the amount of institutionalized spouse's income that the community spouse is allowed to retain to meet their monthly living needs.

MAGI - Modified Adjusted Gross Income refers to the methodology by which income and household composition are determined for the MAGI Medical Assistance groups under the Affordable Care Act. These MAGI groups include Parents and Caretaker Relatives, Pregnant Women, Children, and Adults. For a more complete description of the MAGI categories and pursuant rules, please refer to section 8.100.4.

MAGI-Equivalent is the resulting standard identified through a process that converts a state's net-income standard to equivalent MAGI standards.

MIA - Monthly Income Allowance is the amount of institutionalized spouse's income that the community spouse is allowed to retain to meet their monthly living needs.

MSP - Medicare Savings Program is a Medical Assistance Program to assist in the payment of Medicare premium, coinsurance and deductible amounts. There are four groups that are eligible for payment or part-payment of Medicare premiums, coinsurance and deductibles: Qualified Medicare Beneficiaries (QMBs), Specified Low-Income Medicare Beneficiaries (SLIMBs), Qualified Disabled and Working Individuals (QDWIs), and Qualifying Individuals – 1 (QI-1s).

Non-Filer is an individual who neither files a tax return nor is claimed as a tax dependent. For a more complete description of how household composition is determined for the MAGI Medical Assistance groups, please refer to the MAGI household composition section at 8.100.4.E.

Nursing Facility is a facility or distinct part of a facility which is maintained primarily for the care and treatment of inpatients under the direction of a physician. The patients in such a facility require supportive, therapeutic, or compensating services and the availability of a licensed nurse for observation or treatment on a twenty-four-hour basis.

OAP - Old Age Pension is a financial assistance program for low income adults age 60 or older.

OASDI - Old Age, Survivors and Disability Insurance is the official term Social Security uses for Social Security Act Title II benefits including retirement, survivors, and disability. This does not include SSI payments.

Outpatient is a patient who is not hospitalized overnight but who visits a hospital, clinic, or associated facility for diagnosis or treatment. Is a patient who does not require admittance to a facility to receive medical services.

PACE - Program of All-inclusive Care for the Elderly is a unique, capitated managed care benefit for the frail elderly provided by a not-for-profit or public entity. The PACE program features a comprehensive

medical and social service delivery system using an interdisciplinary team approach in an adult day health center that is supplemented by in-home and referral services in accordance with participants' needs.

Parent and Caretaker Relative is a MAGI Medical Assistance group that provides Medical Assistance to adults who are parents or Caretaker Relatives of dependent children.

Patient is an individual who is receiving needed professional services that are directed by a licensed practitioner of the healing arts toward maintenance, improvement, or protection of health, or lessening of illness, disability, or pain.

PEAK – the Colorado Program Eligibility and Application Kit is a web-based portal used to apply for public assistance benefits in the State of Colorado, including Medical Assistance.

PNA - Personal Needs Allowance means moneys received by any person admitted to a nursing care facility or Long-Term Care Institution which are received by said person to purchase necessary clothing, incidentals, or other personal needs items which are not reimbursed by a Federal or state program.

Pregnant Women is a MAGI Medical Assistance group that provides Medical Assistance coverage to pregnant women whose MAGI-based income calculation is less than 185% FPL, including women who are 60 days post-partum.

Premium means the monthly amount an individual pays to participate in a Medicaid Buy-In Program.

Provider is any person, public or private institution, agency, or business concern enrolled under the state Medical Assistance program to provide medical care, services, or goods and holding a current valid license or certificate to provide such services or to dispense such goods.

Psychiatric Facility is a facility that is licensed as a residential care facility or hospital and that provides inpatient psychiatric services for individuals under the direction of a licensed physician.

Public Institution means an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

Questionable is defined as inconsistent or contradictory tangible information, statements, documents, or file records.

Reasonable Compatibility refers to an allowable difference or discrepancy between the income an applicant self attests and the amount of income reported by an electronic data source. For a more complete description of how reasonable compatibility is used to determine an applicant’s financial eligibility for Medical Assistance, please refer to the MAGI Income section at 8.100.4.C

Reasonable Explanation refers to the opportunity afforded an applicant to explain a discrepancy between self-attested income and income as reported by an electronic data source, when the difference is above the threshold percentage for reasonable compatibility.

Recipient is any person who has been determined eligible to receive benefits.

Resident is any individual who is living within the state and considers the state as their place of residence. Residents include any unemancipated child whose parent or other person exercising custody lives within the state.

RRB - Railroad Retirement Benefits is a benefit program under Federal law 45 U.S.C. § 231 et seq that became effective in 1935. It provides retirement benefits to retired railroad workers and families from a special fund, which is separate from the Social Security fund.

Secondary School is a school or educational program that provides instruction or training towards a high school diploma or an equivalent degree such as a High School Equivalency Diploma (HSED).

SGA – Substantial Gainful Activity is defined by the Social Security Administration. SGA is the term used to describe a level of work activity and earnings. Work is “substantial” if it involves performance of significant physical or mental activities or a combination of both, which are productive in nature. For work activity to be substantial, it does not need to be performed on a full-time basis. Work activity performed on a part-time basis may also be substantial gainful activity. “Gainful” work activity is work performed for pay or profit; or work of a nature generally performed for pay or profit; or work intended for profit, whether or not a profit is realized.

Single Entry Point Agency means the organization selected to provide case management functions for persons in need of Long-Term Care services within a Single Entry Point District.

Single Streamlined Application or “SSAp” is the general application for health assistance benefits through which applicants will be screened for Medical Assistance programs including Medicaid, CHP+, or premium and cost-sharing assistance for purchasing private health insurance through a state insurance marketplace.

SISC- Supplemental Income Status Codes are system codes used to distinguish the different types of state supplementary benefits (such as OAP) a recipient may receive. Supplemental Income Status Codes determine the FFP for benefits paid on behalf of groups covered under the Medical Assistance program.

SSA - Social Security Administration is an agency of the United States federal government that administers Social Security, a social insurance program consisting of retirement, disability, and survivors' benefits.

SSI - Supplemental Security Income is a Federal income supplement program funded by general tax revenues (not Social Security taxes) that provides income to aged, blind or disabled individuals with little or no income and resources.

SSI Eligible means an individual who is eligible to receive Supplemental Security Income under Title XVI of the Social Security Act, and may or may not be receiving the monetary payment.

TANF - Temporary Assistance to Needy Families is the Federal assistance program which provides supportive services and federal benefits to families with little or no income or resources. It is the Block Grant that was established under the Personal Responsibility and Work Opportunity Reconciliation Act in Title IV of the Social Security Act.

Tax Dependent is anyone expected to be claimed as a dependent by a Tax-Filer.

Tax-Filer is an individual, head of household or married couple who is required to and who files a personal income tax return.

Third Party is an individual, institution, corporation, or public or private agency which is or may be liable to pay all or any part of the medical cost of an injury, a disease, or the disability of an applicant for or recipient of Medical Assistance.

Title XIX is the portion of the federal Social Security Act which authorizes a joint federal/state Medicaid program. Title XIX contains federal regulations governing the Medicaid program.

TMA - Transitional Medical Assistance is a Medical Assistance category for families that lost Medical Assistance coverage due to increased earned income or loss of earned income disregards.

ULTC 100.2 is an assessment tool used to determine level of functional limitation and eligibility for Long-Term Care services in Colorado.

Unearned Income is the gross amount received in cash or kind that is not earned from employment or self-employment.

VA - Veterans Affairs is The Department of Veterans Affairs which provides patient care and Federal benefits to veterans and their dependents.

8.100.2 Legal Basis

Constitution of Colorado, Article XXIV, Old Age Pensions, section 7, established a health and medical care fund for persons who qualify to receive old age pensions.

Colorado Revised Statutes, Title 25.5, Article 4, Colorado Medical Assistance Act, section 102, provides for a program of Medical Assistance for individuals and families, whose income and resources are insufficient to meet the costs of necessary medical care and services, to be administered in cooperation with the federal government.

The Social Security Act, Title XIX, Grants to States for Medical Assistance Programs, and the consequent Federal regulations, Title 42, CFR (Code of Federal Regulations), Chapter IV, Subchapter C, set forth the conditions for states to obtain Federal Financial Participation in Medical Assistance expenditures.

Under the Colorado Medical Assistance Program, the Medicaid program provides coverage of certain groups specified in Title XIX of the Social Security Act. The OAP State Only Medical Assistance Program provides coverage to certain old age pension clients entitled to health and medical care under the Colorado Constitution.

The Department of Health Care Policy and Financing is the single State agency designated to administer the Colorado Medical Assistance Program under Title XIX of the Social Security Act and Colorado statutes. The Office of Medical Assistance of the Department is delegated the duties and responsibilities for administration of the Colorado Medical Assistance Program.

8.100.3. Medical Assistance General Eligibility Requirements

8.100.3.A. Application Requirements

1. The eligibility site shall advise individuals concerning the benefits of the Medical Assistance Program and determine or redetermine eligibility for Medical Assistance in accordance with rules and regulations of the Department. A person who is applying for the Medical Assistance Program or a client who is determined ineligible for the Medical Assistance Program in one category shall be evaluated under all other categories of eligibility. There is no time limit for Medical Assistance coverage as long as the client remains categorically eligible.

2. If the applicant applied for Medical Assistance on the Single Streamlined Application and was found ineligible, this application shall be reviewed for all other Medical Assistance eligibility programs, the Child Health Plan Plus (CHP+) program and premium and cost-sharing assistance for purchasing private health insurance through the state insurance marketplace.

    a. The application data and verifications shall be automatically transferred to the state insurance marketplace through a system interface when applicants are found ineligible for Medical Assistance eligibility programs. If an individual is pending for a Non-MAGI Medical Assistance eligibility program but has been found financially ineligible for MAGI

Medical Assistance eligibility programs, the application data and verifications shall be transferred to the state insurance marketplace.

3. Persons applying for assistance need complete only one application form to apply for both Medical Assistance and Financial Assistance under the Federal or State Financial Assistance Programs administered in the county. The application will be the Application for Public Assistance.

4. If an applicant is found to be ineligible for a particular program, the Application for Public Assistance shall be reviewed and processed for other financial programs the household has requested on the Application for Public Assistance and all other Medical Assistance Programs. Referrals to other community agencies and organizations shall be made for the applicant whenever available or requested.

5. The applicant must sign the application form, give declaration in lieu of a signature by telephone, or may opt to use an electronic signature in order to receive Medical Assistance.

6. A family member, adult in the applicant's Medical Assistance Required Household or authorized representative may submit an application and request assistance on behalf of an applicant.

7. If the applicant is not able to participate in the completion of the application forms because they are a minor (as defined in C.R.S. § 13-22-101) or due to physical or mental incapacity, the spouse, other relative, friend, or representative acting responsibly on behalf of the applicant may complete the forms. When no such person is available to assist in these situations, the eligibility site shall assist the applicant in the completion of the necessary forms. This type of situation should be identified clearly in the case record.

8. For the purpose of Medical Assistance, when an applicant is incompetent or incapacitated and unable to sign an application, or in case of death of the applicant, the application shall be signed, under penalty of perjury, by someone acting responsibly on behalf of the applicant either:

   a. A parent, or other specified relative, or legally appointed guardian or conservator, or

   b. For a person in a medical institution for whom none of the above in 8.a. are available, an authorized official of the institution may sign the application.

9. Application interviews or requested visits to the eligibility site for Medical Assistance shall not be required. All correspondence may occur by mail, email or telephone.

10. During normal business hours, eligibility sites shall not restrict the hours in which applicants may file an application. The eligibility site must afford any individual wishing to do so the opportunity to apply for Medical Assistance without delay.
11. The applicant has the right to withdraw his or her application at any time.

8.100.3.B. Residency Requirements

1. Individuals shall make application in the county in which they live. Individuals who reside in a county but who do not reside in a permanent dwelling nor have a fixed mailing address shall be considered eligible for the Medical Assistance Program, provided all other eligibility requirements are met. In no instance shall there be a durational residency requirement imposed upon the applicant, nor shall there be a requirement for the applicant to reside in a permanent dwelling or have a fixed mailing address. If an individual without a permanent dwelling or fixed mailing address is hospitalized, the county where the hospital is located shall be responsible for processing the application to completion. If the individual moves prior to completion of the

eligibility determination the origination eligibility site completes the determination and transfers the case as applicable.

a. For applicants in Long Term Care institutions - The county of domicile for all Long Term Care clients is the county in which they are physically located and receiving services.

2. A resident of Colorado is defined as a person that is living within the state of Colorado and considers Colorado to be their place of residence at the time of application. For institutionalized individuals who are incapable of indicating intent as to their state of residence, the state of residence shall be where the institution is located unless that state determines that the individual is a resident of another state, by applying the following criteria:

a. for any institutionalized individual who is under age 21 or who is age 21 or older and incapable of indicating intent before age 21, the state of residence is that of the individual's parent(s) or legally appointed guardian at the time of placement;

b. for any institutionalized individual who became incapable of indicating intent at or after age 21, (1) the state of residence is the state in which the person was living when he or she became incapable of indicating intent, or (2) if this cannot be determined, the state of residence is the state in which the person was living when he or she was first determined to be incapable of indicating intent;

c. upon placement in another state, the new state is the state of residence unless the current state of residence is involved in the placement. If a current state arranged for an individual to be placed in an institution located in another state, the current state shall be the individual's state of residence, irrespective of the individual's indicated intent or ability to indicate intent;

d. in the case of conflicting opinions between states, the state of residence is the state where the individual is physically located.

3. For purposes of this section on establishing an individual's state of residence, an individual is considered incapable of indicating intent if:

a. the person has an I.Q. of 49 or less or has a mental age of 7 or less, based on standardized tests as specified in the persons in medical facilities section of this volume;

b. the person is judged legally incompetent; or

c. medical documentation, or other documentation acceptable to the eligibility site, supports a finding that the person is incapable of indicating intent.

4. Residence shall be retained until abandoned. A person temporarily absent from the state, inside or outside the United States, retains Colorado residence. Temporarily absent means that at the time he/she leaves, the person intends to return.

5. A non-resident shall mean a person who considers his/her place of residence to be other than Colorado. Any person who enters the state to receive Medical Assistance or for any other reason is a non-resident, so long as they consider their permanent place of residence to be outside of the state of Colorado.

8.100.3.C. Transferring Requirements

1. When a family or individual moves from one county to another within Colorado, the client shall report the change of address to the eligibility site responsible for the current active Medical

Assistance Program case(s). If a household applies in the county in which they live and then moves out of that county during the application determination process, the originating eligibility site shall complete the processing of that application before transferring the case. The originating eligibility site shall electronically transfer the case to the new county of residence in CBMS.

2. The originating eligibility site must notify the receiving eligibility site of the client's transfer of Medical Assistance. The originating eligibility site may notify the receiving eligibility site by telephone that a client has moved to the receiving county. If the family or individual wishes to apply for other types of assistance, they shall submit a new application to the receiving eligibility site.

3. If the household is transferring the current Medical Assistance case, the receiving eligibility site cannot mandate a new application, verification, or an office visit to authorize the transfer. The receiving eligibility site can request copies of specific case documents to be forwarded from the originating eligibility site to verify the data contained in CBMS.

4. If the originating eligibility site closes a case for the discontinuation reason of “unable to locate,” the applicant shall reapply at the receiving eligibility site for the Medical Assistance Program.

5. If a case is closed for any other discontinuation reason than “unable to locate” and the client provides appropriate information to overturn the discontinuation with the originating eligibility site, then, upon transfer, the receiving eligibility site shall reopen the case with case comments in CBMS. These actions shall be performed according to timeframes defined by the Department.

6. When a recipient moves from his/her home to a nursing facility in another county or when a recipient moves from one nursing facility to another in a different county:

    a. the initiating eligibility site will transfer the case electronically in the eligibility system to the eligibility site in which the nursing facility is located when the individual is determined eligible; and

    b. The following items shall be furnished by the initiating eligibility site to the new eligibility site in hard copy format:

        i) 5615 that was sent to the nursing facility indicating the case transfer; and

        ii) Identification and citizenship documents; and

        iii) The ULTC 100.2.

7. When transferring a case, the initiating eligibility site will send an AP-5615 form to the nursing facility administrator of the new nursing facility showing the date of case closure and the current patient payment at the time of transfer. Should the Medical Assistance Program reimbursement be interrupted, the receiving eligibility site will have the responsibility to process the application and back date the Medical Assistance eligibility date to cover the period of ineligibility.

8.100.3.D. Processing Requirements

1. The eligibility site shall process a Single Streamlined Application for Medical Assistance Program benefits within the following deadlines:

    a. 90 days for persons who apply for the Medical Assistance Program and a disability determination is required.

    b. 45 days for all other Medical Assistance Program applicants.

c. The above deadlines cover the period from the date of receipt of a complete application to the date the eligibility site mails a notice of its decision to the applicant.

d. In unusual circumstances, documented in the case record and in CBMS case comments, the eligibility site may delay its decision on the application beyond the applicable deadline at its discretion. Examples of such unusual circumstances are a delay or failure by the applicant or an examining physician to take a required action such as submitting required documentation, or an administrative or other emergency beyond the agency's control.

e. Due to the Coronavirus COVID-19 Public Health Emergency, required through the Federal CARES Act for the Maintenance of Effort (MOE), the Department will continue eligibility for all Medical Assistance categories, regardless of changes made for a redetermination or additional documentation for current Medicaid enrollees. The Department will allow these individuals to continue eligibility through the period of the COVID-19 pandemic federal emergency declaration. Once the federal emergency declaration has concluded, the Department will process eligibility redeterminations and /or changes for all members whose eligibility was maintained during the emergency declaration.

2. Upon request, applicants will be given an extension of time within the application processing timeframe to submit requested verification. Applicants may request an extension of time beyond the application processing timeframe to obtain necessary verification. The extension may be granted at the eligibility site's discretion. The amount of time given should be determined on a case-by-case basis and should be based on the amount of time the individual needs to obtain the required documentation.

3. The eligibility site shall not use the above timeframes as a waiting period before determining eligibility or as a reason for denying eligibility.

4. For clients who apply for the Medical Assistance Program and a disability determination is required, the eligibility site shall send a notice informing the applicant of the reason for a delay beyond the applicable deadline, and of the applicant's right to appeal if dissatisfied with the delay. The eligibility site shall send this notice no later than 91 days following the application for the Medical Assistance Program.

5. For information regarding continuation of benefits during the pendency of an appeal to the Social Security Administration (SSA) based upon termination of disability benefits see section 8.057.5.C.

6. Effective July 1, 1997, as a condition of eligibility for the Medical Assistance Program, any legal immigrant who is applying for or receiving Medical Assistance shall agree in writing that, during the time period the client is receiving Medical Assistance, he or she will not sign an affidavit of support for the purpose of sponsoring an alien who is seeking permission from the United States Immigration and Citizenship Services to enter or remain in the United States. A legal immigrant's eligibility for Medical Assistance shall not be affected by the fact that he or she has signed an affidavit of support for an alien before July 1, 1997.

7. Eligibility sites at which an individual is able to apply for Medical Assistance benefits shall also provide the applicant the opportunity to register to vote.

a. The eligibility site shall provide to the applicant the prescribed voter registration application.

b. The eligibility site shall not:

i) Seek to influence the applicant's political preference or party registration;

ii) Display any political preference or party allegiance;

iii) Make any statement to the applicant or take any action, the purpose or effect of which is to discourage the applicant from registering to vote; and

iv) Make any statement to an applicant which is to lead the applicant to believe that a decision to register or not to register has any bearing on the availability of services or benefits.

c. The eligibility site shall ensure the confidentiality of individuals registering and declining to register to vote.

d. Records concerning registration and declination to register to vote shall be maintained for two years by the eligibility site. These records shall not be part of the public assistance case record.

e. A completed voter registration application shall be transmitted to the county clerk and recorder for the county in which the eligibility site is located not later than ten (10) days after the date of acceptance; except that if a registration application is accepted within five (5) days before the last day for registration to vote in an election, the application shall be transmitted to the county clerk and recorder for the county not later than five (5) days after the date of acceptance.

8. Individuals who transfer from one Colorado county to another shall be provided the same opportunity to register to vote in the new county of residence. The new county of residence shall follow the above procedure. The new county of residence shall notify its county clerk and recorder of the client's change in address within five (5) days of receiving the information from the client.

8.100.3.E. Retroactive Medical Assistance Coverage

1. An applicant for Medical Assistance shall be provided such assistance any time during the three months preceding the date of application, or as of the date the person became eligible for Medical Assistance, whichever is later. That person shall have received medical services at any time during that period and met all applicable eligibility requirements.

2. An explanation of the conditions for retroactive Medical Assistance shall be given to all applicants. Those applicants who within the three months period prior to the date of application or as of the date the person became eligible for Medical Assistance, whichever is later, have received medical services which would be a benefit under the Colorado State Plan, can request retroactive coverage on the application form. The determination of eligibility for retroactive Medical Assistance shall be made as part of the application process. An applicant does not have to be eligible in the month of application to be eligible for retroactive Medical Assistance. The applicant or client may verbally request retroactive coverage at any time following the completion of an application. Verification required to determine Medical Assistance Program eligibility for the retroactive period shall be secured by the eligibility site to determine retroactive eligibility. Proof of the declared medical service shall not be required.

8.100.3.F. Groups Assisted Under the Program

1. The Medical Assistance Program provides benefits to the following persons who meet the federal definition of categorically needy at the time they apply for benefits:

a. Parents and Caretaker Relatives, Pregnant Women, Children, and Adults as defined under the Modified Adjusted Gross Income (MAGI)Medical Assistance section 8.100.4.

b. Persons who meet legal immigrant requirements as outlined in this volume, who were or would have been eligible for SSI but for their alien status, if such persons meet the resource, income and disability requirements for SSI eligibility.

c. Persons who are receiving financial assistance; and who are eligible for a SISC Code of A or B. See section 8.100.3.M for more information on SISC Codes.

d. Persons who are eligible for financial assistance under Old Age Pension (OAP) and SSI, but are not receiving the money payment.

e. Persons who would be eligible for financial assistance from OAP or SSI, except for the receipt of Social Security Cost of Living Adjustment (COLA) increases, or other retirement, survivors, or disability benefit increases to their own or a spouse's income. This group also includes persons who lost OAP or SSI due to the receipt of Social Security Benefits and who would still be eligible for the Medical Assistance Program except for the cost of living adjustments (COLA's) received. These populations are referenced as Pickle and Disabled Widow(er)s.

f. Persons who are blind, disabled, or aged individuals residing in the medical institution or Long Term Care Institution whose income does not exceed 300% of SSI.

g. Persons who are blind, disabled or aged receiving HCBS whose income does not exceed 300% of the SSI benefit level and who, except for the level of their income, would be eligible for an SSI payment.

h. A disabled adult child who is at least 18 years of age and who was receiving SSI as a disabled child prior to the age of 22, and for whom SSI was discontinued on or after May 1, 1987, due to having received of OASDI drawn from a parent(s) Social Security Number, and who would continue to be eligible for SSI if the above OASDI and all subsequent cost of living adjustments were disregarded. This population is referenced as Disabled Adult Child (DAC).

i. Children age 18 and under who would otherwise require institutionalization in an Long Term Care Institution, Nursing Facility (NF), or a hospital but for which it is appropriate to provide care outside of an institution as described in 1902(e)(3) of the Act Public Law No. 97-248 (Section 134).

j. Persons receiving OAP-A, OAP-B, and OAP Refugees who do not meet SSI eligibility criteria but do meet the state eligibility criteria for the OAP State Only Medical Assistance Program. These persons qualify for a SISC Code C.

k. Persons who apply for and meet the criteria for one of the categorical Medical Assistance programs, but do not meet the criteria of citizenship shall receive Medical Assistance benefits for emergencies only.

l. Persons with a disability or limited disability who are at least 16 but less than 65 years of age, with income less than or equal to 450% of FPL after income disregards, regardless of resources, and who are employed.

m. Children with a disability who are age 18 and under, with household income less than or equal to 300% of FPL after income disregards, regardless of resources.

n. Due to the Coronavirus COVID-19 Public Health Emergency, an applicant who is not eligible for Medical Assistance but has been impacted through exposure to or potential infection of COVID-19 may be eligible to receive services for COVID-19 testing only. To

qualify for this limited benefit, the applicant must satisfy residency and immigration-or citizenship and not be enrolled in other health insurance.

8.100.3.G. General and Citizenship Eligibility Requirements

1. To be eligible to receive Medical Assistance, an eligible person shall:

a. Be a resident of Colorado;

b. Meet the following requirements while being an inmate, in-patient or resident of a public institution:

i). The following individuals, if eligible, may be enrolled for Medical Assistance

1. Patients in a public medical institution

2. Residents of a Long-Term Care Institution

3. Prior inmates who have been paroled

4. Resident of a publicly operated community residence which serves no more than 16 residents

5. Individuals participating in community corrections programs or residents in community corrections facilities (“halfway houses”) who have freedom of movement and association which includes individuals who:

a) are not precluded from working outside the facility in employment available to individuals who are not under justice system supervision;

b) can use community resources (e.g., libraries, grocery stores, recreation, and education) at will;

c) can seek health care treatment in the broader community to the same or similar extent as other Medicaid enrollees in the state; and/or

d) are residing at their home, such as house arrest, or another location

ii). Inmates who are incarcerated in a correctional institution such as a city, county, state or federal prison may be enrolled, if eligible, with benefits limited to an in-patient stay of 24 hours or longer in a medical institution.

c. Not be a patient in an institution for tuberculosis or mental disease, unless the person is under 21 years of age or has attained 65 years of age and is eligible for the Medical Assistance Program and is receiving active treatment as an inpatient in a psychiatric facility eligible for Medical Assistance reimbursement. See section 8.100.4.H for special provisions extending Medical Assistance coverage for certain patients who attain age 21 while receiving such inpatient psychiatric services;

d. Meet all financial eligibility requirements of the Medical Assistance Program for which application is being made;

e. Meet the definition of disability or blindness, when applicable. Those definitions appear in this volume at 8.100.1 under Definitions;

f. Meet all other requirements of the Medical Assistance Program for which application is being made; and

g. Fall into one of the following categories:

i) Be a citizen or national of the United States, the District of Columbia, Puerto Rico, Guam, the Virgin Islands, the Northern Mariana Islands, American Samoa or Swain's Island; or

ii) Be a lawfully admitted non-citizen who entered the United States prior to August 22, 1996, or

iii) Be a non-citizen who entered the United States on or after August 22, 1996 and is applying for Medical Assistance benefits to begin no earlier than five years after the non-citizen's date of entry into the United States who falls into one of the following categories:

1) lawfully admitted for permanent residence under the Immigration and Nationality Act (hereafter referred to as the "INA");

2) paroled into the United States for at least one year under 8 U.S.C. § 1182(d)(5); or

3) granted conditional entry under section 203(a)(7) of the INA, as in effect prior to April 1, 1980; or

4) determined by the eligibility site, in accordance with guidelines issued by the U.S. Attorney General, to be a spouse, child, parent of a child, or child of a parent who, in circumstances specifically described in 8 U.S.C. §1641(c), has been battered or subjected to extreme cruelty which necessitates the provision of Medical Assistance (Medicaid); or

iv) Be a non-citizen who arrived in the United States on any date, who falls into one of the following categories:

1) lawfully residing in Colorado and is an honorably discharged military veteran (also includes spouse, unremarried surviving spouse and unmarried, dependent children), or

2) lawfully residing in Colorado and is on active duty (excluding training) in the U.S. Armed Forces (also includes spouse, unremarried surviving spouse and unmarried, dependent children), or

3) granted asylum under section 208 of the INA, or

4) refugee under section 207 of the INA, or

5) deportation withheld under section 243(h) (as in effect prior to September 30, 1996) or section 241(b)(3) (as amended by P.L. 104-208) of the INA, or

6) Cuban or Haitian entrant, as defined in section 501(e) of the Refugee Education Assistance Act of 1980, or

7) an individual who (1) was born in Canada and possesses at least 50 percent American Indian blood, or is a member of an Indian tribe as defined in 25 U.S.C. sec. 5304(e)(2016), or

8) admitted to the U.S. as an Amerasian immigrant pursuant to section 584 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act of 1988 (as amended by P.L. 100-461), or

9) lawfully admitted permanent resident who is a Hmong or Highland Lao veteran of the Vietnam conflict, or

10) a victim of a severe form of trafficking in persons, as defined in section 103 of the Victims of Trafficking and Violence Protection Act of 2000, Pub. L.106-386, as amended (22 U.S.C. § 7105(b) (2016)), or

11) An alien who arrived in the United States on or after December 26, 2007 who is an Iraqi special immigrant under section 101(a)(27) of the INA, or

12) An alien who arrived in the United States on or after December 26, 2007 who is an Afghan Special Immigrant under section 101(a)(27) of the INA.

v) The statutes listed at sections 8.100.3.G.1.g.iii.1-5 and at 8.100.3.G.1.g.iv.3-11 are incorporated herein by reference. No amendments or later editions are incorporated. These regulations are available for public inspection at the Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, Colorado 80203-1714. Pursuant to C.R.S. 24-4-103(12.5)(b)(2016), the agency shall provide certified copies of the material incorporated at cost upon request or shall provide the requestor with information on how to obtain a certified copy of the material incorporated by reference from the agency of the United States, this state, another state, or the organization or association originally issuing the code, standard, guideline or rule.

vi) Be a lawfully admitted non-citizen who is a pregnant women or a child under the age of 19 years in the United States who falls into one of the categories listed in 8.100.3.G.1.g.iii or into one of the following categories listed below. These individuals are exempt from the 5-year waiting period:

1) granted temporary resident status in accordance with 8 U.S.C. 1160 or 1255a,or

2) granted Temporary Protected Status (TPS) in accordance with 8 U.S.C 1254a and pending applicants for TPS granted employment authorization,

3) granted employment authorization under 8 CFR 274a.12(c),or

4) Family Unity beneficiary in accordance with section 301 of Pub. L. 101-649, as amended.

5) Deferred Enforced Departure (DED), pursuant to a decision made by the President,

6) granted Deferred Action status (excluding Deferred Action for Childhood Arrivals (DACA)) as described in the Secretary of Homeland Security's June 15,2012 memorandum,

7) granted an administrative stay of removal under 8 CFR 241.6(2016), or

8) Beneficiary of approved visa petition who has a pending application for adjustment of status.

9) Pending an application for asylum under 8 U.S.C. 1158, or for withholding of removal under 8 U.S.C. 1231, or under the Convention Against Torture who-

a) as been granted employment authorization; or

b) Is under the age of 14 and has had an application pending for at least 180 days.

10) granted withholding of removal under the Convention Against Torture,

11) A child who has a pending application for Special Immigrant Juvenile status under 8 U.S.C. 1101(a)(27)(J), or

12) Citizens of Micronesia, the Marshall Islands, and Palau, or

13) is lawfully present American Samoa under the immigration of laws of American Samoa.

14) A non-citizen in a valid nonimmigrant status, as defined in 8 U.S.C. 1101(a)(15) or under 8 U.S.C. 1101(a)(17), or

15) A non-citizen who has been paroled into the United States for less than one year under 8 U.S.C. § 1182(d)(5), except for an individual paroled for prosecution, for deferred inspection or pending removal proceedings.

vii) Exception: The exception to these requirements is that persons who apply for and meet the criteria for one of the categorical Medical Assistance programs, but who are not citizens, and are not eligible non-citizens, according to the criteria set forth in 8.100.3.G.1.g, shall receive Medical Assistance benefits for emergency medical care only. The rules on confidentiality prevent the Department or eligibility site from reporting to the United States Citizenship and Immigration Services persons who have applied for or are receiving assistance. These persons need not select a primary care physician as they are eligible only for emergency medical services.

For non-qualified aliens receiving Medical Assistance emergency only benefits, the following medical conditions will be covered:

An emergency medical condition (including labor and delivery) which manifests itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in:

1) placing the patient's health in serious jeopardy;

2) serious impairment of bodily function; or

3) serious dysfunction of any bodily organ or part.

A physician shall make a written statement certifying the presence of an emergency medical condition when services are provided and shall indicate that services were for a medical emergency on the claim form. Coverage is limited to care and services that are necessary to treat immediate emergency medical conditions. Coverage does not include prenatal care or follow-up care.

2. For determinations of eligibility for Medical Assistance, legal immigration status must be verified. This requirement applies to a non-citizen individual who meets the criteria of any category defined at 8.100.3.G(1)(g)(ii) (iii) (iv) or (vi) and has declared that he or she has a legal immigration status.

a. The Verify Lawful Presence (VLP) interface will be used to verify immigration status. The VLP interface connects to the Systematic Alien Verification for Entitlements (SAVE) Program to verify legal immigration status.

i) If an automated response from VLP confirms that the information submitted is consistent with VLP data for immigration status verification requirements, no further action is required for the individual and no additional documentation of immigration status is required.

ii) If the VLP cannot automatically confirm the information submitted, the individual will be contacted with a request for additional documents and/or information needed to verify their legal immigration status through the VLP interface. If a response from the VLP interface confirms that the additional documents and/or information received from the individual verifies their legal immigration status, no further action is required for the individual and no additional documentation of immigration status is required.

3. Reasonable Opportunity Period

a. If the verification through the electronic interface is unsuccessful then the applicant will be provided a reasonable opportunity period, of 90 days, to submit documents indicating a legal immigration status, as listed in 8.100.3.G.1.g. The reasonable opportunity period will begin as of the date of the Notice of Action. The required documentation must be received within the reasonable opportunity period.

b If the applicant does not provide the necessary documents within the reasonable opportunity period, then the applicant's Medical Assistance application shall be terminated.

c. The reasonable opportunity period applies to MAGI, Adult and Buy-In Programs.

i) For the purpose of this section only, MAGI Programs for persons covered pursuant to 8.100.4.G or 8.100.4.I. include the following:

Commonly Used Program Name	Rule Citation
Children's Medical Assistance	8.100.4.G.2
Parent and Caretaker Relative Medical Assistance	8.100.4.G.3
Adult Medical Assistance	8.100.4.G.4
Pregnant Women Medical Assistance	8.100.4.G.5
Legal Immigrant Prenatal Medical Assistance	8.100.4.G.6

Transitional Medical Assistance	8.100.4.I.1-5

ii) For the purpose of this section only, Adult and Buy-In Programs for persons covered pursuant to 8.100.3.F, 8.100.6.P, 8.100.6.Q, or 8.715. include the following:

Commonly Used Program Name	Rule Citation
Old Age Pension A (OAP-A)	8.100.3.F.1.c
Old Age Pension B (OAP-B)	8.100.3.F.1.c
Qualified Disabled Widow/Widower	8.100.3.F.1.e
Pickle	8.100.3.F.1.e
Long-Term Care	8.100.3.F.1.f-h
Medicaid Buy-In Program for Working Adults with Disabilities	8.100.6.P
Medicaid Buy-In Program for Children with Disabilities	8.100.6.Q
Breast and Cervical Cancer Program (BCCP)	8.715

8.100.3.H. Citizenship and Identity Documentation Requirements

1. For determinations of initial eligibility and redeterminations of eligibility for Medical Assistance made on or after July 1, 2006, citizenship or nationality and identity status must be verified unless such satisfactory documentary evidence has already been provided, as described in 8.100.3.H.4.b. This requirement applies to an individual who declares or who has previously declared that he or she is a citizen or national of the United States.

   a. The following electronic interfaces shall be accepted as proof of citizenship and/or identity as listed and should be used prior to requesting documentary evidence from applicants/clients:

      i) SSA Interface is an acceptable interface to verify citizenship and identity. An automated response from SSA that confirms that the data submitted is consistent with SSA data, including citizenship or nationality, meets citizenship and identity verification requirements. No further action is required for the individual and no additional documentation of either citizenship or identity is required.

      ii) Department of Motor Vehicles (DMV) Interface is an acceptable interface to verify identity. An automated response from DMV confirms that the data submitted is consistent with DMV data for identity verification requirements. No further action is required for the individual and no additional documentation of identity is required.

   b. This requirement does not apply to the following groups:

      i) Individuals who are entitled to or who are enrolled in any part of Medicare.

      ii) Individuals who receive Supplemental Security Income (SSI).

      iii) Individuals who receive child welfare services under Title IV-B of the Social Security Act on the basis of being a child in foster care.

      iv) Individuals who receive adoption or foster care assistance under Title IV-E of the Social Security Act.

v) Individuals who receive Social Security Disability Insurance (SSDI).

vi) Children born to a woman who has applied for, has been determined eligible, and is receiving Medical Assistance on the date of the child's birth, as described in 8.100.4.G.5. This includes instances where the labor and delivery services were provided before the date of application and were covered by the Medical Assistance Program as an emergency service based on retroactive eligibility.

1) A child meeting the criteria described in 8.100.3.H.1.b.vi shall be deemed to have provided satisfactory documentary evidence of citizenship or nationality and shall not be required to provide further documentary evidence at any time in the future, regardless of any subsequent changes in the child's eligibility for Medical Assistance.

2) Special Provisions for Retroactive Reversal of a Previous Denial

a) If a child described at 8.100.3.H.1.b.vi was previously determined to be ineligible for Medical Assistance solely for failure to meet the citizenship and identity documentation requirements, the denial shall be reversed. Eligibility shall be effective retroactively to the date of the child's birth provided all of the following criteria are met:

(1) The child was determined to be ineligible for Medical Assistance during the period between July 1, 2006 and October 1, 2009 solely for failure to meet the citizenship and identity documentation requirements as they existed during that period;

(2) The child would have been determined to be eligible for Medical Assistance had 8.100.3.H.1.b.vi and/or 8.100.3.H.1.b.vi.2.a been in effect during the period from July 1, 2006 through October 1, 2009; and

(3) The child's parent, caretaker relative, or legally appointed guardian or conservator requests that the denial of eligibility for Medical Assistance be reversed. The request may be verbal or in writing.

b) A child for whom denial of eligibility for Medical Assistance has been retroactively reversed shall be subject to the eligibility redetermination provisions described at 8.100.3.P.1. Such redetermination shall occur twelve months from the retroactive eligibility date determined when the denial was reversed pursuant to this subsection 1.

c) A child granted retroactive eligibility for Medical Assistance shall be subject to the requirements described at 8.100.4.G.2. for continued eligibility.

vii) Individuals receiving Medical Assistance during a period of presumptive eligibility.

2. Satisfactory documentary evidence of citizenship or nationality includes the following:

a. Stand-alone documents for evidence of citizenship and identity. The following evidence shall be accepted as satisfactory documentary evidence of both identity and citizenship:

i) A U.S. passport issued by the U.S. Department of State that:

1) includes the applicant or recipient, and

2) was issued without limitation. A passport issued with a limitation may be used as proof of identity, as outlined in 8.100.3.H.3.

ii) A Certificate of Naturalization (DHS Forms N-550 or N-570) issued by the Department of Homeland Security (DHS) for naturalized citizens.

iii) A Certificate of U.S. Citizenship (DHS Forms N-560 or N-561) issued by the Department of Homeland Security for individuals who derive citizenship through a parent.

iv) A document issued by a federally recognized Indian tribe, evidencing membership or enrollment in, or affiliation with, such tribe (such as a tribal enrollment card or certificate of degree of Indian blood).

1) Special Provisions for Retroactive Reversal of a Previous Denial

a) For a member of a federally recognized Indian tribe who was determined to be ineligible for Medical Assistance solely for failure to meet the citizenship and identity documentation requirements, the denial of eligibility shall be reversed and eligibility shall be effective as of the date on which the individual was determined to be ineligible provided all of the following criteria are met:

(1) The individual was determined to be ineligible for Medical Assistance on or after July 1, 2006 solely on the basis of not meeting the citizenship and identity documentation requirements as they existed during that period;

(2) The individual would have been determined to be eligible for Medical Assistance had 8.100.3.H.2.a.iv) been in effect on or after July 1, 2006; and

(3) The individual or a legally appointed guardian or conservator of the individual requests that the denial of eligibility for Medical Assistance be reversed. The request may be verbal or in writing.

b) A member of a federally recognized Indian tribe for whom denial of eligibility for Medical Assistance has been retroactively reversed shall be subject to the eligibility redetermination provisions described at 8.100.3.P.1. Such redetermination shall occur twelve months from the retroactive eligibility date determined when the denial was reversed as provided in this subsection 2.

b. Evidence of citizenship. If evidence from the list in 8.100.3.H.2.a. is not provided, an applicant or recipient shall provide satisfactory documentary evidence of citizenship from the list specified in this section to establish citizenship AND satisfactory documentary evidence from the documents listed in section 8.100.3.H. 3. to establish identity. Evidence of citizenship includes:

i) A U.S. public birth certificate.

1) The birth certificate shall show birth in any one of the following:

a) One of the 50 States,

b) The District of Columbia,

c) Puerto Rico (if born on or after January 13, 1941),

d) Guam (if born on or after April 10, 1899),

e) The Virgin Islands of the U.S. (if born on or after January 17, 1917),

f) American Samoa,

g) Swain's Island, or

h) The Northern Mariana Islands (NMI) (if born after November 4, 1986 (NMI local time)).

2) The birth record document shall have been issued by the State, Commonwealth, Territory or local jurisdiction.

3) The birth record document shall have been recorded before the person was 5 years of age. A delayed birth record document that is recorded at or after 5 years of age is considered fourth level evidence of citizenship, as described in 8.100.3.H.2.d.

ii) A Certification of Report of Birth (DS-1350) issued by the U.S. Department of State to U.S. citizens who were born outside the U.S. and acquired U.S. citizenship at birth.

iii) A Report of Birth Abroad of a U.S. Citizen (Form FS-240) issued by the U.S. Department of State consular office overseas for children under age 18 at the time of issuance. Children born outside the U.S. to U.S. military personnel usually have one of these.

iv) A Certification of birth issued by the U.S. Department of State (Form FS-545 or DS-1350) before November 1,1990.

v) A U.S. Citizen I.D. card issued by the U.S. Immigration and Naturalization Services (INS):

1) Form I-179 issued from 1960 until 1973, or

2) Form I-197 issued from 1973 until April 7, 1983.

vi) A Northern Mariana Identification Card (I-873) issued by INS to a collectively naturalized citizen of the U.S. who was born in the NMI before November 4, 1986.

vii) An American Indian Card (I-872) issued by the Department of Homeland Security with the classification code “KIC.”

viii) A final adoption decree that:

1) shows the child's name and U.S. place of birth, or

2) a statement from a State approved adoption agency that shows the child's name and U.S. place of birth. The adoption agency must state in the certification that the source of the place of birth information is an original birth certificate.

ix) Evidence of U.S. Civil Service employment before June 1, 1976. The document shall show employment by the U.S. government before June 1, 1976.

x) U.S. Military Record that shows a U.S. place of birth such as a DD-214 or similar official document showing a U.S. place of birth.

xi) Data verification with the Systematic Alien Verification for Entitlements (SAVE) Program for naturalized citizens.

xii) Child Citizenship Act. Adopted or biological children born outside the United States may establish citizenship obtained automatically under section 320 of the Immigration and Nationality Act (8 USC § 1431), as amended by the Child Citizenship Act of 2000 (Pub. L. 106-395, enacted on October 30, 2000). section 320 of the Immigration and Nationality Act (8 USC § 1431), as amended by the Child Citizenship Act of 2000 (Pub. L. 106-395, enacted on October 30, 2000) is incorporated herein by reference. No amendments or later editions are incorporated. Copies are available for inspections from the following person at the following address: Custodian of Records, Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO 80203-1818. Any material that has been incorporated by reference in this rule may be examined at any state publications repository library.

Documentary evidence must be provided at any time on or after February 27, 2001, if the following conditions have been met:

1) At least one parent of the child is a United States citizen by either birth or naturalization (as verified under the requirements of this part);

2) The child is under the age of 18;

3) The child is residing in the United States in the legal and physical custody of the U.S. citizen parent;

4) The child was admitted to the United States for lawful permanent residence (as verified through the Systematic Alien Verification for Entitlements (SAVE) Program); and

5) If adopted, the child satisfies the requirements of section 101(b)(1) of the Immigration and Nationality Act (8 USC § 1101(b)(1)) pertaining to international adoptions (admission for lawful permanent residence as IR-3 (child adopted outside the United States), or as IR-4 (child coming to the United States to be adopted) with final adoption having subsequently occurred. 8 USC § 1101(b)(1) is incorporated herein by reference. No amendments or later editions are incorporated. Copies are available for inspections from the following person at the following address: Custodian of Records, Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO 80203-1818. Any material that has been incorporated by reference in this rule may be examined at any state publications repository library.

xiii) Extract of a hospital record on hospital letterhead.

1) The record shall have been established at the time of the person's birth;

2) The record shall have been created at least 5 years before the initial application date; and

3) The record shall indicate a U.S. place of birth;

4) For children under 16 the document shall have been created near the time of birth or at least 5 years before the date of application.

5) Souvenir “birth certificates” issued by a hospital are not acceptable.

xiv) Life, health, or other insurance record.

1) The record shall show a U.S. place of birth; and

2) The record shall have been created at least 5 years before the initial application date.

3) For children under 16 the document must have been created near the time of birth or at least 5 years before the date of application.

xv) Religious record.

1) The record shall have been recorded in the U.S. within 3 months of the date of the individual's birth;

2) The record shall show that the birth occurred in the U.S.;

3) The record shall show either the date of birth or the individual's age at the time the record was made; and

4) The record shall be an official record recorded with the religious organization.

xvi) Early school record that meets the following criteria:

1) The school record shows the name of the child;

2) The school record shows the child's date of admission to the school;

3) The school record shows the child's date of birth;

4) The school record shows a U.S. place of birth for the child; and

5) The school record shows the name(s) and place(s) of birth of the applicant's parents.

xvii) Federal or State census record showing U.S. citizenship or a U.S. place of birth and the applicant's age.

xviii) One of the following documents that shows a U.S. place of birth and was created at least 5 years before the application for The Medical Assistance Program. For children under 16 the document must have been created near the time of birth or at least 5 years before the date of application.

1) Seneca Indian tribal census record;

2) Bureau of Indian Affairs tribal census records of the Navajo Indians;

3) U.S. State Vital Statistics official notification of birth registration;

4) A delayed U.S. public birth record that is recorded more than 5 years after the person's birth;

5) Statement signed by the physician or midwife who was in attendance at the time of birth; or

6) The Roll of Alaska Natives maintained by the Bureau of Indian Affairs.

xix) Institutional admission papers from a nursing facility, skilled care facility or other institution created at least 5 years before the initial application date that indicate a U.S. place of birth.

xx) Medical (clinic, doctor, or hospital) record.

1) The record shall have been created at least 5 years before the initial application date; and

2) The record shall indicate a U.S. place of birth.

3) An immunization record is not considered a medical record for purposes of establishing U.S. citizenship.

4) For children under 16 the document shall have been created near the time of birth or at least 5 years before the date of application.

xxi) Written affidavit. Affidavits shall only be used in rare circumstances. They may be used by U.S. citizens or nationals born inside or outside the U.S. If documentation is by affidavit, the following rules apply:

1) There shall be at least two affidavits by two individuals who have personal knowledge of the event(s) establishing the applicant's or recipient's claim of citizenship (the two affidavits could be combined in a joint affidavit);

2) At least one of the individuals making the affidavit cannot be related to the applicant or recipient. Neither of the two individuals can be the applicant or recipient;

3) In order for the affidavit to be acceptable the persons making them shall provide proof of their own U.S. citizenship and identity.

4) If the individual(s) making the affidavit has (have) information which explains why documentary evidence establishing the applicant's claim of citizenship does not exist or cannot be readily obtained, the affidavit shall contain this information as well;

5) The applicant/recipient or other knowledgeable individual (guardian or representative) shall provide a separate affidavit explaining why the evidence does not exist or cannot be obtained; and

6) The affidavits shall be signed under penalty of perjury pursuant to 18 U.S.C. §1641 and Title 18 of the Criminal Code article 8 part 5 and need not be notarized.

c. Evidence of citizenship for collectively naturalized individuals. If a document shows the individual was born in Puerto Rico, the Virgin Islands of the U.S., or the Northern Mariana Islands before these areas became part of the U.S., the individual may be a collectively naturalized citizen. A second document from 8.100.3.H.3. to establish identity shall also be presented.

i) Puerto Rico:

1) Evidence of birth in Puerto Rico on or after April 11, 1899 and the applicant's statement that he or she was residing in the U.S., a U.S. possession or Puerto Rico on January 13, 1941; OR

2) Evidence that the applicant was a Puerto Rican citizen and the applicant's statement that he or she was residing in Puerto Rico on March 1, 1917 and that he or she did not take an oath of allegiance to Spain.

ii) US Virgin Islands:

1) Evidence of birth in the U.S. Virgin Islands, and the applicant's statement of residence in the U.S., a U.S. possession or the U.S. Virgin Islands on February 25, 1927; OR

2) The applicant's statement indicating residence in the U.S. Virgin Islands as a Danish citizen on January 17, 1917 and residence in the U.S., a U.S. possession or the U.S. Virgin Islands on February 25, 1927, and that he or she did not make a declaration to maintain Danish citizenship; OR

3) Evidence of birth in the U.S. Virgin Islands and the applicant's statement indicating residence in the U.S., a U.S. possession or Territory or the Canal Zone on June 28, 1932.

iii) Northern Mariana Islands (NMI) (formerly part of the Trust Territory of the Pacific Islands (TTPI)):

1) Evidence of birth in the NMI, TTPI citizenship and residence in the NMI, the U.S., or a U.S. Territory or possession on November 3, 1986 (NMI local time) and the applicant's statement that he or she did not owe allegiance to a foreign state on November 4, 1986 (NMI local time); OR

2) Evidence of TTPI citizenship, continuous residence in the NMI since before November 3, 1981 (NMI local time), voter registration prior to January 1, 1975 and the applicant's statement that he or she did not owe allegiance to a foreign state on November 4, 1986 (NMI local time); OR

3) Evidence of continuous domicile in the NMI since before January 1, 1974 and the applicant's statement that he or she did not owe allegiance to a foreign state on November 4, 1986 (NMI local time).

4) If a person entered the NMI as a nonimmigrant and lived in the NMI since January 1, 1974, this does not constitute continuous domicile, and the individual is not a U.S. citizen.

d) Referrals for Colorado Birth Certificates

i) An applicant or client who was born in the State of Colorado who does not possess a Colorado birth certificate shall receive a referral to the Department of Public Health and Environment by the county department to obtain a birth certificate at no charge, pursuant to C.R.S. § 25-2-117(2)(a)(I)(C).

ii) The referral shall be provided on county department letterhead and shall include the following:

1) The name and address of the applicant or client;

2) A statement that the county department requests that the Department of Public Health and Environment waive the birth certificate fee, pursuant to C.R.S. § 25-2-117(2)(a)(I)(C); and

3) The name and contact telephone number for the county caseworker responsible for the referral.

iii) An applicant or client who has been referred to the Department of Public Health and Environment to obtain a birth certificate shall not be required to present a birth certificate to satisfy the citizenship documentation requirement at 8.100.3.H.2. The applicant or client shall have the right to use any of the documents listed under 8.100.3.H.2. to satisfy the citizenship documentation requirement.

3. The following documents shall be accepted as proof of identity and shall accompany a document establishing citizenship from the groups of documentary evidence outlined in 8.100.3.H.2.b. through d.

a) A driver's license issued by a State or Territory either with a photograph of the individual or other identifying information such as name, age, sex, race, height, weight, or eye color;

b) School identification card with a photograph of the individual;

c) U.S. military card or draft record;

d) Identification card issued by the Federal, State, or local government with the same information included on driver's licenses;

e) Military dependent's identification card;

f) U.S. Coast Guard Merchant Mariner card;

g) Certificate of Degree of Indian Blood, or other U.S. American Indian/Alaska Native Tribal document with a photograph or other personal identifying information relating to the individual. The document is acceptable if it carries a photograph of the individual or has other personal identifying information relating to the individual such as age, weight, height, race, sex, and eye color; or

h) Three or more documents that together reasonably corroborate the identity of an individual provided such documents have not been used to establish the individual's citizenship and the individual submitted evidence of citizenship listed under 8.100.3.H.2.b. or 8.100.3.H.2.c. The following requirements must be met:

i) No other evidence of identity is available to the individual;

ii) The documents must at a minimum contain the individual's name, plus any additional information establishing the individual's identity; and

iii) All documents used must contain consistent identifying information.

iv) These documents include, but are not limited to, employer identification cards, high school and college diplomas from accredited institutions (including general education and high school equivalency diplomas), marriage certificates, divorce decrees, and property deeds/titles.

i) Special identity rules for children. For children under 16, the following records are acceptable:

i) Clinic, doctor, or hospital records; or

ii) School records.

1) The school record may include nursery or daycare records and report cards; and

2) The school, nursery, or daycare record must be verified with the issuing school, nursery, or daycare.

3) If clinic, doctor, hospital, or school records are not available, an affidavit may be used if it meets the following requirements:

a) It shall be signed under penalty of perjury by a parent or guardian;

b) It shall state the date and place of birth of the child; and

c) It cannot be used if an affidavit for citizenship was provided.

d) The affidavit is not required to be notarized.

e) An affidavit may be accepted on behalf of a child under the age of 18 in instances when school ID cards and drivers' licenses are not available to the individual until that age.

j) Special identity rules for disabled individuals in institutional care facilities.

i) An affidavit may be used for disabled individuals in institutional care facilities if the following requirements are met:

1) It shall be signed under penalty of perjury by a residential care facility director or administrator on behalf of an institutionalized individual in the facility; and

2) No other evidence of identity is available to the individual.

3) The affidavit is not required to be notarized.

k) Expired identity documents.

i) Identity documents do not need to be current to be acceptable. An expired identity document shall be accepted as long as there is no reason to believe that the document does not match the individual.

l) Referrals for Colorado Identification Cards

i) An applicant or client who does not possess a Colorado driver’s license or identification card shall be referred to the Department of Revenue Division of Motor Vehicles by the county department to obtain an identification card at no charge, pursuant to C.R.S. § 42-2-306(1)(a)(II).

ii) The referral shall be provided on county department letterhead and shall include the following:

1) The name and address of the applicant or client;

2) A statement that the county department requests that the Department of Revenue Division of Motor Vehicles waive the identification card fee, pursuant to C.R.S § 42-2-306(1)(a)(II).; and

3) The name and contact telephone number for the county caseworker responsible for the referral.

iii) An applicant or client who has been referred to the Division of Motor Vehicles to obtain an identification card shall not be required to present a Colorado identification card to satisfy the identity documentation requirement at 8.100.3.H.3. The applicant or client shall have the right to use any of the documents listed under 8.100.3.H.3. to satisfy the identity documentation requirement.

4. Documentation Requirements

a. Citizenship and identity documents may be submitted as originals, certified copies, photocopies, facsimiles, scans or other copies.

b. Individuals who submitted notarized copies of citizenship and identity documents as part of an application or redetermination before January 1, 2008 shall not be required to submit originals or copies certified by the issuing agency for any application or redetermination processed on or after January 1, 2008.

c. All citizenship and identity documents shall be presumed to be genuine unless the authenticity of the document is questionable.

d. Individuals shall not be required to submit citizenship and identity documentation in person. Documents shall be accepted from a Medical Assistance applicant or client or from his or her guardian or authorized representative in person or by mail.

    i) Individuals are strongly encouraged to use alternatives to mailing original documents to counties, such as those described in 8.100.3.H.4.e.

e. Individuals may present original citizenship and identity documents or copies certified by the issuing agency to Medical Assistance (MA) sites, School-based Medical Assistance sites, Presumptive Eligibility (PE) sites, Federally Qualified Health Centers (FQHCs), Disproportionate Share Hospitals (DSHs), or any other location designated by the Department by published agency letter.

    i) Staff at these locations shall make a copy of the original documents and shall complete a “Citizenship and Identity Documentation Received” form, stamp the copy, or provide other verification that identifies that the documents presented were originals. The verification shall include the name, telephone number, organization name and address, and signature of the individual who reviewed the document(s). This form, stamp, or other verification shall be attached to or directly applied to the copy.

    ii) Upon request by the client or eligibility site, the copy of the original document with the “Citizenship and Identity Documentation Received” form, stamp, or other verification as described in 8.100.3.H.4.e. i) shall be mailed or delivered directly to the eligibility site within five business days.

f. Counties shall accept photocopies of citizenship and identity documents from any location described in 8.100.3.H.4.e provided the photocopies include the form, stamp, or verification described in 8.100.3.H.4.e.i).

g. Counties shall develop procedures for handling original citizenship and identity documents to ensure that these documents are not lost, damaged, or destroyed.

    i) Upon receiving the original documents, eligibility site staff shall make a copy of the original documents and shall complete a “Citizenship and Identity Documentation Received” form, stamp the copy, or provide other verification that identifies that the documents presented were originals, as described in 8.100.3.H.4.e. i). This form, stamp, or other verification shall be attached to or directly applied to the copy.

    ii) The original documents shall be sent by mail or returned to the individual in person within five business days of the date on which they were received.

    iii) To limit the risk of original documents being lost, damaged, or destroyed, counties are strongly encouraged to make copies of documents immediately upon receipt and to return original documents to the individual while he or she is present.

h. Once an individual has provided the required citizenship and identity documentation, he or she shall not be required to submit the documentation again unless:

i) Later evidence raises a question about the individual's citizenship or identity; or

ii) There is a gap of more than five years between the ending date of the individual's last period of eligibility and a subsequent application for The Medical Assistance Program and the eligibility site has not retained the citizenship and identity documentation the individual previously provided.

5. Record Retention Requirements

a. The eligibility site shall retain a paper or electronically scanned copy of an individual's citizenship and identity documentation, including any verification described in 8.100.3.H.4.e.i), for at least five years from the ending date of the individual's last period of Medical Assistance eligibility.

6. Name Change Provisions

a. An individual who has changed his or her last name for reasons including, but not limited to, marriage, divorce, or court order shall not be required to produce any additional documentation concerning the name change unless:

i) With the exception of the last name, the personal information in the citizenship and identity documentation provided by the individual does not match in every way;

ii) In addition to changing his or her last name, the individual also changed his or her first name and/or middle name; or

iii) There is a reasonable basis for questioning whether the citizenship and identity documents belong to the same individual.

7. Reasonable Level of Assistance

a. The eligibility site shall provide a reasonable level of assistance to applicants and clients in obtaining the required citizenship and identity documentation.

b. Examples of a reasonable level of assistance include, but are not limited to:

i) Providing contact information for the appropriate agencies that issue the required documents;

ii) Explaining the documentation requirements and how the client or applicant may provide the documentation; or

iii) Referring the applicant or client to other agencies or organizations which may be able to provide further assistance.

c. The eligibility site shall not be required to pay for the cost of obtaining required documentation.

8. Individuals Requiring Additional Assistance

a. The eligibility site shall provide additional assistance beyond the level described in 8.100.3.H.7 to applicants and clients in obtaining the required citizenship and identity documentation if the client or applicant:

i) Is unable to comply with the requirements due to physical or mental impairments or homelessness; and

ii) The individual lacks a guardian or representative who can provide assistance.

b. Examples of additional assistance include, but are not limited to:

i) Contacting any known family members who may have the required documentation;

ii) Contacting any known current or past health care providers who may have the required documentation; or

iii) Contacting other social services agencies that are known to have provided assistance to the individual.

c. The eligibility site shall document its efforts to provide additional assistance to the client or applicant. Such documentation shall be subject to the record retention requirements described in 8.100.3.H.5.a.

9. Reasonable Opportunity Period

a. If a Medical Assistance applicant does not have the required documentation, he or she must be given a reasonable opportunity period to provide the required documentation. The reasonable opportunity period will begin as of the date of the Notice of Action. The required documentation must be received within the reasonable opportunity period. If the applicant does not provide the required documentation within the reasonable opportunity period, then the applicant's Medical Assistance benefits shall not be terminated during the federal Coronavirus COVID-19 Public Health Emergency. Required documentation will be requested during the federal Coronavirus COVID-19 Public Health Emergency. When the federal COVID-19 Public Health Emergency has ended, a reasonable opportunity period will be given to request proper documentation from the member.

i) During the federal Coronavirus COVID-19 Public Health Emergency the Department will continue eligibility for all Medical Assistance categories, regardless of requested documentation and/or reported change for these individuals to ensure continuity of eligibility for Medical Assistance coverage.

b. The reasonable opportunity period is 90 calendar days and applies to MAGI, Adult, and Buy-In Programs:

i) For the purpose of this section only, MAGI Programs for persons covered pursuant to 8.100.4.G or 8.100.4.I, include the following:

Commonly Used Program Name	Rule Citation
Children’s Medical Assistance	8.100.4.G.2
Parent and Caretaker Relative Medical Assistance	8.100.4.G.3
Adult Medical Assistance	8.100.4.G.4
Pregnant Women Medical Assistance	8.100.4.G.5
Transitional Medical Assistance	8.100.4.I.1-5

ii) For the purpose of this section only, Adult and Buy-In Programs for persons covered pursuant to 8.100.3.F, 8.100.6.P, 8.100.6.Q, or 8.715 include the following:

Commonly Used Program Name	Rule Citation
Old Age Pension A (OAP-A)	8.100.3.F.1.c
Old Age Pension B (OAP-B)	8.100.3.F.1.c
Qualified Disabled Widow/Widower	8.100.3.F.1.e
Pickle	8.100.3.F.1.e
Long-Term Care	8.100.3.F.1.f-h
Medicaid Buy-In Program for Working Adults with Disabilities	8.100.6.P
Medicaid Buy-In Program for Children with Disabilities	8.100.6.Q
Breast and Cervical Cancer Program (BCCP)	8.715

10. Good Faith Effort

a. In some cases, a Medical Assistance client or applicant may not be able to obtain the required documentation within the applicable reasonable opportunity period. If the client or applicant is making a good faith effort to obtain the required documentation, then the reasonable opportunity period should be extended. The amount of time given should be determined on a case-by-case basis and should be based on the amount of time the individual needs to obtain the required documentation.

Examples of good faith effort include, but are not limited to:

i) Providing verbal or written statements describing the individual's effort at obtaining the required documentation;

ii) Providing copies of emails, letters, applications, checks, receipts, or other materials sent or received in connection with a request for documentation; or

iii) Providing verbal or written statements of the individuals' efforts at identifying people who could attest to the individual's citizenship or identity, if citizenship and/or identity are included in missing documentation.

An individual's verbal statement describing his or her efforts at securing the required documentation should be accepted without further verification unless the accuracy or truthfulness of the statement is questionable. The individual's good faith efforts should be documented in the case file and are subject to all record retention requirements.

8.100.3.I. Additional General Eligibility Requirements

1. Each person for whom Medical Assistance is being requested shall furnish a Social Security Number (SSN); or, if one has not been issued or is unknown, shall apply for the number and submit verification of the application, unless an exception below applies. The application for an SSN shall be documented in the case record by the eligibility site. Upon receipt of the assigned SSN, the client shall provide the number to the eligibility site. This requirement does not apply to those individuals who are not requesting Medical Assistance yet appear on the application, nor does it apply to individuals applying for emergency medical services or eligible newborns born to a Medical Assistance eligible mother.

a. An applicant's or client's refusal to furnish or apply for a Social Security Number affects the family's eligibility for assistance as follows:

i) that person cannot be determined eligible for the Medical Assistance Program; and/or

ii) if the person with no SSN or proof of application for SSN is the only dependent child on whose behalf assistance is requested or received, assistance shall be denied or terminated.

b. Exception: An individual who qualifies for any of the following exceptions must not be required to provide an SSN:

i.) The individual is not eligible to receive an SSN; or

ii) The individual does not have an SSN and may only be issued an SSN for a valid non-work reason in accordance with 20 CFR 422.104; or

iii) The individual refuses to obtain an SSN because of a well-established religious objection.

c. Due to the COVID-19 Public Health Emergency, the Department will accept self-attestations for SSN verification. At the end of the COVID-19 Public Health Emergency, verification for eligibility criteria will be required as specified prior to the public health emergency.

2. A person who is applying for or receiving Medical Assistance shall assign to the State all rights against any other person (including but not limited to the sponsor of an alien) for medical support or payments for medical expenses paid on the applicant's or client's behalf or on the behalf of any other person for whom application is made or assistance is received.

All appropriate clients of the Medical Assistance Program shall have the option to be referred for child support enforcement services using the form as specified by the Department.

3. A person who is applying for or receiving Medical Assistance shall provide information regarding any third party resources available to any member of the assistance unit. Third party resources are any health coverage or insurance other than the Medical Assistance Program. A client’s refusal to supply information regarding third party resources may result in loss of Medical Assistance Program eligibility.

4. A person who is eligible for Medical Assistance shall be free to choose any qualified and approved participating institution, agency, or person offering care and services which are benefits of the program unless that person is enrolled in a managed care program operating under Federal waiver authority.

8.100.3.J. Supplemental Security Income (SSI) And Aid To The Needy Disabled (AND) Recipients

1. Persons who may be eligible for benefits under either MAGI Medical Assistance or SSI:

a. shall be advised of the benefits available under each program;

b. may apply for a determination of eligibility under either or both programs;

c. have the option to receive benefits under the program of their choice, but may not receive benefits under both programs at the same time; and

d. may change their selection if their circumstances change or if they decide later that it would be more advantageous to receive benefits from the other program.

2. Any family member who is receiving financial assistance from SSI or OAP-A is not considered a member of the Medical Assistance required household, is not counted as a member of the household, and the individual's income and resources are disregarded in making the determination of need for Medical Assistance.

a. Exception: For MAGI Medical Assistance a family member who is receiving SSI, when appropriate can be counted as a member of the household and their income when appropriate can be considered in making the determination of eligibility for MAGI Medical Assistance. For treatment of income and household construction for MAGI Medical Assistance cases, see section 8.100.4.

3. An individual receiving Aid to the Needy Disabled (AND) may also receive MAGI Medical Assistance, if the recipient meets the eligibility requirements for MAGI Medical Assistance. For these individuals, eligibility sites shall not include the applicant's AND payment when calculating income to determine the household's financial eligibility for MAGI Medical Assistance.

8.100.3.K. Consideration of Income

1. Income or resources of an alien sponsor or an alien sponsor's spouse shall be countable to the sponsored alien effective December 19, 1997. Forms used prior to December 19, 1997, including but not limited to forms I-134 or I-136 are legally unenforceable affidavits of support. The attribution of the income and resources of the sponsor and the sponsor's spouse to the alien will continue until the alien becomes a U.S. citizen or has worked or can be credited with 40 qualifying quarters of work, provided that an alien crediting the quarters to the applicant/client has not received any public benefit during any creditable quarter for any period after December 31, 1996.

a. Exception: When the sponsored alien is a pregnant woman or a child the income or resources of an alien sponsor or an alien sponsor's spouse will not be countable to the sponsored alien.

2. Income, in general, is the receipt by an individual of a gain or benefit in cash or in kind during a calendar month. Income means any cash, payments, wages, in-kind receipt, inheritance, gift, prize, rents, dividends, interest, etc., that are received by an individual or family.

3. Earned income is payment in cash or in kind for services performed as an employee or from self-employment.

4. Earned in kind income shall be income produced as a result of the performance of services by the applicant/client, for which he/she is compensated in shelter or other items in lieu of wages.

5. Received means "actually" received or legally becomes available, whichever occurs first; the point at which the income first is available to the individual for use. For example, interest income on a savings account is counted when it is credited to the account.

6. All Home Care Allowance (HCA) income paid to a Medical Assistance applicant or member by the HCA recipient to provide home care services is countable earned income.

7. An applicant or member who is a live-In home care provider to a care recipient receiving a Difficulty of Care Payment and who is being determined for a MAGI Medical Assistance program, must meet the following requirements for Difficulty of Care payments to be excluded as countable income:

    a. The care provider receiving payments for personal care or supportive services provided to a care recipient must live full-time in the same home with the care recipient; and

    b. The care recipient must either

        i) receiving personal care or supportive services must be enrolled in Long Term Service Supports (LTSS), with additional services through a Home-Based Services (HCBS) waiver program; or

        ii) The care recipient must be enrolled in the Buy-In Program for Working Adults with Disabilities, and receive additional services through the Home and Community Based Services (HCBS) waiver program.

    c. Exception: Difficulty of Care Payments are not excluded if the payments are for more than 10 qualified foster individuals under the age of 19 or 5 qualified foster individuals who are over the age of 19

8. Participation in the Workforce Investment Act (WIA) affects eligibility for Medical Assistance as follows:

    a. Wages derived from participation in a program carried out under WIA (work experience or on-the-job training) and paid to a caretaker relative is considered countable earned income.

    b. Training allowances granted by WIA to a dependent child or a caretaker relative of a dependent child to participate in a training program is exempt.

    c. Wages derived from participation in a program carried out the under Workforce Investment Act (WIA) and paid to any dependent child who is applying for or receiving Medical Assistance are exempt in determining eligibility for a period not to exceed six months in each calendar year.

9. An individual involved in a profit-making activity as a sole proprietor, partner in a partnership, independent contractor, or consultant shall be classified as self-employed.

    a. To determine the net profit of a self-employed applicant/client deduct the cost of doing business from the gross income. These business expenses include, but are not limited to:

        i) the rent of business premises,

        ii) wholesale cost of merchandise,

        iii) utilities,

        iv) taxes,

        v) labor, and

        vi) upkeep of necessary equipment.

b. The following are not allowed as business expenses:

i) Depreciation of equipment;

1) Exception: For the purpose of calculating MAGI-based income, depreciation of equipment is an allowable business expense if the equipment is not used for capital improvements.

ii) The cost of and payment on the principal of loans for capital asset or durable goods;

iii) Personal expenses such as personal income tax payments, lunches, and transportation to and from work.

c. Appropriate allowances for cost of doing business for Medical Assistance clients who are licensed, certified or approved day care providers are (1) $ 55 for the first child for whom day care is provided, and (2) $ 22 for each additional child. If the client can document a cost of doing business which is greater than the amounts above set forth, the procedure described in A, shall be used.

d. When determining self-employment expenses and distinguishing personal expenses from business expenses it is a requirement to only allow the percentage of the expense that is business related.

10. Self-employment income includes, but is not limited to, the following:

a. Farm income - shall be considered as income in the month it is received. When an individual ceases to farm the land, the self-employment deductions are no longer allowable.

b. Rental income - shall be considered as self-employment income only if the Medical Assistance client actively manages the property at least an average of 20 hours per week.

c. Board (to provide a person with regular meals only) payment shall be considered earned income in the month received to the extent that the board payment exceeds the maximum food stamp allotment for one-person household per boarder and other documentable expenses directly related to the provision of board.

d. Room (to provide a person with lodging only) payments shall be considered earned income in the month received to the extent that the room payment exceeds documentable expenses directly related to the provision of the room.

e. Room and board payments shall be considered earned income in the month received to the extent that the payment for room and board exceeds the food stamp allotment for a one-person household per room and boarder and documentable expenses directly related to the provision of room and board.

11. Unearned income is the gross amount received in cash or kind that is not earned from employment or self-employment. Unearned income includes, but is not limited to, the following:

a. Pensions and other period payments, such as:

i) Private pensions or disability benefits

1) Exception: Refer to section 8.100.4 for treatment of private disability benefits for MAGI Medical Assistance.

ii) Social Security benefits (Retirement, survivors, and disability)

iii) Workers' Compensation payments

iv) Railroad retirement annuities

v) Unemployment insurance payments

vi) Veterans benefits other than Aid and Attendance (A&A) and Unusual Medical Expenses (UME).

vii) Alimony and support payments

viii) Interest, dividends and certain royalties on countable resources

12. For all Medical Assistance categories, the federal Coronavirus Aid, Relief, and Economic Security (CARES) Act and American Rescue Plan (ARP) Act Recovery Rebate, known as the COVID-19 Economic Stimulus, shall be exempt from consideration as income.

13. Federal Pandemic Unemployment Compensation (FPUC) program, which provides an extra $600.00 a week for qualifying individuals, is exempt as countable unearned income for all Medical Assistance categories.

8.100.3.L Consideration of Resources

Consideration of Resources

1. Resources are counted in determining eligibility for the Aged, Blind and Disabled, and Long-Term Care institutionalized and Home and Community Based Services categories of Medical Assistance. Resources are not counted in determining eligibility for the MAGI Medical Assistance programs, the Medicaid Buy-in Program for Working Adults with Disabilities, or the Medicaid Buy-In Program for Children with Disabilities, See section 8.100.5 for rules regarding consideration of resources.

2. The federal Coronavirus Aid, Relief, and Economic Security (CARES) Act and American Rescue Plan (ARP) Act Recovery Rebate known as COVID-19 Economic Stimulus, shall be an exempt resource for the first 12 months following the receipt of the Recovery Rebate, after which the remaining balance will be considered a countable resource for all Medical Assistance categories which include an asset test.

8.100.3.M. Federal Financial Participation (FFP)

1. The state is entitled to claim federal financial participation (FFP) for benefits paid on behalf of groups covered under the Colorado Medical Assistance Program and also for the Medicare supplementary medical insurance benefits (SMIB) premium payments made on behalf of certain groups of categorically needy persons.

2. The SISC codes are as follows:

a. Code A - for institutionalized persons whose income is under 300% of the SSI benefit level and who, except for the level of their income, would be eligible for an SSI payment; and non-institutionalized persons receiving Home and Community Based Services,

whose income does not exceed 300% of the SSI benefit level and who, except for the level of their income, would be eligible for an SSI payment; code A signifies that FFP is available in expenditures for medical care and services which are benefits of the Medical Assistance program but not for SMIB premium payments;

b. Code B - for persons eligible to receive financial assistance under SSI; persons eligible to receive financial assistance under OAP “A” who, except for the level of their income, would be eligible for an SSI payment; persons who are receiving mandatory State supplementary payments; and persons who continue to be eligible for Medical Assistance after disregarding certain Social Security increases; code B signifies that FFP is available in expenditures for medical care and services which are benefits of the Medical Assistance program and also for SMIB premium payments;

c. Code C - for persons eligible to receive assistance under OAP “A”, OAP “B”, or OAP Refugee Assistance for financial assistance only; who do not receive SSI payment and do not otherwise qualify under SISC code B as described in item B. above; code C signifies that no FFP is available in Medical Assistance program expenditures.

d. Code D1 – for persons eligible to receive assistance under AwDC from program implementation through 12/31/2013; Code D1 signifies 50% FFP is available in expenditures for medical care and services which are benefits of the Medical Assistance program.

e. Code E1 - for persons eligible to receive assistance under the Medicaid Buy-In Program for Working Adults with Disabilities and whose annual adjusted gross income, as defined under IRS statute, is less than or equal to 450% of FPL – after SSI earned income deductions; as well as for children eligible to receive assistance under the Medicaid Buy-In Program for Children with Disabilities and whose household income is less than or equal to 300% of FPL after income disregards. Code E1 signifies that FFP is available in expenditures for medical care and services which are benefits of the Medical Assistance program but not for SMIB premium payments.

3. Recipients of financial assistance under State AND, State AB, or OAP “C” are not automatically eligible for Medical Assistance and the SISC code which shall be entered on the eligibility reporting form is C.

8.100.3.N. Confidentiality

1. All information obtained by the eligibility site concerning an applicant for or a recipient of Medical Assistance is confidential information.

2. A signature on the Single Streamlined Application and the Application for Public Assistance allows an eligibility site worker to consult banks, employers, or any other agency or person to obtain information or verification to determine eligibility. The identification of the worker as an eligibility site employee will, in itself, disclose that an application for the Medical Assistance Program has been made by an individual. In this type of contact, as well as other community contacts, the eligibility site should strive to maintain confidentiality. The signature on the Single Streamlined Application and the Application for Public Assistance also provides permission for the release of the client's medical information to be provided by health care providers to the State and its agents for purpose of administration of the Medical Assistance Program.

3. Eligibility site staff may release a client's Medical Assistance state identification number and approval eligibility spans to a Medical Assistance provider for billing purposes.

Eligibility site staff may inform a Medical Assistance provider that an application has been denied but may not inform them of the reason why.

4. Access to information concerning applicants or recipients must be restricted to persons or agency representatives who are subject to standards of confidentiality that are comparable to those of the State and the eligibility site.

5. The eligibility site must obtain permission from a family, individual, or authorized representative, whenever possible, before responding to a request for information from an outside source, unless the information is to be used to verify income, eligibility and the amount of Medical Assistance payment. This permission must be obtained unless the request is from State authorities, federal authorities, or State contractors acting within the scope of their contract. If, because of an emergency situation, time does not permit obtaining consent before release, the eligibility site must notify the family or individual immediately after supplying the information.

6. The eligibility site policies must apply to all requests for information from outside sources, including government bodies, the courts, or law enforcement officials. If a court issues a subpoena for a case record or for any eligibility site representative to testify concerning an applicant or recipient, the eligibility site must inform the court of the applicable statutory provisions, policies, and regulations restricting disclosure of information.

7. The following types of information are confidential and shall be safeguarded:

    a. Names and addresses of applicants for and recipients of the Medical Assistance Program;

    b. Medical services provided;

    c. Social and economic conditions or circumstances;

    d. Agency evaluation of personal information;

    e. Medical data, including diagnosis and past history of disease or disability;

    f. All information obtained through the Income and Eligibility Verification System (IEVS), Colorado Department of Labor and Employment, SSA or Internal Revenue Service;

    g. Any information received in connection with identification of legally liable third party resources;

    h. Any information received for verifying income and resources if applicable, or other eligibility and the amount of Medical Assistance payments;

    i. Social Security Numbers.

8. The confidential information listed above may be released to persons outside the eligibility site only as follows:

    a. In response to a valid subpoena or court order;

    b. To State or Federal auditors, investigators or others designated by the Federal or State departments on a need-to-know basis;

    c. To individuals executing Income and Eligibility Verification System;

d. Child Support enforcement officials;

e. To a recipient or applicant themselves or their designated representative.

f. To a Long Term Care institution on the AP-5615 form.

9. The applicant/recipient may give a formal written release for disclosure of information to other agencies, such as hospitals, or the permission may be implied by the action of the other agency in rendering service to the client. Before information is released, the eligibility site should be reasonably certain the confidential nature of information will be preserved, the information will be used only for purposes related to the function of the inquiring agency, and the standards of protection established by the inquiring agency are equal to those established by the State Department. If the standards for protection of information are unknown, a written consent from the recipient shall be obtained.

8.100.3.O. Protection Against Discrimination

1. Eligibility sites are to administer the Medical Assistance Program in such a manner that no person will, on the basis of race, color, sex, age, religion, political belief, national origin, or handicap, be excluded from participation, be denied any aid, care, services, or other benefits of, or be otherwise subjected to discrimination in such program.

2. The eligibility site shall not, directly or through contractual or other arrangements, on the grounds of race, color, sex, age, religion, political belief, national origin, or handicap:

   a. Provide aid, care, services, or other benefits to an individual which is different, or provided in a different manner, from that of others;

   b. Subject an individual to segregation barriers or separate treatment in any manner related to access to or receipt of assistance, care services, or other benefits;

   c. Restrict an individual in any way in the enjoyment or any advantage or privilege enjoyed by others receiving aid, care, services, or other benefits provided under the Medical Assistance Program;

   d. Treat an individual differently from others in determining whether he/she satisfies any eligibility or other requirements or conditions which individuals shall meet in order to receive aid, care, services, or other benefits provided under the Medical Assistance Programs;

   e. Deny an individual an opportunity to participate in programs of assistance through the provision of services or otherwise, or afford him/her an opportunity to do so which is different from that afforded others under the Medical Assistance Program.

3. No distinction on the grounds of race, color, sex, age, religion, political belief, national origin, or handicap is permitted in relation to the use of physical facilities, intake and application procedures, caseload assignments, determination of eligibility, and the amount and type of benefits extended by the eligibility site to Medical Assistance recipients.

4. An individual who believes he/she is being discriminated against may file a complaint with the eligibility site, the Department, or directly with the Federal government. When a complaint is filed with the eligibility site, the county director is responsible for an immediate investigation of the matter and taking necessary corrective action to eliminate any discriminatory activities found. If such activities are not found, the individual is given an explanation. If the person is not satisfied, he/she is requested to direct his/her complaint, in writing, to the State Department, Complaint

Section, which will be responsible for further investigation and other necessary action consistent with the provisions of Title VI of the 1963 Civil Rights Act, as amended 42 U.S.C. §2000e et seq. and section 504 of the Rehabilitation Act of 1973, as amended 29 U.S.C. §791.

8.100.3.P. Redetermination of Eligibility

1. A redetermination of eligibility shall mean a case review and necessary verification to determine whether the Medical Assistance Program client continues to be eligible to receive Medical Assistance. Beginning as of the case approval date, a redetermination shall be accomplished each 12 months for Title XIX Medical Assistance only cases. An eligibility site may redetermine eligibility through telephone, mail, or electronic means. The use of telephone or electronic redeterminations should be noted in the case record and in CBMS case comments.

2. The eligibility site shall promptly redetermine eligibility when:

    a. it receives and verifies information which indicates a change in a client's circumstances which may affect continued eligibility for Medical Assistance; or

    b. it receives direction to do so from the Department.

    The eligibility site shall redetermine eligibility according to timelines defined by the Department.

3. A redetermination form is not required to be sent to the client if all current eligibility requirements can be verified by reviewing information from another assistance program, verification system, and/or CBMS. When applicable, the eligibility site shall redetermine eligibility based solely on information already available. If verification or information is available for any of the three months prior to redetermination month, no request shall be made of the client and a notice of the findings of the review will go to the client. If not all verification or information is available, the eligibility site shall only request the additional minimum verification from the client. This procedure is referenced as Ex Parte Review.

4. A redetermination form, approved by the Department, shall be mailed to the person at least 30 days prior to the first of the month in which completion of eligibility redetermination is due. The redetermination form shall be used to inform the client of the redetermination and verification needed, but the form itself cannot be required to be returned. The only verification that can be required at redetermination is the minimum verification needed to complete a redetermination of eligibility.

    The redetermination form shall direct clients to review current information and to take no action if there are no changes to report in the household. Eligibility sites and CBMS shall view the absence of reported changes from the client at this redetermination period as confirmation that there have been no changes in the household. This procedure is referenced as automatic reenrollment.

    The following procedures relate to mail-out redetermination:

    a. A Redetermination Form shall be mailed to the client together with any other forms to be completed;

    b. Required verification shall be returned by the client to the eligibility site no later than ten working days after receipt of request;

    c. When the individual is unable to complete the forms due to physical, mental or emotional disabilities, or other good cause, and has no one to help him/her, the eligibility site shall either assist the client or refer him/her to a legal or other resource. When initial

arrangements or a change in arrangements are being made, an extension of up to thirty days shall be allowed. The action of the eligibility site in assistance or referral shall be recorded in the case record and CBMS case comments.

d. The redetermination form shall require that a recipient and community spouse of a recipient of HCBS, PACE or institutional services disclose a description of any interest the individual or community spouse has in an annuity or similar financial instrument regardless of whether the annuity is irrevocable or treated as an asset. The redetermination form shall include a statement that the Department shall be a remainder beneficiary for any annuity or similar financial instrument purchased on or after February 8, 2006 for the total amount of Medical Assistance provided to the individual.

e. The eligibility site shall notify in writing the issuer of any annuity or financial instrument that the Department is a preferred remainder beneficiary in the annuity or similar financial instrument for the total amount of Medical Assistance provided to the individual. This notice shall require the issuer to notify the eligibility site when there is a change in the amount of income or principal that is being withdrawn from the annuity.

5. When the redetermination verification information is received by the eligibility site, it shall be date stamped. Within ten working days, the verification information shall be thoroughly reviewed for completeness, accuracy, and consistency. All factors shall be evaluated as to their effect on eligibility at that time. Verifications shall be documented in the case file and CBMS case comments. The case file shall be used as a checklist in the redetermination process, and shall be used to keep track of matters requiring further action. When additional information is needed:

a. due to incomplete information, the request form shall be mailed back to the client with a letter specifying the items that require completion;

b. due to incomplete, inaccurate or inconsistent data, the Medical Assistance client shall be contacted by telephone or in writing so that the worker may secure the proper information according to timelines defined by the Department.

6. Due to the federal Coronavirus COVID-19 Public Health Emergency, the Department will continue eligibility for all Medical Assistance categories, regardless of a redetermination and/or reported change for these individuals to ensure continuity of eligibility for Medical Assistance coverage.

8.100.3.Q. Continuous Eligibility (CE) for Medical Assistance programs

1. Continuous eligibility applies to children under age 19, who through an eligibility determination, reassessment or redetermination, are found eligible for a Medical Assistance program. The continuous eligibility period may last for up to 12 months.

a. The continuous eligibility period applies without regard to changes in income or other factors that would otherwise cause the child to be ineligible.

i) A 14-day no fault period shall begin on the date the child is determined eligible for Medical Assistance. During the 14-day period, any changes to income or other factors made to the child's case during the 14-day no fault period may change his or her eligibility for Medical Assistance.

b. Exception: A child's continuous eligibility period will end effective the earliest possible month if any of the following occur:

i) Child is deceased

ii) Becomes an inmate of a public institution

iii) The child is no longer part of the Medical Assistance required household

iv) Is no longer a Colorado resident

v) Is unable to be located based on evidence or reasonable assumption

vi) Requests to be withdrawn from continuous eligibility

vii) Fails to provide documentation during a reasonable opportunity period as specified in section 8.100.3.H.9

viii) Fails to provide a reasonable explanation or paper documentation when self-attested income is not reasonably compatible with income information from an electronic data source, by the end of the 90-day reasonable opportunity period. This exception only applies the first-time income is verified following an initial eligibility determination or an annual redetermination.

2. The continuous eligibility period will begin on the first day of the month the application is received or from the date all criteria is met. Continuous eligibility is applicable to children enrolled in the following Medical Assistance programs:

a. MAGI-Medical Assistance, program as specified in section 8.100.4.G.2

b. SSI Mandatory, as specified in section 8.100.6.C

i.) When a child is no longer eligible for SSI Mandatory they will be categorized as eligible within the MAGI-Child category for the remainder of the eligibility period.

c. Long- Term Care services

i.) When a child is no longer eligible for Long-Term Care services they will be categorized as eligible within the MAGI- Child category for the remainder of the eligibility period.

d. Medicaid Buy-In program specified in section 8.100.6.Q

i) Exception: Enrollment will be discontinued if there is a failure to pay premiums

e. Pickle

f. Disabled Adult Child DAC)

3. Children, under the age of 19, no longer enrolled in Foster Care Medicaid will be eligible for the MAGI-Medical Assistance program. The continuous eligibility period will begin the month the child is no longer enrolled in Foster Care Medicaid as long as they meet one of the following conditions:

a. Begin living with other Relatives

b. Are reunited with Parents

c. Have received guardianship

8.100.4 MAGI Medical Assistance Eligibility [Eff. 01/01/2014]

8.100.4.A. MAGI Application Requirements

1. Persons requesting a MAGI Medical Assistance category need only to complete the Single Streamlined Application.

2. Parents and Caretaker Relatives, Pregnant Women, Children, and Adults may apply for Medical Assistance at sites other than the County Department of Social Services, including eligibility sites and Certified Application Assistance Sites (CAAS). The Department shall approve these sites to receive and initially process these applications. The application used shall be the Single Streamlined Application. The eligibility site shall determine eligibility.

3. The eligibility sites shall refer Medical Assistance clients who are pregnant and/or age 20 and under to EPSDT offices (designated by the Department) by:

    a. Copying the page of the Single Streamlined Application that includes the EPSDT benefit questions. The eligibility site will then forward this page to the EPSDT office within five working days from the date of application approval; or by:

    b. Means of secure, electronic data transfer approved by the Department

8.100.4.B. MAGI Category Verification Requirements

1. Minimal Verification – At minimum, applicants seeking Medical Assistance shall provide all of the following:

    a. Social Security Number: Each individual requesting assistance on the application shall provide a Social Security Number (SSN), or each shall submit proof of an application to obtain an SSN, unless they qualify for an exception listed in 8.100.3.I.1.b. Individuals who qualify for an exception must not be required to provide an SSN.

        i) Due to the COVID-19 Public Health Emergency, at the time of application, self-attestation is acceptable for SSN criteria, with the exception of verification of citizenship and immigration status. At the end of the federally declared COVID-19 Public Health Emergency, verification for SSN eligibility criteria will be required.

            1)Applicants who meet the criteria for any categorical Medical Assistance programs, but do not meet federal and state citizenship and immigration status requirements, are only eligible to receive emergency medical services.

    b. Verification of citizenship and identity as outlined in section 8.100.3.H under Citizenship and Identity Documentation Requirements.

    c. Earned Income: Income shall be self-attested by an applicant and verified through an electronic data source. Individuals who provide self-attestation of income must also provide a Social Security Number for wage verification purposes.

        If earned income is not or cannot be self-attested, it shall be verified by wage stubs, tax documents, written documentation from the employer stating the employee's gross income or a telephone call to an employer. Applicants may request that communication with their employers be made in writing.

Estimated earned income shall be used to determine eligibility if the applicant/client provides less than a full calendar month of wage stubs for the application month. A single recent wage stub shall be sufficient if the applicant's income is expected to be the same amount for the month of application. Verification of earned income received during the month prior to the month of application shall be acceptable if the application month verification is not yet available. Actual earned income shall be used to determine eligibility if the client provides verification for the full calendar month.

Due to the Coronavirus COVID -19 Public Health Emergency, the Department will not take action on any electronic interfaces that notify that the individual's income has changed for all Medical Assistance programs in which the individual is currently enrolled. The Department will take action and require documentation from the individual once the federal emergency declaration has concluded.

d. Unearned income: Unearned income can be self-attested by an applicant. Certain types of unearned income, such as unemployment and survivor benefits may be verified through electronic data sources. Due to the Coronavirus COVID -19 Public Health Emergency, the Department will not take action on any electronic interfaces that notify that the individual's income has changed for all Medical Assistance programs in which the individual is currently enrolled. The Department will take action and require documentation from the individual once the federal emergency declaration has concluded, for all people whose eligibility was maintained during the emergency declaration, for these individuals to maintain eligibility.

e. Verification of Legal Immigrant Status: Immigration status can be self-declared by an applicant applying for Medical Assistance, to determine eligibility for full Medical Assistance benefits. This declaration of legal immigration status will be verified through the Verify Lawful Presence (VLP) interface. The VLP interface connects to the Systematic Alien Verification for Entitlements (SAVE) program to verify legal immigration status. See section 8.100.3.G for a description of the VLP interface. If status cannot be verified, or if the applicant does not provide the necessary documents within the reasonable opportunity period, then the applicant's Medical Assistance application shall be terminated.

2. Additional Verification: No other verification shall be required of the client unless information is found to be questionable on the basis of fact.

3. The determination that information is questionable shall be documented in the applicant's case file and CBMS case comments.

4. Information that exists in another case record or in CBMS shall be used by the eligibility site to verify those factors that are not subject to change, if the information is reasonably accessible.

5. The criteria of age and relationship can be declared by the client unless questionable. If questionable, these criteria can be established with information provided from:

   a. official papers such as: a birth certificate, order of adoption, marriage license, immigration or naturalization papers; or

   b. records or statements from sources such as: a court, school, government agency, hospital, or physician.

6. Establishing that a dependent child meets the eligibility criteria of:

a. age, if questionable requires (1) viewing the birth certificate or comparably reliable document at eligibility site discretion, and (2) documenting the source of verification in the case file and CBMS case comments;

b. living in the home of the caretaker relative, if questionable requires (1) viewing the appropriate documents which identify the relationship, (2) documenting these sources of verification in the case file and CBMS case comments.

8.100.4.C. MAGI Methodology for Income Calculation

1. For an in depth treatment of gross income, refer to 26 U.S.C. § 61, which is hereby incorporated by reference. The incorporation of 26 U.S.C. § 61 (2014) excludes later amendments to, or editions of, the referenced material. Pursuant to § 24-4-103(12.5), C.R.S., the Department maintains copies of this incorporated text in its entirety, available for public inspection during regular business hours at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver CO 80203. Certified copies of incorporated materials are provided at cost upon request. Except as otherwise provided, pursuant to 26 U.S.C. § 61 gross income means all income from all derived sources, The Modified Adjusted Gross Income calculation for the purposes of determining a household's financial eligibility for Medical Assistance shall consist of, but is not limited to, the following:

   a. Earned Income:

      i) Wages, salaries, tips;

      ii) Gross income derived from business;

      iii) Gains derived from dealings in property;

      iv) Distributive share of partnership gross income (not a limited partner);

      v) Compensation for services, including fees, commissions, fringe benefits and similar items; and

      vi) Taxable private disability income.

   b. Unearned Income:

      i) Interest (includes tax exempt interest);

      ii) Rents;

      iii) Royalties;

      iv) Dividends;

      v) Alimony received counts as unearned income if the divorce or legal separation is executed on or before December 31, 2018. Alimony received will not be countable income if the divorce or legal separation is modified or executed on or after January 1, 2019;

      vi) Pensions and annuities;

      vii) Income from life insurance and endowment contracts;

viii) Income from discharge of indebtedness;

ix) Income in respect of a decedent;

x) Income from an interest in an estate or trust;

xi) Social Security (SSA) income; and

xii) Distributive share of partnership gross income (limited partner).

c. Additional Income: In addition to the types of income identified in section 8.100.4.C.1.a-b., the following income is included in the MAGI calculation.

i) Any tax exempt interest income.

ii) Untaxed foreign wages and salaries.

iii) Social Security Title II Benefits (Old Age, Disability and Survivor's benefits).

d. The following are Income exclusions:

i) An amount received as a lump sum is counted as income only in the month received;

ii) Scholarships, awards, or fellowship grants used for educational purposes and not for living expenses;

iii) Child support received;

iv) Worker's Compensation;

v) Supplemental Security Income (SSI);

vi) Veteran's Benefits;

vii) The federal Coronavirus Aid, Relief, and Economic Security (CARES) Act and the American Rescue Plan (ARP) Act Recovery Rebate, also known as the COVID-19 Economic Stimulus, shall be exempt from consideration as income.

viii) Federal Pandemic Unemployment Compensation (FPUC) program, which provides an extra $600.00 a week for qualified individuals, is exempt as countable unearned income.

ix) American Indian/Alaskan Native income exceptions listed at 42 C.F.R. § 435.603(e) (2012) is hereby incorporated by reference. The incorporation of 42 C.F.R. § 435.603(e) (2012) excludes later amendments to, or editions of, the referenced material. Pursuant to § 24-4-103(12.5), C.R.S., the Department maintains copies of this incorporated text in its entirety, available for public inspection during regular business hours at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO 80203. Certified copies of incorporated materials are provided at cost upon request.

e. Allowable Deductions: For an in-depth treatment of allowable deductions from gross income, please refer to 26 U.S.C. 62, which is hereby incorporated by reference. The incorporation of 26 U.S.C. 62 (2014) excludes later amendments to, or editions of, the

referenced material. Pursuant to § 24-4-103(12.5), C.R.S., the Department maintains copies of this incorporated text in its entirety, available for public inspection during regular business hours at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver CO 80203. Certified copies of incorporated materials are provided at cost upon request.

The following deductions can be subtracted from an individual's taxable gross income, in order to calculate the Adjusted Gross Income (AGI) including (but not limited to):

i) Student loan interest deductions;

ii) Certain Self- employment expenses SEP, SIMPLE and qualified plans, and health insurance deductions;

iii) Deductible part of self-employment tax;

iv) Health savings account deduction;

v) Certain business expenses of reservists, performing artist, and fee-basis government officials;

vi) Reimbursed expenses of employees;

vii) Moving expenses for active duty military who are moving due to a permanent change of station;

viii) IRA deduction: Regular Individual Retirement Account (IRA) contributions claimed on a federal income tax return and which does not exceed the IRA contributions limits;

ix) Penalty on early withdrawal of savings;

x) Domestic production activities deduction;

xi) Alimony paid can be deducted only if the divorce or legal separation is executed on or before December 31, 2018. It cannot be deducted if the divorce or separation is modified or executed on or after January 1, 20019. ;

xii) Certain educator expenses; and

xiii) Certain pre-tax contributions.

f. Income of children and tax dependents:

i) The income of a child who is included in the household of their natural, adopted, or step parent will not be included in the household income unless that child has income above the tax filing threshold..

1) Income from Title II Social Security benefits and Tier I Railroad benefits are excluded when determining if a child is required to file taxes.

ii) The income of a person, other than a child or spouse, who expects to be claimed as a tax dependent will not be included in the household income of the taxpayer unless that tax dependent has income above the tax filing threshold.

1) Income from Title II Social Security benefits and Tier I Railroad benefits are excluded when determining if a tax dependent is required to file taxes.

ii) The income of a child or tax dependent who does not live with their natural, adopted, or step parent will always count towards the determination of their own eligibility, even if the child's or tax dependent's income is below the tax filing threshold.

2. Income verifications: When discrepancies arise between self-attested income and electronic data source results, the applicant shall receive every reasonable opportunity to establish his/her financial eligibility through the test for reasonable compatibility, by providing a reasonable explanation of the discrepancy, or by providing paper documentation in accordance with this section. For Reasonable Opportunity Period please see section 8.100.3.H.9.

a. Income information obtained through an electronic data source shall be considered reasonably compatible with income information provided by or on behalf of an applicant in the following circumstances:

i) If the amount attested by the applicant and the amount reported by an electronic data source are both below the applicable income standard for the requested program, that income shall be determined reasonably compatible and the applicant shall be determined eligible.

ii) If the amount attested by the applicant is below the applicable income standard for that program, but the amount reported by the electronic data source is above, and the difference is within the reasonable compatibility threshold percentage of 20%, the income shall be determined reasonably compatible and the applicant shall be determined eligible.

iii) If both amounts are above the applicable income standard for that program, the income shall be determined reasonably compatible, and the applicant shall continue to be determined eligible during the federal Coronavirus COVID-19 Public Health Emergency.

b. If income information provided by or on behalf of an applicant is not determined reasonably compatible with income information obtained through an electronic data source, a reasonable explanation of the discrepancy shall be requested during the federal Coronavirus COVID-19 Public Health Emergency. If the applicant does not provide the required documentation within the reasonable opportunity period, then the applicant's Medical Assistance benefits shall not be terminated during the federal Coronavirus COVID-19 Public Health Emergency. When the federal COVID-19 Public Health Emergency has ended, a reasonable opportunity period will be given to request proper documentation from the member.

i) During the federal Coronavirus COVID-19 Public Health Emergency the Department may request paper documentation when the Department does not find income to be reasonably compatible. If the member does or does not provide paper documentation they will remain eligible during the public health emergency period.

3. Self-Employment – If the applicant is self-employed the ledger included in the Single Streamlined Application shall be sufficient verification of earnings, unless questionable.

4. Budget Periods for MAGI-based Income determination – The financial eligibility of applicants for Medical Assistance shall be determined based on current or previous monthly household income and family size.

    a. Applicants who are found financially ineligible based on current or previous monthly household income and family size, and whose household has earned income from self-employment, seasonal employment, and/or commission-based employment, shall have their financial eligibility determined using annualized self-employment, seasonal employment, and commission-based employment income.

5. If an applicant does not meet the financial eligibility requirements for Medical Assistance based on MAGI, but meets all other eligibility requirements, the applicant shall be found eligible for MAGI Medical Assistance if the applicant's income, as calculated using the methodology for determining eligibility for Advanced Premium Tax Credits or Cost Sharing Reductions through the marketplace, is below 100% of the federal poverty level.

8.100.4.D. Income Disregard

1. An income disregard equivalent to five percentage points of the Federal Poverty Level for the applicable family size will be subtracted from MAGI-based income.

    a. If an individual's MAGI-based countable income is above the income threshold for the applicable MAGI program under title XIX (Medicaid) or title XXI (CHP+) of the Social Security Act, the five percent (5%) disregard will be applied for each qualifying MAGI program as the last step to determine eligibility.

    b. If the countable income is below the income threshold for the applicable MAGI program, the individual is income eligible and the five percent (5%) disregard will not be applied to determine eligibility.

8.100.4.E. Determining MAGI Household Composition.

1. MAGI household composition is similar to, but not necessarily the same as a tax household. To determine MAGI household composition, the individual's relationship to the tax filer must be established as declared on the Single Streamlined Application.

    a. In the case of an applicant who expects to file a tax return for the taxable year in which an initial determination or renewal of eligibility is being made, and does not expect to be claimed as a tax dependent by anyone else, then the applicant's MAGI household shall consist of the following:

        i) The Tax-Filer;

        ii) The Tax-Filer's spouse if living in the home;

        iii) All persons whom the Tax-Filer expects to claim as a tax dependent on their personal income tax return

    b. In the case of an applicant who expects to be claimed as a tax dependent by another taxpayer for the taxable year in which an initial determination or renewal of eligibility is being made, the applicant's MAGI household shall be:

        i) The Tax Dependent;

        ii) The Tax-Filer and their spouse if living in the home;

iii) The Tax-Filer's other tax dependents;

iv) The Tax Dependent's spouse, if living with the Tax Dependent.

c. The MAGI household of an applicant who expects to be claimed as a tax dependent is as outlined in 8.100.4.E.b above, except in the following circumstances:

i) The applicant expects to be claimed as a tax dependent by someone other than a spouse, biological, adoptive or step parent.

ii) The applicant is a child under 19 who is expected to be claimed by one parent as a tax dependent and is living with both parents, but the parents do not expect to file a joint tax return.

iii) The applicant is a child under 19 and who expects to be claimed as a tax dependent by anon-custodial parent.

d. If the applicant meets one of the exceptions in 8.100.4.E.c above or is a non-filer, household composition shall be determined using the following non-filer rules and the applicant's household shall consist of the following:

i) The applicant;

ii) The applicant's spouse who lives in the household;

iii) The applicant's natural, adopted, and step children under the age of 19, who live in the household; and

iv) In the case of applicants under the age of 19, the applicant's natural, adoptive, and step parents and natural, adoptive, and step siblings under age 19, who live in the household.

2. When a household includes a pregnant woman, regardless of the Medical Assistance category, the pregnant woman is counted as herself plus the number of children she is expected to deliver.

3. Married couples living together will each be included in the other's MAGI household regardless of whether or not they expect to file taxes jointly, separately or if one expects to be claimed as a tax dependent of the other.

4. If a child is claimed as a tax dependent by both parents who are married and who will file taxes jointly but one parent lives outside of the household due to separation or pending divorce, the child's household composition is determined by non-filer rules. The parent living outside of the household will not be counted as part of the household.

5. An individual who is both a tax dependent and a tax filer will be considered a tax dependent for the purpose of determining eligibility for Medical Assistance.

8.100.4.F. MAGI Category Presumptive Eligibility

1. A pregnant applicant may apply for presumptive eligibility for ambulatory services through Medical Assistance presumptive eligibility sites. A child under the age of 19may apply or have an adult apply on their behalf for presumptive eligibility for State Plan approved medical services through presumptive eligibility sites.

2. To be eligible for presumptive eligibility:

a. a pregnant woman shall have an attested pregnancy, declare that her household's income shall not exceed 185% of the federal poverty level (MAGI-equivalent) and declare that she is a United States citizen or a documented immigrant. Refer to the MAGI-Medicaid income guidelines chart available on the Department's website

b. a child under the age of 19 shall have a declared household income that does not exceed 133% of federal poverty level (MAGI-equivalent) and declare that the child is a United States citizen or a documented immigrant.

3. Presumptive eligibility sites shall be certified by the Department to make presumptive eligibility determinations. Sites shall be re-certified by the Department every 2 years to remain approved presumptive eligibility sites.

4. The presumptive eligibility site shall forward the application to the county within five business days.

5. The presumptive eligibility period begins on the date the applicant is determined eligible and ends with the earlier of:

a. The day an eligibility determination for Medical Assistance is made for the applicant(s); or

b. The last day of the month following the month in which a determination for presumptive eligibility was made.

6. A presumptive eligible client may not appeal the end of a presumptive eligibility period.

7. Presumptively eligible women and Medical Assistance clients may appeal the county department's failure to act on an application within 45 days from date of application or the denial of an application. Appeal procedures are outlined in the State Hearings section of this volume.

8.100.4.G. MAGI Covered Groups

1. For MAGI Medical Assistance, any person who is determined to be eligible for Medical Assistance based on MAGI at any time during a calendar month shall be eligible for benefits during the entire month.

2. Children applying for Medical Assistance whose total household income does not exceed 133% of the federal poverty level (MAGI-equivalent) shall be determined financially eligible for Medical Assistance. Refer to the MAGI-Medicaid income guidelines chart available on the Department's website.

a. Children are eligible for Children's MAGI Medical Assistance through the end of the month in which they turn 19 years old. After turning 19, the individual may be eligible for a different Medical Assistance category.

3. Parents and Caretaker Relatives applying for Medical Assistance whose total household income does not exceed 60% of the federal poverty level (MAGI-equivalent) shall be determined financially eligible for Medical Assistance. Parents or Caretaker Relatives eligible for this category shall have a dependent child in the household.

a. A dependent child is considered to be living in the home of the parent or caretaker relative as long as the parent or specified relative exercises responsibility for the care and control of the child even if:

i) The child is under the jurisdiction of the court (for example, receiving probation services);

ii) Legal custody is held by an agency that does not have physical possession of the child;

iii) The child is in regular attendance at a school away from home;

iv) Either the child or the relative is away from the home to receive medical treatment;

v) Either the child or the relative is temporarily absent from the home;

vi) The child is in voluntary foster care placement for a period not expected to exceed three months. Should the foster care plan change within the three months and the placement become court ordered, the child is no longer considered to be living in the home as of the time the foster care plan is changed.

4. Adults applying for Medical Assistance whose total household income does not exceed 133% of the federal poverty level shall be determined financially eligible for Medical Assistance. This category includes adults who are parents or caretaker relatives of dependent children whose income exceeds the income threshold to qualify for the Parents and Caretaker Relatives MAGI category and who meet all other eligibility criteria.

   a. A dependent child living in the household of a parent or caretaker relative shall have minimum essential coverage, in order for the parent or caretaker relative to be eligible for Medical Assistance under this category. Refer to section 8.100.4.G.3.a on who is considered a dependent child.

   b. Due to the COVID-19 Public Health Emergency an applicant who is not eligible for Medical Assistance but has been impacted through exposure to or potential infection with COVID-19 may be eligible to receive services for COVID-19 testing only. To qualify for this limited benefit, the applicant must satisfy residency and immigration or citizenship status and not be enrolled in other health insurance.

5. Pregnant Women whose household income does not exceed 185% of the federal poverty level (MAGI-equivalent) are eligible for the Pregnant Women MAGI Medical Assistance program. Medical Assistance shall be provided to a pregnant woman for a period beginning with the date of application for Medical Assistance through the last day of the month following 60 days from the date the pregnancy ends. Once eligibility has been approved, Medical Assistance coverage will be provided regardless of changes in the woman's financial circumstances once the income verification requirements are met.

   a. A pregnant women’s eligibility period will end effective the earliest possible month, if the following occurs:

      i) Fails to provide a reasonable explanation or paper documentation when self-attested income is not reasonably compatible with income information from an electronic data source, by the end of the 90 day reasonable opportunity period. This exception only applies the first-time income is verified following an initial eligibility determination or an annual redetermination.

6. A lawfully admitted non-citizen who is pregnant and who has been in the United States for less than five years is eligible for Medical Assistance if she meets all of the other eligibility requirements specified at 8.100.4.G.5 and fits into one of the immigration categories listed in

8.100.3.G.1.g.iii.1-5 and 8.100.3.G.1.g.vi.1-15. This population is referenced as Legal Immigrant Prenatal.

7. A child whose mother is receiving Medical Assistance at the time of the child's birth is continuously eligible for one year. This population is referred to as “Eligible Needy Newborn”. This coverage also applies in instances where the mother received Medical Assistance to cover the child’s birth through retroactive Medical Assistance. The child is not required to live with the mother receiving Medical Assistance to qualify as an Eligible Needy Newborn.

    a. To receive Medical Assistance under this category, the birth must be reported verbally or in writing to the County Department of Human Services or eligibility site. Information provided shall include the baby’s name, date of birth, and mother’s name or Medical Assistance number. A newborn can be reported at any time by any person. Once reported, a newborn meeting the above criteria shall be added to the mother’s Medical Assistance case, or his or her own case if the newborn does not reside with the mother, according to timelines defined by the Department. If adopted, the newborn’s agent does not need to file an application or provide a Social Security Number or proof of application for a Social Security Number for the newborn

8.100.4.H. Needy Persons

1. Medical Assistance shall be provided to certain needy persons under 21 years of age, including the following:

    a. Those receiving care in a Long Term Care Institution eligible for Medical Assistance reimbursement or receiving active treatment as inpatients in a psychiatric facility eligible for Medical Assistance reimbursement and whose household income is less than the MAGI needs standard for his/her family size when the client applies for assistance. Clients that are receiving benefits under this category and are still receiving active inpatient treatment in the facility at age 21 shall be eligible to age 22. This population is referenced as Psych <21.

    b. Those for whom the Department of Human Services is assuming full or partial financial responsibility and who are in foster care, in homes or private institutions or in subsidized adoptive homes. A child shall be the responsibility of the county, even if the child may be in a medical institution at that time. See Colorado Department of Human Services “Social Services Staff Manual” section 7 for specific eligibility requirements (12 CCR § 2509-1). 12 CCR § 2509-1 (2013) is hereby incorporated by reference. The incorporation of 12 CCR § 2509-1 excludes later amendments to, or editions of, the referenced material. Pursuant to § 24-4-103(12.5), C.R.S., the Department maintains copies of this incorporated text in its entirety, available for public inspection during regular business hours at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver CO 80203. Certified copies of incorporated materials are provided at cost upon request.

    c. Those for whom the Department of Human Services is assuming full or partial financial responsibility and who are in independent living situations subsequent to being in foster care.

    d. Those for whom the Department of Human Services is assuming full or partial responsibility and who are receiving services under the state’s Alternatives to Foster Care Program and would be in foster care except for this program and whose household income is less than the MAGI needs standard for his/her family size.

e. Those for whom the Department of Human Services is assuming full or partial responsibility and who are removed from their home either with or without (court ordered) parental consent, placed in the custody of the county and residing in a county approved foster home.

f. Those for whom the Department of Human Services is assuming full or partial responsibility and who are receiving services under the state's subsidized adoption program, including a clause in the subsidized adoption agreement to provide Medical Assistance for the child.

g. Those for whom the Department of Human Services is assuming full or partial financial responsibility on their 18th birthday or at the time of emancipation. These individuals also must have received foster care maintenance payments or subsidized adoption payments from the State of Colorado pursuant to article 7 of title 26, C.R.S. immediately prior to the date the individual attained 18 years of age or was emancipated. Eligibility shall be extended until the individual's 21st birthday for these individuals with the exception of those receiving subsidized adoption payments.

2. Medical Assistance shall be extended to certain needy persons until the end of the month of the individual's 26th birthday, including the following:

a. Those individuals that were formerly in foster care under the responsibility of the State or Tribe on their 18th, 19th, 20th or up to their 21st birthday and were receiving Medical Assistance.

i) This extension does not apply to youth that are receiving subsidized adoption payments or

ii) To youth that are enrolled in mandatory Medical Assistance.

b) Former Foster Care youth are not subject to either an income or resource test.

c) Former Foster Care youth's newborn shall be considered a needy newborn.

8.100.4.I. Transitional Medical Assistance and 4 Month Extended Medical Assistance

1. Eligibility for Transitional Medical Assistance shall be granted for twelve months (beginning with the first month of ineligibility) to individuals who are no longer eligible for the Parent/Caretaker Relative category due to a change in income.

The extension shall be applied to individuals who:

a. Were eligible for the Parent/Caretaker Relative category in at least three of the six months preceding the month in which the individual would have become ineligible, and

b. Are no longer eligible for coverage under the Parent/Caretaker Relative category because of new or increased income from employment or hours of employment

i) At least one Parent/Caretaker Relative must continue to be employed and cannot terminate employment without good cause. This does not need to be the same person for the whole period the family is receiving Transitional Medical Assistance.

2. Any dependent child or Parent/Caretaker Relative who was or becomes part of the Medical Assistance household after the individual has begun receiving Transitional Medical Assistance is eligible for the remaining months of Transitional Medical Assistance.

    a. A dependent child in the household who received Medical Assistance through continuous eligibility, but is no longer eligible for Medical Assistance based on a redetermination, is eligible for the family's remaining months of Transitional Medical Assistance.

    b. An individual in the household who received Medical Assistance, but is no longer eligible for Medical Assistance based on a redetermination, is eligible for the family's remaining months of Transitional Medical Assistance

3. To become or remain eligible for Transitional Medical Assistance:

    a. The household must include a dependent child. If it is determined that the household no longer has a child living in the home, Transitional Medicaid Assistance shall discontinue at the end of the month in which the household does not include a dependent child.

    b. If health insurance is available from the employer to the employee, at no cost to the Medical Assistance recipient, the client shall enroll in the insurance program.

4. When Transitional Medical Assistance ends the case will be reassessed for all other categories of Medical Assistance for which the family members may be eligible. A new application shall not be required for this process.

5. Eligibility for Medical Assistance shall be extended for four months (beginning with the first month of ineligibility) for certain families who become ineligible for Medical Assistance due solely or partially to the receipt of support income, such as alimony. The extension shall be applied for a family which receives assistance under Medical Assistance in at least three of the six months immediately preceding the month in which the family becomes ineligible for assistance. To be eligible for the four month Medical Assistance extension, the family shall meet all other eligibility criteria for Medical Assistance before the alimony income is applied.

    a. Alimony received will be countable income only if the divorce or legal separation is executed on or before December 31, 2018. Alimony will not be countable income if the divorce or legal separation is modified or executed on or after January 1, 2019.

8.100.4.J. Express Lane Eligibility

Express Lane Eligibility shall allow for automatic initiation of Medical Assistance enrollment by using available data and findings from other programs as listed below.

1. Free/Reduced Lunch Program

    a. Recipients of the Free/Reduced Lunch Program who have submitted a Free/Reduced Lunch application at a participating school district-

        i) Families shall be given the option to opt into Medical Assistance coverage for their potentially eligible child.

        ii) Children who meet all necessary eligibility requirements as outlined in this volume shall be automatically enrolled.

iii) Children who meet all necessary eligibility requirements except verification of U.S. citizenship and identity shall receive 90days of eligibility while awaiting this verification.

iv) Any additionally required verification shall be requested from the client through CBMS prior to being automatically enrolled.

v) Eligibility is based on income declared on the Free/Reduced Lunch application as well as eligibility requirements outlined in this volume.

vi) If it would be found that a child does not satisfy an eligibility requirement for Medical Assistance, the child's eligibility will be evaluated using the Single Streamlined Application for Medical Assistance.

b. Recipients of the Free/Reduced Lunch Program who were not required to submit a Free/Reduced Lunch application at a participating school district-

i) Families who are automatically enrolled Free/Reduced Lunch recipient children shall not be forwarded to the Department for Express Lane Eligibility in compliance USDA confidentiality guidelines.

ii) These families must apply for Medical Assistance in order to give consent for request of benefits.

2. Direct Certification

a. Individuals who have submitted a Food Assistance or Colorado Works application

i) Families shall be given the option to opt into Medical Assistance coverage for their potentially eligible child.

ii) Children who meet all necessary eligibility requirements as outlined throughout 8.100.4 shall be automatically enrolled

iii) Children who meet all necessary eligibility requirements except verification of U.S. citizenship and identity will receive 90 days of eligibility while awaiting this verification.

iv) Any additionally required verification shall be requested from the client through CBMS prior to being automatically enrolled.

v) Eligibility is based on income declared on the Food Assistance or Colorado Works application as well as eligibility requirements outlined throughout this volume.

vi) If it would be found that a child does not satisfy an eligibility requirement for Medical Assistance, the child's eligibility shall be evaluated using the Single Streamlined Application for Medical Assistance.

vii) Individuals whose eligibility is not determined through Express Lane Eligibility can also submit a separate Single Streamlined Application for Medical Assistance to determine eligibility.

8.100.5. Aged, Blind, and Disabled, Long Term Care, and Medicare Savings Plan Medical Assistance General Eligibility

8.100.5.A. Application Requirements

1. When an individual applies for Medical Assistance on the basis of disability or blindness, the eligibility sites shall take the application and determine whether the individual is eligible for Long Term Care or any of the Aged, Blind, and Disabled categories of assistance described in section 8.100.6. If the applicant does not qualify for Medical Assistance on one of those bases, he/she shall be referred to the local Social Security office to apply for SSI.

    a. Applicants who apply for Long-Term Care Medical Assistance on the basis of disability or blindness, or who apply for the Medicaid Buy-In Program for Working Adults with Disabilities or the Medicaid Buy-In Program for Children with Disabilities without a current disability determination, shall complete a Medical Assistance disability determination application in addition to the required Single Streamlined Application. The disability determination application is not required for individuals that have already been determined disabled by the Social Security Administration.

    b. The Medical Assistance disability determination application shall be collected by a designated eligibility site representative and shall be forwarded to the state disability determination contractor upon completion. The state disability determination contractor shall conduct a client disability determination and shall forward the determination to the designated eligibility site representative.

    c. For the Medicaid Buy-In Program for Working Adults with Disabilities, if an individual does not meet the Social Security Administration definition of disability, the state disability determination contractor can review the individual's circumstances to determine if the individual meets limited disability.

    d. Due to the Coronavirus COVID-19 Public Health Emergency, if a person's existing disability determination has expired, the person shall remain enrolled in Medical Assistance until the emergency has ended and the state has processed the verification of eligibility, unless the individual requests a voluntary termination of eligibility.

2. Persons requesting Aged, Blind, and Disabled Medical Assistance need only to complete the Single Streamlined Application.

8.100.5.B. Verification Requirements

1. The particular circumstances of an applicant will dictate the appropriate documentation needed for a complete application. The following items shall be verified for individuals applying for Medical Assistance:

    a. Social Security Number: Each individual requesting assistance on the application shall provide a Social Security Number (SSN), or each shall submit proof of an application to obtain an SSN, unless they qualify for an exception listed in 8.100.3.I.1.b. Individuals who qualify for an exception must not be required to provide an SSN.

        i) Due to the Coronavirus COVID-19 Public Health Emergency, at application, self-attestation is acceptable for SSN criteria, with the exception of verification of citizenship and immigration status. At the end of the COVID-19 Public Health Emergency, verification for SSN eligibility criteria will be required.

            1) Applicants who meet the criteria for any categorical Medical Assistance programs, but do not meet the federal and state criteria of citizenship and immigration status are only eligible to receive emergency medical services.

b. Verification of citizenship and identity as outlined in the section 8.100.3.H under Citizenship and Identity Documentation Requirements.

c. Earned income may be self-declared by an individual and verified by the Income and Eligibility Verification System (IEVS). Individuals who provide self-declaration of earned income must also provide a Social Security Number for wage verification purposes. If a discrepancy occurs between self-declared income and IEVS wage data reports, IEVS wage data will be used to determine eligibility. An individual may dispute IEVS wage data by submitting all wage verification for all months in which there is a wage discrepancy.

When discrepancies arise between self-attested income and electronic data source results, the applicant shall receive every reasonable opportunity to establish his/her financial eligibility through the test for reasonable compatibility, by providing a reasonable explanation of the discrepancy, or by providing paper documentation in accordance with this section. For Reasonable Opportunity Period please see section 8.100.3.H.9.

Income information obtained through an electronic data source shall be considered reasonably compatible with income information provided by or on behalf of an applicant in the following circumstances:

i) If the amount attested by the applicant and the amount reported by an electronic data source are both below the applicable income standard for the requested program, that income shall be determined reasonably compatible and the applicant shall be determined eligible.

ii) If the amount attested by the applicant is below the applicable income standard for that program, but the amount reported by the electronic data source is above, and the difference is within the reasonable compatibility threshold percentage of 20%, the income shall be determined reasonably compatible and the applicant shall be determined eligible.

iii) If both amounts are above the applicable income standard for that program, the income shall be determined reasonably compatible, and the applicant shall continue to be determined eligible during the federal Coronavirus COVID-19 Public Health Emergency.

If income information provided by or on behalf of an applicant is not determined reasonably compatible with income information obtained through an electronic data source, a reasonable explanation of the discrepancy will not be requested during the federal COVID-19 Public Health Emergency. If the applicant does not provide the required documentation within the reasonable opportunity period, then the applicant's Medical Assistance benefits shall not be terminated during the federal Coronavirus COVID-19 Public Health Emergency. When the federal Public Health Emergency has ended, a reasonable opportunity period will be given to request proper documentation from the member.

iv) During the federal Coronavirus COVID-19 Public Health Emergency the Department may request paper documentation when the Department does not find income to be reasonably compatible. If the member does or does not provide paper documentation they will remain eligible during the public health emergency period.

If the applicant is self-employed, ledgers are sufficient for verification of earnings, if a ledger is not available, receipts are acceptable. The ledger included in the Medical Assistance application is sufficient verification of earnings, unless questionable. If an

individual cannot provide verification through self-declaration, income shall be verified by wage stubs, written documentation from the employer stating the employees' gross income or a telephone call to an employer. Applicants may request that communication with their employers be made in writing.

As of CBMS implementation, estimated earned income shall be used to determine eligibility if the applicant/client provides less than a full calendar month of wage stubs for the application month. A single recent wage stub shall be sufficient if the applicant's income is expected to be the same amount for the month of application. Written documentation from the employer stating the employees' gross income or a telephone call to an employer, if the applicant authorizes the telephone call shall also be acceptable verification of earned income. Verification of earned income received during the month prior to the month of application shall be acceptable if the application month verification is not yet available. Actual earned income shall be used to determine eligibility if the client provides verification for the full calendar month.

v) During the federal COVID-19 Public Health Emergency, all earned income and self-employment may be reported by self-attestation. At the end of the federal COVID-19 Public Health Emergency, proof of any unverified income shall be provided.

d. Verification of all unearned income shall be provided if the unearned income was received in the month for which eligibility is being determined or during the previous month. If available, information that exists in another case record or verification system shall be used to verify unearned income.

i) During the federal COVID-19 Public Health Emergency, all unearned income may be reported by self-attestation. At the end of the federal COVID-19 Public Health Emergency, proof of any unverified income shall be provided.

e. Verification of all resources shall be provided if the resources were available to the applicant in the month for which eligibility is being determined.

Resource information that is verified through an electronic data source, such as the Asset Verification Program, shall be a valid verification. Supplemental physical verifications for the same resource is not required unless further information is needed for clarification.

i) During the federal COVID-19 Public Health Emergency, all resources may be reported by self-attestation. At the end of the federal COVID-19 Public Health Emergency, proof of any unverified resources shall be provided.

f. Immigrant registration cards or papers, if applicable, to determine if the client is eligible for full Medical Assistance benefits. If an applicant does not provide this, he/she shall only be eligible for emergency Medical Assistance if they meet all other eligibility requirements.

g. Additional verification-If the requested verification is submitted by the applicant, no other additional verification shall be required unless the submitted verification is found to be questionable on the basis of fact.

h. The determination that information is questionable shall be documented in the applicant's case file and CBMS case comments.

8.100.5.C. Effective Date of Eligibility

1. Eligibility for the Aged, Blind and Disabled categories shall be approved effective on the later of:

    a. The first day of the month of the Single Streamlined Application for Medical Assistance; or

    b. The first day of the month the person becomes eligible for Medical Assistance.

2. The date that eligibility begins for Long-Term Care Medical Assistance is defined in section 8.100.7.A and B.

3. For the Medicaid Buy-In Program for Children with Disabilities, any child who is determined to be eligible for Medical Assistance at any time during a calendar month shall be eligible for benefits during the entire month.

4. Clients applying for Medical Assistance under the Aged, Blind and Disabled category shall be reviewed for retroactive eligibility as described at 8.100.3.E. When reviewing for retroactive eligibility for an individual who is SSI eligible or applied and became SSI eligible in each of the retroactive months, the applicant must:

    a. Be aged at least 65 years; or

    b. Meet the Social Security Administration definition of disability by:

        i) Being approved as eligible to receive either SSI or SSDI, on or prior to the date of a medical service; or

        ii) Having a disability onset date determined on or prior to the date of a medical service; and

    c. Meet the financial requirements as described at 8.100.5.E.

8.100.5.D. Medical Assistance Estate Recovery Program

1. The eligibility site shall provide written information from the Department to the following people explaining the provisions of the Medical Assistance Estate Recovery Program and how those provisions may pertain to the applicant/client:

    a. Applicants age 55 and older who are institutionalized.

    b. Applicants/clients who will turn age 55 before their next eligibility re-determination who are institutionalized.

    c. Clients age 55 and older who are approved for admittance to an institution

8.100.5.E. Availability of Resources and Income

Consistent with the legislative declaration outlined at C.R.S. § 25.5-4-300.4, Medicaid should be the payer of last resort for payment of medically necessary goods and services furnished to clients. All other sources of payment, including an individual's own countable income and resources, should be utilized to the fullest extent possible before Medicaid is accessed.

1. Income, which includes earned and unearned income, shall be calculated on a monthly basis regardless of whether it is received annually, semi-annually, quarterly or weekly.

2. For married couples, the income and resources of both spouses are counted in determining eligibility for either or both spouses. Refer to section 8.100.7.C for exceptions.

3. Resources and income shall be considered available when actually available; or, shall be deemed available when all of the following apply to the resources or income of the individual or individual's spouse:

    a. has any ownership interest in income or resources or equity value of a resource;

    b. has the right, authority, or power to convert the resource or income to cash or to cause the resource or income to be converted to cash; and

    c. is not legally restricted from using the resource or income for his or her support and maintenance.

4. Resources and income shall not be considered unavailable merely because the individual or individual's spouse may need to initiate legal proceedings to access the resources or income.

5. If the applicant or client demonstrates with clear and convincing evidence that appropriate steps are being taken to secure the resources, Medical Assistance shall not be delayed or terminated. Verification of efforts to secure the resources must be provided at regular intervals as requested by the Eligibility Site.

6. Resources will be considered available and Medical Assistance shall be denied or terminated if the applicant or client refuses or fails to make a reasonable effort to secure potential resources or income.

7. Timely and adequate notice must be given regarding a proposed action to deny, reduce, or terminate assistance due to failure to make reasonable efforts to secure resources or income. If upon receipt of the prior notice, the individual acts to secure the potential resource, the proposed action to deny, reduce, or terminate assistance must be withdrawn, and assistance must be approved or continued until the resource or income is, in fact, available.

8. If the resources or income has been transferred to a trust, the trust shall be submitted for review to the Department to determine the effect of the trust on eligibility in accordance with section 8.100.7.E.

9. A resource may not necessarily be unavailable by virtue that an individual may be unaware of his or her ownership of an asset. The Department will not treat the unknown asset as a resource during the period in which the individual was unaware of his/her ownership. However, the value of the previously unknown asset, including any monies such as interest that have accumulated on the asset through the month of discovery, is evaluated under regular income-counting rules in the month of discovery, and the asset is a resource subject to the resource-counting rules following the month of discovery.

    a. The burden is on the individual to prove by clear and convincing evidence that the asset was unavailable by virtue of being unknown by the recipient.

    b. Unknown assets shall not be deemed an overpayment pursuant to Section 8.065 of the Department's regulations where the asset was unknown through no fault of the individual.

    c. If the previously unknown asset causes the individual to be ineligible, the individual may repay the Department from the excess resources to retain Medicaid eligibility.

8.100.5.F. Income Requirements

1. This section reviews how income is looked at for the ABD and Long Term Care Medical Programs and determining premiums for the Medicaid Buy-In Program for Working Adults with Disabilities. For more general income information and income types refer to the Medical Assistance General Eligibility Requirements section 8.100.3.

2. Income for the ABD Medical Programs eligibility is income which is received by an individual or family in the month in which they are applying for or receiving Medical Assistance, or the previous month if income for the current month is not yet available to determine eligibility.

3. A self-declared common law spouse retains the same financial responsibility as a legally married spouse. Once self-declared as married under the common law, financial responsibility remains unless legal separation or divorce occurs. If two persons live together, but are not married to each other, neither one has the legal responsibility to support the other. This is not changed by the fact that the unmarried individuals may share a common child.

4. Earned income is countable as income in the month received and a countable resource the following month. Earned Income includes the following:

    a. Wages, which include salaries, commissions, bonuses, severance pay, and any other special payments received because of employment.

    b. Net earnings from self-employment

    c. Payments for services performed in a sheltered workshop or work activities center

    d. Certain Royalties and honoraria

5. Unearned income is the gross amount received in cash or kind that is not earned from employment or self-employment.

    Unearned income is countable as income in the month received and any unspent amount is a countable resource the following month. Unearned income includes, but is not limited to, the following:

    a. Death benefits, reduced by the cost of last illness and burial

    b. Prizes and awards

    c. Gifts and inheritances

    d. Interest payments on promissory notes established on or after March 1, 2007.

    e. Interest or dividend payments received from any resources

    f. Lump sum payments from workers' compensation, insurance settlements, etc.

    g. Dividends, royalties or other payments from mineral rights or other resources listed for sale within the resource limits

    h. Income from annuities that meet requirements for exclusion as a resource

    i. Pensions and other period payments, such as:

        i) Private pensions or disability benefits

ii) Social Security benefits (Retirement, survivors, and disability)

iii) Workers' Compensation payments

iv) Railroad retirement annuities

v) Unemployment insurance payments

vi) Veterans benefits other than Aid and Attendance (A&A) and Unusual Medical Expenses (UME).

vii) Alimony and support payments

j. Support and maintenance in kind - The support and maintenance in kind amount should not be greater than one third of the Federal Benefit Rate (FBR). Use the Presumed Maximum Value (PMV) of 1/3 of the recipient's portion of the rent to determine the support and maintenance in kind amount. Use one third of the FBR if an amount is not declared by the client.

6. For the purpose of determining eligibility for the Long Term Care and Aged, Blind, and Disabled Medical Assistance categories the following shall be exempt from consideration as either income or resources:

a. A bona fide loan. Bona fide loans are loans, either private or commercial, which have a repayment agreement. Declaration of such loans is sufficient verification.

b. Benefits received under Title VII, Nutrition Program for the Elderly, of the Older Americans Act.

c. Title XVI (SSI) or Title II (Retirement Survivors or Disability Insurance) retroactive payments (lump sum) for nine months following receipt and the remainder countable as a resource thereafter.

d. The value of supplemental food assistance received under the special food services program for children provided for in the National School Lunch Act and under the Child Nutrition Act, including benefits received from the special supplemental food program for women, infants and children (WIC).

e. Home produce utilized for personal consumption.

f. Payments received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act; relocation payments to a displaced homeowner toward the purchase of a replacement dwelling are considered exempt for up to 6 months.

g. The value of any assistance paid with respect to a dwelling unit is excluded from income and resources if paid under:

i) Experimental Housing Allowance Program (EHAP) payments made by HUD under section 23 of the U.S. Housing Act.

ii) The United States Housing Act of 1937 (§ 1437 et seq. of 42 U.S.C.)

iii) The National Housing Act (§ 1701 et seq. of 12 U.S.C.)

iv) Section 101 of the Housing and Urban Development Act of 1965 (§ 1701s of 12 U.S.C., § 1451 of 42 U.S.C.);

v) Title V of the Housing Act of 1949 (§ 1471 et seq. of 42 U.S.C.); or

vi) Section 202(h) of the Housing Act of 1959.

h. Payments made from Indian judgment funds and tribal funds held in trust by the Secretary of the Interior and/or distributed per capita; and initial purchases made with such funds. (Public Law No 98-64 and Public Law No. 97-458).

i. Distributions from a native corporation formed pursuant to the Alaska Native Claims Settlement Act (ANCSA) which are in the form of: cash payments up to an amount not to exceed $ 2000 per individual per calendar year; stock; a partnership interest; or an interest in a settlement trust. Cash payments, up to $ 2000, received by a client in one calendar year which is retained into subsequent years is excluded as income and resources; however, cash payments up to $ 2000 received in the subsequent year would be excluded from income in the month(s) received but counted as a resource if retained beyond that month(s).

j. Assistance from other agencies and organizations.

k. Major disaster and emergency assistance provided to individuals and families, and comparable disaster assistance provided to states, local governments and disaster assistance organizations shall be exempt as income and resources in determining eligibility for Medical Assistance.

l. Payments received for providing foster care.

m. Payments to volunteers serving as foster grandparents, senior health aids, or senior companions, and to persons serving in the Service Corps of Retired Executives (SCORE) and Active Corps of Executives (ACE) and any other program under Title I (VISTA) when the value of all such payments adjusted to reflect the number of hours such volunteers are serving is not equivalent to or greater than the minimum wage, and Title II and Title III of the Domestic Volunteer Services Act.

n. The benefits provided to eligible persons or households through the Low Income Energy Assistance (LEAP) Program.

o. Training allowances granted by the Workforce Investment Act (WIA) to enable any individual whether dependent child or caretaker relative, to participate in a training program

p. Payments received from the youth incentive entitlement pilot projects, the youth community conservation and improvement projects, and the youth employment and training programs under the Youth Employment and Demonstration Project Act.

q. Social Security benefit payments and the accrued amount thereof to a client when an individual plan for self-care and/or self-support has been developed. In order to disregard such income and resources, it shall be determined that (1) SSI permits such disregard under such developed plan for self-care-support goal, and (2) assurance exists that the funds involved will not be for purposes other than those intended.

r. Monies received pursuant to the “Civil Liberties Act of 1988” P.L. No. 100-383, (by eligible persons of Japanese ancestry or certain specified survivors, and certain eligible Aleuts).

s. Payments made from the Agent Orange Settlement Fund or any fund established pursuant to the settlement in the In Re Agent Orange product liability litigation, M.D.L. No 381 (E.D.N.Y).

t. A child receiving subsidized adoption funds shall be excluded from the Medical Assistance budget unit and his income shall be exempt from consideration in determining eligibility, unless such exclusion results in ineligibility for the other members of the household.

u. The Earned Income Tax Credit (EIC). EIC shall also be exempt as resources for the month it is received and for the following month.

v. Any money received from the Radiation Exposure Compensation Trust Fund, Including the Energy Employees Occupational Illness Compensation Program Act, pursuant to P.L. No. 101-426 as amended by P.L. No. 101-510.

w. Reimbursement or restoration of out-of-pocket expenses. Out-of-pocket expenses are actual expenses for food, housing, medical items, clothing, transportation, or personal needs items.

x. Payments to individuals because of their status as victims of Nazi persecution pursuant to Public Law No. 103-286.

y. General Assistance, SSI, OAP-A and cash assistance under the Temporary Assistance to Needy Families (TANF) funds.

z. All wages paid by the United States Census Bureau for temporary employment related to the decennial Census.

aa. Any grant or loan to an undergraduate student for educational purposes made or insured under any programs administered by the Commissioner of Education (Basic Education Opportunity Grants, Supplementary Education Opportunity Grants, National Direct Student Loans and Guaranteed Student Loans), Pell Grant Program, the PLUS Program, the BYRD Honor Scholarship programs and the College Work Study Program.

bb. Any portion of educational loans and grants obtained and used under conditions that preclude their use for current living cost (need-based).

cc. Financial assistance received under the Carl D. Perkins Vocational and Applied Technology Education Act that is made available for attendance cost shall not be considered as income or resources. Attendance cost includes tuition, fees, rental or purchase of equipment, materials or supplies required of all students in the same course of study, books, supplies, transportation, dependent care and miscellaneous personal expenses of students attending the institution on at least a half-time basis, as determined by the institution.

dd. The additional unemployment compensation of $25 a week enacted through the American Recovery and Reinvestment Act of 2009.

8.100.5.G. Deeming Of Income And Resources For The OAP Program

1. All aliens who apply for OAP on or after April 16, 1988, for three years after the date of admission into the United States, shall have the income and resources of their sponsors other than relatives deemed for their care. Refer to the Medical Assistance General Eligibility Requirements section 8.100.3.K for specific information on deeming of income and resources.

8.100.5.H. Income Allocations and Disregards

1. The following income allocations and disregards are only applicable to SSI related, OAP, Medicare Savings Programs (MSP), and the Medicaid Buy-In Program for Working Adults with Disabilities.

   These allocations and disregards are not applicable to the HCBS waivers or the LTC programs.

   For the Medicaid Buy-In Program for Working Adults with Disabilities, the applicant's spouse's income does not count toward the applicant.

   a. Income of spouses living together is considered mutually available for SSI related, OAP, and Medicare Savings Programs (MSP).

   b. For a person living in the household of another and not paying shelter costs, one third of the Federal Benefit Rate (FBR) is counted as in-kind income and is added to the countable income. This does not apply to unemancipated children.

2. For the purposes of this rule, the following definitions apply:

   a. unemancipated child is:

      i) a child under age 18 who is living in the same household with a parent or spouse of a parent, or

      ii) a child under age 21 who is living in the same household with a parent or spouse of a parent, if the child is regularly attending a school, college, or university, or is receiving technical training designed to prepare the child for gainful employment.

   b. Ineligible child is a child who is not applying or eligible for SSI.

   c. Ineligible parent/spouse is a parent or spouse who is not applying or eligible for SSI.

3. Countable income is calculated by reducing the gross income by the following allocations and disregards.

   a. Income allocations are the part of the gross income that is allocated to individuals in the home who are not eligible for Supplemental Security Income or Old Age Pension. The allocation reduces the gross income that is deemed available to the applicant/client. The allocation is deducted from the gross income prior to applying the other disregards.

   The allocations are:

      i) An Ineligible Child Allocation is an amount equal to one half the current year's SSI FBR that is disregarded from the ineligible parents' gross income. This allocation is used to meet the needs of ineligible children in the household. This allocation is available for each ineligible child in the home. The amount of the allocation is reduced by any of the ineligible child's own income.

ii) An Ineligible Parent(s) Allocation is an amount equal to the current year's SSI FBR for a single individual or a couple, as applicable. This amount is used to meet the needs of the ineligible parent(s) in the home with an applicant/client child.

iii) No allocations are allowed for applicant/recipient spouses who do not have children in the home.

b. Allocations are applied to the income in the following manner:

i) Allocation disregards are deducted from unearned income before earned income.

ii) Ineligible child allocation disregards are deducted from parents' income before any standard disregards are applied.

iii) Ineligible parent(s) allocation disregards are deducted after any ineligible child allocation disregards and after the standard income disregards.

4. Income disregards

a. $20 General Income Disregard

If there is unearned income left after the Ineligible Child and Parent(s) Allocation Disregards are applied, a General Income Disregard of $20 shall be applied as follows:

i) The first $20 of total available unearned income (except for SSI income) must be disregarded. The remaining amount of unearned income is countable.

ii) If the client has less than $20 of unearned income, the difference between the gross unearned income and the $20 deduction shall be applied as an earned income disregard, if applicable.

iii) Only one $20 general income disregard is allowed per couple and is divided between the two spouses. If one of the spouses has no income the other spouse shall get the full $20 disregard.

b. $65 Plus One Half Remainder Earned Income Disregard

i) If there is earned income left after the Ineligible Child and Parent(s) Allocation Disregards are applied:

1) Deduct the first $65 of all earned income.

2) Divide the remaining income in half.

3) The result is the amount of earned income used for determining eligibility.

c. Child support received by an applicant/recipient child is reduced by one third of the total child support payment. This reduction does not apply to ineligible children when calculating the ineligible child allocation disregard.

d. The first $400 of the gross monthly earned income is exempt for a blind or disabled child who is a student that is regularly attending school. The exemption cannot exceed $1,620 in a calendar year.

e. Title 20 of the Code of Federal Regulations, § 416.1112 (2012) is hereby incorporated by reference into this rule. Such incorporation, however, excludes later amendments to or editions of the referenced material. These regulations are available for public inspection at the Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO 80203. Certified copies of incorporated materials are provided at cost upon request.

8.100.5.I. Determining Ownership of Income

1. If payment is made solely to one individual, the income shall be considered available income to that individual.

2. If payment is made to more than one individual, the income shall be considered available to each individual in proportion to their interests.

3. In case of a married couple in which there is no document establishing specific ownership interests, one-half of the income shall be considered available to each spouse.

4. Income from the Community Spouse's Monthly Income Allowance, as defined in the spousal protection rules in this volume at 8.100.7.R, is income to the community spouse.

8.100.5.J. Income-Producing Property

1. Net rental income from an exempt home or a life estate interest in an exempt home is countable after the following allowable deductions:

   a. Property taxes and insurance

   b. Necessary reasonable routine maintenance expenses

   c. Reasonable management fee for a professional property manager.

2. Non-business property that is necessary to produce goods or services essential to self- support is excluded up to $6,000.

3. Property used in a trade or business which is essential to self-support is excluded up to a limit of $6,000 if it produces 6% return of the $6,000 excluded value.

8.100.5.K. Department of Veterans Affairs (VA) Payments

The portion of the pension payments for Aid and Attendance (A&A) and Unusual Medical Expenses (UME), as determined by the VA, shall not be considered as income when determining eligibility.

1. The portion of the pension payments for Aid and Attendance (A&A) and Unusual Medical Expenses (UME), as determined by the VA, shall not be used as patient payment to the medical facility:

   a. for a veteran or surviving spouse of a veteran in a medical facility other than State Veterans Home; or

   b. for a veteran or surviving spouse of a veteran in a State Veterans Home with dependents.

2. For a veteran or surviving spouse of a veteran in a State Veterans Home with no dependents the portion of the pension payments for Aid and Attendance (A&A) and Unusual Medical Expenses (UME), as determined by the VA, shall be used as patient payment to the medical facility.

8.100.5.L. Reverse Mortgages

1. In accordance with C.R.S. § 11-38-110, reverse mortgages payments made to a borrower shall not be treated as income for eligibility purposes.

2. Funds remaining the following month after the payment is made will be countable as a resource.

3. Any payments from a reverse mortgage that are transferred to another individual without fair consideration shall be analyzed in accordance with the rules on transfers without fair consideration in the Long-Term Care section and may result in a penalty period of ineligibility.

8.100.5.M. Resource Requirements

1. Consideration of resources: Resources are defined as cash or other assets or any real or personal property that an individual or spouse owns. The resource limit for an individual is $2,000. For a married couple, the resource limit is $3,000. If one spouse is institutionalized, refer to Spousal Protection-Treatment of Income and Resources for Institutionalized Spouses. Effective January 1, 2011, the resource limits for the Qualified Medicare Beneficiaries (QMB), Specified Low Income Medicare Beneficiaries (SLMB), and Qualified Individuals 1 (QI-1) programs are $8,180 for a single individual and $13,020 for a married individual living with a spouse and no other dependents. The resource limits for the QMB, SLMB, and QI programs shall be adjusted annually by the Centers for Medicare and Medicaid Services on January 1 of each year. These resource limits are based upon the change in the annual consumer price index (CPI) as of September of the previous year. Resources are not counted for the Medicaid Buy-In Program for Working Adults with Disabilities or the Medicaid Buy-In Program for Children with Disabilities.

2. The following resources are exempt in determining eligibility:

    a. A home, which is any property in which an individual or spouse of an individual has an ownership interest and which serves as the individual's principal place of residence. The property includes the shelter in which an individual resides, the land on which the shelter is located and related outbuildings.

        i) Only one principal place of residence is excluded for a single individual or a married couple.

        ii) The individual's ownership interest in the home must have an equity value that:

            1) From January 1, 2006 thru December 31, 2010 is $500,000 or less, or;

            2) Is less than the amount that results from the year to year percentage increase to the $500,000 limit. The increase is based upon the consumer price index for all urban consumers (all items; United States city average), rounded to the nearest $1,000.

        iii) If an individual or spouse of an individual owns a home of any value located outside Colorado, and if the individual intends to return to that home, then the individual does not meet the residency requirement for Colorado Medicaid eligibility.

        iv) If an individual or spouse of an individual owns a home of any value located outside Colorado, and if the individual does not intend to return to that home, then the home is a countable resource unless the individual's spouse or dependent relative lives in the home.

v) If an individual or spouse of an individual owns a home located inside Colorado with an equity value lower than the limit in subparagraph (1), above, and if the individual intends to return to that home, then the home is considered an exempt resource if:

1) The individual is institutionalized; and

2) The intent to return home is documented in writing.

vi) If an individual or spouse of an individual owns a home with an equity value greater than the limit that is located inside Colorado, and if the individual intends to return to that home, then the home is considered to be a countable resource unless spouse or dependent relative lives in the home.

vii) If an individual or spouse of an individual owns a home of any value located inside Colorado, and if the individual does not intend to return to that home, then the home is a countable resource unless spouse or dependent relative lives in the home.

viii) If an individual or spouse moves out of his or her home without the intent to return, the home becomes a countable resource because it is no longer the individual's principal place of residence.

ix) If an individual leaves his or her home to live in an institution, the home shall still be considered the principal place of residence, irrespective of the individual's intent to return as long as the individual's spouse or dependent relative continues to live there.

x) The individual's equity in the former home becomes a countable resource effective with the first day of the month following the month it is no longer his or her principal place of residence.

xi) The intent to return home applies to the home in which the individual or spouse of the individual was living prior to being institutionalized or to a replacement home as long as the individual’s spouse or dependent relative continues to live in the home.

xii) The intent to return home also applies if the individual is living in an assisted living facility or alternative care facility and receives HCBS while in that facility or transfers into a Long-Term Care institution to receive services.

xiii) For an individual in a Long-Term Care institution, receiving HCBS, or enrolled in PACE, the exemption for the principal place of residence does not apply to a residence which has been transferred to a trust or other entity, such as a partnership or corporation.

1) The exemption shall be regained if the residence is transferred back into the name of the individual.

xiv) The principal place of residence, which is subject to estate recovery, becomes a countable resource upon the execution and recording of a beneficiary deed.

The exemption can be regained if a revocation of the beneficiary deed is executed and recorded.

b. Excess property will not be included in countable resources as long as reasonable efforts to sell it have been unsuccessful. Reasonable efforts to sell means:

i.) The property is listed with a professional such as a real estate agent, broker, dealer, auction house, etc., at current market value.

ii) If owner listed, the property must be for sale at current market value, advertised and shown to the public.

iii) Any reasonable offer must be accepted.

iv) If an offer is received that is at least two-thirds of the current market value, that offer is presumed reasonable.

v) The client must continue reasonable efforts to sell and must submit verification of these efforts to the Eligibility Site on a quarterly basis. Reasonable effort is at Eligibility Site discretion.

vi) If the exemption is used to become eligible under the Spousal Protection rules, the property shall continue to be viewed according to 8.100.7.L while efforts to sell it are being made.

vii) Eligibility under this exemption is conditional. Once the property sells, the client shall be ineligible until the resources are below the prescribed limit.

c. One automobile is totally excluded regardless of its value if it is used for transportation for the individual or a member of the individual's household. An automobile includes, in addition to passenger cars, other vehicles used to provide necessary transportation.

d. Household goods are not counted as a resource to an individual (and spouse, if any) if they are:

i) Items of personal property, found in or near the home, that are used on a regular basis; or

ii) Items needed by the household for maintenance, use and occupancy of the premises as a home.

iii) Such items include but are not limited to: furniture, appliances, electronic equipment such as personal computers and television sets, carpets, cooking and eating utensils, and dishes.

e. Personal effects are not counted as a resource to an individual (and spouse, if any) if they are:

i) Items of personal property ordinarily worn or carried by the individual; or

ii) Articles otherwise having an intimate relation to the individual.

iii) Such items include but are not limited to: personal jewelry including wedding and engagement rings, personal care items, prosthetic devices, and educational or recreational items such as books or musical instruments.

iv) Items of cultural or religious significance to the individual and items required because of an individual’s impairment are also not counted as a resource.

f. The cash surrender value of all life insurance policies owned by an individual and spouse, if any, is exempt if the total face value of all life insurance policies does not exceed $1,500 on any person. If the total face value of all the life insurance policies exceeds $1,500 on one person, the cash surrender value of those policies will be counted.

g. Term life insurance having no cash surrender value, and burial insurance, the proceeds of which can be used only for burial expenses, are not countable toward the resource limit.

h. The total value of burial spaces for the applicant/recipient, his/her spouse and any other members of his/her immediate family is exempt as a resource. If any interest is earned on the value of an agreement for the purchase of a burial space, such interest is also exempt.

i. An applicant or recipient may own burial funds through an irrevocable trust or other irrevocable arrangement which are available for burial and are held in an irrevocable burial contract, an irrevocable burial trust, or in an irrevocable trust which is specifically identified as available for burial expenses without such funds affecting the person's eligibility for assistance.

j. An applicant or recipient may also own up to $1,500 in burial funds through a revocable account, trust, or other arrangement for burial expenses, without such funds affecting the person's eligibility for assistance. This exclusion only applies if the funds set aside for burial expenses are kept separate from all other resources not intended for burial of the individual or spouse's burial expenses. Interest on the burial funds is also excluded if left to accumulate in the burial fund. For a married couple, a separate $1,500 exemption applies to each spouse.

   The $1,500 exemption is reduced by:

   i) the amount of any irrevocable burial funds such as are described in the preceding subparagraph, and

   ii) the face value of any life insurance policy whose cash surrender value is exempt.

k. Achieving a Better Life Experience (ABLE) Accounts.

3. Countable resources include the following:

a. Cash;

b. Funds held by a financial institution in a checking or savings account, certificate of deposit or money market account;

c. Current market value of stocks, bonds, and mutual funds;

d. All funds in a joint account are presumed to be a resource of the applicant or client. If there is more than one applicant or client account holder, it is presumed that the funds in the account belong to those individuals in equal shares. To rebut this presumption, evidence must be furnished that proves that some or all of the funds in a jointly held account do not belong to him or her. To rebut the sole ownership presumption, the following procedure must be followed:

i) Submit statements from all of the account holders regarding who owns the funds, why there is a joint account, who has made deposits and withdrawals, and how withdrawals have been spent.

ii) Submit account records showing deposits, withdrawals and interest in the months for which ownership of funds is at issue.

iii) Correct the account title and submit revised account records showing that the applicant or client is no longer an account holder or separate the funds to show they are solely owned by the individual within 45 days.

e. Any real property that is subject to a recorded beneficiary deed and on which an estate recovery claim can be made.

f. For applications filed on or after January 1, 2006, an individual's home if the individual's equity interest in the home exceeds the equity value limit described at 8.100.5.M.2.a.i)1).

g. Real property not exempt as the principal place of residence and not exempt as income producing property with a value of $6,000 or less, as described at 8.100.5.J.

h. When the applicant alleges that the sale of real property would cause undue hardship to the co-owner due to loss of housing, all of the following information must be obtained:

i) The applicant or client's signed statement to that effect.

ii) Verification of joint ownership.

iii) A statement from the co-owner verifying the following:

1) The property is used as his principal place of residence.

2) The co-owner would have to move if the property were sold.

3) The co-owner would be unable to buy the applicant or client's interest in the property.

4) There is no other readily available residence because there is no other affordable housing available or no other housing with the necessary modifications for the co-owner if he is a person with disabilities.

i. Personal property such as a mobile home or trailer or the like, that is not exempt as a principal place of residence or that is not income producing.

j. Personal effects acquired or held for their value or as an investment. Such items can include but are not limited to: gems, jewelry that is not worn or held for family significance, or collectibles.

k. The equity value of all automobiles that are in addition to one exempt vehicle.

l. The cash surrender value of all life insurance policies owned by an individual and spouse is counted if the total face value of all the policies combined exceeds $1,500 on any person.

m. Promissory notes established before April 1, 2006 are treated as follows:

i) The fair market value of a promissory note, mortgage, installment contract or similar instrument is an available countable resource.

ii) In order to determine the fair market value, the applicant shall obtain three estimates of fair market value from a private note broker, who is engaged in the business of purchasing such notes. In order to obtain the estimates and locate willing buyers, the note shall be advertised in a newspaper with state wide circulation under business or investment opportunities.

iii) A note or similar instrument which transferred funds or assets for less than fair consideration shall be considered as a transfer for less than fair consideration and a period of ineligibility shall be imposed.

n. Promissory notes established on or after April 1, 2006 and before March 1, 2007 are treated as follows:

i) The value of a promissory note, loan or mortgage is an available countable resource unless the note, loan or mortgage:

1) Has a repayment term that is actuarially sound based on the individual's life expectancy, found in the tables at 8.100.7.J, for annuities purchased on or after February 8, 2006;

2) Provides for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made; and

3) Prohibits the cancellation of the balance upon the death of the lender.

ii) The value of a promissory note, loan or mortgage which does not meet the criteria in outlined in 8.100.5.M.3.n.i)1)-3) is the outstanding balance due as of the date of the individual's application for HCBS, PACE or institutional services and is subject to the transfer of assets without fair consideration provisions as outlined in section 8.100.7.F.

o. Promissory notes established on or after March 1, 2007 are treated as follows:

i) The value of a promissory note, loan or mortgage is the outstanding balance due as of the date of the individual's application for HCBS, PACE or institutional services and is an available countable resource, and

ii) A promissory note, loan or mortgage which does not meet the following criteria shall be considered to be a transfer without fair consideration and shall be subject to the provisions outlined at 8.100.7.F.

1) Has a repayment term that is actuarially sound based on the individual's life expectancy as found in the tables in section 8.100.7.J for annuities purchased on or after February 8, 2006;

2) Provides for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made; and

3) Prohibits the cancellation of the balance upon the death of the lender.

p. Mineral rights represent ownership interest in natural resources such as coal, oil, or natural gas, which normally are extracted from the ground.

i) Ownership of land and mineral rights. If the individual owns the land to which the mineral rights pertain, the current market value of the land generally includes the value of the mineral rights.

ii) If the individual does not own the land to which the mineral rights pertain, the individual should obtain a current market value estimate from a knowledgeable source. Such sources may include:

1) any mining company that holds leases;

2) the Bureau of Land Management;

3) the U.S. Geological Survey.

8.100.5.N. Treatment of Self-Funded Retirement Accounts

1. The following regulations apply to self-funded retirement accounts such as an Individual Retirement Account (IRA), Keogh Plan, 401(k), 403(b) and any other self-funded retirement account.

2. Self-funded retirement accounts in the name of the applicant are countable as a resource to the applicant.

3. Self-funded retirement accounts in the name of the applicant's spouse who is living with the applicant are exempt in determining eligibility for the applicant, except as set forth in 4. below.

4. Self-funded retirement accounts in the name of a community spouse who is married to an applicant who is applying for Long Term Care in a Long Term Care institution, HCBS or PACE, are countable as a resource to the applicant and may be included in the Community Spouse Resource Allowance (CSRA) up to the maximum amount allowable. The terms community spouse and CSRA are further defined in the regulations on Spousal Protection in this volume.

5. The value of a self-funded retirement account is determined as follows:

a. The gross value of the account, less any taxes due, is the amount that is countable as a resource, regardless of whether any monthly income is being received from the account.

b. If the applicant is not able to provide the amount of taxes that are due, the value shall be determined by deducting 20% from the gross value of the account.

8.100.5.O. Treatment of Inheritances

1. An inheritance is cash, other liquid resources, non-cash items, or any right in real or personal property received at the death of another.

2. If an Individual or individual’s spouse is the beneficiary of a will, the inheritance is presumed to be available at the conclusion of the probate process or within 6 months if the estate is not in probate.

3. If an individual or individual’s spouse is eligible for a family allowance in a probate proceeding, that allowance will be considered available three months after death or when actually available, whichever is sooner.

4. Evidence demonstrating that the inheritance is not available due to probate or other legal restrictions must be provided to rebut the presumption.

8.100.5.P. Treatment of Proceeds from Disposition of Resources

Treatment of proceeds from disposition of resources is determined as follows:

1. The net proceeds from the sale of exempt or non-exempt resources are considered available resources.

2. The net proceeds are the selling price less any valid encumbrances and costs of sale.

3. After deducting any amount necessary to raise the individual's and spouse's resources to the applicable limits, the balance of the net proceeds, in excess of the resource limits, shall be considered available resources. In lieu of terminating eligibility due to excess resources, the client may request that the proceeds be used to reimburse the Medical Assistance Program for previous payments for Medical Assistance.

4. The proceeds from the sale of an exempt home will be excluded to the extent they are intended to be used and are, in fact, used to purchase another home in which the individual, a spouse or dependent child resides, within three months of the date of the sale of the home.

8.100.6 Aged, Blind, and Disabled Medical Assistance Eligibility

8.100.6.A. Aged, Blind, and Disabled (ABD) General Information

1. Medical Assistance for ABD includes SSI eligible individuals, OAP recipients, and the Medicare Savings Program (MSP) individuals. Refer to section 8.100.5 of this volume for income and resource criteria for these categories of assistance.

8.100.6.B. Disability Determinations

1. Beginning on July 1, 2001, the Department or its contractor shall determine whether the client is disabled or blind in accordance with the requirements and procedures set forth elsewhere in this volume and according to Federal regulations regarding disability determinations.

2. A client who disagrees with the decision on disability or blindness shall have the right to appeal that decision to a state-level fair hearing in accordance with the procedures at 8.057.

8.100.6.C. SSI Eligibles

1. Benefits of the Colorado Medical Assistance Program must be provided to the following:

    a. persons receiving financial assistance under SSI;

    b. persons who are eligible for financial assistance under SSI, but are not receiving SSI;

    c. persons receiving SSI payments based on presumptive eligibility for SSI pending final determination of disability or blindness; and persons receiving SSI payments based on conditional eligibility for SSI pending disposal of excess resources.

2. The Department has entered into an agreement with SSA in which SSA shall determine Medical Assistance for all SSI applicants. Medical Assistance shall be provided to all individuals receiving SSI benefits as determined by SSA to be eligible for Medical Assistance.

3. The eligibility sites shall have access to a weekly unmatched listing of all individuals newly approved and a weekly SSI-Cases Denied or Discontinued listing. These lists shall include the necessary information for the eligibility site to authorize Medical Assistance.

4. Medical Assistance shall not be delayed due to the necessity to contact the SSI recipient and obtain third party medical resources.

5. Notification shall be sent to the SSI recipient advising him/her of the approval of Medical Assistance.

6. The SISC Code for this type of assistance is B.

7. Denied or terminated Medical Assistance based on a denial or termination of SSI which is later overturned, must be approved from the original SSI eligibility date.

8. Individuals who remain eligible as SSI recipients but are not receiving SSI payments shall receive Medical Assistance benefits. This group includes persons whose SSI payments are being withheld as a means of recovering an overpayment, whose checks are undeliverable due to change of address or representative payee, and persons who lost SSI financial assistance due to earned income.

9. If the eligibility site obtains information affecting the eligibility of these SSI recipients, they shall forward such information to the local Social Security office.

10. For individuals under 21 years of age who are eligible for or who are receiving SSI, the effective date of Medicaid eligibility shall be the date on which the individual applied for SSI or the date on which the individual became eligible for SSI, whichever is later.

    a. Special Provisions for Infants

        i) For an infant who is eligible for or who is receiving SSI, the effective date of Medicaid eligibility shall be the infant's date of birth if:

            1) the infant was born in a hospital;

            2) the disability onset date, as reported by the Social Security Administration, occurred during the infant's hospital stay; and

            3) the infant's date of birth is within three (3) months of the date on which the infant became eligible for SSI

8.100.6.D. Pickle Amendment

1. Beginning July 1977, Medical Assistance must be provided to an individual if their countable income is below the current years SSI standard after a cost of living adjustment (COLA) disregard is applied to their OASDI (excluding Railroad Retirement Benefits) and they meet all other eligibility criteria. This is referred to as Pickle Disregard.

2. The Pickle Disregard applies to an individual who:

a. lost SSI and/or OAP because of a cost of living adjustment to his/her own OASDI benefits.

b. lost SSI and/or OAP because a cost of living adjustment to OASDI income deemed from a parent or spouse.

c. lost OAP and/or SSI due to the receipt of, or increase to, OASDI, and would be eligible for OAP and/or SSI if all COLA'S on the amount that caused them to lose eligibility is disregarded from their current OASDI amount.

8.100.6.E. Pickle Determination

1. To determine eligibility of Medical Assistance recipients to whom the Pickle disregards apply, the eligibility site must:

   a. establish whether the person was eligible for SSI or OAP and, for the same month, was entitled to OASDI;

   b. determine the previous amount of the OASDI that caused them to lose SSI and/or OAP;

   c. determine the current OASDI income;

   d. subtract the previous OASDI income from the current OASDI income to find the cumulative OASDI COLAs since SSI and/or OAP was lost. This is the Pickle Disregard amount;

   e. subtract the Pickle Disregard amount from the current OASDI income to get the countable OASDI income.

2. If the countable OASDI income and all other countable income is less than the current SSI or OAP standard, and the individual meets all other eligibility criteria then medical eligibility must continue or be reinstated.

3. This disregard must also be applied to any OASDI cost of living increases paid to any financially responsible individual such as a parent or spouse whose income is considered in determining the person's continued eligibility for Medical Assistance.

4. The cost of living increase disregard specified in the preceding action must continue to be applied at each eligibility redetermination.

5. An SSI medical only individual who loses SSI due to an OASDI cost-of-living increase shall be contacted by the eligibility site to determine if the individual would continue to remain eligible for Medical Assistance under the provisions for SSI related cases. The individual must complete an application for assistance to continue receiving benefits.

8.100.6.F. 1972 Disregard Individuals

1. Medical Assistance must be provided to a person who was receiving financial assistance under AND or Aid to the Blind (AB) for August 1972 and who – except for the October 1972 Social Security (includes RRB) 20% increase amount would currently be eligible for financial assistance. This disregard must also be applied to a person receiving Medical Assistance in August 1972 who was eligible for financial assistance but was not receiving the money payment and to a person receiving Medical Assistance as a resident in a medical institution in August 1972.

2. To redetermine the eligibility of Medical Assistance recipients to whom the 1972 disregard applies, the eligibility site must:

   a. review the case against the current applicable program definitions and requirements;

   b. apply the resource and income criteria specified in section 8.100.5;

   c. subtract the 1972 disregard amount from the income;

   d. consider the remainder against the current appropriate SSI benefit level.

8.100.6.G. Individuals Eligible in 1973

1. Medical Assistance must be provided to ABD persons who are receiving mandatory state supplementary payments (SSP). Such persons are those with income below their December 1973 minimum income level (MIL).

2. Medical Assistance must be provided to a person who was eligible for Medical Assistance in December 1973 as an inpatient of a medical facility, who continues to meet the December 1973 eligibility criteria for institutionalized persons and who remains institutionalized.

3. Medical Assistance must be provided to a person who was eligible for Medical Assistance in December 1973 as an “essential spouse” of an AND or AB financial assistance recipient, and who continues to be in the grant and continues to meet the December 1973 eligibility criteria. Except for such persons who were grandfathered-in for continued assistance, essential spouses included in assistance grants after December 1973 are not eligible for Medical Assistance.

8.100.6.H. Eligibility for Certain Disabled Widow(er)s

1. Medical Assistance shall be provided retroactive to July 1, 1986, to qualified disabled widow(er)s who lost SSI and/or state supplementation due to the 1983 change in the actuarial reduction formula prescribed in section 134 of P.L. No. 98 21.

   In order for these widow(er)s to qualify, these individuals must:

   a. have been continuously entitled to Title II benefits since December 1983;

   b. have been disabled widow(er)s in January 1984;

   c. have established entitlement to Title II benefits prior to age 60;

   d. have been eligible for SSI/SSP benefits prior to application of the revised actuarial reduction formula;

   e. have subsequently lost eligibility for SSI/SSP as a result of the change in the actuarial table; and

   f. reapply for assistance prior to July 1, 1987.

8.100.6.I. Eligibility for Disabled Widow(er)s

1. Effective January 1, 1991, Medical Assistance shall be provided to disabled widow(er)s age 50 through 64 who lost SSI and/or OAP due to the receipt of Social Security benefits as a disabled widow(er). The individual shall remain eligible for Medical Assistance until he/she becomes eligible for Part A of Medicare (hospital insurance).

To qualify these individuals must:

a. be a widow(er);

b. have received SSI in the past;

c. be at least 50 years old but not 65 years old;

d. no longer receive SSI payments because of Social Security payments;

e. not have hospital insurance under Medicare; and,

f. meet all other Medical Assistance requirements.

8.100.6.J. Disabled Adult Children

1. Medical Assistance shall be provided to an individual aged 18 or older who loses SSI due to the receipt of OASDI drawn from his/her parents' Social Security Number; and:

   a. who was determined disabled prior to the age of 22; and

   b. who is currently receiving OASDI income as a Disabled Adult Child; and

   c. who would continue to be eligible for SSI if:

      i) the current OASDI income of the applicant is disregarded; and

      ii) the resources are below the applicable limit as listed at 8.100.5.M; and

      iii) other countable income is below the current years SSI FBR.

2. Disabled Adult Children are identified by the OASDI Beneficiary Identification Code (BIC) of “C”.

8.100.6.K. Old Age Pension (OAP) Eligibles

1. Individuals that are 65 and over are defined as the OAP-A category. Individuals who attain the age of 60 but not yet 65 are defined as the OAP-B category.

2. Medical Assistance must be provided to persons receiving OAP-A or OAP-B and SSI (SISC B).

3. Medical Assistance must be provided to all OAP-A and OAP-B persons who also meet SSI eligibility criteria but are not receiving a money payment (SISC-B).

4. Medical Assistance must be provided to all OAP-A and OAP-B persons who also meet SSI eligibility criteria except for the level of their income (SISC-B).

5. Medical Assistance must be provided to persons in a facility eligible for Medical Assistance reimbursement whose income is under 300% of the SSI benefit level and who, but for the level of their income, would be eligible for OAP “A” or OAP “B” and SSI financial assistance. This group includes persons 65 years of age or older receiving active treatment as inpatients in a psychiatric facility eligible for Medical Assistance reimbursement (SISC A). This population is referenced as Psych >65.

6. The OAP B individual included in AFDC assistance unit shall receive Medical Assistance as a member of the AFDC household (SISC B).

7. The OAP State Only Medical Assistance Program provides Medical Assistance to OAP-A, OAP-B or OAP Refugees who lost their OAP financial assistance because of a cost of living adjustment other than OASDI. Examples of other sources of income are VA, RRB, PERA, etc. (SISC C).

8. For the purpose of identifying the proper SISC code for persons receiving assistance under OAP "A" or OAP "B", if the person:

   a. receives an SSI payment (SISC B);

   b. does not receive an SSI payment but is receiving assistance under OAP "A", a second evaluation of resources must be made using the same resource criteria as specified in section 8.100.5.M for those who meet this criteria the SISC code is B for money payment and "disregard" case, A for institutional cases;

   c. does not receive an SSI payment and does not otherwise qualify under SISC code B or A as described in item b. above (SISC C).

8.100.6.L. Qualified Medicare Beneficiaries (QMB)

1. Medical Assistance coverage for QMB clients is payment of Medicare part B premiums, co-insurance and deductibles.

2. Effective July 1, 1989, a Qualified Medicare Beneficiary is an individual who:

   a. is entitled to Part A Medicare; and

   b. resources may not exceed the standard for an individual or couple who have resources, as described in section 8.100.5.M; and

   c. has income at or below the percentage of the federal poverty level for the size family as mandated for QMB by federal regulations. Poverty level is established by the Executive Office of Management and Budget.

3. For QMB purposes, couples shall have their income compared against the federal poverty level couples income maximum. This procedure shall be applied whether one or both members apply for QMB.

4. For QMB purposes, income of the applicant and/or the spouse shall be determined as described under Income Requirements in section 8.100.5. If two or more individuals have earned income, the income of all the individuals shall be added together and the $65 plus one half remainder earned income disregard shall be applied to the total amount of earned income.

5. Medicare cost sharing expenses must be provided to qualified Medicare beneficiaries. This limited Medical Assistance package of Medicare cost sharing expenses only includes:

   a. payment of Part A Medicare premiums where applicable;

   b. payment of Part B Medicare premiums; and

   c. payment of coinsurance and deductibles for Medicare services whether or not a benefit of Medical Assistance up to the full Medicare rate or reasonable rates as established in the State Plan.

6. Individuals may be QMB recipients only or the individual may be classified as a dual eligible. A dual eligible is a Medicare recipient who is otherwise eligible for Medical Assistance.

7. A QMB-only recipient is an individual who is not eligible for other categorical assistance program due to their income and/or resources but who meets the eligibility criteria for QMB described above.

8. Individuals who apply for QMB assistance have the right to have their eligibility determined under all categories of assistance for which they may qualify.

9. All other general non-financial requirements or conditions of eligibility must also be met such as age, citizenship, residency requirements as well as reporting and redetermination requirements. These criteria are defined in section 8.100.3 of this volume.

10. Eligibility for QMB benefits shall be effective the month following the month of determination. Beneficiaries who submit and complete an application within the 45-day standard shall be eligible for benefits no later than the first of the month following the 45th day of application. Administrative delays shall not postpone the effective date of eligibility.

11. QMB benefits are not retroactive and the three month retroactive Medical Assistance rule does not apply to QMB benefits.

12. Clients who would lose their QMB entitlement due to annual social security COLA will remain eligible for QMB coverage under Medical Assistance, as income disregard cases, until the next year's federal poverty guidelines are published.

8.100.6.M. Specified Low Income Medicare Beneficiaries

1. Medical Assistance coverage for SLMB clients is limited to payment of monthly Medicare Part B (Supplemental Medical Insurance Benefits) premiums.

2. Effective January 1, 1993, a Specified Low Income Medicare Beneficiary (SLMB) is an individual who:

    a. is entitled to Medicare Part A;

    b. resources may not exceed the standard for an individual or couple who has resources as described in section 8.100.5.M of this volume.

    c. has income at or below a percentage of the federal poverty level for the family size as mandated by federal regulations for SLMB. Income limits have been defined through CY 1995, as follows: CY 1993 and 1994 100-110% of FPL, CY 1995 100-120% of FPL.

3. For SLMB purposes, couples shall have their income compared against the federal poverty level couples income maximum. This procedure shall be applied whether one or both members apply for SLMB.

4. For SLMB purposes, income of the applicant and/or the spouse shall be determined as described under Income Requirements in section 8.100.5. If two or more individuals have earned income, the income of all the individuals shall be added together and the $65 plus one half remainder earned income disregard shall be applied to the total amount of earned income.

5. SLMB eligibility starts on the date of application or up to three month prior to the application date for retroactive Medical Assistance.

6. Eligibility may be made retroactive up to 90 days, but may not be effective prior to 1/1/93.

7. Clients who would lose their SLMB entitlement due to annual SSA COLA will remain eligible for SLMB coverage, as income disregard cases, through the month following the month in which the annual federal poverty levels (FPL) update is published.

8.100.6.N. Medicare Qualifying Individuals 1 (QI1)

1. Medical Assistance coverage is limited to monthly payment of Medicare Part B premiums. Payment of the premium shall be made by the Department on behalf of the individual.

2. Eligibility for this benefit is limited by the availability of the allocation set by CMS. Once the state allocation is met, no further benefits under this category shall be paid and a waiting list of eligible individuals shall be maintained.

3. Eligibility for QI1 benefits shall be effective the month in which application is made and the individual is eligible for benefits. Eligibility may be retroactive up to three months from the date of application, but not prior to January 1, 1998.

4. In order to qualify as a Medicare Qualifying Individual 1, the individual must meet the following:

    a. be entitled to Part A of Medicare,

    b. income of at least 120%, but less than 135% of the FPL.

    c. resources may not exceed the standard as described in section 8.100.5.M, and

    d. he/she cannot otherwise be eligible for Medical Assistance.

5. For QI1 purposes, income of the applicant and/or the spouse shall be determined as described under Income Requirements in section 8.100.5. If two or more individuals have earned income, the income of all the individuals shall be added together and the $65 plus one half remainder earned income disregard shall be applied to the total amount of earned income.

6. Clients who would lose QI-1 entitlement due to annual social security COLA will remain eligible for QI-1 coverage under Medical Assistance, as an income disregard case, until the next year’s federal poverty guidelines are published.

8.100.6.O. Qualified Disabled And Working Individuals

1. Medical Assistance coverage is limited to monthly payment of Medicare Part A premiums, and any other Medicare cost sharing expenses determined necessary by CMS.

2. Effective July 1, 1990, a Qualified Disabled and Working Individual (QDWI) is an individual who:

    a. was a recipient of federal Social Security Disability Insurance (SSDI) benefits, who continues to be disabled but lost SSDI entitlement due to earned income in excess of the Social Security Administration's Substantial Gainful Activity (SGA) threshold, and;

    b. has exhausted SSA's allowed extension of “premium free” Medicare Part A coverage under SSDI, and;

    c. has resources at or below twice the SSI resource limit as described in section 8.100.5., and;

    d. has income less than 200% of FPL.

3. For QDWI purposes, income of the applicant and/or the spouse shall be determined as described under Income Requirements in section 8.100.5. If two or more individuals have earned income, the income of all the individuals shall be added together and the $65 plus one half remainder earned income disregard shall be applied to the total amount of earned income.

4. An individual may be eligible under this section only if he/she is not otherwise eligible under another Medical Assistance category of eligibility.

5. Eligibility for QDWI benefits shall be effective the month of determination of entitlement.

6. Eligibility may be retroactive only to the date as of which SSA approves an individual's application for coverage as a “Qualified Disabled and Working Individual”. However, eligibility may not begin prior to 07/01/90.

8.100.6.P. Medicaid Buy-In Program for Working Adults with Disabilities.

1. To be eligible for the Medicaid Buy-In Program for Working Adults with Disabilities:

   a. Applicants must be at least age 16 but less than 65 years of age.

   b. Income must be less than or equal to 450% of FPL after income allocations and disregards. See 8.100.5.F for Income Requirements and 8.100.5.H for Income allocations and disregards. Only the applicant’s income will be considered.

   c. Resources are not counted in determining eligibility.

   d. Individuals must have a disability as defined by Social Security Administration medical listing or a limited disability as determined by a state contractor.

   e. Individuals must be employed. Please see Verification Requirements at 8.100.5.B.1.c.

      i) Due to the federal COVID-19 Public Health Emergency, and required by the Federal CARES Act for the Maintenance of Effort (MOE), members who had a loss of employment will remain in the Buy-In program until the end of the federal Public Health Emergency. At the end of the federal Public Health Emergency, members will be redetermined based on their current employment status. New applicants enrolled will still need to meet the work requirement.

   f. Individuals will be required to pay monthly premiums on a sliding scale based on income.

      i) The amount of premiums cannot exceed 7.5% of the individual’s income.

      ii) Premiums are charged beginning the month after determination of eligibility. Any premiums for the months prior to the determination of eligibility will be waived.

      iii) Premium amounts are as follows:

         1) There is no monthly premium for individuals with income at or below 40% FPL.

         2) A monthly premium of $25 is applied to individuals with income above 40% of FPL but at or below 133% of FPL.

3) A monthly premium of $90 is applied to individuals with income above 133% of FPL but at or below 200% of FPL.

4) A monthly premium of $130 is applied to individuals with income above 200% of FPL but at or below 300% of FPL.

5) A monthly premium of $200 is applied to individuals with income above 300% of FPL but at or below 450% of FPL./

iv) The premium amounts will be updated at the beginning of each State fiscal year based on the annually revised FPL if the revised FPL would cause the premium amount (based on percentage of income) to increase by $10 or more.

v) A change in client net income may impact the monthly premium amount due. Failure to pay premium payments in full within 60 days from the premium due date will result in client's assistance being terminated prospectively. The effective date of the termination will be the last day of the month following the 60 days from the date on which the premium became past due.

vi) Due to the federal COVID-19 Public Health Emergency, the Department will waive premiums for the Medicaid Buy-In for Working Adults with Disability Program during the federal COVID-19 emergency declaration. Once the federal emergency declaration has concluded, the Department will notify all members as to when required premiums will resume.

2. Retroactive coverage is available according to 8.100.3.E, however is not available prior to program implementation

3. Individuals have the option to request to be disenrolled if they have been enrolled into the Medicaid Buy-In Program for Working Adults with Disabilities. This is also called "opt out."

8.100.6.Q. Medicaid Buy-In Program for Children with Disabilities

1. To be eligible for the Medicaid Buy-In Program for Children with Disabilities:

a. Applicants must be age 18 or younger.

b. Household income will be considered and must be less than or equal to 300% of FPL after income disregards. The following rules apply:

i) 8.100.4.E - MAGI Household Requirements

ii) 8.100.5.F - Income Requirements

iii) 8.100.5.F.6 - Income Exemptions

iv) An earned income of $90 shall be disregarded from the gross wages of each individual who is employed

v) A disregard of a 33% (.3333) reduction will be applied to the household's net income.

c. Resources are not counted in determining eligibility.

d. Individuals must have a disability as defined by Social Security Administration medical listing.

e. Children age 16 through 18 cannot be employed. If employed, children age 16 through 18 shall be determined for eligibility through the Medicaid Buy-In Program for Working Adults with Disabilities.

f. Families will be required to pay monthly premiums on a sliding scale based on household size and income.

i) For families whose income does not exceed 200% of FPL, the amount of premiums and cost-sharing charges cannot exceed 5% of the family's adjusted gross income. For families whose income exceeds 200% of FPL but does not exceed 300% of FPL, the amount of premiums and cost-sharing charges cannot exceed 7.5% of the family's adjusted gross income.

ii) Premiums are charged beginning the month after determination of eligibility. Any premiums for the months prior to the determination of eligibility will be waived.

iii) For households with two or more children eligible for the Medicaid Buy-In Program for Children with Disabilities, the total premium shall be the amount due for one eligible child.

iv) Premium amounts are as follows:

1) There is no monthly premium for households with income at or below 133% of FPL.

2) A monthly premium of $70 is applied to households with income above 133% of FPL but at or below 185% of FPL.

3) A monthly premium of $90 is applied to individuals with income above 185% of FPL but at or below 250% of FPL.

4) A monthly premium of $120 is applied to individuals with income above 250% of FPL but at or below 300% of FPL.

v) The premium amounts will be updated at the beginning of each State fiscal year based on the annually revised FPL if the revised FPL would cause the premium amount (based on percentage of income) to increase by $10 or more.

vi) A change in household net income may impact the monthly premium amount due. Failure to pay premium payments in full within 60 days from the premium due date will result in client's assistance being terminated prospectively. The effective date of the termination will be the last day of the month following the 60 days from the date on which the premium became past due.

vii) Due to the federal COVID-19 Public Health Emergency, the Department will waive premiums for the Department's Children with Disabilities Program during the federal emergency declaration. Once the federal emergency declaration has concluded, the Department will notify all members as to when required premiums will resume.

2. Retroactive coverage is available according to 8.100.3.E, however is not available prior to program implementation.

3. Verification requirements will follow the MAGI Category Verification Requirements found at 8.100.4.B.

4, Individuals have the option to request to be disenrolled if they have been enrolled into the Medicaid Buy-In Program for Children with Disabilities. This is also called “opt out.”

8.100.7 Long-Term Care Medical Assistance Eligibility

8.100.7.A. Persons in Long-Term Care Institutions or Other Residential Placement

1. For Long-Term Care services to be covered in a Long-Term Care institution, a client must be determined eligible under the 300% Institutionalized Special Income category. If the client is already Medicaid eligible, a new application is not required but the client must be determined to meet the eligibility criteria.

   For a client entering a Long-Term Care Institution from the community, the Eligibility Site must notify the Single Entry Point/Case Management Agency, upon receipt of the application or client request, to schedule the institutional level of care assessment. This is not applicable to a client being discharged from a hospital, nursing facility or Long-Term Home Health.

   For purposes of applying the special income standard for the aged, disabled or blind persons in Long-Term Care Institutions, gross income means income before application of deductions, exemptions or disregards appropriate to the SSI program.

   Medical Assistance will be provided beginning the first day of the month following the month during which a child under the age of 18 ceases to live with his or her parent(s). Once determined to meet the institutional requirement, parental income and resources will cease to be deemed available to the child because the child is institutionalized and not living in the parents' home.

2. Eligibility under the 300% Institutionalized Special Income category will be provided to applicants who:

   a. Have attained the age of 65 years or;

   b. Have met the requirements according to the definition of disability or blindness applicable to the Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI)

   c. Have been institutionalized for at least 30 consecutive full days in a Long-Term Care institution. The 30 consecutive full day stay may be a combination of days in a hospital, Long-Term Care institution, or receiving services from a Home and Community Based Services (HCBS) program or Program of All Inclusive Care for the Elderly (PACE).

      Supporting documentation must be provided which verifies the 30 consecutive full days. This documentation shall include the ULTC 100.2 and/or medical records which must be verified by a physician or case manager.

      If a client dies prior to the 30th consecutive full day, the client shall be determined to have met the 30 consecutive full day requirement if:

      i) There is a statement from a physician, or case manager that declares if the client had not died, he/she would have been institutionalized for 30 consecutive full days, and;

ii) The statement is verified by supporting documentation from the beginning of the institutionalized period, which is the first 15 days, or prior to the death of the client, whichever is earliest.

iii) Once the 30 consecutive days of institutionalization requirement has been met, Medical Assistance benefits start as of the first day when institutionalization began if all other eligibility requirements were met as of that date.

d. Are in a facility eligible for Medical Assistance Program reimbursement if the individual is in a hospital or Long-Term Care institution; and

e. Have gross income that does not exceed 300% of the current individual SSI benefit level or;

Are in a Long-Term Care institution (excluding hospital) whose gross income exceeds the 300% level and who establishes an income trust in accordance with the rules on income trusts in section 8.100.7 of this volume;

i) This special income standard must be applied for:

1) A person 65 years of age or older, or disabled or blind receiving care in a hospital, nursing facility; or

2) A person who is not SSI eligible needing Long-Term Care from HCBS or PACE; or

3) A person 65 years of age or older receiving active treatment as an inpatient in a psychiatric facility eligible for Medical Assistance reimbursement; and

f. Have resources that conform with the regulations regarding resource limits and exemptions set forth in section 8.100.5 of this volume; and

g. If married, Income and resources conform to rules set forth at 8.100.7.C and 8.100.7.K; and

h. Have not transferred assets without fair consideration on or after the look-back date defined in section 8.100.7.F.2.d. which would incur a penalty period of ineligibility in accordance with the regulations on transfers without fair consideration in section 8.100.7 of this volume; and

i. Have submitted trust documents to the Department if the individual or the individual's spouse has transferred assets into a trust or is a beneficiary of trust. The Department shall determine the effect of the trust on Medical Assistance Program eligibility.

j. Have submitted documents verifying that an annuity conforms to the regulations regarding Annuities at 8.100.7.I.

3. An appeal process is available to children identified by C.R.S. 27-10.3-101 to 108, The Child Mental Health Treatment Act, who are denied residential treatment. The appeal process is outlined in the Income Maintenance Staff Manual of the Department of Human Services (9 CCR 2503-1). A determination made in connection with this appeal shall not be the final agency action with regard to Medical Assistance eligibility

8.100.7.B. Persons Requesting Long-term Care through Home and Community Based Services (HCBS) or the Program of All Inclusive Care for the Elderly (PACE)

1. HCBS or PACE shall be provided to persons who have been assessed by the Single Entry Point/Case Management Agency to have met the functional level of care and will remain in the community by receiving HCBS or PACE; and

    a. are SSI (including 1619b) or OAP Medicaid eligible; or

    b. are eligible under the Institutionalized 300% Special Income category described at 8.100.7.A; or

    c. are eligible under the Medicaid Buy-In Program for Working Adults with Disabilities described at 8.100.6.P. For this group, access to HCBS:

        i) Is limited to the Elderly, Blind and Disabled (EBD), Community Mental Health Supports (CMHS), Brain Injury (BI), Spinal Cord Injury (SCI) and Supported Living Services (SLS) waivers; and

        ii) Is contingent on the Department receiving all necessary federal approval for the waiver amendments that extend access to HCBS to the Working Adults with Disabilities population described at 8.100.6.P.

2. A client who is already Medicaid eligible does not need to submit a new application. The client must request the need for Long-Term Care services and the Eligibility Site must redetermine the client's eligibility.

    a. All individuals applying for or requesting Long-Term Care services must disclose and provide documentation of:

        i) any transfer of assets without fair consideration as described at 8.100.7.F; and

        ii) any interest in an annuity as described at 8.100.7.I; and

        iii) any interest in a trust as described at 8.100.7.E.

    b. Failure to disclose and provide documentation of the assets described at 8.100.7.B.2.a may result in the denial of Long-Term Care services.

    c. The requirements at 8.100.7.B.2.a and 8.100.7.B.2.b do not apply to individuals who have been determined eligible under the Medicaid Buy-In Program for Working Adults with Disabilities described at 8.100.6.P.

3. For individuals served in Alternative Care Facilities (ACF), income in excess of the personal needs allowance and room and board amount for the ACF shall be applied to the Medical Assistance charges for ACF services. The total amount allowed for personal need and room and board cannot exceed the State's Old Age Pension Standard.

8.100.7.C. Treatment of Income and Resources for Married Couples

1. The income of a community spouse is not deemed to the institutionalized spouse in determining eligibility. If both spouses are institutionalized, their individual income is counted in determining their own eligibility. The income of one institutionalized spouse is not deemed to the other institutionalized spouse when determining eligibility.

2. The income and resources of both spouses are counted in determining eligibility for either or both spouses with the following exceptions:

   a. If spouses share the same room in an institution, the income of the individual spouse is counted in determining his or her eligibility, and each spouse is allowed the $2000 limit for resources.

   b. Beginning the first month following the month the couple ceases to live together, only the income of the individual spouse is counted in determining his or her eligibility.

   c. If one spouse is applying for Long-Term Care in a Long-Term Care institution or Home and Community Based Services (HCBS), refer to the rules on Treatment of Income and Resources for Institutionalized Spouses.

3. Long term care insurance benefits are not countable as income, but are payable as part of the patient payment to the Long-Term Care institution.

4. For living expense purposes, income and resources of spouses living in the same household for a full calendar month or more must be considered as available to each other, whether or not they are actually contributed, and must be evaluated in accordance with rules contained in 8.100.7.Q.

Long-Term Care

8.100.7.D. Other Medical Assistance Clients Requesting Long-Term Care in an Institution or through HCBS or PACE

Clients who need Long-Term Care services who are eligible for the State Only Health Care Program shall submit an application because they are not already Medicaid eligible.

8.100.7.E Consideration of Trusts in Determining Medical Assistance Eligibility

1. Trusts established before August 11, 1993:

   a. Medical Assistance Qualifying Trust (MQT)

      i) In the case of a Medical Assistance qualifying trust, as defined in 42 U.S.C. Sec. 1396a(k), the amount of the trust property that is considered available to the applicant/recipient who established the trust (or whose spouse established the trust) is the maximum amount that the trustee(s) is permitted under the trust to distribute to the individual assuming the full exercise of discretion by the trustee(s) for the distribution of the maximum amount to the applicant/recipient. This amount of property is deemed available resources to the individual, whether or not is actually received.

      ii) 42 U.S.C. Sec. 1396a(k) was repealed in 1993 and is reprinted here exclusively for purposes of trusts established before August 11, 1993. 42 U.S.C. Sec. 1396a(k) defines a Medical Assistance qualifying trust as “a trust, or similar legal device, established (other than by will) by an individual (or an individual's spouse) under which the individual may be the beneficiary of all or part of the payments from the trust and the distribution of such payments is determined by one or more trustees who are permitted to exercise any discretion with respect to the distribution to the individual.”

b. This provision does not apply to any trust or initial decrees established before April 7, 1986, solely for the benefit of a developmentally disabled individual who resides in an Long Term Care Institution for the developmentally disabled.

c. This provision does not apply to individuals who are receiving SSI.

2. Trusts established on or after July 1, 1994:

Assets include all income and resources of the individual and the individual's spouse, including all income and resources which the individual or the individual's spouse is entitled to but does not receive because of action by any of the following:

a. The individual or the individual's spouse,

b. A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse, or

c. Any person court or administrative body acting at the direction of or upon the request of the individual or the individual's spouse.

3. In determining an individual's eligibility for Medical Assistance, the following regulations apply to a trust established by an individual:

a. An individual shall be considered to have established a trust if assets of the individual were used to form all or part of the corpus of the trust, and if any of the following individuals established the trust, other than by will:

i) The individual or the individual's spouse

ii) A person, including a court or administrative body, with legal authority to act in place of, or on the behalf of, the individual or the individual's spouse;

iii) A person, including a court or administrative body acting at the direction or upon the request of the individual or the individual's spouse.

b. In the case of a trust, the corpus of which includes assets of an individual and the assets of any other person(s), this regulation shall apply to the portion of the trust attributable to the assets of the individual.

c. These regulations apply without regard to the following:

i) The purposes for which a trust is established;

ii) Whether the trustees have or exercise any discretion under the trust;

iii) Any restrictions on when or whether distributions may be made from the trust; or

iv) Any restrictions on the use of distributions from the trust.

4. Revocable Trusts are considered as follows:

a. The corpus of the trust shall be considered resources available to the individual.

b. Payments from the trust to or for the benefit of the individual shall be considered income to the individual, and

c. Any other payments from the trust shall be considered assets transferred by the individual for less than fair market value and are subject to a 60 month look back period and a penalty period of ineligibility as set forth in the regulations on transfers without fair consideration in this volume.

5. Irrevocable Trusts

If there are any circumstances under which payments from the trust could be made to or for the benefit of the individual, the following shall apply:

a) The portion of the corpus of the trust, or the income on the corpus, from which payment to the individual could be made, shall be considered as resources available to the individual.

b) Payments from that portion of the corpus, or income to or for the benefit of the individual, shall be considered income to the individual.

c) Payments from that portion of the corpus or income for any other purpose shall be considered as a transfer of assets by the individual for less than fair market value and are subject to a 60 month look back period and a penalty period of ineligibility as set forth in the regulations on transfers without fair consideration in this volume.

d) Any portion of the trust from which, or any income on the corpus from which no payment could be made to the individual under any circumstances, shall be considered as a transfer of assets for less than fair market value and shall be subject to a 60 month look back period and penalty period of ineligibility as set forth in the regulations on transfers without fair consideration in this volume. The transfer will be effective as of the date of the establishment of the trust, or the date on which payment to the individual from the trust was foreclosed, if later. The value of the trust shall be determined by including the amount of any payments made from such portion of the trust after such date.

6. The preceding regulations for trusts established on or after July 1, 1994, do not apply to the following:

a. Income Trusts

i) A trust consisting only of the individual's pension income, social security income and other monthly income that is established for the purpose of establishing income eligibility for Long Term Care institution care or Home and Community Based Services (HCBS). To be valid, the trust must meet the following criteria:

a) The individual's gross monthly income must be above the 300%-SSI limit but below the average cost of private Long Term Care institution care in the geographic region in which the individual resides and intends to remain. The Colorado Department of Health Care Policy and Financing shall calculate the average rates for such regions on an annual, calendar-year basis. The geographic regions which are used for calculating the average private pay rate for Long Term Care institution care shall be based on the Bureau of Economic Analysis Regions and consist of the following counties:

REGION I: (Adams, Arapahoe, Boulder, Broomfield, Denver, Jefferson)

REGION II: (Cheyenne, Clear Creek, Douglas, Elbert, Gilpin, Grand, Jackson, Kit Carson, Larimer, Logan, Morgan, Park, Phillips, Sedgwick, Summit, Washington, Weld, Yuma)

REGION III: (Alamosa, Baca, Bent, Chaffee, Conejos, Costilla, Crowley, Custer, El Paso, Fremont, Huerfano, Kiowa, Lake, Las Animas, Lincoln, Mineral, Otero, Prowers, Pueblo, Rio Grande, Saguache, Teller)

REGION IV: (Archuleta, Delta, Dolores, Eagle, Garfield, Gunnison, Hinsdale, La Plata, Mesa, Moffat, Montezuma, Montrose, Ouray, Pitkin, Rio Blanco, Routt, San Juan, San Miguel)

b) For Long Term Care institution clients, each month the trustee shall distribute the entire amount of income which is transferred into the trust. An amount not to exceed $20.00 may be retained for trust expenses such as bank charges if such charges are expected to be incurred by the trust.

c) The only deductions from the monthly trust distribution to the Long Term Care institution are the allowable deductions which are permitted for Medical Assistance-eligible persons who do not have income trusts. Allowable deductions include only the following:

i) Personal need allowance

ii) Spousal income payments

iii) Approved PETI payments

d) Any funds remaining after the allowable deductions shall be paid solely to the cost of the Long Term Care institution care in an amount not to exceed the Medical Assistance reimbursement rate. Any excess income which is not distributed shall accumulate in the trust.

e) No other deductions or expenses may be paid from the trust. Expenses which cannot be paid from the trust include, but are not limited to, trustee fees, attorney fees and costs (including attorney fees and costs incurred in establishing the trust), accountant fees, court fees and costs, fees for guardians ad litem, funeral expenses, past-due medical bills and other debts. Trustee fees which were ordered prior to April 1, 1996 may continue until the trust terminates.

f) For HCBS clients, the amount distributed each month shall be limited to the 300% of the SSI limit. Any monthly income above that amount shall remain in the trust. An amount not to exceed $20.00 may be retained for trust expenses such as bank charges if such charges are expected to be incurred by the trust. No other trust expenses or deductions may be paid from the trust. For the purpose of calculating Individual Cost Containment or client payment (PETI), the client's monthly income will be 300% of the SSI limit. Upon termination, the funds which have accumulated in the trust shall be paid to the Department up to the total amount of Medical Assistance paid on behalf of the individual.

g) For a court-approved trust, notice of the time and place of the hearing, with the petition and trust attached, shall be given to the eligibility site and the Department in the manner prescribed by law.

h) The sole beneficiaries of the trust are the individual for whose benefit the trust is established and the Department. The trust terminates upon the death of the individual or if the trust is not required for Medical Assistance eligibility in Colorado.

i) The trust must provide that upon the death of the individual or termination of the trust, whichever occurs sooner, the Department shall receive all amounts remaining in the trust up to the total amount of Medical Assistance paid on behalf of the individual.

j) The trust must include the name and mailing address of the trustee. The trustee must notify the Department of any trustee address changes or change of trustee(s) within 30 calendar days.

k) The trust must provide that an annual accounting of trust income and expenditures and an annual statement of trust assets shall be submitted to the eligibility site or to the Department upon reasonable request or upon any change of trustee.

l) The amount remaining in the trust and an accounting of the trust shall be due to the Department within three months after the death of the individual or termination of the trust, whichever is sooner. An extension of time may be granted by the Department if a written request is submitted within two months of the termination of the trust.

m) The regulations in this section for income trusts shall also apply to income trusts established after January 1, 1992, under the undue hardship provisions in 26-4-506.3(3),C.R.S. and 15-14-412.5,C.R.S.

b. Disability Trusts

i) A trust that is established solely for the benefit of a disabled individual under the age of 65, which consists of the assets of the individual, and is established for the purpose or with the effect of establishing or maintaining the individual's resource eligibility for Medical Assistance and which meets the following criteria:

a) The individual for whom the trust is established must meet the disability criteria of Social Security.

b) The only assets used to fund the trust are (1) the proceeds from any personal injury case brought on behalf of the disabled individual, or (2) retroactive payments of SSI benefits under Sullivan v. Zebley. (This provision is applicable to disability trusts established from July 1, 1994 to December 31, 2000.)

c) The trust is established solely for the benefit of the disabled individual by the individual, the individual’s parent, the individual’s grandparent, the individual’s legal guardian, or by the court.

d) The sole lifetime beneficiaries of the trust are the individual for whose benefit the trust is established and the Colorado Department of Health Care Policy and Financing

e) The trust terminates upon the death of the individual or if the trust is no longer required for Medical Assistance eligibility in Colorado.

f) Any statutory lien pursuant to section 25.5-4-301(5), C.R.S. must be satisfied prior to funding of the trust and approval of the trust.

g) If the trust is funded with an annuity or other periodic payments, the Department shall be named on the contract or settlement as the remainder beneficiary up to the amount of Medical Assistance paid on behalf of the individual.

h) The trust shall provide that, upon the death of the beneficiary or termination of the trust, the Department shall receive all amounts remaining in the trust up to the amount of total Medical Assistance paid on behalf of the individual.

i) No expenditures may be made after the death of the beneficiary, except for federal and state taxes. However, prior to the death of the individual beneficiary, trust funds may be used to purchase a burial fund for the beneficiary.

j) The amount remaining in the trust and an accounting of the trust shall be due to the Department within three months after the death of the individual or termination of the trust, whichever is sooner. An extension of time may be granted by the Department if a written request is submitted within two months of the termination of the trust.

k) The trust fund shall not be considered as a countable resource in determining eligibility for Medical Assistance.

l) [Rule 8.110.52 B 5. b. 1) l), adopted or amended on or after November 1, 2000 and before November 1, 2001 was not extended by HB 02-1203, and therefore expired May 15, 2002.]

m) Distributions from the trust may be made only to or for the benefit of the individual beneficiary. Cash distributions from the trust shall be considered income to the individual. Distributions for food or shelter are considered in-kind income and are countable toward income eligibility.

n) If exempt resources are purchased with trust funds, those resources continue to be exempt. If non-exempt resources are purchased, those resources are countable toward eligibility.

o) The trust must include the name and mailing address of the trustee. The Department must be notified of any trustee address changes or change of trustee(s) within 30 calendar days.

p) The trust must provide that an annual accounting of trust income and expenditures and an annual statement of trust assets shall be submitted to the eligibility site or to the Department upon reasonable request or upon any change of trustee.

q) Prior to the establishment or funding of a disability trust, the trust shall be submitted for review to the Department, along with proof that the individual beneficiary is disabled according to Social Security criteria. No disability trust shall be valid unless the Department has reviewed the trust and determined that the trust conforms to the requirements of 15-14-412.8,C.R.S., as amended, and any rules adopted by the Medical Services Board.

c. Pooled Trusts

i) A trust consisting of individual accounts established for disabled individuals for the purpose of establishing resource eligibility for Medical Assistance. A valid pooled trust shall meet the following criteria:

a) The individual for whom the trust is established must meet the disability criteria of Social Security.

b) The trust is established and managed by a non-profit association which has been approved by the Internal Revenue Service.

c) A separate account is maintained for each beneficiary; however, the trust pools the accounts for the purposes of investment and management of the funds.

d) The sole lifetime beneficiaries of each trust account are the individual for whom the trust is established and the Department.

e) If the trust is funded with an annuity or other periodic payments, the Department or the pooled trust shall be named as remainder beneficiary.

f) The trust account shall be established by the disabled individual, parent, grandparent, legal guardian, or the court.

g) The only assets used to fund each trust account are (1) the proceeds from any personal injury case brought on behalf of the disabled individual, or (2) retroactive payments of SSI benefits under Sullivan v. Zeblev . (This provision is applicable to pooled trusts established from July 1, 1994 to December 31, 2000.)

h) Any statutory lien pursuant to section 25.5-4-301(5), C.R.S. must be satisfied prior to funding of the individual's trust account and approval of the joinder agreement.

i) Following the disabled individual's death or termination of the trust account, whichever occurs sooner, to the extent that the remaining funds in the trust account are not retained by the pooled trust, the Department shall receive any amount remaining in the individual's trust account up to the total amount of Medical Assistance paid on behalf of the individual.

j) The pooled trust account shall not be considered as a countable resource in determining Medical Assistance eligibility.

k) Distributions from the trust account may be made only to or for the benefit of the individual. Cash distributions to the individual from the trust shall be considered as income to the individual. Distributions for food or

shelter are considered in-kind income and are countable toward income eligibility.

l) If exempt resources are purchased with trust funds, those resources continue to be exempt. If non-exempt resources are purchased, those resources are countable toward resource eligibility.

ii) If an institutionalized individual for whom a pooled trust is established is 65 years of age or older, the transfer of assets into the pooled trust creates a rebuttable resumption that the assets were transferred without fair consideration and shall be analyzed in accordance with the rules on transfers without fair consideration in this volume. This regulation is effective for transfers to pooled trusts after January 1, 2001.

iii) When the individual beneficiary of an income, disability or pooled trust dies or the trust is terminated, the trustee shall promptly notify the eligibility site and the Department. To the extent required by these rules the trustee shall promptly forward the remainder of the trust property to the Department, up to the amount of Medical Assistance paid on behalf of the individual beneficiary.

d. Third Party Trusts

i) Third party trusts are trusts which are established with assets which are contributed by individuals other than the applicant or the applicant's spouse for the benefit of an applicant or client

ii) The terms of the trust will determine whether the trust fund is countable as a resource or income for Medical Assistance eligibility.

iii) Trusts which limit distributions to non-support or supplemental needs will not be considered as a countable resource. If distributions are made for income or resources, such distributions are countable as such for eligibility.

iv) If the trust requires income distributions, the amount of the income shall be countable as income in determining eligibility.

v) If the trust requires principal distributions, that amount shall be considered as a countable resource.

vi) If the trustee may exercise discretion in distributing income or resources, the income or resources are not countable in determining eligibility. If distributions are made for income or resources, such distributions are countable as such for eligibility.

e. Federally Approved Trusts

i) If an SSI recipient has a trust which has been approved by the Social Security Administration, eligibility for Medical Assistance cannot be delayed or denied. Individuals on SSI are automatically eligible for Medical Assistance despite the existence of a federally approved trust.

ii) If the eligibility site has a copy of a federally approved trust, the eligibility site must send a copy to the Department.

7. Submission of Trust Documents and Records

a. The trustee of a trust which was established by or which benefits a Medical Assistance Applicant or client shall submit trust documents and records to the eligibility site and to the Department.

b. This requirement includes documents and records for income trusts, disability trusts and the joinder agreement for each pooled trust account.

c. The eligibility site shall submit any trust which is submitted with an application or at redetermination to The Department. The eligibility site shall determine Medical Assistance eligibility based on the determination of The Department as to the effect of the trust on eligibility.

8.100.7.F. Transfers of Assets Without Fair Consideration

1. Definitions. The following definitions apply to transfers of assets without fair considerations:

a. “Assets” include all income and resources of the individual and such individual's spouse, including any interest in income or a resource as well as all income or resources which the individual or such individual's spouse is entitled to but does not receive because of action by any of the following:

i) The individual or such individual's spouse,

ii) A person, a court, or administrative body with legal authority to act on behalf of the individual or such individual's spouse, or

iii) Any person, court or administrative body acting at the direction of or upon the request of the individual or such individual's spouse.

b. “Fair market value” is the value of the asset if sold at the prevailing price at the time it was transferred.

c. “Fair consideration” is the amount the individual receives in exchange for the asset that is transferred, which is equal to or greater than the value of the transferred asset.

d. “Look-back period” means the number of months prior to the month of application for long-term care services that the Department will consider for transfer of assets.

e. “Penalty period” means a period of time for which an applicant or client will not be eligible to receive long-term care services.

f. “Uncompensated value” shall mean the fair market value of an asset at the time of the transfer minus the value of compensation the individual receives in exchange for the asset.

g. “Valuable consideration” shall mean what an individual receives in exchange for his or her right or interest in an asset which has a tangible and/or intrinsic value to the individual that is equivalent to or greater than the value of the transferred asset.

2. General Provisions

If an institutionalized individual or the spouse of such individual disposes of assets without fair consideration on or after the look-back period, the individual shall be subject to a period of ineligibility for Long-Term Care services, including Long-Term Care institution care, Home and

Community Based Services (HCBS), and the Program of All Inclusive Care for the Elderly (PACE).

a. For transfers made before February 8, 2006, the look-back period is 36 months prior to the date of application. For transfers made on or after February 8, 2006, the look-back date is 60 months prior to the date of application.

b. An institutionalized individual is one who is institutionalized in a medical facility, a Long-Term Care institution, or applying for or receiving Home and Community Based Services (HCBS) or the Program of All Inclusive Care for the Elderly (PACE).

c. If an institutionalized individual or such individual's spouse transfers assets without fair consideration on or after the look-back period, the transfer shall be evaluated as follows:

    i) The fair market value of the transferred asset, less the actual amount received, if any, shall be divided by the average of the regions, defined at 8.100.7.E, monthly private pay cost for Long-Term Care institution care in the state of Colorado at the time of application.

    ii) The resulting number is the number of months that the individual shall be ineligible for Medical Assistance. For transfers made before February 8, 2006, the period of ineligibility shall begin with the first day of the month following the month in which the transfer occurred. For transfers made on or after February 8, 2006, the period of ineligibility shall begin on the later of the following dates:

        a) The first day of the month following the month in which the transfer occurred or is discovered. For transfers discovered after the date the transfer occurred, the date of transfer shall be the discovery date.

        Or;

        b) The date on which the individual would initially be eligible for HCBS, PACE or institutional services based on an approved application for such assistance that were it not for the imposition of the penalty period, would be covered by Medical Assistance;

        And;

        c) Which does not occur during any other period of ineligibility for services by reason of a transfer of assets penalty.

d. The period of ineligibility shall also include partial months, which shall be calculated by multiplying 30 days by the decimal fractional share of the partial month. The result is the number of days of ineligibility. For transfers occurring on or after April 1, 2006, the result shall be rounded up to the nearest whole number.

e. There is no maximum period of ineligibility.

f. For transfers prior to February 8, 2006, the total amount of all of the transfers are added together and the period of ineligibility begins the first day of the month following the month in which the resources are transferred.

    i) If the previous penalty period has completely expired, the transfers are not added together.

ii) If the previous penalty period has not completely expired and the first day of the month following the month in which the resources are transferred is part of a prior penalty period, the new penalty period begins the first day after the prior penalty period expires.

g. For transfers on or after February 8, 2006, the total amounts of all of the transfers are added together and the penalty period is assessed as outlined in section 8.100.7.F.2.c-dabove.

i) If the previous penalty period has completely expired, the transfers are not added together.

ii) If the previous penalty period has not completely expired and the first day of the month following the month in which the resources are transferred is part of a prior penalty period, the new penalty period begins the first day after the prior penalty period expires.

h. The institutionalized individual may continue to be eligible for Supplemental Security Income (SSI) and basic Medical Assistance services, but shall not be eligible for Medical Assistance for Long-Term Care institution services, Home and Community Based Services or the Program of All Inclusive Care for the Elderly due to the transfer without fair consideration.

i. If a transfer without fair consideration is made during a period of eligibility, a period of ineligibility shall be assessed in the same manner as stated above.

j. Actions that prevent income or resources from being received, or reduce an individual’s ownership, right or interest in an asset such that the individual does not receive valuable consideration as set forth on the following list, which is not exclusive, shall create a rebuttable presumption that the transfer was without fair consideration:

i) Waiving pension income.

ii) Waiving a right to receive an inheritance.

iii) Preventing access to assets to which an individual is entitled by diverting them to a trust or similar device. This is not applicable to valid income trusts, disability trusts and pooled trusts for individuals under the age of 65 years.

iv) Failure of a surviving spouse to elect a share of a spouse's estate or failure to open an estate within 6 months after a spouse’s death.

v) Failure to obtain a family allowance or exempt property allowance from an estate of a deceased spouse or parent. Such allowances are presumed to be available 3 months after death.

vi) Not accepting or accessing a personal injury settlement.

vii) Transferring assets into an irrevocable private annuity which was not purchased from a commercial company.

viii) Transferring assets into an irrevocable entity such as a Family Limited Partnership which eliminates or restricts the individual's access to the assets.

ix) Refusal to take legal action to obtain a court ordered payment that is not being paid, such as child support or alimony, if the benefit outweighs the cost.

x) Failure to exercise rights in a Dissolution of Marriage case, which insure an equitable distribution of marital property and income.

xi) Purchasing a single-premium life insurance policy, endowment policy or similar instrument within the look-back period, which has no cash value, and for which the individual receives no valuable consideration shall be considered an uncompensated transfer. The total amount of the purchase price shall be considered a transfer without fair consideration.

8.100.7.G. Treatment of Certain Assets as Transfers Without Fair Consideration

1. Promissory notes established before April 1, 2006:

   a. The fair market value of promissory notes is a countable resource and must be evaluated in accordance with the regulations on consideration of resources in this volume.

   b. Promissory notes with one or more of the following provisions, indicating they have little or no market value, shall create a rebuttable presumption of a transfer without fair consideration:

      i) An interest rate lower than the prevailing market rate.

      ii) A term for repayment longer than the life expectancy of the holder of the note, as determined by the tables at 8.100.7.J.for annuities purchased on or after February 8, 2006.

      iii) Low payments.

      iv) Cancellation at the death of the note holder.

   c. Promissory notes which have been appraised by a note broker as having little or no value shall create a rebuttable presumption of a transfer without fair consideration.

2. Promissory notes established on or after April 1, 2006 but before March 1, 2007

   a. Subject to the look-back date described in section 8.100.7.F.2.b for the purpose of calculating the penalty period of ineligibility for a transfer without fair consideration, the value of a promissory note, loan or mortgage which does not meet the criteria in section 8.100.5.M.3.n. is the outstanding balance due as of the date of the individual's application for Medical Assistance for services, described in section 8.100.7.F.2.c.

3. Promissory notes established on or after March 1, 2007

   a. Subject to the look-back date described in section 8.100.7.F.2.b, for the purpose of calculating the penalty period of ineligibility for a transfer without fair consideration, the value of a promissory note, loan or mortgage which does not meet the criteria in section 8.100.5.M.3.o. is the outstanding balance due as of the date of the individual's application for Medical Assistance for services, described in section 8.100.7.F.2.c..

4. Personal care services

a. Effective for agreements that were signed and notarized prior to March 1, 2007, family members who provide assistance or services are presumed to do so for love and affection, and compensation for past assistance or services shall create a rebuttable presumption of a transfer without fair consideration unless the compensation is in accordance with the following:

   i) A written agreement must be executed prior to the delivery of services.

   ii) The agreement must be signed by the applicant, or a legally authorized representative, such as agent under a power of attorney, guardian, or conservator. If the agreement is signed by a representative, that representative may not be a beneficiary of the agreement.

   iii) The agreement must be dated and the signature must be notarized; and

   iv) Compensation for services rendered must be comparable to what is received in the open market.

b. Effective for agreements that are signed and notarized on or after March 1, 2007, compensation under personal service agreements will be deemed to be a transfer without fair consideration unless the following requirements are met:

   i) A written agreement was executed prior to the delivery of services; and

      a) The agreement must be signed by the applicant, or a legally authorized representative, such as agent under a power of attorney, guardian, or conservator. If the agreement is signed by a representative, that representative may not be a beneficiary of the agreement; and

      b) The legally authorized representative, agent, guardian, conservator, or other representative of the applicant's estate may not be a beneficiary of a care agreement; and

      c) The agreement specifies the type, frequency and time to be spent providing the services agreed to in exchange for the payment or transferred item; and

      d) The agreement provides for payment of services on a regular basis, no less frequently than monthly, while the services are being provided; and

   ii) Compensation for services rendered must be comparable to what is received in the open market. The burden is on the applicant to prove that the compensation is reasonable and comparable; and

   iii) A record or log is provided which details the actual services rendered. The services cannot be services that duplicate services that another party is being paid to provide or which another party is responsible to provide.

c. Payment for services, which were rendered previously and for which no compensation was made, shall be considered as a transfer without fair consideration.

d. Assets transferred in exchange for a contract for personal services for future assistance after the date of application are considered available resources.

e. A care agreement must be entered into, signed, and notarized prior to providing any services for which a beneficiary will be compensated.

5. Transfers of real property into joint tenancy without fair consideration

a. If real property is transferred into joint tenancy with right of survivorship with one or more joint tenants, the amount transferred depends on the number of joint tenants to whom the property is transferred. The following are examples:

i) If the transfer is to one joint tenant, the amount transferred is equal to one-half of the value of the property at the time of the transfer.

ii) If the transfer is to two joint tenants, the amount transferred is equal to two-thirds of the value.

iii) If the transfer is to three joint tenants, the amount transferred is equal to three-fourths of the value of the property at the time of the transfer.

b. If the transfer is completed with two deeds or transactions, the first of which transfers a fractional share of the property into tenancy in common, and the second into joint tenancy, the amount transferred shall be determined in the same manner as set forth above.

6. No period of ineligibility will be imposed if the individual transferred the assets under any of following circumstances:

a. The asset transferred was a home and title to the home was transferred to:

i) The spouse of such individual;

ii) A child of such individual who is either

1) Under the age of 21 years, or

2) Is blind or totally and permanently disabled as determined by the Social Security Administration.

iii) A brother or sister

1) Who has an equity interest in the home and

2) Who was residing in such individual's home for at least one year immediately before the date that the individual becomes institutionalized.

iv) A son or a daughter of such individual

1) Who was residing in the home for a period of at least two years immediately before the date the individual becomes institutionalized and

2) Who provided care to such individual by objective evidence, that permitted such individual to reside at home rather than in an institution.

3) Documentation shall be submitted proving that the son or daughter's sole residence was the home of the parent. The parent's attending physician(s) or professional health provider(s) during the past two years

must substantiate in writing that the care was provided, and that the care prevented the parent from requiring placement in a Long-Term Care institution.

b. The assets were transferred:

i) To the individual's spouse or to another for the sole benefit of the individual's spouse.

ii) From the individual's spouse to another for the sole benefit of the individual's spouse.

iii) To a trust which is established solely for benefit of the individual's child who is determined to be blind or totally disabled by the Social Security Administration or to that child directly for the sole benefit of the child.

iv) To a trust established solely for the benefit of an individual under 65 years of age who is determined to be blind or totally disabled by the Social Security Administration.

c. Definition of the term “for the sole benefit of,” as used in the preceding exceptions to the transfer penalty rules:

i). A transfer or a trust is considered to be for the sole benefit of the spouse, blind or disabled child, or a disabled individual if the transfer is arranged in such a way that no individual or entity except the spouse, blind or disabled child, or disabled individual can benefit from the assets transferred in any way, whether at the time of the transfer or at any time in the future.

ii). To insure that the asset transferred is for the sole benefit of the spouse, blind or disabled child or disabled individual, the following criteria must be met:

1) The transfer must be accomplished by a written instrument which legally binds the parties to a specified course of action and sets forth:

a) The conditions under which the transfer was made, and

b) A statement as to whom can benefit from the transfer.

2) The written instrument must provide for the spending of funds or use of the transferred assets for the benefit of the individual on a basis that is actuarially sound based on the life expectancy of the individual.

3) Disability trusts and income trusts, which designate the Colorado Department of Health Care Policy and Financing as the remainder beneficiary up to the amount of Medical Assistance paid on behalf of the individual, are exempt from this requirement.

4) A community spouse to whom a Community Spouse Resource Allowance has been transferred does not have to provide a written document or comply with the requirement that the transfer is actuarially sound. However, the Community Spouse Resource Allowance must be for the sole benefit of the community spouse to whom it is transferred. Upon the death of the community spouse, those resources shall be made

available to the surviving spouse, at least up to the amount of the elective share of the augmented estate, the family allowance and the exempt property allowance.

7. There is a rebuttable presumption the transfer without fair consideration was made for purposes of Medical Assistance eligibility or avoiding the medical assistance estate recovery program.

   a. The presumption that an asset was transferred to establish or maintain Medicaid eligibility or to avoid the medical assistance estate recovery program is rebutted only if the individual or individual's spouse demonstrates by providing convincing evidence that the asset was transferred exclusively for some other purpose and the reason for the transfer did not include Medical Assistance eligibility or avoidance of medical assistance estate recovery..

   b. A subjective statement of intent or ignorance of the transfer penalty or verbal assurances that the individual was not considering Medical Assistance eligibility when the transfer was made are not sufficient.

   c. There is a rebuttable presumption that transfers without fair consideration were made for the purpose of Medical Assistance eligibility in the following cases:

      i) In any case in which the individual's assets and the assets of the individual's spouse remaining after the transfer total an amount insufficient to meet all living expenses and medical expenses reasonably expected to be incurred by the individual or the individual's spouse in the sixty (60) months following the transfer. Medical expenses include the cost of Long-Term Care unless the future necessity of such care could have been absolutely precluded because of the particular circumstances.

      ii) In any case where:

         1) the transfer was made on behalf of the individual or the individual's spouse;

         2) the transfer was made by:

            a) the individual or individual's spouse

            b) a guardian,

            c) a conservator, or

            d) agent under a power of attorney; and

         3) the transfer was made to:

            a) anyone related to the individual or individual's spouse by birth, adoption or marriage, other than between the individual and the individual's spouse; or to

            b) anyone related to the guardian, conservator, or agent under a power of attorney by birth, adoption or marriage.

   d. Convincing evidence may include, but is not limited to, verification which establishes:

i) That at the time of the transfer the individual could not have anticipated needing long term Medical Assistance due to the existence of other circumstances which would have precluded the need.

ii) Other assets were available at the time of the transfer to meet current and future needs of the individual, including the cost of Long-Term Care institution or other institutionalized care for a period of sixty (60) months.

iii) The specific purpose for which the assets were transferred and the reason the transfer was necessary and the reason there was no alternative but to transfer the assets without fair consideration.

8. Apportionment of penalty period between spouses

a. If a transfer results in a period of ineligibility for an individual, and the individual's spouse becomes institutionalized and is otherwise eligible for Medical Assistance, the period of ineligibility shall be apportioned equally between the spouses.

b. If one spouse dies or is no longer institutionalized, any months remaining in the period of ineligibility shall be assigned to the spouse who remains institutionalized.

9. If the individual or the individual's spouse has transferred assets into a trust or is a beneficiary of a trust, the trust document shall be submitted to the Colorado Department of Health Care Policy and Financing to determine the effect of the trust on Medical Assistance eligibility.

10. Notice

a. The Colorado Department of Health Care Policy and Financing is an interested person according to 15-14-406, C.R.S. or a successor statute.

b. As an interested party, the department shall be given notice of a hearing in cases in which Medical Assistance planning or Medical Assistance eligibility is set forth in the petition as a factor for requesting court authority to transfer property.

11. Undue Hardship

a. The period of ineligibility resulting from the imposition of the transfer or the trust provisions may be waived if denial of eligibility would create an undue hardship for an individual who is otherwise eligible. Undue hardship can be established if application of the transfer penalty would:

i) deprive the individual of medical care such that the individual’s health or life would be endangered; or

ii) deprive the individual of food, clothing, shelter or other necessities of life.

b. Undue hardship shall not exist when the application of the trust or transfer rules merely causes the individual inconvenience or when such application might restrict his or her lifestyle but would not put him or her at risk of serious deprivation.

c. Notice of an undue hardship exception shall be given to the applicant or client. The Eligibility Site shall make a determination on the request within 15 working days from when the request is received. The Eligibility Site shall issue a notice of action on the determination of hardship. An adverse determination may be appealed in accordance with the appeal process as described at Section 8.057 of this volume.

d. The facility in which an institutionalized individual is residing may file an undue hardship waiver application on behalf of the individual with the individual's or his or her personal representative's consent. Where the individual is unable to give consent and where the personal representative of the individual has a conflict of interest concerning the particular circumstance giving rise to the period of ineligibility, the facility may request an undue hardship on behalf of the individual. An example of such a conflict of interest would be a situation where the personal representative who is also an agent under a power of attorney transfers property to himself or herself. The facility shall submit the undue hardship request to the Eligibility Site and give sufficient detail of the circumstance surrounding the conflict of interest and the information required below to the Eligibility Site. These provisions are not intended to change the Department's requirements under Section 8.057 of the Department's regulations as to who has standing to file an appeal.

e. An individual or representative may request that the Eligibility Site waive a transfer penalty on the basis of undue hardship. The request shall be made in writing to the applicant's or client's Eligibility Site case worker. The individual making the request has the burden of proof and must provide clear and convincing evidence to substantiate the circumstances surrounding the transfer, attempts to recover the assets, and the impact of the denial of Medicaid payments for Long-Term Care services. The request and documentation shall include all of the following:

i) the reason(s) for the transfer including the individual's participation in the transfer or grant of legal authority to another that gave rise to the transfer, and the relationship between the transferor and transferee;

ii) evidence to prove that the assets have been irretrievably lost and that all reasonable attempts made to recover the asset(s), including any legal actions and the results of the attempts, including but not limited to a request for an adult protection investigation (such as in a case of financial exploitation), filing a police report, or filing a civil action have been exhausted or have been or are being pursued; and,

iii) documentation such as a notice of discharge or pending discharge from the facility and a physician's statement detailing how the inability to receive nursing facility or community based services would result in the individual's inability to obtain life-sustaining medical care or that the individual would not be able to obtain food, clothing or shelter.

f. To the extent that the transferred assets are recovered pursuant to the attempts in (e)(ii) above, the individual shall reimburse Medicaid for the funds expended as a result of an approved undue hardship request.

g. If the transferee and the transferor of the assets for which the transfer penalty is being imposed are related parties there shall be a rebuttable presumption that the transferred assets are not irretrievably lost as required under (e)(ii) above. Related parties are described in Section 8.100.7.G.7.c.ii of these regulations.

12. No period of ineligibility shall be assessed in any of the following circumstances:

a. Convincing and objective evidence is provided that the individual intended to dispose of the resources either at fair market value or for other fair consideration.

b. Convincing and objective evidence is presented proving that the resources were transferred exclusively for a purpose other than to qualify or remain eligible for Medical Assistance.

c. All of the resources transferred without fair consideration have been returned to the individual.

d. For assets transferred before February 8, 2006, the assets were transferred more than 36 months prior to the date of application.

e. For assets transferred before February 8, 2006, the penalty period has expired based on the following formula: The fair market value of the transferred asset is divided by the average cost of Long Term Care institution care in the state at the time of application and the resulting number of months of ineligibility has ended prior to the date of application.

8.100.7.H. Life Estates

1. Definitions

a. “Fair Market Value” means the amount for which a property or interest in a property could reasonably be expected to sell on the open market.

b. “Life Estate.” A life estate conveys upon a grantee certain rights in property measured by the life of the life estate holder or of some other person. The owner of a life estate has the right to possess the property, the right to use the property, the right to obtain profits from the property, and the right to sell the life estate interest in the property. The establishment of a life estate on a property results in the creation of two interests: a life estate interest and a remainder interest.

c. “Remainder Interest” means an interest in property created at the time a life estate is established which gives the holder of the interest the right to ownership of the property upon the death of the life estate holder. An individual holding a remainder interest is free to sell his or her interest in the property unless the sale is restricted by the terms of the instrument which established the remainder interest.

2. General Provisions

a. Life Estates Established before July 1, 1995

i) Transfer without fair consideration Treatment

1) The establishment of a life estate before July 1, 1995 by an individual or individual’s spouse shall not be considered a transfer without fair consideration.

ii) Resource Treatment

1) A life estate owned by an individual or individual’s spouse that was established on exempt property shall be considered to be an exempt resource.

2) A life estate owned by an individual or individual’s spouse that was established on countable property shall be considered a countable resource.

i) The value of the life estate shall be determined by using the methodology described at 8.100.7.H.3.

3) A remainder interest held by an individual or individual's spouse on exempt property shall be considered an exempt resource.

4) A remainder interest held by an individual or individual's spouse on countable property shall be considered a countable resource

i) The value of the remainder interest shall be determined by using the methodology described at 8.100.7.H.4.a.

b. Life Estates Established on or after July 1, 1995

i) Transfer without fair consideration Treatment

1) The establishment of a life estate on or after July 1, 1995 on property owned by an individual or individual's spouse shall be considered a transfer without fair consideration if the life estate was established within the look-back period described at 8.100.7.F.2.b.

a) For the purpose of determining the transfer without fair consideration penalty period, the amount of the transfer shall be based on the value of the remainder interest, as calculated using the methodology described at 8.100.7.H.4.a.

2) The purchase of a life estate interest in a home not owned by an individual or individual's spouse on or after April 1, 2006 within the look-back period described at 8.100.7.F.2.b. shall be considered a transfer without fair consideration unless the purchaser lives in the home for a period of at least twelve (12) consecutive months after the date of the purchase.

a) For the purpose of determining the transfer without fair consideration penalty period, the amount of the transfer shall be the entire amount used to purchase the life estate.

b) If the payment for the life estate exceeds the value of the life estate, as calculated using the methodology described at 8.100.7.H.3, then the difference between the amount paid and the value of the life estate shall be considered to be a transfer without fair consideration.

ii) Resource Treatment

1) A life estate owned by an individual or individual's spouse that was established on exempt property shall be considered an exempt resource.

2) A life estate owned by an individual or individual's spouse that was established on countable property shall be considered a countable resource.

a) The value of the life estate shall be determined by using the methodology described at 8.100.7.H.3.a.

3) A remainder interest held by an individual or individual's spouse on exempt property shall be considered an exempt resource.

5) A remainder interest held by an individual or individual's spouse on countable property shall be considered a countable resource

a) The value of the remainder interest shall be determined by using the methodology described at 8.100.7.H.4.

3. Determining the Value of a Life Estate

a. The value of a life estate interest is calculated using the following method:

i) Determine the fair market value of the property on which the life estate was established. The fair market value shall be obtained by using the most recent actual value reported by the county assessor or from the most recent property assessment notice. If the actual value is not shown on the property assessment notice, the assessed value shall be divided by the appropriate property assessment rate to obtain the market value.

ii) Multiply the fair market value of the property by the "Life Estate" factor in Column 1 from the Life Estate Table at 8.100.7.H.5, in this section, that corresponds to the life estate holder's age as of his or her last birthday. The result is the value of the life estate interest.

b. If a life estate was established on property held by spouses in joint tenancy, then the age of the youngest individual shall be used to calculate the value of the life estate.

4. Determining the Value of a Remainder Interest

a. The value of a remainder interest is calculated using the following method:

i) Determine the fair market value of the property on which the remainder interest was established. The fair market value shall be obtained by using the most recent actual value reported by the county assessor or from the most recent property assessment notice. If the market value is not shown on the property assessment notice, the assessed value shall be divided by the appropriate property assessment rate to obtain the market value.

ii) Multiply the fair market value of the property by the "Remainder" factor in Column 2 from the Life Estate Table at 8.100.7.H.5, in this section, that corresponds to the life estate holder's age as of his or her last birthday. The result is the value of the remainder interest.

b. If a life estate was established on property held by spouses in joint tenancy, then the age of the youngest individual shall be used to calculate the value of the remainder interest.

5. Life Estate Table

This rule incorporates by reference the Social Security life estate and remainder interest table effective April 1999 to the present. The incorporation of the table excludes later amendments, or editions of, the referenced material.

The Social Security life estate and remainder interest tables are available at http://policy.ssa.gov/poms.nsf/lnx/0501140120

Pursuant to § 24-4-103 (12.5), C.R.S., the Department maintains copies of the incorporated text in its entirety, available for public inspection during regular business hours at: Colorado

Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO 80203. Certified copies of incorporated materials are provided at cost upon request.

8.100.7.I. Annuities

1. DEFINITIONS

a. “Annuity” means a contract between an individual and a commercial company in which the individual invests funds and in return receives installments for life or for a specified number of years.

b. “Annuitant” means an individual who is entitled to receive payments from an annuity.

c. “Annuitization Period” means the period of time during which an annuity makes payments to an annuitant.

d. “Annuitized” means an annuity that has become irrevocable and is making payments to an annuitant.

e. “Assignable” means an annuity that can have its owner and/or annuitant changed.

f. “Balloon Payment” means a lump sum equal to the initial annuity premium less any distributions paid out before the end of an annuitization period.

g. “Beneficiary” means an individual or individuals entitled to receive any remaining payments from an annuity upon the death of the annuitant.

h. “Department” means the Department of Health Care Policy and Financing, its successor(s), or its designee(s).

i. “Irrevocable” means an annuity that cannot be canceled, revoked, terminated, or surrendered under any circumstances.

j. “Non-assignable” means an annuity that cannot have its owner and/or annuitant changed under any circumstances.

k. “Owner” means the person who may exercise the rights provided in an annuity contract during the life of the annuitant. An owner can generally name himself or herself or another person as the annuitant.

l. “Revocable” means an annuity that can be canceled, revoked, terminated, or surrendered.

m. “Transaction” means:

i) The purchase of an annuity;

ii) The addition of principal to an annuity;

iii) Elective withdrawals from an annuity;

iv) Requests to change the distributions from an annuity;

v) Elections to annuitize an annuity contract; or

vi) Any other action taken by an individual that changes the course of payments made by an annuity or the treatment of income or principal of an annuity.

2. Annuities purchased on or before June 30, 1995

a. A revocable or irrevocable annuity established on or before June 30, 1995 is not a countable resource if it is annuitized and regular returns are being received by the annuitant.

i) Payments from the annuity to the individual or individual's spouse are income in the month received.

b. A revocable or irrevocable annuity established on or before June 30, 1995 is a countable resource if it has not been annuitized.

3. Annuities Established on or after July 1, 1995 but before February 8, 2006

a. The purchase of an annuity shall be considered to be a transfer without fair consideration unless the following criteria are met:

i) The annuity is purchased from a life insurance company or other commercial company that sells annuities as part of its normal course of business;

ii) The annuity is annuitized for the individual or individual's spouse;

iii) The annuity is purchased on the life of the individual or individual's spouse; and

iv) The annuity provides payments for a period not exceeding the annuitant's projected life expectancy based on life expectancy tables described at 8.100.7.J.

b. To determine if a transfer without fair consideration has occurred in the purchase of an annuity, the Eligibility Site shall:

i) Determine the date on which the annuity was purchased;

ii) Determine the amount of money used to purchase the annuity and the length of the annuitization period;

iii) Determine the age of the annuitant at the time the annuity was purchased; and

iv) Determine the life expectancy of the annuitant at the time the annuity was purchased using the appropriate life expectancy table described at 8.100.7.J.

1) If the length of the annuitization period exceeds the annuitant's life expectancy, then a transfer without fair consideration exists for the portion of the annuitization period that exceeds the annuitant's life expectancy.

2) If the total value of the annuity's payments during the annuitization period is less than the original purchase price of the annuity, then the difference shall be considered to be a transfer without fair consideration.

3) If the total value of the annuity's payments during the annuitization period is equal to or greater than the original purchase price of the annuity, then the purchase of the annuity shall not be considered to be a transfer

without fair consideration. However, any payments made by the annuity shall be considered to be countable income in the month received.

4) If the annuity was purchased more than 36 months before the date of application for Medicaid, then there is no transfer without fair consideration penalty period. However, any payments made by the annuity shall be considered to be countable income in the month received.

4. Annuities Established on or after April 1, 1998 but before February 8, 2006

a. The Eligibility Site shall determine the Minimum Monthly Maintenance Needs Allowance (MMMNA) of the community spouse, if applicable.

i) If the monthly payment amount provided by the annuity to the community spouse exceeds the MMMNA, then the amount of the annuity which causes the monthly annuity payment to exceed the MMMNA shall be considered to be a transfer without fair consideration in determining the institutionalized spouse's eligibility. This applies only to the extent that the transferred amount causes the Community Spouse Resource Allowance to exceed the maximum.

b. The Eligibility Site shall determine if the Individual is receiving substantially equal installments from the annuity for the annuitization period of the annuity.

i) If the annuity is not paid in substantially equal installments, then the original purchase price of the annuity shall be considered to be a transfer without fair consideration.

c. If the annuity was purchased more than 36 months before the date of application for Medicaid, then there is no transfer without fair consideration penalty period.

i) Any payments made by the annuity shall be considered to be countable income in the month received.

5. Annuities Purchased on or after February 8, 2006

a. As a condition of Medicaid eligibility, at the time of application or redetermination, an applicant or his or her spouse for Medicaid Long-Term Care services shall disclose any interest that the Medicaid applicant or his or her spouse has in an annuity.

i) A complete copy of the annuity contract, including the most recent beneficiary designation, shall be provided to the eligibility site.

b. By providing Medicaid Long-Term Care services, the Department shall be a remainder beneficiary of any annuity in which an individual or individual's spouse has an interest. The purchase of the annuity shall not be considered to be a transfer without fair consideration if:

i) The Department is named as the remainder beneficiary in the first position for the total amount of medical assistance paid on behalf of the individual; or

ii) The Department is named as the remainder beneficiary in the next position after the community spouse or minor or disabled child.

iii) This provision shall not apply to annuities that are revocable and/or assignable.

c. The Eligibility Site shall notify the issuer of the annuity that the Department is a preferred remainder beneficiary in the annuity for medical assistance provided to the institutionalized individual. This notice shall include a statement requiring the issuer to notify the Eligibility Site of any changes in the amount of income or principal that is being withdrawn from the annuity or any other transactions, as defined at 8.100.7.I.1., regardless of when the annuity was purchased.

d. If the Department is not named on the annuity as a remainder beneficiary, then the value of funds used to purchase the annuity shall be deemed a transfer without fair consideration and shall be subject to the penalty period provisions described at 8.100.7.F.

i) This provision shall not apply to annuities that are revocable and/or assignable.

e. Revocable Annuities

i) A revocable annuity is a countable resource. The value of the annuity is the total value of the annuity principal plus any accumulated interest.

a) If the annuity includes a surrender charge or other financial penalty (other than tax withholding or a tax penalty) for withdrawing funds from the annuity, then the value of the annuity is the net amount the individual would receive upon full surrender of the annuity.

ii) Payments from a revocable annuity are not countable as income.

f. Irrevocable Assignable Annuities

i) An irrevocable assignable annuity is a countable resource. The value of the annuity is presumed to be the total value of the annuity principal plus any accumulated interest.

a) An individual or individual's spouse can rebut the presumption by providing documented offers from at least three companies who are active in the market for buying and selling annuities an annuity income streams. The value of the annuity shall then be the highest of the offers.

b) Any payments from an irrevocable assignable annuity that is considered to be a countable resource are not considered to be countable income.

ii) An individual or individual's spouse can rebut the presumption that an irrevocable assignable annuity is not a countable resource by providing documented offers from at least three companies who are active in the market for buying and selling annuities and annuity income streams stating their unwillingness or inability to purchase the annuity or annuity income stream.

a) Any payments from an irrevocable assignable annuity that is not considered to be a countable resource are considered to be countable income in the month received.

g. Irrevocable Non-Assignable Annuities

i) An irrevocable non-assignable annuity is not considered to be a countable resource.

ii) Payments from an irrevocable non-assignable annuity are considered countable income in the month received.

iii) An irrevocable non-assignable annuity purchased by or for the benefit of a community spouse shall not be considered to be a transfer without fair consideration if:

1) The Department is named as the remainder beneficiary in the first position for the total amount of medical assistance paid on behalf of the institutionalized individual; or

2) The Department is named as the remainder beneficiary in the second position after the community spouse or minor or disabled child and is named in the first position if such spouse or a representative of such child disposes of any such remainder without fair consideration.

iv) An irrevocable non-assignable annuity purchased by or for the benefit of an institutionalized individual shall not be considered to be a transfer without fair consideration if:

1) The Department is named as the remainder beneficiary in the first position for the total amount of medical assistance paid on behalf of the institutionalized individual; or

2) The Department is named as the remainder beneficiary in the second position after the community spouse or minor or disabled child and is named in the first position if such spouse or a representative of such child disposes of any such remainder without fair consideration.

v) In addition to the requirements listed at 8.100.7.I.5.g.iv) for naming the Department as remainder beneficiary, an irrevocable non-assignable annuity purchased by or for the benefit of an institutionalized individual shall not be considered to be a transfer without fair consideration if the annuity meets any one of the following conditions:

1) The annuity is considered either:

a) An Individual Retirement Annuity as described in Section 408(b) of the Internal Revenue Code of 1986; or

b) A deemed Individual Retirement Account under a qualified employer plan described in Section 408(q) of the Internal Revenue Code of 1986; or

2) The annuity is purchased with proceeds from one of the following:

a) An Individual Retirement Account as described in Section 408(a) of the Internal Revenue Code of 1986; or

b) An account established by an employer or association of employers as described in Section 408(c) of the Internal Revenue Code of 1986; or

c) A simple retirement account as described in Section 408(p) of the Internal Revenue Code of 1986; or

d) A simplified employee pension plan as described in Section 408(k) of the Internal Revenue Code of 1986; or

e) A Roth IRA as described in Section 408A of the Internal Revenue Code of 1986; or

3) The annuity meets all of the following requirements:

a) The annuity is irrevocable and non-assignable; and

b) The annuity is actuarially sound based on the life expectancy tables described at 8.100.7.J.; and

c) The annuity provides for payments in equal amounts during the term of the annuity with no deferral and no balloon payments made.

vi) If an irrevocable non-assignable annuity is considered to be a transfer without fair consideration, then, for the purpose of calculating the transfer without fair consideration penalty period, the value that was transferred shall be the amount of funds used to purchase the annuity.

h. Annuity Transactions

i) If an Individual or individual's spouse undertakes any transaction, as defined at 8.100.7.I.1. which has the effect of changing the course of payments to be made by an annuity or the treatment of income or principal of the annuity, such a transaction shall be deemed to be a transfer without fair consideration, regardless of when the annuity was originally purchased. For the purpose of calculating the transfer without fair consideration penalty period, the value that was transferred shall be the amount used to purchase the annuity.

a) Routine changes such as a notification of an address change or death or divorce of a remainder beneficiary are excluded from treatment as a transfer without fair consideration.

b) Changes which occur based on the terms of the annuity which existed before February 8, 2006 and which do not require a decision, election, or action to take effect are excluded from treatment as a transfer without fair consideration.

c) Changes which are beyond the control of the individual, such as a change in law, a change in the policies of the annuity issuer, or a change in terms based on other factors, such as the annuity issuer's financial condition, are excluded from treatment as a transfer without fair consideration.

8.100.7.J. Life Expectancy Tables

This rule incorporates by reference the Social Security Office of the Chief Actuary Period Life Table 2011 for both males and females. The incorporation of the table excludes later amendments, or editions of, the referenced material.

The Social Security Office of the Chief Actuary Period Life Table 2011 is available at www.ssa.gov/oact/STATS/table4c6.html.

Pursuant to § 24-4-103 (12.5), C.R.S., the Department maintains copies of the incorporated text in its entirety, available for public inspection during regular business hours at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver, CO 80203. Certified copies of incorporated materials are provided at cost upon request.

8.100.7.K. Spousal Protection - Treatment of Income and Resources for Institutionalized Spouses

1. The spousal protection regulations apply to married couples where one spouse is institutionalized or likely to be institutionalized for at least 30 consecutive days and the other spouse remains in the community. Being a community spouse does not prohibit Medicaid eligibility if all criteria are met. The community spouse resource allowance does not supersede the Medicaid eligibility criteria.

2. For purposes of spousal protection, an institutionalized spouse is an individual who:

   a. Begins a stay in a medical institution or nursing facility on or after September 30, 1989, or

   b. Is first enrolled as a Medical Assistance client in the Program of All Inclusive Care for the Elderly (PACE) on or after October 10, 1997, or

   c. Receives Home and Community Based Services on or after July 1, 1999; and

   d. Is married to a spouse who is not in a medical institution or nursing facility; but does not include any such individual who is not likely to meet the requirements of subparagraphs 8.100.7.K.2.a thru c for at least 30 consecutive days.

3. A community spouse is defined as the spouse of an institutionalized spouse.

8.100.7.L. Assessment and Documentation of The Couple's Resources

An assessment of the total value of the couple’s resources shall be completed at the time of initial Medical Assistance application or when requested by either spouse of a married couple. All non-exempt resources owned by a married couple are counted, whether owned jointly or individually. There are no exceptions for legal separation, pre-nuptial, or post-nuptial agreements. Once the applicant is approved, the Community Spouses’ resources are not reviewed again unless the Community Spouse applies for Medical Assistance.

8.100.7.M. Calculation of the Community Spouse Resource Allowance

1. A Community Spouse Resource Allowance (CSRA) shall be allocated based on the total resources owned by the couple as of the time of Medical Assistance application. The CSRA is established at intake only, and; once approved the community spouse’s resources are not considered again until the community spouse applies for Medical Assistance. This is true even if the community spouse becomes institutionalized but does not apply for Medical Assistance. In calculating the amount of the CSRA, resources shall not be attributed to the community spouse based upon state laws relating to community property or the division of marital property.

For persons whose Medical Assistance application is for an individual who meets the definition of an institutionalized spouse, the CSRA is the largest of the following amounts:

a. The total resources of the couple but no more than the current maximum allowance which, changes each year beginning January 1st.; or

b. The increased CSRA calculated pursuant to section 8.100.7.S; or

c. The amount a court has ordered the institutionalized spouse to transfer to the community spouse for monthly support of the community spouse or a dependent family member.

2. The resources allotted to the community spouse as the CSRA shall be transferred into the name of the community spouse and shall not be considered available to the institutionalized spouse. After the transfer of the CSRA to the community spouse, the income from these resources shall be attributed to the community spouse.

3. The transfer of the CSRA shall be completed as soon as possible, but no later than the next redetermination when the community spouse becomes institutionalizes; whichever is earlier. If the transfer is not completed within this time period, the resources shall be attributed to the institutionalized spouse and shall affect his/her Medical Assistance eligibility. Verification of the transfer of assets to the community spouse shall be provided to the eligibility site.

   The institutionalized spouse may transfer the resources allotted to the community spouse as the CSRA to another person for the sole benefit of the community spouse.

4. If the community spouse is in control of resources attributed to the institutionalized spouse, but fails to make such resources available for his/her cost of care, this fact shall not make the institutionalized spouse ineligible for Medical Assistance, where:

   a. The institutionalized spouse has assigned The Department any rights to support from the community spouse; or

   b. The institutionalized spouse lacks the ability to execute an assignment due to physical or mental impairment but The Department has the right to bring a support proceeding against the community spouse without such assignment; or

   c. The eligibility site determines that the denial of eligibility would work an undue hardship upon the institutionalized spouse. For the purposes of this subparagraph, undue hardship means that an institutionalized spouse, who meets all the Medical Assistance eligibility criteria except for resource eligibility, has no alternative living arrangement other than the medical institution or Long Term Care institution.

8.100.7.N. Treatment of the Home and Other Exempt Resources

The CSRA shall not include the value of exempt resources including the home. It is not necessary for the home to be transferred to the community spouse. The rules regarding countable and exempt resources can be found in the section 8.100.5. However, for Spousal Protection there is no limit to the value of household goods and personal effects and one automobile.

8.100.7.O. Determination of the Institutionalized Spouse's Income and Resource Eligibility

1. The institutionalized spouse is resource eligible for Medical Assistance when the total resources owned by the couple are at or below the amount of the Community Spouse Resource Allowance plus the Medical Assistance resource allowance for an individual of $2,000.

2. The eligibility site shall determine whether the institutionalized spouse is income eligible for Medical Assistance. The institutionalized spouse shall be income eligible if his/her gross income is at or below the Medical Assistance income limit for recipients of long-term care. If an income trust is used the trust must be established before the MIA is calculated.

8.100.7.P. Attribution of Income

During any month in which a spouse is institutionalized, the income of the community spouse shall not be deemed available to the institutionalized spouse except as follows:

1. If payment of income from resources is made solely in the name of either the institutionalized spouse or the community spouse, the income shall be considered available only to the named spouse.

2. If payment of income from resources is made in the names of both the institutionalized spouse and the community spouse, one-half of the income shall be considered available to each spouse.

3. If payment of income is made in the names of the institutionalized spouse or the community spouse, or both, and to another person or persons, the income shall be considered available to each spouse in proportion to the spouse's interest.

4. The above regulations of attribution of income are superseded if the institutionalized spouse can establish by a preponderance of the evidence that the ownership interests in the income are other than that provided in the regulations.

8.100.7.Q. Calculating the Community Spouse's Monthly Income Needs

1. The community spouse's total minimum monthly needs shall be determined as follows:

    a. The current minimum monthly maintenance needs allowance (MMMNA), which is equal to 150% of the federal poverty level for a family of two and is adjusted in July of each year;

    b. An excess shelter allowance, in cases where the community spouse's expenses for shelter exceed 30% of the MMMNA. The excess shelter allowance is computed by adding (a) and (b) together:

        i) The community spouse's expenses for rent or mortgage payment including principal and interest, taxes and insurance, and, in the case of a condominium or cooperative, any required maintenance fee, for the community spouse's principal residence; and

        ii) The larger of the following amounts: the standard utility allowance used by Colorado under U.S.C. 2014(e) of Title 7; or the community spouse's actual, verified, utility expenses. A utility allowance shall not be allowed if the utility expenses are included in the rent or maintenance charge, which is paid by the community spouse.

        iii) The excess shelter allowance is the amount, if any, that exceeds 30% of the MMMNA.

2. An additional amount may be approved for the following expenses:

    a. Medical expenses of the community spouse or dependent family member for necessary medical or remedial care. Each medical or remedial care expense claimed for deduction

must be documented in a manner that describes the service, the date of the service, the amount of the cost incurred, and the name of the service provider. An expense may be deducted only if it is:

i) Provided by a medical practitioner licensed to furnish the care;

ii) Not subject to payment by any third party, including Medical Assistance and Medicare;

b. The cost of Medicare, Long Term Care insurance, and health insurance premiums. A health insurance premium may be allowed in the month the premium is paid or may be prorated and allowed for the months the premium covers. This allowance does not include payments made for coverage which is:

i) Limited to disability or income protection coverage;

ii) Automobile medical payment coverage;

iii) Supplemental to liability insurance;

iv) Designed solely to provide payments on a per diem basis, daily indemnity or non-expense-incurred basis; or

v) Credit life and/or accident and health insurance.

3. If either spouse establishes that the community spouse needs income above the level provided by the minimum monthly maintenance needs allowance due to exceptional circumstances, which result in significant financial duress, such as loss of home and possessions due to fire, flood, or tornado, an additional amount may be substituted for the MMMNA if established through a fair hearing.

4. The total that results from adding the current MMMNA and the excess shelter allowance shall not exceed the current maximum MMMNA which is $2,175.00 for the year 2001 and is adjusted by the Health Care Financing Administration in January of each year.

8.100.7.R. Calculating the Amount of Income to be Contributed by the Institutionalized Spouse for the Community Spouse's Monthly Needs

1. The Monthly Income Allowance (MIA) is the amount of money necessary to raise the community spouse's income to the level of his/her monthly needs, and shall be obtained from the monthly income of the institutionalized spouse. For individuals who become institutionalized on or after February 8, 2006, all income of the institutionalized spouse that could be made available to the community spouse must be considered to have been made available to the community spouse before an MIA is allocated to the community spouse.

2. The MIA shall be the amount by which the community spouse's minimum monthly needs, which is the MMMNA, exceed his/her income from sources other than the institutionalized spouse. The community spouse’s income shall be calculated by using the gross income less mandatory deduct ions for FICA and Medicare tax.

3. If a court has entered an order against the institutionalized spouse for monthly support of the community spouse, the MIA shall not be less than the monthly amount ordered by the court.

4. The eligibility site shall make adjustments to the MMMNA and/or the MIA on a monthly basis for any continuing change in circumstances that exceeds $50 a month. Continuing changes of less than $50 in a month, and any infrequent or irregular changes, shall be considered at redetermination.

8.100.7.S. Increasing the Community Spouse Resource Allowance

1. The CSRA shall be increased above the maximum amount if additional resources are needed to raise the community spouse's monthly income to the level of the Minimum Monthly Maintenance Needs Allowance (MMMNA). In making this determination the items listed below are calculated in the following order:

    a. The community spouse's MMMNA;

    b. The community spouse's own income; and

    c. The Monthly Income Allowance (MIA) contribution that the community spouse is eligible to receive from the institutionalized spouse.

    d. If the community spouse's own income, and the Monthly Income Allowance contribution from the institutionalized spouse's income is less than the Minimum Monthly Maintenance Needs Allowance, additional available resources shall be shifted to the community spouse to bring his/her income up to the level of the MMMNA. The additional resources necessary to raise the community spouse's monthly income to the level of the MMMNA shall be based upon the cost of a single-premium lifetime annuity with monthly payments equal to the difference between the MMMNA and the community spouse's income. The following steps shall be followed to determine the amount of resources to be shifted:

        i) The applicant shall obtain three estimates of the cost of an annuity that would generate enough income to make up the difference between the MMMNA and the combined community spouse's income as described above.

        ii) The amount of the lowest estimate shall be used as the amount of resources to increase the CSRA.

        iii) The applicant shall not be required to purchase the annuity in order to have the CSRA increased.

    e. The CSRA shall not be increased if the institutionalized spouse refuses to make the monthly income allowance (MIA) available to the community spouse.

8.100.7.T. Deductions from Monthly Income of the Institutionalized Spouse

1. During each month after the institutionalized spouse becomes Medical Assistance eligible, deductions shall be made from the institutionalized spouse's monthly income in the following order.

    a. A personal needs allowance or the client maintenance allowance as allowed by program eligibility.

    b. A Monthly Income Allowance (MIA) for the community spouse, but only to the extent that income of the institutionalized spouse is actually made available to, or for the benefit of, the community spouse;

c. A family allowance for each dependent family member who lives with the community spouse.

i) The allowance for each dependent family member shall be equal to one third of the amount of the MMMNA and shall be reduced by the monthly income of that family member.

ii) Family member means dependent children (minor or adult), dependent parents or dependent siblings of either spouse that are residing with the community spouse and can be claimed by either the institutionalized or community spouse as a dependent for federal income tax purposes.

d. Allowable deductions identified in section 8.100.7.V.

e. If the institutionalized spouse fails to make his/her income available to the community spouse or eligible dependent family members in accordance with these regulations, that income shall be applied to the cost of care for the institutionalized spouse.

f. No other deductions shall be allowed.

8.100.7.U. Right to Appeal

1. Both spouses shall be informed of the following:

a. The amount and method by which the eligibility site calculated the community spouse resource allowance (CSRA), community spouse monthly income allowance (MIA), and any family allowance;

b. The spouses' right to a fair hearing concerning these calculations;

c. The eligibility site conclusions with respect to the spouses' ownership and availability of income and resources, and the spouses' right to a fair hearing concerning these conclusions.

2. If either spouse establishes that the community spouse needs income above the level provided by the minimum monthly maintenance needs allowance due to exceptional circumstances, which result in significant financial duress, such as loss of home and possessions due to fire, flood, or tornado, an additional amount may be substituted for the MMMNA if established through a fair hearing.

3. Appeals from decisions made by the eligibility site shall be governed by the provisions under Recipient Appeals Protocols/Process at 8.058.

8.100.7.V. Long-Term Care Institution Recipient Income

1. Determination of Income and Communication between the Long-Term Care institution and the Eligibility Site Using the AP-5615 Form for Patient Payment

a. Sections I, II and IV of the AP-5615 form are to be completed by the Long-Term Care institution for all admissions, readmissions, transfers to and from another payer source, including private pay and Medicare, discharges, deaths, changes in income and/or patient payment, medical leaves of absence and non-medical/programmatic leave in excess of 42 days combined per calendar year.

b. The initial determination of resident income for patient payment shall be made by the Eligibility Site. The Eligibility Site shall notify the Long-Term Care institution of current resident income.

c. On receipt of AP-5615 form, the Eligibility Site will, within five working days:

i) For an admission, a readmission or a transfer from/to private pay, Medicare, or another payer source:

1) Verify and correct, if necessary, data entered by the Long-Term Care institution.

2) List and/or verify the resident's monthly income adjustments and/or Long-Term Care Insurance benefit payments; and compute patient payment. Provide the completed AP-5615 to the Long-Term Care institution.

3) Correct the automated system to indicate the Long-Term Care institution name and provider number and to reflect the current distribution of income. Submit the AP-5615 form to the Department.

d. For change in patient payment with respect to changes in resident income:

i) Verify changes in resident income, and correct if necessary. All such corrections must be initialed,

ii) Compute patient payment and provide the completed AP-5615 to the Long-Term Care institution.

e. For change in patient payment with respect to the post-eligibility treatment of income, the Eligibility Site shall:

i) Review the AP-5615 form for Medicare part B premium deduction allowances for the first two months of admission.

ii) If client is already on the Medicare Buy-In program for Medicare part B, do not adjust patient payment on AP-5615 form for the Medicare premium deduction. If client is not on the Buy-In program, adjust AP-5615 form for the Medicare premium deduction for the first two months of Long-Term Care institution eligibility.

iii) If the client has a Medicare D premium, the Eligibility Site shall use the amount as an income adjustment/deduction in the patient payment calculation and complete the AP-5615 form.

f. For resident leave of absence:

i) Non-Medical/Programmatic Leave. When combined non-medical/programmatic days in excess of 42 days are reported, verify adherence to the restrictions and conditions of section 8.482.44.

ii) Medical Leave/Hospitalization. Verify that the patient payment is apportioned correctly between the nursing facility and the hospital so that no Medicaid payment is requested for the period. See also section 8.482.43.

iii) The nursing facility may wait until the end of the month to complete the AP-5615 form for an ongoing hospitalization.

g. For change in payer status:

i) If Medicare or insurance is a primary payer during the month, verify the nursing facility's calculation of the patient payment.

ii) Complete and provide the AP-5615 to the nursing facility.

h. For discharge or death of resident:

i) Verify the date of death or discharge, and verify the correct patient payment including the resident's monthly income for the discharged month, and the amount calculated by per diem. All corrections must be initialed.

ii) Note if the resident entered another Long-Term Care institution and, if so, enter the name of the new Long-Term Care institution in the system.

iii) In the event the resident may return to the same facility, the AP-5615 form may be completed at the end of the month for discharges due to hospitalization.

i. For discontinuation of Long-Term Care eligibility:

i) Initiate and send an AP-5615 form to the Long-Term Care institution within 5 working days of the date of determination that the client's eligibility will be discontinued. Indicate the date the discontinuation will be effective.

j. Failure to provide a correct and timely AP-5615 to the Long-Term Care institution may result in the refusal of the Department to reimburse such Long-Term Care institution care. The AP-5615 form is required in order for a Prior Authorization Request (PAR) to be issued for Long-Term Care institution claim reimbursement.

k. General Instructions:

i) The AP-5615 form must be verified and a signed AP-5615 form returned to the Long-Term Care institution.

ii) The AP-5615 form must be signed and dated by the director of the Eligibility Site or by his/her designee.

iii) AP-5615 forms may be initiated by either the Long-Term Care institution or Eligibility Site. If the Eligibility Site is aware of information requiring a change in financial arrangements of a resident, and a new AP-5615 form is not forthcoming from the Long-Term Care institution, the Eligibility Site may initiate the revision to the AP-5615 form. In such case, one copy of the AP-5615 form showing the changes will be sent to the Long-Term Care institution.

l. The Department may deduct excess payments from the Eligibility Site administrative reimbursement as stated in the Colorado Department of Human Services Finance Staff Manual, Volume 5 if the Eligibility Site fails to:

i) Perform the duties as detailed in this section; or

ii) Adhere to the limitations on a reduced patient payment; as detailed in section 8.100.7.V.4; or

iii) Notify the Long-Term Care institution within 5 working days of any changes in resident income, provided the Long-Term Care institution is not authorized to receive the resident's income; and excessive Medicaid funds are paid to the Long-Term Care institution as a result of this negligence.

2. Collection of Patient Payment

a. It shall be the responsibility of the Long-Term Care institution to collect from the client, or from the client's family, conservator or administrator, the patient payment, which is to be applied to the cost of client care. The Department is not responsible for any deficiency in patient payment accounts, due to failure of the Long-Term Care institution to collect such income.

b. If, however, the Long-Term Care institution is unable to collect such funds, through refusal of the resident or the resident's family, conservator, administrator or responsible party to release such income, the Long-Term Care institution shall immediately notify the Eligibility Site.

c. When notified by the Long-Term Care institution of the refusal of the client or the client's family, conservator administrator or responsible party to pay the patient payment due, the Eligibility Site shall immediately contact the refusing party. If, after such contact, the party still refuses to release such income, the action shall be deemed a failure to cooperate, and the Eligibility Site shall proceed to discontinue Medicaid benefits for the resident.

3. Calculation of Patient Payment

a. Specific instructions for computing the patient payment amount are contained in this volume under The “Status of Long-Term Care institution Care” Form, AP-5615

b. Once an applicant for Nursing Facility Medical Assistance has been determined eligible for Medical Assistance, the Eligibility Site shall determine the patient payment due to the Nursing Facility which is to be applied to the Medicaid reimbursement for the cost of care. That patient payment is calculated by:

i) Determining all applicable income of the recipient

ii) Deducting all applicable allowable monthly income adjustments, which include:

1) Personal Needs Allowance

2) If applicable, Monthly Income Allowance for the community spouse.

3) If applicable, Family Dependent Allowance

4) If applicable, Home Maintenance Allowance

5) If applicable, Trustee/Maintenance Fees: actual fees, with a maximum of $20 per month

6) If applicable, Mandatory Income Tax Withheld

7) Mandatory garnishments repaying Federal assistance overpayment

8) Medical or remedial care expenses that are not subject to payment by a third party:

a) Medicare Part B Premium expenses, if applicable, are deductible only for the first and second month in the Nursing Facility.

b) Medicare Part D Premium expenses, if applicable, are ongoing deductions.

c) Other medical and remedial expenses covered under the Nursing Facility PETI (NF PETI) program are not deductible. NF PETI-approved expenses are allowed only for residents with a patient payment, but do not change the patient payment amount. For NF PETI, see the Section 8.482.33 in this volume “Post Eligibility Treatment of Income”.

c. Long-Term Care Insurance

Long-Term Care insurance payments are not counted as income for eligibility purposes. However, they are income available for a patient payment. The patient payment shall include the client’s income after the allowable deductions and any Long-Term Care insurance payments for the month. In the event that the patient payment is greater than the cost of care, the Long-Term Care insurance payment shall be applied before the client’s income.

i) If Long-Term Care insurance is received for the month, and:

1) If, after all deductions, the client has income available for a patient payment, add this to the amount of the Long-Term Care insurance to determine the total patient payment.

a) If the total amount is greater that the allowable cost of care, the Long-Term Care insurance is applied before the client’s income, or;

b If after all deductions, the client does not have income available for the patient payment, only the Long-Term Care insurance payment is used.

d. Personal Needs Allowances

i) Non-Veteran related personal needs allowance

1) Prior to January 1, 2015 the personal needs allowance base amount is $50 per month.

2) Effective January 1, 2015 the personal needs allowance base amount is $75 per month and will be adjusted annually at the same rate as the statewide average of the nursing facility per diem rate net of patient payment pursuant to C.R.S. § 25.5-6-202(9)(b)(I). Each yearly adjustment will set a new base amount.

a) The first annual rate adjustment to the new $75 base amount will occur on January 1, 2015.

ii) Veterans-related personal needs allowance

Effective 07/01/91, the personal needs allowance shall be $90 per month for a veteran in a Long-Term Care institution who has no spouse or dependent child and who receives a non-service connected disability pension from the U.S. Veterans Administration. The personal needs allowance shall also be $90 per month for the widow(er) of a veteran with no dependent children.

1) Public Law requires that a veteran, without a spouse or dependent child, who enters a Long-Term Care institution have their veteran's pension reduced to $90 which is to be reserved for their personal needs. This reduction in pension is not applicable to veteran's who reside in a State Veteran's Nursing facility. If a veteran, who does not reside in a State Veteran's Nursing facility, receives a pension reduction of $90 he/she is allowed to apply this $90 to his/her personal needs allowance. It is not considered income toward the patient payment. The same regulation applies to a widow of a veteran without any dependent children.

2) To verify if those veterans residing in State Veteran's Nursing facilities are receiving a non-service connected pension you may request their award letter from the Department of Veterans Affairs or call the Department of Veterans Affairs and verify through contact. If they are receiving any amount in a non-service connected pension they are entitled to a $90 personal needs allowance so long as they do not have a spouse or dependent child. The same regulation applies to a widow of a veteran without any dependent children.

iii) For aged, disabled, or blind Long-Term Care institution recipients engaged in income-producing activities, an additional amount of $65 per month plus one-half of the remaining gross income may be retained by the individual.

iv) Effective September 15, 1994, aged, disabled, or blind Long-Term Care institution residents, HCBS or PACE recipients with mandatory withholdings from earned or unearned income to cover federal state, and local taxes may have an additional amount included as a deduction from the patient payment. The patient payment deduction must be for a specific accounting period when the taxes are owed and expected to be withheld from income or paid by the individual in the accounting period. The Eligibility Site must verify that the taxes were withheld. If the taxes are not paid, the Eligibility Site must establish a recovery. The deduction is also applicable for any Federal pensions with mandated tax withholdings from unearned income despite the individual earner being institutionalized. All other pensions will discontinue the tax withholding once notified that the recipient is receiving institutionalized care through Medicaid, thus signifying that the withholding was not mandatory. This deduction does not apply to individuals who have elected to have taxes withheld from their earnings as a means to receiving a greater tax refund.

e. The reserve specified in section 8.100.7.V.3.d.iii. of this volume shall apply to Long-Term Care institution residents who are engaged in income-producing activities on a regular basis. Types of income-producing activities include:

i) work in a sheltered workshop or work activity center;

ii) “protected employment” which means the employer gives special privileges to the individual;

iii) an activity that produced income in connection with a course of vocational rehabilitation;

iv) employment training sessions;

v) activities within the facility such as crafts products and facility employment.

f. In determining the personal needs reserve amount for Long-Term Care institution residents engaged in income-producing activities:

i) The personal needs allowance is reserved from earned income only when the person has insufficient unearned income to meet this need;

ii) In determining countable earned income of a Long-Term Care institution resident, the following rules shall apply:

1) $65 shall be subtracted from the gross earned income.

2) The result shall be divided in half.

3) The remaining income is the countable earned income and shall be considered in determining the patient payment.

iii) When the personal needs allowance is reserved from unearned income, the additional reserve is computed based on the total gross earned income.

g. Other Deductions Reserved from Recipient's Income:

i) In the case of a married, long-term care recipient who is institutionalized in a Long-Term Care institution and who has a spouse (and, in some cases, other dependent family members) living in the community, there are “spousal protection” rules which permit the contribution of the institutionalized spouse's income toward their living expenses. See section 8.100.7.K.

ii) For a Long-Term Care institution recipient with no family at home, an amount in addition to the personal needs allowance may be reserved for maintenance of the recipient's home for a temporary period, not to exceed 6 months, if a physician has certified that the person is likely to return to his/her home within that period.

This additional reserve from recipient income is referred to as Home Maintenance Allowance and the amount of the deduction must be based on actual and verified shelter expenses such as mortgage payments, taxes, utilities to prevent freeze, etc.

The Home Maintenance Allowance:

1) Prior to July 1, 2018 shall not exceed the total of the current shelter and utilities components of the applicable standard of assistance (OAP for aged recipients; AND/SSI-CS or AB/SSI-CS for disabled or blind recipients).

2) Beginning July 1, 2018

a) The Home Maintenance Allowance shall not exceed the Home Maintenance Allowance Maximum described in this section.

Claimable utility costs will be limited to the lessor of the following amounts:

The standard utility allowance used by Colorado under 7 U.S.C. 2014(e) (2018), which is hereby incorporated by reference.

The incorporation of 7 U.S.C. 2014(e) (2018) excludes later amendments to, or editions of, the referenced material. Pursuant to § 24-4-103(12.5), C.R.S., the Department maintains copies of this incorporated text in its entirety, available for public inspection during regular business hours at: Colorado Department of Health Care Policy and Financing, 1570 Grant Street, Denver CO 80203. Certified copies of incorporated materials are provided at cost upon request.

Or;

The individual's actual, verified, utility expenses.

b) The Maximum Home Maintenance Allowance is The Individual Needs Standard minus 105% Federal Poverty Limit (FPL) for a household of 1, rounded to the nearest whole dollar, and is determined as follows:

(1) The Department will calculate the Individual Needs Standard by dividing the Federal Minimum Monthly Maintenance Needs Allowance maximum by the Federal Minimum Monthly Maintenance Needs Allowance (MMMNA), described at 8.100.7.Q, which is in place on January 1st of each calendar year. The result of this division will be multiplied by 150% of FPL for a household of 1.

(2) The Home Maintenance Maximum is determined by subtracting 150% FPL for a household of 1 from the Individual Needs Standard and adding 30% of 150% FPL for a household of 1. The result will be rounded to the nearest whole dollar.

h. The necessity for the deduction from a recipient's income specified in section 8.100.7.V.3 shall be fully explained in the case record. Such additional reserve amount must be entered on the eligibility reporting form.

i. As of July 1, 1988, an SSI cash recipient may continue to receive SSI benefits when he/she is expected to be institutionalized for three months or less. This provision is

intended to allow temporarily institutionalized recipients to pay the necessary expenses to maintain the principal place of residence.

i) Payments made under this continued benefit provision are not considered over-payments of SSI benefits if the recipient's stay is more than 90 days.

ii) The amount of Supplemental Security Income (SSI) benefit paid to an institutionalized individual is deducted from gross income when computing the patient payment.

j. When a nursing facility resident's SSI is reduced due to institutionalization, the difference between the reduced SSI payment and the personal needs allowance amount shall be provided through the Adult Financial program so that the resident receives the full personal needs allowance.

4. Reduction of the Patient Payment

a. Patient payment may be reduced only under the following conditions:

i) A resident's income is equal to or less than the personal needs allowance and there is no long term care insurance payment, in which case the patient payment is zero; or

ii) A resident's income is equal to or less than the sum of all allowable and appropriate deductions, and there is no long term care insurance payment; or

iii) A resident is admitted to the Long Term Care institution from his/her home and the resident's funds are committed elsewhere for that month; or

iv) The resident is admitted from his/her home, where his/her funds were previously committed, to the hospital, and subsequently to the Long Term Care institution, in the same calendar month; or

v) The resident is discharged to his/her home, and the Eligibility Site determines that the income is necessary for living expenses; or

vi) The resident is admitted from another Long Term Care institution or from private pay within the facility and has committed the entire patient payment for the month for payment of care already provided in the month of admission.

vii) Medicare assesses a co-insurance payment for a QMB recipient; the recipient's patient payment cannot be used for payment of Medicare co-insurance.

b. Patient payment may not be waived in the following instances:

i) Transfers between nursing facilities, except that the patient payment for the receiving facility may be waived if the patient payment has already been committed to the former nursing facility; or

ii) Discharges from nursing facility to a hospital or other medical institution when Medicaid is paying for services in the medical institution; or

iii) Changes from private pay within the facility and the patient payment is not already committed for care provided under private pay status; or

iv) The death of the resident.

c. The Eligibility Site shall verify and approve partial month patient payments due to transfers, discharges or death when calculated by the nursing facility based upon the nursing facility's per diem rate.

d. The amount of SSI benefits received by a person who is institutionalized is not considered when calculating patient payment.

5. Responsibilities of the Eligibility Site Regarding the Personal Needs Fund

a. It shall be the responsibility of the Eligibility Site to explain to the resident the various options for handling the personal needs monies, as well as the resident's rights to such funds. The resident has the option to allow the Long Term Care institution to hold such funds in trust.

b. It shall be the responsibility of the Eligibility Site to assure that the Long Term Care institution properly transfers or disposes of the resident's personal needs funds within 30 days of discharge from the Long Term Care institution, or transfer to another Long Term Care institution.

c. The Eligibility Site shall notify the State Department if they become aware that a Long Term Care institution has retained personal needs funds more than 30 days after the death of a resident.

6. For rules regarding post eligibility treatment of income, see the section in this volume titled "Post Eligibility Treatment of Income"

COLORADO
Department of Health Care Policy & Financing
Medical Services Board

NOVEMBER 2021 EMERGENCY JUSTIFICATION FOR MEDICAL ASSISTANCE RULES ADOPTED AT THE NOVEMBER 2021, 2021 EMERGENCY MEDICAL SERVICES BOARD MEETING

MSB 21-11-03-A, Revision to the Medical Assistance Act Rule concerning Novel Corona Virus Disease (COVID-19) Rules, Section 8.6000

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. The temporary changes to regulatory requirements in order to provide enhanced flexibility, reduction to programmatic limitations, and alignment with existing federal guidance related to processes under the COVID-19 pandemic is imperatively necessary for the preservation of public health safety, and welfare.

MSB 21-11-03-B, Revision to the Medical Assistance Rule concerning Provider Enrollment, Sections 8.125.11, 8.125.12, 8.125.13

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. The purpose of this emergency rule is to temporarily change regulatory requirements for Department of Health Care Policy and Financing rules to provide enhanced flexibility, reduction to programmatic limitations, and alignment with existing federal guidance related to processes under the COVID-19 pandemic. The temporary changes to regulatory requirements in order to provide enhanced flexibility, reduction to programmatic limitations, and alignment with existing federal guidance related to processes under the COVID-19 pandemic is imperatively necessary fo the preservation of public health safety, and welfare.

MSB 21-11-04-A, Revision to the Medical Assistance Act Rule concerning Emergency Medical Transportation, Sections 8.018.1.F. and 8.018.4.D.1

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. Under the Department's current rule, ambulance trips may only be taken to a limited set of medical facilities, the "closest, most

appropriate Facility." CMS recently issued an expanded list of allowable destinations for ambulance trips that qualify for Medicare reimbursement during the COVID-19 public health emergency. This rule will align the Department with that new CMS Medicare guidance by expanding our definition of Facility. The goal is to allow EMT providers to take members to a wider range of medical facilities that are appropriate to the member's condition but that are not necessarily hospitals. This will help prevent hospital overcrowding while also getting members the most appropriate medical care, and will allow utilization of temporary and alternative care sites.
The second change relates to interfacility transportation, which is ambulance transportation from one facility to another, provided the member requires basic or advanced life support en route. This revision suspends the life support requirement. This will allow for members to be moved from one facility to another if they need continued COVID-19-related care, but do not require life support en route. This is imperatively necessary for the preservation of public health safety, and welfare.

MSB 21-11-04-B, Revision to the Medical Assistance Act Rule concerning Non-Emergent Medical Transportation, Sections 8.014.1.N, 8.014.3.C.2, 8.014.3.D.1, 8.014.4.A, 8.014.6.A.3

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. Permitting NEMT trips to non-covered places of service will prevent hospital overcrowding while ensuring that members receive treatment for COVID-19. The change allows flexibility and takes advantage of newly established alternative care sites that may be temporary in nature and thus not enrolled in the Colorado Medical Assistance Program. If members with COVID-19 can only receive care at covered places of service, those sites may become overcrowded and may see a shortage of available beds.
Suspending multi-loading will ensure compliance with social distancing guidelines by limiting a vehicle's occupants. It is imperatively necessary for the preservation of public health safety, and welfare.

MSB 21-11-05-B, Revision to the Medical Assistance Act Rule concerning Nursing Facility Immunization Administration, Sections 8.443 and 8.815

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. This rule revision will allow the Department to reimburse pharmacies for administration of the COVID-19 vaccine in Long-term Care Facilities through the Centers for Disease Control and Prevention's (CDC's) Pharmacy Partnership for Long-term Care Program or other partnership between an LTC and a pharmacy. These revisions are required to facilitate administration of the forthcoming COVID-19 vaccine to nursing home facility residents and is imperatively necessary for the preservation of public health safety, and welfare.

MSB 21-11-07-A, Revision to the Medical Assistance Rule concerning Medical Assistance program rule updates, Sections 8.100.1,8100.3, 8.100.4, 8.100.5 and 8.100.6

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. The proposed rule change will amend 10 CCR 2505-10 sections 8.100.1,8.100.3, 8.100.4, 8.100.5 and 8.100.6 based on the Coronavirus Aid, Relief, and Economic Security (CARES) Act, the Families First Coronavirus Response Act (FFCRA) and the Affordable Care Act(ACA), which includes the Maintenance of Effort (MOE) provision. All policy revisions will align with federal regulations for the state to be in compliance during the federal Coronavirus (COVID-19) Public Health Emergency. These changes will impact all Medical Assistance categories and these policy changes will stay in place until the end of the federal Coronavirus (COVID-19) Public Health Emergency. The following policy changes are: Self-attestation for most verifications will be acceptable to be in compliance with the Maintenance of Effort (MOE) provision to ensure the continuance of health coverage for all eligible members. When a member is not reasonable compatible based off income a member self-attests, documentation will not be required, and the member will remain eligible for Medical Assistance. Self-attestation of resources will be acceptable for Non-MAGI programs. Premiums for the Buy-In program will be waived. Required through the Federal CARES Act for the Maintenance of Effort (MOE), members who had a loss of employment will remain in the Buy-In program. Newly enrolled members will still need to meet the work requirements. For applicants who are not eligible for Medical Assistance but have been exposed or who are potentially infected by the COVID-19, will be eligible for Medical Assistance for related COVID testing. The economic stimulus relief package designed to provide direct assistance to individuals to help offset the financial impacts of the COVID-19 Public Health Emergency will be exempt for MAGI and Non-MAGI eligibility determinations. The economic stimulus will not be a countable resource for 12 months for any Non-MAGI financial eligibility determinations that include a resource test. Lastly, the Federal Pandemic Unemployment Compensation (FPUC) program which provides an extra $600.00 a week is not countable unearned income for Medical Assistance categories. This rule change is crucial for the preservation of public health, safety, and welfare.

MSB 21-10-28-A, Revision to the Medical Assistance Act Rule Concerning Preferred Drug List (PDL) and New Drug Determinations, Section 8.800.16.B

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. The proposed rule change will ensure that members will receive medications that are new to the market in a timely manner. This rule change is crucial for the preservation of public health, safety, and welfare.

MSB 21-10-22-A, Revision to the Medical Assistance Eligibility Rules concerning General and Citizenship Eligibility Requirements, Section 8.100.3.G

For the preservation of public health, safety and welfare

Emergency rule-making is imperatively necessary. The Extending Government Funding and Delivering Emergency Assistance Act (HR 5305) was signed into law on September 30, 2021, and changes are required to align state rules with the continuing resolution. Additionally, several hundred individuals that would potentially be categorized and covered based on their

Afghan Humanitarian Parolee status have already arrived in Colorado and need access to health coverage for urgent health needs. This rule change is crucial for the preservation of public health, safety, and welfare.
