

Help Combat Disinformation

Opinions Are Fun. Facts Are Better.

1. Be Aware

Disinformation is being spread to decrease confidence in elections.

2. Think Before You Link

Don't spread disinformation. Verify sources and check the accuracy of the information before sharing.

3. Use Trusted Sources

For accurate election information, use trusted sources including your County Clerk or www.GoVoteColorado.gov.

This social media account has some interesting and funny memes about the election.

But is it accurate and from a trustworthy source?

Colorado
Secretary of State
