The new requirement under 2.1.3 that requires an existing notary who is renewing a commission to complete training and take an exam the same as a new applicant seems un-necessary and excessively burdensome for all of the commissioned notaries in Colorado. Why is this new rule necessary and to what purpose does it serve? Additionally, for those of us not supported by a company, this is an excessive cost and time requirement. I don't support this new requirement.

Loretta J. Zerbe
