

Senator Leroy Garcia has voted against the best interest of his district by voting YES on SB 19-181 which would restrict oil and gas production in Colorado. According to one of Pueblo county's largest employers, EVRAZ Rocky Mountain Steel, these restrictions will threaten jobs and tax revenue in Pueblo county. Senator Garcia has betrayed the trust of his constituents by blatantly refusing to carry out the desires of the overwhelming number of the people he was elected to represent when 60% of Pueblo county voted no to similar oil and gas restrictions in proposition 112. Leroy Garcia has cost taxpayers ten of thousands of dollars in legal fees from a lawsuit settlement, and put thousands more at risk from another lawsuit because he ignored legislative rules. Because of his recklessness as Senate President, and his failure to represent the values and opinions of the citizens of the 3<sup>rd</sup> Senate district of the state of Colorado, we demand a recall election for Senator Leroy Garcia as the only reasonable and available means to defend the interest and values of the people of his district.
