I have been a notary for 15 years. A class and test would have been appropriate when I became certified. This is just like every other rule that requires a redundant class and testing, this law will employ someone and their support to make sure we take the same test over and over. All and all I will pass the test and not learn from it. I agree that new laws, lessons from lawsuits, should be made available to Colorado Notary's. I am a member of the National Notary Association they keep the membership in the know. Maybe the State should follow their example and make sure Colorado Notaries are continually educated.

Thanks,

Mary Keller
