

Jena Griswold,

I am a legally registered voter in the state of Colorado that as lost trust in the elections. I believe I am a victim of fraud as the majority of us do. You do not have the power or right to withhold the voting machines that belong to People of the State of Colorado! We will not tolerate your bad behavior and attempts to keep the truth from us. I demand that you immeditely remove your radical rule to block the people from accessing the machines for a third party full forensic audit Please stop abusing your power and stop abusing the people of Colorado that you are supposed to serve. Your actions assume your guilt.

Dustin Casady
