To Whom it May Concern:

Attached please find my petition to void the Secretary of State's 2021 Emergency Rules announced on June 17, 2021.

Colorado elections belong to the legal citizens of Colorado. Unfortunately, Secretary of State Jena Griswold seems not agree. In her June 17th emergency rules proclamation, Secretary Griswold unilaterally attempted to block election transparency in our state.

This action is unethical, legally questionable, and deeply disturbing. I demand Secretary Griswold void her emergency rules in order to guarantee Colorado citizens' rights to free, fair, and transparent elections.

Sincerely,

Amy W Kelly
