RE: Correction Request Tracking No. 2020-00815

Dear Secretary of State Griswold:

On June 22, 2020, the Colorado Department of Public Health and Environment ("CDPHE") submitted SOS Tracking No. 2020-00440, Amendments to 6 C.C.R. 1007-1, Part 22, Physical Protection of Category 1 and Category 2 Quantities of Radioactive Material. The board adopted the proposed permanent rule on August 19, 2020.

It has come to CDPHE's attention that the adopted rule filed under this tracking number requires a minor change to update the mailstop where fingerprints must be mailed. The Nuclear Regulatory Commission recently updated the mailstop in the federal rule equivalent to this rule and just recently notified CDPHE. The change is necessary because an incorrect mailstop will cause confusion and create misinformation.

On October 14, 2020, CDPHE requested an administrative change to SOS Tracking No. 2020-00440 in order to correct the error designated above. A corrected version has been submitted.

This correction is technical and non-substantive in nature and is submitted to you for publishing in the C.C.R. pursuant to C.R.S. § 24-4-103(11)(d)(II) of the State Administrative Procedure Act.

Please contact me at 720-508-6145 if you require further information. Thank you for your assistance.

Sincerely,

FOR THE ATTORNEY GENERAL
