To Whom It May Concern,

During the course of the Manual Audit when we ran the ballots through the machine, it was noted the machine did not count two votes, one each for two separate parties and races; however, upon visual inspection, it was noted that the ballots appeared to be voter error and were marked with check marks and not completely in the oval. We determined this was the reason for the machine not counting those two votes.

The machine and races that were affected are:

AccuVote 72248 Race: Democratic US Senator
AccuVote 72248 Race: Republican Rep to the 111th US Congress Dist 3

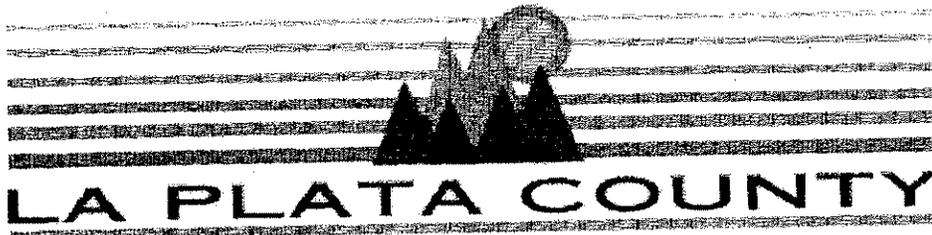

I wanted to be sure to make that clear and a part of our Random Audit record due to the inconsistency of the counts.

Please let me know if you have any questions,

Sincerely,

Donna Elder
