To Whom it May Concern:

I grew up in Colorado. I attended schools in Fort Collins and graduated from Rocky Mountain High School in 1975. I have worked for Larimer County Elections. Our county and the state of Colorado have represented a gold standard in election integrity and fairness for many years. Why is there a need to weaken that integrity now? I have never met a single eligible person who has claimed to have been denied the right to vote. What is the purpose for changing election laws at this point? I stand opposed to the proposed changes. This is not a partisan issue. These changes are disrespectful and a direct assault to our state and county governments. We are a highly educated and well-informed population. Please don't insult us with this nonsense.
