

# Boulder County Elections

## Response to June 17, 2019 Proposed Election Rules

Boulder County submits the following comments for consideration by the Secretary of State:

### Line Item Comments

Rule	Page Number	Line Item	Comments
7.1.2	4	26	Add: Additionally, the County Clerk may use a combo form at every VSPC upon approval from the Secretary of State.
7.5.1(e)	6	28	Clarify if the post-election period is complete and there is no violation of law exists, is the surveillance retention period less than 25 months
7.5.3	7	1	Attaching the voter's name to the date received means that information about the voter's request is public record. How can we prevent anonymity concerns?
7.5.3	7	2	Add 'or election judge' after employee.
7.5.6(a)	7	26	Add 'or staff' after judges.
7.7.3	9	10	Want to maintain uniform practice and flexibility depending on contact information available.
7.9.11	10	28-33	Could be a challenge if statewide notification isn't received timely.
10.5.1 (H)	12	12	In an election where results are reported by precinct, this raises voter anonymity concerns
11.3.2(a)	13	13	Suggest changing from 29 <sup>th</sup> day to 24 <sup>th</sup> day to support counties with out-of-state print vendors.
11.9.1(d)	14	22	Are you requesting we report at a split level? If so, this raises voter anonymity concerns.
11.9.5	15	15	Replace 'for the evening' with 'by 3 a.m.'
11.9.5	15	16	Replace 'counting is completed for the evening.' with 'more postings are expected on Wednesday.'
15.1.4(e)(4)	16	19	Replace 'or' with 'and is the only voter at the address with a highly similar name.'
15.1.4(e)(4)	16	22-24	Will 2019 SCORE development support this feature?
17.1.2	16	26	Insert 'web' prior to SCORE.
20.1	17	10	Is this a standalone security plan or is this part of the election plan?
20.2	17	14	What about scripts or Dominion macros?
20.6.2(e)(1)	33	20	Is this a standalone security plan or is this part of the election plan?
22.4	26	16	How do counties receive forms from parties to update registration?
26.4.2	26	21	Add 'if ranked voting will be used.'
