Ms. Griswald, with the proposed changes you are taking election integrity out of the hands of the local election boards. This goes contrary to the State and US Constitutions that specifically place election controls as close to the PEOPLE as is possible. Apparently, you are doing this in order to prevent anyone but your hand-picked and biased politicians from having any control over election irregularities, irregularities that are beginning to surface around the state, not to mention around the country.

I hope this is not your aim. If not, please spell out the rationale for changing now, now when all the oversight is becoming very obviously necessary.
