

Senator Pete Lee, representing Senate District 11, should be recalled because he sponsored legislation to create a paid family and medical leave program to be funded by a mandatory tax on businesses and employees, disingenuously referring to it as a “fee” instead of a tax, and he voted for the passage of:

- 1) SB 19-042 (National Popular Vote), enacting and joining Colorado into an interstate compact to elect the president of the United States by national popular vote;
- 2) SB 19-181 (Comprehensive Oil and Gas Reform), reforming the regulation of the oil and gas industry in Colorado despite the voters’ defeat of Proposition 112’s drilling regulations;
- 3) HB 19-1032 (Comprehensive Human Sexuality Education), mandating comprehensive human sexuality education and appropriating one million dollars annually in grant funds for its dissemination; and
- 4) HB 19-1177 (Red Flag), creating the ability for a family or household member to petition the court for a temporary extreme risk protection order to prohibit an individual from possessing a firearm.
