

FINAL REGULATIONS - CHAPTER W-0 - GENERAL PROVISIONS

ARTICLE II - LICENSE TYPES AND REQUIREMENTS

#002 - License Requirements

- A.** Except as otherwise provided by these regulations any person who takes or possesses any wildlife shall have in possession the appropriate and valid Colorado resident or non-resident license as provided in §33-4-102, C.R.S. and shall only take wildlife of the species and type as indicated on the license. In addition to the required license, the taking of some species may also require a permit.
- B.** Except as otherwise provided, any person who hunts or fishes in Colorado shall have in possession the appropriate and valid Colorado resident or nonresident hunting, fishing or furbearer license including a customer identification number.

A customer identification number is not required for the following license categories:

- 1. Senior Lifetime licenses issued prior to 1990.
 - 2. Senior Lifetime Low-Income licenses issued prior to 1994.
- C.** Except for licenses that require a carcass tag, all telephone and internet license, pass, or permit sales where a physical license, pass or permit is requested to be mailed or picked up at an agent by the customer may be issued a Temporary Authorization Number (TAN). This number allows the license, pass or permit holder to exercise the benefits of that license, pass or permit prior to receiving or picking up the physical license, pass or permit but not to exceed 45 days from the date of purchase. Any person who purchases a 1- or 5-day license by phone or internet will not be issued a physical license unless the valid dates for the license are more than fourteen days out from the date of purchase.
- D.** All annual resident and nonresident licenses authorized in 33-4-102 (1.4), C.R.S., including fishing, small game hunting, furbearer, and combination fishing and small game hunting shall be valid and otherwise in effect from March 1st to March 31st of the following year.
 - 1. The Colorado wildlife habitat stamp shall be valid and otherwise in effect for the same license year as the license to which it was originally associated. If purchased independently of a license, the Colorado wildlife habitat stamp shall be valid and otherwise in effect from March 1st to March 31st of the following year.
- E.** Except as otherwise provided in these regulations, any person who hunts or fishes in Colorado shall be physically present in the immediate vicinity of the activity. Internet or other computer-assisted remote hunting or fishing is prohibited.
- F.** Any person who hunts big game or turkey in a game management unit, or portions thereof, for which the Wildlife Commission has established limited license quotas must have a limited license valid for that unit. General season, over-the-counter licenses may not be used in a limited license unit unless validated by the Division.
- G.** Any person possessing a license or permit restricted to a specific game management unit or portions thereof, may only hunt that unit or area for which his license or permit is issued.
- H.** Duplicate small game, fishing, furbearers, senior citizen lifetime licenses and combination small game licenses may be obtained from the Division by submitting an affidavit on forms provided by the Division and payment of a \$5.00 fee. All other license duplicates may be

obtained from the Division by submitting an affidavit on forms provided by the Division and payment of a fee of fifty percent of the cost of the original license, not to exceed \$25.00.

- I. All license exchanges will be charged a fee of \$5.00.
- J. Any person who is authorized to hunt, fish or trap wildlife in Colorado pursuant to a permit issued by the Division shall comply with all of the terms and conditions of that permit.
- K. The Director is hereby authorized to issue the following licenses.
 - 1. Licenses for law enforcement investigative purposes to District Wildlife Managers, U.S. Fish & Wildlife (USFWS) Service Special Agents, or other persons cooperating with them or otherwise participating in a wildlife-related law enforcement activity authorizing them to hunt or fish as an appropriate element of an investigation of violation of Articles 1 through 6 of Title 33 of the Colorado Revised Statutes, regulations issued pursuant thereto, or federal wildlife laws; provided however, that no wildlife shall be taken with such a license if the taking would jeopardize the maintenance of populations at viable self-sustaining levels.

A written report shall be provided by the Director to the Wildlife Commission annually specifying the total number of licenses issued under this authority during the previous calendar year.

L. Turning In Poachers (TIPS) Reward Program

- 1. The Director is authorized to award licenses and preference points in accordance with this regulation to otherwise eligible persons that report the illegal take or possession or willful destruction of big game or turkey in Colorado to the Division.
- 2. Any person who voluntarily provides information that results in a person being charged with the illegal take or possession of big game or turkey may be awarded a preference point for the wildlife species of their choice or an over-the-counter license for the same species reported. As an alternative to the above reward options, and except as provided below, any person who voluntarily provides information that results in a person being charged with willful destruction of big game or turkey or assessment of a § 33-6-109(3.4), C.R.S., penalty may be awarded a limited license for the same species and unit reported.
 - a. In limited license units where less than 10 licenses (total) are allocated annually for all manners of take, only one reward license can be issued in any three year period.
 - b. In limited license units where less than 20 licenses (total) are allocated annually for all methods of take, only one reward license may be issued per year.
 - c. In limited license units where the reward license has already been issued the person may:
 - 1. wait until the next reward license in that unit is available, or
 - 2. select another limited license unit for which a reward license is available.
 - d. If the violation(s) reported occurred within a game management unit, which is closed to hunting the species reported, the person may select another limited license unit for which a reward license is available.

3. Limited licenses awarded as part of the TIPs Reward Program shall be in addition to the number of licenses generally available through or allocated as part of the Division's limited license draw.
4. Licenses for use on properties participating in the Division's Ranching for Wildlife program are not available as part of the TIPs Reward Program.
5. Licenses awarded as part of the TIPs Reward Program do not confer or otherwise guarantee access to any property for the purpose of exercising the benefits of the license. Securing such access is the responsibility of the license holder.
6. Except as provided in 2(c)(1), all licenses awarded as part of the TIPs Reward Program must be for a season occurring within 18 months of the final judicial disposition of the charges.
7. Licenses and preference points issued as part of the TIPs Reward Program are nontransferable.
8. For the purposes of the TIPs Reward Program, "charging" means the issuance of a penalty assessment or summons and complaint and such charging decision is at the sole discretion of the investigating officer or District Attorney.
9. While conviction is not necessary to support the awarding of a preference point or license, no applications for TIPs rewards will be accepted and no such rewards will be issued until final judicial disposition of the charges.
10. Only one TIPs reward will be issued per poaching incident, no matter how many animals are illegally taken. Further, if more than one person reports the violation(s) and files an application, the TIPS reward will be awarded to the person the Director finds to have provided the most pertinent information regarding the violation.
11. Applications for TIPs rewards must be made on forms provided by the Division, must be filed within 90 days of the judicial disposition of the charges and all applicants are subject to the following eligibility requirements:
 - a. To be eligible for a TIPs reward, a person must voluntarily come forward and report the violation, and must be willing to testify, and testify if requested, in any subsequent criminal prosecution. Information obtained through criminal investigation or court process is not considered "voluntary" for the purposes of the TIPs Reward Program.
 - b. A person is eligible for only one TIPs reward per year.
 - c. A person is ineligible to receive a TIPs reward if they have received any other reward for reporting the violation(s), including but not limited to a monetary payment under the Operation Game Thief program.
 - d. A person must be eligible to apply for, possess or exercise the benefits of any license or preference point conferred through the TIPs Reward Program and must otherwise comply with all other generally applicable hunting requirements and restrictions.
 - e. All Division employees, and peace officers that report violation(s) to the Division as part of their law enforcement duties, are ineligible for the TIPs Reward Program.

 - a. Feral hog
 - b. Eurasian collared-dove
 - c. European starling
 - d. House (English) sparrow
2. No license is required for a person to hunt or take terrestrial invasive species. However, commercial hunting or taking of terrestrial invasive species is prohibited. No person shall receive compensation or attempt to receive compensation from the hunting of terrestrial invasive species in Colorado. Terrestrial invasive species may be taken year-round in any number by any method allowed for the take of big or small game. In addition, terrestrial invasive species may be taken at night with the use of artificial light and night vision equipment.
 - a. Except when counted as part of the bag and possession limit for doves in #508 of these regulations, while in the field and during transport all Eurasian collared-doves shall be fully feathered.
3. Except as authorized in writing by the Director when such release is determined to be biologically non-detrimental to Colorado's wildlife and habitats, no person shall release terrestrial invasive species or hybrids of terrestrial invasive species in Colorado for the purpose of allowing them to run at large or otherwise facilitate the distribution or abundance of these species in Colorado.

AS APPROVED 11/14/2024
Basis and Purpose
Chapter W-0 - General Provisions

Basis and Purpose:

Following the passage of the Hunting, Fishing, and Parks for Future Generations Act (SB 18-143), the Colorado Parks and Wildlife Commission has the authority to adjust most wildlife licenses annually with the Consumer Price Index (CPI).

Consumer Price Indices for the Denver-Aurora-Lakewood metropolitan statistical area (successor to the Denver-Boulder-Greeley statistical area) are compiled by the United States Bureau of Labor Statistics. CPI figures are reported bimonthly, in addition to the average CPI for the first half of the calendar year, the average CPI for the second half of the calendar year, and the average CPI for the entire calendar year. The chart below shows the average CPI for the first half of each year.

Consumer Price Index - All Urban Consumers Denver-Aurora-Lakewood Metropolitan Area	
First Half 2018	260.790
First Half 2019	264.147
First Half 2020	271.264
First Half 2021	276.290
First Half 2022	300.002
First Half 2023	316.758
First Half 2024	325.308
Annual Percentage Change (2023 Base Year)	2.7%
Cumulative Percentage Change (Rounded) (2018 Base Year)	24.7%

The CPI calculation above yields the following fees as adjusted in regulation. The fees shown in the highlighted column are the statutory caps for each license fee. The Parks and Wildlife Commission may reduce these as appropriate through the rule-making process. During the November 2024 Commission meeting, the Parks and Wildlife Commission voted to raise the nonresident bear license price to \$293.00, which is less than the statutory cap, however it is more than the 2.7% for the CPI adjustment this year. In addition, the Commission also voted to raise nonresident mountain lion licenses to the statutory cap of \$823.28. The commission is currently concerned about the financial sustainability of the agency and is looking for ways to increase revenue. To address those concerns the commission wanted to raise mountain lion prices to the cap while incrementally increasing the nonresident bear licenses to generate the maximum revenue.

Clean up for SB 24-161

SB 24-161 removed the word lifetime from the Resident Senior low income fishing license product. Through this change the product will now be sold annually instead of once for an individual's lifetime. The price for the product has also been lowered to the 2018 base price of \$8.00 now that the license must be purchased annually. Also, the age to qualify as a senior was expanded to include any one 64 years old or older instead of 65 years old or older previously. This will increase consistency when selling senior discounted products as senior parks passes are for those 64 years old or older. In addition, the overall-combined rating for service connected disabilities to qualify for a Resident Veteran's Lifetime License has been changed from 60% to 50% to match the bill changes.
