COLORADO TITLE SETTING BOARD

IN THE MATTER OF THE TITLE AND BALLOT TITLE AND SUBMISSION CLAUSE FOR
INITIATIVE 2019-2020 #185

MOTION FOR REHEARING

On my own behalf, as a registered elector of the State of Colorado, the undersigned hereby submits this Motion for Rehearing for Initiative 2019- 2020 #185 - Policy Changes Pertaining to State Income Taxes, pursuant to Section 1-40-107, C.R.S., and as grounds therefore states as follows:

I. INITIATIVE #185 IMPERMISSIBLY CONTAINS MULTIPLE SEPARATE AND DISTINCT SUBJECTS IN VIOLATION OF THE SINGLE-SUBJECT REQUIREMENT.

This Initiative impermissibly contains multiple subjects, thus depriving the Title Board of jurisdiction to set a title. The first subject is when the Initiative first creates the authority under the Colorado Constitution for a graduated rate tax system.

The second subject is when the Initiative changes state statute to create a four separate tiers of tax rates. While these tax rates would be illegal without the first subject, they are in fact a second subject as their exact tax rates are completely independent of the first subject, as shown by the fact that proponents have introduced other initiatives with differing rates.

The third subject is the creation of a new governmental entity - the Citizen's Oversight Committee. This Committee does not depend on the passage of the first subject and can exist with or without the rest of the Initiative.

The fourth subject is a limitation on revenue raised so that 25% will go to preschool through twelfth grade public school education.

The fifth subject is the requirement that 90% of revenue raised will be spent on services for Colorado residents and not administration costs.

It is entirely possible that there are voters who would appreciate a Citizen's Oversight Committee but would not want a graduated tax system, or that there could be voters who would desire a graduated tax system, but would not want a Citizen's Oversight Committee. Any of the voters in these categories could also disagree on what the rates to be set in the graduated tax rate system should be. The voters who prefer that more money be spent on education would have a different set of interests. Finally, the voters who would like revenue to be used for services rather than administrative costs is yet another interest group. This creates a "Christmas tree" situation where voters with different interests are enticed into voting for the other issues in order to see their own interests satisfied.

CONCLUSION

Accordingly, the Objector respectfully requests that this Motion for Rehearing be granted and a rehearing set pursuant to Section 1-40-107(1), C.R.S.

Respectfully submitted this 12th day of February, 2020.
