---

I think that the proposal to Amend the rules to require notaries to take a notary course and pass an exam in order to renew their commissions should be reconsidered.

For those of us that have been a notary for years and only use for our place of employment, requiring a class and exam to renew seems to be a bit unnecessary, costly and time consuming for those of us who work full time.

I also do not feel employers should be responsible for their employees who are notaries. It is the notaries responsibility to maintain their own books.

Thank you for reaching out and considering our opinions.
