**Notice of Public Comment Period on  
Uniform Voting System Request for Proposal  
System Requirements**

Colorado Secretary of State Scott Gessler intends to select a Uniform Voting System so all voters in all Colorado counties have the same voting experience on the same voting equipment and the processes for issuing, casting and counting votes will be uniform throughout the state.

Part of the selection process is asking vendors to propose voting equipment through a Request for Proposal (RFP) that will be issued October 1, 2013.

The RFP will contain "system requirements" that vendors will document whether or not they meet with any proposed system.

We have posted a working draft of these requirements on the Secretary of State website for public review and comment. The document is posted in a MS Word format so it may be downloaded to the commenter's computer and edited. This version contains changes incorporated as a result of comments submitted in the first round of public comment in July of 2013.

To review the Invitation to Comment, the Draft Requirements, and the instructions for submitting your comments go to:

You will find the document in the Uniform Voting System section of that page.
