STATEMENT OF BASIS AND PURPOSE

Summary of the basis and purpose for new rule or rule change.

*Explain why the rule or rule change is necessary and what the program hopes to accomplish through this rule. **1500 Char max***

The Supplemental Nutrition Assistance Program (SNAP) is a federal food assistance program actively administered in Colorado. SNAP provides food assistance benefits as part of a federal nutrition program to help low-income households purchase food. The United States Department of Agriculture, Food and Nutrition Service annually evaluates Federal income poverty guidelines and cost of living increases to determine appropriate adjustments to income eligibility standards, benefit allotments, and deductions for the upcoming Federal Fiscal Year (FFY). The modified figures are typically made available to states during the month of August immediately prior to the next fiscal year. The COLA changes in this regulation package are required to become effective 10/01/2023.

An emergency rule-making (which waives the initial Administrative Procedure Act noticing requirements) is necessary:

- to comply with state/federal law and/or
 to preserve public health, safety and welfare

Justification for emergency:

Each year, FNS disseminates the new standards to states for use in the upcoming federal fiscal year. The COLA adjustments are mandated to be implemented at the beginning of FFY24 (October 1, 2023). It is imperative to incorporate these rules to comply with federal SNAP regulations that must be effective October 1, 2023. Noncompliance with federal SNAP regulations as of October 1, 2023, conflicts with public interest.

State Board Authority for Rule:

Code	Description
26-1-107, C.R.S. (2022)	State Board to promulgate rules
26-1-109, C.R.S. (2022)	State department rules to coordinate with federal programs
26-1-111, C.R.S. (2022)	State department to promulgate rules for public assistance and welfare activities.

Program Authority for Rule: *Give federal and/or state citations and a summary of the language authorizing the rule-making function AND authority.*

Code	Description
26-2-301 (2022), C.R.S.	Designates the Colorado Department of Human Services as the responsible agency to administer the Food Assistance Program in the State of Colorado.
26-2-302 (2022), C.R.S.	Prohibits any interference that would prevent the Colorado Department of Human Services from complying with federal mandates prescribed under the federal "Food Stamp Act" as amended.
26-1-107(5)(b) (2022),	Authorizes the State Board to adopt rules for "programs administered ... by

REGULATORY ANALYSIS

1. List of groups impacted by this rule.

Which groups of persons will benefit, bear the burdens or be adversely impacted by this rule?

Changes to COLA amounts will benefit all SNAP applicants and participants as well as county SNAP administration and staff. There are no adverse impacts with the adoption of these changes in rules.

2. Describe the qualitative and quantitative impact.

How will this rule-making impact those groups listed above? How many people will be impacted? What are the short-term and long-term consequences of this rule?

Annual adjustments to the four-tiered mandatory standard utility allowances, standard deduction, homeless shelter deduction, maximum allotments, and income threshold guidelines have the potential to increase current benefit amounts for participants and increase program accessibility for future applicants.

3. Fiscal Impact

*For each of the categories listed below explain the distribution of dollars; please identify the costs, revenues, matches or any changes in the distribution of funds even if such change has a total zero effect for any entity that falls within the category. If this rule-making requires one of the categories listed below to devote resources without receiving additional funding, please explain why the rule-making is required and what consultation has occurred with those who will need to devote resources. **Answer should NEVER be just "no impact" answer should include "no impact because..."***

State Fiscal Impact (Identify all state agencies with a fiscal impact, including any Colorado Benefits Management System (CBMS) change request costs required to implement this rule change)

There is no impact because the costs associated with the Colorado Benefits Management System to incorporate these changes have already been allocated in the system maintenance budget.

County Fiscal Impact

There is no impact to counties as the systematic changes required with this update are handled by the state as well as updates to state training materials.

Federal Fiscal Impact

There are no federal fiscal impacts with this rule change as there is no involvement from a federal agency.

Other Fiscal Impact (such as providers, local governments, etc.)

There are no other fiscal impacts associated with this rule change.

4. Data Description

List and explain any data, such as studies, federal announcements, or questionnaires, which were relied upon when developing this rule?

Federal memorandums from the Food and Nutrition Services as well as data from the Consumer Price Index for all Urban Consumers were used in the development of this rule.

5. Alternatives to this Rule-making

Describe any alternatives that were seriously considered. Are there any less costly or less intrusive ways to accomplish the purpose(s) of this rule? Explain why the program chose this rule-making rather than taking no action or using another alternative. Answer should NEVER be just “no alternative” answer should include “no alternative because...”

As these annual COLA are federally mandated by SNAP federal partners to be incorporated into regulation prior to implementation, there are no available alternatives that exist to incorporate these program changes statewide.
