Official Publication of the Abstract of Votes Cast for the Following Elections:

2023 Odd-Year

2024 Presidential Primary

2024 Primary

2024 4th Congressional District Vacancy

2024 General

Dear Coloradans,

I am honored to serve as your 39th Secretary of State. The Colorado Secretary of State's Office continues to set the standard for election security and voter access, and valuable services for businesses, charities and nonprofits. The dedicated staff in my office continue to promote our mission of making it easy and accessible to participate in our democracy and supporting economic opportunity for all Coloradans.

It is my privilege to present the biennial election abstract report, which contains the official statewide election results for the 2023 coordinated election, 2024 presidential primary election, 2024 statewide primary election, 2024 CD-4 congressional vacancy election, 2024 general election, and all respective recounts. This report compiles data submitted by Colorado's 64 County Clerks to the Election Division of the Colorado Secretary of State's Office.

The Secretary of State's Office continues to deliver for Colorado voters. Voters time and again showed their trust in our statewide vote-by-mail system. In both the Presidential and Statewide Primary, 99% of voters cast their mail ballot, and in the General Election more than 92% of voters did. Colorado enacted vote-by-mail in 2013, and we continue to lead the nation in reducing barriers to voting for every eligible person.

The 2024 General Election was also the first election in which Colorado recorded more than 4 million active registered voters. More than 3.2 million people made their voice heard in that election, and our nearly 80% voter turnout far outpaced the national turnout rate of 65%. It's clear that Colorado voters want to shape the future of our state and our nation, and that the Colorado election model continues to set the standard for the nation.

Sincerely,

Jena Griswold

About the Format of this Abstract

Results Contained in the Abstract

This publication contains the official certified results for the 2023 Odd-Year, 2024 Presidential Primary, 2024 Primary, 2024 4th Congressional District Vacancy, and 2024 General Elections for all candidates, judicial retention races, and ballot issues certified to the ballot by the Colorado Secretary of State's Office.

Results & Officer Information Reported by the Counties

The election results and county officer information in this abstract were obtained from each of Colorado's 64 counties. The results in this abstract are more accurate than the compiled and totaled returns reported on the Secretary of State's website immediately after the election because they account for any miscalculations in the totals initially reported by each county.

Judicial Officer Information

Judicial officer information, including dates of oath and terms of office, was provided by the Office of Judicial Performance Evaluation.

Registered Voters, Ballots Cast, & Turnout

In the results section of this abstract, the column titled "Registered Voters" is the number of registered voters eligible to vote in each contest. The column titled "Ballots Cast" is the number of voters who cast a ballot in each contest. The column titled "Turnout %" reflects the percentage of registered voters who cast a ballot in each contest.

The county-level turnout, located at the back of the abstract, is provided using both active voters and registered voters. Colorado statute currently requires that county-level turnout be reported by registered voters. However, prior to 2011, statute required that turnout be reported by active voters. To allow comparison of turnout data throughout the years, we have chosen to provide the turnout data for both active and registered voters.

Proposition HH (STATUTORY)

Shall the state reduce property taxes for homes and businesses, including expanding property tax relief for seniors, and backfill counties, water districts, fire districts, ambulance and hospital districts, and other local governments and fund school districts by using a portion of the state surplus up to the proposition HH cap as defined in this measure?

Propuesta HH (ESTATUTARIA)

¿Debe reducir el estado los impuestos a la propiedad para hogares y negocios, incluyendo ampliar la desgravación del impuesto a la propiedad para las personas mayores, y además subvencionar a los condados, los distritos de agua, los distritos de bomberos, los distritos de ambulancias y hospitales, y otros gobiernos locales y financiar los distritos escolares utilizando una parte del superávit estatal hasta el límite de la propuesta HH como se define en esta medida?

Proposition II (STATUTORY)

Without raising taxes, may the state retain and spend revenues from taxes on cigarettes, tobacco, and other nicotine products and maintain tax rates on cigarettes, tobacco, and other nicotine products and use these revenues to invest twenty-three million six hundred fifty thousand dollars to enhance the voluntary Colorado preschool program and make it widely available for free instead of reducing these tax rates and refunding revenues to cigarette wholesalers, tobacco product distributors, nicotine products distributors, and other taxpayers, for exceeding an estimate included in the ballot information booklet for proposition EE?

Propuesta II (ESTATUTARIA)

Sin aumentar los impuestos, ¿puede el estado retener y gastar los ingresos de los impuestos sobre cigarrillos, tabaco y otros productos de nicotina y mantener las tasas impositivas sobre los cigarrillos, el tabaco y otros productos de nicotina y usar estos ingresos a fin de invertir veintitrés millones seiscientos cincuenta mil dólares para mejorar el programa preescolar voluntario de Colorado y hacerlo ampliamente disponible de forma gratuita en lugar de reducir estas tasas impositivas y reembolsar los ingresos a los mayoristas de cigarrillos, a los distribuidores de productos de tabaco, distribuidores de productos de nicotina y otros contribuyentes, por exceder una estimación incluida en el folleto de información de la boleta estatal para la Propuesta EE?
