Dear Secretary of State,

“ In response to proposed rule draft Rule 16.2.1 (c), I object to any ambiguous wording in the rule that would permit a voter the discretion to use email voting except in truly hardship cases where mail or telephonic fax return of a ballot is the only method of returning the ballot after receipt by the voter in order to expect receipt of the voted ballot in the clerk’s office by eight days after election day. ”

I feel that this will protect against fraud and other issues relating to the internet and will help to preserve the integrity of our election process. Thanks for your time in listening to my view on this important issue.
