RE: Tracking Number 2025-00192
Corrections to Amendments to 5 CCR 1002-43 (Regulation No. 43 – On-site
Wastewater Treatment System Regulation)

Dear Secretary Griswold:

On May 6, 2025, the Water Quality Control Commission filed corrections to recently adopted amendments to 5 CCR 1002-43 (Regulation No. 43 – On-site Wastewater Treatment System Regulation). The corrections consist of formatting and filling in the effective date of June 15, 2025, for the amendments. In the version of the amendments initially filed with your office, the effective date was inadvertently left blank.

I have reviewed the corrections to the amendments to Regulation 43 and determined that they are non-substantive errors and that they are necessary in order to conform the published rules with the adopted rules. *See* § 24-4-103(11)(d), C.R.S. (“Upon written request of an agency, the secretary of state shall correct typographical and other nonsubstantive errors appearing in the rules as filed by the agency that occur after final adoption of the rules by the agency during the preparation of the rules for publication in order to conform the published rules with the adopted rules.”).

Sincerely,

FOR THE ATTORNEY GENERAL

/s/ Michael C. Landis
