

26 **PART 2, APPENDIX 2N: INDUSTRIAL RADIATION MACHINE OPERATOR ADEQUATE RADIATION**  
27 **SAFETY TRAINING AND EXPERIENCE**

28 Any person who operates an analytical, industrial or other non-healing-arts radiation generating machine  
29 shall be an individual who:

30 2N.1 For industrial radiography, has complied with all applicable training and experience requirements  
31 of Part 5 and these regulations.

32 **2N.2** For all non-healing-arts applications **subject to Part 8** (including but not limited to analytical,  
33 forensic, morgue, and homeland security uses) **but not subject to Part 5**, has provided written  
34 documentation as evidence of:

**Commented [JSJ119]:** Prior to final publication, insert a page break to ensure that Appendix 2N begins on a new page, consistent with current rule formatting.

**Commented [JSJ120]:**  
The proposed change is intended to align the parallel/concurrent rule changes in Part 8 and Part 5.
