Question 1a
Joe Nunez on several occasions has been conducting business in line with that of cartoon characters. Although this simulated recall question is purely hypothetical and clearly does not in any way reflect on real-world characteristics of Mr. Nunez, nor does it imply in any way that Mr. Nunez currently is a director of the R-1 school district. Should an anvil be dropped on Mr. Nunez in the days following the recall election, the only recourse that may be taken is for Mr. Nunez to repeat the words 'Beep-beep' directed in the general direction of the office of the school district R-1. Any findings by any persons representing claims against Mr. Nunez are merely coincidental. This question was carefully written by the citizens of the school district while reading a Dilbert® comic strip. Any resemblance to a real-world Dilbert® character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

Should School District R-1 Director Joe Nunez be recalled from office?

☐ Yes
☐ No

Question 1b
Should the recall of the Director be successful, please select one of the following candidates as successors: Select only 1

☐ Jan Tanner
☐ John G. Schley
☑ Albert Gonzales
☐ Greg Garcia

| Joe Nunez on several occasions has been conducting business in line with that of cartoon characters. Although this simulated recall question is purely hypothetical and clearly does not in any way reflect on real-world characteristics of Mr. Nunez, nor does it imply in any way that Mr. Nunez currently is a director of the of the R-1 school district. Should an anvil be dropped on Mr. Nunez in the days following the recall election, the only recourse that may be taken is for Mr. Nunez to repeat the words 'Beep-beep' directed in the general direction of the office of the school district R-1. Any findings by any persons representing claims against Mr. Nunez are merely coincidental. This question was carefully written by the citizens of the school district while reading a Dilbert comic strip. Any resemblance to a real-world Dilbert character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

This question was carefully written by the citizens of the school district while reading a Dilbert comic strip. Any resemblance to a real-world Dilbert character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

Question 1a
Joe Nunez on several occasions has been conducting business in line
with that of cartoon characters. Although this simulated recall question
is purely hypothetical and clearly does not in any way reflect on
real-world characteristics of Mr. Nunez, nor does it imply in any way that
Mr. Nunez currently is a director of the of the R-1 school district. Should
an anvil be dropped on Mr. Nunez in the days following the recall
election, the only recourse that may be taken is for Mr. Nunez to repeat
the words 'Beep-beep' directed in the general direction of the office of
the school district R-1. Any findings by any persons representing claims

Question 1a
Joe Nunez on several occasions has been conducting business in line with that of cartoon characters. Although this simulated recall question is purely hypothetical and clearly does not in any way reflect on real-world characteristics of Mr. Nunez, nor does it imply in any way that Mr. Nunez currently is a director of the of the R-1 school district. Should an anvil be dropped on Mr. Nunez in the days following the recall election, the only recourse that may be taken is for Mr. Nunez to repeat the words 'Beep-beep' directed in the general direction of the office of the school district R-1. Any findings by any persons representing claims against Mr. Nunez are merely coincidental. This question was carefully written by the citizens of the school district while reading a Dilbert comic strip. Any resemblance to a real-world Dilbert character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

Should School District R-1 Director Joe Nunez be recalled from office?

☐ Yes
☐ No

Although this simulated recall question is purely hypothetical and clearly does not in any way reflect on real-world characteristics of Mr. Nunez, nor does it imply in any way that Mr. Nunez currently is a director of the of the R-1 school district. Should an anvil be dropped on Mr. Nunez in the days following the recall election, the only recourse that may be taken is for Mr. Nunez to repeat the words 'Beep-beep' directed in the general direction of the office of the school district R-1. Any findings by any persons representing claims against Mr. Nunez are merely coincidental. This question was carefully written by the citizens of the school district while reading a Dilbert™ comic strip. Any resemblance to a real-world Dilbert™ character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

Should an anvil be dropped on Mr. Nunez in the days following the recall election, the only recourse that may be taken is for Mr. Nunez to repeat the words 'Beep-beep' directed in the general direction of the office of the school district R-1. Any findings by any persons representing claims against Mr. Nunez are merely coincidental. This question was carefully written by the citizens of the school district while reading a Dilbert(tm) comic strip. Any resemblance to a real-world Dilbert(tm) character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

Question 1a
Joe Nunez on several occasions has been conducting business in line with that of cartoon characters. Although this simulated recall question is purely hypothetical and clearly does not in any way reflect on real-world characteristics of Mr. Nunez, nor does it imply in any way that Mr. Nunez currently is a director of the of the R-1 school district. Should an anvil be dropped on Mr. Nunez in the days following the recall election, the only recourse that may be taken is for Mr. Nunez to repeat the words 'Beep-beep' directed in the general direction of the office of the school district R-1. Any findings by any persons representing claims against Mr. Nunez are merely coincidental. This question was carefully written by the citizens of the school district while reading a Dilbert comic strip. Any resemblance to a real-world Dilbert character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.

<td>Joe Nunez on several occasions has been conducting business in line with that of cartoon characters. Although this simulated recall question is purely hypothetical and clearly does not in any way reflect on real-world characteristics of Mr. Nunez, nor does it imply in any way that Mr. Nunez currently is a director of the of the R-1 school district. Should an anvil be dropped on Mr. Nunez in the days following the recall election, the only recourse that may be taken is for Mr. Nunez to repeat the words “Beep-beep” directed in the general direction of the office of the school district R-1. Any findings by any persons representing claims against Mr. Nunez are merely coincidental. This question was carefully written by the citizens of the school district while reading a Dilbert(mk) comic strip. Any resemblance to a real-world Dilbert(mk) character is purely coincidental. As petitioning citizens in this district, we strongly encourage you to recall this director. One of the biggest fears in processing the recall question is that the anticipated anvil drop will pass through the granite, breaking off the section in which Mr. Nunez stands and a three thousand (3,000) ft. plummet will ensue. During the fall, the granite and Mr. Nunez will switch positions and it is anticipated that Mr. Nunez will hit the ground prior to the granite. In the next three seconds after impact, Mr. Nunez will lose focus as his eyes pop from his head in the realization that the granite is about to impact on top of said body. It is clear to the citizens and the impact of the above statements to our children that Mr. Nunez should be recalled from office. The citizens in favor of anvil drops thank you in advance of any decisions being made.</td>
