Judd Choate
Director, Elections Division

Colorado Voting System Component Inventory

November 6, 2023

According to Election Rule 11.8.7 the Department of State is required to maintain a list of all voting system components. The Department compiles and maintains this list based on county acquisition and disposal requests, required by 1-5-617(5), 1-5-623(3) C.R.S. and Election Rule 11.8.1, and inventory submissions for each election required by Election Rule 11.2.3. As such, the attached statewide inventory reflects the inventories as submitted by counties to the Department of State at the time this report is published.
