RE: Request for a Rulemaking Hearing
Proposed Amendments to the Colorado Health Care Professional Credentials Application, 6 CCR 1014-4

The Application Review Committee (Committee) is mandated by statute to meet at least once a calendar year to receive input from the public as well as consider changes to the Professional Credentials Application (Application). The committee met on November 4, 2015 and recommended the noted changes to the Board of Health and requests that these adopted changes be made to the application.

Al Schwindt and I are happy to address any questions or concerns you may have about the Application and the proposed Amendments. Thank you for your consideration and cooperation.

STATEMENT OF BASIS AND PURPOSE
AND SPECIFIC STATUTORY AUTHORITY
for Amendments to
Colorado Health Care Professional Credentials Application
6 CCR 1014-4
May 18, 2016

Basis and Purpose.
The Health Care Credentials Application Review Committee, per § 25-1-108.7, C.R.S, recommends the Colorado Health Care Professional Credentials Application be amended as indicated on the revised document to clarify possible confusing language and address any inconsistencies.

The vast majority of the changes relate to formatting, correcting typographical errors and clarifying the application form. The substantive changes are:

- Section XII, Question C is being spilt into two questions. The recommendation came from the representative of CAMSS, the Colorado Association of Medical Staff Support and the committee agreed with the question. These are the people who work at the hospitals and health plans doing credentialing. This revision allows for more focused responses for the reasons for a voluntary resignation, termination or surrender of privileges or employment.

- Supplemental B. Questions 1 and 2. These questions were modified after a full Committee discussion with a representative from the Colorado Physicians Health Program (CPHP). CPHP does not "treat" physical or mental problems. It does however "monitor" compliance with recommended treatments. This revision clarifies the role of CPHP in verifying physician ability to practice safely by adding the word "monitoring" and clarifying language so that applicants can more readily answer questions about their ability to practice safely.

- Supplemental B. Question 4. These questions were modified to more accurately determine the T.B. status of an applicant. This question was modified so that a more complete status report of current TB conditions would be received from the applicant. This will allow more reasonable hospital and other credentialing organizations response to the possible risk of T.B. infection to patients.

- Supplemental B. Question 5. This section was added to accurately reflect the current CDPHE requirements related to flu vaccinations for health care workers.

The Review Committee requests a December 15, 2016 effective date. This provides time for the application to be updated and communicate the changes to the community.

These rules are promulgated pursuant to the following statutes: § 25-1-108.7, C.R.S.

REGULATORY ANALYSIS
for Amendments to
Colorado Health Care Professional Credentials Application
6 CCR 1014-4
May 18, 2016

1. A description of the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule.

Health care professionals who are registered, certified or licensed by the state of Colorado, who are practicing or intend to practice and subject to credentialing are affected and will benefit by the proposed changes. There are no anticipated costs associated with these changes.

2. To the extent practicable, a description of the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons.

All changes are intended to provide clarification of information and data requested on the application and to provide consistent formatting of the document for easier understanding and use.

3. The probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues.

None.

4. A comparison of the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction.

The effort required to update the application is minimal. The benefits of the proposed rule will make for a more user friendly and efficient document for credentialing purposes.

5. A determination of whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule.

There are no costs. The changes do not make the rule any more or less intrusive.

6. Alternative Rules or Alternatives to Rulemaking Considered and Why Rejected.

Because of how the statute is written, the application is in rule and thus, any changes to the application must occur with rulemaking.

7. To the extent practicable, a quantification of the data used in the analysis; the analysis must take into account both short-term and long-term consequences.

These recommended changes address the feedback received from health care providers, their various credentialing entities, the Colorado Physicians Health Program and health care professionals. Because professional credentialing is important to the careers of each professional being credentialed, clarity of questions asked, clarity of expected and anticipated answers and wide-ranging understanding of the process governs the Committee in making its recommendations to the Board.

STAKEHOLDER COMMENTS
for Amendments to
Colorado Health Care Professional Credentials Application
6 CCR 1014-4
May 18, 2016

The following individuals and/or entities were included in the development of these proposed rules:

The Application Review Committee is comprised of individuals that represent a statewide association or society of physicians, a statewide association or society of Colorado hospitals, a statewide association or society of health plans, a professional liability insurance carrier that provides professional liability insurance to health care professionals in Colorado, a statewide association or society of Colorado health care medical staff service specialists, and advanced practice nurses. The Committee making these recommendations to you is representative of most, if not all, of the stakeholders who have an interest in the process of credentialing heath care providers in Colorado. The committee is acting on feedback from credentialing entities, applicants and the Colorado Physicians Health Program.

The following individuals and/or entities were notified that this rule-making was proposed for consideration by the Board of Health:

Including committee members who represent the Colorado Medical Society, the Colorado Hospital Association, the Colorado Association of Health Plans, COPIC Insurance Company, the Colorado Association of Medical Staff Services and Advanced Practice Nurses, also represented and informed of the rule-making are: Jane Berg of JBConsulting; Holly Davis of Longmont United Hospital; Denise Ross and Tommy Lee of Centura Health Physician Group, Suzette Pulliam of UCHealth; Beth Champlin and Roger Caldwell of Kaiser Permanente; Phyllis Murray of SCL Health; Kristi Davis of St. Joseph Hospital; Renee Holmes of University Physicians, Inc., and; Ron Urongse of CAQH. While these are typical attendees at the meeting, notice is sent to various entities and persons who typically attend and have participated in the past or have expressed an interest in the process.

Summarize Major Factual and Policy Issues Encountered and the Stakeholder Feedback Received. If there is a lack of consensus regarding the proposed rule, please also identify the Department's efforts to address stakeholder feedback or why the Department was unable to accommodate the request.

These changes are proposed by the review committee. In the past the committee has asked the Disease Control Environmental Epidemiology Division to review the TB language and we will be doing that again. To date, no major factual or policy issues were encountered. The changes streamline the application and protect the privacy of applicants.

Please identify health equity and environmental justice (HEEJ) impacts. Does this proposal impact Coloradoans equally or equitably? Does this proposal provide an opportunity to advance HEEJ? Are there other factors that influenced these rules?

There are no health equity or environmental justice concerns. The application treats all healthcare professionals similarly and the benefit of uniform credentialing impacts Coloradoans similarly.

Proposed revisions are highlighted in yellow; editorial comments appear in red and are used to identify the nature of the change. The highlighting and editorial comments are not part of the rule. The noted revisions have affected the formatting of this document to cause irregularities and add unintended blank spaces and pages. Upon approval, all formatting changes will be corrected to create a concise and easy to read and use application.

COLORADO HEALTH CARE PROFESSIONAL CREDENTIALS APPLICATION

This is the Colorado healthcare professional credentials application. The Colorado legislature has mandated that all health care entities and all health care plans engaged in the collection of information to be used in the process of credentialing of health care professionals use this form (C.R.S. § 25-1-108.7).

This uniform application has been designed to allow each credentialing entity to receive from you core credentialing information needed in common by all of them, without duplication.

THIS UNIFORM APPLICATION HAS BEEN DESIGNED TO ALLOW EACH PRACTITIONER TO COMPLETE A SINGLE FORM WITH CORE INFORMATION FOR SUBMISSION TO EACH CREDENTIALING ENTITY TO WHICH THE PRACTITIONER IS APPLYING. Change to All CAPS. This application need not be used for case specific temporary privileges.

Each credentialing entity may require additional, non – duplicative credentials information, if it is deemed by them to be essential to the completion of their credentialing process.

A healthcare professional by law, means any physician, dentist, dental hygienist, chiropractor, podiatrist, psychologist, advanced practice nurse, optometrist, physician assistant, licensed clinical social worker, child health associate, marriage and family therapist, or any other health care professional who is registered, certified or licensed by the state of Colorado, who practices, or intends to practice, in Colorado, and who is subject to credentialing.

Those credentialing entities that are required to use this uniform application are:

1) A health care facility or other health care organization licensed or certified to provide medical or health services in Colorado;
2) A health care professional partnership, corporation, limited liability company, professional services corporation or group practice;
3) An independent practice association or physician-hospital organization;
4) A professional liability insurance carrier; or

5) An insurance company, health maintenance organization, or other entity that contracts for the provision of health benefits.

No State of Colorado licensing or certification board is required to use this uniform application.

The reason Colorado has mandated the use of this uniform application is to reduce health care costs and duplication.
