Subject: [EXTERNAL] What's Colorado have to hide? Forensic audit the 2020 election.
Date: Wednesday, July 14, 2021 10:32:07 PM

To whom it may concern.

To protect the integrity of Colorado states elections I'm requesting that a full forensic audit of the 2020 election be performed. The voters of our state deserve to know our elections are clean and accurate. Seems as though Colorado may have something to hide by placing rules against outside investigations. It's the public's right to know if our elections were maintained honestly and ethically.

Sincerely, J Paul Malczewski
