Subject: Rule Review Comments - 8 CCR 1505-1 Elections Rules

Dear Mr. Williams:

Reading the hundreds of pages of election rules was way to complicated, but I would like to comment that my experience voting in Colorado has been very smooth and easy. I was born and raised in Colorado, I am 31 years old and have been voting in every Colorado election since I turned 18. Only rarely have I actually physically been in Colorado to vote...I have often used mail in ballots or, when I've been overseas, I've used the email ballot system. This has been very convenient for me and I urge you to keep the rules that make it easier for Coloradans who are overseas or out of state to vote.

Thank you for opening this up to the public and for considering my comment.

All the best,

Emma Livingston
