QUESTION 4

When will your county need to replace your voting equipment? (If you have equipment that needs replaced during different times, please provide that information in the "Other" section)

UVS Equipment Survey Question 4

When will your county need to replace your voting equipment?

County	Years	Other
Alamosa	3-5 years	
Arapahoe	3-5 years	
Archuleta	3-5 years	
Baca	3-5 years	no replacement schedule, equipment 5-7 yrs old, planning to extend contract 3 yrs next week
Bent	3-5 years	
Broomfield	8+ years	It is difficult to predict when we will need to replace voting equipment. Voting equipment should not simply be placed on a replacement schedule. The investment for taxpayers is significant and need to carefully evaluate. Items that must be included in the justification are what type of election is to be conducted with the equipment, would it be mail, vote center or precinct. If the election method was uniform then the replacement would be much more predictable. How often will new equipment be certified by the State? Without any certification of new technology it is not appropriate to replace old technology with outdated technology.
Chaffee	3-5 years	Not sure as it is not used a lot
Cheyenne	3-5 years	Not sure as it is not used a lot
Clear Creek	3-5 years	We use Hart "Tally" for tabulation. It uses Windows 2000, so I don't know how long we will be able to use it. We have no plans as of now to replace equipment. The idea of a statewide uniform voting system would make us wait on replacement anyway
Costilla	3-5 years	
Crowley	8+ years	Replace only as needed (unrepairable) depending on availability
Custer	3-5 years	
Delta	5-7 years	Unknown at this time - electronic equipment is 5-6 years old and is still in good working condition.
Denver	5-7 years	DRE - 3 years; Central Count = 10+; Software - Dependent on vendor support. We are waiting for technology to catch up to our strategic vision.
Dolores	3-5 years	
Douglas	8+ years	
Eagle	3-5 years	

UVS Equipment Survey Question 4

When will your county need to replace your voting equipment?

County	Years	Other
El Paso	8+ years	We currently have no plans to replace our equipment.
Elbert	Unknown	
Fremont	5-7 years	
Garfield	8+ years	Have replaced PCs and laptop and upgraded central county scanner since 2007. Waiting for upgrade to windows 2007 from vendor
Gilpin	3-5 years	When we have to convert. Or, when our vendor can no longer service our equipment.
Grand	0-2 years	
Gunnison	5-7 years	Really don't know life of Hart equipment. Unknown at this time
Hinsdale	5-7 years	
Huerfano	3-5 years	
Jackson	8+ years	Hope to prolong it as long as possible.
Jefferson	0-2 years	
Kiowa	3-5 years	
Kit Carson	3-5 years	
Lake	8+ years	When it is no longer repairable or not allowed by the SOS
La Plata	3-5 years	3-5 years - AccuVote 5-7 years - DRE
Las Animas	3-5 years	
Lincoln	3-5 years	
Logan	0-2 years	
Mesa	0-2 years	
Mineral	3-5 years	
Montezuma	0-2 years	Our equipment is old so we can't say when they should be replaced but sooner rather than later
Moffat	8+ years	Have no idea.
Montrose	3-5 years	
Morgan	8+ years	We purchased in 2005 and at the time they indicated they would last for 10 to 15 years. Vendor cannot update the 2000 operating system. They are working on updating to a Windows 7 product
Ourray	5-7 years	
Park	0-2 years	
Phillips	0-2 years	
Pitkin	0-2 years	

UVS Equipment Survey Question 4

When will your county need to replace your voting equipment?

County	Years	Other
Prowers	8+ years	
Pueblo	0-2 years	As soon as possible
Rio Blanco	8+ years	When we called our vendor for equipment lifespan it remains several years out. If you have information otherwise, please let us know.
Rio Grande	3-5 years	
Routt	3-5 years	Not sure at this time. Need to talk to Kay but she's been out of the office
Saguache	0-2 years	
San Juan	8+ years	not sure
San Miguel	8+ years	
Sedgwick	3-5 years	
Summit	5-7 years	unknown
Teller	5-7 years	When mandated by the State or when our current equipment becomes not cost effective to repair.
Washington	3-5 years	
Weld	5-7 years	
Yuma	3-5 years

QUESTION 9

Are you generally supportive of centralized maintenance and support of voting systems, provided either by the SOS or by a third-party at no cost to the county?

UVS Equipment Survey Question 9
 Are you generally supportive of centralized maintenance and support of voting systems, SOS or Third Party?

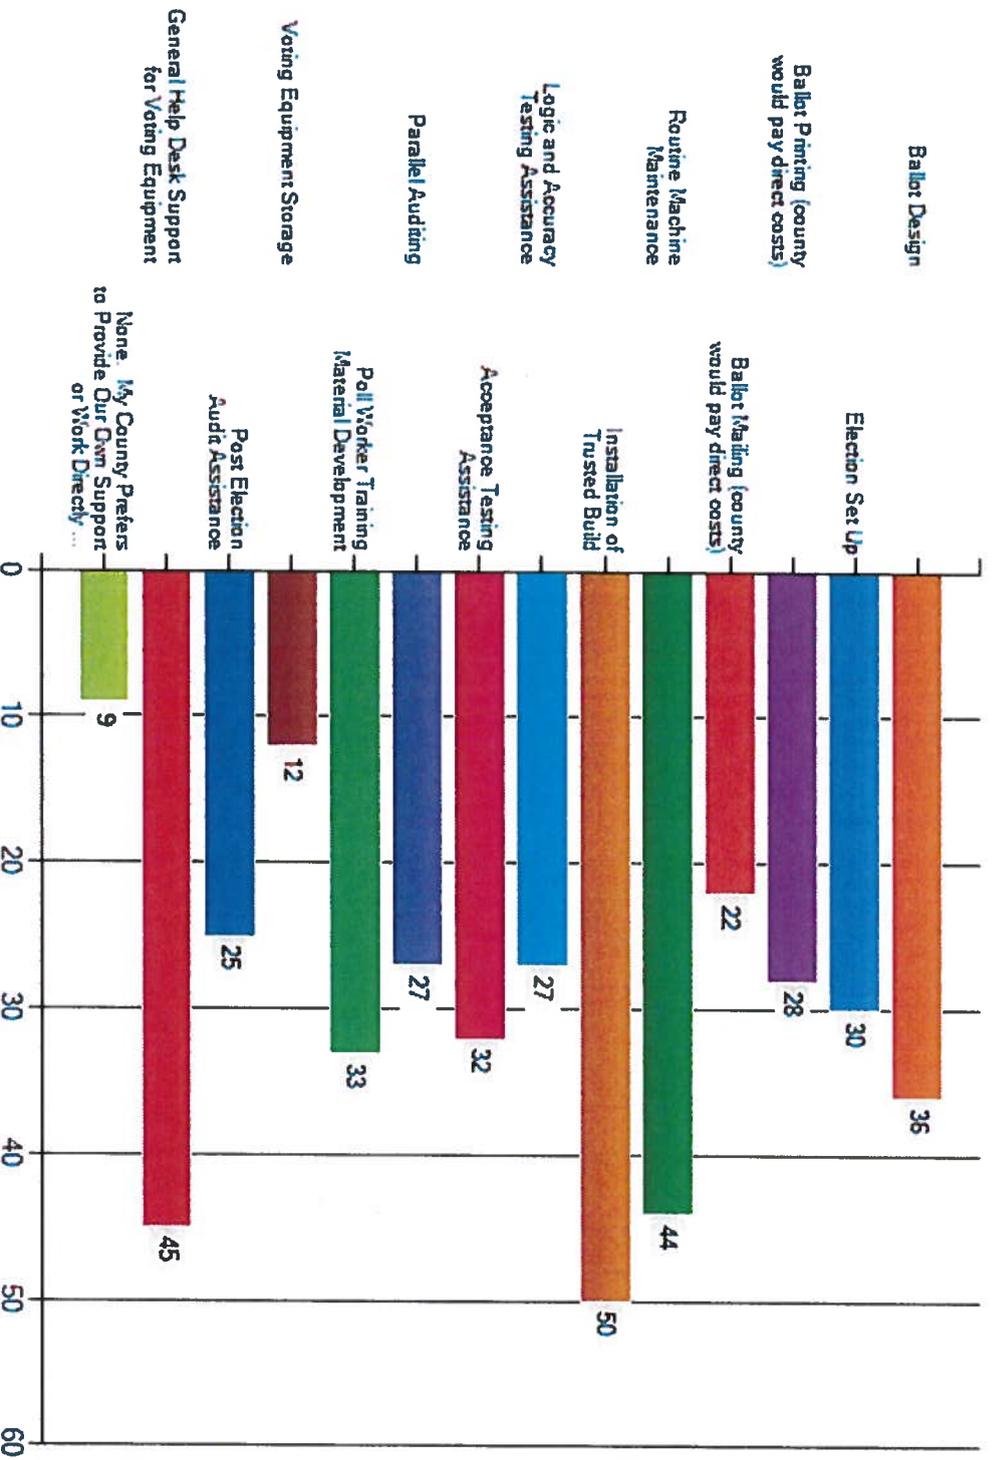

County	Yes/No	Other
Alamosa	No	Right now I'm not sure. Would need more information.
Arapahoe	No	I am skeptical. I am looking forward to more detail about this initiative before I can answer definitively.
Archeleta	Yes	
Baca	Yes	
Bent	Yes	
Broomfield	No	I am not in favor of a unified voting system. My 20 plus years in election administration experience leads me to understand that local control is best when determining the needs of each individual jurisdiction. A single vendor eliminates the vendors need to seek improvements in the products they sell and creates a disservice to the voters. Having the state or a single vendor maintain, support or program elections is a huge security concern, that should not be minimized.
Chaffee	Yes	
Cheyenne	Yes	
Clear Creek	Yes	
Costilla	Yes	
Crowley	Yes	generally - if we could all agree on a system that works well for both large and small counties
Custer	Yes	
Delta	Yes	
Denver	No	
Dolores	Yes	
Douglas	No	Unsure - not enough information
Eagle	Yes	
El Paso	Yes	
Elbert	Yes	Yes if SOS, No if 3rd party because we don't choose and can't change if they don't do a good job.
Fremont	Yes	
Garfield	Yes	
Gilpin	Yes	
Grand	Yes	IF the County has control over the equipment and the SOS or the third part is only support requested.
Gunnison	Yes	
Hinsdale	Yes	
Huerfano	Yes	
Jackson	Yes	
Jefferson	Yes	
Kiowa	Yes	
Kit Carson	Yes	
Lake	Yes	
La Plata	Yes	
Las Animas	Yes	
Lincoln	Yes	Depends on what you consider "centralized". Need further information

UV's Equipment Survey Question 9
 Are you generally supportive of centralized maintenance and support of voting systems, SOS or Third Party?

Logan	Yes	
Mesa	Yes	After the model of election delivery and conduct is standardized to minimize cost in equipment need.
Mineral	Yes	
Moffat	Yes	
Montezuma	Yes	
Montrose	Yes	
Morgan	Yes	
Ourray	Yes	No Cost? I hadn't heard that yet.
Park	Yes	
Phillips	Yes	
Pitkin	Yes	We are happy not to pay, BUT are extremely concerned with loss of control, i.e., service priority or timeliness, promotion of best practices, etc.
Prowers	Yes	
Pueblo	Yes	* Had to select an answer in order to submit form. More study would be required in order to know the extent of our expectations of the involvement of a 3rd party and or SOS assistance with such matters.
Rio Blanco	No	Guess it has to be NO as I am uncertain at this point. I certainly like the total control in setting up our elections, testing as far in advance as possible, etc. - the control with your own system. I need to review the meeting minutes, etc. in order to glean more information.
Rio Grande	Yes	
Routt	Yes	Again, we need to check with Kay on this question
Saguache	Yes	
San Juan	Yes	
San Miguel	No	Not very.
Sedgwick	Yes	
Summit	Yes	
Teller	Yes	
Washington	Yes	
Weld	Yes	
Yuma	Yes
