Subject: RECALL ELECTION

Dear Sec of State Gessler,

since the state has not had recall elections to date; if procedures would undermine a clear choice by allowing in other parties, that would undermine the results so I stand by restricting the candidates to 10 days, not having enough time, not having voter ID drivers license sounds like the opponent to the recall trying to undermine his recall. 3 contenders for the election assure the recall is to naught and likely the work of his connections.

Thank you,
Mary Tuneberg, Colorado registered voter since 1995.
