**STATEMENT OF BASIS, STATUTORY AUTHORITY, AND PURPOSE**

Pursuant to §42-20-108 (1) and (2), CRS, the Chief of the Colorado State Patrol has the authority to promulgate rules and regulations for the permitting, routing, and safe transportation of hazardous materials by motor vehicles within the state of Colorado. Pursuant to §§42-20-403, 42-20-504, and 42-20-508, CRS, the Chief of the CSP has the authority to promulgate rules and regulations for the permitting, routing, and the safe transportation of nuclear materials by motor vehicles within the state of Colorado. Pursuant to §42-20-108.5, CRS, the Chief of the Colorado State Patrol is authorized to also adopt rules and regulations which exempt agricultural products from the hazardous rules.

**Amendments are being proposed to 8 CCR 1507-25:**

- Updating references to the CFR and CVSA OOS Criteria;
- Clarifying information required to be included in Hazardous Materials Routing Petition Applications;
- Updating information describing existing and established Hazardous Materials Routes within Colorado;
- Clarifying the designation of temporary or alternate Hazardous Materials routing by the CSP under its authority;
- Clarifying existing practice, policy, and rule interpretation regarding notice to be provided by Licensees before shipping highway route-controlled quantities of nuclear materials within Colorado;
- Updating verbiage and correcting minor errors in grammar; and
- Correcting minor formatting issues and updating paragraph numbering as appropriate.

It has been declared by the General Assembly that the permitting, routing, and transportation of hazardous and nuclear materials is a matter of statewide interest and concern. The absence of rules to carry out the purpose of the statutes applicable thereto is contrary to the public health, peace, safety, and welfare of this state. For these reasons, it is necessary that these rules, inclusive of the revisions proposed, are adopted.
