---

1-While I agree there should be refresher testing at commission expiration, I feel the fee is too high for the courses.

2- One item I would like addressed are expired ids. Many expired ids are elderly people who are incapacitated in nursing homes and haven't had the need to renew their ids or driver's licenses. Also, patients who don't have their ids should be able to be identified by their hospital bands.

3- Those without identification should be addressed by providing one credible witness by the signer. It is almost impossible to have a mutual witness known to both the notary and the signer.

Regards-  
Patricia Hobby
