

County status in the map	What the status means
Not Participating	The county is not participating in the current election.
Results Not Yet Reported	The county has not yet reported any election results.
Election Night Reporting In Progress	The county has reported some election results but is still counting ballots and will provide additional results at least one more time on election night.
Election Night Reporting Complete	The county has finished counting ballots for the night and provided the last results for election night. The county still has more ballots to count and will provide updated results in the coming days.
Post-Election Reporting In Progress	The county is continuing to count ballots and may periodically upload updated results. All counties must provide substantially complete results by the 9 <sup>th</sup> day after election day.
Post-Election Reporting Complete	The county has completed counting all ballots for the election. The results are not official until the county canvass board certifies them on or before the 22 <sup>nd</sup> day after election day.
County Certified Results	The county canvass board has certified official election results for the election.
