Good morning,

Not sure I particularly care for RULONA nor am I sure why the our rules continue to become even more severe when nationwide courts are adopting affidavits signed under penalty of perjury. I do not recall receiving anything from the SOS or the legislature about these changes and I cannot imagine any notary in Colorado wanting MORE rules, especially unreasonable ones.

I also do not care for all the requirements, i.e. keeping our logs for 10 years, etc. and yet all we can charge for our services is \$5.00. Again other states it is \$15.00 or more and yet here we are in 2018 and we do not even get paid minimum wage for what we do. It is pathetic.

So it is frustrating to have to go through more and more hoops and yet we are not adequately compensated for what we are required to do.

So no, I am not happy about the changes, at all.
