**Subject:** Comments - working draft Election rules

It is bad enough that I have to adhere to liberal/progressive direction of the Democrats in Colorado, I would hate it worse if I had to adhere to the rules of California and New York as they would control the outcome of every Federal election if the electoral college rules are changes. Democrats are always espousing the "one person, one vote" and "voter suppression." This is the ultimate of both. The votes in basically 48 states would not matter.
