RE: SOS Correction Tracking Number 2022-00673
500, 1008, 2500 Department of Human Services
Social Services Rules (Volume 27; Commission for the Deaf, Hard of Hearing,
and Deafblind)
12 CCR 2516-1 Rule 27.230

Dear Ms. Griswold,

I reviewed the correction to the accompanying rule revisions and determined the matter being corrected is a non-substantive typographical error and that the correction is necessary to ensure the published rule and corresponding opinion conform to the adopted rules, pursuant to section 24-4-103(11)(d), C.R.S. (2022).

The correction addresses a typographical error in the rule submitted under SOS Tracking Number 2022-00231. The only change is to modify “granted Status II” to “granted Status I” in section 27.230(A)(1)(a)(1)(B). The correction is non-substantive because it corrects an error without changing the meaning of the rule and is consistent with the rule as presented to and passed by the State Board of Human Services.

Sincerely,

FOR THE ATTORNEY GENERAL

/s/ Megan A. Embrey
