Thank you for the opportunity to make comments on the proposed rule changes dated May 8, 2015, for Election Rules.

1. It appears that the requirement for a background check for those working at a VSPC will only be required for the Supervisor Judge. If that is the case, I object to that section being removed. I believe that all judges and those working with election records of any kind should be required to have a background check completed.
2. I agree that 7.2.3(c) should be repealed. I suggest that it may be appropriate to add a requirement to send election information in the form of a request for the ballot or some other notification.
3. I understand that changes to 7.2.6 is clean up but am concerned that the requirement for a name and address of the person providing delivery is a burden on the election official in that there may be an implied requirement to follow through if that information is missing.

Thank you for your consideration.

Thank you.
